3. by inserting after Part 7 a new Part, to stand as Part 7A, as follows:—

Part 7A—Registration of Saw Mills.

85A. Application for registration of a saw mill pursuant to section 12A of the Act shall be made to the controlling officer and shall be in writing, in accordance with Form 8 in the Appendix to these regulations.

85B. An applicant for registration of a saw mill shall, if so required by the controlling officer, submit with his application a plan or plans showing in detail the layout of benches, skids, machinery, and other plant under the roof of the saw mill and within forty feet of the saw mill.

85C. (1) Upon receipt of the application an inspector shall, if required so to do by the controlling officer, inspect and examine the saw mill, to which the application relates, and report to the controlling officer whether or not the requirements of the Act and its amendments and these regulations have, except for registration of the saw mill, been complied with.

(2) If the controlling officer is of the opinion that any machine, plant, matter, thing or practice on or connected with the saw mill is dangerous or defective so as in his opinion to threaten or tend to bodily injury of any person, he shall withhold registration of the saw mill and cause measures, in accordance with the provisions of section 21 of the Act, to be taken in relation to the saw mill, and at the same time cause the applicant to be informed that registration of the saw mill will be withheld until the requisition made under the said section 21 of the Act has been complied with to the satisfaction of an inspector.

85D. When the saw mill the subject of the application is found to be free from danger or defect as aforesaid, whether upon inspection by an inspector, or by the decision of the magistrate after the hearing of an objection to a requisition under section 21 of the Act, the controlling officer shall register the saw mill by making an entry in a register book, to be kept by him for the purpose of recording the particulars relating to the saw mill, and shall issue to the applicant a certificate of registration in accordance with Form 9 in the Appendix to these regulations.

85E. (1) Registration of a saw mill shall have effect for the year ending the 31st day of December in which such registration is effected, but may be renewed from year to year.

(2) Every owner or occupier of a registered saw mill who desires to obtain a renewal of the registration of such saw mill shall, before the expiration of the then current registration, make application for such renewal to the controlling officer, in accordance with Form 10 in the Appendix to these regulations, and produce his current certificate of registration.

(3) Where a renewal of registration is granted, a record thereof shall be entered in the register book aforesaid, and a certificate of such renewal shall be issued to the applicant in the Form 9 in the Appendix to these regulations.

85F. The fees payable on the registration or on the renewal of registration of a saw mill shall be those set out in the table hereunder, and shall accompany the application for registration or for renewal of registration. Provided that, when application for the first registration of a saw mill is made after the 30th day of June in any year, the fee to be paid in respect of the unexpired portion of such year ending on the next ensuing 31st day of December shall be one-half of the appropriate fee set out in the table hereunder.

Table of Fees.

(2) This regulation shall apply and be applied when and as often as an increase in the number of persons employed in connection with a saw mill occurs.

85H. (1) A certificate of registration of a saw mill shall not be transferable.

(2) In the event of any change in ownership or location of a registered saw mill taking place, the then current registration of such saw mill shall automatically lapse and become void, but, subject as hereinafter provided, a fresh registration may, upon application being made in accordance with Form 11 in the Appendix to these regulations, be obtained for the remainder of the term of the void registration without payment of any fee, provided the controlling officer—

- (a) is notified in writing within fourteen days following any such change of ownership of the full name of the new owner of the saw mill; or
- (b) is supplied with particulars in writing of the new location of the saw mill before such saw mill is used at its new site.

85I. The grant of registration by the controlling officer in respect of a saw mill shall not bind the controlling officer or any inspector or operate as an admission that the saw mill registered is free from danger or defect within the meaning of section 21 of the Act; and, notwithstanding that a saw mill is registered, the provisions of the said section 21 shall apply to such saw mill.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him. Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28 (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the ex-

aminer, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this award: Provided—

- (a) payment for such sickness shall not exceed a total of one month in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

- (c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

For all workers where full board and/or lodging is provided and availed of, the employer shall be entitled to deduct for board the sum of one pound (£1), and for lodging, the sum of ten shillings (10s.), from the wages herein before prescribed. If full board is not provided and/or availed of by the worker, the employer shall be entitled to deduct a sum proportionate to the amount of the board availed of. Full board shall mean three ordinary meals per day. Workers sleeping in shall be provided with a common sitting room apart from their bedroom, and shall also have access to the bathrooms provided for them. Not more than two workers shall be permitted or required to share a bedroom. If any worker considers the accommodation unsuitable, any party to this Agreement may refer the matter to a Board of Reference for decision, as provided in clause 23. Lodging shall mean a properly equipped bedroom, suitably furnished with the usual furniture, also clean linen and towels. Under no circumstances shall workers be required or permitted to launder their own bed linen and towels, except in the case of a worker whose ordinary duties includes that of laundry work.

A worker shall be provided with three meals per day, as per menu. One clear hour in every six consecutive working hours shall be allowed each worker for meal times and not less than four hours shall elapse between each meal time.

All work done outside the daily spread of hours provided in clause 2 hereof, or beyond the eight hours in any one day, or beyond 44 hours (44) in any one week, shall be deemed to be overtime. Overtime shall be paid for at the rate of time and a half for the first two hours and thereafter at double time rates. No worker shall be employed for a longer period of overtime than six (6) hours in any paid week or more than one and a half (1½) hours in any one day.

7.—Weekly Holiday.

All workers shall be entitled to and receive one full day off per week. A full day shall mean the twenty-four hours period between midnight and midnight.

8.—Public Holidays.

Provided that any worker whose ordinary day off falls on any of the aforesaid public holidays he or she shall be entitled to an extra day off during that week, or as compensation, an extra day's pay.

9.—Annual Holidays.

On completion of twelve months' service each worker shall be entitled to and shall receive three weeks' holiday on full pay. The holiday shall be granted within one month of its becoming due: Provided that any worker who shall have served one month or over, and whose contract of service shall have been terminated by either party for any cause before the annual holiday becomes due, shall be entitled to receive a proportionate allowance of holiday pay for the time actually served.

10.—Weekly Wage.

Wages shall be paid weekly. Except for casual workers, the contract of service shall be on a weekly basis. One week's notice of termination shall be given on either side. Workers whose service has been terminated shall be allowed to remain on the employer's premises until the next train or transport is due to leave the place.

11.—Record.

The employer shall keep or cause to be kept at his business premises, or at each one of them if more than one, a time and wages book, wherein shall be entered the name and occupation of each worker, the time he or she commences and finishes work each day, the hours worked each day, including overtime, and the wages paid to each worker each week. Such book shall be entered up from day to day, and shall be initialed daily, if correct, by each worker. 12.—Roster.

Every employer shall post or cause to be posted and keep posted up in a conspicuous position in the kitchen or pantry of his establishment, so as to be easily accessible and easily read by every worker in his employ, a roster showing:—

- (1) Name and sex of each worker employed;
- (2) The class of work performed by each worker;
- (3) The time at which each worker is required to commence and finish work on each day in each week;
- (4) The hours in each day during which each worker is entitled to be off duty each day;
- (5) The time allowed to each worker for meals on each day;
- (6) The day in each week on which each worker is allowed one full day's holiday.

The particulars contained in such roster shall be in respect of the week, Monday to Sunday inclusive, during which it is posted, and may be altered or varied only on account of the sickness or absence of the worker,

or on account of a contingency that the employer could not reasonably be expected to foresee: Provided that no such alteration or variation shall render lawful the employment of any worker for a greater number of hours in any week or in any day or days than is permitted by this Agreement or to deprive any worker of any holiday to which such worker shall be entitled. The roster shall be open to inspection by a duly authorised representative of the Union during any working hours.

13.—Change and Rest Room.

Adequate change and rest rooms for each sex shall be provided by the employer, where the workers do not reside on the premises. In case of complaint, the matter may be referred by either party to the Board of Reference for decision.

14.—Uniforms.

The wearing of headbands or head decorations is hereby prohibited. Where female workers are required to wear white aprons, stiff white cuffs, and/or collars, or coloured uniforms other than plain black, or male workers to wear uniforms or white coats, they shall be provided by, laundered, and remain the property of the employer. "Required" means, for the purpose of this clause, the accepted practice in the particular establishment.

15.—Women Climbing Ladders.

Female workers shall not be permitted to perform any work requiring the use of ladders. Female workers shall not be permitted to clean out bars or men's lavatories.

16.—Preference of Employment.

No employer shall employ or continue to employ any worker covered by this Agreement who is not a financial member of the Union.

17.—Casual Workers.

Casual workers shall be employed by the day and shall be paid at the rate of time and a half during the first three consecutive days, and thereafter shall receive the full weekly wage.

18.—Board of Reference.

For the purpose of this Agreement a Board of Reference may be appointed, consisting of three persons, each board shall consist of a chairman and two others, one a representative of the employer and the other a representative of the Union. The chairman shall be a person mutually agreed upon by both parties. There shall be assigned to such Board the functions of:—

- (a) deciding matters specifically referred to in this Agreement as being the subject-matter of a decision of the Board;
- (b) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Agreement, or any of them;
- (c) deciding all matters and questions referred to in the Agreement as being the subject of mutual agreement if not agreed upon;
- (d) deciding any other matter that the parties may mutually refer to the Board for settlement.

19.—No Reduction.

No worker in employment at the commencement of this Agreement who prior to the same has been in receipt of a higher rate of pay than provided by this Agreement shall during the continuance of such employment suffer any reduction in such higher rate of pay by reason of this Agreement.

20.—Higher Duties.

(a) Workers who perform any work which carries a higher rate of pay than the rate for which he or she is engaged shall be paid the higher rate for the time so engaged. Provided that the minimum time paid for shall be one (1) hour.

(b) Workers whose weekly employment is that of more than one classification, shall be paid the highest rate for any of the classifications at which he or she is employed.

21.—Distant Engagement.

(a) When an employer personally or by his agent engages a worker to proceed to employment at a place other than the town or locality in which the worker is

engaged, the employer shall pay reasonable travelling expenses incurred by such worker in journeying to the employment.

(b) If the worker should be discharged on the grounds of his or her gross incompetency within one week of his or her commencing work, or if the worker shall of his or her own volition and through no fault of the employer leave the employment within thirteen weeks of his or her commencing work, the worker shall refund to the employer any moneys the employer may have paid in pursuance of subclause (a) hereof. To insure the refund being made by the worker should it become due, the employer may withhold from the wages of the worker the amount of money paid by him in pursuance of subclause (a) hereof, until the worker shall have completed thirteen weeks' service in his employment, whereupon he shall pay the same to the worker.

(c) If the worker should be discharged by the employer before the expiration of any specified term of service agreed upon at the time of engagement, or, where no such term has been agreed upon, within thirteen weeks of the worker commencing work, the employer shall pay to the worker an amount sufficient to cover reasonable travelling expenses necessary to enable the worker to return to the town or place of engagement, irrespective of whether or not the worker incurs such expense.

(d) If the employer should engage a worker in pursuance of subclause (a) hereof and the employer for some reason not connected with the competency of the worker shall prevent the worker from commencing work, the employer shall pay the worker reasonable travelling expenses incurred by the worker in journeying to and from the town or locality of engagement, together with one week's full pay, as defined by clause 3 of this Agreement.

(e) Travelling expenses shall mean such second class rail fares, saloon boat fares, coach or motor fares, and cost of meals and accommodation as are reasonably necessary.

22.—Under-rate Workers.

Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer, and in default of such agreement within twenty-four hours after such worker shall have applied in writing to the secretary of the Union stating his desire that such wage shall be agreed upon, such wages as shall be fixed by the most convenient Resident or Police Magistrate, upon the application of such worker after twenty-four (24) hours' notice in writing shall have been given by him to the secretary of the Union, who shall if he so desires, be heard by the Magistrate upon such application. After having given notice to the secretary, and, after lodging the application mentioned, and pending the Magistrate's decision thereon, the worker shall be entitled to work for and to be employed at the proposed lesser rate. The determination of the Magistrate shall have effect for the period of six (6) calendar months from the date thereof and after the expiration of the said period until the wage shall have been again fixed at the instance of the said secretary in the manner prescribed. The secretary of the Union may by writing under his hand appoint an agent or substitute to represent the Union at the hearing of the application before the Magistrate.

23.—Duration.

This Agreement shall come into force as from the 20th day of December, 1938, and continue in force for a period of three years: Provided that, after the expiration of twelve months, the parties may mutually agree to any alteration or modification of the terms herein prescribed.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 473 of 1938.

In the matter of an Industrial Agreement dated the 24th day of August, 1938, and Numbered 23 of 1938, made between the Boot Trade of Western Australia Union of Workers, Perth (hereinafter called "the Union"), and L. Tate (trading as "The Broadway Bootmakers"); Sol. Brown and A. Lore (trading as "Central Boot Specialists"), (hereinafter called "the Employers"), and in the matter of an Application by the Union for a declaration that the said Agreement be made a Common Rule.

UPON hearing Mr. D. Roper, for the Union, there being no appearance on behalf of any party desiring to be heard in opposition, and upon being satisfied that the re-

quirements of the Act and the regulations made thereunder have been complied with, the Court doth declare that the Industrial Agreement dated the 24th day of August, 1938, and Numbered 23 of 1938, made between the Union and the employers, shall have the effect of an Award and be a Common Rule of the industry or industries to which it relates, within a radius of fifteen (15) miles from the General Post Office, Perth.

Dated this 7th Day of December, 1938.

[L.S.] By the Court,
WALTER DWYER,
President.

In the matter of the Industrial Arbitration Act, 1912-1935, and in the matter of a Special Board appointed by the Court of Arbitration under section 72 of the above Act to determine the rights of workers in specified callings to do certain work in the Kalgoorlie Foundry to the exclusion of workers in other callings.

DETERMINATION OF THE BOARD.

THIS is a dispute between the Amalgamated Engineering Union of Workers, Kalgoorlie Branch, and the Federated Society of Boilermakers and Structural Iron and Steel Workers' Union of Workers, Kalgoorlie Branch, as to the rights of blacksmiths to use a certain punch and shearing machine at the Kalgoorlie Foundry.

The dispute arose through a blacksmith utilising this punch and shearing machine to cut some round iron that he required for the purpose of his own work. The Boilermakers' Union claimed that it was the exclusive right of members of that Union to operate the machine for all classes of work. They based their claim on the fact that "operating punch and shearing machines" is specifically mentioned in their constitution.

The Amalgamated Engineering Union contended that it was not the exclusive right of members of the Boilermakers' Union to operate these machines for all purposes, inasmuch as the constitution of the Engineers' Union provided for "machinists," and it was customary in other shops for members of the Engineering Union to operate similar machines when required for cropping iron used in connection with blacksmiths' work.

Evidence, both oral and documentary, was produced to substantiate this contention.

The Board, having heard the evidence and viewed the particular machine, has come to the conclusion that it is within the rights of blacksmiths to use this particular machine for the fabrication of blacksmiths' work; but this decision does not imply that such work on the machine should be done exclusively by blacksmiths:

Dated at Kalgoorlie this 1st day of November, 1938.

Chairman of Board.
