Wheat Products (Prices Fixation) Act, 1938.

PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, } over the State of Western Australia
Lieutenant-Governor. } and its Dependencies in the Common-
[L.S.] } wealth of Australia.

WHEREAS it is enacted by section 15 of the Wheat Products (Prices Fixation) Act, 1938, that the Governor may from time to time, on the recommendation of the Wheat Products Prices Committee as constituted by the said Act, by Proclamation fix minimum and maximum prices at which substances included in the definition of flour, or in the definition of wheat products, may be sold in the State, or in any specified part of the State, by any person, and that the Governor may, from time to time revoke or vary any Proclamation issued under the said section by a subsequent Proclamation: And whereas the Governor, under and in accordance with the said section, fixed certain prices, *inter alia*, in respect of bran and pollard, being substances included in the definition of wheat products by a Proclamation dated the 13th day of July, 1939, and published in the *Government Gazette* on the 13th day of July, 1939, which Proclamation has not been revoked and is still in force: And whereas it is now deemed expedient to vary the said Proclamation in the manner hereinafter mentioned, with the intent that such Proclamation as so varied shall continue in force and have effect: Now, therefore I, the said Lieutenant-Governor, acting with the advice and consent of the Executive Council and in accordance with the recommendation of the Wheat Products Prices Committee aforesaid, and in exercise of the power in that

behalf conferred upon me by the said Act, do hereby vary the Proclamation hereinbefore mentioned, dated the 13th day of July, 1939, and published in the *Government Gazette* on the 13th day of July, 1939, in the manner set forth in the Schedule hereunder, and also declare that the said Proclamation as varied by this present Proclamation shall continue in force and effect until revoked or further varied by a subsequent Proclamation, and that this present Proclamation shall have effect as from and after the publication thereof in the *Government Gazette*.

Schedule.

The hereinbefore-mentioned Proclamation is varied by this present Proclamation, as follows:—

1. In subparagraph (i) of paragraph (B) of clause 1 of the said Proclamation relating to bran and pollard sold in any part of the State, the amount “£5 10s.” is deleted and the amount “£5” is inserted in lieu thereof.

2. In the Schedule to the said Proclamation, the prices stated in the second column under the heading “Bran and Pollard. Price on Rails at Station,” shall be and are hereby all and each and every one of them reduced by the sum of ten shillings.

Given under my hand and the Public Seal of the said State, at Perth, this 3rd day of August, 1939.

By His Excellency's Command,

A. R. G. HAWKE,
Minister for Industrial Development.

LAND OPEN FOR SELECTION.

IT is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1938, and the regulations appertaining thereto, subject to the provisions of the said Act.

Applications must be lodged at the Land Agency Office as specified hereunder not later than the date specified, but may be lodged before such date if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department which, on presentation at the nearest Railway Station will entitle him to a Return Ticket, at Excursion Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of clause 18 of the regulations.

ROAD DISTRICTS ACT, 1919-1938.

Kalgoorlie Road Board.

By-laws Relating to Buildings.

P.W. 1085/36.

WHEREAS by the Road Districts Act, 1919-1934, the Road Board of any district is empowered to make by-laws for all or any purposes in the said Act mentioned, the Kalgoorlie Road Board, in pursuance of the powers vested in the said Board, under and by virtue of the said Act and of every other authority enabling it in that behalf, doth hereby make and publish the following by-laws:—

1.—Repeal.

All building by-laws made by the Kalgoorlie Road Board.

2.

Make the following building by-laws:—

Interpretation.

“Act” means the Road Districts Act, 1919-1938.

“Basement” means a storey or portion of a storey partly below the level of the ground, the ceiling of which is not less than five feet above the adjoining ground (irrespective of any excavation made to comply with these by-laws).

“Cellar” means a storey or portion of a storey below the ground level, the ceiling of which is less than five feet above the adjoining ground.

“Cement mortar” means a mortar composed of one part of cement to three or fewer than three parts of sand.

“Cement blocks” means a rectangular substance of material being a mixture of sand or approved quarry grit or other approved materials and cement in the proportion of six parts of sand or approved quarry grit or other approved materials to one part of cement (both by volume), dry mixed, wet mixed, and properly rammed to shape in approved moulds.

“Concrete” means an aggregate consisting of clean, hard broken stone 2-inch to $\frac{1}{2}$ -inch, clean sharp sand and cement mixed with water in the proportions of five parts stone, two parts sand, one part cement.

“Level of ground” shall mean the level of ground as determined by the surveyor.

“Commercial building” means a building used or constructed or adapted to be used wholly or in part for commercial purposes.

“Dwelling-house” means a building used, constructed, or adapted to be used wholly or in part for human habitation, but does not include other than the dwelling-house portion (if any) of a commercial building, and includes a permanent, movable, or temporarily fixed structure.

“Habitable room” means any living room, and includes all rooms intended or adapted to be used for the purpose of sleeping or eating or the cooking of food.

“Wall”—“Divisional wall” means a wall (other than an external or party wall) which subdivides any floor of a building and carries any load in addition to its own dead weight.

“Wood” or “wooden buildings” means buildings of wood or having wooden frames.

“External wall” means an outer wall of a building, not being a party wall, even though adjoining a wall of another building.

“Partition wall” means a wall subdividing any room and not carrying any load other than its own dead weight.

“Board” means the Kalgoorlie Road Board.

“Surveyor” means the person appointed by the Board for the time being as building surveyor or acting building surveyor for the Kalgoorlie Road District.

1.—Applications, Plans, and Notices.

Before the erection of a building is commenced two copies of the plans and specifications, together with the cost of such building, and an application in writing for approval thereof, shall be submitted to the Board.

The application shall describe the building and show the purpose for which the building is to be used.

The plans shall consist of a general plan and elevations, and a block plan. The block plan shall show the relation of the building to the boundaries of the site and to other buildings or structure thereon.

The specifications shall describe the construction and materials of which the building is to be built, and the method of drainage, sewerage, and water supply, and state whether the materials will be new or second-hand, and, if second-hand materials are to be used, shall give particulars.

No person shall, without the consent of the Board, erect any building on an allotment of land on which any other building has already been erected and in no case shall any such building or buildings occupy more than one half of the allotment.

No person who shall have obtained a “Building License” in respect of any building shall in the construction of such building depart from the plans and specifications without the consent in writing of the surveyor.

When giving approval the Board may impose a condition that 48 hours’ notice shall be given prior to the covering of any or all of the following works, in order that they may be inspected, that is to say:—trenches, before foundations are laid; foundations, before trenches are filled in, and drains, before they are covered in.

2.—Fees and Permits.

No person shall commence any building, erection, or structure, or any addition or alteration to any building, erection, or structure without having first obtained from the surveyor a written permit for the commencement of same and without first having paid to the Board the fees in respect thereof set forth in these by-laws.

Each building, erection, or structure must be completed within the undermentioned specified time from the date of issue by the Board of the permit therefor:—

- (a) Brick, stone, or cement—six months;
- (b) all other buildings—three months.

The fees payable in respect to buildings, erections, or structure shall be as follows:—

	s.	d.
License for new buildings of wood, iron, or asbestos	5	0
License for new buildings of brick, stone, or concrete	5	0
License for alterations or additions to existing buildings	1	0

3.—General Provisions.

No terraces of buildings shall be permitted, and semi-detached buildings will be allowed only in such cases where there is a 6,000 square feet area of land for each semi-detached building or dwelling, and the structures shall be of brick, stone, or cement.

Every building shall be provided with one or more proper manholes in the ceiling so as to give access for electrical and other fittings.

4.—Site, Healthiness of.

A person shall not, without the written permission of the Board, erect a building upon any site which shall have been filled with any material impregnated with faecal or with animal or vegetable matter, or upon which any such matter may have been deposited, unless and until such matter shall have been properly removed by excavation or otherwise from such site and depression filled in with clean soil.

No person shall commence to build any structure without having first provided proper and sufficient sanitary accommodation, to the satisfaction of the Board, for all persons engaged or employed upon such structure.

Motor garages not exceeding three hundred square feet in floor area may be built of iron, brick, stone, or concrete, or other non-inflammable material anywhere in the district, provided that the Board may require—

- (a) that any motor garage be not less than 20 feet distant from the frontage of any other road or street, except in special cases, where the physical configuration of the ground precludes such distance being observed;
- (b) that any such motor garage be not less than five feet distant from the frontage of any other ground or street;
- (c) that any such motor garage be ten feet distant from any building used as a dwelling-house on the same allotment or on any allotment adjoining;
- (d) that the motor garage complies otherwise with all the conditions and limitations of this by-law in regard to buildings.

Fowlhouses of not more than 200 square feet in area and not more than six feet in height may be erected at rear of any dwelling; provided that the nearest portion of such fowlhouse is at least 30 feet from any building used as or intended for a dwelling and at least four feet from the boundary of land not in the same occupation.

Fowlhouses of larger area may be erected if at a distance of at least 50 feet from any street and 40 feet from any dwelling-house, and at least four feet from the boundary of land not in the same occupation; provided that the roof and walls are covered with galvanised iron or other fire-resisting material approved by the surveyor and that the building shall not be more than seven feet high.

If the Board so direct in any particular case, the whole or part of the ground-surface or site of a dwelling shall be covered with a layer of good cement concrete, or tarred metal, rammed solid, and at least four inches thick.

The Board may refuse the erection of any building upon any mining lease or Crown lands, where it is of the opinion that the erection of such building is detrimental to the proper carrying out of sanitary services or is not in alignment with other similar dwellings.

Provided also, that no building or additions shall be erected in any street or road at a less distance measured horizontally from the building line than that to the general alignment of existing houses.

5.—Position of Building Site.

No building which is intended to be used, or which shall be used as a dwelling-house, and no addition to any such building, shall be built, constructed, or erected

within a distance of 16 feet, measured horizontally, from the building line of the street or road the building is intended to or shall front.

Except as hereinafter provided, no building with an external wall of wood which is intended to be used, or which shall be used as a dwelling-house, and no addition with an external wall of wood to any building, which is intended to be used or which shall be used as a dwelling-house, shall be built, constructed, or erected—

- (a) within a distance of four feet, measured horizontally, of any street, road, lane, or right-of-way at the side of any such building; or
- (b) within a distance of eight feet, measured horizontally, of any land not in the same possession or occupation; provided always, that any such building or addition may abut on the building line of any street, road, lane, right-of-way at the side of such building, or be less than the prescribed distance therefrom, or from land not in the same possession or occupation, or from a building or erection with an external wall of wood; provided that the wall or walls which abut on or face within the prescribed distance such street, road, lane, or right-of-way or land or building or erection, as the case may be, shall be of concrete at least six inches in thickness, or of brick or stone at least eight and a half inches in thickness projecting in all cases at least one inch beyond the woodwork, front and back, and at least one foot six inches through the roof covering of gutter adjoining the same.

The decision of the surveyor as to the area of the new building or value of an addition shall be final and conclusive.

6.—Access to Rear.

Where there is no public and convenient access to the rear of the site of any building for the removal of night-soil, the building shall be so designed as to leave outside the building a way of access at least four feet wide from a public road to the privy closet, and for the removal of garbage and refuse.

7.—Outbuildings.

In the case of an application to erect, as appurtenant to any building, any outbuilding from the use of which unpleasant noises, unpleasant odours, or unusual risk of fire may reasonably be expected to rise, the Board may determine in what position upon the allotment such outbuilding may be erected.

The Board also reserves the right to refuse any such building to be erected, where it considers that it may be offensive or dangerous.

8.—Tents—Canvas Buildings.

No person shall erect a structure of calico, canvas, or other textile material on any other than a camping site set aside for the purpose.

9.—Materials and Workmanship.

Materials which have been used in construction of any cesspit, drain, or sewer, or which for any other reason are dangerous to health, shall not be used in the erection of any building.

Faulty or unsuitable materials shall not be used in any building.

Every part of a building shall be erected and finished off in a good and workmanlike manner.

Bricks used in any building shall be good, hard, and well burnt, and, if old or second-hand, shall be thoroughly cleaned and approved by the Board in writing before being used.

All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of, or to remove at the expense of the owner, any material which in his opinion is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building alteration or addition.

No old or second-hand material may be used unless approved in writing by the surveyor.

All brick or stone chimneys shall be constructed of ample flue, to be well plastered or pargetted inside for the full height, and no timber of any description will

be allowed to be built into the brickwork. The Board may give authority to erect iron chimneys, but in the erection they shall be laid on either stone or concrete base and free from all woodwork.

Hearths of stone, brick, cement, or iron of approved dimensions shall be placed in front of all fireplaces.

Cement blocks shall be properly cured for three days, by spraying with water or effectively covering with bags or other approved material, which shall be kept wet for not less than three days.

10.—Testing Materials.

The Board may test any building materials, and prohibit the use of such materials as are proved unfitted for the purpose for which they were intended to be used.

11.—Timber Construction.

All timbers used in any buildings shall be of good sound material, free from rot, free from large and loose knots, and free from shakes, and free from any imperfections whereby the strength of the timber may be impaired.

The following conditions shall apply as to the spacings and scantlings of timber—

- (i) Stumps shall not be less than 4in. x 4in. jarrah or other approved timber, spaced 5 feet centre to centre, and fixed on 6in. x 1½in. sole-plates. Stumps shall be tarred and sunk at least half their length in the ground; provided that no stumps shall be less than 18 inches in the ground. Tarring is to extend for 6 inches above the ground surface.
- (ii) Studs and ceilings joists shall not be less than 3in. x 2in., spaced not more than 2 feet apart, centre to centre, properly secure and braced; where studs of 3in. x 2in. are used, the angle or corner studs shall be of 3in. x 3in.; where 4in. x 2in. studs are used, the angle studs shall be of 4in. x 4in.
- (iii) Rafters shall not be less than 3in. x 2in., spaced not more than 3 feet, centre to centre, in the case of iron roofs, and 18 inches, centre to centre, in the case of slate, tile, or other similar roofs; 4in. x 2in. rafters may be used, but must be spaced at 2 feet centre for slates or tiles, and not more than 3 feet apart for any other type of roof. All rafters must be securely braced with purlins and collar ties.
- (iv) Floor joists shall not be less than 4in. x 2in., spaced not more than 2 feet apart, centre to centre, or 3in. x 2in., spaced not more than 18 inches apart, centre to centre.
- (v) Floor bearers shall not be less than 4in. x 3in., spaced not more than 5 feet apart.
- (vi) Purlins shall not be less than 3in. x 1½in., spaced not more than 3 feet 6 inches apart, centre to centre.

In addition to the bearers required for this spacing, an additional bearer of 4in. x 3in. must be placed under each wall or partition.

No framing timber in any building shall be notched or checked out to receive bracing or otherwise, so as to reduce its cross-sectional area more than one-sixth.

12.—Awnings and Verandahs.

The Board may require that any or all awnings or verandahs proposed to be erected over a public place shall be of the cantilever type. No verandah shall be enclosed for living or sleeping purposes without the Board's written consent.

Verandahs over Footpaths:—No person shall erect verandahs over footpaths without first obtaining the consent of the Roads Board. The general construction to conform to the by-laws.

The footway under every verandah to be kerbed and paved and the owner to pay to the Roads Board one half of the total cost.

Signboards over Footpaths:—No signboard shall be erected across or abutting to a footpath without the consent of the Board.

The signboard shall be constructed of such materials and workmanship as in the opinion of the surveyor are sufficient.

Crossings over Footpaths:—Any person desiring to make a crossing over any footpath with a vehicle must first obtain the permission in writing of the Board. A fee equal to half the cost of surfacing such crossing with bitumen shall be charged by the Board when a constructed road passes the property.

Posts and Poles in Streets:—The owner of any lamp-post, telegraph, telephone, electric lighting, or tramway poles shall, when ordered by the Board so to do, at his own expense, paint the same during such hours and in such manner as the surveyor shall direct, and shall, at such like expense and when so ordered, remove any of such posts or poles as shall be bent, dangerous, unsightly or not in use.

13.—Footings.

Every person who shall erect a building of brick, stone, or the like shall construct every wall of such building, unless built upon a hard rock formation, to rest upon proper footings, or upon a sufficient beam.

He shall cause the projection of the bottom of the footings on each side of such wall to be at least equal to one-half the thickness of the wall at its base, unless an adjoining wall interferes, or unless the wall is upon the boundary of the land, in which case the projection may be omitted on the side of the boundary, or where the wall adjoins.

He shall also cause the diminution of the footings to be in regular offsets, unless the footings be of concrete. The height from the bottom of such footings to the base of the wall shall be at least equal to two-thirds of the thickness of the wall at its base; provided that, when the footings are of reinforced concrete, the Board may permit the height to be less and provided that it shall not in any case be less than twelve inches.

Footings to walls of brick in cement mortar, three to one, shall be the same width and height as those to walls of the same thickness not built in cement mortar.

Vermis plates shall be provided to all walls other than brick, stone, or concrete.

14.—Party Walls.

Two, but not more, residences may be erected together in one block; provided that they shall be separated from each other by a wall of concrete or of brick or stone, at least eight and a half inches in thickness, projecting, in the case of wooden houses, at least one inch through the woodwork front and back, and in all cases projecting one foot six inches at least through the roof covering or gutter adjoining the same, whether belonging to the same owner or not. Each building or dwelling-house in a block shall be subject to the provisions of this by-law applicable to its class, save that the site or curtilage of each of such building shall have a superficial area of at least 4,000 square feet and a frontage of at least 33 lineal feet to a street or road.

15.—External Walls, Structure.

Every person who shall erect a building shall cause the external walls thereof to be constructed of brick, stone, concrete, timber, or other material approved by the Board.

If built of brick, stone, concrete, or the like, the external walls shall, except where herein provided to the contrary, be not less than nine inches in thickness; provided that the walls of sheds, laundries, outhouses, and the like not exceeding ten feet in height may, if the Board so permit, be four and a half inches in thickness.

Cavity walls may be built, provided the two sections are securely tied together by a sufficient number of wire ties or other effective method, and, when used, the combined thickness of the inner and outer parts shall be deemed to be the thickness of the wall.

Bottoms of all cavities shall be carefully raked out before the completion of the building, and all ties kept free from mortar droppings.

Where cavity walls are used, weepholes shall be left at foot of cavity not more than six feet apart, and over all damp-proof courses inserted to protect walls, weepholes shall be left not more than three feet apart.

Notwithstanding anything to the contrary in this clause, the Board may permit the erection of dwellings, not more than two storeys in height, of concrete with

walls of less than the prescribed thickness, if satisfied that such proposed dwellings will be hygienic and structurally sound.

16.—Rooms (size)—Cubic Space.

Every person who shall erect a building shall provide that—

- (a) the areas of the floors of all the habitable rooms in such building shall, when taken together, average not less than 100 square feet per habitable room;
- (b) a habitable room shall not in any case have a floor area of less than 80 square feet; and
- (c) a habitable room shall not in any case have a cubic space of less than 800 cubic feet: provided that, in each dwelling-house and in each flat of a residential flat building, there shall be at least one habitable room the cubic space of which shall not be less than 1,296 cubic feet;
- (d) no main room in any building shall be less than ten feet in height from floor to ceiling;
- (e) all shops shall have a clear space of twelve feet from floor to ceiling.

17.—Height: Rooms in Roof.

Every habitable room which is wholly or partly in the roof of a building shall, in the case of an attic room above the ground floor, be for at least two-thirds of the area of the floor not less than nine feet in height, and shall not in any part be less than five feet in height, and, in the case of any other room, shall be, for at least three-fourths of the area of the floor, not less than nine feet in height, and shall not in any part be less than seven feet four inches in height.

18.—Lighting and Ventilation—under Floors.

For the purpose of ventilation, every building shall be so erected that there shall be, between the underside of every joist upon which the lowest floor of such building is laid and the ground surface or upper surface of the asphalt or concrete with which the ground or site of the building may be covered, a clear space of 12 inches at least in every part; and such space shall be thoroughly ventilated and cross-ventilated by means of suitable and sufficient air-bricks or other effectual method: provided that, where the lowest floor is so constructed (by filling with concrete, asphalt, or other approved material) as not to permit the harbouring of rats, this provision shall not apply.

19.—Rooms—Air-bricks, Louvres, etc.

Every room of a building shall be so constructed that for every 1,000 cubic feet or part thereof of air space in the room there shall be 24 square inches at the least of unobstructed ventilation to the outer air by means of air-bricks situated at or near the level of the ceiling or any other efficient means.

20.—Rooms—Windows.

Every habitable room, or room, or alcove, in which food is intended or likely to be stored or prepared, and every bathroom, enclosed laundry and privy closet under the main roof of the dwelling, shall have at least one vertical window opening directly to the outside air. One-half at least of such window shall be constructed to open to its full extent, and so that the opening may extend to the top of the window: Provided that, in a pantry, any other system of ventilation may be substituted for windows if the Board be satisfied that such system is equally efficient.

21.—Bedrooms—Additional Ventilation.

In every bedroom or room intended or adapted to be used for sleeping and having only one window, there shall be provided cross ventilation by means of at least 24 square inches of unobstructed opening in some wall of the room other than that in which the window is situated.

22.—Height of Windows.

The top of a window of an enclosed laundry, or of a kitchen or alcove or room in which food is intended or likely to be stored or prepared, shall not be less than six feet eight inches from the floor.

23.—Size of Windows.

The window or windows of any room shall have a superficial area, clear of the sash frame, not less than one-tenth of the floor area of the room, or, in the following size be greater than one-tenth of the floor area, not less than ten square feet for the windows of a kitchen or alcove or room in which food is intended or likely to be prepared; not less than six square feet for the windows of any enclosed laundry; not less than three and a half square feet for the windows of a bathroom, and not less than two square feet for the windows of a privy closet, and not less than one and a half square feet for any other room.

24.—Laundries and Kitchens.

A dwelling of any kind shall not be erected with the kitchen and laundry combined in one room.

25.—Windows.

Any window the top of which is more than twelve feet above either the ground or any external flat surface or slightly sloping roof sufficient for safety shall be so constructed that it can be cleaned from the interior of the building.

26.—Drainage: Levels.

Every person who shall erect a building shall construct the lower storey of such building at such a level that, in the opinion of the Board, it may be practicable to construct a drain sufficient for the effectual drainage of such building.

No person shall build or erect, or cause or permit to be built or erected, any building, erection, tent, or addition to any building, erection, tent on any land unless and until such building, erection, tent, or addition, and the site and curtilage thereof can be properly drained, and the Board may refuse permission to build and erect any building, erection, tent, or addition, unless and until it is satisfied that the proposed building, erection, tent, or addition and the site and curtilage thereof can be properly drained.

No water is to be discharged on the surface of any footpath.

27.—Skylights.

The Board may order the alteration or the repair or both of any skylight in any building, if such skylight be, in the opinion of the Board, in such a condition as to be detrimental to health or dangerous.

28.—Existing Buildings.

If in the opinion of the Board any building has been allowed to fall into an unsafe, or unsanitary or neglected condition, either by faulty construction or any other cause, the Board may give notice in writing to the owner or occupier to repair said building, and, in the event of no action being taken within one month by the said owner or occupier to remedy any defect complained of in the said notice, the said owner or occupier shall be liable to a fine, as hereinafter provided, until such time as the building shall be placed in a safe and sanitary condition, and the owner or occupier will be liable for all charges incurred in doing the necessary works, and, moreover, if in the opinion of the Board any building does not warrant the expense of repairing, the owner, after receiving notice, shall remove the building within one month; failing this, he will be liable to a fine, as hereinafter mentioned, to remove the building after receiving the notice; the Board may remove same and charge the owners with the cost of so doing, and recover the same in any court of competent jurisdiction and/or sell the material to cover the cost of taking down.

29.—Removal of Buildings.

No building or erection shall be removed into and erected or re-erected in the Road District, or removed from one part of the district to and erected and re-erected in another part thereof, unless the owner or person carrying out the removal first obtain written permission from the Board to do so. Before such permission shall be granted not less than seven (7) clear days' notice in writing shall be given to the Board or the surveyor of the desire to remove and erect or re-erect such building or erection.

Such notice shall contain or be accompanied by the following:—

- (a) Particulars of the situation of building which it is proposed to remove;
- (b) Particulars of the situation of and plan of the land upon which it is proposed to erect or re-erect or place such building, showing proposed position thereon, and a tracing copy of such plan to be retained by the Board;
- (c) A plan giving the dimensions of the building and any proposed alterations or additions thereto, and a tracing copy of such to be retained by the Board;
- (d) A specification giving particulars of the construction of the existing building and of the alterations and additions, if any, which it is intended to make when the building is erected or re-erected;
- (e) Evidence satisfactory to the Board that such house has not been condemned as dilapidated, insanitary, or unfit for human habitation, and a certificate from the Health Officer of the Road District from which the building is proposed to be removed that within a reasonable time prior to date of removal no case of disease of an infectious or contagious nature has occurred therein;
- (f) Such further particulars in writing regarding the same as shall be sufficient to enable the Board or its surveyor to determine if all the provisions of any Act of Parliament, by-law, or regulation applicable thereto are or will be complied with.

No written permission shall be given unless such removed building when erected or re-erected shall comply with the provisions of this by-law as applicable to new buildings.

No building or erection that has been condemned as dilapidated, insanitary, or unfit for human habitation shall be removed into or re-erected within the Road District.

No building or erection in which any case of infectious or contagious disease has occurred during the preceding six months shall be removed into or re-erected within the Road District.

No removed building shall be occupied until the surveyor shall have certified in writing that all the provisions of this by-law have been observed and complied with in respect of such building.

Nothing herein contained shall prevent the alteration of the position of any building within the boundaries of the land on which the same stands: provided that, in its altered position, it shall comply in all respects with this by-law, and that in progress of such removal the building be not taken on to any street, road, or public place.

The Board may in special cases grant permission for the erection of a dwelling-house containing not less than two rooms.

30.—Space Outside Windows on Side Land.

If there be any side wall of a dwelling-house in which it is proposed to provide a window or a door opening, that wall shall be set back, throughout its whole length, from the side line of the allotment to a distance of three feet, in the case of a dwelling of one or two storeys, or to a distance of five feet, in the case of a dwelling of more than two storeys.

31.—Kitchen, Laundry and Bathroom Fittings.

Every dwelling-house shall be provided with a completely enclosed bathroom, with water laid thereto. The washtubs, copper, and bath shall not be placed in the kitchen. The bathroom in each dwelling shall have at least 42 square feet of floor area.

Provided that the Board may in any case where it considers that a bathroom could be dispensed with, exempt any building from the above provisions, but such exemption shall be given by resolution of the Board.

32.—Enforcement Inspection: Cutting into Building.

The Board may order the opening or cutting into or pulling down of any work where the Board has reason to believe or suspect that anything has been done in

contravention of the Act or of any by-law, and in the event of the work being found to have been done in contravention of the Act or of the by-laws, the person doing the work shall be required to comply with the Act or by-laws and shall bear the full cost of such pulling down, opening, or cutting into and of compliance with the Act or the by-laws.

In the event of the work being found to have been done in accordance with the requirements of the Act and the by-laws, the cost of such pulling down, opening, or cutting into, as well as the cost of reinstatement, shall be borne by the Board.

The surveyor or his representative shall have power to enter at any time upon any building in the course of erection for the purpose of inspecting the said building, and may require the production of the approved plans thereof, which are to be available on the building during ordinary working hours whilst the building is in course of construction.

33.—Inspection Before Occupation.

Before permitting any person to occupy or use any uncompleted building, and forthwith upon completion of any unoccupied building, the person by or in consequence of whose order the building is being erected shall give notice to the Board.

Forthwith upon receipt of notice as aforesaid, the Board shall instruct the proper servant to make an inspection, and such servant shall inspect and report to the Board whether or not the building has been erected in accordance with this by-law, and without material deviation from the approved plans and specifications, but this shall not be read to permit any alteration whatever in the position of the building on the site.

34.—General Restrictions Relating to Steam Boilers, etc.

No person shall cause or allow—

Floors—

- (a) The floor under any oven, copper, steam boiler, or stove, which is not heated by gas, or the floor around the same for a space of eighteen inches, to be constructed of materials of a combustible or heat-conducting nature of less than six inches thick.

Smoke pipes—

- (b) Any pipe for conveying smoke or other products of combustion, heated air, steam, or hot-water, to be fixed against any building on the face adjoining to any street or public way.
- (c) Any pipe for conveying smoke or other products of combustion to be fixed nearer than six inches to any combustible materials.

Steam pipes—

- (d) Any pipe for conveying heated air or steam to be fixed nearer than six inches to any combustible materials.

Hot water pipes—

- (e) Any pipe for conveying hot water to be fixed nearer than three inches to any combustible materials: provided that the restrictions imposed by this clause and by subclause (d), with respect to the distance at which pipes for conveying steam and hot water shall be fixed from any combustible materials, shall not apply in the case of pipes provided with a free blow-off.

Floors over furnaces—

- (f) The floor over any room or enclosed space in which a furnace is fixed, or any floor within eighteen inches from the crown of an oven, to be constructed of combustible materials.

35.—Glass of Buildings.

No permit to build shall be granted in any case where the Board is of the opinion that the proposed building will depreciate the value of those buildings in the immediate vicinity of the site upon which the building is proposed to be erected.

36.—Exemption of By-laws.

The Board may at its discretion exempt from the whole or any provisions of these by-laws, buildings intended to be erected in any part or portion of the Kalgoorlie Road Board District.

37.—Penalties.

Where any person by these by-laws or any of them is required to do or perform any act, and such act is not done or remains undone or unperformed, it shall be lawful for the Board to perform the same and charge the cost and expense against such person, and the amount thereof may be recovered summarily.

Every person who does, permits, or suffers any act, matter, or thing contrary to any of these by-laws, or commits, or permits any breach or neglect thereof, shall be deemed guilty of an offence against these by-laws, and, where not otherwise provided, shall be deemed liable to a penalty not exceeding twenty pounds for every such offence.

A resolution adopting the foregoing by-laws was passed by the Board on the 21st day of April, 1939, and confirmed on the 5th day of May, 1939.

Proposed Loan (No. 9) of £850.

NOTICE is hereby given that the Armadale-Kelmscott Road Board proposes to borrow the sum of £850, to be expended on works and undertakings on the Byford Recreation Ground, Reserve No. 17490, in the Armadale-Kelmscott Road District, the said works and undertakings being the reconstruction of the said Byford recreation ground.

The plans and specifications, and the estimates of the cost of the said works and undertakings, and statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the Loan, are open for inspection at the Office of the Armadale-Kelmscott Road Board, situated at Armadale, for one month from the publication hereof, between the hours of 9 a.m. to 5 p.m., Mondays to Fridays, and 9 a.m. to 12 noon, Saturdays.

The amount of £850 is proposed to be raised by the sale of debentures repayable with interest by thirty equal half-yearly instalments over a period of fifteen years after the date of the issue thereof, in lieu of the formation of a sinking fund.

The debentures shall bear interest at £4 15s. per centum per annum, payable half-yearly.

The amount of the said debentures and interest thereon is to be paid at the Office of the Australian Mutual Provident Society, Perth.

The works and undertakings for which the Loan is proposed to be raised will in the opinion of the Board benefit only a particular portion of the district, namely, a prescribed area, being portions of the South and West Wards as comprised within the boundaries of the old Byford Ward as gazetted on 16th December, 1927, and 5th February, 1932, and any Loan rate applicable to such Loan will be levied on the rateable land within the said prescribed area of the said South and West Wards of the said District.

Secretary.

METROPOLITAN WATER SUPPLY, SEWERAGE, AND DRAINAGE DEPARTMENT.

M.W.S. 1226/39.

IN accordance with the provisions of the Metropolitan Water Supply, Sewerage, and Drainage Act, 1909, it is hereby notified that sewers and other apparatus have been completed and are now available for use in Area No. 11, Claremont, situated within the boundaries of the Nedlands Road District, as described hereinafter:—

Commencing at a point in the centre of Watkins road opposite the centre of Alexander road and proceeding east along the centre of Watkins road to the centre of Adelma road; thence south along the centre of Adelma road to the centre of Philip road; thence west along the centre of Philip road to a point opposite the east boundary of Lot 372, Philip road; thence south across Philip road and along the east boundary of the said Lot 372 to its south-east corner; thence west along the south boundaries of Lots 372-378, inclusive, Philip road, to the south-west corner of Lot 378, Philip road; thence south along the east boundary of Lots 382 and 383, Alexander road, to the south-east corner of Lot 383, Alexander road; thence west along the south boundary of the said Lot 383 to the centre of Alexander road; thence south along the centre of Alexander road to the centre of Waratah avenue; thence west along the centre of Waratah avenue to a point opposite the west boundary of Lot 345, Waratah avenue; thence north across Waratah avenue and along the west boundary of the said Lot 345 to and across the right-of-way and along the west boundary of Lot 302, Philip road, to the centre of Philip road; thence east along the centre of Philip road to the centre of Alexander road; thence north along the centre of Alexander road to the point of commencement, as shown in pink on Plan M.W.S.S. & D.D., W.A., No. 6358.

The owners of property situated within the boundaries of above area are hereby notified that such properties are capable of being connected to the sewer, and must, therefore, connect their premises to the sewers within thirty days from date of service of prescribed notice, and are also notified the sewerage rates will in accordance with the by-laws be enforced from 1st

November, 1939, if premises not previously connected, and be payable in advance. If premises are connected prior to 1st November, 1939, rates will be charged from date of connection.

A plan of the works to be carried out at each property must first be obtained from the Department.

Dated this 27th day of July, 1939, at the Office of the Department, St. George's place, Perth.

TRAFFIC ACT, 1919-1935.

P.W. 662/37.

HIS Excellency the Lieutenant-Governor in Council, acting in exercise of the power conferred by section 46 of the Traffic Act, 1919-1935, has been pleased to amend the Traffic Regulations, 1936, in the manner mentioned in the Schedule hereunder.

Department of Public Works,
Perth, 3rd August, 1939.

(Sgd.) W. S. ANDREW,
Under Secretary for Public Works.

Schedule.

The Traffic Regulations, 1936, are amended as follows:—

1. Paragraph (h) of regulation 26, published in the *Government Gazette* on the 16th day of June, 1939, is repealed and the following inserted in lieu thereof:—

(h) The certificate of registration, or the certificate of registration and the holder containing it, in any case where the vehicle has no windscreen (hereinafter together referred to as the "Holder and Certificate") shall be affixed to and carried on the vehicle for which the certificate of registration is issued, as hereinafter prescribed:—

(i) On a motor vehicle which is provided with a windscreen, the certificate shall be affixed in such a position that the centre of the certificate is not more than six (6) inches from the bottom near side corner of the windscreen, and the front of the certificate shall face towards the front of the vehicle.

- (ii) On a motor vehicle which has no windscreen—
- (a) Motor wagons, locomotives, or traction engines, or any other vehicle not already specified, the holder and certificate shall be affixed by the bracket attached to the holder, on the near side of the vehicle, not less than two feet six inches and not more than five feet above the level of the ground, and not more than eight and not less than four feet from the most forward part of the vehicle, and the front of the certificate shall face towards the front of the vehicle.
 - (b) On a motor cycle, the holder and certificate shall be affixed on the near side of the handlebar or on the near side front fork, and the front of the certificate shall face towards the front of the motor cycle.
 - (c) On a trailer the holder and certificate shall be affixed on the near side of the tray not more than twelve inches from the front of the tray, and the front of the certificate shall face outwards from the trailer towards the near side of the road.

MUNICIPALITY OF KALGOORLIE.

Notice of Intention to Borrow.

Proposed Loan of Nineteen Thousand Pounds.

NOTICE is hereby given that the Council of the Municipality of Kalgoorlie proposes to raise a special Loan of nineteen thousand pounds (£19,000), pursuant to the powers conferred by the Health Act Amendment Act, 1933 (No. 2), to be applied for the following purposes:

For sewerage works	£ 7,000
For the installation on those lands which the said sewerage works are designed or intended to serve—of drains, fittings, ventilating shafts, pipes, tubes, appliances, and connections necessary effectually to enable noxious or waste matter on the said lands to be discharged into the sewers	12,000
	£19,000

The plans and specifications, and the estimates of the cost of the said works and undertakings, and the statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the Loan, are open for inspection at the Office of the Council, situate in Hannan street, Kalgoorlie, for one month from the date of publication hereof, between the hours of 10 a.m. and 5 p.m. on weeks days (excepting public holidays) and 10 a.m. and 12 noon on Saturdays.

The said amount of £19,000 is proposed to be raised by the sale of debentures repayable with interest by 30 half-yearly instalments over a period of 15 years after the date of issue thereof in lieu of the formation of a sinking fund.

The debentures shall bear interest at a rate not exceeding four pounds ten shillings (£4 10s.) per centum per annum, payable half-yearly. The amount of the said debentures and interest thereon is to be paid at the Commonwealth Bank of Australia, Kalgoorlie.

The works and undertakings for which the Loan is required will in the opinion of the Council be of special benefit to a portion of the district of the said Municipality, namely, the portion of the said district bounded by St. Albans road, the south side of Collins street, Shaw street, and the Kalgoorlie-Perth railway line, and

any Loan rate applicable to such Loan will be imposed upon the rateable land situate within such portion of the said district.

Dated the 1st day of August, 1939.
