(2) Stablemen and nightwatchmen:—

(a) Each stableman shall be allowed one Sunday off duty in every four (4) weeks, and each nightwatchman shall be allowed one shift off duty in every three (3) weeks, without deduction of pay in either case.

(b) If a stableman is required to live at the stables the employer shall provide accommodation for him free of charge.

(c) Carters who, in addition to the hours of which the working week is composed, are required to feed horses, shall be paid the following rates in addition to the weekly wage, and the time taken up in feeding horses shall not be included in or reckoned as overtime:—Three shillings (3s.) per week for one horse, and one shilling (1s.) per week for each additional horse.

(d) A nightwatchman, if called upon in the night-time to do work other than that of attending to boiler fires, shall be paid at the rate of sixpence (6d.) per hour for the time so occupied, in addition to the night-watchman's wage.

(3) Under-rate workers:—

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for or be employed at the proposed lesser rate.

(4) No reduction:—

(a) This Award shall not in itself operate to reduce the wages of any worker who is at present receiving above the minimum rate prescribed for his class of work.

(b) Without limiting the generality of the preceding paragraph, whenever in this Award differential rates are prescribed for any class of machinist, according as the machinist performs one or more of the several tasks of setting up or of grinding the knives and cutters or of operating a machine, then such differential rates (except insofar as differential rates already operate in the case of the moulding machinist prior to the date of this Award) shall not operate to reduce the wages paid to any such machinist at the date of the making of this Award.

General.

(5) Blowers:—In addition to the blowers already installed, the employer shall attach blowers to all flooring machines, moulding machines, thicknessers, and other sand-papering machines, and to any other machines injurious to health.

6.—Junior Labourers.

(1) Youths under the age of nineteen (19) years may be employed to perform the ordinary duties of tailors-out from wood-working machines: Provided always, that the number of youths employed shall not be such as to exceed the proportion of one such youth to every four (4) machinists other than sawyers permanently employed by the employer: Provided that the employer may employ unapprenticed cadets who desire to learn the commercial and practical side of the timber trade in any position (except at a saw or wood-working machine which might be properly operated by an apprentice) which they are capable of filling in order to further their training in the timber business. Every such cadet shall deliver to the employer or his representative a letter from the Union intimating that the Union agrees to employment being given to such cadet, whose name and age shall be stated. In no case shall the number of such cadets exceed one to each eight (8) adults employed who come within the ambit of this Award at any one timber yard or sawmill.

(2) Should any dispute arise between the employer and the Union under this clause, such dispute shall be settled by the Board of Reference. The wages of cadets shall be in accordance with the provisions of the current Clerical Agreement or Award applicable to the timber business. Should there be no Clerical Award or

Agreement, then the wages shall be not less than that for junior labourers of like ages as provided in this Award, with the following additions:—

	Per Week.
	£ s. d.
Between 19 and 20 years	3 12 0
Between 20 and 21 years	3 16 4

(3) No person shall be employed as a cadet under this clause for a total period exceeding two (2) years.

7.—Apprentices.

(1) The employment of apprentices shall be governed by the provisions of Schedule III. (Apprenticeship Regulations) annexed hereto.

(2) The maximum number of apprentices allowed to any employer shall be in the proportion of one to every four (4) machinists, or fraction of the first four (4), employed by each employer or firm of employers, for the twelve (12) months previous to engaging the apprentice.

(3) The term of apprenticeship to the machining branch of the trade shall be four (4) years.

Part III.—Hours, Overtime, Holidays.

8.—Hours.

The ordinary working hours of workers shall not exceed forty-four (44) in any one week, or eight (8) in any one day, except on Saturdays, when the ordinary working hours shall not exceed four (4): Provided that, at the option of the employer, the forty-four (44) hours may be worked from Monday to Friday inclusive: Provided further, that this shall not apply to stablemen and nightwatchmen, whose hours shall be as follow:—

- (1) The hours of labour for stablemen shall be forty-seven (47) per week, including not more than three (3) hours on Sunday. (See also clause 5 (2) (a) and (b).)
- (2) The hours of duty for nightwatchmen shall not exceed ten (10) hours for six (6) days per week and six (6) hours for the seventh day. (See also clause 5 (2) (a) and (d).)

9.—Overtime.

Overtime at the rate of time and a half shall be paid for the first two (2) hours worked outside the ordinary working hours and double time thereafter. All time worked on Sunday shall be paid at double time rates, except in the case of workers whose ordinary duties require them to work on Sundays, when double time rates shall begin after their ordinary working hours on that day.

10.—Holidays.

(1) The following holidays shall be observed and paid for:—Christmas Day to New Year's Day, inclusive (seven (7) days), 26th January, Good Friday, Easter Saturday, Easter Monday, and Labour Day.

(2) Where a worker's employment is terminated during the course of a calendar year, his employer shall pay to him one day's wages for each calendar month of his service in lieu of the holidays to which he would be entitled under this clause and has not received. In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer, and if such holidays are not equal to the holidays given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on holidays on full pay.

(3) Where any specified holiday falls on Sunday, the following Monday shall be observed in lieu thereof.

Part IV.—General.

11.—Record Book.

A time book shall be kept by each employer, in which book shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day, and the amount of wages received by him. The said book shall be open to inspection by the accredited representative of the Union at any time during the working hours, and he shall be allowed to take necessary extracts therefrom.

12.—Board of Reference.

(1) A Board of Reference is hereby appointed for the purposes of this Award. Such Board shall consist of a chairman and two (2) other representatives, one

to be nominated by each of the parties. There are assigned to the Board, in the event of no agreement being arrived at between the parties to the Award, the functions of:—

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Registrar and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, or negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to

the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in Subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him: Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School or other place of vocational training for the teaching of apprentices are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the Award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost of any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the Industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the Industrial Award for the trade, calling, or industry. If the Court grants the application, holidays will be reduced pro rata.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1925," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under clauses 15, 18, 19, 20, 22, 23, 33, and 40 of this Schedule, the Union of workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.

19.—Breakdowns, etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it, or by any other association or Union, or through the breakdown of the employer's machinery or any stoppage of work by any cause which the employer cannot reasonably prevent.

Provided that this subclause shall only apply within a radius of twenty-five (25) miles from the Kalgoorlie Town Hall, and shall not apply to cases where after application to the secretary of the applicant Union, extra competent labour is not available; provided, however, that this subclause shall not apply to those cases where overtime is occasioned by some cause beyond the employer's control.

7.—Holidays.

(a) Each worker shall be entitled to twelve (12) days' annual leave on full pay, or, should the period of continuous employment be less than one year, the worker shall be paid holiday pay in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer; provided that, where a worker is dismissed for wilful misconduct, he will not be entitled to the benefits of this clause.

(b) The amount to be paid under subclause (a) shall be calculated at the rate prevailing at the time the payment is made.

(c) The following shall be holidays:—Christmas Day, Easter Monday, and Labour Day. If Christmas Day falls on a Sunday the following Monday shall be kept. These days, if not worked, shall not be paid for.

(d) The provisions as to annual leave shall not apply to casual workers.

(e) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay in accordance with the provisions of clause 9 hereof, shall not count for the purpose of determining his right to holidays.

8.—Weekly Hiring.

(a) A week's notice of intention to terminate the employment shall be given on either side, except in the case of casual workers.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of clause 9, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it, or by any other association or Union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

9.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance, on the ground of personal ill-health, for one half day for each completed month of service. Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

10.—Shifts.

(a) Men working shifts not subject to weekly rotation shall be paid for each shift, other than day shift, at the rate of time and a quarter.

(b) Work other than day shift shall not be recognised as afternoon or night shift, unless five (5) consecutive afternoons or five (5) consecutive nights, as the case may be, are worked, but shall be deemed to be overtime. On the completion of the fifth consecutive afternoon's or night's work, the worker shall be deemed to have been employed on afternoon or night shift, as the case may be, during that and the preceding four (4) afternoons or nights, and thereafter during any subsequent consecutive afternoons or nights he is so employed. The intervention of a Sunday or a holiday on which work is not performed shall not be deemed to break the sequence.

11.—Payment of Wages on Termination of Hiring.

Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour of ceasing work, or within one hour of the opening of the office, if such office was closed at the time of his ceasing work, whenever same is practicable.

12.—Record.

A time and wages book shall be kept by each employer, in which shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day, and the amount of wages received by him each week.

The employer shall be responsible for the proper posting of the book each week; the said book shall be open to the authorised representative of the Union at any time during working hours, and he shall be allowed to take necessary extracts therefrom.

Provided that any system of automatic recording by means of machines shall be deemed a compliance with this provision to the extent of the information recorded.

13.—Representative Interviewing Workers.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal interval, on the business premises of the employer, but this permission shall not be exercised without the consent of the employer more than once in any one week.

14.—No Reduction.

(b) The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every three (3) or fraction of three (3) journeymen employed by him in that branch; provided that the fraction of three (3) shall not be less than one.

(c) If the employer with whom the apprentice is employed ceases operations, the apprenticeship may be terminated, in which case the apprentice shall be given a certificate to show the time he has served and the employer shall endeavour to find him another employer willing to complete the term. Should the apprentice desire to complete his apprenticeship with another employer, the certificate he has received from the former employer shall be *prima facie* evidence of the wages he is entitled to receive and of the period necessary to complete his apprenticeship.

(d) If the apprentice shall at any time during the said term be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, or negligent or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

(e) The Court may in its discretion, for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, abrogate or cancel the agreement either unconditionally or subject to such terms and conditions it may deem advisable.

(f) Apprentices may be taken to boiler-making or boiler-making and welding.

(c) Travelling time outside ordinary working hours shall be paid for at ordinary rates up to a maximum of twelve (12) hours in any twenty-four (24) hour period from the time of starting the journey; provided that when the travelling is by boat, not more than eight (8) hours shall be paid for in such period.

(d) Such workers shall not be entitled in addition to receive the district allowances prescribed by this Award.

(e) Workers who are engaged at the job shall be entitled to the district allowance provided by this Award for the particular district in which the job is situated and to the industry allowance as provided by clause 3 hereof, if working on a gold mine.

20.—Posting of Award.

The employer shall keep a copy of this Award posted in a conspicuous place in the workshop.

21.—Board of Reference.

(a) The Court appoints for the purposes of the Award a Board or Boards of Reference. Each Board shall consist of a chairman, who shall be a person selected by the representatives of the parties, if such may be agreed upon, or, failing such agreement, the Warden or Resident Magistrate, if agreeable and willing to act, and, if not, a Government Inspector of Mines, and two (2) other representatives, one representing the employer

(d) There shall be no cessation of work pending the reference to and the settlement of any dispute by the Board.

22.—Under-rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at the matter may be referred to the General Board of Reference for determination.

(c) After application has been made to the Board and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

23.—Piecework.

(a) Subject to the minimum wage rates and other conditions herein prescribed, an employer may remunerate any of his workers under any system of payment by results.

(1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

7. A Board to be called "The Advisory Committee" may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

(a) Some person appointed by the Court who shall act as Chairman.

(b) Two representatives appointed by the employers.

(c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (i) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

(a) The names and addresses of the parties to the agreement.

(b) The date of birth of the apprentice.

(c) A description of the industry, craft, occupation, or calling or combination thereof to which the apprentice is to be bound.

(d) The date at which the apprenticeship is to commence and the period of apprenticeship.

(e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial award so far as they concern the apprentice.

(f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

(g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.

(h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in

quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Registrar, and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

- (a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and there-

upon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

- (b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him: Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations, and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

(a) a record of all apprentices and probationers placed with employers;

(b) a record of all employers with whom apprentices are placed;

(c) a record of the progress of each apprentice, recording the result of the examiners' reports;

(d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested, upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the award, or, if no agreement arrived at, as determined by the Court.

43 Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1935," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

INDUSTRIAL AGREEMENT.
No. 14 of 1939.
(Registered 18-8-1939.)

THIS Agreement, made in pursuance of the Industrial Arbitration Act, 1912-1935, this Eleventh day of August, one thousand nine hundred and thirty-nine, between the Amalgamated Road Transport Union of Workers, Perth (hereinafter called "the Union"), of one part, and White Rock Quarries Limited (hereinafter called "the Employer"), of the other part, witnesseth

that, for the consideration hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

1.—Scope.

This agreement shall apply to all workers following the vocations mentioned herein and employed in or in connection with work being done by the employer on contract for the Government of Western Australia: Provided that it shall not apply to workers who are at present provided for in any Award of the Court of Arbitration of Western Australia, or in any Industrial Agreement registered in accordance with the Industrial Arbitration Act, 1912-1935.

2.—Area.

This Agreement shall have effect over the area comprised within the South-West Land Division of the State, except that portion within a radius of twenty-five (25) miles from the General Post Office, Perth.

3.—Term.

This Agreement shall come into operation as from the date hereof and remain in force for a period of one (1) year.

4.—Wages.

Basic wage—£4 3s. 1d. per week.

Table with columns: Adult workers, Margin per week (s. d.), and list of job categories with corresponding rates.

5.—Hours.

(a) The hours of duty shall be forty-six (46) per week. Such hours may at the option of the employer be worked in five and one-half (5½) days or five (5) days in any one week.

(b) In any week in which there are one or more holidays, the hours shall be reduced by the number of ordinary hours the worker would have been required to work on the holiday or the holidays, had such day or days not been holidays.

(c) Any hours worked on any day or days to make up the hours of work in any week shall be worked in a continuous shift.

6.—Overtime.

(a) For all time of duty before the prescribed starting time or after the prescribed finishing time, or after eight (8) hours and forty (40) minutes on Monday to Friday, inclusive, and four (4) hours and forty (40) minutes on Saturdays, or in excess of the hours prescribed in clause 5, payment shall be made at the rate

of time and a quarter for the first two (2) hours and time and a half thereafter: Provided that, where the employer exercises his right to work a five (5) day week and no work is performed on a Saturday which is not a holiday, workers may be called upon to work nine (9) hours and twelve (12) minutes on Monday to Friday, inclusive, without payment of overtime.

(b) All overtime shall stand alone and shall be paid for in addition to the ordinary weekly or casual rate as the case may be.

7.—Sunday and Holiday Work.

(a) Sunday work.—All time of duty on Sunday shall stand alone and be paid for at the rate of double the weekly or casual rate, as the case may be.

(b) Holiday work.—(i) Weekly hands: All time of duty on holidays shall stand alone and be paid for in addition to the weekly wage at the rate of ordinary time. Any weekly worker required to work on a holiday shall be paid at least a half day's pay at holiday rates.

(ii) Casual hands: All time of duty on holidays shall stand alone and be paid for at double the casual rate prescribed in clause 4.

8.—Starting and Finishing Times.

For the purpose of calculating overtime the starting time shall be 7 a.m. or after, and the finishing time on Monday to Friday, inclusive, shall not be later than 6 p.m. and on Saturdays not later than 1 p.m.: Provided that the starting and finishing times set out in this clause shall not apply to shift workers.

9.—Payment of Wages.

All wages shall be paid once weekly, and the employer shall not hold more than two (2) days' wages in hand.

10.—Termination of Employment.

One week's notice at any time on either side shall be required before the engagement of any but a casual worker shall be determined: Provided that an employer may at any time dismiss a worker for refusal or neglect to obey orders, misconduct, carelessness in the performance of his duties, or if, after receiving one week's notice, he does not carry out his duties in the same manner as he did prior to such notice: Provided also, that except for the reasons mentioned in the first proviso to this clause the engagement shall not be terminated by any notice expiring within a week of the Christmas or Easter holidays, if it is intended to re-engage the worker immediately or very shortly after the holidays mentioned, and men in permanent employment shall not be changed to casual workers within one week of the Christmas or Easter holidays.

Notice given every week to determine the employment without any intention to determine the employment at the end of the week, but only with a view to dismissing men at any time, shall not be deemed notice for the purposes of this Agreement, unless given during any strike which affects the employer's business.

11.—Meal time.

Not more than one (1) hour shall be deducted for a meal in any one day.

12.—Annual Holidays.

(a) All workers shall be given one week's leave of absence on full pay after the expiration of each twelve (12) months' service. Such leave shall be given to and taken by the worker within three (3) months of becoming due. Where the engagement of any worker to which this clause applies is terminated after one month's continuous service, or after any period of continuous service, from the date on which the previous annual holidays became due, he shall be paid in lieu of holidays in proportion to the length of his service.

(b) A worker dismissed for misconduct, or who illegally severs his contract of service, shall lose all rights under this clause.

(c) Holiday pay shall not accrue during a worker's absence from his employment for any cause whatsoever.

(d) Each worker shall receive at least two (2) weeks' notice from his employer of the date when his annual leave is to commence.

13.—Payment for Highest Function.

Where a worker is called upon to perform on any day duties which carry a higher rate of pay than the duties he usually performs, he shall be deemed to have worked

the day at the higher rate class and be paid for such day at the higher rate.

14.—Time and Wages Book.

The employer shall provide a Time and Wages Book, to be kept in a place where it is easily accessible to both the employer and the worker. Such book shall show the name of the worker, the nature of the work he performs, the time he starts and finishes work each day, the number of hours worked by and the wages and overtime paid to the worker and his signature for same. The employer and the worker shall be severally responsible for the proper posting of the book daily. Such book shall during working hours on all days of the week be open for inspection by the secretary of the Union, which is a party to this Agreement, or any other person authorised in writing by him.

15.—General Conditions.

(a) The employer shall, when engaging a worker, state definitely whether such worker is engaged as a weekly or casual hand. Failing such notice, the worker shall be deemed to be engaged as a weekly employee.

(b) Weekly hands ready and willing to work for the whole week and not dismissed during the week for any reason set out in clause 10 of this Agreement shall be entitled to a full week's wages.

(c) The employer shall notify his employees on the working day immediately preceding a holiday if their services are required next day. Failing such notice a weekly employee shall be entitled to take the holiday and receive a full week's wages for the particular week in which the holiday occurred.

Where a casual worker has not been notified in accordance with the first paragraph of this sub-clause, he shall be deemed to have worked the hours he would have worked had the day not been a holiday.

(d) Casual hands shall be entitled to payment for the actual hours of duty only and may be stood down owing to weather conditions or when no work is available. Provided that on any day which a casual hand commences work he shall be deemed to have worked one hour at least on such day.

(e) Casual hands shall be notified at the end of the day if their services are not required next day. Failing such notice a full day's wages shall be paid.

(f) Where an employer desires to vary or change his starting and finishing time (in accordance with the provisions of clause 8 of this Agreement), he shall give one week's notice of such variation or change to his workers and post a notice of the intended change at the depot, garage or yard.

(g) A worker other than a casual hand shall be entitled to payment for non-attendance on the ground of personal ill-health for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

16.—Definitions.

(a) "Casual hand" shall mean a person who is engaged as such pursuant to clause 15 (a) hereof, and paid in accordance with sub-clause (i) of the proviso to clause 4.

(b) "Motor-driver's assistant" shall mean and include any worker who accompanies the driver to assist in loading, unloading, or delivering.

WHEREAS an industrial dispute existed between the abovenamed parties, and whereas the said dispute was referred into Court for the purpose of hearing and determination: And whereas the parties subsequently met and conferred and have arrived at agreement on all matters in difference: And whereas the parties have this day appeared before the Deputy President of the Court by their respective representatives and requested that the said agreement should be made an Award of the Court: Now, therefore, the Court, pursuant to section 63 of the Act and all other powers therein enabling it, hereby declares the Memorandum hereunder written to have the same effect as and be deemed an Award of the Court:—

Memorandum of Agreement.

(Note.—Wherever the word "Award" occurs herein it shall be taken to mean and include "Agreement.")

4.—Record Book.

A time and wages book shall be kept by each employer, in which shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day, and the amount of wages received by him each week. The employer shall be responsible for the proper posting of the book each week; the said book shall be open to the authorised representative of the Union at any time during working hours, and he shall be allowed to take necessary extracts therefrom.

Provided that any system of automatic recording by means of machines shall be deemed a compliance with this provision to the extent of the information recorded.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal hour, on the business premises of the employer, but this permission shall not be exercised without the consent of the employer more than once in any one week.

6.—No Reduction.

Any worker who has been prior to the date of this Award in receipt of a higher rate of pay for his particular class of work than that prescribed by the Award heretofore in force shall not by reason of this Award suffer any reduction in the amount by which such higher rate of pay exceeded the amount formerly prescribed; such excess amount shall not be affected by this Award.

Provided that this clause shall not operate so as to apply to any variations or deletions that may be effected from time to time in either the district allowances or industry allowances payable under this Award.

7.—Hours.

(a) The ordinary working hours shall not exceed forty-four (44) in any one week and shall not exceed eight (8) hours daily, to be worked between the hours of 7 a.m. and 5 p.m., from Monday to Friday, inclusive, and four (4) hours between 7 a.m. and 12 noon on Saturday: Provided that the said forty-four (44) hours may be worked in five (5) days from Monday to Friday, inclusive, at the option of the employer: Provided further, that in the case of continuous and/or shift work workers, the provisions of this subclause shall be deemed to have been complied with if the ordinary working hours do not exceed eighty-eight (88) hours per fortnight, to be worked in alternate weeks of forty-eight (48) and forty (40) hours respectively each of such weeks to be worked in shifts of eight (8) hours each, including crib time.

(c) Workers working underground shall work the hours provided in Award, Numbered 2 and 6 of 1934, as amended by Order, Numbered 134 and 409 of 1936, for underground workers.

Should the worker's service underground occupy less than the full underground shift of seven (7) hours twelve (12) minutes, he shall, on the completion of two (2) hours of such service, be credited at ordinary time rate with having performed six (6) minutes' additional service in respect of each hour's absence from the surface on duty; and, at the employer's option, this may be adjusted by allowing time off duty corresponding to such credited additional service.

(d) By agreement between an employer and the Union, the hours of work may in his case be worked under a roster, which shall provide for an average of forty-four (44) hours per week, spread over a period of three (3) weeks.

8.—Overtime.

(a) For all work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) Repairs to the machinery of the employer which is broken down and has caused a stoppage of operations shall be paid for at time and a half for Sundays and holidays.

(c) Work done on Sunday, Christmas Day, Easter Monday, or Labour Day shall be paid for at double time rate.

With respect to workers under this Award working more than one shift, any worker whose ordinary rotation shift falls on Sunday or on any of the abovementioned holidays, shall be paid at time and a third rate for Sunday work, but at the ordinary time rate for work on the other days mentioned.

Any shift worker required to work more than six (6) shifts consecutively shall be paid for the seventh shift at double time rate.

Shift workers required to work weekly rotation shifts shall have their hours of duty so arranged as to permit of one Sunday in every four (4) off duty.

(d) When a worker is recalled to work after leaving the premises, he shall be paid for at least two (2) hours at overtime rates.

(c) When a worker is required to continue working after the usual knock-off time for more than one hour without having been notified on the previous day, he shall be provided with any meal required or shall be paid two shillings (2s.) in respect of any such meal required.

(f) When a worker is required to hold himself in readiness for a call after ordinary hours, he shall be paid at ordinary rates for the time that he holds himself in readiness.

(g) When a worker is required for duty during any meal time whereby his meal time is postponed for more than one hour he shall be paid at overtime rates until he gets his meal.

(h) When computing overtime, any district allowance shall not be computed as an addition to the day's pay.

(i) Systematic overtime shall not be worked. Overtime shall be considered systematic when two (2) weeks' continuous overtime has been worked. No worker shall be permitted to work more than twenty-four (24) hours' overtime in any one week: Provided that this subclause shall apply only within a radius of twenty-five (25) miles from the Kalgoorlie Town Hall and shall not apply to cases where, after application to the secretary of the applicant Union, extra competent labour is not available.

9.—Shifts.

Men working shifts not subject to weekly rotation shall be paid for each shift other than day shift at the rate of time and a quarter.

10.—Holidays.

(a) Each worker shall be entitled to twelve (12) days' annual leave on full pay, or, should the period of continuous employment be less than one year, the worker shall be paid holiday pay in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer: Provided that, where a worker is dismissed for wilful misconduct, he will not be entitled to the benefits of this clause.

(b) The amounts to be paid under subclause (a) shall be calculated at the rate prevailing at the time the payment is made.

(c) The following shall be holidays:—Christmas Day, Easter Monday and Labour Day. If Christmas Day falls on a Sunday, the following Monday shall be kept. These days, if not worked, shall not be paid for.

(d) The provisions as to annual leave shall not apply to casual workers.

(e) Any worker who has taken part in a strike (including a slow strike) or a general or sectional stoppage of work unauthorised by the employer, during the period of service in respect of which the abovementioned annual holidays are granted, shall forfeit one day of such annual holidays for every day or part of a day during which he takes part in a strike, or in such unauthorised stoppage of work, including a stoppage because of a fatal accident.

(f) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay in accordance with the provisions of clause 12 hereof shall not count for the purpose of determining his right to holidays.

11.—Weekly Hiring.

(a) A week's notice of intention to terminate the employment shall be given on either side, except in the case of casual workers.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of clause 12, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed, because of any strike by the Union or Unions affiliated with it, or by any other association or Union, or through the break-

down of the employer's machinery or any stoppage of work by any cause which the employer cannot reasonably prevent.

12.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance, on the ground of personal ill-health, for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause, unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

13.—Payment of Wages.

Pay day shall be in accordance with section 55 of the Mines Regulation Act. Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour of ceasing work, or within one hour of the opening of the office, if such was closed at the time of his ceasing work, whenever same is practicable.

14.—Under-Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

15.—Higher Duties.

A worker engaged for more than two (2) hours in any one day on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day.

16.—Special Provisions.

(a) The employer shall provide such tools as were customarily provided at the time of the making of this Award.

(b) Suitable asbestos sheet and coloured glasses shall be provided by employers for the protection of electric arc operators and their assistants, and suitable mica or other goggles for emery wheel operators.

(c) Suitable rubber gloves, boots, and rubber sheets shall be provided by the employer for use on live conductors or for use in general electrical work, where there is any possible danger of shock. Where employed on 200 volts and over direct current, and on all alternating current live wires, any necessary insulated tools, rubber mats, or other protective appliances shall be provided where required.

17.—Apprentices.

(a) The provisions of Schedule I. hereto marked "Apprenticeship Regulations," subject to any modifications or alterations contained in this clause, are hereby embodied in and form part of this Award.

(b) The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every three (3) or fraction of three (3) journeymen employed by him in that branch: Provided that the fraction of three (3) shall not be less than one.

(c) If the apprentice is employed on a mine and the mine ceases any operations in which the apprentice is engaged, the apprenticeship may be terminated, in which

case the apprentice shall be given a certificate to show the time he had served, and the employer shall endeavour to find him another employer willing to complete the term. Should the apprentice desire to complete his apprenticeship with another employer, the certificate he has received from the former employer shall be *prima facie* evidence of the wages he is entitled to receive and the period necessary to complete his apprenticeship.

(d) If the apprentice shall at any time during the said term be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful or negligent or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

(e) The Court may in its discretion for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, abrogate or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

(f) Apprentices shall be allowed to the following trade, namely, electrical fitting.

18.—Board of Reference.

(a) The Court appoints for the purposes of the Award a Board of Reference for each mine. Each Board shall consist of a chairman, who shall be a person selected by the representatives of the parties, if such may be agreed upon, or failing such agreement, the Warden or Resident Magistrate, if agreeable and willing to act, and, if not, a Government Inspector of Machinery and two (2) other representatives, one to be the manager of the mine in which the difference or dispute arises, or his nominee, representing the employer, and the other a representative of the Union appointed for such purposes by the Union, which may at any time by notification to the employer and the Registrar change such representative.

(b) There shall be assigned to such Board the functions of:—

- (i) deciding matters specifically referred to in the Award as being the subject-matter of a decision of the Board;

- (iv) deciding any other matter that the Court may refer to such Board from time to time.

(c) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1935, which for this purpose are embodied in and form part of this Award. (Regulation 92.)

(1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

- (c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii.) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

- (a) The names and addresses of the parties to the agreement.
- (b) The date of birth of the apprentice.
- (c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.
- (d) The date at which the apprenticeship is to commence and the period of apprenticeship.
- (e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial award so far as they concern the apprentice.
- (f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

- (g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.
- (h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

- (i.) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or
- (ii.) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Registrar and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:—

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him: Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes, if any, shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by

the Award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of one month in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;
- (c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under clauses 15, 18, 19, 20, 22, 23, 33, and 40 of this Schedule, the Union of Workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.
