2.—Scope.

This Award shall apply to the Generating Station at East Perth, controlled by the Commissioner of Railways on behalf of the Western Australian Government.

3.—Term.

The term of this Award shall be three (3) years from the 26th day of September, 1939.

4.—Contract of Service.

(1) Except with the approval of the Commissioner no worker who has had more than six (6) months' continuous service shall leave the employment of the Commissioner until the expiration of seven (7) days' written notice of his intention to do so.

(2) Except in cases of summary dismissal for misconduct, seven (7) days' notice shall be given by the Commissioner to workers (other than casual workers whose services may be dispensed with at any time) and the reason for dismissal shall be given.

5.—Guaranteed Week.

(1) Subject to subclauses (2) and (3) of this clause the Commissioner guarantees to each worker, other than a casual, a full week's work, except during such period as he is unable wholly or partially to carry on the running of the Generating Station by reason of any action on the part of any section of his workers or for any cause beyond his control.

(2) The guaranteed week may be reduced in respect of any worker under suspension; provided that any worker suspended on a charge which is not sustained shall be entitled to the benefit of the guarantee during the period of his suspension.

(3) A worker losing time through sickness or special leave shall be reduced in wages to the extent of the time actually lost through sickness or actually granted as special leave.

6.—Wages (and see also Clause 7).

(1) The basic wage at the time of the making of this Award is £4 2s. 2d. per week.

(2) The several margins payable to workers under this Award are as set out hereunder. These rates are framed on a shift-work basis and, except where expressly specified, take into consideration the fact that the worker is or may be required to work on shift work:—

7.—Special Rates and Provisions.

Other Monetary Allowances.

(1) Casual shift work.—Where a worker is required to work on shifts on a type of work not being regularly worked on shifts at the date of this Award, he shall be paid twenty-five per cent. (25%) in addition to his usual rate, unless he works at least five (5) consecutive afternoon shifts or five (5) consecutive night shifts; but nothing herein contained shall derogate from the right of the Commissioner to put any work now performed as day work on a permanent or regular shift basis if he deems it necessary for the more economical or efficient working of the establishment, and in that event the rates prescribed by subclause (2) of clause 6, which have been fixed with due regard to the obligation to do regular shift work, shall apply.

(2) Workers shall be paid additional allowances as specified hereunder when engaged in the following:—

	Per day.
	s. d.
(a) (i) boiler cleaning work; or	
(ii) working in coal bunkers: or	
(iii) working in the ash receivers attached to the old plant; or	
(iv) cleaning air filters in Nos. 1, 2, 3, and 4 filters; or	
(v) cleaning out hot wells	1 0
(b) working in confined spaces (see definition)	3 0
(c) cleaning condensers and suction pipes	3 0
(d) cleaning under the conveyor adjoining the reserve bunker	1 0
(e) entering a bunker to trim or remove any coal which is on the fire when required by a person in authority to do so	3 0

The several special rates hereinbefore provided in this subclause shall not be cumulative, and a worker who would but for the provisions of this paragraph be entitled to more than one allowance shall be entitled to the allowance for the item which carries the highest rate.

In this subclause "confined space" means a space in which the worker is compelled to work in a cramped position. It is not intended to enlarge or restrict the conception of what has hitherto been regarded as a confined space in the industry, and, subject to this limitation, in cases of dispute as to whether a space is a confined space, the same shall be referred to the Board of Reference constituted under this Award.

(3) Where a worker is required to work overtime for a period of not less than one hour, and has not received a day's notice that he is so required, he shall be paid one shilling and sixpence (1s. 6d.) for a meal, unless he is supplied with a meal by the employer, or it is reasonably practicable for him to go home for a meal.

(4) Where a fireman is required to supervise or direct the work of another fireman by some person in authority, he shall receive an allowance of one shilling (1s.) per day while so supervising or directing.

(5) Workers performing higher duties; workers performing duties in lower grades; temporary vacancies:

(a) Any worker called upon to perform work carrying a higher minimum than his normal rate of pay shall be paid the higher minimum rate for the time he actually performs such work.

(b) Should a worker be required to perform work in a lower grade, his wages shall not be reduced whilst employed in that capacity.

(c) Should a vacancy occur in any higher grade, the next senior worker shall be entitled to promotion to the vacancy, if he is considered competent to fill the higher grade position.

(6) Under-rate workers:

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board and pending the Board's decision, the worker shall be entitled to work for or be employed at the proposed lesser rate.

(7) No reduction: This Award shall not in itself operate to reduce the wages of any worker, including the wages of a worker who was prior to the date of this Award styled a leading fireman, who is at present receiving above the minimum rate prescribed for his class of work.

General.

(8) Entering coal bunkers:

(a) (i) A worker who is required to enter a coal bunker in the course of his duties shall be protected by a safety rope, fixed in such a manner as to afford the worker reasonable protection in the event of a fall or slide of coal.

(ii) No worker shall enter a bunker unless another worker is present on the conveyor floor in possession of a safety rope and remains on the conveyor floor above the bunker during the whole of the time the other worker or workers are in the bunker.

(iii) No worker shall enter a coal bunker unless he has received written instructions from a shift engineer to do so.

(b) Where the provisions of paragraph (a) have not been complied with, a worker who enters a bunker commits a breach of this Award, and if the Commissioner or any person in authority on behalf of the Commissioner permits a worker to enter a bunker in breach of the provisions of paragraph (a), the Commissioner shall be deemed guilty of a breach of this Award.

(9) Manning boilers.—Where there are more than six (6) boilers on range, two (2) firemen shall be employed attending the steam and stand-by boilers only.

8.—Hours.

(1) The normal working hours, exclusive of Sunday time, for other than shift workers, shall be eight (8) hours per day on five (5) days of the week, Monday to Friday, inclusive, and four (4) hours on Saturday in each week.

(2) The normal working hours for shift workers shall be eighty-eight (88) per fortnight, to be worked in alternate shifts, namely, five (5) shifts of eight (8) hours in one week and six (6) shifts of eight (8) hours in the next week: provided that the extra rate prescribed for Sunday time shall stand alone and be paid for in addition to the week's earnings.

9.—Overtime Rates and Special Rates for Sundays and Holidays.

(1) (a) All time worked outside the usual working hours in any one shift shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) Extra rates shall be computed on the rate applicable to the day on which the time is worked: Provided that double time, that is to say, twice the ordinary rates for the shift, shall be the maximum.

(2) Subject to subclause (1) (b) all time worked on Sunday, Good Friday, Labour Day, Christmas Day, and on the worker's rostered day off shall be paid for at the rate of time and a half. The worker working and paid at such rates shall not thereby lose his claim to a paid holiday under clause 10 hereof.

(3) A worker brought on duty for any purpose outside his ordinary working hours shall be paid a minimum of two (2) hours if the work, exclusive of meal times, is not continuous with his shift. No such worker shall be obliged to work for the two (2) hours, if the job for which he has been brought on has been completed in less time.

(4) Notwithstanding anything hereinbefore contained, it shall be a breach of this Award, both by the Commissioner and by the worker concerned, if—

(a) the worker has not at least eight (8) hours off duty before he commences work on his next shift;

(b) a worker who is working overtime works more than four (4) hours without a break of at least thirty (30) minutes for a meal.

10.—Annual Leave.

(1) After twelve (12) months' continuous service a worker shall be granted two (2) weeks' leave on full pay in each year. If a worker is booked off and paid or granted leave with pay on any public holiday, the holiday shall be deducted from the two (2) weeks' leave.

Three (3) additional days' holiday shall be granted to shift workers who work twelve (12) Sundays or more in any one year.

Annual holidays shall be allowed to accumulate for two (2) years at the worker's option. In computing the cash equivalent of each day's leave, it shall be taken on the basis of one-sixth (1/6th) of the pay for a normal forty-four (44) hours' work.

(2) Workers shall be paid for annual holidays at their normal rate of pay immediately before the time when such holidays are taken; but if a worker is acting in a higher temporary position and is receiving a rate of pay higher than his normal rate of pay, and has been receiving such higher rate for a period of not less than three (3) months immediately prior to his taking his holidays, he shall be paid for his holidays on the basis of such higher rate. Every worker, other than a casual worker, who has had one month's continuous service shall be entitled to the foregoing holidays in proportion as the length of service is to the full number of holidays to which he would be entitled if he had served for the full period of twelve (12) months.

(3) No deduction shall be made from the annual holidays for any period during which a worker is off duty through sickness, unless the absence exceeds three (3) calendar months.

(4) Notification of annual leave shall be given by the Commissioner or Management to workers entitled thereto at least a fortnight before the intended commencement of the leave.

(5) Subject to the proviso hereto, any worker who may resign or whose services may be terminated shall be entitled to receive payment for any holidays which may be due to him up to the time of resignation or termination, except where he is dismissed for disobedience of lawful orders or for intoxication, when he shall be entitled to payment only for such leave, if any, as has accumulated from the previous year. Further, if the worker is dismissed for dishonesty, he will not be entitled to any payment for holidays for the current year, or for any leave accrued from the previous year.

11.—Sick Leave.

(1) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health, for one half ($\frac{1}{2}$) day for each completed month of service: Provided that payment for such absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(2) No worker shall be entitled to the benefit of this clause, unless he produces proof to the satisfaction of the Commissioner, or his representative, of sickness, but the Commissioner shall not be entitled to a medical certificate, unless the absence is for three (3) days or more.

(3) No payment will be made for any absence due to a worker's own fault, neglect, or misconduct.

12.—Preference to Unionists.

Except in the case of junior workers, preference of employment shall be given to unionists: Provided there are unionists capable of and available for the work offering.

13.—Board of Reference.

The Court appoints for the purposes of this Award a Board of Reference. The Board shall consist of a chairman and two (2) other representatives nominated by the parties. There are assigned to such Board, in the event of no agreement being arrived at between the parties to the Award, the functions of:—

- classifying and fixing wages, rates, and conditions for any machine, occupation or calling not specifically mentioned in the award;
- adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretation of the provisions of the Award;
- deciding any other matter that the Court may refer to the Board from time to time.

In witness whereof this Award has been signed by the Deputy President of the Court and the Seal of the Court has been hereto affixed this 26th day of September, 1939.
