The Game Act, 1912-13.

PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, } over the State of Western Australia
Lieutenant-Governor. } and its Dependencies in the Common-
[L.S.] } wealth of Australia.

WHEREAS by section 6 of the Game Act, 1912-13, it is provided that the Governor may from time to time by Proclamation declare the close season for any particular native game, either generally throughout the State or in any one or more districts thereof: And whereas the Governor may in like manner exempt from the operation of any such declaration any defined locality: Now, therefore I, the said Lieutenant-Governor, by and with the advice and consent of the Executive Council, do hereby proclaim and declare that the Proclamation under the Game Act, 1912-13, dated the 14th April, 1926 (published in the *Government Gazette* of the 16th April, 1926), as amended by a Proclamation dated the 12th November, 1930 (published in the *Government Gazette* of the 14th November, 1930), is hereby further varied by exempting from the operation of such Proclamation, during the period from the 9th December, 1939, to six o'clock in the morning of the 23rd December, 1939, that part of District A set out in the third column of the Schedule to such Proclamation as is contained in the Districts of Canning, Cockburn Sound, Murray, Wellington, Sussex, Nelson, and Hay.

Given under my hand and the Public Seal of the said State, at Perth, this 30th day of November, 1939.

By His Excellency's Command,

(Sgd.) J. C. WILLCOCK,
Premier.

PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, } over the State of Western Australia
Lieutenant-Governor. } and its Dependencies in the Common-
[L.S.] } wealth of Australia.

WHEREAS by section 8 of the Fisheries Act, 1905-38, it is provided that the Governor may by Proclamation prohibit all persons from—(a) taking fish of any speci-

fied species by any specified means of capture; (b) taking any fish whatsoever by any specified means of capture; (c) taking any fish whatsoever by any means of capture whatsoever in any specified portion of Western Australian waters during any specified time, in any specified year or during a specified portion of every year: And whereas the "Crayfish" is a prescribed species of fish within the meaning of the hereinbefore recited provisions: Now, therefore I, the said Lieutenant-Governor, by and with the advice and consent of the Executive Council, do hereby, in exercise of the powers aforesaid and of every other power enabling me in this behalf, proclaim and declare as follows:—That all those portions of Western Australian waters defined in the Schedule hereto shall be closed against the taking of "Crayfish" by means of pots or "cribs," hoop nets, or meshing nets, from the 1st day of January, 1940, until the 31st day of December, 1940.

Locality Schedule.

- (a) The whole of the waters of Rottneest Island within a radius of half-a-mile from the line of foreshore.
- (b) The waters of the Swan River and its tributaries.
- (c) The waters of Koombana Bay (Bunbury).

Given under my hand and the Public Seal of the said State, at Perth, this 30th day of November, 1939.

AT a meeting of the Executive Council held in the Executive Council Chamber, at Perth, this 30th day of November, 1939, the following Orders in Council were authorised to be issued:—

The Pearling Act, 1912-35.

ORDER IN COUNCIL.

WHEREAS by section 45 of the Pearling Act, 1912-35, it is made lawful for the Governor to close any portion of a Pearl-Shell Area and to prohibit the gathering, collection, or removal of any pearls or pearl-shell within or from the portion so closed, for a specific period: And whereas it is deemed expedient that the whole of that portion of the Shark Bay Pearl-Shell Area known as the South Passage Section, other than those portions held under Exclusive License, shall be closed, and that the gathering, collection, or removal of pearls or pearl-shells within or from that portion so closed shall be prohibited: Now, therefore his Excellency the Lieutenant-Governor, by and with the advice and consent of the Executive Council, hereby directs that the above-mentioned portion of the said Pearl-Shell Area shall be closed and that the gathering, collection, or removal of pearls or pearl-shells within or from the portion so closed shall be prohibited for a period of twelve (12) months from the fourteenth day of December, one thousand nine hundred and thirty-nine.

(Sgd.) L. E. SHAPCOTT,
Clerk of the Council.

The Land Act, 1933-1938.

ORDER IN COUNCIL.

Corr. 3894/14.

WHEREAS by section 33 of the Land Act, 1933-1938, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons, to be named in the order, in trust for the like or other public purposes to be specified in such order: And whereas it is deemed expedient that Reserve No. 22105 (Corrigin Lots 217 and 246) should vest in and be held by the Corrigin Road Board in trust for the purpose of Recreation and Show Ground: Now, therefore, His Excellency the Lieutenant-Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned Reserve shall vest in and be held by the Corrigin Road Board in trust for the purpose aforesaid, sub-

ject nevertheless to the powers reserved to him by section 37 of the said Act.

(Sgd.) L. E. SHAPCOTT,

Road Districts Act, 1919-1938.

Mount Marshall Road District.

ORDER IN COUNCIL.

P.W. 541/38.

HIS Excellency the Lieutenant-Governor, acting by and with the advice and consent of the Executive Council and in exercise of the power conferred by section 211 of the Road Districts Act, 1919-1938, doth hereby extend the provisions set out in Second Schedule to the said Act to the Mount Marshall Road District.

L. E. SHAPCOTT,
Clerk of the Council.

Coal Mines Regulation Act, 1902-1926.

ORDER IN COUNCIL.

Mines 666/38.

WHEREAS it is provided by section 43 of the Coal Mines Regulation Act, 1902-1926, that the Governor in Council may make general rules for all or any of the purposes mentioned, to be observed so far as is reasonably practicable, in every mine: And whereas, by paragraph (v) of subsection (2) of the said section, the providing of safety appliances is one of the purposes for which general rules may be made as aforesaid: And whereas it is also provided by the said section that unless otherwise provided by general rules made as aforesaid, the general rules set forth in the Schedule to the Act shall, so far as may be reasonably practicable, be observed in every mine: And whereas such general rules have been amended and added to by Orders in Council notified in the *Government Gazette* on the 10th day of August, 1906; 18th day of August, 1911, and the 8th day of August, 1913: Now, therefore, His Excellency the Lieutenant Governor, acting with the advice and consent of the Executive Council and in exercise of the powers conferred by section 43 of the said Act, doth hereby by this Order in Council make a new general rule under and for the purposes of the said Act, in the manner set forth in the Schedule hereunder:—

Schedule.

The general rules made under and for the purposes of the Coal Mines Regulation Act, 1902-1926, are amended by inserting after Rule 55 a new Rule, to stand as Rule 56, as follows:—

Safety Helmets.

Rule 56: (1) In every mine where men are employed underground, the owner or his manager on his behalf shall cause to be supplied without cost to each employee employed as aforesaid, a safety helmet of a type approved by the Minister for Mines, and such helmet must be worn by the employee while employed underground in the mine.

(2) The owner or his manager on his behalf shall without cost to the employee replace such helmet when necessary: provided that such replacement is not the result of wilful damage caused by the employee or loss, when the employee himself must pay for such replacement.

(3) Provided that the helmet supplied or replaced by the owner or his manager on his behalf, or replaced by the employee as aforesaid, shall at all times remain the property of the owner.

THE HEALTH ACT, 1911-1937.

The South Perth Road Board.

Health By-law.

WHEREAS under the provisions of the Health Act, 1911-1937, a Local Health Authority may make by-laws, and may amend, repeal, or alter any by-laws so made: And whereas the South Perth Road Board, being the local authority for the South Perth Health District, by a resolution published in the *Government Gazette* on the 5th day of August, 1938, adopted by-law 4A of Part 1, of the Model By-laws as prepared and published in the *Government Gazette* on the 29th day of April, 1938: Now, therefore, the said South Perth Road Board, doth hereby repeal such Model By-law aforesaid and doth substitute in lieu thereof a new by-law, as follows:—

Interpretation.

4A. (1) In the construction of this by-law, unless the context otherwise requires:—

“Dwelling-house” includes every separate residential flat.

“Local authority” means the South Perth Road Board.

“Person” includes a partnership, company, or corporation.

Sanitary Conveniences.

(2) No person shall erect, rebuild, maintain, or use, or suffer to be kept or used, any dwelling-house without providing for the same a sanitary convenience consisting of an earth closet or a water closet, constructed in accordance with the provisions of the by-laws of the local authority or the regulations of the Commissioner of Public Health for the time being in force, as the case may require.

(3) The owner of any laud having a closet or urinal erected thereon shall cause the entrance to such closet or urinal to be effectually screened from public view.

(4) Every room in which a water closet is installed shall have a minimum length of 5 feet, a minimum width of 3 feet 3 inches, and a minimum height of 8 feet.

Bathrooms and Laundries.

(5) (a) No person shall erect, rebuild, maintain, or use any dwelling-house without providing for the same a bathroom equipped with a plunge bath at least 5 feet in length, with an adequate supply of water laid on thereto, to the satisfaction of the local authority.

(b) Such bathroom shall be not less than 5 feet in width at its narrowest point and the floor area of such bathroom shall be not less than 30 square feet and the cubic content of such bathroom shall be not less than 300 cubic feet.

(6) No person shall erect, rebuild, maintain, or use any dwelling-house without providing for the same a laundry, with facilities consisting of at least one pair of washing troughs, with an adequate supply of water laid on thereto, and also one copper properly supported and enclosed, to the satisfaction of the local authority: Provided that the local authority may permit the provision of other facilities in lieu of the troughs above-mentioned, upon such conditions as the local authority may in each case specially determine: Provided further, that in the case of residential flat buildings, it shall be sufficient if a laundry equipped with the facilities above-mentioned is provided for every five flats, any odd number of flats less than five being treated as five for the purpose of this proviso.

(7) The owner of any premises upon which there is no sanitary convenience, bathroom, or laundry facilities as required by this by-law shall, when required by the local authority, provide a sanitary convenience, bathroom, and/or laundry facilities, as the case may be, in accordance with the requirements of this by-law.

(8) The owner of any premises upon which there is any sanitary convenience which does not comply with the provisions of this by-law shall, when required by the local authority, remove from the premises every such sanitary convenience, or alter the same, to make it comply with the provisions of this by-law.

Dated this 8th day of November, 1939.

THE ROAD DISTRICTS ACT, 1919-1938.

Mullewa Road Board.

By-laws for the Management and Use of the Town Hall and other Buildings under the Control of the Board.

P.W. 1549/37.

WHEREAS by the Road Districts Act, 1919-1938, the Road Board of any district is empowered to make by-laws for all or any of the purposes mentioned in the said Act; the Mullewa Road Board, under and by virtue of the said Act and of every authority enabling it in that behalf, doth hereby make and publish the following by-laws:—

1. Interpretation Clause:—In the construction of these by-laws the words—

- (a) "Board" shall mean the Mullewa Road Board.
- (b) "Secretary" means the secretary for the time being of the Mullewa Road Board.
- (c) "Hall" means and includes any hall, room, lounge, corridor, stairway, stage, entrance, yard, or land within the boundaries of the townsite lot upon which any public hall shall be erected.
- (d) "Caretaker" means the caretaker of the hall duly appointed by the Board.

2. Application for the hall shall be made in writing to the secretary or other person duly authorised, or agent, not less than twenty-four (24) hours before the time that such hall is required, and shall state the time and purpose for which such hall is required, nor shall any person or persons be allowed to book such hall more than six weeks prior to the date required (see also clause 5).

3. The name and abode of the actual and responsible person or persons hiring the hall shall be given in the application thereof.

4. Travelling companies shall be required to deposit 50 per cent. of the total actual hire on application and the remaining 50 per cent. before entering the hall.

Local bookings shall pay only 50 per cent. on booking and the balance at the conclusion of the engagement.

5. In the event of two or more applications being made for the hire of the hall for the same date, such applicants shall place their names in a hat at 5 p.m. on a day 6 weeks before the date of the desired engagement and such date shall be allotted to the successful drawer (see also clause 2).

6. The Board may demand at any time that the hirer of the hall shall prior to the date of the engagement deposit one pound (£1), returnable if clause 7 shall be strictly complied with.

7. Any person or persons having hired the hall shall give up possession promptly at the time agreed upon, and shall leave such hall, crockery, or any appliances clean and fit for other occupation or use, and shall leave the furniture and fittings in good condition and in its normal position.

8. The hours for which the hall may be hired shall be:—Day—from 9 a.m. to 6 p.m.; night—from 7 p.m. to midnight: provided that extension of time may be granted upon payment of the prescribed fee as shown in the Schedule.

9. The hirer of any hall under Schedule A hereto shall not be entitled to the use of the biograph room, if already leased or under concession. Application must otherwise be made for the use of same.

10. The Board may grant to any person or company a lease for the exclusive right to hire the hall, for showing sound or other pictures, on such night as may be deemed fit by the Board.

11. Hirers may decorate the hall, using only such fixtures as are specially provided for the purpose, and no person shall drive a nail, screw, spike, etc., into any part of the hall, windows, floor, stage, fixtures, etc., or otherwise deface the hall, unless specially permitted to do so by the Board. All decorations used in the hall in connection with any entertainment must be removed from the premises and destroyed to the satisfaction of the secretary or other person appointed by the Board,

or the caretaker, within 24 hours from the commencement of the hiring period, or the last day or night, if more than one date is required continuously: provided that, with the consent of the secretary, such decorations may be permitted to remain.

12. Under no condition or circumstances will any person or persons be permitted to remove the piano from the position allotted by the Board, excepting under the express supervision of the secretary of the Board, or, in his absence, the caretaker, or other person appointed to that duty.

13. Hirers may make their own arrangements for the safety of anything left in the cloak rooms or in any part of the hall, and the Board shall accept no liability for the loss or damage to same. If any property is found in the hall, the owners may claim at the Office of the Board. Cloaks or other wearing apparel may, however, be left in the care of the caretaker, or any person appointed by the Board for that purpose, but such arrangements must be made directly with the caretaker or person so appointed.

14. The Board reserves the right to accept or refuse the hall, crockery, or any appliances to any person, without assigning any reason for such refusal.

15. The Board may from time to time, or at any time, cancel an agreement for hiring the hall, crockery, or appliances, by giving 24 hours' notice (excepting a contract for the hire of the hall for motion pictures, etc.). The nights so granted by the Board to the picture proprietors under contract shall not be available to the public for hire.

16. The hirer of the hall shall comply with the provisions of the Health Act, the Entertainments Tax Act, the Fire Underwriters' Rules, the Australian Performing Rights' Association Rules, or any other Act governing same which may be in force, or any Act framed thereafter which governs such Acts being applicable to hiring and use of public halls. If in the opinion of the Board all necessary actions have not been taken to comply with the provisions of the Acts herein mentioned, the Board may at any time prior to or during the term of engagement forbid and prevent the use of the hall, crockery, appliances, etc. In the event of the hall, crockery, appliances, etc., being so forbidden or prevented as aforesaid, the hirer shall forfeit the full amount of the hire payable for the hire of the hall, crockery, appliances, etc., as if the hire had been fully exercised and the hire completed, and the Board shall not be responsible for any loss or damage incurred by the hirer.

17. No fermented or spirituous liquors shall be brought into or consumed in the hall, unless by express permission of the Board.

18. No person or persons shall, excepting at a banquet or smoke social, smoke any tobacco, cigar, cigarette, or objectionable substance, nor strike or otherwise ignite any light in the hall or public entertainment or gathering of persons in the said hall.

19. No person or persons shall in any part of the hall:—

- (a) enter, or be allowed to enter, whilst intoxicated or under the influence of intoxicating liquors;
- (b) use profane or improper language;
- (c) be guilty of misbehaviour inside or outside of the hall;
- (d) damage, mark, or deface any wall or other part of the hall or fittings; (Any person who does, permits, or suffers any such damage shall be guilty of an offence, and shall be liable to pay the cost of all such damage, in addition to any penalty imposed under these by-laws.)
- (e) stand, loiter, or cause any obstruction whatsoever in the passages or other parts of the hall. (Any such person doing so shall immediately disperse, on being requested to do so by the secretary, caretaker, or other person authorised by the Board, or any police officer (whether in uniform or not) or the person or persons hiring the hall);
- (f) no athletic games may be performed whilst wearing boots or shoes, unless such boots or shoes are rubber-soled.

20. No offensive impersonations or representations of living persons, or anything calculated to produce a disturbance, riot, or breach of the peace shall be permitted in the hall or grounds.

21. Skating shall not be permitted under any circumstances in the hall, and shall only be permitted on the stage under special circumstances and with the permission of the Board.

22. No encouragement will be given to improper characters to assemble in the hall.

23. Children under the age of 10 years must be under responsible supervision.

24. The hirer of the hall shall maintain and keep good order and decent behaviour, and shall be responsible for any breach in this direction and the carrying out of these by-laws, and for any damage to the buildings, fixtures, fittings, electric light globes, electric light fittings, furniture, or crockery, and shall pay such damages as shall be assessed by the Board. Any article of crockery not accounted for or in a cracked or broken condition shall be paid for at current rates.

25. The secretary, caretaker, or other duly authorised officer of the Board, or police officer, whether dressed in uniform or otherwise shall, if known as such by the hirer or his servant, be permitted to have free access or ingress to the hall at all times during the term of an engagement, and shall have every facility for seeing that these by-laws are duly carried out.

26. No dog, excepting those performing on the stage during an entertainment, shall under any circumstances be permitted in the hall.

27. All churches, public bodies, and sports clubs may select a night for their annual function, such dates being reserved: provided no two or more applications clash as to a given date. In the event of more than one application being received for the same date, clause 5 shall apply: providing such applications (with the exception of the Annual Show Ball and any existing concession) shall be made not later than the first day of March in each year; all such bookings being subject to the Show Ball or concession.

28. Every person who does, permits, or suffers any act, matter or thing contrary to any of these by-laws, or commits or permits any breach thereof, shall be liable on conviction to a penalty not exceeding £10 (ten pounds) for every such conviction.

Passed by resolution of the Mullewa Road Board at a meeting held on the 14th April, 1939.

J. M. STEELE,
Chairman.

P. F. ROOKE,
Secretary.

Recommended—

(Sgd.) H. MILLINGTON,
Minister for Works.

Approved by His Excellency the Lieutenant-Governor in Executive Council this 22nd day of November, 1939.

(Sgd.) L. E. SHAPCOTT,
Clerk of the Council.

C.L.D. 2878/39.

Department of Public Works,
Perth, 30th November, 1939.

HIS Excellency the Lieutenant-Governor in Council has been pleased to approve of the repeal of the regulations made under and for the purposes of the Electric Lighting Act, 1892, and the Electric Lighting Act Amendment Act, 1905, as published in the *Government Gazette* on the 12th day of May, 1922; 30th day of January, 1925; 13th day of February, 1925; 14th day of August, 1925; 13th day of November, 1925, and the 22nd day of January, 1926, and, pursuant to section 25 of the Electricity Act, 1937, has been pleased to make new regulations under and for the purposes of the said Act as set out in the Schedule hereunder.

W. S. ANDREW,
Under Secretary for Public Works.

Schedule.

THE ELECTRICITY ACT, 1937.

Regulations.

1. These regulations may be cited as the Electricity Act Regulations, 1939.
2. These regulations are divided into Parts as follow:—

Part I.—Definitions (r. 3).
 Part II.—Electrical Workers (rr. 4-87).
 Part III.—Cinematograph Operators (rr. 88-126).
 Part IV.—Radio Interference (rr. 127-147).
 Part V.—General Regulations (rr. 148-204).
 Appendix—Forms.

Part I.—Definitions.

3. (a) In these regulations the several words, expressions and terms to which meanings are assigned in the Electricity Act, No. 45 of 1937, have the same meanings respectively. Any other definitions not specifically mentioned in these regulations or the Electricity Act have the same meanings as defined in the Standards Association of Australia Wiring Rules.

(b) Unless inconsistent with the context or subject matter:—

- “Armature winder” (provided same is consistent with the definition of “electrical worker”) means a worker employed on the winding of armatures, stators, rotors and coils and repairs to same, provided such worker is responsible for the final electrical testing of same.
- “Broadcast programme” means any transmissions from broadcasting stations authorised by the P.M.G. of the Commonwealth of Australia for operating on a frequency of or between 550 k.c. to 1,600 k.c. inclusive.
- “Cinematograph” means any moving picture projector and the apparatus pertaining thereto, including sound equipment.
- “Electrical emission” means any electric wave caused by any apparatus which causes interference.
- “Electrical fitter” (provided same is consistent with the definition of “electrical worker”) means a worker employed in making, repairing, altering, assembling, testing or wiring electrical machines, instruments, meters or other apparatus, other than the wires leading thereto.
- “Electric inspector” means a person who is nominated by a supply authority and appointed by the Minister.
- “Electrical installer” (provided same is consistent with the definition of “electrical worker”) means a worker engaged in the installation of electric lighting and power, electric meters, motors and apparatus. (A worker engaged in the actual fixing of meters to boards, brackets or walls is not an electrical installer.)
- “Electrical worker” means any person engaged on electrical work where such work is connected or to be connected to a pressure exceeding 40 volts, but shall not include persons who are engaged in the erection of overhead aerial cables or laying of underground cables or persons engaged in the mechanical fitting of electrical apparatus, or persons engaged on manufacturing or winding of electrical apparatus, unless such persons are responsible for the final electrical testing of such apparatus.
- “Electricity Advisory Committee” means the Electricity Advisory Committee appointed under the Electricity Act, 1937.
- “Government inspector” means any person appointed by the Minister.
- “Installation” means any place where electric wiring or apparatus is installed.
- “Interference” means electrical emissions or waves generated by an electrical or mechanical appliance or associated equipment which causes the normal reception of broadcast programmes through the medium of a broadcast receiver installed to the satisfaction of an authorised radio inspector to be impaired, marred or rendered unintelligible wholly or in part or in any manner detracts from the value of a broadcast item.
- “Licensed operator” means the holder of a cinematograph operator’s license under these regulations.
- “Minister” means the Minister administering the Electricity Act, 1937.
- “Radio inspector” means a person duly appointed under the provisions of the Electricity Act, 1937, and authorised under these regulations.
- “Registered operator” means a person registered in accordance with these regulations.
- “S.A.A. Wiring Rules” means the rules published by the Standards Association of Australia.
- “Secretary” means the person appointed by the Minister under these regulations as secretary to the Board of Examiners.
- “Supply mains” means the electric mains belonging to the supply authority.
- “Suppressing device” means a device recommended and/or approved by the Electricity Advisory Committee or radio inspector.

Part II.—Electrical Workers.

4. For the purpose of this Part there shall be appointed by the Minister a Board of Examiners, hereinafter referred to as "the Board," consisting of five members as follows:—

- (a) one member as representing the Minister, who shall be chairman;
- (b) one member nominated by the electrical contractors;
- (c) one member nominated by the Fire Underwriters' Association;
- (d) one member nominated by the supply authorities;
- (e) one member nominated by the electrical workers;

The members nominated by the electrical contractors, Fire Underwriters' Association, supply authorities and electrical workers shall be holders of an "A" grade license as hereinafter defined, or possess such other qualifications which in the opinion of the Electricity Advisory Committee are at least equal to same.

If any abovenamed body fails to nominate a representative on the Board, the Minister may appoint a person to represent that body on the Board and thereupon such person shall become a member of the Board as if he had been nominated by that body.

5. There shall be paid to each member of the Board the sum of one guinea per sitting and such travelling and other allowances as may be necessary.

6. The Minister shall appoint a suitable officer of the Department of Public Works as secretary to the Board, and such officer shall be responsible for the safe custody of the register, the keeping of proper records therein and the issuing of licenses, certificates and all other necessary documents, and shall be Returning Officer at any election held in accordance with this part of these regulations.

7. (1) For the purpose of electing a licensed "A" grade electrical worker as the Electrical Workers' representative on the Board, the Returning Officer shall, within six months from the date of publication of these regulations and thereafter prior to or upon the expiration of the period for which the electrical workers' representative has been appointed, and subject to regulation 24, upon any extraordinary vacancy occurring arising from death or retirement of the representative before the expiration of the period for which he was elected, cause to be published in the *Government Gazette* a notice in the Form No. 1 in the Appendix hereto, calling nominations from industrial organisations of electrical workers.

(2) The nomination day appointed by such notice shall not be less than 21 days after the date upon which the notice is published in the *Gazette* and the day appointed for the holding of the election and the closing of the poll at such election shall not be less than fourteen nor more than thirty days after the said nomination day.

8. (1) Nominations of candidates shall be lodged with the Returning Officer in the Form No. 2 in the Appendix hereto not later than the day and the time appointed for the receipt of nominations by the notice published as aforesaid.

(2) A nomination shall name the candidate for election, the grade and number of the electrical worker's license held by the nominee, and shall be signed by both the president and secretary of the industrial organisation of which he is a member.

9. If no nominations are received the Returning Officer may extend the time for the receipt of nominations and for the holding of an election in respect of such vacancy. Provided that the period of time between the date for the receipt of nominations and the date of election prescribed in paragraph (2) of regulation 7 shall apply.

10. Every person who twenty-one days prior to the date fixed for the receipt of nominations is a licensed "A" or "B" grade electrical worker shall be entitled to vote at such election.

11. In the event of one candidate only being nominated he shall be declared elected, but if more than one candidate is nominated the Returning Officer shall proceed to take a poll.

12. (1) Where more than one candidate is nominated the Returning Officer shall, within seven days after the date fixed for receipt of nominations, send to each licensed "A" or "B" grade electrical worker entitled to vote—

- (a) one ballot paper with counterfoil attached in the Form 3 in the Appendix hereto initialed or signed by the Returning Officer;
- (b) one ballot paper envelope in the form approved by the Returning Officer;
- (c) one envelope addressed to the Returning Officer.

(2) Each ballot paper, ballot paper envelope and addressed envelope shall be enclosed by the Returning Officer in a covering envelope which shall be fastened and addressed and forwarded by post or otherwise to the person for whom it is intended at his last registered address.

13. The person to whom the ballot paper and counterfoil is addressed, if desirous of voting, shall record his vote on the ballot paper in the manner therein set forth, shall detach the counterfoil from the ballot paper and shall sign the counterfoil. He shall then enclose the ballot paper alone in the ballot paper envelope and seal the envelope, and shall then return the ballot paper envelope with the ballot paper contained therein, and the counterfoil, to the Returning Officer in the envelope addressed to the Returning Officer, so as to be received by him not later than the day and time appointed by the notice of election for the closing of the poll at such election.

14. The vote of a person entitled to vote shall be deemed informal and shall be rejected by the Returning Officer—

- (a) if the ballot paper does not bear the initials or signature of the Returning Officer; or
- (b) if the voter has not marked the ballot paper in accordance with the directions set out therein or has failed to sign the counterfoil;
- (c) if, when the ballot paper is returned, it does not reach the office of the Returning Officer until after the time appointed for the closing of the poll;
- (d) if, when the ballot paper is returned by post, sufficient postage thereon has not been prepaid by the voter.

15. The Returning Officer shall, in respect of the vacancy to be filled at an election, preserve in his custody a locked and sealed ballot box or boxes in which he shall forthwith place all envelopes addressed to him containing ballot papers and counterfoils relating to the election of a representative to fill such vacancy received by him up to the close of the poll.

16. Forthwith after the hour appointed for the close of the poll, the Returning Officer in the presence of such scrutineers duly appointed as may attend, shall—

- (a) open the ballot boxes and produce and open each envelope containing ballot paper envelope and counterfoil received up to the hour of the close of the poll;
- (b) examine each counterfoil and, if found to be in order, open the ballot paper envelope accompanying such counterfoil and remove the ballot paper therefrom;
- (c) examine each ballot paper removed as aforesaid and satisfy himself concerning the formality or informality of the votes therein;
- (d) cancel any ballot papers which are informal and preserve all formal ballot papers for scrutiny;
- (e) proceed to scrutinise the formal ballot papers and ascertain from the marking of the votes on such ballot papers the candidate who has been duly elected as the Electrical Workers' representative on the Board.

17. The counting of the votes and the scrutiny shall be conducted and the candidates to be elected shall be ascertained in the manner prescribed by the Electoral Act, 1907-1936, for the counting and scrutiny of votes and the election of candidates at an election of a representative of the Legislative Assembly and the provisions of the said Act shall *mutatis mutandis* apply.

18. Each candidate may appoint one scrutineer to represent him at the scrutiny and all proceedings at the scrutiny shall be open to the inspection of the scrutineers.

19. (1) Within seven days after the conclusion of the scrutiny the Returning Officer shall by writing inform the chairman of the Board of the name of the candidate duly elected and shall notify the result of the poll in the *Government Gazette*.

(2) The publication of such notice in the *Government Gazette* shall be conclusive evidence that the person named therein was duly elected as the Electrical Workers' representative on the Board.

20. The chairman of the Board shall hold office during the pleasure of the Minister. Other members of the Board shall hold office for a period of three years from the date of their election and shall be eligible for re-election.

21. The Board shall be appointed within six months of the date of publication of these regulations and until such appointment the Board constituted under any previous regulations made under the Electric Lighting Act, 1892, shall continue to act as the Board of Examiners under these regulations.

22. The Board shall meet at such time and place as the Board decides.

23. Three members of the Board shall form a quorum.

24. On the occurrence of any extraordinary vacancy in the Board the Minister may appoint a person to fill the vacancy, and any person so appointed shall hold office only for the remainder of the period for which his predecessor was appointed.

25. The functions of the Board shall include—

- (a) the examination of all persons required to sit for any examination prescribed by this part;
- (b) the examination of applicants for "Sales" licenses;
- (c) the exemption from examination of any applicant for a license;
- (d) the issuing of licenses and permits to successful applicants;
- (e) the advising of the Electricity Advisory Committee with respect to any matters affecting electrical workers.

26. The secretary shall keep at the Offices of the Department of Public Works the register, which shall include the following particulars in respect of every licensed electrical worker—

- (a) number and date of application;
- (b) full name, date of birth and address of the applicant;
- (c) regulation under which application is made;
- (d) date of examination passed by the applicant;
- (e) number, date, and class of licenses issued;
- (f) fees paid and date of payment;
- (g) remarks.

27. There shall be four grades of licenses, viz.:—"A" grade, "B" grade, "C" grade, and a "Sales" license.

28. An "A" grade license shall be issued to any person who has had at least seven years' experience in the electrical trade and who passes the prescribed examination. Application for examinations shall be made in the Form No. 4 in the Appendix hereto. A successful candidate shall make application for a license in the Form No. 5 in the Appendix hereto. The holder shall be licensed to work on any class of electrical work and the license shall be in the Form No. 6 in the Appendix hereto.

29. A "B" grade license shall be issued to any person who—

- (a) has had at least five years' experience in the electrical trade. Provided that this period may be reduced in certain cases if in the opinion of the Board the special work on which an applicant is engaged entitles him to apply for and be granted a license without the necessity of his having five years' experience in the electrical trade;
- (b) is engaged in any of the following sections of the electrical trade:—
Electrical fitting, armature winding, or electrical installing.
- (c) passes the prescribed examination for the section or sections for which he has made application in the Form No. 7 in the Appendix hereto;

(d) has made an application for a license in the Form No. 8 in the Appendix hereto.

The license shall be in the Form No. 9 in the Appendix hereto and shall be indorsed with the section or sections in which the holder is licensed to engage.

30. Applicants for a "B" grade license may sit for examination in all or any of the sections referred to in the preceding regulation.

31. The Board, in addition to indorsing a "B" grade license with the section in which the holder may engage, may also further indorse such license to restrict the holder to engage on direct current or alternating current work only, and may also confine the operation of the license to a particular area or areas and may further indorse such license confining the holder to engage only on any particular class of work in any section.

32. A "C" grade license shall be issued to any person who is an apprentice to the electrical trade, or who is employed by any person to engage in electrical work for the purpose of learning the electrical trade, and who makes application for same in the Form No. 10 in the Appendix hereto. This license shall only entitle the holder to work under the constant and personal supervision of the holder of an "A" grade license, or under the constant and personal supervision of a "B" grade license holder, provided such "B" grade license holder has his license indorsed for the particular class of work on which the "C" grade license holder is employed. A "C" grade license shall not be issued to any person in contravention of any industrial Award or Agreement. The "C" grade license shall be in the Form No. 11 in the Appendix hereto.

33. A "Sales" license shall be issued to any person who is employed at electrical work and who is not required under this part to be the holder of an "A," "B" or "C" grade license: Provided such person, in the opinion of the Board, is qualified to hold such a license. Application for a "Sales" license shall be made in the Form No. 12 in the Appendix hereto. A "Sales" license shall be in the Form No. 13 in the Appendix hereto.

34. "Sales" licenses shall be indorsed showing the class of work for which the license has been issued, and, if necessary, the name of the employer of the holder. Provided that, when a "Sales" license is indorsed with the name of the employer of the holder, such license shall no longer be valid, if the holder leaves the employ of the employer whose name is indorsed on the license.

35. The Board, on receipt of an application in the Form No. 14, in the Appendix hereto, may exempt any applicant for any license from examination, upon receiving satisfactory proof that such applicant is in possession of the required knowledge and experience applicable to the license for which he has made application.

36. Notwithstanding anything contained in the foregoing regulations, the Board may, on receiving an application for any grade of license from a person who has served for the stipulated time on any of His Majesty's ships in the capacity of engine room artificer, and who is in possession of an honourable discharge from the service, and who fails to pass the examination for the licence for which he has made application, grant a permit in the Form No. 15 in the Appendix hereto for such applicant to work under the constant supervision of an "A" or "B" grade license holder. Such permit may be for such periods as the Board may decide, and may be renewed from time to time as the Board may desire.

37. Any person holding a license or permit under this Part may be called upon at any time by the Board to undergo an examination by a competent authority to prove his physical fitness and also his ability to distinguish between the various basic colours. In the case of apprentices who are applying for a license for the first year, such a license shall not be issued unless the application is accompanied by a certificate from a competent authority to the effect that the applicant has proved his ability to distinguish between the basic colours.

The Board may refuse to issue a license or permit to any person who fails to pass the examination or produce such certificate as provided in this regulation.

38. Any person who is the holder of a general license issued to him under any Electricity regulations heretofore in force shall be entitled within six months of these regulations coming into force to make application for and be granted an indorsed "B" grade license. Application shall be made in the Form No. 16 in the Appendix hereto. The indorsement on such license so issued shall restrict the holder to engage only on work as an electrical installer.

39. Any holder of a general license referred to in the preceding regulation who fails to apply within the prescribed period of six months, shall be required to make application on the prescribed form and to pass the prescribed examination for an "A" or "B" grade license.

40. Any holder of a provisional license granted under any Electricity Regulations heretofore in force shall make application for any grade of license on the prescribed form, but such provisional license holder shall not be granted the license applied for until he has passed the prescribed examination.

41. In special circumstances, and at its discretion, the Board may grant a temporary permit for any grade or sales license, but such temporary permit shall not be issued for a longer period than six months in any period of twelve months, and during that period only in respect of which such permit is issued and subject to the conditions indorsed thereon. Such permits shall be in the same form as the respective licenses with the words "Temporary Permit" substituted for the word "License" wherever it appears.

42. Applications for licenses or for permission to enter for examinations shall be made on the form provided for that purpose, and any person who has not previously made application for a license shall forward with the application such testimonials or other evidence of competency, experience, and character as the Board may require.

43. Should an applicant fail to pass the examination or examinations prescribed by the Board it shall not be necessary for him, when subsequently applying for a license of the same grade or section, to supply testimonials or evidence as aforesaid supplied with his previous application.

44. Every license shall be and continue in force from the day of the date thereof until the 31st December then next ensuing, and no longer, and every license shall be renewed from year to year; provided, however, that all licenses which are granted or renewed in the month of November in any year shall be and continue in force until the 31st December in the year next ensuing, and no longer.

45. The Board may in its discretion refuse to grant or renew any license. Any person to whom a license has not been granted, or to whom a renewal of a license has been refused, may appeal to the Electricity Advisory Committee, with a further right of appeal to the Minister, whose decision shall be final.

46. Applications for renewals of licenses shall be made to the secretary of the Board in the months of November or December in any year before the expiration of the license then held by the applicant. The applicant shall produce to the secretary of the Board the current license held by him at the time of application for renewal.

47. Every license in respect of which renewal is not applied for shall be surrendered by the holder to the Board not later than the thirty-first day of January next following the date of expiry thereof.

48. The following fees shall be paid:—

	s.	d.
With the original application for any license	2	6
Upon issue—		
Sales license	1	6
“C” grade license	1	6
“B” grade license	3	0
“A” grade license	5	0
For renewal of license—		
Sales license	1	6
“C” grade license	1	6
“B” grade license	3	0
“A” grade license	5	0
For a copy of any license	2	6
For issue of any permit	2	6
“B” grade license issued under regulation 38 inclusive of application fee	2	6

49. Examinations for licenses shall be held at such times and places as the Board may decide.

50. The scope of the examinations for licenses may include tests in such theoretical and/or practical work and in knowledge of such rules and regulations as may be prescribed by the Board. The Board shall determine the manner of the examinations and may determine that oral, written or practical tests, or any or all of these, shall be employed.

51. Every candidate for any practical examination shall pay to the Board a fee of 5s. Unless and until such fee is paid the candidate shall not be examined by the Board.

52. If a candidate fails to pass any examination prescribed by the Board he shall not again present himself until a period of at least one month shall have elapsed from the date of the last examination.

53. Every license or permit shall be and remain the property of the Board.

54. Every license or permit made or granted under this Part shall contain the name and signature of the person to whom such license is issued, and shall not be deemed to have been granted or issued until it is handed over to the applicant for the license and a receipt therefor signed by the applicant has been received by the Board.

55. In addition to and notwithstanding any penalty which may be inflicted under this Part, if the holder of any license or permit issued under this Part—

- (a) has procured such license or permit by making, producing, or causing to be made or produced any false or fraudulent declaration, certificate, or representation, either in writing or otherwise; or
- (b) has been convicted of a breach of this Part or has carried out electrical work which is not in accordance with the S.A.A. Wiring Rules, or has been convicted of a criminal offence, which breach, work, or offence is of such a nature as to cause the Board to consider it undesirable that such holder should continue to hold such license.

the Board may cancel such license or suspend same for such period as it may think fit.

56. In the event of any person having his license cancelled, the license shall be handed to the Board and no re-issue of such license shall be considered by the Board until a period of three months from such cancellation has elapsed.

57. Any person making application for re-issue of a cancelled license shall follow the same procedure and pay the same fees as if an original application were being made.

58. In the event of any person having his license suspended, the license shall be handed to and be held by the Board for the period of suspension.

59. If the Board has reason to believe that any person to whom a license has been issued is not a fit and proper person to continue to hold such license it may, if it thinks fit, hold an inquiry into the conduct of such license holder, and with respect to such inquiry the following provisions shall have effect:—

- (a) The inquiry shall be held at such time and place as the Board may appoint, the license holder to have the right to engage counsel to represent him at such inquiry. Fourteen days' notice of the Board's intention to hold

an inquiry shall be given, and if the license holder intends to employ counsel he shall give seven days' notice of such intention to the secretary of the Board;

- (b) The secretary of the Board shall furnish to the license holder a statement of the case on which the inquiry is instituted;
- (c) The license holder shall attend such inquiry and may produce such evidence as may be considered necessary;
- (d) The Board shall, upon the conclusion of the inquiry give its decision, but the license holder shall have the right to appeal to the Electricity Advisory Committee against such decision.

60. If any person proves to the satisfaction of the Board that he, without fault on his part, has lost or has been deprived of any license granted him under the provisions of this Part, the Board may deliver an office copy of such license, signed by the secretary of the Board, upon receipt of the prescribed fee.

61. The holder of an office copy of a license issued under the preceding regulation shall be entitled to carry out electrical work as if such office copy were the original license.

62. Every electrical worker who changes his address shall immediately notify the secretary of the Board in writing of his new address. Any notification required to be given under this Part shall be deemed to have been correctly given, if sent by post addressed to the electrical worker at his latest address as it appears in the register of addresses of electrical workers kept by the secretary. Failure to give due notification of change of address shall be deemed a breach of this regulation.

63. The Minister may, on the advice of the Electricity Advisory Committee, acting on the recommendation of the Board, appoint inspectors for the purpose of this part.

64. Inspectors appointed by the Minister shall be provided with a special certificate in the Form No. 17 in the Appendix hereto.

65. The Board or any member thereof or any inspector shall have power to inspect electrical installation or any electrical work in progress except any works of the supply authority.

66. For the purpose of making any necessary inspection, or to examine the license of any electrical worker, the Board or any member thereof, or an inspector, may enter any building or place where electrical wiring and apparatus has been or is being installed.

67. The Minister may, on the advice of the Electricity Advisory Committee, acting on the recommendation of the Board, appoint persons to act in an honorary capacity as license inspectors. Such license inspectors shall be provided with a certificate in the Form No. 18 in the Appendix hereto.

68. License inspectors shall have power to enter any building or place where electrical wiring is installed or being installed, or any electrical work has been or is being done, for the purpose of ascertaining whether the electrical workers employed are duly licensed, and of examining the license of any duly licensed electrical worker.

69. An inspector or license inspector, after production of his certificate of appointment, may require any person engaged or apparently engaged on electrical work to produce his license for inspection, either forthwith to such inspector or license inspector, or by notice in the Form No. 19 in the Appendix hereto, require him to produce it within the time specified to the Board.

70. The Board may, by notice in the Form No. 19 in the Appendix hereto, posted to any duly licensed electrical worker at his address, require such electrical worker to produce his license for inspection by the Board.

71. Any person who fails to produce his license to a license inspector or the Board, when required so to do under the provisions of regulations 69 or 70, shall be guilty of a breach of this Part.

72. All electrical contractors employing electrical workers carrying out electrical work shall nominate a duly licensed electrical worker, who shall be in charge of and be responsible for the workmanship on such installation, and who shall sign all notices to be rendered to supply or other authorities.

73. The electrical worker in charge of any electrical work shall be responsible for giving such notice or notices to supply or other authorities as may be required under this Part. Such notices shall be signed by the electrical worker showing the number of his license.

74. No electrical worker shall sign a notice to any supply or other authority for or on behalf of any other person, or sign a notice for electrical work which he has not carried out or of which he has not been in continuous charge.

75. Nothing contained in regulation 72 shall prevent any action being taken against any duly licensed electrical worker for any infringement against this Part or the S.A.A. Wiring Rules.

76. When it is necessary to have any installation connected to the supply mains before the installation is completed for testing or other purpose, the electrical worker in charge of the work shall notify the supply authority accordingly, and if after the supply authority has made an inspection and is satisfied that such connection is warranted and that the installation is safe, the supply authority shall then notify the electrical worker in charge of the installation to issue a notice in the Form No. 20 in the Appendix hereto before the connection is made.

77. The supply authority may under any circumstances refuse to make any connection, if a permanent run-out and point of entry has not been installed.

78. No electrical worker shall commence or cause to be commenced, except in cases of emergency, any installation work involving new installations or alterations or additions to existing installations, until he has issued to the supply authority at least 48

hours before the commencement of such work a notice of commencement in Form No. 21 in the Appendix hereto. On completion of such installation, the electrical worker in charge of the work shall issue to the supply authority a written notice in the Form No. 22 in the Appendix hereto. No installation shall be connected to the supply mains until such notice has been received by the supply authority.

79. The supply authority shall keep a register of all installations connected to its supply mains. Such register shall state the name of the electrical worker who was in charge of or carried out the installation, and his license number, address and whether the installation is new, additional, or an alteration. Such register shall be available for inspection by any inspector authorised under this Part.

80. No person shall employ, permit, or instruct any unlicensed person to do or perform any electrical work whatsoever, where such work comes within the definition of the duties of electrical workers.

81. No person shall employ a duly licensed electrical worker on any electrical work, save and except such work as may be authorised by the license held by such electrical worker.

82. Any employer who employs, permits, or instructs any person to carry out or perform any electrical work in contravention of this Part or of the S.A.A. Wiring Rules, shall be guilty of a breach of this Part.

83. Any duly licensed electrical worker who performs, carries out or engages in electrical work of a kind or in a manner not authorised by his license, shall be guilty of a breach of this Part.

84. Any person who performs, carries out, or engages in electrical work without first obtaining the requisite license therefor shall be guilty of a breach of this Part.

85. Every employer of electrical workers shall keep a register of such employees, such register to indicate the employee's name, address, grade, and number of license.

86. All work as provided for under this Part shall be carried out in accordance with the Standards Association Wiring Rules for the time being in force and to the approved by-laws of the supply authority, and in accordance with the regulations of any other approved authority.

87. Any person engaged on electrical work may at any time be called upon to submit proof of his knowledge of the method of resuscitation, in cases of electrical shock.

Part III—Cinematograph Operators.

(Relating to the Training, Examination, Registration and Licensing of Cinematograph Operators.)

88. For the purpose of this Part there shall be appointed by the Minister a Board of Examiners, hereinafter referred to as "the Board," consisting of three members, as follows:—

- (a) one member as representing the Minister, who shall be chairman;
- (b) one member as representing the employers of cinematograph operators; and
- (c) one member as representing cinematograph operators.

89. The members of the Board shall be appointed for a period not exceeding three years.

90. The Board shall meet at such times and places as the Board decides.

91. A quorum of the Board shall consist of all the members.

92. On the occurrence of any extraordinary vacancy in the Board the Minister may, on the advice of the Electricity Advisory Committee, appoint a person to fill the vacancy, and any person so appointed shall hold office only for the remainder of the period for which his predecessor was appointed.

93. The Minister may, on the advice of the Electricity Advisory Committee, at any time remove any member of the Board.

94. The functions of the Board shall include—

- (a) the examination of claims for registration without examination;
- (b) the examination of all persons who are required to sit for any examination prescribed by or under this part;
- (c) the examination of applications for registration from persons who claim to have qualified in any other State of the Commonwealth of Australia;
- (d) the advising of the Electricity Advisory Committee in respect of registration and licensing of cinematograph operators.

95. There shall be paid to each member of the Board the sum of one guinea per sitting, and such travelling and other allowances as may be necessary.

96. No person shall be eligible to sit for the examination (or any part thereof) unless he has attained the full age of twenty-one years, has had at least two years' continuous practical training under the direct supervision of a senior operator in a cinematograph projection room during public exhibitions, and has received instructions from any senior operator or other approved instructor in subjects (c), (d), (e), and (f) hereunder, and in such details of subjects (a) and (b) as are appropriate to the scope of the examination for which he desires to sit.

- (a) Electricity.—Knowledge of electrical action in general with regard to direct current and alternating current, motors, generators, transformers, converters, rectifiers, resistances, choke coils, volt and ampere meters, arc lamps, switches, fuses, wires, cables, sound equipment, and the necessary connections for the various appliances.
- (b) Plants.—Petrol, oil, and gas engines.
- (c) Projectors.—Mechanism, optical system, and sound equipment.
- (d) Film.—Care of, handling, joining, and rewinding.
- (e) Practical projection of pictures and sound.
- (f) Safety precautions.—Especially in relation to prevention and extinction of fire in the projection room and rewinding room.

Application to be examined under this regulation shall be made in the Form No. 23 in the Appendix hereto.

97. The Board may accept, if it deems fit, any training done by any applicant in any other State of the Commonwealth of Australia as an equivalent part of the prescribed course: Provided that such training is of the same standard as that prescribed under this Part.

98. (1) The examination shall consist of five parts, as follows:—

Part 1.—General knowledge of the principles underlying and the regulations governing the operation of cinematograph apparatus.

Part 2.—General knowledge of direct current apparatus and its application to cinematograph equipment.

Part 3.—General knowledge of alternating current and its application to electrical equipment used in conjunction with cinematograph apparatus.

Part 4.—General knowledge of the principles underlying the reproduction of sound for cinematograph purposes, and the apparatus ordinarily used in connection therewith.

Part 5.—Personal examination of the candidate in respect of the practical application of his knowledge of the subjects included in the above parts.

(2) The examination in respect of parts 1 to 4, inclusive, shall be written and part 5 shall be a practical and oral examination.

99. Where a candidate passes in part 1 and fails in not more than two other parts he may, with the approval of the Board, be admitted to a supplementary examination in respect of the part or parts in which he failed.

100. Every candidate who passes all parts of the examination shall be entitled to be registered, on application being made in the Form No. 24 in the Appendix hereto, and to receive a license entitling him to operate all classes of cinematograph apparatus.

101. The Board may exempt any candidate from sitting for part 2 (or part 3) and part 4, and every candidate so exempted who passes the parts in respect of which he is not exempted shall be entitled to be registered and to receive a license entitling him to operate such kinds of cinematograph apparatus as come within the scope of the parts in which he has passed.

102. (1) Any registered operator not duly authorised to operate sound equipment or other class of apparatus shall be entitled to so operate, and have his license indorsed accordingly if he—

(a) satisfies the Board by examination or otherwise demonstrates to the Board his competency to operate such equipment or apparatus; or

(b) produces to the Board within twelve months of the date of the coming into operation of this part evidence satisfactory to the Board that prior to such date he had been employed continuously for at least twelve months in a cinematograph projection room in a public building in handling such equipment or apparatus whilst in operation in conjunction with moving picture projection.

(2) The examination shall consist of written, practical, and oral tests, of such nature and scope as the Board considers necessary, having regard to the type of apparatus in relation to which indorsement is desired.

103. Examinations shall be held at such times and places and under such conditions as the Board decides or as the Minister directs.

104. All candidates for examination and all applications for registration shall be examined by all members of the Board.

105. No person shall be registered unless he has attained the full age of twenty-one years.

106. Every person being of the full age of twenty-one years shall be entitled (subject to this part) to be registered as a cinematograph operator if—

(a) he had before the thirty-first day of December, 1939, been employed continuously in the State of Western Australia as a cinematograph operator for a period of at least two years, and makes application in the Form No. 25 in the Appendix hereto; or

(b) he has complied with the provisions of regulation 102 in respect to training and examination; or

(c) he has completed a course of training in any other State of the Commonwealth of Australia equivalent to the prescribed course and passed the prescribed examination: Provided that the Board may require the applicant to undergo such supplementary training as it deems fit before being allowed to sit for examination; application shall be made in the Form No. 26 in the Appendix hereto.

107. (1) Any person who produces evidence satisfactory to the Board of having been registered or licensed as a cinematograph operator by any State authority in any other State of the Commonwealth of Australia may be registered under this part, provided that the standard of training and examination prescribed by such authority is in the opinion of the Board equivalent to the standard prescribed under this part.

(2) The Board may, if it thinks fit, require any applicant for registration under this regulation to pass such examination as under the circumstances the Board deems appropriate, and may in any special case require the applicant to undergo such supplementary training as the Board thinks fit before being allowed to sit for the examination.

108. Every registered operator shall, on payment of the prescribed fee, receive a certificate of registration in the Form No. 26 in the Appendix hereto.

109. The registration of a registered operator shall remain in force for so long as such operator holds a current license, and, if any registered operator fails to renew his license on or before the thirty-first December immediately following the date of

its expiry, the registration of such operator shall be suspended, but such suspension may be terminated upon renewal of the license at any time up to three years from the date of such suspension. If the suspension has not been terminated in the manner aforesaid within three years, the registration shall be revoked.

110. When any registered operator changes his address he shall forthwith notify in writing or inform the secretary of such change, and supply his new address.

111. The Minister shall appoint a suitable officer of the Department of Public Works as secretary of the Board, and such officer shall be responsible for the safe custody of the register, the keeping of proper records therein and the issuing of licenses, permits and certificates of registration.

112. The secretary shall keep at the offices of the Department of Public Works the register, which shall include the following particulars in respect of every registered operator:—

- (a) number and date of application;
- (b) full name, date of birth and address of the applicant;
- (c) regulation under which application is made;
- (d) date of examination passed by the applicant;
- (e) date of approval of registration;
- (f) number, date and class of licenses issued;
- (g) fees paid and date of payment;
- (h) remarks.

113. No person other than a registered operator shall be granted a license to operate a cinematograph and every license shall be granted subject to such conditions as the Board may impose and shall be in the Form No. 28 in the Appendix hereto.

114. No person shall operate any cinematograph in a public building, unless he holds a current license issued by the Board, or a permit granted by the Board, and no person so licensed or permitted shall operate any cinematograph contrary to the conditions of the license or permit.

115. Every license shall expire on the thirty-first day of December in the year in which it was issued and may be renewed by the secretary on payment of the prescribed fee.

116. Where the Board for any adequate reason is unable to consider any application for registration forthwith the Board may, on application being made in Form No. 29 in the Appendix hereto, on production of evidence that the applicant fulfils the requirements of this part in respect of training and competency, grant a permit in the Form No. 30 in the Appendix hereto, to operate subject to such conditions as to period, currency, place, and apparatus as the Board may impose.

117. Every operator to whom a license or permit has been granted shall forthwith, on receipt of such license or permit, write his ordinary signature in the space provided therein for such purpose.

118. Every licensed operator and every person to whom a permit has been granted shall, while on duty, keep his license or permit (as the case may be) in such a position in the projection room or about his person as to enable him to readily produce it for inspection, and such license or permit shall be so produced on demand by any authorised officer.

119. Every registered operator not duly authorised to operate sound equipment or any other class of apparatus shall be entitled to have the authority to do so indorsed on his license, if he complies with the provisions of regulation 102 and makes application in the Form No. 31 in the Appendix hereto.

120. The Board may indorse any license confining the validity of such license to any particular area or place, and also may further indorse such license with the name of the employer of the licensee.

121. After the expiry of six months from the date of the coming into operation of this Part, no licensed operator shall operate sound equipment unless authorised to do so, and such authority shall be in the form of an indorsement on his license.

122. Every candidate for examination, and every applicant for registration or a license or permit, shall pay to the secretary Board of Examiners the appropriate fees hereunder prescribed:—

- (a) for examination under regulation 96—one pound;
- (b) for the personal examination of a candidate under the provisions of regulations 98 and 102—ten shillings;
- (c) for the examination of evidence in relation to applications for registration not involving the personal examination of the applicant—five shillings;
- (d) for a certificate of registration in the prescribed form—two shillings and sixpence;
- (e) for the first license issued to the applicant—five shillings;
- (f) for the renewal of a license—
 - (i) not later than one month after its expiry—two shillings and sixpence;
 - (ii) later than one month but not later than six months after its expiry—five shillings;
 - (iii) later than six months but not later than one year after its expiry—ten shillings;
 - (iv) later than one year after its expiry—one pound.
- (g) for the indorsement of a license with authority to operate sound equipment or other class of apparatus where such authority is granted under the provisions of regulation 102 (1) (b)—five shillings.
- (h) for the issue of a permit—two shillings and sixpence.

123. (1) The license of any cinematograph operator may be suspended or revoked by order of the Board if—

- (a) such license has been obtained by fraud or misrepresentation; or
- (b) he has been convicted of any felony or misdemeanour; or
- (c) he has been convicted of any offence against this Part of these regulations;
- (d) his physical condition is such as to render him incapable of carrying out the duties of a cinematograph operator in a competent manner.

(2) Before suspending or revoking any license, the Board shall cause to be sent to the holder thereof by registered letter a statement of the charge and afford him an opportunity of giving an explanation personally or in writing.

(3) No person whose license has been suspended shall act as cinematograph operator during the period of such suspension.

(4) Every person whose license is revoked shall forward to the Board within fourteen days of such revocation his license and his certificate of registration.

124. Every person who procures or attempts to procure any certificate of registration, license or permit by making or producing, or causing to be made or produced, any false or fraudulent declaration, certificate, application, or representation, or who impersonates or attempts to impersonate any candidate at any examination shall be guilty of an offence against this Part.

125. The Minister, on the advice of the Electricity Advisory Committee, acting on the advice of the Board, may appoint such person or persons as it may think necessary as inspectors for the proper carrying out of this Part. Such inspector shall be provided with a certificate in the Form No. 32 in the Appendix hereto.

126. Inspectors so appointed shall have power to enter at all reasonable times any projection room for the purpose of examining the license of any operator.

Part IV.—Radio Interference.

127. (1) No person shall instal, use, sell, manufacture, or have in his possession any apparatus of any kind which causes or is likely to cause interference, unless such apparatus is fitted with suitable suppressing devices to the satisfaction of a radio inspector authorised under this Part. A notice in the Form No. 33 in the Appendix hereto requesting the fitting of suppressing devices shall be given by the inspector to any person who fails to comply with his verbal demand.

(2) Any person served with a notice under this regulation shall forthwith comply with the requirements of such notice.

128. (1) Where it appears to a radio inspector that any apparatus causes or is likely to cause interference he may, by notice in writing in the Form No. 34 in the Appendix hereto, require the owner, user, or person in whose possession such apparatus is found, within such period as may be prescribed in such notice, being not less than fourteen days after service of the notice—

- (a) to discontinue entirely the use of such apparatus; or
- (b) to discontinue the use of such apparatus, except within the hours specified in such notice; or
- (c) to eliminate and keep eliminated the interfering effect of such apparatus; or
- (d) to reduce and keep reduced, so as to be negligible, the interfering effect of such apparatus.

(2) Any person served with a notice under this regulation shall, unless application for exemption is made as hereinafter provided, forthwith comply with the requirements of such notice.

129. Any person served with a notice under regulation 128 hereof may, within fourteen days of receipt thereof, by written application, apply to the Minister for exemption from all or any of the requirements of such notice, on the grounds set out in the application.

130. Any application for exemption shall operate as a stay of any proceedings commenced under this Part until such exemption is either granted or refused. In the event of the Minister granting exemption such proceedings shall be discontinued immediately.

131. If in the opinion of the Minister no reasonable grounds are shown for exemption from compliance with the requirements of the notice served under regulation 128 hereof, the Minister shall direct written notice of rejection of application for exemption be given to the applicant in the Form No. 35 in the Appendix hereto.

132. If in the opinion of the Minister reasonable grounds for exemption are shown, the Minister shall refer the application to the Electricity Advisory Committee.

133. The Electricity Advisory Committee shall consider the application for exemption, together with any reports from radio inspectors which the Minister may cause to be submitted to the committee, or which the committee may in its discretion obtain and may, in its discretion, but without any obligation so to do, entertain evidence or submissions from or on behalf of the applicant, whether written or oral, and shall certify to the Minister its opinion on the merits of the application.

134. If, after considering the opinion of the Electricity Advisory Committee the Minister is satisfied that exemption should not be granted, the Minister shall direct written notice of rejection of application for exemption shall be given to the applicant in the Form No. 35 in the Appendix hereto.

135. Upon receipt of a notice of rejection under regulation 131, or regulation 134 hereof, the applicant shall be bound to comply with the requirements of the original notice served upon him under regulation 128 hereof, save only that the period fixed therein for compliance with such requirements shall be computed from the time of service of such notice of rejection.

136. If, after considering the opinion of the Electricity Advisory Committee, the Minister is satisfied that exemption should be granted wholly or in part, the Minister shall direct that exemption from compliance with the requirements of the notice be granted to the applicant, or a further modified notice under regulation 128 hereof be served upon the applicant: Provided that notwithstanding the provisions of regulation 129 hereof or any other regulation, no application for exemption may be made upon any such modified notice served under the provisions of this regulation.

137. The Electricity Advisory Committee may at any time, either upon its own motion or on the application of any owner, user, or intending user of apparatus which causes or is likely to cause interference consider any question of exemption, and if the Electricity Advisory Committee is satisfied that, having regard to all the circumstances, it would be unreasonable or inimical to the public interest to require compliance with all or any of the provisions of regulation 127 hereof, may recommend to the Minister that exemption from compliance with all or any of such provisions be granted to any person. On receipt of such recommendation the Minister may in his discretion grant the exemption as recommended.

138. Any exemption granted under regulation 136 or regulation 137 hereof may be granted on such terms as the Minister thinks proper, and subject to such conditions as the Minister thinks fit to impose, and may be for a limited period, and whether expressed to be for a limited period or not may be revoked at any time by the Minister, by notice in writing served on the person to whom the exemption was granted.

139. The owner or user of interfering apparatus shall in the case of any complaint render any radio inspector all reasonable facilities and assistance in order that the cause of the interference may be localised and measures suggested to overcome the interference.

140. The provisions of this Part are not applicable to radio stations authorised by the Postmaster General under the Wireless Telegraphy Act, 1905-1936, or any Act amending or superseding that Act.

141. Where the owner or user of any receiving apparatus erects receiving aerials in close proximity to power mains and approximately parallel thereto, a radio inspector may refuse to investigate a complaint of interference to such receiving apparatus unless and until such aerials aforesaid are re-erected, so that they do not run approximately parallel to such power mains aforesaid.

142. Where the owner or user of receiving apparatus has made a complaint in respect to interference, and a radio inspector after investigation recommends to such owner or user to have alterations or additions made to the receiving apparatus, and such alterations and additions are not carried out by the owner or user, the radio inspector may not further investigate such complaints.

143. Any notice required to be given under this Part may be served personally upon the person to be served, or sent by registered post addressed to such person at his usual or last known place of abode or business, or at any place where any interfering apparatus may be or has been situated, and if sent by post shall be presumed to have been delivered in due course of registered post, and shall be sufficient, notwithstanding that the person to be served may be deceased or under disability and may not have any legal personal representative appointed.

144. Any application to the Minister may be addressed to him at the Department of Public Works, Perth.

145. Every radio inspector shall be furnished with a certificate of appointment in the Form No. 36 in the Appendix hereto.

146. Any radio inspector, or any member of the Electricity Advisory Committee or other person duly authorised in writing by the said Committee, may at any reasonable time, by day or by night, enter any place or premises where there is or where he has reason to believe that there is any apparatus which causes or is likely to cause interference to any wireless receiving apparatus and may inspect and examine any apparatus therein.

147. No person shall obstruct or hinder in any way whatsoever any radio inspector from entering any place or premises where it may be necessary for a radio inspector to enter in order to carry out his duties as a radio inspector.

Part V.—General Regulations.

148. No electrical installation shall be connected to any public electricity supply system, unless carried out by a person licensed to carry out such work and in accordance with the S.A.A. Wiring Rules.

149. Where existing installations do not comply with these regulations or with the S.A.A. Wiring Rules (as existing at the time when the installation was carried out), the supply authority may serve a notice on the consumer stating how such installation does not comply with the regulations or the S.A.A. Wiring Rules, and shall give the consumer a reasonable time to have the installation brought into conformity with the regulations or the S.A.A. Wiring Rules.

150. If such installation is not made to comply with the regulations or the S.A.A. Wiring Rules within the time specified on such notice, then the supply authority may disconnect the installation from his supply mains.

151. Nothing contained in the preceding regulation, however, shall prevent the supply authority from immediately disconnecting any installation from its supply mains, where such installation is in the opinion of any duly appointed inspector dangerous or likely to become dangerous.

152. Electric inspectors shall be appointed by the Minister from nominees of the supply authorities, and every supply authority shall submit to the Minister the names and addresses of persons so nominated. Every supply authority shall nominate at least one person. The names of all persons appointed by the Minister shall be entered in a register especially kept for that purpose.

153. Every supply authority shall by its electric inspector inspect and test every new installation before such is connected to its supply mains.

154. Any faults or defects detected in any installation shall be immediately reported by the inspector to the person who carried out the installation, or to the owner or occupier of the premises, and if such defects or faults are not rectified within a reasonable time, the supply authority shall then report all particulars to the Minister.

155. On the completion of an inspection of any installation, the electric inspector shall complete Form No. 37 in the Appendix hereto and such form shall be forwarded by the supply authority to the secretary of the Board of Examiners within seven days of such inspection.

156. If at any time a complaint is received by the Minister regarding the manner in which any inspection has been carried out by an electric inspector, the Minister may appoint a responsible officer to investigate such complaint, and if as a result of the investigation it is found that such inspection has been carried out in an unfair manner, the Minister may cancel the registration of the electric inspector for such period as he may think fit, and during the period of cancellation it shall not be lawful for the inspector to act as an electric inspector.

157. The Minister may appoint Government inspectors to insure the proper carrying out of any regulations made under the Act, and any inspector so appointed may at all reasonable times inspect the electrical installation, apparatus, or fittings in any place or building.

158. Government inspectors shall be issued with a certificate of appointment in accordance with the Form No. 38 in the Appendix hereto, showing such appointment, and same shall be produced for examination at the request of any person in charge of any electrical installations, apparatus, or fittings.

159. No Government inspector may inspect any generating station, transmission, or distributing works, unless such inspector has his certificate indorsed in accordance with the Form No. 39 in the Appendix hereto, and then only in the company of the person in charge of the generating station or some other person nominated by him.

160. Any Government inspector, after having made an inspection may, by notice in writing in accordance with the Form No. 40 in the Appendix hereto, forbid the use of any installation, apparatus, or fittings, or part thereof, which in his opinion are dangerous or likely to become dangerous or are not in accordance with the S.A.A. Wiring Rules or these regulations.

161. The actual cost of inspections made by a Government inspector at the request of a supply authority, or where inspections are compulsory under these regulations, of any generating stations, transmission, or distribution works, by a Government inspector, shall be charged to the supply authority.

162. Where an installation has been reported as being defective and an inspection by a Government inspector verifies such installation to be defective, the cost of such inspection by the Government inspector shall be charged to the owner or occupier of the premises wherein such installation is installed.

163. Inspections other than those specified in regulations 161 and 162 may be charged at actual cost to the person or persons concerned.

164. The particulars of cost of such inspections by a Government inspector shall be shown on the account rendered for the inspection, and the amount as shown thereon must be paid within thirty days.

165. In the case of new installations the supply authorities, through their electric inspector, shall make their initial inspection free, but any subsequent inspection which may be necessary on account of the installation not being in order may be charged for at such cost as may be specified in the supply authorities' service rules and regulations or by-laws.

166. Inspections by supply authorities, other than those specified by the preceding regulation, may be charged for at such cost as may be specified in the supply authorities' service rules, regulations, or by-laws.

167. Before any repairs or alterations are commenced, the circuits which are to be handled shall be entirely disconnected from the source of supply, unless other adequate precautions are taken to prevent electric shock.

168. Any obvious defect likely to be a source of danger in an installation which is being altered or extended shall be reported by the electrical worker in charge of the work to the supply authority.

169. The connection of an installation to supply mains shall not relieve the owner or occupier of any premises from the obligation of making his installation comply with these regulations or the S.A.A. Wiring Rules.

170. No person or consumer shall permit any wires, cables, fittings, apparatus, appliances, or accessories which are in an unsafe condition to be connected to or remain connected to an installation.

171. No person shall remove or disconnect any wire or cable which may be affixed to any water or other pipe which has been so affixed to act as an earth conductor for any installation, unless such person has satisfied himself that the removal or disconnection of such wire or cable shall not destroy the purpose for which such wire or cable was so affixed.

172. Supply authorities may refuse to connect any premises to their supply mains, where such premises have been installed with generating plant for the purpose of supplying electricity for lighting and/or power purposes, until the owner or occupier has entered into an agreement with the supply authority on such terms and conditions as may be deemed reasonable by the supply authority.

173. The supply authority shall take its aerial service leads to the consumer's point of attachment up to a distance of sixty feet from the street alignment boundary; beyond this distance the supply authority may at its discretion either in-

stal such leads to the point of attachment or ask the consumer to instal same to the satisfaction of the supply authority. If the supply authority does instal aerial service leads beyond the distance of sixty feet aforesaid, the supply authority may make a reasonable charge for same: Provided always, that if underground service leads are installed, the supply authority may charge to the consumer the cost of the underground service leads from the building alignment boundary.

174. Where a consumer has requested the installation of underground supply mains to the point of attachment, the supply authority may in such case charge the consumer the cost of same as from the point of connection to the point of entry.

175. The occupier of any premises shall cause to be completely dismantled from the supply mains all disused portions of an installation thereon, and shall cause such disused portions to be entirely dismantled or sufficiently so to make it clear on casual examination that they no longer form part of the installation.

176. No person except a competent person shall undertake any work on live electric conductors or apparatus where practical knowledge or experience is required in order adequately to avoid danger.

177. Supply authorities shall not employ any person on live overhead work unless such person is experienced in such work, and it shall be incumbent on all supply authorities to satisfy themselves that such person is so experienced.

178. Except in cases of emergency due to breakdown or accident, no person shall work on high pressure or extra high pressure conductors or apparatus unless accompanied by a person competent to render assistance when necessary.

179. Where any accident by explosion or fire or any other accident of such a kind as to have caused or to be likely to have caused loss of life or personal injury has occurred in any electric line, installation, or works, the supply authority in whose district the accident has occurred, or any other person shall immediately give notice of such accident to the Minister, and no apparatus, lines, or poles shall be removed or otherwise interfered with until an inspection has been made by a Government inspector, except where it is found necessary to avoid a possible danger to life or property, or where the restoration of supply is necessary (in cases of the latter all safety precautions shall be observed before supply is restored).

180. Every main shall be tested for insulation after having been placed in position and before it is used for the purposes of supply. The testing pressure for mains used for pressure below extra high pressure shall be maximum working pressure. The testing pressure for extra high pressure lines shall be at least twice the maximum working pressure on all mains to be used for pressures up to 10,000 volts, and at least the value of the pressure plus 10,000 volts on all mains to be used for pressures above 10,000 volts. The test pressure for extra high pressure lines shall be maintained for half an hour and shall be applied to every part of the main. These test pressures and duration of test may be varied to comply with the specification of the British Engineering Standards Association in force for the time being. The supply authority shall keep proper records of tests, and such records shall be made available for inspection when required by the Minister.

181. All switches or circuit-breakers controlling conductors or apparatus made dead for working on shall have suitable tag affixed to the operating handle. Such tag shall have marked thereon "Men at work," or wording of a similar nature, and the tag shall not be removed until the switch or circuit-breaker is again closed; Provided that, where the switch or circuit-breaker is under the sole control of and in sight of the person working on the conductor or apparatus, such tag may be omitted. The main line outdoor switches or circuit-breakers shall be locked when in the open position.

182. All poles and supports carrying mains of 20,000 volts or more shall have some indication of danger thereon, and shall be protected by having at least four turns of barbed wire affixed around at a distance of eight feet from the ground or protected in some other approved manner.

183. Aerial cables carrying current exceeding 6,600 volts shall be so erected and maintained that they shall not be closer than three feet from any cable carrying current at lower voltages, excepting connections to transformers and other apparatus.

184. Cables carrying current exceeding 650 volts shall be so erected that the minimum distance from any bridge or public structure, also any balcony, verandah, or other part of a building accessible without a ladder or special appliances shall not be less than seven feet vertically or three feet six inches in a horizontal direction or otherwise to the satisfaction of a Government inspector.

185. All poles shall be set at sufficient depths in the ground, and, if necessary, in concrete or on foundations, to permit of the required strength of the pole being used, and no work shall proceed on any pole until the foundations are safe.

186. All poles carrying electric cables are to be maintained in good condition, and to be of sufficient strength to support the cables, and, with a view to preventing injury (as in the case of wooden poles by dry rot, white ants, etc.), are to be examined every twelve months, and any pole found to be unsound shall be made safe or replaced.

187. All cables, connections, cross arms, insulators, and attachments of cables are to be examined when necessary, and all defective cross arms, insulators, and attachments removed and replaced and the cables restrained if required.

188. All aerial service lines from aerial lines shall be connected at a point of support only, and shall be fixed to insulators firmly attached to some portion of the consumer's premises which is not accessible to any person without the use of a ladder or other special appliance.

189. Every aerial line shall be stranded and shall be attached to suitable supports. The distance between such supports shall not exceed 200 feet, where the direction of the line is straight, or 150 feet, when the direction of the line is curved or

where the line makes a horizontal angle at the point of support, except that in certain areas the foregoing distances may be increased or decreased in accordance with standard practice. Where necessary, standard practice will be defined by the Electricity Advisory Committee.

190. Where guy wires attached to poles carrying pressures above 650 volts are accessible to any person, insulators shall be inserted in the same at a vertical height of not less than 10 feet from the ground level and at least 3 feet below any live conductors. The insulator so fixed on any guy wire must have a test pressure of at least one half of the line insulator which is carrying the highest pressure.

191. Every supply authority shall provide a log book in the form prescribed by the Minister, to be kept by the attendant at each power station, in which he shall enter every alarm or other emergency call, together with the action taken in regard thereto, at the time of the occurrence, as directed by the instructions printed upon the cover of such log book.

192. The attendant shall be responsible for the safe custody of the log book, which shall be produced for inspection by any inspector authorised under these regulations, or by the Minister; also at any inquiry. During any absence of log book (or at any inquiry as aforesaid), a supplementary log book shall be provided for use.

193. Upon receiving the intimation of any accident or circumstances in which the continuance of supply of current on any section would involve risk to life or property, or in the event of a fire where live cables would involve risk of life or property, the attendant shall cut off the current from the circuits affected, and such circuits shall be kept cut off until further instructions have been given by a responsible officer, or until the attendant is satisfied that danger has ceased to exist.

194. The time and particulars of all such actions are to be entered in the log book.

195. Every supply authority shall give notice to the Minister in the Form No. 41 in the Appendix hereto of any accident which causes serious or fatal injury to any person.

196. All power stations shall be placed in direct telephonic communication with the telephone exchange where possible, the telephone or extension bell being so placed that the call can easily be heard by the attendant on duty.

197. All persons selling portable electrical appliances where such appliances should be earthed, shall ascertain if the appliance which is being purchased is to be used in an earthed situation, and in such cases it shall be an offence for the seller of the appliances to sell such appliances, unless fitted with a three-way flexible cord, if same is sold with a cord attached.

198. No portable electrical appliance, except all insulated appliances, shall be connected to or used from any outlet or socket in an earthed situation unless such electrical appliance is efficiently earthed.

199. It shall be an offence against these regulations for any employer to allow or cause to be allowed the use of any electrical appliance, where such appliance is used in an earthed situation, unless efficiently earthed in accordance with the previous regulation.

200. All inspectors appointed under these regulations by the Minister shall carry their certificate of appointment with them, and such certificate shall, if required, be produced on demand to any person in charge of any building or place into or upon which any inspector may wish to enter.

201. Every person who by any act or omission fails in any respect to observe, perform or comply with any provision or requirement of any of the foregoing regulations shall be guilty of an offence against these regulations, and shall on summary conviction be liable to a penalty not exceeding fifty pounds.

202. All proceedings in respect of any such penalties or forfeitures may be taken by and in the name of any person authorised in that behalf by the Electricity Advisory Committee, or in proceedings for breaches of regulations contained in Parts II and III by the Board, as the case may be.

203. A copy of these regulations shall be exhibited in a conspicuous place in every power station, electrical workshop, or establishment, for the information of attendants and others concerned.

204. These regulations, in so far as they are applicable to factories and mines, are in addition to and not in substitution of any regulations made under any other Act.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

No. 175 of 1938.

Between The Western Australian Clothing and Allied Trades' Industrial Union of Workers, Perth, Applicant, and Goode, Durrant and Murray, Limited, and others as per Second Schedule attached hereto, Respondents.

The 15th day of August, 1939.

HAVING heard Mr. T. McNee, on behalf of the above-named Union, and Mr. G. F. Gill, on behalf of the respondents, and by consent, the Court hereby orders and declares that Award, numbered 6, 7, 8, 9 and 10 of 1933, as amended, is hereby further amended so as to read as follows:—

1.—Scope.

This Award shall apply to all employers and workers in:—

Section (1)—Men's and Boys' Clothing (Outer Garments, etc.):

The men's and boys' clothing (outer garments) in ready-made work and the shirt-making industry which, without limiting its meaning, shall include, amongst other items, the making and/or alteration of ready-made suits, overcoats, denims, shirts, pyjamas, and flannels and the making and/or alteration of shirts to measure and/or;

Section (2)—Order Dressmaking, etc.:

The dressmaking industry in order work, which, without limiting its meaning, shall include amongst other items the making and/or alteration of the following—bespoke work, garments that are fitted on, garments that are cut to chart measure, and/or;

Section (3)—Ready-made Dressmaking, etc.

The making and/or alteration of stock costumes, stock dresses, stock mantles, underclothing, gloves, handkerchiefs, serviettes, pillow-slips, pillow shams, sheets, tablecloths, aprons, lampshades, ties, neck-wear embroidery, and such other articles of wearing apparel of any description as are not provided for in the other sections of this clause, and/or;

Section (4)—Millinery:

The making and/or alteration of headwear and millinery, which term includes, without limiting its meaning, the making and/or trimming and/or alteration of all descriptions of hats, caps, helmets, bonnets, straw hats and all the other articles of headwear, but does not include the making and/or alteration of felt hats, and/or;

Section (5)—Knitting:

The making of hosiery and all knitted garments including knitted wool, silk, or artificial silk or cotton.

2.—Hours.

(a) The ordinary working hours for all workers shall not exceed forty-four (44) in any one week. Such hours shall, with the exception of male workers employed in section (5)—(Knitting) be worked between 8 a.m. and 6 p.m., from Monday to Friday, inclusive, and between 8 a.m. and 1 p.m. on Saturday.

(b) Male workers in Section (5)—Knitting—may be worked at any time during the twenty-four (24) hours of each day, from Monday to Friday, inclusive, and at any time up to 1 p.m. on Saturday.

(c) The actual times at which shift or other work is commenced and finished shall be mutually arranged and agreed upon between the employer and the worker.

(d) A notice shall be posted up in each factory setting out the starting and finishing times of shift or other work in operation for the time being in the factory or workshop.

(e) No alteration of such starting and finishing times shall be introduced until seven (7) days shall have elapsed after the Union has received notification of such alteration.

(f) Provided that, at the option of the employer, the forty-four (44) hours may be worked in five (5) days.

3.—Overtime and Meal Money.

(a) Any worker who is employed in excess of the hours fixed for any one day, or in excess of forty-four (44) hours in any one week, shall be paid overtime at the rate of time and a half.

(b) Each day shall stand alone, and a minimum overtime payment of one shilling (1s.) shall be made for each day on which overtime is worked.

(c) When overtime is worked after 6 p.m. (Monday to Friday, inclusive) the worker shall be paid one shilling and sixpence (1s. 6d.) meal money: Provided that meal money shall not be payable where a worker continues to work after the prescribed finishing time for one half hour or less.

4.—Suspension of Work.

One day's notice shall be given of suspension of work, or that a worker (which term includes an apprentice) will not be wanted to attend at the factory or workshop, and the employer shall be liable only for payment of wages up to the time of the expiration of such notice.

If at any time work is suspended or a worker is told that he will not be wanted to attend at the factory or workshop, without such one day's notice having been given, a worker shall nevertheless be entitled to one day's pay, or to payment for such lesser time as work may be suspended or the worker is not wanted to attend at the factory or workshop respectively, unless the suspension of work arises from some cause beyond the employer's control, in which case, and subject to the provisions of clause 18 hereof, the employer shall not be liable to pay any worker for the time during which work is so suspended.

A worker shall give similar notice to his employer when he desires to be absent from work, except in the case of sickness or emergency beyond his control.

Provided that, if an apprentice is put on broken time under this clause, the apprentice shall receive his six monthly increases in wages in the same manner as would be the case if he had worked full time, and he shall have the period of service allowed in full: Provided that he passes the periodical examinations to the satisfaction of the examiners.

In the event of the worker's services being terminated whilst suspended from work under this clause, the provisions of clause 13 shall apply, and the worker shall either receive or give the necessary notice or pay in lieu as therein provided.

The worker in such case shall also be paid for any holidays to which he is entitled under the provisions of clause 16 hereof.

5.—Outdoor Work.

All work shall be done in the workshop provided and controlled by the employer, except as hereinafter provided—

(1) Should an employer desire to employ, or a worker desire to be employed outside the factory, he or she may, for such purpose, make application to the Chief Inspector of Factories for a permit.

(2) On receipt of any such application the Chief Inspector of Factories shall send a copy thereof by registered letter to the secretary of the Union.

(3) If the Chief Inspector is satisfied that—

(a) the person to whom it is proposed to give such work cannot work on the employer's premises owing to old age, infirmity, or domestic ties; or

(b) the accommodation in the employer's factory is fully occupied,

he may grant such permit: Provided that no employer shall be allowed to employ more than one such worker to every ten (10) or fraction of ten (10) indoor workers, and, except for the reasons set forth in subclauses (a) and (b), no permit shall be issued. A worker shall be deemed to have "domestic ties" if he has at least one person wholly dependent upon him.

(4) Persons doing outdoor work shall not employ labour, except members of their family resident with them.

(5) Such outdoor work shall be paid for at the piece-work rates provided in this Award.

(6) Outdoor workers shall be provided free of charge with cotton, silk, thread, and all other sewings and trimming used in the manufacturing of garments.

7.—No Reduction.

Nothing in this Award shall in itself operate to reduce the wage of any worker, other than pressers, below the rate actually received by him at the date hereof.

8.—Piecework.

(a) An employer may make a contract with any worker or group of workers for payment by results by piecework.

(b) The rate of payment shall be fixed on the basis that it shall be sufficient to yield to a worker of average capacity for a full week's work of the ordinary hours, at least the minimum time rate of pay as prescribed herein for such week's work: Provided that, where a worker works part of a full week at piecework rates and part at time rates, he shall be paid so much as he is entitled to receive under such piecework rates, plus the proportionate amount which he is entitled to receive under this Award at time rates of pay.

(c) A worker working under any system of payment by results shall receive at least the time rate of pay as prescribed herein.

(d) In the event of any dispute regarding piecework rates occurring and remaining unsettled between the employer and the workers, the employer or the Union may refer such dispute to the Board of Reference.

(e) The employer shall supply to each worker employed on piecework, before the work is put in hand, a docket containing the particulars of and the rates to be paid for such work.

(f) In cases where an employer requires from a time-worker a minimum quantity of work in return for a specified rate of pay, the following conditions shall apply:—

- (1) The employer shall supply the worker with a docket showing the quantity of work required and the rate at which such work is calculated; or
- (2) These particulars shall be posted in a conspicuous place in the factory, or workshop.
- (3) The rate shall not be less than the recognised piecework rate for similar work; or
- (4) If there be no recognised piecework rate, the conditions of (a), (b), and (c) of this clause shall apply.
- (5) The same piecework rate shall be paid to all pieceworkers doing the same operation, whether they be junior or adult or fully paid workers.

9.—Respite.

Where a female worker is employed for more than four (4) hours continuously, she shall be allowed an interval of ten (10) minutes for refreshment during such period, without deduction from the wage, and such interval shall be computed as part of her working time.

10.—Junior Workers.

(a) "Junior worker" means a worker over the age of fourteen (14) years, in the case of males, and over the age of fifteen (15) years in the case of females, and under the age of twenty-one (21) years in both cases.

(b) Female junior workers may be employed in all branches of the industry.

(c) Subject as hereinafter provided, male junior workers may be employed only in those classifications in which no provision is made for male apprentices.

(d) Junior workers, upon being engaged, shall furnish the employer with a certificate showing the following particulars:—

- (1) Name in full;
- (2) Age and date of birth;
- (3) Name of each previous employer; and
- (4) Length of service with each previous employer.

This certificate shall be signed by the worker.

No worker shall have any claim upon an employer for additional pay, in the event of the age or experience of the worker being wrongly stated on the certificate. If any worker shall wilfully mis-state his age or experience in the above certificate he alone shall be guilty of a breach of this Award.

Any such certificate shall be open for inspection by the Union representative during working hours.

(e) Junior workers shall not be employed in excess of the following proportions:—

Section (1)—Men's and Boys' Clothing (Outer Garments), etc.:

Three (3) juniors to every two (2) adults or fully paid workers: Provided that, where only one adult or fully paid worker is employed in this section, one junior worker may be employed, and, likewise, for every odd adult or fully paid worker over any two (2) adult or fully paid workers employed, there shall be allowed one junior worker.

Sections (2), (3), and (4)—Order Dressmaking, etc., Ready-made Dressmaking, etc., and Millinery:

Five (5) juniors to each two (2) adult or fully paid workers: Provided that, where only one adult or fully paid worker is employed, two (2) junior workers may be employed, and, likewise, for every odd adult or fully paid worker over any two (2) adult or fully paid workers employed, there shall be allowed two (2) junior workers: Provided further, that where no adult or fully paid worker is employed one junior worker may be employed.

Section (5)—Knitting.

Three (3) juniors to each adult or fully paid worker: Provided that, where no adult or fully paid worker is employed, one junior worker may be employed.

Any employer shall have the right to apply to the Board of Reference for a greater proportion of junior workers, and the Board of Reference may grant such employer additional junior workers where the employer is able to justify his application before the Board.

(f) Any junior worker without previous experience entering the trade at sixteen (16) years of age or over may be paid for the first year, and thereafter, until twenty-two (22) years of age, the rate of pay he or she would have received had he or she been one year younger: Provided that, at twenty-one (21) years of age, any such worker shall receive not less than the basic wage.

11.—Under-rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for or be employed at the proposed lesser rate.

12.—Record Book.

The employer shall keep or cause to be kept a time and wages book, wherein shall be entered:

- (a) the name of each worker paid by time;
- (b) the nature of his employment;
- (c) the time he commences and finishes work each day;
- (d) the total hours worked each day;
- (e) the wages received therefor;
- (f) the age of each junior worker.

The employer shall be responsible for the proper posting of the book each week, which shall be signed weekly, only if correct, by each worker.

Such book shall be open for inspection at the factory office by the Union representative during working hours.

Provided that an employer may at his option, in lieu of a time book, provide a mechanical clock for the purpose of recording the starting and finishing times of workers, in which case a record of the number of hours worked each day by each worker, and the wages and overtime paid to each worker, shall be entered on a card or check (used in connection with such clock), which shall be signed by the worker on receipt of wages each week.

The employer and the worker shall be severally responsible for the correct keeping daily of such card or check, which shall be open to inspection in the same manner as the time and wages book before-mentioned.

By agreement with the Union, some other method or system may be adopted in place of a book or a time clock.

13.—Termination of Service.

The contract of service of all workers, excepting casual workers and apprentices, shall be terminable by two (2) days' notice given on either side.

Any worker employed for less than five (5) consecutive working days, exclusive of any hours of overtime which may be worked, shall be classed as a casual worker, and one hour's notice on either side shall be sufficient to terminate the employment, but this provision shall not apply in respect of a worker re-entering the service of the same employer within one year of the termination of employment under such provision.

14.—Posting of Award.

A copy of this Award shall be kept in a place, where same may be inspected by any person concerned.

15.—Visiting Workshop or Factory.

The Union secretary, or a duly accredited representative of the Union, shall be allowed to interview workers in the workshop or factory during lunch time, and to post notices relating to union matters.

16.—Holidays.

Each worker (other than a casual worker) shall be entitled to twelve (12) days' holiday on full pay for each year of service. Such holidays shall be granted in the following manner:—

Subject as hereunder provided, the following nine (9) days, or the days observed in lieu, shall be taken as they occur, namely, New Year's Day, Anniversary Day, Good Friday, Easter Monday, Labour Day, Anzac Day, Foundation Day, Christmas Day, and Boxing Day.

The remaining three (3) days shall be taken between the twenty-seventh and thirty-first days of December inclusive: Provided that, if it be considered by the employer to be inconvenient to grant such three (3) days between the dates above recited, he shall notify the Union in writing on or before December the eleventh, and the employer and the Union shall thereupon agree upon the dates that such three (3) days shall be taken: Provided further, that the dates so agreed upon shall be such as to enable the worker to take the three (3) days due by the last day of February following.

When any of the abovenamed holidays falls on a Sunday, some other day shall be granted in lieu thereof.

In the event of a worker being in the employment of an employer when any of the abovenamed holidays occur, he shall only be entitled to such holidays on full pay as are proportionate to his length of service with such employer, and, if such holidays are not equal to the holidays given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on holidays on full pay.

Except where the worker is suspended under clause 4, holiday pay shall not accrue during a worker's absence from his employment for any cause whatsoever.

A worker who is dismissed for misconduct or who illegally severs his contract of service shall lose all rights under this clause.

17.—Payment of Wages.

(a) All workers shall be paid in full all moneys due to them during ordinary working hours not later than the day following the termination of the week, but not on Saturday.

(b) Where the engagement of a worker is terminated, all moneys due to such worker shall be paid within five (5) minutes of the termination of the contract of service.

18.—Breakdowns, etc.

The employer shall be allowed to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed, because of any strike by the Union or any other Union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent: Provided that the employer shall not make any deduction from the wage for such time as may lapse until the worker is notified by the employer that his services will not be required pending a resumption of work, or repairs being effected.

19.—Payment for Sickness.

A worker, other than a casual worker or apprentice, shall be entitled to payment for non-attendance on the ground of personal ill-health, for one half day for each completed month of service: Provided that payment for absence through such ill-health shall be limited to six (6) days in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is in receipt of compensation under the Workers' Compensation Act.

20.—Board of Reference.

The Court appoints, for the purpose of this Award, a separate Board of Reference for each section of the industry. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties.

There are assigned to the Board, in the event of no agreement being arrived at between the parties to this Award, the functions of:—

- (a) adjusting any matters of difference which may arise between the parties from time to time, except such as include interpretations of the provisions of this Award or any of them;
- (b) classifying and fixing wages, rates, and conditions for any occupation or calling not specifically mentioned in the Award;
- (c) deciding any other matter that the Court may refer to the Board from time to time;
- (d) allowing a greater proportion of junior workers to be taken on by an employer than the proportions prescribed in clause 10 (e) of this Award: Provided that the employer is able to justify his request to the Board for such greater proportion of junior workers.

The provisions of regulation 92 of the regulations under the Industrial Arbitration Act, 1912-1935, shall be deemed to apply to any Board of Reference appointed hereunder.

21.—Higher Duties.

A worker engaged on any one day for more than half of such day on work in a higher class than that which he is usually engaged in shall be paid for the full day at the highest prescribed rate for any such work, but, if engaged for half a day or less on such higher class work, he shall be paid at the prescribed rate for the actual time he performs such higher class work.

22.—Charge Hands.

Where a worker is responsible for the work of three (3) or more other workers, he shall receive at least one shilling (1s.) per day in addition to the minimum rate of wage prescribed for his class of work.

23.—General.

(a) Words used herein importing the masculine shall, unless repugnant to the context, be deemed to include the feminine also.

(b) No worker under the age of sixteen (16) years shall be employed as a presser: Provided that this shall not apply to the pressing of hosiery.

(c) Nothing in this Award shall operate or be construed so as to permit an employer who is employing his full proportion of apprentices to employ junior workers also: Provided that an employer may employ either junior workers or apprentices or both, but so that the proportion of either or both shall not exceed the proportions laid down in clauses 10 and 26.

24.—Term.

The term of this Award shall be three (3) years from the date hereof.

25.—Area.

This Award shall apply over the area comprised within a radius of twenty-five (25) miles from the General Post Office, Perth.

26.—Apprentices.

(a) The provisions of the First Schedule hereto attached, marked "Apprenticeship Regulations," are hereby embodied in and form part of this Award.

(b) Apprenticeship under this Award shall be confined to males only, and the terms of apprenticeship for such male apprentices shall be as follow:—

- Section (1)—Men's and Boys' Ready-made Clothing (Outer Garments), etc.:
Stock cutting and/or pressing and/or coat and vest making, and/or coat machining Five (5) years
- Section (3)—Ready-made Dressmaking, etc.:
Stock cutting Five (5) years
- Section (5)—Knitting:
All branches Five (5) years

(c) The maximum number of apprentices allowed to any employer shall be in the following proportions:—

- Section (1)—Men's and Boys' Ready-made Clothing (Outer Garments), etc.:
Stock Cutting and/or Pressing:
One apprentice to every two (2) or fraction of two (2) adult or fully paid workers.
Coat and Vest-making and/or Coat Machining:
One apprentice to each adult or fully paid worker.
- Section (3)—Ready-made Dressmaking, etc.:
Stock Cutting:
One apprentice to every two (2) or fraction of two (2) adult or fully paid workers.
- Section (5)—Knitting:
All Branches:
Two (2) apprentices to every one adult or fully paid male worker.

(d) With regard to all Agreements of Apprenticeship for females in this industry, which were entered

into prior to the date of this Award, the following provisions shall apply:—

- (1) Subject to subclause (2) hereunder, each such Apprenticeship Agreement shall continue in force until the date of its expiry.
- (2) The "Apprenticeship Regulations" embodied in and forming part of this Award shall apply to each such Apprenticeship Agreement.
- (3) The wage payable shall be that set out in the particular Clothing Trades Agreement in force at the time and under which the Apprenticeship Agreement was entered into, and such wage shall be adjusted so as to increase or decrease pro rata to the basic wage as declared from time to time by the Court.

By the Court,
(Sgd.) A. A. WOLFF,
Deputy President.

(L.S.)

FIRST SCHEDULE.

Apprenticeship Regulations.

The Schedule referred to in clause 26 (a).

Definitions.

1. (1) "Act" means "The Industrial Arbitration Act, 1912-1935," and any alteration or amendment thereof for the time being in force.
- (2) "Apprentice" means any person of either sex of any age who is apprenticed to learn or to be taught any industry, trade, craft, or calling to which these Regulations apply, and includes an apprentice on probation.
- (3) "Award" includes Industrial Agreement.
- (4) "Court" means the Court of Arbitration.
- (5) "Employer" includes any firm, company or corporation.
- (6) "Minor" means a person not less than fourteen years of age and not more than eighteen years of age who customarily works under the direction of or in association with an employer, master, or journeyman upon the material and with the tools or implements used in the industry.
- (7) "Registrar" means the Registrar of the Court.

Employment—Probation.

2. No minor shall (except where provision is otherwise made in this Award) be employed or engaged in the industry, except subject to the conditions of apprenticeship or probationership herein contained.
3. (1) Every apprentice shall be employed on probation for a period of three months to determine his fitness or otherwise for apprenticeship, and shall work only for such hours per day and for such remuneration as may be prescribed by the Award. In the event of his becoming an apprentice such probationary period shall be counted as part of the term of apprenticeship.
- (2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.
4. (a) Any employer taking an apprentice on probation shall within 14 days thereafter register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these Regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.
- (b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.
5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also

conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

7. A Board to be called "The Advisory Committee" may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

- (a) Some person appointed by the Court who shall act as Chairman.
- (b) Two representatives appointed by the employers.
- (c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (i) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian, or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

- (a) The names and addresses of the parties to the agreement.
- (b) The date of birth of the apprentice.
- (c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.
- (d) The date at which the apprenticeship is to commence and the period of apprenticeship.
- (e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice.
- (f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.
- (g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.
- (h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate and shall, unless the Court otherwise directs, be signed by the late employer or his assign, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Registrar, and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him. Provided also that if the technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part

of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiner, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

Miscellaneous.

40. (1) The Registrar shall prepare and keep a roll of apprentices containing—

(a) a record of all apprentices and probationers placed with employers;

(b) a record of all employers with whom apprentices are placed;

(c) a record of the progress of each apprentice, recording the result of the examiners' reports;

(d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

41. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

42. Every industrial inspector appointed in pursuance of the provisions of "The Industrial Arbitration Act, 1912-1935," shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

43. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

44. In every application under clauses 15, 18, 19, 20, 22, 23 and 33 of this Schedule, the Union of Workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.

IN THE COURT OF ARBITRATION OF WESTERN AUSTRALIA.

Nos. 429 and 447 of 1939.

In the matter of Award, No. 20 of 1938, dated the 26th day of May, 1939, between the Collie Federated Engine-drivers and Firemen's Union of Workers of Western Australia (Applicant) and Griffin Coal Mining Co., Ltd., and Amalgamated Collieries of W. A. Ltd. (Respondents) and in the matter of an Appeal between the Collie Federated Engine-drivers and Firemen's Union of Workers of Western Australia (Appellant) and Amalgamated Collieries of W.A., Ltd., and Griffin Coal Mining Co., Ltd. (Respondents), and between the Amalgamated Collieries of W.A., Ltd., and Griffin Coal Mining Co., Ltd. (Appellants), and Collie Federated Engine-drivers and Firemen's Union of Workers of Western Australia (Respondent).

HAVING read the Notices of Appeal herein respectively and having heard the appellants and respondents by their agents, the Court hereby orders and directs that the said Award, No. 20 of 1938, dated the 26th day of May, 1939, be amended as follows:—

Clause 4—Hours of duty:

Insert the figure “(1)” before the word “Forty” in the first line thereof.

Add the following subclause:—

“(2) (a) Where the engine-driver is required to be on duty by instructions of his employer, or because of any law or regulation made or passed by any competent authority, during the whole of his shift, crib time shall be included as part of the shift; otherwise his hours of duty shall be exclusive of crib time.

(b) The employer shall notify the engine-driver when he is so required to be on duty either generally when the instructions shall be in writing, or in any specific instance.

(c) Where his usual hours of duty are exclusive of crib time and the engine-driver is required to be on duty during such time, he shall be paid at double rate for that period.”

Clause 7—Minimum time:—Omit this clause.

Dated at Perth this 14th day of November, 1939.

By the Court,

(L.S.) (Sgd.) WALTER DWYER,
 President.
