16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.

(b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. Provided also that if technical instruction is not available in the locality in

which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiner, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded

by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the Award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (*i.e.*, increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the abovementioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under clauses 15, 18, 19, 20, 22, 23, 33, and 40 of this Schedule, the Union of workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.
