6.—Hours of Labour.

(a) Forty-four (44) hours shall constitute a week's work for surface workers. If more than one shift is worked on the surface the forty-four (44) hours shall then be inclusive of crib time.

(b) Forty (40) hours shall constitute a week's work underground, including crib time.

(c) On Mondays to Fridays, inclusive, eight (8) hours, including crib time, and on Saturdays, four (4) hours, exclusive of crib time, shall comprise a week's work: Provided, however, that in the case of continuous and/or shift work, this provision shall be deemed to have been complied with if the ordinary working hours do not exceed eighty-eight (88) hours per fortnight, to be worked in alternate weeks of forty-eight (48) and forty (40) hours, respectively, each of such weeks to be worked in shifts of eight (8) hours, each including crib time: Provided further, that by agreement between an employer and the union such hours of work may be worked under a roster, which shall pro-

vide for an average of forty-four (44) hours per week spread over a period of three (3) weeks.

(d) In the case of underground workers, the hours of each such shift shall comprise seven (7) hours twelve (12) minutes on Mondays to Fridays, inclusive, and four (4) hours on Saturdays.

(e) In all cases in reckoning the time of duty, any time necessarily occupied in raising steam, in starting up or closing down engines, or in banking fires, shall be included.

(f) Six (6) hours shall constitute a shift's work inside gas or water spaces of any boiler or flue in cleaning or scraping work. In the case of boiler cleaners working broken shifts, one hour on the above description of work shall count as one hour and twenty (20) minutes.

(g) In the case of Lancashire and Cornish boilers, all time necessary for a boiler cleaner to come out for a spell shall count as time worked in the boiler.

7.—Overtime.

(a) For work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter: Provided that, in the case of the engine crew on the Gwalia Woodline, all overtime shall be calculated at time and a half.

(b) When computing overtime the district allowances shall not be computed as an addition to the day's pay.

(c) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time, shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

8.—Sunday and Holiday Work.

(a) All work done on Sundays shall be paid for at the rate of time and a third, and any work done in excess of eight (8) hours shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter, except in the case of the Gwalia Woodline train crew, where payment shall be at the rate of time and a third throughout.

(b) Work done on holidays shall be paid at double time, except work in connection with repairs to machinery which has broken down and caused a stoppage of operations.

9.—Holidays.

The following shall be holidays:—Christmas Day, Easter Monday, and Labour Day. If Christmas Day falls on a Sunday, the following Monday shall be kept. In the event of a worker not being required by the employer to present himself for duty on any of these days, payment may be deducted.

10.—Annual Holidays.

Annual holidays shall be taken at the convenience of the management of the mine; workers to receive one month's notice of the date on which the holiday is to commence; a committee of three (3) to be appointed on each mine to assist the management in the arrangement of a suitable roster.

A fortnight's holiday, including twelve (12) working days, on full pay, shall be granted once in each year to every worker: Provided he has worked two hundred and ninety-eight (298) shifts at ordinary rates of pay, and should he have worked less than two hundred and ninety-eight (298) such shifts when the said holiday is taken, or at the termination of his employment, he shall be paid for a proportionate number of holidays. Payment for the said holiday shall be at the rate of pay the worker is receiving immediately before the holiday is taken or employment terminated; Provided further, that where the worker is dismissed for wilful misconduct, he shall not be entitled to the benefits of the provisions of this clause.

A pieceworker shall be entitled to be paid, when on holiday, the minimum rate for his grade.

In the case of a continuous process, where workers are relieved on week days, each shift so relieved shall be counted as having been worked, for the purpose of computing annual holidays.

11.—Mixed Functions.

(i) An engine-driver shall be paid for the whole or the shift at the highest rate for any engine classified in this Award on which he has been employed during any portion of the shift.

(ii) Any worker other than an engine-driver carrying out work classified at a higher minimum than his ordinary rate for two (2) hours in any shift shall be paid at the minimum rate for such work for the whole of that shift; Provided that such minimum is not lower than such worker's regular rate of pay. If he be employed for less than two (2) hours at work classified at a higher minimum than his ordinary rate, he shall be paid his ordinary rate for the whole shift.

12.—Accident Pay.

In the event of a worker meeting with an accident during the shift, or being required to attend to one who has met with an accident, he shall be deemed to have rendered duty during the whole of the shift, and be paid accordingly.

13.—Full payment for Shift.

(a) After beginning a shift, workers shall not be paid less than for a full shift, unless they leave of their own accord, or are dismissed for misconduct. This shall not apply in matters beyond the control of the management.

(b) If before a worker leaves the works at the end of his shift, and because he is not so informed, he attends at the next shift willing to work it, and there is no suitable work which he is allowed to perform, he shall be paid the wages he would have been entitled to if he had worked the shift he was ready and willing to work. This shall not apply in matters beyond the control of the management.

14.—Union Official.

A duly accredited official of the union shall be allowed to collect union fees at the offices of the mine on pay days, and shall be allowed to inspect time sheets and pay sheets relating to any worker affected by this Award, and make extracts therefrom.

15.—Casual Workers.

Workers employed for less than one week shall be considered casual and shall receive one shilling (1s.) per shift above the rates specified for the work.

16.—Relieving Engine-drivers.

Relieving engine-drivers who are not employed full time at relieving shall be found other suitable work to make up full time, for which they shall be paid at the rate for the highest classification worked during the shift.

17.—Dirty Work.

Workers engaged inside in cleaning the inside of producers, scrubbers, or engine crank cases, shall be paid sixpence (6d.) per hour extra whilst employed at such work.

18.—Definitions.

“Leading fireman” shall mean a fireman who attends to feed pumps, feed water, gauge glasses, etc., and/or where only one fireman is employed on more than one boiler, he shall be classed as in charge.

19.—Board of Reference.

(a) The Court appoints, for the purpose of the Award, a Board of Reference for each mine. Each board shall consist of a chairman, who shall be a person selected by the representatives of the parties, if such may be agreed upon, or, failing such agreement, the Warden or Resident Magistrate, if agreeable and willing to act, and if not, a Government Inspector of Mines, and two (2) other representatives, one to be the manager of the mine in which the difference or dispute arises, or his nominee, representing the employer, and the other a representative of the union,

appointed for such purpose by the union, which may at any time by notification to the employer and the Registrar change such representative.

(b) There shall be assigned to such Board the functions of:—

- (i) deciding matters specifically referred to in the Award as being the subject-matter of a decision of the Board;
- (ii) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award, or any of them,
- (iii) deciding all matters and questions referred to in the Award as being the subject of mutual agreement, if not agreed upon;
- (iv) deciding any other matter that the Court may refer to such Board from time to time.

(c) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Regulations to the Industrial Arbitration Act, 1912-1935, which for this purpose are embodied in and form part of this Award (Regulation 92).

(d) There shall be no cessation of work, pending the reference to and the settlement of any dispute by the Board.

(e) The term “Manager” includes the person acting as such for the time being.
