- (ii) Junior workers (unless paid the wages prescribed in subclause (c) of clause 3) shall not be employed in or about any mine in a greater proportion than one to every fifteen or fraction thereof of the adult workers employed in the mine in occupations for which apprenticeship is not provided.
- (iii) No junior worker under eighteen (18) years of age shall be regularly employed underground.
- (iv) No junior worker (except he is at present employed and is between the ages of eighteen (18) and twenty-one (21) years) shall be employed in the following departments or callings: Rock drill men in shafts, rock drill men in rises, rock drill men in winzes, hand miners in shafts, hand miners in rises, hand miners in winzes, shaft timber men, man in charge of explosives, sealers, platmen, brace-man, or any other calling, or in any place which the Board of Reference may consider unfit for the employment of juniors, either generally or within named age limits.
- (v) Junior workers shall not be employed in those callings in the industry in which apprenticeship is provided for, except as strikers to blacksmith's apprentices, rivet boys, messenger boys, and cleaners-up.

Between 17 and 18 years of age	60
Between 18 and 19 years of age	70

Between 20 and 21 years of age	100

5.—District Allowances.

Payments shall be made in accordance with the provision contained in Schedule I. annexed hereto, so far as applicable.

6.—Hours.

(a) Forty-four (44) hours, exclusive of crib time, shall constitute a week's work for surface workers. If more than one shift is worked on the surface, the forty-four (44) hours shall then be inclusive of crib time for such shift workers.

(b) Forty (40) hours shall constitute a week's work underground, including crib time.

(c) For workers employed on a 44-hour week, a week's work shall consist of eight (8) hours on Mondays to Fridays, inclusive, and on Saturdays four (4) hours, exclusive of crib time: Provided, however, that in the case of continuous and/or shift workers on any mine the provision of this clause will be considered to have been complied with if, generally or in any particular department of the plant, the ordinary hours of work do not exceed eighty-eight (88) hours per fortnight, to be worked in alternate weeks of forty-eight (48) and forty (40) hours respectively, and in shifts of eight (8) hours each, inclusive of crib time: provided further, that if the 88-hour fortnight is adopted, the provisions relating to wages and number of shifts requisite to qualify for holidays shall be modified to correspond therewith: provided further, that by agreement between an employer and the union the hours of work may be worked under a roster which shall provide for an average of forty-four (44) hours per week, spread over a period of three (3) weeks.

(d) In the case of underground workers, the hours of each such shift shall comprise seven (7) hours twelve (12) minutes on Mondays to Fridays, inclusive, and four (4) hours on Saturdays, and the shifts shall be so arranged that an interval of forty-eight (48) minutes will separate the finishing hour of one shift from the commencing hour of the next following shift, except in the case of Saturday shifts, when there shall be no break between shifts.

(e) Six (6) hours shall constitute a shift's work in all rises, or in sinking specially wet shafts and winzes, and for men engaged inside the gas or water spaces of any boiler or flue in cleaning or scraping work, and for men engaged in cleaning dustbins or dustflues. In case of boiler cleaners working broken shifts, one hour on the above description of work shall count as one hour and twenty minutes. In the case of Lancashire and Cornish boilers, all time necessary for a boiler cleaner to come out for a spell shall count as time worked in the boiler.

7.—Overtime.

(a) For work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) When computing overtime, the district allowances shall not be computed as an addition to the day's pay.

(c) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time, shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

(d) When a worker is required to continue working after the usual knock-off time for more than one hour

without having been notified on the previous day, he shall be provided with a meal, or shall be paid two shillings (2s.) in respect of any such meal.

8.—Sunday and Holiday Work.

(a) All work done on Sundays shall be paid for at the rate of time and a third, and any work done in excess of eight (8) hours shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter.

(b) Work done on holidays shall be paid at double time, except work in connection with repairs to machinery which has broken down and caused a stoppage of operations.

9.—Wet Places.

In all wet places one shilling and sixpence (1s. 6d.) extra per shift shall be paid in addition to the rates set out. This extra payment shall not apply to subclause (c) of clause 6.

10.—Dry Crushing Plant.

No dry crushing plants shall be operated unless under such conditions as obviate dust, as far as is reasonably practicable. It shall be the duty of the Inspector of Mines to make an examination of all dry-crushing plants in his district, once in each month, and at such other times as he may be requested so to do by the secretary of the union. He shall examine and report to the State Court of Arbitration, and such report shall be prima facie evidence of the facts stated therein.

11.—Piece Workers.

There shall be implied in every contract in which a worker is engaged to perform any kind of work at or for a remuneration other than the rates fixed by this Award:—

(a) Where the engagement is for a period of time, such period shall not be determined before the expiration thereof, without the written consent of the worker.

(b) Where the engagement is to perform a specified quantity of work, the amount of work to be performed shall not be curtailed by a greater amount than five (5) per cent.

(c) The rate of remuneration agreed upon shall not be decreased during the engagement.

(d) The actual remuneration paid for the work done shall not be less than the amount which the worker would have received for the period of his work if he had been working for that period at the rate of wages fixed by this Award for the work done.

(e) The price of any article supplied by the employer for the use of the workers during the period of his engagement shall not be increased during the period, and shall in no case exceed the cost or price of the article to the employer at the place of supply.

(f) Where the work is to be carried out by a body of workers acting together, the number of workers to be employed shall be specified in the contract. In the event of the specified number of workers not being present during any shift, the employer may provide a substitute in the place of any worker absent, and shall pay such substitute wages at the rate fixed by this Award, or by the contract, whichever shall be the greater, for the work done by him during the time he is so employed as a substitute, and may charge such payment against any money found due under the contract.

(g) Where any workers are employed to work by or with the contractors at a wages remuneration, the employer shall be entitled to pay the amount due to such wage workers for the period they have been employed, at the rate fixed by this Award, or the rate fixed by the contract, whichever shall be the greater, and to charge the payment so made against the amount found due to the contractors. A printed copy of these conditions shall be kept exhibited in the change room on the mine.

12.—Holidays.

The following shall be holidays:—Christmas Day, Easter Monday and Labour Day. If Christmas Day falls on a Sunday, the following Monday shall be kept. In the event of a worker not being required by the employer to present himself for duty on any of these days payment may be deducted.

13.—Casual Workers.

Workers employed for less than one week shall be considered casual, and shall receive one shilling (1s.) per shift above the rates specified for the work.

14.—Drinking Water.

Good drinking water shall be supplied on all levels where men are working, and kept cool and free from dust.

15.—Free Water.

In all districts where free water is supplied by the employer, single men shall get three gallons and married men six gallons per day.

16.—No Reduction.

Any worker who has been prior to the date of this Award in receipt of a higher rate of pay for his particular class of work than that prescribed by the Award heretofore in force shall not by reason of this Award suffer any reduction in the amount by which such high rate of pay exceeded the amount formerly prescribed; such excess amount shall not be affected by this Award.

17.—Mixed Functions.

(a) Any worker carrying out work classified at a higher minimum than his ordinary rate for two (2) hours in any shift shall be paid at the minimum rate for such work for the whole of that shift. Provided that such minimum is not lower than such worker's regular rate of pay. If he be employed for less than two (2) hours at work classified at a higher minimum than his ordinary rate, he shall be paid his ordinary rate for the whole of the shift.

(b) Any worker regularly engaged in relieving work shall be paid the highest rate applicable to the class of work upon which he is employed during any shift.

18.—Change Rooms.

If more than four (4) persons are employed underground in any mine in one shift, sufficient accommodation shall be provided above ground near the principal entrance to the mine, and not in the engine room or boiler house, for enabling the persons employed in the mine to conveniently dry and change their clothes, and in no case shall men dry their clothes upon a boiler. Hot water shall be supplied in all change rooms.

19.—Reduction of Hands.

Should occasion arise to reduce the number of men employed, the management, in selecting those to be retained, shall give full weight to the consideration of length of service, and, all things being equal, shall retain those who have been longest in the employ of the company.

20.—Accident Pay.

In the event of a worker meeting with an accident during the shift, or being required to attend to one who has met with an accident, he shall be deemed to have rendered duty during the whole of the shift, and be paid accordingly.

21.—Full Payment for Shift.

(a) After beginning a shift, workers shall not be paid less than for a full shift, unless they leave of their own accord, or are dismissed for misconduct.

This shall not apply in matters beyond the control of the management.

(b) If, before a worker leaves the works at the end of his shift, and because he is not so informed, he attends at the next shift willing to work it, and there is no suitable work which he is allowed to perform, he shall be paid the wages he would have been entitled to if he had worked the shift he was ready and willing to work. This shall not apply in matters beyond the control of the management.

22.—Water Jets.

Provisions of the regulations made under the Mines Regulation Act, 1906, for the prevention of dust, shall be deemed to be incorporated in this Award.

23.—Payment of Wages.

Payment of wages shall be fortnightly. For mines situated at Kalgoorlie and Boulder, pay day shall be on Friday, the pay period to end on the Tuesday preceding such pay day. Pay day at other mines shall be on a day mutually agreed upon between the employer

and the workers concerned, and the customary period shall be allowed between the closing of the pay period and the pay day. Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour of ceasing work, or within one hour of the opening of the mine office, if such office was closed at the time of his ceasing work, or if the work done requires to be measured or assessed, within two hours of ceasing work.

24.—Ventilation.

(a) Where the ventilation in any place is inadequate, no work, excepting such as is necessary for the purpose of remedying the conditions, shall be undertaken in that place until the ventilation is adequate.

(b) The ventilation in any place shall be determined by the District Inspector of Mines.

(c) From the decision of a District Inspector, an appeal shall lie to the Mines Ventilation Board hereinafter constituted. Such appeal shall be instituted by notice in writing to the other parties affected and to the Under Secretary for Mines, which notice must be given within seven (7) days from the date the party appealing is notified of the District Inspector's decision. The Under Secretary will then convene the Board, which will meet as soon as possible, on a date to be notified by the Under Secretary.

(d) For the purpose of this clause the Mines Ventilation Board is hereby constituted, such Board to consist of:—

- (i) the State Mining Engineer;
- (ii) the Commissioner of Public Health;
- (iii) a workmen's inspector appointed by the union,
- (iv) a representative appointed by the employers or, if unable to act, their respective nominees. The State Mining Engineer (or his nominee) shall be the chairman of the Board. The Commissioner of Public Health shall be a member of the Board, in an advisory capacity only, and without a vote. The decision shall be in accordance with the majority of votes. The presence of four (4) members shall be necessary for a quorum. The decision of the Board shall be final.

(e) All reasonable costs and charges of the Board and the members shall be rendered to the Under Secretary for Mines, who shall apportion them equally between the Mines Department and the parties to this Award. Provided that the Board may order any appellant to pay the whole or a certain proportion or amount of the costs of any appeal which the Board may declare to be trivial, and such appellant shall forthwith pay any such sum.

25.—Annual Holidays.

Annual holidays shall be taken at the convenience of the management of the mine; workers to receive one month's notice of the date on which the holiday is to commence; a committee of three (3) to be appointed on each mine to assist the management in the arrangement of a suitable roster.

A fortnight's holiday, including twelve (12) working days, on full pay shall be granted once in each year to every worker; provided he has worked two hundred and ninety-eight (298) shifts at ordinary rates of pay, and should he have worked less than two hundred and ninety-eight (298) such shifts when the said holiday is taken, or at the termination of his employment, he shall be paid for a proportionate number of holidays. Payment for the said holidays shall be at the rate of pay the worker is receiving immediately before the holiday is taken or employment terminated.

Provided further, that where the worker is dismissed for wilful misconduct, he shall not be entitled to the benefits of the provisions of this clause.

A pieceworker shall be entitled to be paid, when on holiday, the minimum rate for his grade.

Any worker who has taken part in a strike (including a slow strike) or a general or sectional stoppage of work unauthorised by the employer, during the period of service in respect of which the abovementioned annual holidays are granted, shall forfeit one day of such annual holidays for every day or part of a day during which he takes part in a strike, or in such unauthorised stoppage of work, including a stoppage because of a fatal accident in the mine, except in the

case of those workers working in the same shift and the same level as the deceased who desire to attend the funeral and so notify the employer.

26.—Underground Workers.

All men who have to go underground to work and the bracemen shall work the same hours as miners.

27.—Explosives.

Any trucker using explosives, where boring is necessary, shall be classed as a miner.

28.—Lime.

Lime used in the reduction of ore shall not be mixed in battery bins.

29.—First Aid.

(a) In any mine where workers are employed, a first-aid outfit shall be provided.

(b) Each shift boss or foreman shall have ready and available for use on his person a small emergency supply of bandages and padding, or similar requisites.

(c) In mines where over one hundred (100) men are usually employed underground, a man qualified in first-aid work shall, where possible, be employed on each shift.

30.—Resumption of Work after Holidays.

Where a worker is not notified prior to taking his holidays that no further work is available on the mine, he shall be re-engaged on his return.

31.—Definitions.

“Wet places”—Should any dispute arise as to whether any place is wet, or especially wet, within the meaning of clause 6, subclause (c), such dispute shall be referred to a Board of Reference as hereinafter appointed.

“Timberman (ordinary)”—Timberman shall mean a worker engaged in underground timber work, but a miner timbering his own workings shall not be classed as a timberman. This term is not meant to apply to any worker who may be called upon to assist in lifting or carrying timber or handing up tools or similar work.

“Timberman (shaft)”—A shaft timberman shall mean a worker engaged in shaft timbering or timber work, but a miner timbering his own shaft shall not be classed as a shaft timberman.

“Braceman” shall mean any worker in charge of a cage or kibble at the mouth of a shaft. If more than one cage, each worker shall be classed as a braceman, but shall not include any worker who may be temporarily assisting a braceman in loading.

“Platman” or “skipman” shall mean any worker in charge of a cage or skip; if more than one cage or skip, each worker so in charge shall be classed as a platman or skipman.

“Leading fireman” shall mean a fireman who attends to feed pumps, feed water, gauge glasses, etc., and/or where only one fireman is employed on more than one boiler, he shall be classed as in charge.

32.—Aged and Infirm Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the board, and pending the board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

33.—Junior Worker's Certificate.

Junior workers upon being engaged shall, if required, furnish the employer with a certificate containing the following particulars:—(1) Name in full; (2) age and date of birth.

No worker shall have any claim upon an employer for additional pay, in the event of the age of the worker being wrongly stated on the certificate. If any worker shall wilfully mis-state his age in the above certificate, he alone shall be guilty of a breach of this Award.

34.—Board of Reference.

(a) The Court appoints for the purposes of the Award a Board of Reference for each mine. Each Board shall consist of a chairman, who shall be a person selected by the representatives of the parties, if such may be agreed upon, or, failing such agreement, the Warden or Resident Magistrate, if agreeable and willing to act, and, if not, a Government Inspector of Mines and two other representatives, one to be the manager of the mine in which the difference or dispute arises, or his nominee, representing the employer, and the other a representative of the union, appointed for such purpose by the union, which may at any time, by notification to the employer and the Registrar, change such representative.

(b) There shall be assigned to such Board the functions of:—

- (i) deciding matters specifically referred to in the Award as being subject-matter of a decision of the Board;
- (ii) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award, or any of them;
- (iii) deciding all matters and questions referred to in the Award as being the subject of mutual agreement, if not agreed upon;
- (iv) deciding any other matter that the Court may refer to such Board from time to time.

(c) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1935, which for this purpose are embodied in and form part of this Award (regulation 92).

(d) There shall be no cessation of work pending the reference to and the settlement of any dispute by the Board.

(e) The term "Manager" includes the person acting as such for the time being.

(b) The piecework rates payable outside the radius prescribed in subclause (a) of this clause, but within an 80-mile radius of the G.P.O., Perth, shall be the rates prescribed in Schedule (B) attached hereto.

(c) Any work not classified in Schedules (A) and (B) may be performed by piecework by agreement between the employer and the union. Failing such agreement, the matter may be referred to the Board of Reference for determination, and the Board shall, if it decides in favour of such piecework, fix the piecework rates to be paid.

8.—Overtime.

All time worked by all workers in excess of the ordinary working hours shall be paid for at the following rates:—Time and a quarter for the first two hours, time and a half thereafter until midnight, and double time from midnight until the usual starting time next day.

9.—Holidays.

(a) All workers shall be entitled to the following holidays (or the days observed in lieu) at ordinary time rates:—New Year's Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Christmas Day and Boxing Day.

(b) As to any other public holiday, the employer may make a deduction from the worker's pay if work is not performed on any such other public holiday, but if work is performed, ordinary rates only shall be payable.

(c) Any worker required to work on Sunday or on any of the holidays mentioned in subclause (a) herein shall be paid at double time rates.

10.—Aged and Infirm Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for or be employed at the proposed lesser rate.

11.—Time and Wages Record.

Each employer shall keep or cause to be kept at his place of business, or at each of them, if more than one, a record containing:—

(a) the name of each worker employed by him and to whom this Agreement applies;

(b) the class of work performed, the hours during which the worker is employed, and the wages paid to each worker.

Such record, which shall also contain the date of birth and age of each junior worker, may be inspected at any time during ordinary business hours by the secretary for the time being of the worker's union, and also by any other person acting under an authority issued by the President of the Court of Arbitration.

12.—Payment for Sickness.

(a) A worker (except a pieceworker or a casual worker) shall be entitled to payment for non-attendance, on the ground of personal ill-health, for one half day for each completed month of service during any year: Provided that payment for such ill-health shall be limited to six days in each calendar year.

Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater amount than that made at the time the sickness occurred. This clause shall not apply where a worker is entitled to compensation under the Workers' Compensation Act. Personal ill-health does not include ill-health the result of the worker's own misconduct, but the onus of proof in such cases shall rest upon the employer.

(b) Holiday pay shall not accrue during a worker's absence from his employment, except on account of sickness in accordance with subclause (a) hereof.

13.—Breakdowns, etc.

The employer shall be allowed to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause that the employer cannot reasonably prevent.

14.—Junior Worker's Certificate.

Junior workers, upon being engaged shall, if required, furnish the employer with a certificate containing the following particulars:—

(c) Name of each previous employer and length of service with such employer.

(d) Class of work performed for each previous employer.

Such of the foregoing particulars as are within the knowledge of an employer shall be indorsed on the certificate and signed by the employer, upon the request of the worker.

No worker shall have any claim upon an employer for additional pay, in the event of the age or length of service of the worker being wrongly stated on the certificate. If any junior worker shall misstate his age in the above certificate, he shall be guilty of a breach of this Agreement.

15.—Board of Reference.

The Court may appoint, for the purpose of this Agreement, a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the agreement, the functions of:—

- (a) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretation of the provisions of the Agreement or any of them;
- (b) classifying and fixing wages, rates, and conditions for any occupation or calling not specifically mentioned in the Agreement;
- (c) determining piecework rates as referred to in clause 7 (c);
- (d) deciding any other matter that the Court may refer to such Board from time to time.

An appeal shall lie from any decision of such Board, in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1935, which, for this purpose, are embodied in the Agreement.

16.—Suspension of Work.

(a) One day's notice shall be given of suspension of work, or that any worker will not be wanted to attend at the factory, and the employer shall be liable only to payment of wages up to the time of the expiration of such notice. If at any time work is suspended or a worker is told that he or she will not be wanted to attend at the factory without such one day's notice having been given, a worker shall nevertheless be entitled to one day's pay, or to payment for such less time as work may be suspended, or the worker is not wanted to attend at the factory, respectively, unless the suspension of work arises from some cause beyond the employer's control, in which case the employer shall not be liable to pay any worker for the time during which work is so suspended. Workers shall give notice to their employer when they desire to be absent from work, except in case of sickness or emergency beyond their control.

(b) Except where the suspension of work arises from some cause beyond the employer's control, the provisions of subclause (a) of this clause shall be applied in such a manner as to ensure that the worker shall not lose more than three (3) days' work in any one week.

(c) Notice of suspension of work given before noon on the day that it is intended to suspend work shall be deemed a day's notice for the purpose of this clause.

17.—Contract of Service.

The contract of service of all workers, other than apprentices and pieceworkers, shall be by the week, and one week's notice on either side shall be required to terminate the employment.

18.—Interviewing Workers.

An accredited representative of the union shall be permitted to interview the workers during the recognised meal hour, on the business premises of the employer, but this permission shall not be exercised, without the consent of the employer, more than once in any week.

19.—Higher Duties.

Any worker who is required to do work for which a higher rate is prescribed in this Agreement shall be paid such higher rate whilst so employed.

20.—Term.

This Agreement shall operate from its date and shall continue in force for a period of three (3) years. Provided that, at any time after the expiration of the first twelve (12) months from its date and after the expiration of any subsequent period of twelve (12) months, application may be made to the Court in the prescribed manner for a review of any of the provisions of the Agreement.

21.—Apprentices.

been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

Advisory Committee.

7. A Board to be called "The Advisory Committee" may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

- (a) Some person appointed by the Court who shall act as Chairman.
- (b) Two representatives appointed by the employers.
- (c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (i.) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(ii.) In any proceeding for any contravention of this Regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this Regulation.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

- (a) The names and addresses of the parties to the agreement.
- (b) The date of birth of the apprentice.
- (c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.
- (d) The date at which the apprenticeship is to commence and the period of apprenticeship.
- (e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial award so far as they concern the apprentice.
- (f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.
- (g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.
- (h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from one employer to another either temporarily or permanently—

- (i.) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or
- (ii.) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be on a form approved by the Court, and shall be made out in quadruplicate, and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court and the cause thereof.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:—

- (a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date; subject, however, and without prejudice to the right of the apprentice, his parent or guardian, to compound, compromise, or agree upon or to sue for and recover such damages (if any) as he may have sustained through such rescission of the agreement as aforesaid.
- (b) Any proceedings for damages hereunder must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

Extension of Term.

22. Subject to Regulation 37, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him: Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes, if any, shall be four hours per week.

25. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these Regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

26. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the Technical School, or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such Technical School, or such other place, as it deems necessary.

27. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

28. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction unless he is exempted from such attendance for good cause.

(c) The Clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

29. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiners the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

30. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the Union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

31. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy

handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the clerk of the Court thereof.

32. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be appointed by the Director of Technical Education for the whole or any portion of the subjects of instruction, and at such remuneration as the Court may determine.

33. In the event of an apprentice failing to pass any of his examinations the employer may apply to the Court to disallow the increase in wages prescribed by the Award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

34. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary.

35. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satisfaction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

Lost Time.

36. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of one month in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer;
- (c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

37. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

38. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these Regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

39. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the Union of workers interested upon request.

42. For the purpose of ascertaining the number of apprentices allowed to be taken at any time, the average number of journeymen employed on all working days of the twelve months immediately preceding such time shall be deemed to be the number of journeymen employed. Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. Where a business is in operation for less than twelve months the method of ascertaining the number shall be as agreed by the parties to the Award, or, if no agreement arrived at, as determined by the Court.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

44. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

45. In every application under clauses 15, 18, 19, 20, 22, 23, 33, and 40 of this Schedule, the Union of Workers registered may intervene and make such representations at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.
