In the event of his becoming an apprentice, such probationary period shall be counted as part of the term of apprenticeship.

(2) The Court may in any case where it seems expedient to do so, order that the probationary period of employment be extended for a further period not exceeding three months.

4. (a) Any employer taking an apprentice on probation shall, within 14 days thereafter, register such probationer by giving notice thereof to the Registrar in the prescribed form. If at the date of the coming into operation of these regulations an employer is employing any apprentice or probationer who has not been duly registered as such, he shall forthwith apply for the due registration of such apprentice or probationer.

And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. An employer shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an Award of the Court.

#### Advisory Committee.

7. A Board, to be called "The Advisory Committee," may be appointed by the Court to advise in regard to any apprenticeship matter. Such committee shall consist of the following:—

- (c) Two representatives appointed by the industrial union or unions of workers in the trade.

The Advisory Committee shall have such powers and duties as the Court in each case may determine.

8. (1) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment, or alter his position to his prejudice, by reason merely of the fact that the worker is a member of any Advisory Committee, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(2) In any proceeding for any contravention of this regulation it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment, or prejudiced whilst acting as such member, was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this regulation.

#### Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian, or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter, or amend any such agreement, without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain:—

- (a) the names and addresses of the parties to the agreement;
- (b) the date of birth of the apprentice;
- (c) a description of the industry, craft, occupation, or calling or combination thereof to which the apprentice is to be bound;
- (d) the date at which the apprenticeship is to commence and the period of apprenticeship;
- (e) a condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award, so far as they concern the apprentice;
- (f) a condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours;
- (g) a condition that, in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed, at the employer's expense, to enable such apprentice to reach the necessary standard;
- (h) the general conditions of apprenticeship.

12. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a certificate stating what time he has served, full particulars of the branches of the trade or industry in which he has received instruction, the proficiency attained, and shall also notify the Clerk of the Court, and the cause thereof.

13. In the event of an employer being unable to provide work for the apprentice, or to mutually agree with the legal guardian of the apprentice to cancel the agreement, or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

#### Cancellation of Agreement.

14. Every agreement shall include a provision that it may be cancelled, by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

15. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

16. The Court may in its discretion, for any cause which it may deem sufficient, on the application of any party to an apprenticeship agreement, vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

17. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct, until the registration of the agreement of apprenticeship has been cancelled by order of the Court, on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and, in the event of the Court refusing same, the wages of the apprentice, or such portion thereof, if any, as the Court may order, shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

#### Extension of Term.

18. Subject to regulation 28, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court, on the application of any party, be added to the original term in the apprentice-

ship agreement at the end of the year of service in which the time has been lost, or at the termination of the apprenticeship period.

19. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass any of the examinations, and for such purpose it shall be the duty of the examiners to make any necessary recommendation to the Court. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine.

#### Examinations.

20. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar, after consultation with the examiners.

(b) The Clerk of the Court shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination.

(c) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

21. (a) The examiners shall be persons skilled in the industry and appointed as prescribed by the Award. Failing provision or appointment as aforesaid the Court may appoint such person or persons as it may deem fit. In the event of a disagreement between the examiner, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

22. The Registrar shall, after each examination, issue a certificate to each apprentice indicating his degree of proficiency, taking into consideration the term of apprenticeship served. A duplicate of such certificate shall be lodged by each apprentice with his employer and the secretary of the union, each of whom shall keep the same in safe custody, and produce the same for inspection by the Industrial Inspector whenever demanded by the latter to do so. When the final examination has been passed the certificate shall also be signed by the examiners.

23. Whenever it is possible to do so, the examiners, before entering upon the examination, shall draw up a syllabus showing what in their opinion is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Clerk of the Court and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Clerk of the Court thereof.

24. In the event of an apprentice failing to pass any of his examinations, the employer may apply to the Court to disallow the increase in wages prescribed by the Award, and the Court, on any such application, may make such order as the circumstances of the case may seem to require.

25. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the cancellation of the apprenticeship agreement, or such other remedial measures as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement, or make such other order in the circumstances as it may deem necessary.

26. Upon the completion of the period of training prescribed for apprenticeship, each apprentice shall be required to pass the final examination test to the satis-

faction of the examiners, and upon passing this test shall be provided with a certificate to that effect by the Registrar.

#### Lost Time.

27. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

(a) payment for such sickness shall not exceed a total of one month in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required, if any time is lost through sickness within seven days from the date of resumption of duty, the cost, if any, of such certificate or certificates, not exceeding 5s., to be borne by the employer;

(c) an apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.

28. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training, the amount by which the wages prescribed by the industrial Award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training, other than the additional training mentioned in the above proviso, shall count as part of the apprenticeship.

29. When an apprentice is absent from work for any cause other than sickness, or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

30. When an apprentice cannot be usefully employed because of a strike, the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

#### Part-Time Employment.

31. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission to employ the apprentice for such lesser time per week or per month, and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the Industrial Award for the trade, calling, or industry. If the Court grants the application holidays will be reduced *pro rata*.

#### Miscellaneous.

32. (1) The Registrar shall prepare and keep a roll of apprentices containing:—

(a) a record of all apprentices and probationers placed with employers;

(b) a record of all employers with whom apprentices are placed;

(c) a record of the progress of each apprentice, recording the result of the examiners' reports;

(d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the union of workers interested, upon request.

33. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1935, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the abovementioned matters.

34. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

35. In every application under clauses 13, 15, 16, 17, 18, 19, 24, and 31 of this Schedule, the union of workers registered may intervene and make such representation at the hearing as it may deem necessary. The representative shall be appointed in the manner prescribed by section 65 of the Act.
