PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency Sir James Mitchell,
TO WIT. } K.C.M.G., Lieutenant-Governor in and
JAMES MITCHELL, } over the State of Western Australia
Lieutenant-Governor. } and its Dependencies in the Common-
[L.S.] } wealth of Australia.

IN pursuance of the provisions contained in the fifth section of the Bank Holidays Act, 1884, I, the Lieutenant-Governor of the said State, do by this my Proclamation appoint Monday, 3rd February, 1941, a special day to be observed as a Bank Holiday in the Town of Albany.

Given under my hand and the Public Seal of the said State, at Perth, this 9th day of January, 1941.

By His Excellency's Command,

W. H. KITSON,
Chief Secretary.

GOD SAVE THE KING ! ! !

AT a meeting of the Executive Council held in the Executive Council Chambers, Perth, this 16th day of January, 1941, the following Orders in Council were authorised to be issued:—

Sandalwood Act, 1929.

ORDER IN COUNCIL.

F.D. 1478/29.

WHEREAS under the provisions of section 2 of the Sandalwood Act, 1929, the Governor may from time to time by Order in Council, limit and restrict the quantity of sandalwood that may be pulled or removed from Crown land and alienated land during the period therein stated: And whereas it is desirable to limit and restrict the quantity of sandalwood that may be pulled or removed from Crown land and alienated land during the period from the 1st day of January, 1941, to the 30th day of June, 1941, to 1,000 tons: Now, therefore, His Excellency the Lieutenant-Governor, by and with the advice and consent of the Executive Council, and in

exercise of the powers conferred by the said Act, doth hereby limit and restrict the quantity of sandalwood that may be pulled or removed from Crown land and alienated land during the period from the 1st day of January, 1941, to the 30th day of June, 1941, to 1,000 tons, exclusive of sandalwood required for oil distillation purposes within the State.

L. E. SHAPCOTT,
Clerk of the Council.

The Land Act, 1933-1939.

ORDER IN COUNCIL.

Corr. No. 4092/94.

WHEREAS by section 33 of the Land Act, 1933-1939, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons, to be named in the order, in trust for the like or other public purposes to be specified in such order: And whereas it is deemed expedient that Reserve No. 5146 (Albany Lot 413) should vest in and be held by the Hon. the Minister for Water Supply, Sewerage, and Drainage in trust for the purpose of Water Supply: Now, therefore, His Excellency the Lieutenant-Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Hon. the Minister for Water Supply, Sewerage, and Drainage in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

(Sgd.) L. E. SHAPCOTT,
Clerk of the Council.

The Land Act, 1933-1939.

ORDER IN COUNCIL.

Corr. No. 5391/11.

WHEREAS by section 33 of the Land Act, 1933-1939, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons, to be named in the order, in trust for the like or other public purposes to be specified in such order: And whereas it is

deemed expedient that Reserve No. 13802 (near Albany) should vest in and be held by the Hon. the Minister for Water Supply, Sewerage and Drainage in trust for the purpose of Water Supply (Catchment Area):—Now, therefore, His Excellency the Lieutenant-Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned

reserve shall vest in and be held by the Hon. the Minister for Water Supply, Sewerage, and Drainage in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

LAND OPEN FOR SELECTION.

IT is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1939, and the regulations appertaining thereto, subject to the provisions of the said Act.

Applications must be lodged at the Land Agency Office as specified hereunder not later than the date specified, but may be lodged before such date if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date time, and place of the meeting of the Board, and there shall be an interval of at least three days between the closing date and the sitting of the Board.

If an applicant wishes to appear before the Land Board in person he may apply to the Head Office or to the Clerk in Charge of any of the District or Branch Land Offices for a certificate to the Railway Department which, on presentation at the nearest Railway Station will entitle him to a Return Ticket, at Concession Rates, to the place where the Board will sit, available for seven days from the date of issue.

The selector of a Homestead Farm from any location must take the balance thereof, if any, under Conditional Purchase.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of clause 18 of the regulations.

ROAD DISTRICTS ACT, 1919-1939.

Coolgardie Road Board.

By-laws relating to Buildings.

WHEREAS by the Road Districts Act, 1919-1939, the Road Board of any district is empowered to make by-laws for all or any purposes in the said Act mentioned, the Coolgardie Road Board, in pursuance of the powers vested in the said Board, under and by virtue of the said Act and of every other authority enabling it in that behalf, doth hereby make and publish the following by-laws:—

(1) Repeal.—All building by-laws made by the Coolgardie Road Board.

(2) Make the following building by-laws:—

Interpretation.

"Act" means the Road Districts Act, 1919-1939.

"Basement" means a storey or portion of a storey partly below the level of the ground the ceiling of which is not less than five feet above the adjoining ground (irrespective of any excavation made to comply with these by-laws).

"Cellar" means a storey or portion of a storey below the ground level, the ceiling of which is less than five feet above the adjoining ground.

"Cement mortar" means a mortar composed of one part of cement to three or fewer than three parts of sand.

"Cement blocks" means a rectangular substance of material, being a mixture of sand or approved quarry grit or other approved materials, and cement in the proportion of six parts of sand or approved quarry grit or other approved materials to one part of cement (both by volume) dry mixed and properly rammed to shape in approved moulds.

"Concrete" means an aggregate consisting of clean, hard, broken stone 2 inch to ½ inch, clean sharp sand and cement mixed with water in the proportions of five parts stone, two parts sand, one part cement.

"Level of ground" shall mean the level of ground as determined by the surveyor.

"Commercial building" means a building used or constructed or adapted to be used wholly or in part for commercial purposes.

"Dwelling-house" means a building used, constructed, or adapted to be used wholly or in part for human habitation, but does not include other than the dwelling-house portion (if any) of a commercial building, and includes a permanent, movable, or temporarily fixed structure.

"Habitable room" means any living room, and includes all rooms intended or adapted to be used for the purpose of sleeping or eating or the cooking of food.

"Wall"—"Divisional wall" means a wall (other than an external or party wall) which subdivides any floor of a building and carries any load in addition to its own dead weight.

"Wood" or "wooden buildings" means buildings of wood or having wooden frames.

"External wall" means an outer wall of a building, not being a party wall, even though adjoining a wall of another building.

"Partition wall" means a wall subdividing any room and not carrying any load other than its own dead weight.

"Board" means the Coolgardie Road Board.

"Surveyor" means the person appointed by the Board for the time being as building surveyor or acting building surveyor for the Coolgardie Road Board.

1.—Application, Plans, and Notices.

Before the erection of a building is commenced two copies of the plans and specifications, together with the

cost of such building, and an application in writing for approval thereof, shall be submitted to the Board.

The application shall describe the building and show the purpose for which the building is to be used.

The plans shall consist of a general plan and elevations, and a block plan. The block plan shall show the relation of the building to the boundaries of the site and to other buildings or structure thereon.

The specifications shall describe the construction and materials of which the building is to be built and the method of drainage, sewerage, and water supply, and state whether the materials will be new or second-hand, and, if second-hand materials are to be used, shall give particulars.

No person shall, without the consent of the Board, erect any building on an allotment of land on which any other building has already been erected, and in no case shall any such building or buildings occupy more than one half of the allotment.

No person who shall have obtained a "Building Permit" in respect of any building shall in the construction of such building depart from the plans and specifications without the consent in writing of the surveyor.

When giving approval, the Board may impose a condition that 48 hours' notice shall be given prior to the covering of any or all of the following works, in order that they may be inspected, that is to say:—trenches, before foundations are laid; foundations, before trenches are filled in, and drains, before they are covered in.

2.—Fees and Permits.

No person shall commence any building, erection, or structure or any addition or alteration to any building, erection or structure without having first obtained from the surveyor a written permit for the commencement of same and without first having paid to the Board the fees in respect thereof set forth in these by-laws.

Each building, erection, or structure must be completed within the undermentioned specified time from the date of issue by the Board of the permit therefor:—

- (a) Brick, stone or cement—six months;
- (b) all other buildings—three months.

The fees payable in respect of buildings, erections, or structure shall be as follows:—

	s.	d.
License for new buildings of wood, iron, or asbestos	5	0
License for new buildings of brick, stone, or concrete	5	0
License for alterations or additions to existing buildings	1	0

3.—General Provisions.

No terraces of buildings shall be permitted, and semi-detached buildings will be allowed only in such cases where there is a 6,000 square feet area of land for each semi-detached building or dwelling, and the structures shall be of brick, stone, or cement.

Every building shall be provided with one or more proper manholes in the ceiling so as to give access for electrical and other fittings.

4.—Site, Healthiness of.

A person shall not, without the written permission of the Board, erect a building upon any site which shall have been filled with any material impregnated with faecal or with animal or vegetable matter, or upon which any such matter may have been deposited, unless and until such matter shall have been properly removed by excavation or otherwise from such site and depression filled in with clean soil.

No person shall commence to build any structure, without having first provided proper and sufficient sanitary accommodation to the satisfaction of the Board, for all persons engaged or employed upon such structure.

Motor garages, not exceeding three hundred square feet in floor area may be built of iron, brick, stone or concrete, or other non-inflammable material anywhere in the district, provided that the Board may require:—

- (a) that any motor garage be not less than 20 feet distant from the frontage of any other road or street, except in special cases, where the physical configuration of the ground precludes such distance being observed;

(b) that any such motor garage be not less than five feet distant from the frontage of any other ground or street;

(c) that any such motor garage be ten feet distant from any building used as a dwelling-house on the same allotment or on any allotment adjoining;

(d) that the motor garage complies otherwise with all the conditions and limitations of this by-law in regard to buildings.

Fowlhouses of not more than 200 square feet in area and not more than six feet in height may be erected at rear of any dwelling; provided that the nearest portion of such fowlhouse is at least 30 feet from any building used as or intended for a dwelling and at least four feet from the boundary of land not in the same occupation.

Fowlhouses of larger area may be erected if at a distance of at least 50 feet from any street and 40 feet from any dwelling-house, and at least four feet from the boundary of land not in the same occupation; provided that the roof and walls are covered with galvanised iron or other fire-resisting material approved by the surveyor and that the building shall not be more than seven feet high.

If the Board so direct in any particular case, the whole or part of the ground-surface or site of a dwelling shall be covered with a layer of good cement, concrete, or tarred metal, rammed solid, and at least four inches thick.

The Board may refuse the erection of any building upon any mining lease or Crown lands, where it is of the opinion that the erection of such building is detrimental to the proper carrying out of sanitary services or is not in alignment with other similar dwellings.

Provided also, that no building or additions shall be erected in any street or road at a less distance measured horizontally from the building line than that to the general alignment of existing houses.

5.—Position of Building Site.

No building which is intended to be used, or which shall be used as a dwelling-house, and no addition to any such building, shall be built, constructed, or erected within a distance of 16 feet, measured horizontally, from the building line of the street or road the building is intended to or shall front.

Except as hereinafter provided, no building with an external wall of wood which is intended to be used or which shall be used as a dwelling-house, and no addition with an external wall of wood to any building, which is intended to be used or which shall be used as a dwelling-house, shall be built, constructed, or erected:—

(a) within a distance of four feet, measured horizontally, of any street, road, lane, or right-of-way at the side of any such building; or

(b) within a distance of eight feet, measured horizontally, of any land not in the same possession or occupation; provided always, that any such building or addition may abut on the building line of any street, road, lane, right-of-way at the side of such building, or be less than the prescribed distance therefrom, or from land not in the same possession or occupation, or from a building or erection with an external wall of wood; provided that the wall or walls which abut on or face within the prescribed distance, such street, road, lane, or right-of-way or land or building or erection, as the case may be, shall be of concrete at least six inches in thickness, or of brick or stone at least eight and a half inches in thickness projecting, in all cases at least one inch beyond the woodwork, front and back, and at least one foot six inches through the roof covering of gutter adjoining the same.

The decision of the surveyor as to the area of the new building or value of an addition shall be final and conclusive.

6.—Access to Rear.

Where there is no public and convenient access to the rear of the site of any building for the removal of night-soil, the building shall be so designed as to leave outside the building a way of access at least four feet wide from a public road to the privy closet, and for the removal of garbage and refuse.

7.—Outbuildings.

In the case of an application to erect, as appurtenant to any building, any outbuilding from the use of which unpleasant noises, unpleasant odours, or unusual risk of fire may reasonably be expected to rise, the Board may determine in what position upon the allotment such outbuilding may be erected.

The Board also reserves the right to refuse any such building to be erected where it considers that it may be offensive or dangerous.

8.—Tents—Canvas Buildings.

No person shall erect a structure of calico, canvas, or other textile material on any other than a camping site set aside for the purpose.

9.—Materials and Workmanship.

Materials which have been used in construction of any cesspit, drain, or sewer, or which for any other reason are dangerous to health, shall not be used in the erection of any building.

Faulty or unsuitable materials shall not be used in any building.

Every part of a building shall be erected and finished off in a good and workmanlike manner.

Bricks used in any building shall be good, hard, and well burnt, and, if old or second-hand, shall be thoroughly cleaned and approved by the Board in writing before being used.

All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of, or to remove at the expense of the owner, any material which in his opinion is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building alteration or addition.

No old or second-hand material or bush timber may be used, unless approved in writing by the surveyor.

All brick or stone chimneys shall be constructed of ample flue, to be well plastered or pargetted inside for the full height, and no timber of any description will be allowed to be built into the brickwork. The Board may give authority to erect iron chimneys, but in the erection they shall be laid on either stone or concrete base and free from all woodwork.

Hearths of stone, brick, cement, or iron of approved dimensions shall be placed in front of all fireplaces.

Cement blocks shall be properly cured for three days, by spraying with water or effectively covering with bags or other approved material, which shall be kept wet for not less than three days.

10.—Testing Materials.

The Board may test any building materials, and prohibit the use of such materials as are proved unfitted for the purpose for which they were intended to be used.

11.—Timber Construction.

All timbers used in any buildings shall be of good sound material, free from large and loose knots, and free from shakes, and free from any imperfections whereby the strength of the timber may be impaired.

The following conditions shall apply as to the spacings and scantlings of timber:—

(a) Stumps shall not be less than 4 in. x 4 in. jarrah or other approved timber, spaced 5 feet centre to centre, and fixed on 6 in. x 1½ in. sole-plates.

Stumps shall be tarred and sunk at least half their length in the ground: Provided that no stumps shall be less than 18 inches in the ground. Tarring is to extend for 6 inches above the ground surface.

(b) Studs and ceilings joists shall not be less than 3 in. x 2 in., spaced not more than 2 feet apart, centre to centre, properly secure and braced; where studs of 3 in. x 2 in. are used, the angle or corner studs shall be of 3 in. x 3 in.; where 4 in. x 2 in. studs are used, the angle studs shall be of 4 in. x 4 in.

(c) Rafters shall not be less than 3 in. x 2 in., spaced not more than 3 feet, centre to centre, in the case of iron roofs, and 18 inches, centre to centre, in the case of slate, tile or other similar roofs; 4 in. x 2 in. rafters may be used, but must be spaced at 2 feet centre for

slates or tiles, and not more than 3 feet apart for any other type of roof. All rafters must be securely braced with purlins and collar ties.

(d) Floor joists shall not be less than 4 in. x 2 in., spaced not more than 2 feet apart, centre to centre, or 3 in. x 2 in., spaced not more than 18 inches apart, centre to centre.

(e) Floor bearers shall not be less than 4 in. x 3 in., spaced not more than 5 feet apart.

(f) Purlins shall not be less than 3 in. x 1½ in., spaced not more than 3 feet 6 inches apart, centre to centre.

In addition to the bearers required for this spacing, an additional bearer of 4 in. x 3 in. must be placed under each wall or partition.

No framing timber in any building shall be notched or checked out to receive bracing or otherwise so as to reduce its cross-sectional area more than one-sixth.

12.—Awnings and Verandahs.

The Board may require that any or all awnings or verandahs proposed to be erected over a public place shall be of the cantilever type. No verandah shall be enclosed for living or sleeping purposes without the Board's written consent.

Verandahs over footpaths.—No person shall erect verandahs over footpaths, without first obtaining the consent of the Road Board. The general construction to conform to the by-laws.

The footway under every verandah to be kerbed and paved and the owner to pay to the Road Board one half of the total cost.

Signboards over footpaths:—No signboard shall be erected across or abutting to a footpath, without the consent of the Board.

The signboard shall be constructed of such materials and workmanship as in the opinion of the surveyor are sufficient.

Crossings over footpaths.—Any person desiring to make a crossing over any footpath with a vehicle must first obtain the permission in writing of the Board. A fee equal to half the cost of surfacing such crossing with bitumen shall be charged by the Board when a constructed road passes the property.

Posts and poles in streets.—The owner of any lamp-post, telegraph, telephone, electric lighting, or tramway poles shall, when ordered by the Board so to do, at his own expense, paint the same during such hours and in such manner as the surveyor shall direct, and shall, at such like expense and when so ordered, remove any of such posts or poles as shall be bent, dangerous, unsightly or not in use.

13.—External Walls, Structure.

Every person who shall erect a building shall cause the external walls thereof to be constructed of brick, stone, concrete, timber, or other material approved by the Board.

14.—Rooms (size)—Cubic Space.

Every person who shall erect a building shall provide that—

- (a) the areas of the floors of all the habitable rooms in such building shall, when taken together, average no less than 100 square feet per habitable room;
- (b) a habitable room shall not in any case have a floor area of less than 80 square feet; and
- (c) a habitable room shall not in any case have a cubic space of less than 800 cubic feet; provided that, in each dwelling-house and in each flat of a residential flat building, there shall be at least one habitable room the cubic space of which shall not be less than 1,296 cubic feet;
- (d) no main room in any building shall be less than ten feet in height from floor to ceiling;
- (e) all shops shall have a clear space of twelve feet from floor to ceiling.

15.—Lighting and Ventilation—under Floors.

For the purpose of ventilation, every building shall be so erected that there shall be, between the underside of every joist upon which the lowest floor of such building is laid and the ground surface or upper surface of the asphalt or concrete with which the ground or site of the building may be covered, a clear space of 12 inches at least in every part; and such space shall be

thoroughly ventilated and cross-ventilated by means of suitable and sufficient air-bricks or other effectual method.

16.—Rooms, Air Bricks, Louvres, etc.

Every room of a building shall be so constructed that for every 1,000 cubic feet or part thereof of air space in the room there shall be 24 square inches at the least of unobstructed ventilation to the outer air by means of air-bricks situated at or near the level of the ceiling or any other efficient means.

17.—Rooms—Windows.

Every habitable room or room or alcove in which food is intended or likely to be stored or prepared, and every bathroom, enclosed laundry and privy closet under the main roof of the dwelling, shall have at least one vertical window opening directly to the outside air. One-half at least of such window shall be constructed to open to its full extent and so that the opening may extend to the top of the window: Provided that, in a pantry, any other system of ventilation may be substituted for windows, if the Board be satisfied that such system is equally efficient.

18.—Bedrooms—Additional Ventilation.

In every bedroom or room intended or adapted to be used for sleeping and having only one window, there shall be provided cross ventilation by means of at least 24 square inches of unobstructed opening in some wall of the room other than that in which the window is situated.

19.—Height of Windows.

The top of a window of an enclosed laundry, or of a kitchen or alcove or room in which food is intended or likely to be stored or prepared, shall not be less than six feet eight inches from the floor.

20.—Size of Windows.

The windows or window of any room shall have a superficial area, clear of the sash frame, not less than one-tenth of the floor area of the room, or, if the following size be greater than one-tenth of the floor area, not less than ten square feet for the windows of a kitchen or alcove or room in which food is intended or likely to be prepared; not less than six square feet for the windows of any enclosed laundry; not less than three and a half square feet for the windows of a bathroom, and not less than two square feet for the windows of a privy closet, and not less than one and a half square feet for any other room.

21.—Laundries and Kitchens.

A dwelling of any kind shall not be erected with the kitchen and laundry combined in one room.

22.—Drainage: Levels.

Every person who shall erect a building shall construct the lower storey of such building at such a level that, in the opinion of the Board, it may be practicable to construct a drain sufficient for the effectual drainage of such building.

No person shall build or erect, or cause or permit to be built or erected, any building, erection, tent, or addition to any building, erection, tent on any land, unless and until such building, erection, tent, or addition, and the site and curtilage thereof can be properly drained, and the Board may refuse permission to build and erect any building, erection, tent, or addition, unless and until it is satisfied that the proposed building, erection, tent, or addition and the site and curtilage thereof can be properly drained.

No water is to be discharged on the surface of any footpath.

23.—Skylights.

The Board may order the alteration or the repair or both of any skylight in any building, if such skylight be, in the opinion of the Board, in such a condition as to be detrimental to health or dangerous.

24.—Existing Buildings.

If in the opinion of the Board any building has been allowed to fall into an unsafe, or insanitary or neglected condition, either by faulty construction or any other cause, the Board may give notice in writing to the owner or occupier to repair said building, and, in the event of no action being taken within one month by

the said owner or occupier to remedy any defect complained of in the said notice, the said owner or occupier shall be liable to a fine, as hereinafter provided, until such time as the building shall be placed in a safe and sanitary condition, and the owner or occupier will be liable for all charges incurred in doing the necessary works, and, moreover, if in the opinion of the Board any building does not warrant the expense of repairing, the owner after receiving notice, shall remove the building within one month; failing this, he will be liable to a fine, as hereinafter mentioned, to remove the building after receiving the notice. The Board may remove same and charge the owners with the cost of so doing, and recover the same in any Court of competent jurisdiction and/or sell the material to cover the cost of taking down.

25.—Removal of Buildings.

No building or erection shall be removed into and erected or re-erected in the Road District, or removed from one part of the district to and erected and re-erected in another part thereof, unless the owner or person carrying out the removal first obtain written permission from the Board to do so. Before such permission shall be granted, not less than seven (7) clear days' notice in writing shall be given to the Board or the surveyor of the desire to remove or re-erect such building or erection.

Such notice shall contain or be accompanied by the following:—

- (a) particulars of the situation of building which it is proposed to remove;
- (b) particulars of the situation of and plan of the land upon which it is proposed to erect or re-erect or place such building, showing proposed position thereon, and a tracing copy of such plan to be retained by the Board;
- (c) a plan giving the dimensions of the building and any proposed alterations or additions thereto, and a tracing copy of such to be retained by the Board;
- (d) a specification giving particulars of the construction of the existing building and of the alterations and additions, if any, which it is intended to make when the building is erected or re-erected;
- (e) evidence satisfactory to the Board that such house has not been condemned as dilapidated, insanitary, or unfit for human habitation, and a certificate from the Health Officer of the Road District from which the building is proposed to be removed that within a reasonable time prior to date of removal no case of disease of an infectious or contagious nature has occurred therein;
- (f) such further particulars in writing regarding the same as shall be sufficient to enable the Board or its surveyor to determine if all the provisions of any Act of Parliament, by-law, or regulation applicable thereto are or will be complied with.

No written permission shall be given unless such removed building, when erected or re-erected, shall comply with the provisions of this by-law as applicable to new buildings.

No building or erection that has been condemned as dilapidated, insanitary or unfit for human habitation, shall be removed into or re-erected within the Road District.

No building or erection in which any case of infectious or contagious disease has occurred during the preceding six months shall be removed into or re-erected within the Road District.

No removed building shall be occupied until the surveyor shall have certified in writing that all the provisions of this by-law have been observed and complied with in respect of such building.

Nothing herein contained shall prevent the alteration of the position of any building within the boundaries of the land on which the same stands: Provided that, in its altered position, it shall comply in all respects with this by-law, and that in progress of such removal, the building be not taken on to any street, road, or public place.

The Board may in special cases grant permission for the erection of a dwelling-house containing not less than two rooms.

26.—Space outside Windows on side Land.

If there be any side wall of a dwelling-house in which it is proposed to provide a window or a door opening, that wall shall be set back, throughout its whole length, from the side line of the allotment to a distance of three feet, in the case of a dwelling of one or two storeys, or to a distance of five feet, in the case of a dwelling of more than two storeys.

27.—Kitchen, Laundry, and Bathroom Fittings.

Every dwelling-house shall be provided with a completely enclosed bathroom, with water laid thereto. The washtubs, copper, and bath shall not be placed in the kitchen. The bathroom in each dwelling shall have at least 42 square feet of floor area.

Provided that the Board may, in any case where it considers that a bathroom could be dispensed with, exempt any building from the above provisions, but such exemption shall be given by resolution of the Board.

28.—Enforcement Inspection: Cutting into Building.

The Board may order the opening or cutting into or pulling down of any work where the Board has reason to believe or suspect that anything has been done in contravention of the Act or of any by-law, and, in the event of the work being found to have been done in contravention of the Act or of the by-laws, the person doing the work shall be required to comply with the Act or by-laws and shall bear the full cost of such pulling down, opening, or cutting into and of compliance with the Act or the by-laws.

In the event of the work being found to have been done in accordance with the requirements of the Act and the by-laws, the cost of such pulling down, opening or cutting into, as well as the cost of reinstatement, shall be borne by the Board.

The surveyor or his representative shall have power to enter at any time upon any building in the course of erection for the purpose of inspecting the said building, and may require the production of the approved plans thereof, which are to be available on the building during ordinary working hours whilst the building is in course of construction.

29.—Inspection before Occupation.

Before permitting any person to occupy or use any uncompleted building, and forthwith upon completion of any unoccupied building, the person by or in consequence of whose order the building is being erected shall give notice to the Board.

Forthwith, upon receipt of notice as aforesaid, the Board shall instruct the proper servant to make an inspection, and such servant shall inspect and report to the Board whether or not the building has been erected in accordance with this by-law, and without material deviation from the approved plans and specifications, but this shall not be read to permit any alteration whatever in the position of the building on the site.

30.—Class of Buildings.

No permit to build shall be granted in any case where the Board is of the opinion that the proposed building will depreciate the value of those buildings in the immediate vicinity of the site upon which the building is proposed to be erected.

31.—Penalties.

Where any person by these by-laws or any of them is required to do or perform any act, and such act is not done or remains undone or unperformed, it shall be lawful for the Board to perform the same and charge the cost and expense against such person, and the amount thereof may be recovered summarily.

Every person who does, permits, or suffers any act, matter, or thing contrary to any of these by-laws, or commits, or permits any breach or neglect thereof, shall be deemed guilty of an offence against these by-laws,

and, where not otherwise provided, shall be deemed liable to a penalty not exceeding twenty pounds for every such offence.

A resolution adopting the foregoing by-laws was passed by the Board on the 13th day of December, 1938, and confirmed on the 14th day of February, 1939.

MUNICIPAL CORPORATIONS ACT, 1906-1939.

City of Fremantle.

P.W. 1331/34.

By-law of the City of Fremantle, made pursuant to the provisions of section 180, subsection (33) of the Municipal Corporations Act, 1906-1939, for prohibiting, regulating, and controlling quarrying, excavating and blasting operations within the City of Fremantle.

IN pursuance of the powers conferred by the said Act, the Mayor and Councillors of the City of Fremantle order as follows:—

In this by-law, if not inconsistent with the context—
“Council” means the Council of the City of Fremantle;
“Town Clerk” means the Town Clerk for the time being of the City of Fremantle;
“Town Engineer” means the Engineer for the time being to the City of Fremantle.

1. No person shall, on any lands within the City of Fremantle, carry on or conduct, or cause or permit to be carried on or conducted thereon, any quarrying for stone, sand, or other material, or any blasting or quarrying operations—

- (a) without first having obtained the written permission of the Council so to do;
- (b) unless and until he shall, in the case of quarrying or intended quarrying operations, have fenced off or otherwise secured the lands upon which such operations are carried on or intended to be carried on, safely and securely to the satisfaction of the Town Engineer for the protection of persons, stock, or other property against hurt or damage;
- (c) without stationing flagmen where there is likelihood of danger from blasting operations to pedestrian or vehicular traffic on all adjacent roads or other points at safe distance to warn approaching pedestrian and vehicular traffic whilst blasting operations are being carried on thereon;

- (d) in the case of blasting operations, carrying on the same except, between the hours of 9.30 a.m. and 5.0 p.m.;
- (e) without adequately covering with bags of sand, netting, or other protective substances or materials the area of possible fracture during any blasting operation;
- (f) by firing any blast in such manner as will prevent the throwing of debris, stone, or other material beyond the boundary of any property on which blasting operations are being carried on, to the danger of any member of the public or any stock or property;
- (g) except during the course of blasting operations, using only explosives of such type and in such charges as will not cause earth vibrations extending beyond the property on which the blasting is being carried on;
- (h) without, in the case of quarrying operations, posting prominent notices warning all members of the public that blasting operations are carried on on the said lands;
- (i) except subject to such other conditions as may be annexed to the permit issued to him by the Council.

2. All previous by-laws in force in the City of Fremantle dealing with blasting, quarrying, or excavating are hereby repealed.

3. Any person contravening by act or omission any of the provisions of this by-law shall be guilty of an offence and shall be liable to a penalty not exceeding twenty pounds.

Passed this 16th day of December, 1940.
