4. The secretary or foreman of the Board is hereby authorised, acting for and on behalf of the Board, to employ any casual or weekly servant required by the Board in connection with any works, but shall report the fact of the employment of any such servant to the Board at its next meeting following such employment, and the Board shall be deemed to have ratified

the employment of any such servant, and such employment may be continued unless at such meeting the Board by resolution directs that the employment of the servant shall be discontinued.

The authority given by this by-law shall be supplementary to and shall not derogate from the power of the chairman of the Board under section 214 (3) of the Road Districts Act, 1919-1939.

5. All complaints against servants of the Board must be in writing, and must in every case be signed by the person or persons complaining, and no notice whatsoever shall be taken of any complaint not made in accordance with this by-law. All such complaints as are receivable shall be addressed to the chairman, who, upon receipt of such complaint, shall have the power to investigate the same, and he shall report thereon to the Board at its next meeting.

Meetings and Proceedings.

6. Seven days' notice in writing shall be given by the chairman or secretary of ordinary or regular meetings and also of every meeting adjourned for a term exceeding six days.

7. Meetings of the Board shall be of two kinds—"Ordinary" and "Special." Ordinary meetings are held regularly in pursuance of these by-laws, for the transaction of the general business of the Board, including adjourned meetings, at which uncompleted business shall be completed, together with other business considered necessary. Special meetings are those called under section 131 of the Act, and shall include those called by the chairman in response to a requisition signed by three members, or on his own behalf, and the notices for such special meetings shall have such special business specified thereon, and nothing shall be discussed at any special meeting other than the special business specified on the notice of the meeting.

Provided, however, that any matter of emergency may be discussed on the ruling of the chairman and with the consent of those present.

The ratepayers' meeting shall consist of one called under section 144 of the Act, and the Standing Orders, so far as the Act allows, shall apply to the proceedings, but the provisions of the Act shall be first observed.

The chairman, if present, shall preside at all meetings of the ratepayers of the Board, and in his absence, or if, after being present, he shall retire, the person to preside at a meeting of ratepayers shall be a ratepayer chosen by the ratepayers present, and the person to preside at a meeting of the Board shall be the vice-chairman, or, in his absence, a member chosen by the majority of those present.

8. Ordinary meetings shall be held at the Office of the Board, or at some other convenient place, at 11 a.m. on second Saturday of each month, or on such day and at such hour as may be appointed from time to time by the resolution of the Board passed at the previous meeting of the Board.

9. A special meeting may, on the requisition of three members of the Board, be called at any time in the manner prescribed by the Act, but the chairman may call a special meeting of the Board as often as he deems proper.

10. No business shall be transacted at any ordinary or special meeting, unless a quorum, as specified by the Act, shall be present.

11. At all meetings of the Board, when there is not a quorum present, or when the Board is counted out (which counting out shall take place whenever there is less than a quorum present, or within 30 minutes after the time for which the meeting is called) such circumstances, together with the names of the members then present, shall be recorded in the Minute Book.

12. At any meeting of the Board it shall rest with the majority of the members of the Board present to exclude the public from such meetings, when in their opinion it is expedient to do so.

13. The first business at ordinary meetings of the Board shall be the consideration of the minutes of the preceding meeting, with a view of their confirmation. Reading of the minutes may be dispensed with, if members have been supplied with a copy thereof at least three days prior to the meeting at which such are to be confirmed. No discussion shall take place upon the minutes of the proceedings, except as to their accuracy or for the rectification of a clerical error.

14. The Minute Book prescribed by the Act shall be kept in which any item of business transacted by the Board at the meeting shall be entered by the secretary: Provided that pasting or permanently affixing the minutes of the meeting of the Board to the leaves of a book shall be equivalent to entry therein. Minutes of both special and ordinary meetings shall be confirmed at the next succeeding ordinary meeting of the Board.

15. Each member (including the chairman) shall have one vote and, in the case of an equality of votes, the question shall pass in the negative. In all other cases all questions at such meetings shall be decided by a majority of the votes of the members present. All motions and amendments shall be decided by a show of hands, unless a division is demanded, before the next business is proceeded with.

Standing Orders.

16. The order of business at all ordinary meetings of the Board shall be as follows, that is to say:—

- (a) reading of minutes of last ordinary, also special meetings, and confirmation thereof;
- (b) consideration of business arising out of the minutes;
- (c) the chairman shall have the right of directing attention at any meeting to any matter or subject within the jurisdiction or official cognisance of the Board, by a minute signed by himself, and such minute shall, when introduced, take precedence over all business before or to come before the Board, and the adoption thereof shall be put by him from the Chair, as a motion, without being seconded, but he shall confine himself to the questions contained therein;
- (d) reports of subcommittees or officers;
- (e) reading of correspondence received and despatched, and taking action as may be deemed expedient, in regard thereto;
- (f) questions of which due notice has been given by members or officers of the Board;
- (g) deputations and presentation of petitions or memorials, and consideration thereof;
- (h) consideration of tenders and ratification of contracts;
- (i) motions of which previous notice has been given;
- (j) motions without notice, by leave of the Board;
- (k) general business;
- (l) notice of motions;
- (m) presentation of monthly statement and passing of accounts for payment.

17. In the event of any member having urgent business to place before the meeting, he may move the suspension of the Standing Orders, and, if agreed to by the Board, such business shall take precedence of all other business.

18. Every petition or memorial shall be respectful and temperate in its language, and shall be presented to the Board by a member only; and any member presenting a petition or memorial shall acquaint himself with the contents thereof, and ascertain that it does not contain language disrespectful to the Board; the nature or prayer of any petition or memorial shall be stated to the Board by the member presenting same.

19. Tenders for work shall be opened and dealt with when the subject of the matter of the tenders come on to be considered at the meeting of the Board, or by the committee appointed for that purpose. The Board may require a deposit of 5 per cent. of the amount of each tender to accompany each tender, or the Board may require two satisfactory bonds lodged with the Board.

20. A member, when speaking, shall not digress from the subject of the debate.

21. All correspondence to the Board shall be addressed to the secretary and submitted to the Board; no letter addressed to the Board shall be presented or read by a member.

22. (a) If in a report of a Committee distinct recommendations are made, the decision of the Board may be taken separately on each recommendation.

(b) Any report of a Committee, or any portion of such report, may be amended by the Board, in any manner it may think fit, or may be referred back to the Committee for further consideration.

(c) The recommendation of any Committee, when adopted by the Board, shall be of a resolution of the Board.

23. When the chairman rises in his place during the progress of a debate, any member then speaking or offering to speak shall immediately resume his seat, and every member shall preserve strict silence so that the chairman may be heard without interruption, but the member who was speaking may resume when the chairman takes his seat.

24. In the absence of any member who has placed a notice of motion on the business paper for any meeting, any other member may at such meeting move the same, or such motion may be deferred until the next ordinary meeting of the Board.

25. If any member has been granted leave of absence, and any matter comes before the Board for discussion the subject-matter of which is of particular interest to the absent member, unless in the opinion of the chairman it is a matter of urgency, such matter shall be held over until the absent member is present; provided that if he is not present at the meeting at which the matter again came before the Board, no discussion shall take place until the next meeting of the Board, when such matter shall be dealt with.

26. Except as elsewhere provided, no motion, after being placed on the business paper, shall be withdrawn without the consent of the Board.

27. No motion shall be debated unless or until it has been seconded.

28. When a motion has been proposed and seconded it shall become subject to the control of the Board, and shall not be withdrawn without the consent of the Board.

29. When a motion has been proposed and seconded, any member shall be at liberty to move an amendment thereon, but no such amendment shall be debated unless or until it has been seconded. After an amendment has been moved and seconded, any member desirous of moving a further amendment may give notice of his intention to do so, and may briefly state his proposed amendment and the effect thereof.

30. No motion or amendment shall be debated unless or until it has been reduced to writing, if the chairman so directs.

31. In submitting a motion or amendment the chairman shall put the question first in the affirmative and then in the negative.

32. If the amendment has been carried, the question as amended shall itself become the question before the Board, whereupon any further amendment upon such question may be moved.

33. If an amendment, whether upon an original question or amended as aforesaid, has been negatived, then a further amendment may be moved to the question to which such first-mentioned amendment was moved, and so on until there are no further amendments, and the question is then decided by the final vote in the affirmative or in the negative: Provided that no more than one question and one proposed amendment thereof shall be before the Board at any one time.

34. No discussion shall be permitted upon any motion for the adjournment of the Board. If, upon the question being put on any such motion the same is negatived the subject then under consideration or the next on the business paper shall be discussed, and it shall not be competent for any member to again move for adjournment until half an hour has elapsed from the time of moving the one that has been negatived.

35. On resuming any discussion that has been adjourned, the mover of such adjournment shall be entitled, if he has not already spoken on the subject under discussion, to speak first.

36. Every such question shall be put (categorically) and without argument.

37. No discussion shall be permitted respecting any reply or refusal to reply to any question.

38. Members shall on all occasions, when at a meeting, address the chairman and secretary by their official designations, such as chairman or secretary, as the case may be, and, with the exception of the chairman, shall rise in their places and stand while speaking, except when prevented from doing so by bodily infirmity.

39. No member shall be interrupted while speaking except for the purpose of calling him to order, as herein-after provided, or in pursuance of by-law No. 23.

40. The mover of an original motion shall have the right of general reply to all observations which have been made in reference to such motion, or to any amendment moved thereon, as well as the right to speak upon every such amendment. Every member, other than the

mover of the original motion, shall have the right to speak once upon such motion, and once upon every amendment moved thereon. No member shall, without the consent of the Board, speak more than once upon any one question or for a period of more than ten minutes at any one time, unless when misrepresented or misunderstood, in which case he may be permitted to explain without adding any further observations than may be necessary for the purpose of explanation.

41. Upon a vote being taken all members present within the Board room, unless disqualified from voting shall, and the chairman, unless so disqualified, may, upon the question being put, record their respective votes in the affirmative or negative, as each shall deem desirable but if a member other than the chairman neglects or refuses to vote, shall be counted for the negative.

42. (a) All questions shall, if not otherwise decided by law, be determined thus:—Upon a question being put those in favour shall say "Aye" and those against "No," and the chairman shall declare whether the "Ayes" or "Noes" have determined the question; or if the chairman prefers, he may call for a show of hands for and against the question. The decision of the chairman shall be final and conclusive, unless such a decision be immediately challenged and two members rise and demand a division.

(b) Where there is only one dissentient, he may request that his name be recorded in the minutes as opposed to the motion, and it shall be so recorded.

43. Upon a division being called for, the question shall be put in the affirmative first and then in the negative, and the chairman and all members present shall vote by a show of hands, and the names and the votes of the chairman and members present shall be recorded in the minutes by the secretary. Any member of the Board present when a division is called for who does not in the manner above indicated vote on such motion, not being disqualified by law from voting, shall have his vote counted in the negative.

44. The chairman shall be at liberty to put any question as often as may be necessary, to enable him to form his opinion as to the result of voting, and declare the same.

45. Any member who at any meeting of the Board or any Committee commits a breach of any by-law, or who moves or attempts to move any motion or amendment embodying any matter beyond the legal jurisdiction of the Board or Committee, or who in any other way raises or attempts to raise any question, or addresses or attempts to address the Board or Committee upon any subject which the Board or Committee has no legal right to discuss, or who uses any language which according to the common usage of gentlemen would be held to be disorderly, or makes use of any expression inconsistent with good order and decorum, or who says or does anything calculated to bring the Board or Committee into contempt, shall be guilty of an act of disorder.

46. The chairman, when called upon to decide a point of order or practice, shall state the rule or precedent applicable to the case, without further argument or comment, and his decision shall be final in that particular case. If the ruling of the chairman be disagreed with, then the usual Parliamentary procedure may be adopted.

47. Any member having been called to order by the chairman more than once for any infringement of any of the provisions of these by-laws, or for any breach of the decorum, shall, upon the request of the chairman, withdraw from the Board Room for the remainder of the meeting.

48. If disorder arises at any meeting the chairman may adjourn the meeting for a period of fifteen minutes, and quit the chair. Then, on resuming, shall, on question put from the chair, decide without debate whether the business be proceeded with or not.

49. The Board may at any time appoint one or more members as a Committee to inquire into any matter, and make a report and recommendations thereon, but no Committee shall incur a financial liability or in any way commit the Board to any responsibility whatever, without express and specific authority conferred by the by-laws or a resolution of the Board.

50. At the meeting of the Board in each year a Finance Committee shall, and a Works Committee may, be appointed; the Finance Committee shall meet at a time and place to be decided at the preceding general meeting, and shall carry out the duties specified in the regulation, and report to the Board.

51. All accounts, bills, and vouchers, except as hereinafter provided, shall be submitted to the Finance Committee meeting and the ordinary Board meeting, and, after being certified as correct, shall be paid by cheque: Provided that the Board may by resolution authorise the payment of wages, emergency accounts, and progress contract payments to be made by cheque between meetings; all such accounts to be placed before the Finance Committee at its next meeting, who shall review same, and, if satisfied with the necessity of the action taken, include same in their report.

52. An account shall be opened with such Bank as the Board may from time to time direct, and all moneys received from whatever source, with the exception of moneys granted by the Government, shall be paid into such Bank to the credit of the Board, and no account shall be paid by other than cheque signed by the chairman and one member of the Board and countersigned by the secretary: Provided that payments less than two pounds may be made in cash from petty cash account kept for that purpose. Such petty cash account shall be kept on the imprest system, and the amount thereof shall be decided by the Board from time to time.

53. All moneys belonging to the Board shall, within twenty-four hours, or such time as specified by the Board, after they come into the hands of any officer, servant, or clerk, be paid to the secretary or responsible officer directed by the Board to receive same.

54. In the case of emergency the following amounts may be expended by the persons mentioned:—Chairman alone, up to £3; one member alone, up to £2; chairman and one member, up to £5; two members, up to £4; by the engineer, up to £10, which expenditure shall, if found correct, be confirmed by the next ordinary meeting.

55. Every item of expenditure and every liability incurred by any Committee or member of the Board, otherwise than under the Act or these by-laws, shall be deemed unlawful expenditure and a breach of this by-law by that person.

56. The Common Seal of the Board shall be kept in the Board's safe. The Common Seal shall not be affixed to any deed or to any other instrument, except by a resolution of the Board.

59. No person shall set fire to any standing tree upon or near any road or track, any such offender shall upon conviction pay a penalty not exceeding £20: Provided, however, that any such tree may be set alight if the permission of the secretary or chairman (who shall have power to delegate their authority to grant such permission) is first obtained, and that such precautions as are necessary are observed by the person so lighting such tree.

60. Any person who shall light a fire (except by order of the Board), or shall place rushes, bushes, or other inflammable substance under, near, or against any bridge or culvert in the district for the purpose of making a camp or sleeping place, or for any other purpose, shall be liable to a penalty not exceeding £20.

Buildings and Fencing.

73. No person shall erect within the Corrigin Town-site boundaries any building or fencing, or alter or add to any building or fencing, or shall permit any person to erect any building or fencing, or alter or add to any existing building or fence, on land of which he is the owner, or which he has control, before plans of the proposed works or alterations have been submitted to and approved by the Board.

Approval for the plans and specifications shall be given in writing, and work shall commence only after such authority is completed and issued.

Providing also, that where it is decided to make some minor alteration to a building, not materially affecting its stability, lighting, ventilation, size of rooms or appearance, the application may, in the first place, be made without submitting plans and specifications, which shall, however, be submitted if the Board so require.

In lieu of the aforementioned concrete pipe or jarrah culvert, the Board may, if it thinks fit, permit the formation of a spoon drain, of such dimensions and to such specifications as it may deem requisite. Provided also, that the Board may, at the request of any owner as aforesaid, supply and construct a crossing, provided the owner shall pay at least one-half of the cost of the crossing.

82. On the order of the Board the secretary or other appointed officer may direct the removal within 14 days of any building, fence, or any other obstruction or encroachment in or upon any street, road, lane, or public place under the control of the Board. In any case where after service of notice of such removal any such obstruction or encroachment has not been removed within the specified time, it shall be lawful for the officer appointed by the Board to remove same, at the cost of the person so offending, and to proceed against the offender for the breach of this by-law, the penalty for breach of which shall not be more than twenty pounds.

Damaging Roads.

83. No person shall either wilfully or negligently damage or destroy by means of a horse team or any other means any road under construction or repair; any person found guilty of such damage or destruction shall be liable to a penalty not exceeding twenty pounds. Any person who draws upon any road any timber, stone, or other material other than a wheeled vehicle, or suffers such material, when carried principally or part upon a wheeled vehicle, or suffers such material to drag upon a road, or draws upon a road a whim or timber carriage any portion of which or any portions of chains attached thereto, or any portion of other attachment trails or drags upon a road, shall be deemed guilty of an offence against these by-laws, and shall be liable to a penalty not exceeding five pounds for every such offence.

(2) An internal sector existing at the time when this Division comes into operation, shall, subject to paragraph (4) hereof, be registered within twenty-eight days after the date when this Division comes into operation.

(3) An internal sector which comes into existence after the date when this Division comes into operation shall be registered within twenty-eight days after the date when the internal sector comes into existence as aforesaid.

(4) Where an internal sector has already been registered in accordance with regulation 49 of these regulations as in force prior to the date when this Division comes into operation, and such registration was effected by a person who in relation to the building in which such internal sector exists would be the controlling authority within the meaning of this Division, the said building shall be deemed to be already registered under and for the purposes of this Division, and the Council may make such amendments or adjustments of the record in the internal sector register as may be necessary to show that the said building has been duly registered as an internal sector as required by this Division.

(5) Registration of an internal sector shall be effected by the controlling authority thereof lodging with the Council a notice in writing in the Form No. 13 in the Appendix to these regulations, and by the Council entering in a register book, to be kept for the purpose, a memorandum of the particulars contained in such notice.

(6) Upon an internal sector being registered in accordance with this regulation, the Council shall cause to be issued a certificate of registration in the Form No. 14 in the Appendix to these regulations to the controlling authority of such internal sector.

(7) Any controlling authority of an internal sector who fails or neglects to comply with the requirements of this regulation shall be guilty of a contravention of these regulations within the meaning of section twelve of the Act.

50. (1) Subject as hereinafter provided, it shall be the duty of the controlling authority of every internal sector forthwith to make provision in relation to such internal sector in respect of the following matters in connection with air raid precautions, that is to say:—

- (a) planning the organisation of air raid precautions;
- (b) appointment of the necessary personnel;
- (c) training of such personnel;
- (d) the acquisition and maintenance of necessary materials and equipment;
- and
- (e) the actual institution of precautionary measures.

Provided that—

- (i) the Council may, upon application being made by a controlling authority of an internal sector, exempt such controlling authority for such time as it thinks fit from his obligation under this regulation to make provision for any one or more of the matters aforesaid; and
- (ii) every provision made by a controlling authority in accordance with this regulation shall be subject to the approval of the Council and shall be made in a manner satisfactory to the Council.

(2) Where an internal sector is occupied by a lessee or lessees, whether such internal sector is also occupied in part by the controlling authority thereof or not, it shall be the duty of every such lessee to co-operate with the controlling authority in the due performance by such controlling authority of his obligations under this regulation, and it shall be the duty of the controlling authority, before doing any act, matter, or thing in relation to the carrying out of his obligations under this regulation, to consult with and endeavour to arrange mutually with all the lessees occupying the internal sector concerning the extent to which, the manner in which and the means by which, the said lessees shall co-operate with the controlling authority aforesaid. In the event of the controlling authority and any lessee being unable to reach a mutual arrangement as aforesaid, the matter or matters in dispute shall be referred to the head warden of the district in which the internal sector is situate, as umpire. Such head warden shall settle, as between the parties, the matter or matters in dispute, and his decision shall be final and binding upon the parties affected thereby.

51. (1) The air raid precautions personnel of an internal sector shall include—

- (a) an officer who shall be responsible for the organisation of air raid precautions in connection with all parts of the internal sector and who shall be called the internal sector control officer;

- (c) first aid parties;
- (d) fire parties;
- (e) fire watchers;
- (f) messengers; and
- (g) any other parties or persons as the Council may from time to time deem necessary and direct the appointment or creation thereof.

(2) The internal sector control officer of every internal sector shall, subject to paragraph (2) of regulation 50 of these regulations, be appointed by the controlling authority of the internal sector, but such appointment shall be subject to confirmation by the chief warden, and if not so confirmed shall, upon notification by the chief warden to that effect, be cancelled and revoked.

(3) The number of persons to constitute a first aid party or a fire party, and the number of first aid parties and of fire parties to be established in an internal sector, and the number of fire watchers and messengers to be appointed for an internal sector, shall be in accordance with a scale or scheme to be determined from time to time by the Council.

(4) Where an internal sector is occupied by a lessee or lessees, whether such internal sector is also occupied in part by the controlling authority thereof or not, the internal sector control officer to be appointed for such internal sector, and the personnel of the various parties mentioned in paragraph (1) of this regulation may be appointed or

selected from the various lessees aforesaid or from the employees, or servants of any of such lessees, and shall be so appointed or selected if, in accordance with paragraph (2) of regulation 50 hereof, an arrangement made between the controlling authority and such lessees so requires.

(5) Subject as hereinafter provided it shall be the duty of every lessee and of every employee or servant of a controlling authority or of a lessee, if called upon so to do by the controlling authority pursuant to any arrangement referred to in paragraph (4) hereof, to accept appointment to or selection as a member of any of the personnel mentioned in paragraph (1) of this regulation, and to carry out the obligations and duties of such a member unless he satisfies the internal sector control officer that he is physically incapable of carrying out such obligations and duties, or that, by reason of other circumstances, his refusal to accept such appointment or selection is justified.

Provided that—

- (a) where any such employee or servant, in pursuance of his duty under this paragraph, carries out any duties as a member of the personnel of the internal sector, he shall, while so doing, be deemed to be carrying out such duties as part of his usual employment and shall be remunerated accordingly by his employer;
- (b) if any such employee or servant is a member of the Civil Defence Forces referred to in regulation 20 of these regulations, and as such member is required for civil defence duty elsewhere than in the internal sector, he shall not be called upon under this paragraph to accept appointment to or selection as a member of the personnel of such internal sector whilst he continues to be required for such civil defence duties aforesaid and shall be exempt from the duty imposed upon him by this paragraph accordingly;
- (c) if any such employee or servant is a member of the Civil Defence Forces aforesaid and as such member is required for civil defence duty elsewhere than in the internal sector, but the employer satisfies the Chief Warden that it is essential for the civil defence of the internal sector that such employee or servant should be a member of the personnel of the internal sector, the Chief Warden may, if he think fit, upon application in writing being made to him by the employer, grant to the employer a permit to call upon the employee or servant to accept appointment to or selection as a member of the personnel of the internal sector; and when any such permit is granted, paragraph (b) of this proviso shall not apply to the employee or servant mentioned in such permit, and such employee or servant, if called upon by the employer to accept appointment or selection as aforesaid, shall be relieved from his obligation to perform civil defence duty as a member of the Civil Defence Forces elsewhere than in the internal sector.

52. The duties of the internal sector control officer of an internal sector shall include the making of necessary arrangements within the internal sector in connection with the following matters, namely:—

53. It shall be the duty of the internal sector control officer, and of every member of the personnel of every internal sector, to attend and undertake such courses of instruction as may be organised or arranged by or under the authority of the Council for the purposes of training them in their respective duties.

54. Whenever a national emergency is proclaimed, and whilst it continues or while the Council considers it essential, the controlling authority of every internal sector which is declared by the Council to be affected by such national emergency, shall cause the fire watchers and messengers appointed for such internal sector to be on duty therein during every night, between the hours of sunset and sunrise, and also during the day, on Saturdays, and Sundays, in such numbers or on such shifts as shall conform with a scale to be prescribed by the Council from time to time on the recommendation of the Chief Officer of Fire Brigades in Western Australia.

55. Subject as hereinafter provided, it shall be the duty of the controlling authority of every internal sector—

- (a) to have constructed and maintained therein such shelters of such number, size, and character as the Council may require and direct to be constructed;

Provided that, where the internal sector is occupied by a lessee or lessees, but subject to due compliance with the requisitions of the Council, the controlling authority shall carry out his duties under this regulation in such manner and during such times of the day as will cause the least inconvenience or loss to the said lessee or lessees.

56. The arrangements for the restriction of lighting in an internal sector shall include the provision of material required to obscure windows, skylights, shop fronts, and doorways and any other portion of the internal sector which may permit the passage of light contrary to these regulations.

57. The arrangements for internal warnings shall include—

- (a) the planning of an internal warning system by means of lights, buzzers, bells, or other methods; and
- (b) the assignment to particular persons of the responsibility for giving internal warning on hearing a public warning and the organisation of personnel to hear or detect the public warning.

58. The arrangements for the provision of internal shelters shall include—

 - (ii) for the supervision of internal traffic by internal sector wardens; and
 - (c) the arrangement of orders for action stations to be given to persons within the premises of the internal sector, and the specification of the routes to be followed to such action stations by such persons in order to avoid undue congestion.

 - (b) the avoidance of the accumulation of inflammable material.
61. (1) If any controlling authority of an internal sector shall fail or neglect in any respect duly to carry out any obligation imposed upon him by any of the regulations contained in this Division—
- (a) he shall be guilty of a contravention of these regulations within the meaning of section twelve of the Act; and
 - (b) the Council may cause to be done or performed any act, matter, or thing in relation to which such controlling authority is in default as aforesaid.
- (2) The Council, when exercising its power under subparagraph (b) of paragraph (1) of this regulation, may employ or engage such servants, contractors, and agents as it may deem necessary for the purpose of exercising its said powers, and such servants, contractors, and agents may enter the premises of the internal sector (if necessary by force) in order to do or perform the act, matter, or thing which they have been employed or engaged by the Council to do on such premises.
- (3) Any cost or expense incurred by the Council in the exercise of its power under subparagraph (b) of paragraph (1) of this regulation in any internal sector shall be a debt owing to the Council by the controlling authority of such internal sector, and as such shall be recoverable from him at the suit of the Council in any Court of competent jurisdiction.
- (4) Where, in accordance with paragraph (3) of this regulation, the controlling authority of an internal sector has been required to pay and has paid to the Council the amount of the cost or expense incurred by the Council as in the said paragraph (3) provided for, and the said internal sector is occupied by a lessee or lessees, and if the said controlling authority had himself carried out the work which has been carried out by the Council by reason of his default, he would have been entitled to claim and recover from such lessee or lessees a contribution or contributions towards the amount of such cost or expense under and in accordance with the regulations contained in Division 4 of this Part, the controlling authority may claim and recover from such lessee or lessees the contribution or contributions for which he or they is or are liable under the regulations contained in Division 4 aforesaid in respect of the amount of the cost or expense (exclusive of legal costs of any action) which he has paid to the Council as aforesaid.
62. If any lessee or other person having any duty under this Division fails in any respect to carry out such duty, or if any person in any way obstructs, impedes, or interferes with or attempts to obstruct, impede, or interfere with any controlling authority, lessee, or other person having any duty under this Division in the carrying out by him of such duty, the person committing the wrong shall be guilty of a contravention of these regulations within the meaning of section twelve of the Act.

Division 2—Other Buildings.

63. For the purposes of the regulations contained in this Division—

- “Building” means any building or other enclosed place, whether owned or held by any one or more individuals, or by a firm or corporation in which persons attend or are present at any time, or from time to time (whether as owners, lessees, tenants, officers, employees, servants, customers, cleaners, boarders, lodgers, or otherwise), on an average attendance daily of less than fifty-one persons, and which, if such average attendance daily was more than fifty, such persons would be “an internal sector” within the meaning and for the purposes of the regulations contained in Division 1 of this Part.
- “Controlling authority,” in relation to a building under this Division, has the same meaning as the term “Controlling authority” in relation to an internal sector as defined in regulation 48 of these regulations.
- “Lessee” in relation to a building under this Division includes lessee, sub-lessee, or licensee.

64. (1) Subject to the exceptions hereinafter specified, the provisions of the regulations contained in Division 1 of this Part relating to internal sectors shall apply and have effect in like manner in relation to buildings within the meaning of this Division, and so that, subject as aforesaid, the controlling authority of every building, and the lessees (if any) thereof, and all other persons, shall have and carry out in relation to such building the same obligations and duties, bear the same liabilities and be subject to the same penalties as they would have and be required to carry out and bear and be subject to if such building were an internal sector.

(2) The exceptions mentioned in paragraph (1) hereof are as follows:—

- (a) The controlling authority of a building shall not be required to register such building, and regulation 49 of these regulations shall not apply.
- (b) The air raid precautions personnel of a building need not include first aid parties, and regulation 50 of these regulations shall apply as if the reference to first aid parties contained therein were excluded therefrom.
- (c) Unless and until required so to do by the Council, the controlling authority of a building need not provide internal shelters in the building, and the provisions relating to internal shelters in regulations 52, 55, and 58 of these regulations shall apply and have effect accordingly.

(3) Subject to the exceptions and modifications mentioned in paragraph (2) of this regulation, all the regulations contained in Division 1 of this Part shall be deemed, with such adaptations thereof as may be necessary, to be incorporated in and form part of this Division for the purposes of this Division.

65. (1) Notwithstanding anything to the contrary contained in those regulations contained in Division 1 of this Part which, by the operation of paragraph (3) of regulation 64 hereof, are deemed to be incorporated in and form part of this Division and which relate to fire-watchers and fire watching—

- (a) where a building is very small, or is one of two or more very small adjoining buildings, the Council may, upon application being made by the controlling authority or controlling authorities of such small building or small buildings, permit a communal scheme of fire watching for such small building or small buildings to be established and maintained by such controlling authority or controlling authorities;
- (b) where a building is very small and adjoins an internal sector, or a larger building (the air raid precautions personnel of which includes fire watchers), the Council may, upon the application of the controlling authority of such small building and with the consent of the controlling authority of such internal sector or larger building, permit the controlling authorities aforesaid to establish and maintain as mutually arranged by them a co-operative scheme of fire watching in connection with the said small building as well as the internal sector or larger building.

(2) Any permit granted by the Council under this regulation may be cancelled or revoked by the Council at any time by notice in writing under the hand of the Director of Civil Defence served upon the controlling authorities concerned.

Division 3—Protection against Flying Glass.

66. (1) Subject to paragraphs (2) and (3) of this regulation, the controlling authority of every internal sector and the controlling authority of every building (being a building within the meaning of Division 2 of this Part) shall, in relation to such internal sector or building, take or carry out and at all times maintain or continue to carry out such measures as may be approved by the Council for the protection of persons outside and of persons inside the internal sector or building against flying glass from or in the internal sector or building.

(2) The Council may from time to time by notice published in the *Government Gazette* and in a newspaper circulating in the district affected, declare that paragraph (1) hereof shall not operate in any district or part of a district specified in such notice, and may at any time cancel or revoke such notice by any subsequent notice published in the like manner; and whilst any notice in this paragraph first hereinbefore mentioned remains uncanceled or unrevoked, paragraph (1) of this regulation shall not operate in the district or part of the district specified in such notice.

(3) The Council may, upon application being made by the controlling authority of any internal sector or building to which paragraph (1) hereof applies and which is situate in any district in which the said paragraph (1) is in force, exempt such internal sector or building from the operation of the said paragraph (1) for a period to be specified in the instrument or notice evidencing the granting of such exemption. Any exemption granted under this paragraph may be either total or partial and may be either unconditional or subject to such conditions as the Council may think fit to impose.

67. The Council may, by notice published in the *Government Gazette* and in a newspaper, circulating throughout the districts in which these regulations are in force, declare the measures for protection against flying glass which are approved by the Council for the purpose of regulation 66 of these regulations.

68. Any person who in any respect fails or neglects to carry out any obligation imposed upon him by regulation 66 of these regulations, and any person who obstructs, impedes, or interferes with any such first-mentioned person in the carrying out by him of such obligation, or by any act nullifies or renders ineffective any measures taken or carried out by such first-mentioned person in the performance of his said obligation, shall be guilty of a contravention of these regulations within the meaning of section 12 of the Act.

69. If the controlling authority of any internal sector or building shall fail or neglect in any respect duly to carry out any obligation imposed upon him by section 66 of these regulations, the Council may cause to be done or performed any act, matter, or thing in relation to which such controlling authority is in default as aforesaid; and in every such case paragraphs (2), (3), and (4) of regulation 61 of these regulations shall, with such adaptations as are necessary, apply and have effect.

Division 4—Apportionment of Expenses.

70. Subject to any financial assistance which may be provided by the Council or the Governments of the Commonwealth or of the State, and subject to any agreement mutually entered into by the controlling authority of any internal sector, or of any building to which Division 2 of this Part applies, and any lessee occupying the internal sector or building or any part thereof regarding payment of the costs or expenses incurred or to be incurred by the controlling authority aforesaid in the performance of his obligations under this Part of these regulations, the following provisions in relation to the payment of such costs or expenses shall apply:—

- (a) The controlling authority of the internal sector, or of the building, as the case may be, shall, in the first instance, be responsible for the due performance of the air raid precautions provisions and the provision and maintenance of all measures, equipment, chattels, and things required by the regulations contained in this Part, and for the payment of all the costs and expenses incurred in connection therewith.
- (b) Where the internal sector or building or any part of the internal sector or building is held or occupied by any lessee, sublessee, tenant, or licensee, the costs and expenses referred to in the next preceding paragraph (a) shall be apportioned between the controlling authority and such lessee, sublessee, tenant, or licensee in the manner or in the proportions hereinafter mentioned, that is to say:—

- (i) Where the internal sector or building is occupied and used by a lessee, tenant, or licensee, and the term of the lease, tenancy, agreement, or license has less than one year to run—

- (a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

- (b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid by the controlling authority, but the lessee, tenant, or licensee shall pay to the controlling authority, by way of a partial recoup, an amount equal to six pounds per centum of the amount of such costs and expenses:

Provided that, in the case of a tenancy in respect of which no term is specified and which runs from week to week, and is terminable by a week's notice on either side, the amount payable by the tenant to the controlling authority shall be an amount equal to rent at the rate of six pounds per centum of the amount of such costs and expenses per annum payable by equal weekly instalments.

- (ii) Where the internal sector or building is occupied and used by a lessee, tenant, or licensee, and the term of the lease, tenancy, agreement, or license has still one year or more to run—

- (a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

- (b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid to the controlling authority by the lessee, tenant or licensee:

Provided that the payment for which the lessee, tenant, or licensee is liable hereunder may be spread over the unexpired portion of the term of the lease, tenancy, agreement, or license, and may be paid by equal instalments falling due for payment on the periodical days appointed by the lease, tenancy, agreement, or license for payment of the rent reserved thereby.

- (iii) Where the internal sector or building is occupied and used in part by the controlling authority and in part by a lessee, tenant, or licensee, and the term of the lease, tenancy, agreement or license has less than one year to run—

- (a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

- (b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid by the controlling authority, but the lessee, tenant, or licensee shall pay to the controlling authority, by way of a partial recoup, an amount equal to six pounds per centum of that proportion of the amount of the said costs and expenses which bears to the amount of the said costs and expenses the same ratio as the rent payable by the lessee, tenant, or licensee over a period of twelve months bears to the annual value assessed by the local government authority for the land upon which the internal sector or building is situated.

Provided that, in the case of a tenancy in respect of which no term is specified and which runs from week to week, and is terminable by a week's notice on either side, the amount payable by the tenant to the controlling authority shall be an amount at the rate of six pounds per centum per annum on the said proportionate amount of the said costs and expenses payable by equal weekly instalments.

- (iv) Where the internal sector or building is occupied and used in part by the controlling authority and in part by a lessee, tenant, or licensee, and the term of the lease, tenancy, agreement, or license has still one year or more to run—

(a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

(b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid by the controlling authority, but the lessee, tenant, or licensee shall pay to the controlling authority by way of a partial recoup a proportionate amount of the said costs and expenses which bears to the total amount of such costs and expenses the same ratio which the rent payable by the lessee, tenant, or licensee over a period of twelve months bears to the amount of the annual value assessed by the local government authority for the land upon which the internal sector or building is situated.

Provided that the payment for which the lessee, tenant, or licensee is liable hereunder may be spread over the unexpired portion of the term of the lease, tenancy agreement or license and may be paid by equal instalments falling due for payment on the periodical days appointed by the lease, tenancy agreement or license for payment of the rent reserved thereby.

- (v) Where the internal sector or building is held but not occupied by a lessee, tenant, or licensee and is sublet to a sublessee, subtenant, or sublicensee, and the term of the lease, tenancy, agreement, or license has less than one year to run—

(a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

(b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid by the controlling authority, and the lessee, tenant, or licensee shall bear the same liability for the benefit of the controlling authority as if the internal sector or building were occupied and used solely by him as provided for in the foregoing provisions of this regulation, but the sublessee, subtenant or sublicensee shall pay to the lessee, tenant, or licensee by way of a partial recoup a proportionate part of the amount payable by the lessee, tenant, or licensee which bears to the total amount payable by the lessee, tenant, or licensee as aforesaid the same ratio as the rent payable by the sublessee, subtenant, or sublicensee bears to the rent payable by the lessee, tenant, or licensee to the controlling authority.

Provided that the payment to be made by the sublessee, subtenant, or sublicensee to the lessee, tenant, or licensee shall be paid at the same periods and in amounts corresponding with the periods and amounts prescribed hereunder for the payment of the amount which the lessee, tenant, or licensee is liable to make to the controlling authority.

- (vi) Where the internal sector or building is not occupied by the controlling authority and is held by a lessee, tenant, or licensee and occupied in part by him and in part by a sublessee, subtenant, or sublicensee, and the term of the lease, tenancy agreement, or license has one year or more to run—

(a) the costs and expenses of the structural alterations or additions to the internal sector or building shall be borne and paid wholly by the controlling authority;

(b) the costs and expenses incurred in relation to all other works, matters, and things shall be borne and paid by the controlling authority, and the lessee, tenant, or licensee shall bear the same liability for the benefit of the controlling authority as if the internal sector or building were occupied and used solely by him as provided for in the foregoing provisions of this regulation, but the sublessee, subtenant, or sublicensee shall pay to the lessee, tenant, or licensee, by way of a partial recoup, a proportionate part of the amount payable by the lessee, tenant, or licensee which bears to the total amount payable by the lessee, tenant, or licensee the same ratio as the rent payable by the sublessee, subtenant, or sublicensee to the lessee, tenant, or licensee bears to the rent payable by the lessee or tenant or licensee to the controlling authority.

(c) (1) If in any particular case and by reason of the special circumstances thereof, the application of any of the provisions contained in paragraph (b) of this regulation may appear to affect unfairly or unreasonably any lessee, tenant, or licensee or any sublessee, subtenant, or sublicensee, the matter of the application of such provisions may be referred by the lessee, tenant, or licensee or the sublessee, subtenant, or sublicensee aggrieved to a Crown Law officer as arbitrator for determination, and the Crown Law officer to whom such reference is made may determine the matters in dispute in such manner as he thinks fair and just in the interest of all the parties concerned.

(2) For the purpose of a determination by a Crown Law officer under subparagraph (1) of this paragraph, the Crown Law officer may make such inquiries and investigations and take such evidence in the same manner and to the same extent as if the reference to him were a reference to a single arbitrator under the provisions of the Arbitration Act, 1895, and any amendments for the time being in force thereof.

(vii) Where in any of the foregoing subparagraphs of this paragraph provision is made for the payment by a lessee, tenant, or licensee or a sublessee, subtenant, or sublicensee of a contribution calculated on the basis of six per centum of the amount or a specified amount of the costs and expenses incurred and the number of lessees, tenants, or licensees or sublessees, subtenants, or sublicensees, occupying the same internal sector or building is such that the total amount of the contributions upon the basis aforesaid payable by all of them would exceed the amount of the costs and expenses, or the specified amount of the costs and expenses incurred, the basis of calculation of the contributions to be paid shall be reduced below six per centum by such amount as will reduce the total amount of such contributions to the amount or the specified amount of the costs and expenses incurred.

71. Every amount for which a lessee, tenant, or licensee is liable to a controlling authority under regulation 70 of these regulations, and every amount for which a sublessee, subtenant, or sublicensee is liable to a lessee, tenant, or licensee under regulation 70 aforesaid shall be a debt owing by the person liable to pay the same to the person liable to receive the same, and as such shall be recoverable by the person to whom it is owing as aforesaid in any Court of competent jurisdiction.
