(2) The driver or person in charge of any motor vehicle affected by any direction given in pursuance of this clause shall comply with such direction.

12. The Commissioner of Police, or any constable acting under his general or special direction, or any Commonwealth Officer aforesaid may, and shall, if requested so to do by the Civil Defence Council in this State, in the event of hostile attack or the apprehension of hostile attack, give directions prohibiting or restricting the display of any light on any motor vehicle the display of which would otherwise be lawful under the provisions of this Order.

13. (1) A person in charge of any motor vehicle (not being an essential service vehicle within the meaning of clause 15 of this Order) which is in any public place in any part of the State in which the "air raid warning" signal is sounded at any time shall, during the period between the sounding of such "air raid warning" signal, and the sounding of the "raiders passed" signal—

- (a) extinguish and keep extinguished the front lamps (whether authorised front lamps or other lamps) on that motor vehicle; and
- (b) cause the vehicle to remain stationary in a position in such public place which is least likely to render that motor vehicle an obstruction to traffic in such public place.

(2) A person in charge of any motor vehicle which is an essential service vehicle within the meaning of clause 15 of this Order and which is in any public place in any part of the State in which the "air raid warning" signal is sounded at any time shall, during the period between the sounding of such "air raid warning" signal and the sounding of the "raiders passed" signal—

- (a) cause the front lamps on the vehicle to be converted instantly into authorised front lamps, if they are not already authorised front lamps; and
- (b) cause the intensity of illumination from the authorised front lamps on the vehicle on a vertical surface at any point ten feet from the lamp to be so reduced as to be not greater than 2.5 foot candles.

14. Any constable may take into custody any motor vehicle which in his presence displays or emits any light in his opinion contrary to this Order, and may keep such motor vehicle in his custody until the condition leading to the breach of this Order has been remedied.

Provided that—

- (i) the vehicle shall be released by the constable as soon as is convenient to him after the vehicle can lawfully be driven without lights; and
- (ii) the detention of a motor vehicle under this clause shall not exceed sixteen hours in any one occasion.

15. (1) While a motor vehicle is being used as an essential service vehicle—

- (a) subject to the approval of the approving authority, there may be displayed in or on the vehicle as a sign indicating the purpose for which the vehicle is being used, and through a circular aperture one inch in diameter, an orange light the colour of which conforms to British Standard Colour No. 57 orange, but so that such light is just visible at a distance of fifty yards;
- (b) there may be used in or on the vehicle in addition to or in substitution for the sign or light mentioned in subparagraph (a) hereof any sign indicating the character of the vehicle which a vehicle of that type ordinarily carried in peace time, but so that the illuminated portion of the sign is just legible at a distance of fifty yards;
- (c) notwithstanding anything to the contrary contained in this Order, where the vehicle is equipped with authorised dual purpose lamps, the orange light mentioned in subparagraph (a) hereof may be displayed through the circular aperture in such lamps in lieu of the white light as specified in the definition of authorised dual purpose lamp in clause 3 of this Order:

Provided that, in such case the brightness of such orange light shall be such that it is visible at a distance of thirty yards and not visible at a distance of three hundred yards when the higher power in the lamp is used.

(2) For the purposes of paragraph (1) of this clause "essential service vehicle" means a police vehicle, a post office vehicle, a fire service vehicle, an ambulance vehicle, or a vehicle used for any civil defence purpose, or any public utility vehicle.

(3) A person shall not have in his possession or control or use or enter or occupy any motor vehicle upon which is displayed any light or sign mentioned in paragraph (1) of this clause, or any light or sign resembling such light or sign, unless the vehicle belongs to or is appropriated for the use of any of the civil defence services and is being used with due authority for official purposes.

(4) All the provisions of paragraph (1) of this clause shall apply, notwithstanding that the essential service vehicle is used within the prescribed area.

16. A light may be displayed in a taximeter cab used within the prescribed area for the purpose of an illuminated sign indicating that the vehicle is a taximeter cab plying for hire, but so that such light shall be just visible at a distance of one hundred feet.

17. (1) A person shall not manufacture, and no such person shall sell or offer for sale, any mask or type of mask which makes or purports to make, or may reasonably be assumed to purport to make any lamp comply with the provisions of this Order regarding an authorised dual purpose lamp, an authorised indicating lamp, or an authorised headlamp without the written consent of the approving authority, which consent may be withdrawn by the approving authority at any time, and may be subject to such conditions as the approving authority specifies.

(2) Every mask so manufactured, sold, or offered for sale shall have shown thereon in a clear and indelible manner—

- (a) the name or trade mark of the manufacturer; and
- (b) the month and year of manufacture.

18. (1) A person shall not display or cause or allow to be displayed upon any motor vehicle, except a motor vehicle belonging to or appropriated for the use of the Armed Forces, the Defence Services identifying light as hereinafter defined, or any light so resembling such light as to be likely to deceive.

(2) A person shall not have in his possession or control or use, or enter or occupy any motor vehicle upon which is displayed the Defence Services identifying light, or any light resembling such light, unless such vehicle belongs to or is appropriated for the use of the Armed Forces and is being used with due authority for official purposes.

(3) The Defence Services identifying light means a circular azure light one inch in diameter, the colour of which conforms to the British Standard Colour No. 4 azure.

19. (1) A person shall not drive, be in charge of, or leave any motor vehicle in any public place within the prescribed area, not being formed on private property, between sunset and sunrise, unless it has white paint or other white material not less conspicuous than white paint applied or affixed in a strip of an even width of not less than three inches along the bumper bars, running boards, and the lower edges of the mudguards. Where the vehicle has bumper bars, running boards, and mudguards the paint or other material shall be applied or affixed thereto. Where the vehicle has no bumper bar or running board or mudguard, the paint or other material shall be applied or affixed in a position on such vehicle approximating as nearly as possible to that of bumper bars, running boards, and mudguards.

(2) Any such white paint, white material, or white surface aforesaid shall be maintained in a clean condition and unobscured.

20. A person shall not, between sunset and sunrise, within the prescribed area, drive any motor vehicle at a speed exceeding twenty miles per hour: Provided that nothing in this clause shall apply to a motor vehicle which is being used by a constable or Commonwealth Officer or a member of the Civil Defence Forces, or a person engaged in any civil defence service in the exercise of his duty.

21. Notwithstanding anything to the contrary contained in any law of the Commonwealth or of the State of Western Australia, or any regulations made under any such law providing for the lighting of motor vehicles, no person in charge of, driving, riding, propelling or using a motor vehicle in any part of the State shall be guilty of an offence in respect of the lighting of such vehicle, if the lights carried thereon are not in accordance with the requirements of any such law or regulation by reason only of the fact that they are screened or dimmed in the manner and to the extent required by this Order.

22. (1) Any constable may by notice in writing addressed to an owner of any motor vehicle require that owner to produce the vehicle at the police station nearest to his place of abode, or at such other place as is specified in such notice, at the time mentioned in such notice, for the purpose of having the lighting of the vehicle tested in order to ascertain whether it complies with the provisions of this Order, and the owner shall, on service of such notice, comply with any requirement contained therein.

(2) A notice issued in pursuance of this clause shall be deemed to have been served on the owner if the notice is delivered to him personally or posted to him at his last known place of abode in a prepaid addressed envelope.

(3) Paragraph (1) of this clause shall only apply to a motor vehicle which is commonly used or likely to be used in the prescribed area, and, where the motor vehicle is not already fitted with authorised lamps as required to be fitted on a motor vehicle when the same is used in the prescribed area, it will be sufficient for the purposes of this clause if the owner satisfies the constable that he has immediately available and capable of being fitted instantly to the motor vehicle such masks or lamps as are required for the due compliance with the provisions of this Order when the vehicle is used in the prescribed area.

23. (1) Where any motor vehicle is alleged to have been concerned in the commission of any contravention of this Order, the owner of the vehicle, or the person in whose name the vehicle is registered, or the person having custody of the vehicle, shall give such information as he is required to give by any constable as to the identity of the driver or person in charge of the vehicle at the time of his alleged contravention.

(2) It shall be sufficient defence in proceedings against any person for failure to comply with the requirements of this clause if that person proves to the satisfaction of the Court that he did not know and could not with reasonable diligence have ascertained who was the driver or person in charge at the time when the alleged contravention was committed.

24. Any direction which any person is authorised to give in pursuance of this Order—

- (a) may be given, either verbally or in writing, by telephone, telegraph, or in such other manner as that person deems sufficient to bring the direction to the notice of any person affected thereby;
- (b) may be given so as to operate for any period or periods, or for any time or times, or in any part or parts of the State; and
- (c) may contain such incidental and supplementary directions as appear to the person giving the direction to be necessary or expedient for the purposes of the direction.

25. Any certificate signed or purporting to be signed by the approving authority to the effect that any type of mask has or has not been approved by him or that he has or has not given his consent to the manufacture, sale, or offering for sale by any person of any mask or type of mask shall be *prima facie* evidence of the facts stated therein.

26. Nothing in this Order shall apply to any motor vehicle while it is being used for the purposes of the Armed Forces, and any such vehicle while it is driven

by or is in charge of a member of the said Armed Forces may display any light required or authorised to be displayed by the Naval Board, the Military Board, or the Air Board, as the case may require.

27. (1) Notwithstanding that a motor vehicle is not commonly used or likely to be used within the prescribed area, and for that reason the owner thereof has not fitted the vehicle with authorised lamps as required to be on a motor vehicle when the same is used within the prescribed area, the owner of the vehicle shall—

- (a) at all times have and keep in such vehicle ready for instant use such masks and other fittings as may be necessary to convert the lamps on the vehicle into authorised lamps; and
- (b) at all times keep and maintain such masks and fittings in good and serviceable condition.

(2) Any constable may at any time in any public place require the person in charge of a motor vehicle in such public place and not fitted with authorised lamps to satisfy him that in relation to such motor vehicle the requirements of paragraph (1) of this clause are being duly complied with.

(3) Where the person in charge of a motor vehicle fails to comply with the requirements of paragraph (2) of this clause he shall be guilty of a contravention of this Order, notwithstanding that he may not be the owner of the vehicle.

28. (1) Whenever I, the said Premier, by a notice in writing shall declare that during any period stated in the notice any part or parts of the State specified in the notice and not already comprised in the prescribed area as defined in clause 4 of this Order shall be included in and form part of the prescribed area aforesaid, and while such notice remains unrevoked by me such part or parts of the State shall, for all the purposes of this Order become and be and remain a part of the prescribed area as from the date when such notice shall come into operation.

(2) Any notice referred to in paragraph (1) of this clause shall operate as from the date specified therein for the coming into operation thereof.

(3) Every such notice shall be deemed to have been published sufficiently for the information of the public when it is published in the *Government Gazette* of the State or in any newspaper circulating in the part or parts of the State specified in the notice or is broadcast by means of wireless transmission.

(4) The production of any *Gazette* or newspaper in which a notice has been published or of a certificate signed by the manager of the broadcasting station over which the notice has been broadcasted, or a copy of the notice as given under this clause, shall be *prima facie* evidence of the giving of such notice and the publication thereof in accordance with the provisions of this clause.

29. This Order shall come into operation on the day upon which publication thereof is made in the *Government Gazette* of Western Australia.

Dated this 16th day of October, 1942.

(Sgd.) J. WILLCOCK,
Premier of the State of Western Australia.
