By virtue of all powers in that behalf in the Trustees of the Dukin Public Cemetery, the said Trustees make the following by-laws:—

1. All fees and charges payable to the Trustees, as set forth in Schedule A, shall be paid at the times and manner therein mentioned, unless otherwise ordered.

2. Any person desiring to inter any dead body in the cemetery shall make an application in the form contained in Schedule B. Upon such application being approved by the Trustees, and upon payment of the prescribed fees, they shall cause to be issued to the person so applying an Order for Burial, in the form contained in Schedule C.

3. All applications for interment shall be made at the office of the Trustees in such time as to allow of at least eight working hours' notice to be given to the secretary prior to the time fixed for burial. An extra charge shall be made for applications within such time. No free interment shall be allowed unless the application, together with the Magistrate's order therefor, be handed in at the office in such time to allow of at least eight working hours' notice being given as stated above.

4. The Trustees shall cause all graves to be dug, and vaults, brick graves, or graves, be re-opened as and when required.

5. Before any interment is allowed, the Order for Burial shall be handed to and retained by the secretary.

6. Every coffin shall have upon the lid an approved metal plate bearing the name of the deceased stamped or otherwise indelibly inscribed in legible characters thereon. No coffin not complying with this by-law shall be admitted to, or be interred in, the cemetery.

7. Every grave shall be at least six feet deep, and no interment shall be allowed in any grave with a less depth than three feet from the top of the coffin to the original surface of the surrounding ground.

8. In the case of an application for interment in any private grave or vault to which the deceased had no claim during life, the written and verified consent of the grantee shall be handed in with the application.

9. No burial shall be allowed to take place in the cemetery, nor shall any coffin be allowed to enter the cemetery, unless a certificate from the District Registrar of Deaths that the death has been registered, or a Coroner's Order for Burial is handed to the secretary, at the latest, upon the funeral entering the cemetery. The certificate shall be retained, but the Coroner's order shall be returned to the person producing the same.

10. Unless otherwise ordered the principal entrance to the cemetery shall be opened between the hours of 7 a.m. and 6 p.m. daily.

Such application shall also state the name of any deceased person or persons whose remains it is proposed to inter therein.

22. Upon being satisfied of the matters aforesaid, and of the suitability of the said work, plans, and specifications, the Trustees may authorise the construction and erection thereof, or if no work is to be done, may issue a grant in the form Schedule E.

23. Upon completion of the work aforesaid, the Trustees may, if and when such work is done to their complete satisfaction, issue a Grant in the form Schedule E.

24. Every such Grant shall be subject to by-laws for the time being, and no interment in any such grave or vault shall be allowed unless upon the production of the Order of Burial aforesaid, nor shall any such grave or vault be opened, unless with the written consent of the Trustees.

25. Every coffin placed in any such brick grave or vault shall be bricked in, cemented, and covered with a slab of stone, slate, or iron, unless special written exemption be obtained from the Trustees.

26. If application be made for an Order for Burial in any grave or vault of the remains of any person other than the person to whom the Grant was issued or his registered assign, the written and verified consent of such grantee or assignee shall be produced.

27. Any person desiring to place or erect or to alter or add to any monument, tombstone, or enclosure in any part of the cemetery must first obtain the written consent of the Trustees, and otherwise comply with section 23 of the principal Act (61 Vict., 23).

28. Every tombstone, monument, or enclosure shall be placed on proper and substantial foundations, which if required by the Trustees or their officers shall extend to the bottom of the grave.

29. The materials used in any such erection shall be subject to the approval of the Trustees, and any material rejected shall be immediately removed from the cemetery by the contractor for the erection. All refuse or any material remaining after any work is completed shall be immediately removed from the cemetery by the person causing the same.

30. Should any work by masons or others be not completed before a Sunday they shall be required to leave the work in a neat and safe condition, to the satisfaction of the superintendent.

31. Masons and other tradesmen shall before commencing any work within the cemetery, deposit with the secretary and superintendent the sum of 10s. which shall be forfeited if either of the conditions of the two preceding by-laws be not complied with.
