32. The Clerk of any Court before which any nurse is convicted of a crime or misdemeanour shall forward a report of such conviction to the Board.
33. Whenever the medical officer of any local authority has reason to believe that any nurse is incompetent or has been guilty of negligence in a professional respect, he shall so report to the Board.
34. Every local authority shall report to the Board when any breach of the Act or the regulations has been committed by any nurse, and such report shall state the nature of the breach.
35. When any report is received as provided in regulation 32, 33, or 34 hereof, the Board shall cause due inquiry to be made into the case, and the result of such inquiry to be reported to the Board.
36. If the Board decide that such case has been made out, proceedings for the removal of a name from the Register shall be commenced by the issue of a notice in writing, addressed to the accused person by the Clerk on behalf of the Board. Such notice shall specify the nature and particulars of the charge alleged against the accused person, and shall inform her of the day on which the Board intend to deal with the case and decide upon the said charge. The notice shall further require the accused person to forward her certificate and register of cases to the Clerk before the hearing of the case, to answer in writing the charges brought against her, and to attend before the Board on such day.
37. The notice, accompanied by a copy of these regulations, shall be sent by registered letter to the last known address or the enrolled address of the accused person, and shall be so sent as to allow at least fourteen days between the day on which the notice is issued and the day appointed for the hearing of the case by the Board.

38. The case shall be heard at a special meeting of the Board, of which at least seven days' notice shall be sent by the Clerk to each member. The accused person may be represented or assisted by a friend—legal or otherwise: Provided that three clear days' notice of the intention of such legal representative to appear on behalf of the accused has been received by the Clerk.

39. At the hearing of the case the Clerk or other person appointed by the Board for the purpose shall first state to the Board the facts of the case and the charge alleged against the accused person, and shall then submit to the Board the evidence which he has received in support of the charge. The accused person, or her representative, shall be entitled to cross-examine any witness appearing against her on matters relevant to the charge.

40. When the evidence in support of the charge and a statement by or on behalf of the person making the charge are concluded, the accused person, or her representative, shall be invited by the chairman to address the Board and to tender evidence in answer to the charge.

41. If the accused person does not attend as required, either personally or by representative, the Board may proceed to hear and decide upon the charge in her absence.

42. Upon the conclusion of the whole case the Board shall deliberate thereon, and shall, after due consideration of all the relevant evidence on either side, whether oral or documentary, pronounce its decision, either forthwith or at a subsequent meeting.

43. If the Board find the charges against the accused person to be proved, either in whole or in part, and the offence cannot in its opinion be adequately dealt with by censure or caution, the Board may direct the Clerk to remove the name of the accused person from the Register and to cancel her certificate.

44. Notice in writing, by registered letter, of the removal of the name of any midwife from the Register, and of the cancelling of the certificate setting forth the cause of such removal and cancellation, shall be sent by the Clerk to the nurse whose name has been so removed, and to the local authority of the district within which she resides.

Restoration to the Register of a Name removed.

45. Application for restoration to the Register shall be made in writing, addressed to the Clerk and signed by the applicant, stating the grounds on which application is made. In cases where the cancelled certificate has not already been returned to the Board, it must be sent in with the application, or a statutory declaration made of its previous loss or destruction.

46. The application must be accompanied by a statutory declaration made by the applicant, setting forth the facts of the case and stating that she is the person originally enrolled. The declaration shall be in the form given in the Appendix. (Form 6.)

47. The statements in the application and declaration must also be supported by the certificate of the medical officer of the district in which the applicant is resident, and by the certificates of at least two persons, being justices of the peace, ministers of religion, or registered medical practitioners, who were and are well acquainted with the applicant before and since the removal of her name. These certificates must each of them testify to the applicant's identity and present good character, and they shall be in the form given in the Appendix. (Form 7.)

48. The application, when duly supported by the declaration and certificates as hereinbefore provided, shall be considered at a meeting of the Board, made special for the purpose, of which at least seven days' notice shall be sent by the Clerk to each member. The Board may adjourn the consideration to a future date, or require further evidence or explanations from the applicant.

49. After consideration of all the circumstances of the case, as submitted to them in accordance with the provisions of these regulations, the Board may, if they think fit, direct the Clerk to restore the name of the applicant to the Register.

PART VI—SUPERVISION AND RESTRICTION OF THE PRACTICE OF MIDWIFERY NURSES.

50. When engaged to attend a labour the nurse should take an opportunity of visiting the patient in her own house, to advise as to personal and general arrangements for the confinement.

51. The nurse must be scrupulously clean in every way, including her person, clothing, appliances, and house; she must keep her nails cut short and clean, and preserve the skin of her hands as far as possible from cracks and abrasions.

52. When attending to her patients she must wear a clean dress of washable material that can be boiled, such as linen, cotton, etc., and over it a clean washable apron or overall.

Appliances.

53. When called to a confinement, a nurse must take with her a bag furnished with a removable lining, which can be disinfected, and containing the following requisites, namely:—(a) A gauze mask to cover the mouth and nose during delivery or vaginal examination; (b) a pair of sterilised rubber gloves; (c) an appliance for the giving of vaginal injections; (d) a separate appliance from the above for the giving of enemata; (e) a catheter; (f) a pair of scissors; (g) a clinical thermometer; (h) a nail brush; (i) a mucous catheter; (j) a hypodermic syringe; (k) pituitrin, to be used only in the third stage; (l) a supply of cotton wool and material for tying the cord; (m) a bottle containing sterile salt tablets; (n) efficient preparations for disinfecting the hands, for douching in special cases, and for cleansing the infant's eyes.

54. Whenever a nurse has been in attendance, whether as a midwifery nurse or a general trained nurse, upon a patient, or in contact with a person suffering from puerperal fevers or from any other conditions supposed to be infectious, or is herself liable to be a source of infection, she must cease to act as a nurse for a period, to be decided by the Commissioner of Public Health, and before resuming practice must disinfect herself and all her instruments and other appliances, and must have her clothing thoroughly disinfected, to the satisfaction of the medical officer, before going to any other maternity patient.

Duties to Patient.

55. A nurse in charge of a case of labour must not leave the patient without giving an address by which she can be found without delay; and after the commencement of the second stage, she must stay with the woman until the expulsion of the placenta and for a period thereafter of at least twelve hours. In cases where a doctor has been sent for on account of the labour being abnormal or of there being threatened danger (see regulation 66), she must await his arrival and faithfully carry out his instructions.

56. The nurse in charge must in all cases of labour examine the placenta and membranes before they are destroyed, and must satisfy herself that they are completely removed, and so indicate upon the chart.

57. The nurse must immediately remove soiled linen, blood, faeces, urine, and the placenta from the lying-in room, and shall be responsible for the cleansing and disinfection of the soiled linen, for the destruction or disinfection of the blood, faeces, and urine, and for the burning or burial of the placenta as soon as possible after the labour.

58. The nurse shall be responsible for the cleanliness and shall give all necessary directions for securing the comfort and proper dieting of the mother and child, and shall herself wash the external genital organs (wearing a mask while so doing) and attend the patient morning and evening each day during the lying-in period, which shall be held, for the purpose of those regulations and in a normal case, to mean the time occupied by the labour, and a period of ten days after.

59. A case of normal labour in these regulations shall mean a labour in which there are none of the conditions specified in regulation 66 hereunder.

60. The nurse shall take and record the pulse and temperature of the patient morning and evening and record her findings on the chart daily.

Duties to Child.

61. In the case of a child being born apparently dead, the nurse must carry out the methods of resuscitation which have been taught her.

62. As soon as the child's head is born, and, if possible, before the eyes are opened, its eyelids must be carefully cleansed.

63. On the birth of a child which is in danger of death the nurse shall inform one of the parents of the child's condition.

General.

64. (1) In no case must a nurse lay out the body of any patient on whom she has not been in attendance at the time of death, or a body upon which a post mortem examination has been made.

(2) A nurse will not transgress this rule if—

- (a) she prepares for burial the body of a lying-in woman, a still-born child, or an infant dying within ten days;
- (b) she prepares for burial the body of any other person, provided that the services of no other person be available for this purpose.

(3) After laying out a dead body for burial she must notify the medical officer (Appendix, Form 8) and undergo adequate cleansing and disinfection.

65. A nurse must note in her Register of Cases (Appendix, Form 9) each occasion on which she is under the necessity of administering any drug other than a simple aperient, the dose, and the time and cause of its administration.

Circumstances under which Medical Assistance shall be sent for.

66. A nurse shall call in medical assistance when any of the following circumstances arise or conditions occur:—

- (1) In all cases where a woman during pregnancy, labour, or puerperium appears to be dying.
- (2) During pregnancy—(a) If the patient is a dwarf or deformed; (b) in all cases of hæmorrhage, excessive vomiting, puffiness of hands or face, fits or convulsions, dangerous varicose veins, purulent discharge, sores of the genitals; (c) any presentation other than normal.

- (4) During puerperium—Fits or convulsions, abdominal swelling and tenderness, offensive lochia, if persistent, sudden cessation of lochia, rigor, with raised temperature, rise of temperature above 100.4 deg. F., with quickening of the pulse for more than twenty-four hours, unusual swelling of the breasts, with local tenderness or pain, secondary post-partum hæmorrhage, phlegmasia.

67. (1) In all cases where a nurse sends for medical assistance, such message shall be sent to—

- (b) if no medical practitioner has been engaged, then to the nearest medical practitioner;
- (c) if the patient is in indigent circumstances, then first to the District Medical Officer. If the District Medical Officer is not available, then to the nearest medical practitioner.

(2) In all cases under (c) the form prescribed shall be used, the duplicate of which shall be sent to the Commissioner forthwith. (Appendix, Form 10.)

68. Where a nurse sends for medical assistance under the provisions of the preceding regulation, in the case of a patient who cannot or whose husband cannot afford to pay for such medical assistance, then such nurse shall first send for the District Medical Officer, if such an officer be available, and such officer shall be entitled to receive from the Board a fee of one guinea at the completion of each such case so attended, together with the sustenance and travelling allowances to which he is entitled.

Provided that—

- (i) in any such case where a District Medical Officer is not available and any other medical practitioner attends the case, then he shall be entitled to receive the fee of two guineas and the same allowances;
- (ii) if within twelve months from the date of such medical assistance being rendered, the patient or her husband is able to pay the cost or a part of the cost of such assistance, then all moneys paid to a medical practitioner under this regulation shall be deemed to be a debt due from the patient or her husband to the Board.

Notifications.

69. Every nurse who fills up the schedule of information for the registration of a birth, shall insert in the place provided for the name of the nurse, in addition to her name, her registration number as a midwifery nurse, thus, e.g.—“Mary A. Smith, Registered Nurse, 257,” or, if she does not herself fill up such form, shall supply the patient or the person responsible for the registration of the birth, with information as to her full name and registered number for entry on such form.

70. (1) The nurse must, as soon as possible, send notice on the prescribed form to the medical officer, in the following cases:—

- (b) Stillbirth—In all cases of stillbirth where a registered medical practitioner is not in attendance at the time of birth. (Appendix, Form 12.)

(2) A child is deemed to be stillborn when, being of seven months gestation or over, after being completely born it has not breathed or shown any sign of life (see regulation 65).

71. The form in which a midwifery nurse shall report to the medical officer of health on every case attended by her (section 291, ss. 1 of the Act) shall be as prescribed. (Appendix, Form 13.)
