THE HEALTH ACT, 1911-1944.

Dr. Schuessler's Cell Salts, Kali Phos. 3X.

THE following report is issued under section 210 of the Health Act, 1911-1944:—It is claimed that the above-mentioned "remedy" is "indicated in loss of mental power, brain fag, paralysis of any part, nervous headaches, neuralgic pains, general debility and exhaustion and sleeplessness from nervous disorders." The "remedy" has been analysed and has been found to contain potassium dihydrogen phosphate and lactose. The actual quantity of potassium dihydrogen phosphate in the "adult dose" is so minute that over 9,000 tablets would be necessary to give the minimum medicinal dose of this drug. Lactose is a sugar which is of no value in the treatment of any of the above-mentioned maladies. Dr. Schuessler's Cell Salts can therefore have no curative value. They will bring about no improvement in any of the illnesses for which they are said to be indicated. Any expenditure on the purchase of these salts will be money wasted.

C. E. COOK, Commissioner of Public Health.
