The rental shall be subject to re-appraisal by the Minister at intervals of not less than 10 years. When any dairy cattle are required to be removed to an abattoir for slaughter in accordance with regulation 17 of these regulations, and transport by road is necessary and the distance to the abattoir specified in the notice (Form No. 16) by the Chief Inspector of Stock does not exceed 15 miles, the cost of such transport shall be borne by the Board. Provided that in districts where rail transport is not considered suitable by an Inspector of Stock, the Board may approve of payment of the cost of road transport for a distance exceeding 15 miles.

In all other cases the dairyman shall deliver the cattle to the nearest railway siding and consign them to the abattoir specified, the cost of rail freight only being borne by the Board. Provided that when the distance from the dairyman's property to such railway siding exceeds eight miles, the Board may approve of the conveyance of the cattle to the siding by road transport and subject to such approval the Board shall pay the cost as determined by an Inspector of Stock.

20. A licensed dairyman whose cattle have been ordered to be taken to an abattoir for slaughter pursuant to section 51 of the Act, shall, if required by the Inspector under whose orders the cattle are to be destroyed, not less than three days prior to the removal of such cattle from his dairy, notify the Chief Inspector of Stock to the effect of Form No. 18 in the Second Schedule hereto. Such notice shall specify the date of consignment, the method of transport to be employed and the place from which the cattle are to be consigned.

21. When any dairy cattle owned by a licensed dairyman are destroyed pursuant to section 46 of the Act, such dairyman may claim against the Board for payment of compensation in respect of the loss sustained by him by the destruction of the said cattle. An application for compensation must be made in writing to the Chairman of the Board in or to the effect of Form No. 19 in the Second Schedule hereto and shall contain particulars of the description and of the value of each of the animals destroyed. Such application must be made within 21 days after the destruction of the animal or animals in respect of which compensation is claimed.

22. Where, pursuant to section 61 of the Act, a claimant elects to appeal to the Minister against the refusal of the Board to pay to the claimant the amount of compensation claimed by him, such appeal shall be forwarded to the Minister in accordance with Form No. 20 in the Second Schedule hereto and within seven days of the receipt of notice that the claim has been so refused.

23. When any dairy cattle pursuant to section 51 of the Act have been ordered to be taken to an abattoir for slaughter and sale of the carcase, the Chief Inspector of Stock shall notify the officer-in-charge of such abattoir to the effect of Form No. 21 of the Second Schedule hereto. Such notice shall contain particulars of the descrip-

tion of the cattle including the fire brands and any paint numbers employed by the Inspector for purposes of identification and shall state the approximate date of consignment.

24. Upon the receipt of the notice given under the preceding regulation and the cattle referred to therein the officer-in-charge at the abattoir to which such cattle are consigned or his deputy shall give instructions for the slaughter of the animals and the realisation of the carcasses.

25. When any dairy cattle have been slaughtered at an abattoir pursuant to section 51 of the Act, the officer-in-charge of such abattoir shall notify the Chairman of the Board accordingly and shall forward to him the proceeds of the sale of the carcasses after deducting slaughtering charges and other expenses actually incurred in relation to the destruction of such dairy cattle. The notice shall be to the effect of Form No. 22 of the Second Schedule hereto.

26. When any dairy cattle kept by a licensed dairyman are destroyed at an abattoir or elsewhere by reason of suffering from disease, the cartags shall be removed therefrom at the time of slaughter and shall be forwarded to the Chief Inspector of Stock.

27. In the event of the loss or death of any dairy cattle which have been found to be suffering from disease and have been ordered to be destroyed by an Inspector of Stock the dairyman shall immediately notify the Chief Inspector of Stock and where the death of any such animal has occurred shall remove the cartag and forward it to the Chief Inspector of Stock.

28. When any herd of dairy cattle has been tuberculin tested pursuant to section 44 of the Act, and the animals giving a positive reaction to such test have been removed from the herd for slaughter, such remaining cattle shall not thereafter be allowed to stray on any public road, reserve or unfenced land or to depasture on any common or other land where they may come into contact with untested cattle.

29. A licensed dairyman whose herd of dairy cattle has been tested and in consequence thereof is free of disease shall not permit any other cattle to be introduced into such herd unless such cattle have been subjected to and have passed the tuberculin test immediately prior to the date of introduction or have been purchased from a similarly tested herd.

30. When it is intended to introduce any cattle other than tuberculin tested cattle as defined in the preceding regulation into a tuberculin tested herd, the dairyman shall notify the Chief Inspector of Stock to the effect of Form No. 23 in the Second Schedule hereto and shall, if such cattle have been brought to his dairy, hold them in isolation pending the application of a tuberculin test by a veterinary surgeon.

31. When any dairy cattle have been tuberculin tested pursuant to section 44 of the Act and these regulations, the Chief Inspector of Stock shall, if requested by the dairyman, furnish a certificate setting forth the results of such test.

32. Every licensed dairyman, notwithstanding that his herd has been tuberculin tested as required under section 44 of the Act and these regulations, shall notify the Chief Inspector of Stock of any animal visibly suffering from disease or showing symptoms whereby it may reasonably be suspected of suffering from disease.

33. When from time to time he is requested by the Board to furnish a report setting forth the particulars required by section 50 of the Act, the Chief Inspector of Stock shall furnish such particulars in accordance with Form No. 24 of the Second Schedule hereto.

18.—Term of Agreement.

This Agreement shall be for a term of five (5) years commencing from the first day of July, 1946.
