LAND ACT, 1933-1946; WAR SERVICE LAND SETTLEMENT AGREEMENT ACT, 1945.

Farms Available for Selection by Qualified Ex-servicemen.

Fourth Quota of Wheat and/or Sheep Farms.

IT is hereby notified, for the information of ex-servicemen who have been classified as suitable and sufficiently experienced (or suitable but requiring only eight weeks' intensive training) that a further quota of 25 wheat and/or sheep farms, as described in the Schedule hereto, has been made available for selection under the Land Act, 1933-1946, and the War Service Land Settlement Agreement Act, 1945, and the regulations appertaining thereto.

Applications must be lodged at the office of the Department of Lands and Surveys on or before the 31st March, 1948. All applications received on or before that date will be treated as having been received on the closing day, and if there are more applications than one for any holding, the Allotment Board shall determine who shall be the successful applicant. Applications will be restricted to ex-servicemen who have been classified for wheat and sheep farming, sheep grazing, and fat lamb raising.

The Allotment Board will examine the applications and arrange for such applicants as are considered necessary to appear before it for further examination. The Board shall then make its recommendations to whom the farms shall be allotted. Holdings will be allotted under perpetual leasehold tenure.

Applicants are requested to supply all information required on the "Application for Perpetual Lease" form. An "Allotment Board Questionnaire" must also be completed and forwarded with the application form, where any particulars as submitted in a previous one have altered or where one has not already been submitted.

Applicants should exclude from the farms listed in order of preference *only those*, if any, they would not be prepared to accept.

The rents and instalments specified are based on the value of land and improvements at the date of purchase by the Crown for the War Service Land Settlement Scheme. In accordance with the provisions of the lease and Regulations, these amounts may be increased after the completion of additional Crown improvements, when a valuation will be made of all improvements in order to ascertain the adjusted rental and half-yearly payment for structural improvements.
