(b) The application shall describe the building erected or to be erected to show the purpose for which the building is to be used.

(c) The plans of the building shall consist of a general plan and a block plan. When approved, one copy of the plans and specifications shall be kept at the building site until the completion of the building, and for as long thereafter as it shall be necessary for the building surveyor to inspect and approve of the completed building.

(d) Where the building proposed affects either a commercial building or a dwelling house, front and side elevations are also required to the scale shown on the plan.

(e) The block plan of the building shall show the relation of the building to the boundaries of the site and to other buildings thereon.

(f) The specification of the building shall describe the construction and the materials of which the building is to be built, and the method of drainage, sewerage, and water supply, and state whether the materials shall be new or second hand; and if second hand materials are to be used, shall give particulars.

(g) When giving approval, the Board may impose a condition that forty-eight hours notice shall be given prior to the covering of any or all of the following works in order that they may be inspected, that is to say, trenches before foundations are laid, foundations before trenches are filled in, and drains before they are covered in.

(b) In any week in which there are one (1) or more holidays, the hours shall be reduced by the number of ordinary working hours the worker would have been required to work on the holiday, or holidays, had such day or days not been holidays.

(c) Subject to meal time deduction set out in clause 7, any hours worked on any day or days to make up the hours of duty in any week shall be worked in a continuous shift.

(d) (i) The employer may require any worker to work reasonable overtime at overtime rates, and such worker shall work overtime in accordance with such requirements.

(ii) The union or worker or workers covered by this Award shall not in any way, whether directly or indirectly be party to or concerned in any ban, limitation, or restriction up the working of overtime in accordance with the requirements of this subclause.

(iii) This subclause shall remain in operation until otherwise determined by the Court.

7.—Meal Times.

(a) Except as hereinafter provided all workers shall have a break of one (1) hour for a meal on all the days in the week between 12 noon and 2 p.m. except Saturdays.

(b) Where a worker is required to work on Saturday beyond 2 p.m. he shall be allowed a break of half an hour for a meal or an hour if he is to continue after 3 p.m.: Provided that—

(i) the workers referred to as exceptions in the next succeeding clause shall not be compelled or entitled to have a meal time between 12 noon and 2 p.m. but they shall have one (1) hour for a meal time during each working day within five (5) hours of commencing duty;

(ii) by mutual arrangement between the employer and the union the break of one (1) hour referred to in subclause (a) hereof may be reduced to forty-five (45) minutes to meet the requirements of any particular job.

8.—Starting and Finishing Times.

Except as provided hereunder, the starting time for the purpose of calculating overtime shall be 7 a.m. or after on all days of the week, and the finishing time on Mondays to Fridays inclusive shall not be later than 6 p.m.: Provided that this clause shall not apply to stablemen, yardmen, and/or shift workers.

9.—Overtime.

For all time of duty before the prescribed starting time or after the prescribed finishing time or after eight (8) hours on Mondays to Fridays inclusive, the four (4) hours on Saturdays or in excess of the hours prescribed in clause 6, payment shall be made at the rate of time and a half for the first four (4) hours and double time thereafter. All overtime shall stand alone and shall be paid for in addition to the ordinary weekly or casual wage: Provided, however that five (5) day week workers shall be paid overtime for time of duty on Saturday at the rate of time and a half for the first four (4) hours and double time thereafter.

10.—Sunday Time.

For all time of duty on Sundays, with exceptions hereinafter mentioned, payment in addition to the weekly wage shall be made at the rate of double time.

The exceptions referred to are:—

(a) stablemen, who have one (1) clear day off in the week;

(b) drivers feeding and attending horses.

11.—Termination of Employment.

One week's notice at any time on either side shall be required before the engagement of any but a casual worker shall be determined: Provided that an employer may at any time dismiss a worker for refusal or neglect to obey orders, misconduct, carelessness in the performance of his duty, or if after receiving one (1) week's notice he does not carry out his duty, in the same manner prior to such notice: Provided also that except for the reasons mentioned in the first proviso to this clause the engagement shall not be terminated by any notice expiring within a week of the Christmas or Easter holidays, if it is intended to re-engage the worker immediately or very shortly after the holidays mentioned, or if another worker is engaged to take the place of such worker and men in permanent employment shall not be changed to casual workers within one (1) week of the Christmas or Easter holidays. Notice given every week to determine the employment without any intention to determine the employment at the end of the week, but only with a view to dismissing men at any time shall not be deemed notice for the purpose of this Award, unless given during any strike which affects the employer's business.

12.—Heavy Work.

Where workers are called upon to handle, without proper mechanical appliances, any one (1) article of over 2 cwt. an extra man shall be provided.

13.—Time and Wages Book.

Every employer shall provide a time and wages book to be kept in a place where it is easily accessible to both the employer and the worker. Such book shall have the name of the worker, the time he starts and finishes work each day, the number of hours worked by, and the wages and overtime paid to each worker, and his signature for same. The employer and the worker shall be severally responsible for the proper posting of

such book daily, except in the case of milk carters when the book may be posted weekly. Such book shall be opened on one (1) day in each week during working hours for inspection by the secretary of the union or any person authorised by him.

14.—Travelling Allowances.

Workers engaged on work from which they are unable to return to their homes at night, shall be paid such personal expenses as they reasonably incur, but they shall be paid at the rate of 7s. 6d. per day at least.

15.—Pay Day.

All wages shall be paid on either Wednesday, Thursday, or Friday of each week, but the day once fixed shall not be altered once in three months, or without two weeks' notice to the workers. Such pays shall be available within ten minutes of the time the worker ceases duty, where it is practicable to pay the worker on pay day at the yard or depot. If not made available within that time through any fault or delay of the employer or because the worker ceases work at a place which causes more than ten (10) minutes' delay overtime shall be paid for any excess of the ten minutes referred to. No employer shall hold more than two days' wages in hand.

16.—Payment for Highest Function.

Where a worker is called upon to perform two (2) or more classes of work on any one (1) day, he shall, for the purpose of assessing the wages to be paid, be deemed to have worked the day at the class for which the highest rate of wage is prescribed: Provided that where the starting and finishing times of work done in a higher grade is entered in the time and wages book, or recorded on a trip card, and such work done in a higher grade is under two (2) hours in any one day, no extra payment shall be made. In the event of no record being made in either the time and wages book, or on a trip card, the provisions of the first paragraph of this clause shall apply.

The trip card referred to shall be open to inspection by the secretary of the union, or any other person authorised in writing by him.

17.—Temporary Change of Stable, Etc.

Where an employer transfers a worker, after he comes to work, from one (1) stable, garage, yard or place situated more than two (2) miles distant from the stable, garage, yard or place at which he usually works, fares to and from such altered stable, garage, yard or place shall be allowed by the employer. If he is transferred temporarily to work at a stable, garage, yard or place which requires him to travel one mile or more from his home beyond the distance he usually travels, the fares to and from and excess time shall be paid by the employer.

18.—Annual Leave.

(a) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer, and shall be given to and taken by the worker within three months of becoming due.

(b) If any award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker should have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii) when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deduction shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for speculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for speculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them: Provided that the subclause shall apply only to workers employed exclusively in connection with the construction of new buildings and/or the construction of roads.

(g) "Ordinary wages" for the purpose of subclause (a) hereof shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

(h) The provisions of this clause shall not apply to casual workers.

(i) Annual leave rights under this clause shall commence to accrue as from 1st January, 1946.

20.—Public Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely:—New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, King's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for the time worked as if it were an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave, or to be taken at some subsequent date if the worker so agrees.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, or such other period as may be prescribed by the Award, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

(a) The names and addresses of the parties to the agreement.

(b) The date of birth of the apprentice.

(c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.

(d) The date at which the apprenticeship is to commence and the period of apprenticeship.

(e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice.

(f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

(g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction

shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.

(h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from (a) one employer to another and/or (b) from one trade to another, either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be made out in quadruplicate and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served, and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a statement in writing setting forth the time he has served, full particulars of the branches of the trade or industry in which he has received instruction and the proficiency attained (see Form B hereof); and he shall also notify the Registrar stating the cause of such transfer or termination. On any such transfer the original employer shall be relieved from all obligations under the contract.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be willfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

- (a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date.
- (b) Neither the apprentice, his parent or guardian, shall have any right of action against the employer unless the Court specifically authorises the same after consideration of the circumstances, and in any event, any proceedings for damages hereunder authorised by the Court must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.
- (c) If the contract of apprenticeship is transferred on the bankruptcy or insolvency of the employer, to another employer, the apprentice named in such contract shall not be counted in calculating the proportion of apprentices to other labour.

Extension of Term.

22. Subject to regulation 38, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass two successive periodical examinations, either by ordering a continuation of any particular year of the apprenticeship, in which case the next year of service shall not commence until after the expiration of the extended period, or by adding the period of extension to the last year of service. It shall be the duty of the examiners to make any recommendation they see fit to the Court for the purpose of such extension. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine. (See also regulations 34 and 35.)

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of the apprentice the proof whereof lies on him. Provided also that if technical instruction is not available in

the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Any apprentice who:

- (a) fails without reasonable cause, the proof whereof lies on him, to attend any technical school or class punctually when such is available for instruction, at the time appointed for the commencement of the school or class, or leaves school or class before the time appointed for leaving, without the permission of the teacher; or
- (b) fails to be diligent or behaves in an indecorous manner while in such school or class; or
- (c) destroys or fails to take care of any material or equipment in such school or class

shall be deemed to commit a breach of the Award and shall be liable for each such breach to a penalty not exceeding two pounds.

26. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

27. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the technical school or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such technical school, or such other place, as it deems necessary.

28. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

29. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, if required by the examiners, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction, unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination and the attendances made by them at the technical school, should such information be in his possession.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

30. (a) The examiners shall be persons skilled in the industry and appointed by the Court. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence

of each apprentice, and as to the opportunities provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

31. The Registrar shall, after each examination, issue a certificate to each apprentice indicating the results and the term of apprenticeship served.

32. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Registrar thereof.

33. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be recommended by the Superintendent of Technical Education for the whole or any portion of the subjects of instruction.

34. On the failure of an apprentice to pass any of the examinations, the employer may, if the examiners so recommend, withhold the increase in wages accruing to the apprentice in accordance with the scale set forth in the Award for such period as may be recommended by the examiners but not exceeding twelve months. (See also regulation 23.)

35. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the extension of the apprenticeship period, the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary. (See also regulation 23.)

36. Upon completion of the period of training prescribed or any authorised extension thereof, each apprentice shall, if he has passed the final examination to the satisfaction of the examiners, be provided with a certificate to that effect by the Registrar. This certificate shall also be signed by the examiners.

Lost Time.

37. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of two weeks in each year;
- (b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer.
- (c) An apprentice shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident or sickness arising out of his own wilful default.
- (d) Liberty is reserved to the respondents to apply for the deletion of this regulation.

38. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training (but not exceeding two weeks in any year of service), the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

39. When an apprentice is absent from work or any cause other than sickness or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

Part-time Employment.

40. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission—

- (a) to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award or Agreement for the trade, calling, or industry; or
- (b) to suspend the contract for such period and on such terms as the Court thinks fit.

If the Court grants the application, holidays will be reduced *pro rata*.

Miscellaneous.

41. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the union of workers interested upon request.

42. (1) (a) For the purpose of ascertaining the number of apprentices allowed at any time the average number of journeymen employed on all working days of the 12 months immediately preceding such time shall be deemed to be the number of journeymen employed.

(b) Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. In the case of a partnership each partner shall be deemed a journeyman for the purpose of this subclause.

(c) Where a business is in operation for less than 12 months the method of ascertaining the number shall be as agreed by the union and the employer, or if no agreement is arrived at, as determined by the Court.

(2) Notwithstanding the provisions of subclause (1) hereof the Court may in any particular case—

- (a) In special circumstances permit the taking or employment of an apprentice by an employer notwithstanding that the quota fixed by the Award may be exceeded.
- (b) Refuse the registration of an agreement of apprenticeship or the taking of an apprentice in any case when in the opinion of the Court the circumstances are such that the apprentice is not likely to receive the instruction and training necessary to qualify him as a tradesman.

43. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1941, shall have the power to enter any premises, make such inspection of

(d) That the employer will observe and perform all the conditions and stipulations of the Industrial Arbitration Act, 1912-1941, or any Act or Acts amending the same and any regulations made thereunder, as far as the same concern the apprentice, AND ALSO the conditions and stipulations of any relative Award or Industrial Agreement for the time being in force.

4. IT IS FURTHER AGREED BETWEEN THE PARTIES HERETO:—

(a) That the apprentice shall not be responsible for any faulty work or for any damage or injury done to materials, work, or machinery, tools, or plant other than wilful damage or injury during the course of his work.

(b) That the apprentice shall not be required to work overtime without his consent.

(c) This Agreement may, subject to the approval of the Court, be cancelled by mutual consent by the employer and parent (or guardian) giving one month's notice in writing to the Court and to the parties concerned that this Agreement shall be terminated, and on such mutual consent being given the apprenticeship shall be terminated without prejudice to the rights of any of the parties hereto in respect of any antecedent breach of the provisions of this Agreement.

(d) Other conditions:

5. This Agreement is subject to amendment, variation, or cancellation by the Court pursuant to the powers to that effect contained in or implied by the provisions relating to apprentices contained in the Award.
