Repairs and Maintenance of Meters.

73. Any person supplied with water through a meter belonging to the Minister shall pay the cost of making good all damage to such meter whilst on his land and in his charge. Any repairs required shall be done by the officers of the Minister, and the expense incurred by the Minister in so doing shall, on demand, be paid by the owner or occupier of the land, and if not paid on demand shall be recoverable in the same manner as water rates.

Notice of Damage or Non-Registration of Meter
Shall be Given.

74. Any person supplied by the Minister with water through a meter shall, on finding that meter is damaged, or not registering, immediately give notice of the fact to the Local Water Supply Office.

Interference with Meters.

75. No person shall break or in any way interfere with the seal fixed on the meter through which water is supplied by the Minister, or turn or attempt to turn any screw, bolt, or nut on or attached to such meter, or use any tool or appliance on any such meter, or introduce or attempt to introduce any body or substance into such meter, or in any way interfere with any portion of such meter or any pipes or fittings attached thereto.

Period for Reading.

76. The quantity registered by a meter at any time between ten days before and ten days after any stated date may be taken as the reading of the meter at such stated date.

Averaging of Consumption.

77. During the time any meter is undergoing repairs, or should it cease to properly register, the consumption of water, the Minister or any officer appointed by the Minister may, at his option, estimate the quantity of water consumed by taking an average of the quantity used during such previous period as the Minister may determine, and the quantity so ascertained shall be paid for by the consumer.

Testing of Meters.

78. If any consumer shall at any time be dissatisfied with any particular reading of a meter, and be desirous of having the meter tested, he shall give written notice thereof to the Minister or his officer within seven days of such reading, and thereupon the said meter shall be tested by passing through it a predetermined quantity of water, and if upon such testing it shall appear to the satisfaction of the Minister or his officer that the meter registered more than five per cent. in excess of the quantity that shall actually pass through it at such testing, then the Minister shall bear the expense of and incidental to such testing, and shall also adjust the charge to the said consumer, but if the meter upon such testing shall not register more than five per cent. in excess of the quantity that shall actually pass through it, then the consumer shall pay to the Minister all the expenses of and incidental to such testing, provided that the expense of every test shall be fixed by the Minister, subject to a minimum charge of ten shillings for each test; provided also, that the consumer shall not be at liberty to avail himself of the right to test the registration of the meter for any period other than the period of registration next preceding the date of reading in respect of which he shall have given notice as aforesaid.

Authority to Enter Premises.

79. Any officer acting under the Minister's authority may, at all reasonable times, enter any house or premises connected or intended to be connected with the water mains, in order to examine whether the water pipes and fittings in such house or premises are in proper order. Any person refusing such admission or in any way hindering such officer in the execution of his duty shall be liable to a penalty as hereinafter prescribed.

Gratuities Prohibited.

80. Officers, workmen, or agents of the Minister shall not solicit or receive any fee or gratuity whatever.

Standard Drawings and Fittings.

81. Approved standard fittings and type drawings will be exhibited at the Minister's office. Due consideration will be given by the Minister to the claims of any other fittings which may be presented for approval, and, if considered satisfactory, the same may be

placed among and become one of the approved standard fittings. The Minister may, from time to time, amend, alter, or cancel any or all of the standard fittings or type drawings, and replace them by such other fittings or drawings as he may approve of.

Junction or Interference with Pipes and Fittings.

82. No person shall make any connection or interference with any pipe or fitting of the Minister or with any water pipe or fitting communicating therewith, at any other place than shall be approved of by the Minister, and the mains shall only be tapped by the workmen of the Minister.

Inspection of Works.

83. Work shall not be undertaken in connection with water supply, or in the extension or alteration thereof, until such time as the necessary printed permit is obtained. Two days' notice shall in all cases be given by the licensed plumber before work is intended to be commenced, unless the officer of the Minister, duly appointed to issue permits expressly accepts shorter notice. In no case shall any water pipes or apparatus in connection with water supply be used until the said work shall have been inspected, and, if necessary, tested by the said officer, and certified by him on the prescribed form. No underground or enclosed work shall be covered up or concealed from view until the same shall have been duly inspected and passed by the Inspector, and for this purpose the person to whom the permit has been issued shall immediately report any work which is ready for inspection or test, and every facility shall be afforded to such officer for making such inspection or tests.

Division VIII.

Rating.

84. (a) Within the Carnarvon Water Area the water rate shall be, within townsites, at a rate not exceeding Three shillings in the pound per annum upon the net annual value of all rateable land: Provided that a minimum rate of not exceeding one pound per annum shall be payable on each separately assessed piece of land.

(b) The Minister may, in his discretion, allow a discount of not exceeding 20 per centum upon any rates paid within three months of the date upon which such rates become payable, but such discount shall not apply to minimum rates or fees, which shall be paid in full.

(c) In making rates a distinction may be made between occupied and vacant land, and in the event of a dispute as to whether or not land shall be regarded as vacant, the decision of the Minister shall be final in every case.

Rates—How Payable.

85. Rates shall become due and payable yearly in advance on the first day of January. Provided that in all cases where a rate is made after the first day of January in any year the notice of the order for the making and levying of such rate, published in the *Government Gazette* and a newspaper, as provided by section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rates shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

Allowance for Rate.

86. Subject to the provisions of these by-laws, every ratepayer will be entitled to consume on each separately assessed piece of land of which he is the owner or occupier that quantity of water which, if calculated at the price specified in the Schedule I. hereto as being that at which water is supplied in return for the rate in the area in which such property is situated would amount to the equivalent of the water rate paid on each property, provided that such water is taken during the period for which the rate is struck.

87. When, during the currency of the year in respect of which a water rate has been levied, a meter is attached to a pipe on any land supplied with water, the consumer shall pay for the quantity of water taken,

as registered by the meter, from the time when the meter was attached, at the prescribed price per 1,000 gallons, so far as the water supplied is in excess of the quantity to which the consumer is entitled in respect of the proportionate part of the rate paid by him, apportioned to the period from the date when the meter was attached to the end of the then current year in respect of which the rate was paid.

Payment for Excess Water.

88. Every ratepaying consumer taking water in excess of the quantity to which he is entitled in respect of the rate shall pay for the excess in accordance with prices set forth in the Schedule I. hereto.

Fees—State or Commonwealth Government Departments.

89. For each water service for purposes of any State or Commonwealth Department there shall be payable, as a minimum annual fee in lieu of water rate, the sum of not less than one pound (£1) when the service is metered, and of not less than one pound ten shillings (£1 10s.) when the service is non-metered.

It shall be at the discretion of the Minister as to whether or not a meter shall be fixed in each case.

This by-law shall not apply to water for railway purposes.

Fees for Additional Services.

90. In any case where the owner or occupier of any separately rated piece of land requires more than one service to be installed for supplying water to such land, such additional service or services shall, at the discretion of the Minister, be installed on such occupier or owner paying in advance the cost of installation and a fee of not less than one pound per annum in addition to meter rent, for each additional service. In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or local officer, necessary to prevent waste of water, or for other reasons, a minimum fee of five shillings shall be charged for disconnection and reconnection, provided that where the cost exceeds the minimum fee the actual cost of the disconnection and reconnection, as determined by the Minister, shall be charged, and shall be payable by the owner or occupier for the time being, on demand. The service shall not be restored until such fee has been paid.

Private Fire Services.

93. Private fire service will be allowed, but every such service shall be sealed, except in cases where the Minister may decide that sealing is unnecessary.

For each such service, there shall be paid the actual cost of installation, and a fee equivalent to five per centum on cost per annum shall be paid in advance as rental, subject to a minimum fee for each service of ten shillings per annum. No water shall be taken from any sealed portion except for extinction of fire. In the event of the seal having been broken in case of fire or by accident, or otherwise, the occupier shall give notice, and pay the cost of resealing.

(c) Applications for water under this by-law shall be in writing, stating the nature of the work to be done and the purpose for which water is required.

When Accounts Due and Payable.

95. Where water is supplied by measure to the owner or occupier of land, whether rated under the Act or otherwise, payment for same shall become due and payable within 14 days after due service of the account, unless otherwise agreed upon.

Where workers have changed shifts in accordance with the foregoing, they shall be deemed to have worked, on the specified day, the hours they would have worked had the change not been made.

(b) As far as practicable, rostered shifts shall rotate weekly to the intent that all workers on the roster may receive a proper share of all shifts on the roster. In any proceeding under this clause, the onus shall rest upon the employer to establish that such rotation was not practicable.

(c) The secretary of the Union or any person authorised in writing by him shall be permitted to inspect the roster at any time between the hours of 9 a.m. and 5 p.m.

Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the

course of his employment or for any accident, wherever sustained not arising out of his own wilful default or for sickness arising out of his own wilful default.
