The Factories and Shops Act, 1920-1948.  
PROCLAMATION

WESTERN AUSTRALIA, } By His Excellency The Honourable Sir James  
TO WIT. } Mitchell, Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George, Governor in and over the State of Western Australia and its Dependencies in the Commonwealth of Australia.

F. and S. 405/33; Ex. Co. 1994.

WHEREAS it is enacted by section 116 of the Factories and Shops Act, 1920-1948, that the expression "Public Holiday" shall mean certain days therein specified, and any other day declared by Proclamation to be a public holiday for the purposes of the said Act: Now, therefore I, the said Governor, acting by and with the advice and consent of the Executive Council, do hereby proclaim and declare that Tuesday, the 13th day of September, 1949, shall be a public holiday in the Bruce Rock Shop District for the purposes of Section 116 of the Factories and Shops Act, 1920-1948, and all shops (except those mentioned in the Fourth Schedule and registered small shops) and warehouses shall be closed.

Given under my hand and the Public Seal of the said State, at Perth, this 15th day of September, 1949.

By His Excellency's Command.

L. THORN,  
Minister for Labour.

GOD SAVE THE KING ! ! !

AT a meeting of the Executive Council held in the Executive Council Chamber, at Perth, this 15th day of September, 1949, the following Orders in Council were authorised to be issued:—

The Metropolitan Water Supply, Sewerage and Drainage Act, 1909.

ORDER IN COUNCIL.

M.W.S. 989/49.

WHEREAS by the Metropolitan Water Supply, Sewerage and Drainage Act, 1909, it is provided that, subject to the provisions of the Act, the Minister for Water Supply, Sewerage and Drainage shall, with the approval of the Governor, have power to construct and extend Water Works, Sewerage Works and Stormwater Drainage Works; and whereas the preliminary requirements of the said Act have been complied with, and plans, sections, and estimates in respect of the works hereinafter mentioned have been submitted to and approved by the Governor in Council: Now, therefore, His Excellency the Governor, with the advice and consent of the Executive Council, does hereby empower the Minister for Water Supply, Sewerage and Drainage to undertake the construction of the following works under the said Act, namely:—

Metropolitan Water Supply Improvements.  
Perth Road District.

Proposed 30-inch diameter reinforced concrete outlet mains from Mount Yokine Reservoir, as shown in red on Plan M.W.S.S. & D.D., W.A., No. 7329.

This Order in Council shall take effect from the 23rd day of September, 1949.

R. H. DOIG,  
Clerk of the Executive Council.

The Land Act, 1933-1948.  
ORDER IN COUNCIL.

Corr. No. 3300/94.

WHEREAS by section 33 of the Land Act, 1933-1948, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality,

road board, or other person or persons to be named in the order, in trust for any of the purposes set forth in section 29 of the said Act, or for the like or other public purposes to be specified in such order, and with power of subleasing; and whereas it is deemed expedient that reserves A1575 (Southern Cross Lots 6, 726, 748 and 749) and A3234 (Southern Cross Lots 746 and 747) should vest in and be held by the Yilgarn Road Board in trust for Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserves shall vest in and be held by the Yilgarn Road Board in trust for Recreation with power to the said Yilgarn Road Board to lease the whole or any portion of the said Reserves for any term not exceeding 21 years from the date of the lease.

R. H. DOIG,  
Clerk of the Council.

The previous Order in Council, dated the 27th February, 1901, respecting these reserves, is hereby superseded.

The Land Act, 1933-1948.

ORDER IN COUNCIL.

Corr. No. 413/07.

WHEREAS by section 34 of the Land Act, 1933-1948, it is made lawful for the Governor, by Order in Council, without issuing any deed of grant, to place any reserve under the control of any municipality, road board, or other person or persons, as a board of management, and to empower such board to make, repeal, and alter by-laws for the control and management of such reserves, and prescribe fees for depasturing thereon or other use thereof, and for other purposes, such by-laws to be approved by the Governor and published in the *Government Gazette*; and whereas it is deemed expedient that reserve 22995 for Public Utility at Kojonup should be placed under the control of the Kojonup Road Board as a board of management: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby place the before-mentioned reserve under the control of the Kojonup Road Board as a board of management, and doth empower such board to make, repeal, or alter by-laws for the control and management of the said reserve; for prescribing fees for depasturing thereon or other use thereof; for directing the manner in which such fees shall be imposed, paid, collected, and disposed of, and to impose penalties not exceeding in any case £5 for any breach thereof, and £2 a day for a continuing breach, but not more than £20 in the aggregate.

R. H. DOIG,  
Clerk of the Council.

The Land Act, 1933-1948.

ORDER IN COUNCIL.

Corr. No. 1058/37.

WHEREAS by section 34 of the Land Act, 1933-1948, it is made lawful for the Governor, by Order in Council, without issuing any deed of grant, to place any reserve under the control of any municipality, road board, or other person or persons, as a board of management, and to empower such board to make, repeal, and alter by-laws for the control and management of such reserves, and prescribe fees for depasturing thereon or other use thereof, and for other purposes, such by-laws to be approved by the Governor and published in the *Government Gazette*; and whereas it is deemed expedient that reserve 22994 for Public Utility at Kojonup should be placed under the control of the Kojonup Road Board as a board of management: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby place the before-mentioned reserve under the control of the Kojonup Road Board as a board of management, and doth empower such board to make, repeal, or alter by-laws for the control and management of the said reserve; for prescribing fees for depasturing thereon or other use thereof; for directing the manner in which such fees shall be imposed, paid, collected, and disposed of, and to impose penalties not exceeding in any case £5 for any breach thereof, and £2 a day for a continuing breach, but not more than £20 in the aggregate.

R. H. DOIG,  
Clerk of the Council.

The Land Act, 1933-1948.

ORDER IN COUNCIL.

Corr. No. 2529/94 Vol. 2.

WHEREAS by section 33 of the Land Act, 1933-1948, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order, in trust for any of the purposes set forth in section 29 of the said Act, or for the like or other public purposes to be specified in such order, and with power of subleasing; and whereas it is deemed expedient that reserve 2595 (Rockingham Sub. lots 4 and 5) should vest in and be held by the Rockingham Road Board in trust for Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Rockingham Road Board in trust for Recreation with power to the said Rockingham Road Board to lease the whole or any portion of the said Reserve for any term not exceeding 21 years from the date of the lease.

R. H. DOIG,  
Clerk of the Council.

The Land Act, 1933-1948.

ORDER IN COUNCIL.

Corr. No. 6834/02.

WHEREAS by section 33 of the Land Act, 1933-1948, it is made lawful for the Governor to direct that any reserve shall vest in and be held by any municipality, road board, or other person or persons to be named in the order in trust for the like or other public purposes to be specified in such order; and whereas it is deemed expedient that reserve No. 9711 should vest in and be held by the Armadale-Kelmscott Road Board in trust for the purpose of Recreation: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby direct that the before-mentioned reserve shall vest in and be held by the Armadale-Kelmscott Road Board in trust for the purpose aforesaid, subject nevertheless to the powers reserved to him by section 37 of the said Act.

R. H. DOIG,  
Clerk of the Council.

The Land Act, 1933-1948.

ORDER IN COUNCIL.

Corr. No. 8728/12.

WHEREAS by section 34 of the Land Act, 1933-1948, it is made lawful for the Governor, by Order in Council, without issuing any deed of grant, to place any reserve under the control of any municipality, road board, or other person or persons, as a board of management, and to empower such board to make, repeal, and alter by-laws for the control and management of such reserves, and prescribe fees for depasturing thereon or other use thereof, and for other purposes, such by-laws to be approved by the Governor and published in the *Government Gazette*; and whereas it is deemed expedient that reserve 14975 for Recreation at Jardec should be placed under the control of the Manjimup Road Board as a board of management: Now, therefore, His Excellency the Governor, by and with the advice and consent of the Executive Council, doth hereby place the before-mentioned Reserve under the control of the Manjimup Road Board as a board of management, and doth empower such Board to make, repeal, or alter by-laws for the control and management of the said reserve; for prescribing fees for depasturing thereon or other use thereof; for directing the manner in which such fees shall be imposed, paid, collected, and disposed of, and to impose penalties not exceeding in any case £5 for any breach thereof, and £2 a day for a continuing breach, but not more than £20 in the aggregate.

PRICES CONTROL ACT, 1948.

Prices Control Order No. 125.

Timber, Mouldings, Joinery and Cartage.

WHEREAS it is provided, *inter alia*, by subregulations (3) and (7) of regulation 17 of the Prices Control Regulations, 1949, that the powers conferred respectively by paragraph (a) of subregulation (1) and paragraph (a) of subregulation (5) of regulation 17 of those regulations, to fix and declare by order published in the *Gazette* the maximum prices at which any declared goods may be sold or the maximum rate at which any declared service may be supplied or carried on, shall for all purposes be deemed to be validly exercised by an order so published which fixes any such price or any such rate by reference to a list of prices or rates approved by the Commissioner, and issued by a body or association of persons which is recognised by the Commissioner, in the case of sales by a trader in goods, or in the case of a supplier of a service, to be representative of the traders in the goods or the suppliers of the service, in relation to the sale or the supply of which the price or rate is so fixed.

And whereas I, Constantin Paul Mathea, Prices Control Commissioner, have recognised the Timber Merchants' Association of W.A., Perth, as representative of traders in timber, mouldings and joinery and suppliers of the service of cartage of timber and mouldings; and whereas I, the said Constantin Paul Mathea, have approved of the following list of prices of timber, mouldings and joinery, and rates for the cartage of timber and mouldings issued by the Timber Merchants' Association of W.A., Perth, that is to say, the list referred to as "Price List No. 47, as from 15th August, 1949": Now, therefore I, the said Constantin Paul Mathea, in pursuance of the powers conferred upon me by the aforesaid regulations, hereby make the following Order:—

Citation.

1. This Order may be cited as Prices Control Order No. 125.

Revocation.

2. Prices Control Order No. 69, as amended by Prices Control Order No. 103, is hereby revoked.

Definition.

3. In this Order, "Perth metropolitan area" means all that area comprised within a radius of 20 miles from the General Post Office at Perth.

Maximum Prices for Timber, Mouldings and Joinery.

4. I fix and declare the maximum prices at which timber, mouldings and joinery specified in the above-mentioned price list, No. 47, may be sold by retail in the Perth metropolitan area, to be the prices specified in that price list or computed in accordance therewith.

Maximum Rates for Cartage of Timber and Mouldings.

5. I fix and declare the maximum rates at which the service of the cartage of timber and mouldings may be supplied by any retail seller of such timber or mouldings, to be the cartage rates specified by that price list or computed in accordance therewith.

## Variation of Maximum Prices or Rates by Notice.

6. Notwithstanding the foregoing provisions of this Order, I declare the maximum price at which timber, mouldings or joinery, or the maximum rate at which the service of the cartage of timber or mouldings specified in a notice in pursuance of this paragraph may respectively be sold or supplied by any person to whom

such notice is given, to be such price or rate as is fixed by the Commissioner by notice in writing to that person.

Dated this 23rd day of September, 1949.

C. P. MATHEA,  
Prices Control Commissioner.

## THE MUNICIPAL CORPORATIONS ACT, 1906-1947.

Mayor and Councillors of East Fremantle.

A By-law re Special Roll for Loan Poll.

P.W. 1384/25.

A by-law of the Municipality of East Fremantle made under section 451 of the Municipal Corporations Act, 1906-1947, and numbered 3, for Regulating the Preparation of a Special Roll for Loan Poll.

IN pursuance of the powers conferred by the said Act, the Mayor and Councillors of the Municipality of East Fremantle order as follows:—

1. When demand shall have been duly made under section 451 of the Municipal Corporations Act, 1906-1947, the Town Clerk shall forthwith prepare a special roll of the names of all persons who, on the day on which demand was handed to him, appeared to be owners of rateable land within the meaning of the said section 451.

The said roll shall be in the form of Schedule A, and shall be available for inspection by any ratepayer at the Town Clerk's office, within the usual office hours, not later than 10 days before the date fixed for the holding of the Poll, and shall be kept open for inspection for at least four days.

2. (a) When a corporation or joint stock company is the owner or leaseholder of rateable land, such corporation or joint stock company, may, by letter delivered to the Town Clerk 15 days or more before the date fixed for the holding of the Poll, appoint a person to be registered in place of such corporation or joint stock company.

(b) In default of any such appointment being made, the manager, secretary, or attorney of any corporation or joint stock company may be registered by the Revision Court on making application in accordance with the provisions of subparagraph (a) of paragraph 3 of this by-law.

3. On or before the fifth day before the holding of the Poll any person—

- (a) whose name has not been inserted in the roll may, by letter delivered or sent through the post, addressed to the Town Clerk, apply to have his name inserted therein, and shall give particulars of his claim;
- (b) whose name has been inserted in the roll, and who is dissatisfied with such roll as not specifying the full rateable value of the land owned or leased by him, may, in like manner, apply to the Town Clerk to have the amount of such rateable value altered, and shall give particulars of his claim;
- (c) whose name appears in the roll, or who claims to have his name inserted in such roll, may, in like manner, object to the name of any other person as not being entitled to have his name retained therein, or as not being entitled to have the number of votes set against his name.

Any such claims or objections shall be in the form given in Schedule B, or to the like effect, and any objection under subsection (c) shall be made in duplicate by the person objecting, and it shall be the duty of the Town Clerk to send one of such notices to the person objected to.

4. (a) The Council shall hold an open Court, to be called a Revision Court, within the Municipal District, for the purpose of revising the roll, and such revision shall take place not more than four days nor less than one day before the day fixed for the holding of the poll, at such time and place as the Mayor shall appoint, and the Mayor shall give notice of the holding of such Court, and the time and place thereof, by placing such notice on some building within the Municipality, and by advertisement in a newspaper circulating in the District.

(b) The Court shall consist of the Mayor, or, in his absence, of a chairman appointed by the other members of the Court, and of not less than one-third of the Councillors.

5. Every such Court may be adjourned, and if at any time for half an hour after the time appointed for holding such Court, or adjourned Court, a sufficient number of Councillors to form a Court, is not present, the Mayor, or, in his absence, any Councillor, or the Town Clerk shall adjourn the Court, but no such Court shall be adjourned beyond the day before the holding of the poll.

6. (a) The Town Clerk shall himself, or by some person on his behalf, if he is prevented from doing so, attend the Revision Court, and produce to the Court the roll and the lists of the persons who have sent in claims and who have been objected to.

(b) The valuer or valuers, and all collectors of rates shall also attend the said Court, and produce all books, papers, and documents in their possession connected with their respective offices.

(c) The officers aforesaid shall answer, on oath or otherwise, all such questions as the Court may put to them touching any matters necessary to be ascertained for revising the roll.

7. (a) The Revision Court shall have authority to hear, receive, and examine evidence, and by summons under the hands of the Mayor or Chairman, to require all persons as the Court may think fit to appear personally before the Court at a time and place to be named in such summons, and to produce all books and papers in their possession or under their control as may appear necessary for the purpose of their examination.

(b) The Court shall have like powers for compelling the attendance of witnesses summoned, and their examination upon and taking of oaths and affirmations, and their answering questions touching the premises as by any law in force for the time being are vested in Justices exercising summary jurisdiction, and the Mayor or Chairman may issue any summons at any time after he has appointed a time for holding the said Court.

8. The Revision Court shall in open Court determine, as hereinafter provided, upon the validity of all claims and objections, and every such determination shall be by the decision of the majority, and in case of an equal division of votes, the Mayor or Chairman shall have a casting vote in addition to his vote as a member of the Court.

(9) (a) The Revision Court shall insert in the roll under revision the name of every person who has claimed as aforesaid, and has proved to the satisfaction of the Court to be entitled to be inserted therein for one or more votes according to the provisions of this Act.

(b) Subject as hereinafter provided, the Court shall retain on the list the names of all persons to whom no objection has been duly made, with the number of votes unaltered.

(c) The Revision Court shall retain on the list the name of every person who has been objected to by any person, and the number of votes unaltered, unless the person objecting appears by himself or by some person on his behalf in support of the objection, and proves the service of the requisite notices.

(d) When the name of any person inserted in the roll, or the number of votes set against his name has been duly objected to, and the person objecting appears by himself, or by some person on his behalf in support of such objection, the Court shall require proof of so much of the qualifications of the person objected to as is embraced in the grounds of objection and no more.

(e) In case the qualification of such person is not proved to the satisfaction of the Court, the Court shall expunge the name of such person from the list, or shall alter and correct the number of votes set against his name, as the case may require.

(f) The Court shall expunge from the list the name of every person who is proved to be dead.

(g) The Court shall, by means of the rate book, valuation and return, correct any mistake, or supply any omission which may appear to such Court to have been made in the roll in respect of the name, place of abode, or trade or occupation of any person who is included therein, or in respect of the local description of the rateable property, or the situation thereof, or the rateable value thereof.

(h) But no person's name shall be inserted by the Court in the roll, or, except under subsection (6), be expunged therefrom, unless notice has been given as is hereinbefore required.

10. (a) The Mayor or Chairman shall in open Court—

- (1) write his initials against every name struck out or inserted as aforesaid, and against any part of the roll in which any mistake has been corrected or omission supplied;
- (2) initial every page of the roll so settled;
- (3) cause to be written at the foot or end of the list a certificate that the same has been revised and is correct with the date thereof.

(b) The Mayor or Chairman, and not less than two other members of the Court, shall severally sign such certificate.

11. Any owner whose name appears upon the special roll, and who does not reside within the Municipality of East Fremantle may, at any time before the day appointed for the holding of the poll, apply personally or in writing to the Returning Officer for a postal voting paper. The Returning Officer shall thereupon supply the same, and shall make a mark against the name of the said owner on the said roll.

12. Any person who has applied for and received a postal voting paper for the purpose of voting under subsection 5 of section 447 shall not be entitled to vote otherwise.

THE ROAD DISTRICTS ACT, 1919-1948.

Pingelly Road Board.

Notice of Intention to Borrow—Proposed Loan No. 3 of £1,000.

NOTICE is hereby given that the Pingelly Road Board proposes to borrow the sum of £1,000 to be expended on works and undertakings in the Pingelly Road Board District, the said works and undertakings being the purchase of a tip truck.

The plans and specifications, and the estimate of the cost of the said works and undertakings, and statement showing the proposed expenditure of the money to be borrowed, including the cost of flotation and initial and incidental expenditure in connection with the raising of the loan, are open for inspection at the office of the Pingelly Road Board, Pingelly, for one month after publication of this notice, between the hours of 9 a.m. to 5 p.m., Monday to Friday, inclusive, and on Saturdays from 9 a.m. to 12 noon.

The undertaking for which the loan is proposed to be raised will, in the opinion of the Board, benefit the whole of the Pingelly Road Board District, and any rate applicable will be levied on all the rateable property within the district.

The amount of £1,000 is proposed to be raised by the sale of debentures repayable with interest by 10 half-yearly instalments over a period of five years after date of issue, in lieu of the formation of a sinking fund. The debentures shall bear interest at the rate of 3½ per centum per annum.

The amount of the said debentures and the interest thereon to be paid at the office of the Superannuation Board, Perth.

Dated this 14th day of September, 1949.

ROAD DISTRICTS ACT, 1919-1948.

Capel Road Board—Saleyards By-laws.

P.W. 283/38.

IN pursuance of the powers conferred on it by the Road Districts Act, 1919-1948, section 201, the Capel Road Board doth make and publish the following by-laws:—

1. In these regulations:—  
“Act” means the Road Districts Act, 1919-1948.

"Board" means the Capel Road Board.

"Officer" means any officer appointed by the Board.

"Owner" includes any owner or consignee, whether joint or sole, or person in possession or in charge of any stock, or any agent of such owner or consignee, and includes the occupier for the time being of any portion of a saleyard.

"Saleyard" means the structures and property owned by the Capel Road Board used for the sale of stock.

"Stock" means all classes of livestock.

"Stock agent" means any person authorised by an owner or consignee to sell stock at the saleyards on his behalf and includes a firm or body corporate.

2. Every person who shall bring stock to a saleyard and keep same therein for more than 24 hours shall provide them with food and water. It shall be competent and lawful for the officer in charge to move or remove such stock from the saleyard to any other part of the Board's property, and to recover from the owner any expenses incurred in so doing.

3. All stock brought to a saleyard for sale shall be in the care of the stock agents to whom the same shall be consigned.

4. Any dead animal must be removed by the stock agent within 12 hours.

5. The Board will not be responsible for any injury or damage to, or for the death or escape of any stock brought or delivered to a saleyard.

6. Sales shall be held in the saleyards, on such days and at such hours, between sunrise and sunset, as shall be determined from time to time by the Board.

7. No person shall sell any stock in a saleyard unless he has obtained a license so to do from the Board. Licenses shall be issued annually and the fee payable for a license shall be 5s. A license issued to a firm shall entitle any member thereof to sell stock. Any clerk of a licensee may sell for such licensee in the saleyard while the license issued to his employer under this regulation remains unrevoked.

8. The order of priority in which stock agents shall sell stock on authorised sale days shall be determined by the stock agents.

9. The following dues and fees shall be paid in respect of all stock sold:—

	s.	d.
For every sheep .. .. .	2	0
For every horse .. .. .	6	0
For every head of cattle .. .. .	6	0
For every pig .. .. .	3	0
For every stallion .. .. .	2	0
For every bull over 12 months .. .. .	2	0
For every machine (and 5s. per month if not removed on day following sale) .. .. .	1	0

These charges to be subject to alteration from time to time as the Board may require by resolution.

10. Yard fees shall be charged only once for any lot or stock re-submitted for sale on the same day by the stock agent responsible for the first offering.

11. When any lots passed in or sold by stock agents are transferred to another stock agent and again submitted for sale on the same day, yard dues shall be charged on each transaction.

12. Every stock agent shall furnish to the Board a true statement in writing, setting out the total number of each class of stock sold by him in a saleyard in respect of each sale day, and remit all dues and fees thereon within seven days after sale. The Board or any officer appointed in writing by the Board, shall have power to inspect any books necessary to verify such statement.

13. The owner of stock shall, if so desired by the officer in charge, cause such stock to be removed from the saleyard at a specified time following the day upon which stock have been submitted to auction.

14. The owner or person having the control of any dog in a saleyard shall tie or secure the dog, when the same is not working therein, in such a manner as to prevent such dog from running about the saleyard or interfering with any stock therein. Any dog, while not tied up, shall be muzzled. No owner or person having the charge or control of any mangy or diseased dog shall take the same into a saleyard or permit or suffer it to enter therein. Any officer of the Board may destroy any such dog found in a saleyard.

15. No person shall ride or drive any animal, whether attached to any vehicle or not, at more than a walking pace, within the precincts of a saleyard, except in such places as shall be allotted for the purpose.

16. No person in a saleyard shall—(a) behave in a disorderly or indecent manner; or (b) commit any act of theft or dishonesty therein; or (c) be or remain in the saleyard, if he has no legitimate business therein, or if he has at any time committed a breach of paragraphs (a) or (b) of this regulation.

17. The Board, or any officer appointed in writing by the Board, may exclude from a saleyard any person considered to be an undesirable character.

18. No person shall put or place any sign, advertisement, or notice on any part of a saleyard, except with the written consent of the Board.

Passed at a meeting of the Capel Road Board held on the 20th day of July, 1949.

HENRY T. DUNKLEY,  
Chairman.

W. M. WRIGHT,  
Secretary.

#### ROAD DISTRICTS ACT, 1919-1948.

Mundaring Road Board.

Local Government Department,  
Perth, 16th September, 1949.

P.W. 601/34.

IT is hereby notified, for general information, that His Excellency the Governor has approved of the purchase of—(1) Diesel tractor with bulldozer blade; (2) tractor-cavator powered by caterpillar engine; (3) portable air compressor unit complete with two jackhammers, hose, couplings, etc.; (4) road grader, and (5) tip truck, as a work and undertaking for which money may be borrowed under Part VII. of the Road Districts Act, 1919-1948, by the Mundaring Road Board.

GEO. S. LINDSAY,  
Secretary for Local Government.

#### ROAD DISTRICT ACT, 1919-1948.

Tammin Road District—Building By-laws.

P.W. 1730/48.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1948, the Tammin Road Board makes the following by-law relating to buildings:—

##### Part 1.—Operation and Definition. Application.

1. This by-law shall apply to all lands and buildings within the area of the Tammin Road District.

##### Commencement.

2. This by-law shall come into operation immediately upon its confirmation and approval by the Governor and publication in the Government Gazette.

##### Repeal.

3. From the date of coming into operation of this by-law all Building By-laws previously in force for the Tammin Town site are hereby repealed.

##### Definitions.

4. In this by-law, subject to the context:—  
"Act" means the Road Districts Act, 1919-1948, and amendments.

“Alteration” means any work made or done for any purpose in, or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which the building or erection, or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling.

“Apartment building” means a building containing two or more apartments.

“Approved” means approved by the Board in writing or (in case where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor, inclusive of the external walls and such portions of the party walls as belong to the building.

“Board” means the Tammin Road Board.

“Build” means and includes erect, build, or construct, or cause to be erected, built or constructed.

“Building” means and includes erection, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed, or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute any work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling house” means a building used or adapted to be used wholly or principally for human habitation.

“District” means Tammin Road District.

“External wall” means the outer wall of a building, not being a party wall, even though it adjoins a wall of another building.

“Fire-resisting” used with reference to any materials includes:— (a) Brickwork constructed of good bricks well burnt hard and sound, properly bonded and solidly put together with good lime or cement mortar; (b) any stone suitable for building purposes by reason of its solidity or durability; (c) sheet metals or other similar materials which are in the opinion of the Board fire-resisting; (d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or other incombustible or non-conducting external coating; (e) slate, tiles, brick, and terra-cotta, when used for covering or corbels; (f) concrete when composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

“Frontage” means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

“Garage” means ANY building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

“Height” in relation to any building means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or when there is no such footway from the level of the ground before excavation to the level of the ceiling or tie of the topmost storey.

“Height” in relation to storeys means:— (a) In the case of the topmost storey, the measurement between the floor and the ceiling thereof, or between the floor and the undersurface of the tie of the roof, or if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof; (b) in the case of every storey other than the topmost storey, the measurements between its floor and the floor above.

“Hoardings” includes any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting or posting thereon notices, advertisements, placards, or other printed, painted or written matter, or any erection or structure, being of a height greater than six feet from the level of the adjoining street.

“Main Rooms” means and includes all rooms used or intended to be used as bedrooms, dining rooms, lounges, ordinary living rooms or kitchens.

“New buildings” includes:— (a) Any building erected or commenced to be erected after the date of this by-law coming into operation; (b) any building of which more than half if its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected, or commenced to be re-erected wholly or partially on the same site after the date of this by-law coming into operation; (c) any buildings removed or transported wholly or in sections into the district, or to another part of the district after the date of this by-law coming into operation.

“Outbuildings” means any building or the curtilage of any dwelling, shop, or combined shop and dwelling used as a work shop or store-room not being a building for the storage of inflammable materials, nor for the housing of animals, including birds.

“Party wall” means a wall built to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

“Person” includes corporation.

“Prescribed” means prescribed by this by-law.

“Public place” has the same meaning as in the Act.

“Reinforced concrete” means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance to shear.

“Right-of-way” means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage way.

“Road” has the same meaning as in the Act.

“Surveyor” means the building surveyor or acting building surveyor appointed by the Tammin Road Board, having for the time being the administration of this by-law.

“Shop” means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes saloons of barbers and hair-dressers, and offices of agents, auctioneers, and all other businesses and trades. A bona fide boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

“Square” applied to the measurement of any area means the space of one hundred square feet.

“Surface or ground level” means the level of the ground as determined by the surveyor.

“Wooden building” means buildings constructed of wood, or buildings having wooden frames.

#### Part 2.—Classes of Buildings.

5. For the purpose of this by-law, buildings shall be divided into three classes:—

Class A.—“Domestic class,” which includes all buildings subject to small vibrations and light loading of floors, such as dwelling houses, residential shops, offices, hotels, private schools, club houses, and studios.

Class B.—“Warehouse class” which includes all buildings subject to vibrations and heavy loading of floors, such as warehouses, factories, mills and places for storage and manufacturing of goods.

Class C.—“Public building class” which includes all buildings designed to accommodate an assemblage of people, such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings. In case of doubt the surveyor shall finally determine to which class any particular building belongs.

#### Part 3.—Notice of Intention to Build or Demolish and

Lodging of Plans.

Notice to be Given.

6. No builder shall commence any building, or any addition, or alteration to any building without first delivering at the office of the Board a written application in the form of the First Schedule hereto before so commencing and delivering to the surveyor:—

## Plans and Specifications.

(a) Properly prepared plans and specifications if such building, addition, or alteration, together with a tracing copy of the plans of such building, addition, or alteration, and also details and dimensions, sizes and qualities of all materials and enumerating any old materials proposed to be used in the construction of the same. Plans shall be drawn in ink and specifications typed or legibly written. Plans to be of good quality parchment 22 inches by 15 inches. Scale  $\frac{1}{8}$  inch to 1 foot.

## Block Plan.

(b) A block plan showing relation of the building to adjoining buildings and boundaries.

## Purpose.

(c) A statement in writing of the purpose for which the building is intended to be used.

## Drainage.

(d) Particulars of the proposed method of drainage.

## Further Particulars.

(e) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of this by-law applicable thereto are being complied with.

## Tracing Retained.

7. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications when approved shall be evidenced in writing endorsed on the plans and specifications and signed by the surveyor.

## Plans, etc., to be kept at Building.

8. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or accredited officer of the Board at all reasonable times on demand, during the construction, or erection, or alteration, or addition, as the case may be, and for 14 days after the completion thereof.

## Permits and Fees.

9. No person shall commence a building of any kind, or addition or alteration to any building, or demolish any building without first having obtained from the surveyor a written permit for the commencement of the same and without having first paid to the Board fees in accordance with the scale set out in the Second Schedule hereto having regard to the class of building.

## Area of New Building.

10. The decision of the surveyor as to the area of a new building, or value of an addition shall be final and conclusive.

## Permit Shall Lapse after Six Months.

11. A permit obtained pursuant to this by-law shall lapse and be of no effect unless the building for which such permit was granted shall be commenced within six months and completed within twelve months from the date of such permit.

## Surveyor may enter and Inspect.

12. The surveyor at all reasonable times during the progress, and after the completion of any building, or addition, or alteration to any building affected by this by-law, may enter and inspect such building, or addition, or alteration.

## Surveyor May Stop Work if Contrary to By-law.

13. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under this by-law, in the event of his not being satisfied that all the provisions of this by-law are being complied with, and any person who continues to build, or erect, or works on the site after notice from the surveyor to desist, shall be guilty of an offence against this by-law.

## Demolition or Removal of Buildings.

14. When a building is to be demolished or removed the owner or contractor shall give 24 hours' notice to the surveyor of such intended demolition or removal.

## Sanitary Conveniences for Workmen.

15. Before commencing any building operations upon any building site, the contractor, or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences shall be in accordance with the requirement of the Health Act.

## Low-lying Land.

16. Where land upon which a building is to be erected, is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take a level for any building, the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

## Dwelling Houses.

## Distance from Road.

17. No building which is intended to be used as a dwelling house, and no addition to any such building, shall be built within a distance of 25 feet measured horizontally from the road to the building fronts, unless a building line at a different distance has been fixed by a proper authority.

## Distance from Side Boundary.

18. No building which is intended to be used as a dwelling house and no addition to any building which is intended to be used as a dwelling house shall be built within a distance of three feet if of brick, or six feet if of wood or wood frame, measured horizontally from the boundary of the allotment on which such building is erected.

## Minimum Area of Open Land.

19. At least one-third of the area of any allotment on which a dwelling house is erected shall be left open and unbuilt on and for the exclusive use of the occupiers of the buildings erected upon such allotment.

## Minimum Area of Dwelling House.

20. Every dwelling house shall consist of a total area of at least 500 square feet, excluding verandahs, and shall contain not less than three main rooms.

## Provision of Bathroom, Wash-troughs, Copper, etc.

21. Provision shall be made in all new, or re-erected dwellings for a bathroom fitted with bath and wash-basin, also laundry facilities consisting of wash-troughs and copper, properly fitted and housed in accordance with the provisions of Health By-law 4A and amendments thereto.

## Computing Distances.

22. For the purpose of computing distances from any building, the outer face of the wall shall be taken as the point from which measurements are to be taken.

## Occupation of Dwelling.

23. No person or persons shall occupy any new or re-erected dwelling before completion, nor shall any person or persons occupy any new or re-erected dwelling until a certificate has been issued by the surveyor in writing stating that the dwelling has been completed in accordance with the plans approved by the Board, Building By-laws and Health Act.

## Stables, Outbuildings and Garages.

24. Stables may be erected with walls of brick, stone or concrete, provided that in stables of more than two squares in area, the distance of any wall of such stable from land not in the same occupation or possession shall not be less than the vertical height of such wall including the vertical portion of a gable and roof from the boundary of the land not in the same occupation or possession.

## Distance of Stables from Boundaries.

25. No stable may be erected nearer than 30 feet to any dwelling, nor than 10 feet to the boundary of land not in the same occupation.

## Material for Garages.

26. Every garage shall be constructed of fire-resisting material unless otherwise approved by the Board.

## Apartment Buildings.

## Area of Land to be Occupied.

27. The total floor area of an apartment building together with the floor area of any other buildings erected on the same allotment, shall not exceed half the area of such allotment.

## Area of Each Apartment.

28. The total floor area of each apartment shall be at least 400 square feet. In addition thereto every apartment shall have for the exclusive use of the occupants thereof, at least 100 square feet of verandah space.

## Area of Main Rooms.

29. Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of such room shall be less than nine feet in length.

## Apartment to be Self-Contained.

30. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and lavatory. It shall have separate entrance from the outside of the building, and such entrance shall be constructed of fire resisting material as defined in the Building By-laws of the Board for the time being in force.

## Part 4.

## Building Materials.

31. All materials used in any building must be of good quality and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn any material which in his opinion is not suitable for use in such building, alteration, or addition.

## Second-hand Material.

32. No old or second-hand material may be used in any building unless approved in writing by the surveyor.

## Bricks.

33. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used.

## Sand.

34. Sand used for mortar or concrete in any building shall be clean and sharp and free from loam, dirt, salt and organic matter.

## Lime Mortar.

35. Lime mortar shall be composed of freshly burnt lime and sand in the proportion of at least one part by measure of lime, and not more than three parts by measure of sand. All lime intended to be used for mortar shall be thoroughly burnt, of good quality, and be properly slaked before being mixed with sand.

## Cement Mortar.

36. Cement mortar shall be composed of good Portland cement or other cement of equal quality, mixed with clean, sharp sand, in proportion of at least one part by measure of cement, and not more than four parts by measure of sand.

## Timber.

37. All timbers and wooden beams used in any building shall be of good sound material, free from rot, large loose knots, shakes, or other imperfections whereby the strength may be impaired, and shall be of such sizes, dimensions and spaces as set forth in clause 63 of this By-law.

## Lintels.

38. Builders casting lintels in position shall submit to the surveyor a plan showing position and details of reinforcement and specifications of materials to be used, such designs to be approved at the same time as the plan of the building. Lintels up to six feet span shall be three courses in depth, lintels from

six to eight feet span shall be four courses in depth. All such lintels shall be reinforced with at least half-inch steel rods, not less than three rods per lintel and proper bearing shall be given at each end of lintel.

## Part 5.—Construction.

## Excavation and Inspection of Trenches.

39. All excavation for footings shall be not less than 12 inches below the natural surface of the ground, except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours' notice has been given to the surveyor that the trenches are ready for inspection.

## Walls to have Footings.

40. Unless with the consent of the surveyor, every external wall, and every party wall not carried on a bressummer, and every pier and storey post shall have footings.

## Dimensions of Footings.

41. The width of the bottom of the footing of every wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16 inches wide, unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of the wall at its ground floor level, but in no case less than nine inches.

## External Walls.

42. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting material approved by the Board; provided that any building used or intended to be used solely as a dwelling house may have walls constructed of wood and/or asbestos-cement sheets, subject to the conditions set out in this by-law for buildings wholly or partly of wood.

## Construction of External Walls.

43. Every wall constructed of brick, stone, or other similar material shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it except to the extent of nine inches and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

## Damp Course.

44. Every wall or fireplace of brick, stone or similar material shall have a damp-proof course or courses of asphalt, distilled tar and hot sand, or other approved material at least six inches above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp-course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall not be less than half an inch in thickness.

## Hollow Walls.

45. External walls may be constructed as hollow walls if constructed in accordance with the following rules:—(a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding two inches or less than one inch; (b) the inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength, formed of galvanised iron, glazed stoneware, or other material approved. Such ties shall be placed at distances apart not exceeding three feet horizontally and at least every fifth course vertically; (c) the thickness of each part of the wall shall throughout be not less than four and one-half inches; (d) the aggregate thickness of the two parts, excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length; (e) no hollow wall of not more than 11 inches in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier, to the satisfaction of the surveyor.

## Concrete Blocks.

46. Concrete blocks shall contain not less than one part cement to five parts mixed aggregate, and shall be kept damp for a period of not less than four days, and shall not be used green. The blocks shall be bedded and jointed in cement mortar.

## Thickness of Walls, Domestic Class.

47. No external walls in brick, stone, concrete, or cement block shall have less than the thickness prescribed in the following Table A.

Table A.  
Buildings of Domestic Class.

Length of Wall.	No. of Storeys.	Thickness of Walls in Inches.	
Walls built with Lime Mortar—			
Not exceeding 30 feet ..	1	9	—
	2	9	9
Exceeding 30 feet ..	1	13½	—
	2	13½	13½
Walls built with Cement Mortar—			
Not exceeding 30 feet ..	1	9	—
	2	9	9
Exceeding 30 feet ..	1	9	—
	2	13½	9

48. If any storey exceeds in height 18 times the thickness prescribed for walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighteenth part of the height of the storey and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than four and one-half inches.

49. The height of any storey may be 20 times the thickness of walls prescribed for such storey, if built with cement mortar.

## Thickness of Walls—Warehouse Class.

50. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B.

Table B.  
Buildings of the Warehouse Class.

Length of Wall.	No. of Storeys	Thickness of Walls in Inches.	
Walls built in Lime Mortar—			
Not exceeding 75 feet	1	13½	—

Exceeding 75 feet	1	13½	—
	2	18	13½
	3	18	18

## Thickness of Walls under Certain Conditions.

51. Walls under 75 feet in length may be constructed nine inches thick, provided they are strengthened with four and a half inch piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12 feet when built of lime mortar, or 13 feet six inches when built of cement mortar.

52. The thickness of walls under 20 feet in length may be two-thirds the thickness required for external or party walls, as stated in Tables A and B, but in no case less than nine inches.

53. If in any storey of the warehouse class the thickness of the wall as determined by the provisions of this part of this by-law is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed of which the collective widths amount to one-fifth part of the length

of the wall. No increase in the thickness of brick walls shall be less than four and a half inches. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

## Lengths—How Measured.

54. Walls are deemed to be divided into distinct lengths by return wall, and the length of every wall is measured from the face of one return wall to the face of another. Provided that such return walls are external, party, or cross walls of the thickness required by this part of this by-law and bonded into the wall so deemed to be divided.

## Cross Walls.

55. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than nine inches, and no wall sub-dividing shall be deemed to be a cross wall unless it is carried up to the plate level of the topmost storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all recesses, and that of all the openings therein taken together does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation; but in one storey buildings of the domestic class, four and a half cross walls will be permitted, provided the unsupported length of any wall does not exceed 25 feet.

## Cross Wall Becomes External Wall.

56. Whenever a cross wall becomes any part of an external wall, the external part of such cross wall shall be of the thickness required for an external wall of the same height and length belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

## Internal and Partition Walls.

57. (1) All internal bearing walls and partition walls shall be constructed in such a manner as may be approved by the surveyor and shall be of cement blocks, brick, stone or concrete. All such walls shall be not less than four and one half inches thick; provided that, where such walls form a division between flats, then such walls shall not be less than nine inches thick.

(2) Unless with the consent of the surveyor, every such wall, unless carried on a bressumer, shall have footings, and such footings shall be at least twice the thickness of the wall resting upon it.

## Isolated Piers.

58. No isolated brick or stone piers shall exceed in height eight times the least diameter of same, if built of lime mortar, and 12 times if built of cement mortar.

## Parapet to Walls on Boundary.

59. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutters of any building would be within two feet of such boundary then the external wall of such building shall be carried up to form a parapet of 15 inches at least in height above the roof, or above the highest part of any flat or gutter, as the case may be.

## Parapet, Warehouse Class.

60. The buildings of the warehouse class, the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of nine inches at least.

## Party Walls.

61. Every party wall shall be carried up for a height of 15 inches above the roof, measured at right angles to the slope thereof, or 15 inches above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey and in any other building, of a thickness of eight and one-half inches at least. Provided, however, that in the case of domestic buildings, where not more than two

buildings are erected under one roof, it shall be sufficient if the party wall is carried up at least eight and one-half inches in thickness to the underside of the roof covering, and such roof covering or iron, slate, or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

62. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within four feet of such party wall, and shall extend at the least 15 inches higher and wider on each side than such erection, and every party wall shall be carried up above any part of any roof opposite thereto, and within four feet therefrom.

#### Buildings Wholly or Partly in Wood.

63. The external walls of any wooden building shall not exceed 15 feet in height, measured from the floor level to the top of the wall plates. Every such building shall be wholly in one occupation or adapted so to be.

The following shall be the minimum sizes and spacing of timbers. All timbers shall be jarrah or other hardwood approved by the Board.

Stumps, not less than 4in. x 4in., spaced not more than five feet centres. They shall be sunk 18in. into the ground and tarred to 6in. above ground surface. And stops of galvanised iron projecting 1in. all round shall be provided. Paper bark stumps not less than 6in. in diameter measured at the small end may be used if approved by the Board.

Sole plates, 18in. x 6in. x 1½in.

Where the nature of the ground precludes the use of jarrah or paper bark stumps, 9in. x 9in. brick piers shall be provided.

Bearers, 4in. x 3in., at not more than 5ft. 6in. centres and kept at least 6in. clear of ground. Double joists shall be provided under walls where bearers do not occur.

Floor joists, 4in. x 2in., at not more than 18in. centres.

Vermin plates, 4in. x 2in.

Studs, 4in x 2in., at not more than 24in. centres.

Angle and corner studs, not less than 4in. x 4in. Top and bottom plates, 4in. x 2in.

Where the height of a building does not exceed 10 feet, measured from the floor level to the top of the wall plate, 3in. x 2in. studs and plates may be used with angle and corner studs not less than 3in. x 3in., except where the roof covering is of tiles or slates, in which case 4in. x 2in. studs and plates are to be provided in all external walls.

Rafters, 4in. x 2in., at two feet centre for tile roofs and three feet centres for iron or asbestos roofs.

Under purlins, 4in. x 3in., for tile roofs, in positions so that no rafter has an unsupported span of more than seven feet.

Struts to under purlins, 4in. x 2in., for lengths not exceeding four feet, and 4in. x 3in. for lengths exceeding four feet to support under purlins at not more than six feet intervals.

Battens for tiles, 2in. x 1in.

Battens for iron or asbestos, 3in. x 1½in., not more than three feet six inches apart.

Ceiling joists, 4in. x 2in., at not more than two feet centres, or 3in. x 2in. at not more than 18 inch centres.

Ceiling hangers, 8in. x 1¼in., in positions so that no ceiling joist has unsupported span of more than seven feet.

Collar ties, 4in x 1½in.

Ridge, 7in. x 1in.

Hips, 8in. x 1in.

Valleys, 8in. x 1in.

Fascias and barges, 9ft. x 1in.

Floor boards, 1in. thick before dressing.

Weatherboards, 1¼in. lap.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one-sixth.

Vermin plates shall be used in all wooden buildings except sheds.

W.Cs. shall be constructed not less than 5ft. x 3ft. internal dimensions.

#### Roughcast and Stucco.

64. Roughcast and stucco work shall be applied only to brickwork, provided that in certain cases, such as gables of dwellings, or other ornamental sections of dwellings, roughcast may be applied to expanded metal fixed in an approved manner.

#### Interior Walls of Dwellings.

65. The interior of all walls and ceilings of every wooden or wooden framed building which is intended to be used, or which may be used as a dwelling house, shall be constructed of plaster sheets, or other fire-resisting materials.

#### Roofs.

66. The roof of every building shall be constructed of metal, tiles, slates or other approved materials.

#### Reinforced Concrete Buildings.

67. In all cases where reinforced concrete is employed, whether in buildings as a whole or in portions of buildings, before the actual carrying out of the work, or any portion thereof, complete drawings of such work, or portion shall be delivered to the surveyor, showing all details of the construction, and the size, spacing, and arrangement of all reinforcing members.

#### Public Buildings.

68. In any case in which the plans of any public building (proposed) are required by law to be approved by the Public Works Department, such approval shall be obtained before such plans are submitted for the Board's approval.

#### Shops.

##### Minimum Area of Land.

69. (1) Every shop shall have a frontage to a road of at least 18 feet. (2) No shop shall be of less width in any part thereof than 18 feet.

##### Access to Rear of Shop.

70. Every shop shall be so erected and built that, without passing through the building there is a reasonable access to the back premises and offices of such shop for the removal of nightsoil and other refuse to a road or land 10 feet wide at least.

##### Separate Entrance for Shop and Dwelling in Different Occupations.

71. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

#### Alterations and Additions.

##### Alterations.

72. Except with the consent of the Board, or the surveyor, no alteration shall be made to any building in such manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

##### Additions and Alterations.

73. Every addition to, or alteration of a building, and any other work made or done for any purpose in or on a building (except necessary repairs which do not affect the construction of a building) shall so far as regards such addition, or alteration or other work, be subject to the provisions of this by-law relating to new buildings.

#### Ventilation, Lighting and Drainage.

##### Height of Rooms.

74. The main rooms in all buildings shall be in every part not less than 9ft. 6in. from floor to ceiling and the minimum height for washhouses and external bathrooms shall be 7ft. 4in. The minimum height of verandahs shall be 7ft. 4in. from floor level to top of the plate.

##### Attic Roofs.

75. Provided that in the case of buildings of more than one storey, living rooms wholly or partly in the roof may be not less than nine feet in height from floor to ceiling over two-thirds of the floor area.

#### Minimum Area of Rooms.

76. No main room in any building shall have a less floor area than 100 square feet, and no wall of such room shall be less than nine feet in length. The minimum floor area of bathrooms, laundries and sleepouts shall be 42 square feet, 56 square feet and 80 square feet, respectively.

#### Windows (Natural Lighting).

77. All rooms in a building intended to be used as a dwelling shall have one or more windows opening directly into external air, the area of such windows shall be not less than one-tenth of the area of the floor of the room in which such window or windows are fitted.

#### Ventilation (Other than Dwellings).

78. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings, shall be subject to approval as required under Part I. of Health By-laws.

#### Ventilation (Dwellings).

79. Every part, and every room of any dwelling house or building intended to be used for habitation, shall be ventilated as required under Part I. of Health By-laws, viz., in the ratio of 24 square inches of outlet of uncontrolled ventilating area to each 100 square feet of floor area.

#### Ventilation (Sub-floor).

80. The space under the ground floor of every building shall be provided with a sufficiency of openings through all walls under the floor to allow of current of air to flow freely under all parts of the building. Type of ventilator used and spacing of same shall be the subject of approval by the surveyor.

#### Lighting and Ventilation (Shops).

81. The provisions of this part of this by-law relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops, save that the windows need not be constructed to open if other approved provision for ventilation is made, and the minimum height of walls in shops shall be 12 feet.

#### Enclosing of Verandahs.

82. No verandah of any dwelling, or shop, or other building shall be enclosed, or built in, in such manner as to exclude natural light, or reduce the proper ventilation of any building or any part thereof. The use of hessian or jute bags, or similar materials for enclosing or screening verandahs is prohibited.

#### Floors.

83. Floors shall be fixed level, and in all buildings the ground floor, if of wood, shall have a space of not less than six inches between the ground and the underside of the floor bearers.

Permit may be Refused if Drainage is not Satisfactory.

84. The Board may refuse to approve the plan of any building or any addition, or alteration to any building, until it is satisfied that the proposed building, or addition, or alteration and the site and curtilage thereof will be properly drained.

#### Drainage of Waste Water.

85. Every person who shall erect a building shall provide proper drainage for the disposal of all waste water in conformity with health by-laws.

#### Waste Pipes.

86. Waste pipes from baths, sinks, wash troughs and similar sanitary fittings shall be of wrought iron of approved sizes. All sanitary fittings shall be provided with traps under fittings, metal cleaning eyes shall be fitted at all changes of direction and angles of waste pipes.

#### Roof-water Disposal.

87. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least two feet clear of

the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary all stormwater from the roof of such buildings shall be carried by pipes direct to the street drains, or gutters, in such a manner as directed by the surveyor.

#### Water Supply.

88. Every dwelling house not connected to a public water supply shall be provided with a water storage tank of not less than one thousand gallons capacity. Such tank shall be completely covered at its top and provided with a manhole fitted with a tight-fitting lid.

#### Provision of Manhole in Ceiling.

89. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof thereof.

#### Removal of Buildings.

90. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of this by-law to be a new building erected for the first time on the site whither it is removed.

#### Verandahs, Projections, Signs, Hoardings and Fences. Verandahs.

91. No person shall erect, or cause or permit to be erected, any portico or verandah over the footway of any road in the district without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions and materials as set forth on the plan and specifications, for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than nine feet above the level of the outer edge of the footway. All such verandahs and projections shall be of the cantilever type.

#### Openings in Roof of Verandah.

92. No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with fine mesh wire-netting or armoured glass to the satisfaction of the surveyor.

#### Porch Landing, etc.

93. Every porch, gangway, outside landing, and outside step shall be of fire-resisting material and shall not project beyond the boundary of any road or public place.

#### Shop Windows.

94. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30 inches, nor within 12 inches of the level of the footpath immediately adjoining the same.

#### Woodwork abutting on Roads.

95. Woodwork shall not be fixed flush with the face of any wall abutting on a road unless it is encased with metal of not less than 22 gauge.

#### Signboard, Hanging Lamp, etc.

96. No signboard, hanging lamp, or other fixture shall be erected on or attached to any building or verandah projecting over the roadway unless the permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction and design approved by the surveyor and shall be in no part less than eight feet six inches above the level of the footpath or road. No signboard shall exceed in depth three feet nor shall any signboard project over a road or footpath unless attached to a verandah.

#### Unightly or Dangerous Fence.

97. When any fence abutting on or within 10 feet of any road or public place within the district is in a dangerous or unsightly state, the Board may, by

notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down or repair such fence as the case may require, and such owner shall comply with such notice.

#### Fences and Walls.

98. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least nine inches high unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone or concrete, or other similar substance shall be constructed with a base to be approved by the surveyor.

#### Brick Chimneys, Flues, Fireplaces and Heating Apparatus.

##### Foundations, Footings, etc.

99. (1) Chimneys shall be built on solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on steel girders with direct bearings upon party, external, or cross-walls, to the satisfaction of the surveyor, or on corbels of brick, stone or other incombustible material, and the works so corbelled out does not project from the wall more than the thickness of the wall measured immediately below the corbel.

(2) Chimneys may be corbelled out 14 inches from walls nine inches in thickness on corbels of stone or incombustible material not less than 10 inches in depth and of the full width of the jambs.

##### Chimneys, etc., with Soot-doors.

100. (1) Chimneys and flues having proper soot-doors of not less than 40 square inches may be constructed at such angles as is approved by the surveyor, but in no other case shall any flue be inclined at less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) Position of soot-doors—All soot-doors shall be distant at least 15 inches from any woodwork.

##### Arches.

101. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength turned up or down at the ends and built into the jamb for at least  $4\frac{1}{2}$  inches on each side.

##### Flues.

102. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose of trade or business, or to or for the range or cooking apparatus of any hotel, tavern, or eating house, unless the flue is surrounded with brickwork at least nine inches thick, or reinforced concrete six inches from the floor of the storey on which such oven, furnace, steam boiler, or other fire is situate to 12 inches above the roof.

##### Flues in Connection with Engines.

103. A flue shall not be used in connection with a steam boiler or hot-air engine unless the flue is at least 20 feet in height measured from the level of the floor on which such engine is placed.

##### Linings, etc., of Flues.

104. The inside of every flue, and also the outside where passing through any floor, or roof, or space enclosed by the roof or behind or against any woodwork, shall be rendered or pargetted, or lined with fire-resisting piping or stoneware.

##### Jambs.

105. The jambs of every fireplace opening shall extend at least nine inches on each side of the opening thereof.

##### Incombustible Material in Certain Cases.

106. The breasts of every chimney shall be of incombustible material, at least four inches in thickness and the brickwork surrounding every smoke-flue shall be at least  $4\frac{1}{2}$  inches in thickness, provided that where a ventilating flue is carried up with a smoke flue, they may be separated by a properly constructed iron wyth of cast iron not less than one inch in thickness.

##### Backs of Fireplaces.

107. The back of every fireplace opening in party or external walls from the hearth up to a height of 12 inches above the lintel or arch shall be brickwork at least nine inches thick, or shall be reinforced concrete six inches thick. No flue shall be within two inches of the centre line of any party wall.

##### Thickness of Flues.

108. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees shall be at least nine inches.

##### Height.

109. Every chimney flue or chimney shaft shall be carried up in brick or stonework at least four inches thick throughout to a height of not less than three feet above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat, or gutter.

##### Top Courses.

110. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

##### Chimney Shafts.

111. The brickwork, or stonework of any chimney shaft except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof-flat or gutter adjoining thereto than a height equal to six times the least width of such chimney shaft, at the level of such highest point in the line of junction, unless such chimney shaft, is built with, and bonded to another chimney shaft, not in the same line with the first, or otherwise rendered secure to the approval of the surveyor.

##### Slabs.

112. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible material, at least six inches longer on each side than the width of such opening, and at least 14 inches wide in front of the breast thereof.

##### How to be Laid.

113. On every floor except the lowest floor, such slab shall be laid wholly on stone or iron bearers, or upon brick trimmers, or other incombustible materials, but on the lowest floor it may be bedded on concrete, covering the site, or on solid materials placed on such concrete.

##### Hearths, etc.

114. The hearth or slab of every chimney shall be bedded wholly on brick, stone or other incombustible materials, and shall together with such material be solid for a thickness of six inches at least beneath the upper surface of such hearth or slab.

##### Flues in Party Walls.

115. A flue shall not be built in, or against, any party structure or existing wall, unless it is surrounded with good sound brickwork, or other approved material, at least  $4\frac{1}{2}$  inches in thickness, properly bonded to the satisfaction of the surveyor.

##### Cutting Away Chimney Breast.

116. A chimney breast or shaft built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

##### Cutting into Chimney Shaft.

117. A chimney shaft, jamb, breast, or flue shall not be cut into except for the purpose of repair or doing one or more of the following things: (1) Letting in or removing or altering flues, pipes, or funnels for the conveyance of smoke, hot air, or steam. (2) Forming openings for soot-doors, each opening to be fitted with a close iron door and frames. (3) Making openings for the insertion of ventilating valves. Provided that an opening shall not be made nearer than 12 inches to any timber or combustible material.

## Position of Timberwork.

118. Timber or woodwork shall not be placed:—  
(1) Under any chimney opening within six inches from the upper surface of the hearth of such chimney opening. (2) Within two inches from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork or stonework is rendered.

## Position of Wooden Plugs.

119. Wooden plugs shall not be driven nearer than three inches to the inside of any chimney or flue opening, nor any iron holdfast or other iron fastening nearer than two inches thereto.

## Ironwork.

120. No iron or steel joists, or other iron-work shall be placed in any flue except insofar as the same may be required for insuring stability.

## Floors Above Furnace or Ovens.

121. The floor or roof over any room or enclosed space in which a furnace is fixed, and any floor within 18 inches from the crown of an oven shall be constructed of fire-resisting material.

## Exempted Buildings.

122. This by-law shall not apply to any temporary or removable offices and sheds used by builders during the construction of any building at or about the site of such building for a period not exceeding 12 months.

## Enforcement of By-laws and Penalties.

123. No building may be erected except in compliance with this by-law. No person shall erect, build, or construct, remove, or make any alteration or addition to, or cause to be erected, built or constructed, removed, or make any alteration or addition to any building contrary to the provisions of this by-law.

## Penalty for Breach.

124. Any person who shall be guilty of any breach of any of the provisions of this by-law, or shall fail to duly comply with any notice thereunder, shall be liable for every such offence to a penalty of not less than one pound, and not exceeding twenty pounds.

## Certificate of Surveyor.

125. If the surveyor shall certify in writing to the Board that any building has been removed into, or erected, or re-erected within the district, or occupied contrary to any of the provisions of this by-law, or that any building is in such a dilapidated, ruinous, or unsafe condition as to become dangerous to public safety, the Board or any officer thereof, or other authorised agent, may give to the owner, occupier, or builder, or leave upon the site of such building a notice in writing requiring such owner to alter or repair, or to remove, or pull down, such building within such time as is limited by such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

## Notice to make Building conform to By-laws.

126. If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of this by-law, the Board or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within such time as is limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

## No Alterations Infringing By-law.

127. No alteration shall be made in any building in such a manner that when so altered it will by reason of such alteration not be in conformity with the provisions of this by-law relating to new buildings.

## No user Infringing By-law.

128. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of this

by-law; provided that this clause shall not prevent the continued use of any building in existence at the time of coming into operation of this by-law for any purpose for which it was then being used.

## Power of Board where Building or Erection is Contrary to By-law.

129. If default shall be made in complying with any notice mentioned in the last two preceding clauses then, notwithstanding the imposition or recovery of any penalty, it shall be lawful for the said Board by its surveyor, officer or other authorised agent, or agents, to enter upon any building and the site thereof with a sufficient number of workmen, and for that purpose break down any fence surrounding the land on which the building is situate, and to demolish and pull down the said building or any parts thereof, and to do any other act that may be necessary for the purpose, and to remove the materials thereof to some convenient place, and if the Board in its discretion thinks fit to sell the same in such manner as it thinks fit, and all expenses incurred by the Board, its surveyor, officer, or other authorised agent or agents, in demolishing and pulling down the said building or any part thereof and selling the same, and in doing other acts as aforesaid, and all fees and penalties due by the owner, occupier or builder thereof, may be deducted and retained by the Board out of the proceeds of such sale, and the Board shall restore the surplus (if any) arising from such sale to such owner, occupier, or builder, or other person legally entitled thereto on demand, and any deficiency shall be made good and paid by the owner, occupier, or builder to the Board on demand.

A resolution adopting the foregoing by-law was passed by the Board on the 19th August, 1949.

R. B. NOTTAGE, Chairman.  
J. SMITH, Secretary.

## Recommended.

Notice of Intention to Borrow—Proposed Loan No. 19 of £5,300.

NOTICE is hereby given that at a meeting held on the 9th September, 1949, the Bridgetown Road Board resolved to borrow the sum of £5,300 to be expended on works and undertakings in the Bridgetown Road District. The said works and undertakings being for the re-sheeting with gravel and bituminising certain roads in the Bridgetown Town Area.

Plans and specifications and estimate of the cost of the said works and undertakings, and a statement showing the proposed expenditure of the money to be borrowed, including the cost of supervision and initial expenditure in connection with the raising of the loan, are open for inspection at the office of the Bridgetown Road Board, situated in Steere Street, Bridgetown, for one month from the publication hereof, between the hours of 9 a.m. and 4.30 p.m. on week days, Monday to Friday.

The amount of £5,300 is proposed to be raised by the sale of debentures, repayable with interest, by 40 equal half-yearly instalments over a period of 20 years after the issue thereof, in lieu of the formation of a sinking fund. The debentures shall bear interest at a rate not exceeding three pounds seven shillings and sixpence per centum (£3 7s. 6d.%) per annum, payable half-yearly. The amount of the said debentures and interest thereon is to be paid at The National Bank of Australasia Limited, Bridgetown.

The works and undertakings for which this loan is proposed to be raised will, in the opinion of the Board, be of special benefit to the whole of the Bridgetown Road Board District, and any rate levied applicable to such loan will be on rateable land within the whole of the Bridgetown Road Board District.

## HEALTH ACT, 1911-1948.

Department of Public Health,  
Perth, 20th September, 1949.

Ex. Co. No. 1976.

HIS Excellency the Governor in Executive Council acting pursuant to section 178 of the Health Act, 1911-1948, has been pleased to amend the Public Building Regulations as published in the *Government Gazette* on the 25th February, 1916, and amended from time to time thereafter, in the manner mentioned in the Schedule hereunder.

H. T. STITFOLD,  
Under Secretary for Health.

## Schedule.

1. The abovementioned regulations are amended by deleting the whole of Part III.—Exhibition of Animated Pictures and inserting in lieu thereof a new Part III.—Exhibition of Animated Pictures as follows:—

## Part III.

## Exhibition of Animated Pictures.

1. The owner, occupier, tenant or proprietor of any public building wherein animated pictures involving the use of combustible film are exhibited shall provide the said premises with a fireproof compartment to be known as the Biograph Box (Bio Box).

2. No films of a combustible nature shall be projected except from the Biograph Box.

3. Biograph Boxes shall be constructed in accordance with the following specifications:—

- (a) In buildings of brick, concrete, stone or similar construction, the Bio Box walls shall be of brick, concrete, stone or other similar approved fire-resisting material, and the ceiling shall be of reinforced concrete. The floor shall be of concrete and shall be reinforced or otherwise supported and strengthened to the Commissioner's approval. The window frame and sash frame for such box shall be of steel.
- (b) In public buildings of timber framed construction, or constructed of other non fire-resisting material, the Bio Box may be of timber framed construction, provided that the walls and ceilings are lined internally with asbestos sheeting of not less than 3/16in. in thickness. The floor, if of wood, shall be protected by two layers of asbestos sheeting not less than 3/16in. in thickness, cemented together. Otherwise, the floor shall be of concrete to the satisfaction of the Commissioner of Public Health. The window frame of such Bio Box may be wooden construction, but no other woodwork, other than sashes and sills, is to be exposed within the Bio Box.
- (c) The Bio Box shall have an internal height of not less than 8ft. and a floor space and horizontal sectional area according to the number of picture projecting machines accommodated therein, as follows:—
- | No. of Machines. | Minimum Width. | Minimum Depth. |
|------------------|----------------|----------------|
| 1                | 6ft.           | 8ft.           |
| 2                | 12ft.          | 8ft.           |
| 3                | 17ft.          | 8ft.           |

An additional 3ft. shall be added to the above width for every stereopticon. For every additional projecting machine an additional 5ft. shall be added to the width.

The depth of the box to be measured in the direction of the screen.

- (d) Every Bio Box shall be provided with at least one exit situated towards the rear of the Bio Box away from the projecting machines and shall not open into the auditorium unless provision is made for an entrance lobby with two doors between the auditorium and projection room.
- (e) The exit doors to the re-wind room and Bio Box shall open outwards, be fire-resisting, self-closing, and smoke-proof and shall be kept closed while the building is in public occupation. No such doorway shall be less than 2ft. 6in. wide and 6ft. 6in. high or more than 2ft. 9in. wide and 7ft. high.
- (f) Every exit door from a Bio Box shall be secured only with a lock capable of being operated from within the Bio Box without the use of a key.
- (g) Where the sill of an exit doorway of any Bio Box is more than 24in. above the floor or the ground outside, a landing at least 3ft. square with a stairway giving easy access to the floor or ground, shall be provided. Proper guard and handrails shall be provided to all unprotected sides of the stairway and landing.
- (h) For each cinematograph machine used there shall be not more than two port holes provided in the Bio Box, one for observation of screen and the other for projection of films or slides. The opening of the observation port shall be not less than 80 square inches nor greater than 180 square inches. The opening for the projection of film shall be not greater than 81 square inches.
- (i) The floors of all Bio Boxes shall be level and free of any step or projection.

4. All Picture Theatres where three or less picture entertainments are conducted per week and which are not provided with mechanical or mechanically assisted ventilation, shall have at least one external wall to the biograph box, the complete outer surface of which shall be in contact with the outer atmosphere. In the external wall or walls, at a level not more than 2½in. above the Bio Box floor, a fresh air opening or openings, aggregating the following net clear area of opening shall be formed, viz:—

Biograph Boxes of 6ft. width and 8ft. depth—150 sq. ins.

Biograph Boxes of 12ft. width and 8ft. depth—180 sq. ins.

Biograph Boxes of 17ft. width and 8ft. depth—210 sq. ins.

Such opening or openings shall be connected by the shortest or most direct course with the external atmosphere by means of properly graded flues formed of galvanised iron or other approved incombustible material. The external face of each flue shall be fitted with a shield or wind baffles, and the internal face shall be fitted with suitable wire mesh and an adjustable damper.

5. In the ceiling of every Bio Box there shall be one or more circular openings each such opening being connected by a metal bell mouth to an upcast outlet ventilation flue constructed of galvanised iron or other approved incombustible material and extended upwards without bends or angles to the outer atmosphere and fitted at its upper end with a revolving lobster back cowl. There shall be one such opening for each machine in the Bio Box, situated directly above each machine. The opening shall be of 12in. diameter and the flue 8in. diameter. Whenever required by the Commissioner, the outlet ventilation flues shall be fitted with electric exhaust fans.

6. The lantern of each projector shall (except when an incandescent filament lamp machine is used) be fitted with a metal flue of not less than 6in. diameter leading into the bellmouth of the outlet ventilation flue.

7. All picture theatres where more than three picture entertainments are conducted in one week shall be provided with:—

- (a) Sufficient and separate sanitary accommodation for each sex of artists and staff of the theatre and where sewerage or bacteriolytic treatment system is available, a water closet situated in close proximity to the Biograph Box and easily accessible to the Biograph operators. Such sanitary accommodation shall be separate from that provided for the public.
- (b) Washing facilities for the Biograph operating staff consisting of a wash basin or a sink connected to a water supply system.
- (c) Separate cloak and change rooms for each sex of staff and artists comprising not less than 12 sq. ft. of floor area for each person, such floor area to be exclusive of space occupied by lockers, cupboards, benches, shower recesses or other appurtenances. Cloak and change rooms to be lighted and ventilated to the approval of the Commissioner of Public Health.

8. Provision shall be made for the installation of rectifiers in positions approved by the Commissioner and outside of the Biograph Box.

9. All picture theatres where more than three picture entertainments are conducted in one week shall be provided with an independent system of mechanical or mechanically assisted ventilation for the Biograph Box to the satisfaction of the Commissioner of Public Health and in accordance with the following specifications:—

- (a) The inlet air shall be introduced into the Bio Box in such a manner that it will be distributed evenly over the floor space without causing uncomfortable draughts.
- (b) Outlets shall be provided of such area that the velocity of the air in the outlet shaft shall not exceed 20ft. per second, except with the special permission of the Commissioner.
- (c) All ventilating air introduced into the Bio Box shall, whenever required by the Commissioner, be efficiently filtered and washed. The filtering medium shall be kept clean and in good order and condition to the satisfaction of the Commissioner.
- (d) The supply of air shall be drawn from the outside atmosphere and the source shall be as far removed as possible from exhausts and any other source of contamination. Provided that where the auditorium is air conditioned the supply may be drawn from the auditorium.
- (e) Every motor operating ventilating machinery shall be provided with an approved device for the purpose of enabling the supply of current to be cut off in the event of fire and such device and motor shall be maintained in good order and condition at all times. In addition there shall be provided in the Bio Box an approved device enabling complete control of ventilation in the Bio Box.
- (f) The ventilating machinery shall be kept in operation during the whole time that the projection machines are in operation.
- (g) The ventilating system shall provide a minimum of 10 complete changes of air per hour in the Bio Box.

10. During the whole of the time that the projector machinery is in operation the licensed operator shall be provided with an efficient assistant operator who will be responsible during the temporary absence of the licensed operator.

11. During the whole of the time that the projector machines are operating there shall not be more than three persons in the biograph box.

12. The projection machines shall be constantly attended from within the bio box by a licensed operator, during the exhibition of film.

13. No unauthorised person shall be allowed to be within the bio box whilst the theatre is occupied by the public.

14. The projection machines shall not be placed closer than five feet centre to centre, and there shall be provided and maintained in every bio box from the operator's working position at each projector to the bio box exit doorway, a passage with a clear width of at least two feet at all points.

15. The projection and observation apertures to the box shall be fitted with metal shutters running in metal guides and shall have a device approved by the Commissioner adjacent to door for instantaneously closing such shutters in case of fire or emergency. Shutters shall be held by thin cords which readily burn through in case of fire.

16. No unnecessary combustible material shall be within the bio box and, as far as possible, all necessary combustible material shall be rendered fireproof or shall be enclosed in fireproof receptacles.

17. Fire appliances shall be provided in a convenient place inside the bio box at all times, in accordance with the following:—

Two one-quart capacity carbon tetra-chloride fire extinguishers or two other types of extinguishers approved by the Commissioner.

Two all wool or asbestos blankets measuring not less than three feet square.

18. The lantern and its stand or framework shall be constructed of non-inflammable material.

19. Insulating rubber mats shall be provided and solutioned down to the floor around projectors, slide or other lanterns and in front of the switchboard.

20. The lantern shall be fitted with non-combustible shutter or such apparatus as will, in the event of any accident to the machine or stoppage of the film, effectually cut off and protect the film from the heating influence of the light.

21. The film must wind upon a metal spool or reel immediately after passing through the machine. The part of the films immediately opposite the lens shall be provided with an apparatus which will prevent the film, if kindled, from burning towards the spool. Films when not actually in use on the lantern shall be kept enclosed in metal cases.

22. When electric arc lights are used, the installation must be in accordance with Part II of these regulations. In addition, the switches, cut-outs, transformers and choking coils and resistances must be mounted on incombustible bases, and so placed as to be inaccessible to the public.

23. Where an arc lamp has an arc wattage of 1350 watts or more the cinematograph machine shall be fitted with a rear revolving shutter of a type approved by the Commissioner of Public Health.

24. When oxy-hydrogen light is used, the hydrogen must be stored only in tested steel cylinders, and the oxygen in a metal tank with water seal, except as specified hereunder.

25. When any oxy-hydrogen light necessitating the use of an ether saturator is used in any public building, permission must first be obtained from the Commissioner, but under no circumstances shall the ether chamber be filled or ether stored or kept within any public building.

26. No person shall use or operate any oxy-hydrogen lamp, necessitating the use of an ether saturator in any public building until such time as he has proved to the satisfaction of the Commissioner that he understands the nature of the compounds used.

27. No naked gas or oil flames, or matches, shall be allowed within the bio box.

28. Smoking within the bio box shall be absolutely forbidden at all times.

29. The Commissioner of Public Health shall cause all biograph boxes to be inspected at least once in every 12 months.

30. No cinematograph machine or similar apparatus shall be used or operated in a public building in a manner which obstructs any exit or gangway.

Approved by His Excellency the Governor in Executive Council this 15th day of September, 1949.

R. H. DOIG,  
Clerk of the Council.

#### NURSES REGISTRATION ACT, 1921-1948.

Department of Public Health,  
Perth, 15th September, 1949.

Ex. Co. No. 1954.

HIS Excellency the Governor in Executive Council, acting under the provisions of the Nurses Registration Act, 1921-1948, has been pleased to amend the Nurses Registration Regulations, 1946, as published in the *Government Gazette* on the 10th February, 1947, and amended from time to time thereafter, in the manner mentioned in the Schedule hereunder.

H. T. STITFOLD,  
Under Secretary.

#### Schedule.

1. The abovementioned regulations are amended by deleting the whole of Part VI—Mothercraft Nurses Training Schools together with Appendix VIII (published in the *Government Gazette*, 24/6/49) and inserting in lieu thereof a new Part VI and Appendix VIII as follows:—

#### Mothercraft Nurses' Training Schools.

1. Any institution which fulfils the following requirements to the satisfaction of the Commissioner of Public Health may be approved as a Mothercraft Nurses' Training School, namely:—

- (1) The Matron or Sister in charge thereof shall hold certificates for General Nursing, Midwifery and Infant Health in accordance with the Nurses Registration Regulations and her training must have included training in mothercraft and experience in the care of both residential and non-residential mothercraft cases.
- (2) Provision is made at or in connection with such institution for—
  - (a) accommodation for not less than four nursing mothers and their babies;
  - (b) a sitting and dining room or rooms for mothers;
  - (c) a special ward, suitably equipped for premature babies;
  - (d) not less than four cots for artificially fed babies (not including premature babies);
  - (e) approved facilities for examination of cases of breast stimulation; test feedings, weighing and measuring babies;
  - (f) approved facilities for bathing and dressing;
  - (g) a properly equipped food dispensary;
  - (h) a lecture and demonstration room or rooms;
  - (i) an emergency isolation ward;
  - (j) sun verandahs;
  - (k) approved facilities for practical instruction of trainees and

- keeping of records; and
- (1) facilities equivalent to those existing at a pre-school centre as hereinafter defined for observation of pre-school children in relation to their general development (physical and mental).
  - (3) During the course of training there shall be maintained at such institution relative proportions of nursing staff including trainees, to the number of mothers and of babies and/or children received therein to the satisfaction of the Board.
  - (4) Provision is made in accordance with the curriculum as set forth in in Appendix VIII to these regulations for—
    - (a) systematic courses of lectures by instructors approved by the Board;
    - (b) practical instruction in the wards from the Medical Officer and/or Matron, and/or Registered Infant Health Nurse, and/or approved qualified Nursery Kindergarten Teacher.

#### Educational Standard.

2. Applicants for training shall present evidence of having obtained the Junior Certificate—preference will be given to applicants who have passed in the following subjects, namely, English, arithmetic, physiology and hygiene—or of having passed the eighth standard of the Education Department, or having reached an equivalent standard of education.

#### Health Standard.

3. Applicants shall present approved medical certificates of personal health, which shall include X-ray reports.

#### Age Limits.

4. Applicants for training shall be not less than 17 years and not more than 35 years of age at the commencement of the training.

#### Course of Training.

5. The course of training at an approved Mothercraft Nurses' Training School shall extend over a period of not less than fifteen months.

#### Examination.

6. (1) Before any trainee may appear for the Mothercraft Nurses' Examination as prescribed in this regulation the management shall furnish in regard to such trainee a certified statement that the trainee has attended the systematic courses of lectures and has received practical instruction in accordance with the curriculum set forth in Appendix VIII to these regulations.

(2) The Mothercraft Nurses' Examination shall be conducted by examiners appointed by the Governor and shall take the form of one written paper, one oral, and one practical examination, due consideration being given to the work done during training as specified in a report from Matron or Sister in Charge of the Training School.

#### Certification.

7. Every trainee who has completed the course in an approved Mothercraft Nurses' Training School and approved pre-school centre as hereinafter defined and has passed the Mothercraft Nurses' Examination and paid the prescribed fee (10s.) shall be eligible to obtain a Certificate of Competency as a Mothercraft Nurse.

#### Definition.

8. "Pre-School Centre" means an institution that receives children of pre-school age (eighteen months to six years of age) and offers a programme, in keeping with the growth of such children, varying from three to six hours.

(a) The head teacher therein shall hold a recognised Diploma in Child Development as well as State Registration as a sub-primary teacher, and shall demonstrate the technique of child guidance in accordance with her knowledge.

(b) The equipment of the Centre shall be sufficient to meet the needs of pre-school children.

## LOT OPEN FOR LEASING.

Department of Lands and Surveys,  
Perth, 13th September, 1949.

Corres. 10812/02.

IT is notified, for general information, that Boulder Lot 1688 is available for leasing under section 117 of the Land Act, 1933-1948.

Applications must be lodged at the Lands Office, Kalgoorlie, on or before the 5th October, 1949.

If more than one application be received by the closing date for this lot, the applications shall be deemed to be simultaneous and shall be referred to a Land Board.

The following conditions shall apply:—

(1) No lease will be granted unless the applicant shall have first produced a "provisional consent to commence building" issued by the State Housing Commission, or such other evidence to prove to the satisfaction of the Minister for Lands that the applicant already has or is in a position to obtain the necessary materials to build a residence on the lot applied for.

(2) The lessee will be required to erect the residence on his lot within six months from the date of the approval of his application, or within such extended period as the Minister for Lands may approve. Failure to comply with this condition renders the lease liable to forfeiture.

(3) The term of the lease will be 99 years.

(4) The annual rental payable for the first 10 years of the term of the lease will be ten shillings. The rental shall be subject to re-appraisal by the Minister at intervals of 10 years.

(5) No transfer of the lease will be approved until the lessee has complied with the building conditions of the lease.

(6) The lessee shall not carry on, or permit or suffer to be carried on on the demised land any trade or business whatsoever, without the consent in writing of the Minister for Lands being first obtained; and, further, the conditions under which the said land is made available shall not entitle the lessee now, or at any future time, to the right to convert same to fee simple.

## LOT OPEN FOR LEASING.

Department of Lands and Surveys,  
Perth, 6th September, 1949.

Corres. 4377/00.

IT is notified for general information that Kalgoorlie Lot 1143 is available for leasing under section 117 of the Land Act, 1933-1948.

Applications must be lodged at the Lands Office, Kalgoorlie, on or before the 28th September, 1949.

If more than one application be received by the closing date for this lot, the applications shall be deemed to be simultaneous and shall be referred to a Land Board.

The following conditions shall apply:—

(1) No lease will be granted unless the applicant shall have first produced a "provisional consent to commence building" issued by the State Housing Commission, or such other evidence to prove to the satisfaction of the Minister for Lands that the applicant already has or is in a position to obtain the necessary materials to build a residence on the lot applied for.

(2) The lessee will be required to erect the residence on his lot within six months from the date of the approval of his application or within such extended period as the Minister for Lands may approve. Failure to comply with this condition renders the lease liable to forfeiture.

(3) The term of the lease will be 99 years.

(4) The annual rental payable for the first 10 years of the term of the lease will be one pound. The rental shall be subject to re-appraisal by the Minister at intervals of 10 years.

(5) No transfer of the lease will be approved until the lessee has complied with the building conditions of the lease.

(6) The lessee shall not carry on, or permit or suffer to be carried on on the demised land any trade or business whatsoever, without the consent in writing of the Minister for Lands being first obtained; and further, the conditions under which the said land is made available shall not entitle the lessee now, or at any future time to the right to convert same to fee simple.
