## EXPLANATORY.

## DIVISIONS.

The four divisions into which officers are placed according to the class of work required to be performed are the Administrative, Professional, Clerical and General Divisions ; these divisions are denominated in the classification of each position by the letters A, P, C, and G, respectively.

## SYMBOLS.

The classification for each office and officer is denoted by symbols under the heading “ Division, Group and Class.” The capital letter indicates the Division (Administrative, Professional, Clerical or General), the Roman numeral the appropriate Group and the final figure the Class or combination of Classes within the Group. Where a Class is not shown, the Group number itself denotes that the office and officer concerned have been placed in a group for which classes have not been provided as increases in salary are automatic according to age or years of service.

## BASIC RATE.

“ Basic Rate ” means in the case of—

- (a) Male or female officers employed in the Metropolitan Area ; the nearest £ to the result obtained by multiplying the male or female basic wage respectively for that area as declared from time to time by the Industrial Court of Arbitration of Western Australia, by fifty-two and one-sixth ( $52\frac{1}{6}$ ).
- (b) Male or female officers whose headquarters are in an area for which an independent basic wage is declared ; the nearest £ to the result obtained by multiplying the male or female basic wage respectively for that area as declared from time to time by the Industrial Court of Arbitration of Western Australia, by fifty-two and one-sixth ( $52\frac{1}{6}$ ).

In accordance with the above definition the annual equivalents of the male and female basic rates in the various areas as at the 1st July, 1948, were as follow :—

							Male.	Female.
							£	£
Metropolitan Area	....	....	....	....	....	....	302	163
South-West Land Division	....	....	....	....	....	....	300	162
Other Districts	....	....	....	....	....	....	325	176

These annual rates constitute the initial bases according to the areas in which officers have their headquarters, to which is added the margins appropriate to their individual classifications in order to determine the annual salary rate attaching to each office and officer under Arbitration Court conditions.
