PRICES CONTROL ACT, 1948.

Prices Control Order No. 211.

Watches, Clocks, Watch and Clock Movements, Watch and Clock Cases and Watch Bands.

IN pursuance of the powers conferred upon me by the Prices Control Regulations, 1949, I, Constantin Paul Mathea, Prices Control Commissioner, hereby make the following Order:—

Citation.

1. This Order may be cited as Prices Control Order No. 211.

Application.

2. This Order shall apply to watches, clocks, watch and clock movements, watch and clock cases and watch bands of all descriptions, other than electric clocks and electric clock movements and cases.

Definitions.

3. In this Order, unless the contrary intention appears—

“complete watches or clocks” means watch or clock movements encased, and when used in relation to wrist watches, includes the watch movement encased fitted with watch band;

“cost” means—

(a) in relation to watches, clocks, watch and clock movements, watch and clock cases and watch bands imported by the seller from a source outside Australia, the aggregate of—

the purchase price paid or payable for those goods to the overseas supplier after deduction of trade discount but before deduction of cash discount, together with inland carriage, outside packing, overseas office or forwarding agents' commission actually incurred (but not in excess of 3¼ per centum of the gross invoice price of the goods after deduction of trade discount, but before the deduction of cash discount), bill of lading and shipping charges, insurance, freight (but not in excess of current standard sea freight rates), exchange and bank fees actually incurred (but not in excess of mail steamer sight draft rate and ⅓ of one per centum, respectively), duty and primage, wharfage, stacking, harbour dues and Stevedoring Industry Commission levy, Customs entry and Customs agents' charges (but not including any charges for costing or any percentage surcharge on cost), cartage actually incurred in transporting goods from wharf to store or from wharf to bond only (but not in excess of the maximum rate fixed to the Western Australian Road Transport Association (Inc.) for the cartage from wharf to store or from wharf to bond of such goods);

(b) in relation to goods not imported by the seller, the purchase price paid or payable after the deduction of any trade discount, but before the deduction of cash discount, plus, if incurred, packing charges and the cost of transporting such goods from the point of delivery to the seller's premises;

“cost of transporting” means in relation to the seller of watches, clocks, watch and clock movements, watch and clock cases and watch bands, the cost of transporting such goods from the point of delivery to the store of the wholesale merchant or retail seller (as the case may be), but wherever alternative means of transport are available to such wholesale merchant or retail seller, such cost shall not exceed the cost of the cheapest form of transport so available;

“point of delivery” means the place at which liability for payment of transport charges in conveying such watches, clocks, watch and clock movements, watch and clock cases and watch bands to his store passed to the wholesale merchant or retail seller (as the case may be) from the person from whom such goods were purchased.

Maximum Prices—Sales by Wholesale.

4. I fix and declare the maximum price at which watches, clocks, watch and clock movements, watch and clock cases and watch bands may be sold by wholesale to be the sum of—

- (a) the cost of such watches, clocks, watch and clock movements, watch and clock cases and watch bands;
- (b) 20 per centum of such cost.

Maximum Prices—Sales by Retail.

Complete Watches and Clocks and Watch Bands.

5. I fix and declare the maximum price at which complete watches and clocks and watch bands may be sold by retail to be—

(a) in respect of complete watches and clocks and watch bands purchased by the retail seller from a source outside the Commonwealth of Australia, or direct from a manufacturer from within the Commonwealth of Australia, the sum of—

- (i) the cost of such complete watches and clocks and watch bands;
- (ii) Sales Tax paid or payable;
- (iii) 55 per centum of (i) and (ii); and
- (iv) the price paid or payable for the outside container (if any) in which the goods are sold;

(b) in respect of complete watches and clocks and watch bands purchased by the retail seller from a wholesaler other than the manufacturer of the goods, the sum of—

- (i) the cost of such complete watches and clocks and watch bands;
- (ii) Sales Tax paid or payable;
