18. If application be made to the trustees to exhume any corpse for the purpose of examination or identification, or for the purpose of its being buried elsewhere in accordance with the wishes of the deceased or of his family, an order from the Governor or the warrant of a coroner or of a Justice of the Peace issued in accordance with the law authorising the Board to permit of the exhumation must be attached to the application form.

27. No person employed by or under the trustees shall be permitted to accept any gratuity whatever, nor shall he be pecuniarily interested in any work in the Cemetery, other than the remuneration he receives from the trustees, and any such person proved guilty of accepting any gratuity, or being pecuniarily interested in any such work, shall be liable to summary dismissal.

If it is proposed to inter therein the remains of any already deceased person the name of such person must be shown in the application. If the application is approved by the trustees a Grant of Exclusive Right of Burial shall be issued in the form of Schedule C.

30. Every such grant of Exclusive Right of Burial shall be subject to the by-laws for the time being, and no interment in any such grave or vault shall be allowed unless upon production of the Grant aforesaid, nor shall any such grave or vault be opened, unless with the consent of the trustees.

31. Every coffin placed in any such bricked grave or vault shall be bricked in, cemented, and any space surrounding such coffin to be filled in with charcoal, dry earth, or other suitable material, and covered with a slab of stone, slate, or iron, unless special written exemption be obtained from the trustees.

32. In the event of such exemption being obtained from the trustees, each coffin placed in any brick grave or vault shall be properly lead lined and hermetically sealed.

33. If application be made for an "interment" in any grave or vault of the remains of any person other than the person to whom the grant was issued, or his registered assign, the written and verified consent of such grantee or assignee shall be produced together with the Grant of Right of Burial.

34. Should the grantee be unable to produce the Grant of Right of Burial on making application for a grave to be re-opened, for the purpose of interment, through having lost same, the said grantee shall make a sworn declaration to this effect, and shall pay the fee for a copy of such Grant of Right of Burial, as prescribed in Schedule A, before the interment takes place.

35. Any person desiring to place or erect, or to alter or add to any monument, tombstone, or enclosure in any part of the Cemetery must first obtain the written consent and approval of the trustees, and otherwise comply with section 23 of the principal Act (61 Vic., No. 23).

36. Every tombstone, monument or enclosure shall be placed on proper and substantial foundations, which, if required by the trustees or their officers, shall extend to the bottom of the grave.

37. The materials used in every such erection shall be subject to the approval of the superintendent or other officer appointed by the trustees, and any material rejected shall be immediately removed from the Cemetery by the contractor for the erection. All refuse and other rubbish remaining after any work is completed shall be immediately removed from the Cemetery by the person causing the same.

38. Should any work by masons be not completed before a Sunday, they shall be required to leave the work in a neat and safe condition to the satisfaction of the superintendent.

39. Monumental masons and other tradesmen shall, before commencing any work within the Cemetery, deposit with the secretary to the trustees the sum of 10s., which shall be forfeited if the provisions of either of the two preceding by-laws be not complied with to the satisfaction of the superintendent.

40. All material required in the erection and completion of any work shall, as far as possible, be prepared before being taken to the Cemetery; and all materials required by tradesmen shall be admitted at such entrance as the superintendent shall direct, and no vehicle, conveying any such materials, with wheels less than 4in. broad shall be permitted to enter the Cemetery.

41. No catacomb shall be allowed.

42. Monumental masons shall not be permitted to carry on work within the Cemetery during other than the hours specified for the opening and closing of the gates on week days, Saturday and Sunday excepted, when no work is to be done from noon Saturday to the opening of gates on the Monday morning, without the written permission of the trustees.

43. Subject to the approval of the trustees, each applicant for an Order for Burial shall, within three months from date of the application, enclose the grave mentioned in such application with a kerbing of tiles, slate or stone, and shall cause to be placed thereon a number plate bearing the number of grave or vault. Every grave, vault, monument, tombstone, kerbing or any other erection, shall be maintained and kept in thorough repair and proper condition by, and at the expense of the grantee. Should the grantee's residence not be known or be out of the State, the trustees have power to do the work and keep an account against the grantee.

44. No wooden fence, railing, cross or other wooden erection and no mounds shall be allowed on or around any grave or vault except in the case of the graves of returned service personnel which are maintained by the Merredin Sub-Branch of the Returned Sailors, Soldiers and Airmen's Imperial League of Australia, hereafter referred to in these by-laws as the "R.S.L."

45. No trees or shrubs shall be planted on any grave except such as shall be approved by the superintendent.

46. All workmen, whether employed by the trustees or by any other person, shall at all times whilst within the boundaries of the Cemetery, be subject to the supervision of the superintendent, and shall obey such directions as that officer may find it necessary to give; and any workmen permitting any breach of these regulations and by-laws, or refusing or neglecting to comply with any directions of the said superintendent shall be removable from the Cemetery.

47. Any person taking part in dressing or attending to any grave shall comply with the following rules:—

- (a) No rubbish, soil, sand, or other material removed in dressing a grave shall be placed on any other grave, and if placed on any adjoining ground shall be removed immediately the work is completed.

- (c) The dressing of all graves, and all wheeling and carting of any materials shall be subject to the supervision of the superintendent.
- (d) Work in all cases to be carried on with due dispatch, and only during regulation hours.

48. Prior to conducting any interment within the Cemetery or making use of the Cemetery for any purpose connected with interments, every undertaker shall pay to the trustees an annual fee as prescribed in Schedule A, and shall at the time of making such payment give his assent in

writing to such conditions as the trustees may deem it fit to impose. Upon such assent being given, and payment of the fee made, he shall receive a permit, to hold good during good behaviour and until the first day of July following, and unless in the possession of such a permit no undertaker shall be allowed to engage in or carry out any duty or work within the Cemetery.

49. The trustees may decorate graves from time to time, when desired by the grantees so to do. If the grantees do not desire the trustees to carry out this work, the grantees may either do it themselves or employ any person licensed by the trustees for that purpose.

50. No person except the relatives of the deceased, the trustees, or those licensed by the trustees, shall be permitted to decorate any grave.

51. If for the purpose of re-opening a grave the trustees find it necessary to remove edging tiles, plants, grass, shrubs, etc., from off the grave, the person so ordering the re-opening shall pay to the trustees the charges laid down in Schedule A.

52. Notwithstanding anything contained in the existing by-laws to the contrary, permission may be granted to the Defence Department of the Commonwealth or to the R.S.L., to erect headstones on the graves of deceased soldiers or other service personnel without payment of any fee.
