DIVISIONS.

The four divisions into which officers are placed according to the class of work required of them are the Administrative, Professional, Clerical and General Divisions ; these divisions are denominated in the classification of each position by the letters A, P, C and G, respectively.

CLASSIFICATION.

The permanent positions created under the provisions of the Public Service Act, 1904-1948, and the officers occupying these positions fall into one or the other of two main sections, viz. :—

- (a) Those outside the jurisdiction of the Court of Arbitration of Western Australia.
- (b) Those within the jurisdiction of the Court of Arbitration of Western Australia.

For the purpose of classification, those positions and officers outside the jurisdiction of the Court of Arbitration of Western Australia have been further divided into two sections, viz. :—

- (a) Higher Administrative and Professional officers who have been placed in Special Classes, shown as A-S and P-S, respectively, with fixed salary rates.
- (b) Positions and officers classified in classes between the Special Classes and the Arbitration section—shown as Group I.

Positions and officers within the jurisdiction of the Court of Arbitration of Western Australia are subdivided into eight groups to correspond with the provisions of the Agreements completed with the Civil Service Association. These are shown, progressively, as Group II to Group IX.

SPECIAL CLASSES.

The salary rates of officers classified in Special Classes are fixed within the limits of £1,650 and £2,400 but are subject to adjustment by way of allowances in multiples of £20 as basic wage and marginal adjustments to the salary rates of officers in the lower categories aggregate that amount since the 18th December, 1950. SYMBOLS.

The classification for each office and officer is denoted by symbols for Division, Group and Class. The capital letter indicates the Division (A—Administrative, P—Professional, C—Clerical and G—General), the Roman numeral the appropriate Group and the final figure the Class or combination of Classes within that Group. Where a Class figure is not shown, the Group number itself denotes that the office and officer concerned have been placed in a group for which classes have not been provided as increases in salary are automatic according to age or years of service.

Class numbers follow the ascending order of importance of positions in their respective groups and grade numbers, where they have been applied to titles, the descending order.

BASIC RATES.

“ Basic Rate ” means in the case of—

1. *Males.*

- (a) Male officers employed in the Metropolitan Area ; the nearest £ to the result obtained by multiplying the male basic wage for that area as declared from time to time by the Court of Arbitration of Western Australia, by fifty-two and one-sixth (52 1/6).
- (b) Male officers whose headquarters are in an area for which an independent basic wage is declared ; the nearest £ to the result obtained by multiplying the male basic wage for that area as declared from time to time by the Court of Arbitration of Western Australia, by fifty-two and one-sixth (52 1/6).

2. Females.

- (a) Female officers employed in the Metropolitan Area ; seventy-five per cent. (75%) to the nearest £ of the result obtained by multiplying the male basic wage for that area as declared from time to time by the Court of Arbitration of Western Australia, by fifty-two and one-sixth (52 1/6).
- (b) Female officers whose headquarters are in an area for which an independent basic wage is declared ; seventy-five per cent. (75%) to the nearest £ of the result obtained by multiplying the male basic wage for that area as declared from time to time by the Court of Arbitration of Western Australia, by fifty-two and one-sixth (52 1/6).

In accordance with the above definitions the annual equivalents of the male and female basic rates in the various areas as at the 1st July, 1952, were as follow :—
