(b) On any public holiday not prescribed as a holiday under this Award the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work is done ordinary rates of pay shall apply.

(c) Except as hereinafter provided a period of two (2) consecutive weeks' leave with payment at ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(d) If any Award holiday falls within a worker's period of annual leave, and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one (1) day being an ordinary working day for each such holiday observed as aforesaid.

(e) If after one (1) month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(f) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(g) In the event of a worker being employed by an employer for a portion only of a year, he shall only be entitled, subject to subclause (e) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(h) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater

allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of clause 10 or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

4.—Area and Scope of Award.

This Award shall apply only to workers employed by The Western Australian Government Railways Commission in and about the working of the State Railways and, subject to necessary adjustments to be agreed upon between the Commission and the Union, to any other railway over which the Commission may work traffic under an agreement giving it running powers: Provided that, in the event of the parties being unable to arrive at an agreement, the matter may be referred to the Court for decision.

If electric or other power is installed as a substitute for steam haulage, members of the Union shall be employed to operate under the new power.

5.—Interpretation.

"Worker" means a member of the Union employed as driver, fireman, cleaner, washout-man, washout-man's assistant, packer and trimmer.

"Attended barracks" means any building attended to by a whole or part-time caretaker appointed for that purpose, which is provided with bed, clean bedding, cooking utensils, and light, and lighting facilities, water and fuel. This shall include a van used to supplement the building accommodation when such is not sufficient to accommodate the workers.

"Unattended barracks" means any van used as a barracks provided with the accommodation mentioned in the previous definition, and any building, which, whilst provided with the accommodation mentioned therein is wholly unattended.

"Main depot" means a depot where six (6) or more locomotives are stationed.

"Married man" includes a single man who has a parent or child solely dependent on him and resident in the State of Western Australia, but does not include a married man whose wife and family are neither resident with nor dependent upon him.

"The Union" means The West Australian Locomotive Engine Drivers', Firemen's and Cleaners' Industrial Union of Workers.

"Suburban area" means Robbs Jetty to Bellevue (including Belmont Branch) and East Perth to Armadale.

6.—Promotion.

Promotion from cleaner to fireman and from fireman to driver shall be made—(a) automatically by reason of acting work, in accordance with the next succeeding clause; and (b) independently of acting work, as vacancies arise, according to seniority combined with proficiency and good conduct; provided that the necessary examinations have been passed.

7.—Acting Work.

(1) A fireman or cleaner who has acted in the capacity of a driver or fireman, respectively, for three hundred and thirteen (313) days shall be appointed to the higher grade, and the date of such appointment shall, notwithstanding subsequent regression, be taken for the purpose of determining when advancements from class to class become due. To ascertain the number of days acting work performed by a worker, all acting work heretofore or hereafter shall be counted, and the total number of hours worked by him in the higher capacity up to 31st December, 1925, shall be divided by eight (8). From 1st January, 1926, to 3rd January, 1948, the total number of hours to be divided by seven and one-third (7 $\frac{1}{3}$) and from 4th January, 1948, the total number of hours to be divided by six and two-thirds (6 $\frac{2}{3}$).

(2) For the purpose of maintaining the present order of seniority amongst the workers, the following provisions shall obtain:—

(a) The Commission shall, as far as practicable, arrange that firemen and cleaners shall have the benefit of acting work, according to seniority, and to that end shall transfer them from one depot to another, as may be necessary.

(b) Subject as hereinafter provided, when a fireman or cleaner has qualified by acting work and is appointed to a higher grade under subclause (1) of this clause, each fireman or cleaner, as the case may be, above him on the classification shall be deemed to have similarly qualified, and shall also be appointed to the higher grade: Provided, however, that the foregoing provision shall not apply to any fireman or cleaner who, during the preceding twelve (12) months, has lost the opportunity of himself getting the benefit of acting work by reason of his failure to accept a transfer from one depot to another.

(3) A driver or fireman may, when traffic conditions so require, be temporarily employed as fireman or cleaner respectively, but whilst acting in the lower grade shall be paid the rate which he was receiving as driver or fireman respectively.

(4) A review of the work performed in advanced capacity during the previous three (3) months shall be made after the close of the last period

in the months of March, June, September, and December. Any adjustment of the staff to date from the fifteenth day after the close of each review period.

(5) When the average of all the advanced capacity work performed is found to be more than equal to full-time for twenty (20) firemen as drivers and/or forty (40) cleaners as firemen during the quarter ending March, and more than equal to fifteen (15) firemen as drivers and/or thirty (30) cleaners as firemen during the quarters ending June, September, and December, cleaners or firemen equal to the number in excess of that specified shall be promoted to firemen and drivers respectively.

(6) When the average of all the advanced capacity work performed is found to be less than equal to full-time for twenty (20) firemen as drivers and/or forty (40) cleaners as firemen during the quarter ending March, and less than equal to full-time for fifteen (15) firemen as drivers and/or thirty (30) cleaners as firemen during the quarters ending June, September, and December, drivers and firemen equal to the number less than that specified shall be regressed to firemen and cleaners respectively.

(7) In the event of an abnormal decrease in the traffic to be handled in any one year, the margins provided for in paragraphs (5) and (6) may be referred to a Board of Reference for review, and the Board shall have power to amend those margins in such manner as it may deem fit.

(8) Each fortnight a return, showing all the acting work performed during the previous two (2) weeks, shall be supplied to the secretary of the Union.

(9) Workers appointed under subclause (1) may be regressed; provided that the total amount of advanced capacity work performed during the two (2) weeks preceding that in which such appointments became due is less than the margin stipulated in subclauses (5), (6) and (7); should the advanced capacity work performed for the same period be in excess of the margin provided in subclauses (5), (6) and (7), appointments equal to such excess shall be retained. Regressions under this subclause to be made within a fortnight of such appointments becoming due.

(10) No driver or fireman in any class shall be regressed until all the drivers and firemen respectively in the classes (if any) below him shall have been similarly regressed. After such regression, and whilst doing work in the lower grade, the drivers and firemen so regressed shall be paid the maximum rates provided for firemen and cleaners respectively. Notice of intention to regress to be served on the Union.

8.—Retirement and Dismissal.

(a) No worker after six (6) months' continuous service shall leave the service of the Commission until the expiration of two (2) weeks' written notice of his intention so to do, without the approval of the Commission.

(b) Except in the case of summary dismissal for misconduct, two (2) weeks' written notice shall be given by the Commission to any such worker whose services are no longer required, and the reason for his dismissal shall be included in such notice.

(c) In the event of either the Commission or the worker failing to give the prescribed notice, wages shall be paid or forfeited, as the case may be, to the extent by which the actual notice given falls short of the two (2) weeks' notice. Wages so forfeited by the worker may be deducted from any wages due to such worker up to the time of his leaving the service of the Commission: Provided that where both parties agree to the acceptance of notice of less than two (2) weeks no penalty shall be imposed.

as a driver or acting driver on other railways, either within or outside the service of the State Railways, unless in the opinion of the head of the branch there is no fully qualified worker available in the employ of the State Railways, when he shall report to the Commission, which may thereupon authorise the appointment of such person or persons, as may be deemed necessary; always provided that the Union shall receive due notice of any such proposed appointments.

Such fireman must pass a satisfactory examination and hold a certificate from the head of the branch that he is competent; he must also have served as a cleaner on the State Railways, or have been employed as a driver, fireman, or cleaner on other railways within or outside the State of Western Australia: Provided always that no person from outside the service of the State Railways shall be employed as fireman unless, in the opinion of the head of the branch, there is no worker in the employ of the State Railways fully qualified and available, when he shall report to the Commission, which may thereupon authorise the appointment of such person or persons as may be deemed necessary; always provided that the Union shall receive due notice of any such proposed appointments.

(d) (i) The overtime rates shall be computed on the rate applicable to the day on which the overtime is worked. Provided that double time, i.e., twice the ordinary rate, shall be the maximum.

(ii) Subject to the foregoing provision, all time worked on Sunday shall be paid at the rate of double time, and all ordinary time worked on Saturdays by shift workers shall be paid at time and a half. For the purpose of this subclause "shift workers" means workers whose usual hours of duty commence and complete other than during the period 7 a.m. to 5.30 p.m.

(iii) All workers employed after 12.30 p.m. on Saturdays shall be paid at the rate of time and a half for all time worked on that day prior to and after 12.30 p.m.

(e) The Commission shall arrange, as far as practicable, that shifts shall not exceed eight (8) hours, and, except in cases of emergency where relief cannot be provided, a worker shall not be required to remain on duty at his home or temporary home station for more than ten (10) hours.

(f) Workers other than enginemen shall not be required to work more than five (5) hours without being booked off for a meal or allowed a crib time.

(g) In the case of enginemen working on shunting engines, an interval of twenty (20) minutes for crib shall be arranged between the third and fifth hours of duty, without deduction of pay, except at Midland Junction, when shunters and enginemen work conflicting shifts, in which case the crib time shall be arranged to suit the department.

(h) In the case of enginemen on the road, it shall be understood that, when the running of their own train is not unduly delayed and the running of other trains which their own train may meet or cross is not interfered with, an interval of not exceeding twenty (20) minutes for crib between the third and fifth hours of duty may be taken without deduction of pay. The place at which crib may be taken, if practicable, shall be indicated on suburban rosters.

(i) A worker whose duty entails working through the Swan View tunnel on the down journey with a passenger or goods train hauled by a steam locomotive, shall be paid one shilling (1s.) extra per shift, in addition to all other allowances to which he is entitled. (Liberty to Union to apply for similar allowance for diesel locomotives.)

(j) The Commission shall guarantee to each worker a full week's work of forty (40) hours, exclusive of Sunday work, except during such period as by reason of any action on the part of any section of its workers, or for any cause beyond its

control, it is unable wholly or partially to carry on the running of the trains. Each week shall stand by itself.

(k) Two employees of the Commission (such workers to be members of, and to be nominated by the Union), shall be permitted to attend the departmental half-yearly time table conferences as representatives of the Union, and may take part in any discussion as to whether any particular piece of night work involved in the proposed time table could be avoided. The workers so acting shall be paid by the Commission ordinary wages, travelling time, and expenses as provided in this Award.

29.—Shift and/or Night Work.

(a) Employees when engaged in the callings named hereinafter shall be paid allowances for shift and/or night work as indicated, provided that where such allowance is at a rate per hour broken parts of an hour less than thirty (30) minutes shall be disregarded and from thirty (30) to fifty-nine (59) minutes paid for as one hour.

(b) Drivers, firemen and adult engine cleaners—Sevenpence (7d.) per hour, and junior engine cleaners threepence halfpenny (3½d.) per hour for all work performed between midnight and 6 a.m. and between 8 p.m. and midnight on Mondays to Fridays inclusive, except any portion of such time as is subject to overtime penalty in excess of a stipulated time on one shift or in respect of any shift in excess of the number prescribed for a normal week's work.

(c) (i) Washout-men, packers and trimmers, and washout-men's assistants shall be paid for ordinary time worked on any afternoon or night shift seven and a half per cent. (7½%) more than ordinary rates.

(ii) "Afternoon shift" means any shift on which ordinary time finishes after 6 p.m. and at or before midnight. "Night shift" means any shift on which ordinary time finishes subsequent to midnight and at or before 8 a.m.

(iii) "Ordinary time" does not include Saturday or Sunday time or overtime or any time worked on a shift in excess of the number prescribed for a normal week's work.

(d) For the purpose of this clause, "time worked" does not include any time not treated as time worked on week days for overtime at the date of this Award.

30.—Overtime.

(a) The Commission may require any worker to work reasonable overtime at the overtime rates provided under the Award, and such workers shall work overtime in accordance with such requirements.

(b) No organisation party to the Award, worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements as shown in subclause (a) above.

(c) The above provisions shall remain in operation only until otherwise determined by the Court.

31.—Week's Work.

(a) Five (5) shifts between Monday and Saturday inclusive shall constitute a week's work for the purpose of this clause. If a worker is called on for a sixth shift during those days, he shall be paid as follows:—

(i) At the rate of time and a quarter for time worked equivalent to the time short of forty (40) hours already booked in the five (5) preceding shifts of that week.

(ii) At the rate of time and a half for all other time worked in the sixth shift.

Provided that any time worked in the sixth shift on a Saturday by workers entitled to the rate of time and a half under Clause 28 (d) (ii) or (iii) shall be paid for at the rate of time and seven-eighths and double time respectively in lieu of the rates prescribed in paragraphs (i) and (ii) above. Provided further, that any time paid for under paragraph (ii) of this subclause shall not be subject to the overtime penalty prescribed in Clause 28 (a) or (b).

(b) Where train crews (excepting those employed on shunting engines) work a continuous shift—Sunday into Monday—such shift, unless it extends into four (4) hours on Monday, will not be counted as one of the five (5) week-day shifts.

32.—Duty in Excess of Eight Hours.

Each month the head of the branch will, on receipt of a request from the General Secretary of the Union, supply a statement showing all instances where workers have been kept on duty longer than eight (8) hours continuously.

33.—Knowledge of Roads.

Should the requirements of the service necessitate that a driver shall run over a road with which he is not fully acquainted, he shall be provided with a pilotman. Such pilotman shall be either a district locomotive superintendent (provided he has been a driver in the Government Railways service), a locomotive inspector, driver, or fireman authorised to drive. In cases where a driver is removed from one depot to another, he shall be given facilities to learn the road without loss of his driver's pay.

34.—Examinations.

(a) Each driver, fireman, or cleaner who is called on for examination shall have fourteen (14) days' notice of the date on which he will be examined and sample questions given for each subject.

(b) Each candidate shall be allowed to try three (3) times, at intervals not exceeding four (4) months. If he does not pass, a further trial shall be allowed at the expiration of twelve (12) months from the previous examination. If then unsuccessful, he shall be considered to have finally failed.

(c) All questions shall be put clearly and without ambiguity, and each candidate shall be allowed all reasonable latitude in asking the examiner to make each question clear; and a driver (a member of the Union) shall be present at all viva voce examinations, but shall not in any way interfere with or interpose in the conduct of the proceedings.

(d) The candidate who fails to pass his examination shall be furnished with a copy of the questions he failed to answer correctly.

(e) A worker who has lost his seniority through failing to pass the examination shall, on subsequently passing, be classified next to the worker who passed examination previously to him.

(f) The examinations shall be in the terms as prescribed by the Commission. The examiner shall be appointed by the head of the branch, to whom he shall report fully the result of such examination and the decision of the head of the branch shall be final.

35.—Preparing and Stabling Engines.

Each driver and fireman shall, if required to do the work, be granted the following allowance for preparing and stabling engines, over and above the time required by the Traffic Branch:—

Preparing:

Garratt type engine—75 minutes.

"S" class engine—60 minutes.

Other main-line steam engines (to apply to shunting (steam) engines prepared for running on main lines)—45 minutes.

Extra time may be allowed for coaling if in the opinion of the foreman same is warranted.

Where engines have been prepared by workers other than the enginemen who are booked to work them—15 minutes

Shunting engines (steam)—30 minutes

Diesel-electric rail cars—15 minutes.

Stabling:

Garratt type engines—45 minutes

All other steam engines—30 minutes

(b) When stabling steam engines at out-stations (that is where less than six (6) engines are stabled), a half hour extra shall be allowed the fireman for banking fire, or cleaning fire, ashpan and smokebox

(c) When a fireman has to raise steam in a boiler at a foreign depot, he shall be allowed two (2) hours in addition to ordinary preparing time, in the case of a cold boiler, and one and a half hours in the case of a warm boiler. A boiler which has been out of traffic for twenty-four (24) hours shall be regarded as a cold boiler.

(d) Provided that the Commission may relieve drivers and firemen from duties of preparation and stabling and employ other workers who are qualified drivers and firemen, to carry out such duties.

36.—Special Shed Duty.

(a) At sheds where six (6) or more engines are stabled, the duties of cleaners shall be to clean engines, clean fronts, light up engines, attend to water and steam, and perform duties of calling and assisting in stores as may be directed by the officer-in-charge.

(b) The duties of drivers and firemen, where six (6) or more engines are stabled, when stabling engines, shall be to turn engines, examine engines over pit, take water, lock away all tools, and place engine for coal or in shed, as the case may be, and leave boiler and fire in a safe condition. The fireman shall keep all cab fittings, etc., on the footplate in a clean condition from the time of leaving the shed until return thereto.

(c) At sheds where less than six (6) engines are stabled, the duties of cleaners shall be to clean engines, light-up, attend to water, and steam. Cleaners may also be used for fueling or other work, subject to the conditions of clause 11 (a).

(d) Cleaners working with shed drivers employed in marshalling engines at principal depots (Fremantle, Perth, Midland Junction, Northam, Merredin, Kalgoorlie, Geraldton, Bunbury, Narrogin), shall be paid firemen's rate of pay. This duty to be called "shed firing."

(e) At sheds where less than six (6) engines are stabled, the duties of the fireman will be to clean out smokeboxes and ashpans, clean fronts, and keep all fittings, etc., on the footplate clean, take coal and water, bank fires. After a fireman has been on duty for more than eight (8) hours, he shall be relieved of the duty of cleaning fires, smokeboxes, and ashpans, unless the case is one of emergency and it is not possible, in the circumstances, for other arrangements to be made to carry out such work.

(f) At sheds where less than six (6) engines are stabled, the duties of the drivers will be to turn engines, examine engines over pits, put engines in position to take coal and water, and stable engines.

(g) In addition to the foregoing, drivers and firemen, when stabling engines, may, provided they have not been on duty in excess of eight (8) hours, be called upon to perform any other duty appertaining to their respective grades, and time allowance shall be made for so much of work as cannot be performed in the period allowed for stabling.

(h) The work of cleaning fires and ashpans of engines going into locomotive depots shall be done by the shed staff where such labour is now available.

(i) Cleaners regularly employed operating the steam cleaning plant and required to maintain steam and water in boiler shall be paid minimum rate for fireman whilst so employed. Such time shall not be regarded as acting time as fireman. For the purpose of this subclause, "regularly employed" means employed for not less than three (3) full shifts per week, and "full shift" means a continuous shift on this work from time of signing on to signing off duty. Where a worker is taken off this work to act in a higher capacity, it shall not be regarded as a break in the shift as steam cleaner.

(j) Any cleaner who has obtained his fireman's ticket and who in the course of his shift is required to light up and attend fires in boilers shall be paid the minimum main line rate prescribed herein for firemen for the time so employed. Such time shall not be regarded as acting time for fireman.

37.—Discipline.

The head of the branch shall have power to reprimand, fine, suspend from duty, reduce in grade, or dismiss any worker, and to remove any driver or fireman from a locomotive footplate. Provided always that the notification to a worker of any such action shall be in writing, and shall state the reason for same being taken.

38.—Charges Against Workers.

(a) Each worker shall himself provide, when called upon, with the least possible delay, any report or statement which may be required by the officer-in-charge.

(b) When a worker against whom a charge is pending has made a statement to an officer-in-charge and which statement the officer-in-charge has taken down in writing, such worker shall either be furnished with a copy of such statement or be allowed to take a copy of it.

(c) If in the opinion of the foreman the action of any worker should be reported to the head of the branch, it shall be done—

(i) where a worker is stationed at a main depot, within seven (7) days of the foreman's first knowledge of the occurrence; for the purpose of this clause a main depot shall be any depot where a district loco. superintendent or loco. shed foreman is stationed;

(ii) where the worker is stationed at a sub depot, within ten (10) days of the first knowledge of the occurrence by the person in charge of such sub depot.

The worker shall at the same time be notified by the foreman that he is reported, otherwise such report shall be null and void; provided that, when a worker reports on his daily running sheet an irregularity or other occurrence in which he is concerned, to the department, it shall not be necessary for the foreman to notify such worker that he has been reported to the head of the branch, but if the worker in such cases is to be charged, the foreman must so notify the worker within twenty-one (21) days of the receipt of the daily running sheet. When a charge has been made against any worker, he shall be supplied with a copy of such charge and any reports upon which it is based.

(d) If a final decision in any case in which a charge has been made against a worker be not given within three (3) calendar months of the occurrence first coming to the knowledge of the head of the branch or within fourteen (14) days of the final determination of any charge relating to the occurrence brought against the worker by a party other than the Commission (whichever is the later) the charge in question shall lapse.

(e) A worker who is suspended from duty for any reason shall not be kept under suspension in excess of six (6) days (excluding Sundays or holidays) following the date on which he was suspended. Except in cases where dismissal follows suspension, a worker shall be paid for any time under suspension in excess of six (6) days referred to; provided the worker has not delayed the submission of his explanation of the offence for which he was suspended.

(f) Where a worker exercises his right of appeal, no deduction shall be made from his wages in respect of any fine until a final decision has been given.

(g) Where a worker has been fined an amount exceeding one day's pay, the amount to be deducted from any fortnight's pay shall not be greater than one day's pay, except with the consent of the worker concerned.

39.—Secretary's Leave and Passes.

The Commission will grant leave without pay for a continuous period or otherwise of thirty (30) days in each year to the secretary (should such secretary be a railway servant) to enable him to attend exclusively to the Union work, and a free pass will be issued to the secretary, whether a railway servant or not, for that period, but may be withdrawn at the Commission's discretion; such pass to be used exclusively for Union work and not for political purposes.

40.—Union Notices.

Notices relating to meetings or classes in connection with the Union shall be allowed to be exhibited at such places as may be approved by the Commission.

41.—Seniority List.

Complete seniority lists shall be available for inspection by workers at depots where a foreman is stationed.

42.—Preference to Unionists.

Preference shall be given to unionists with regard to employment, except in the case of cleaners, who shall be required to make application for membership of the Union immediately on being engaged by the department.

43.—Board of Reference.

(a) The Court appoints, for the purposes of this Award, a Board or Boards of Reference. A Board shall consist of a chairman and two (2) representatives, one nominated by each party. The functions of a Board of Reference shall be—

(i) to settle disputes as to matters under this Award, except such as involve interpretation of the provisions of the Award;

(ii) deciding any other matter that the Court may refer to the Board from time to time.

(b) Separate Boards may be appointed, where deemed necessary or advisable, for different branches of the industry or for different districts.

(c) The provisions of regulation 106 of the Industrial Arbitration Act, 1912-1952 (Appeal from Board) shall be deemed to apply to any Board of Reference appointed hereunder.

In witness whereof this Award has been signed by the President of the Court and the Seal of the Court has been hereto affixed this 21st day of May, 1953.

INDUSTRIAL AGREEMENT.

No. 7 of 1953.

Registered 4/5/53.

THIS Agreement, made in pursuance of the Industrial Arbitration Act, 1912-1952, this 30th day of April, one thousand nine hundred and fifty-three (1953), between The West Australian Branch of the Australasian Meat Industry Employees' Union Industrial Union of Workers, Perth (hereinafter called "the Union") of the one part, and Air Beef Pty. Ltd. (hereinafter called "The Management") of the other part, witnesseth that, for the considerations hereinafter appearing, the parties hereto mutually covenant and agree the one with the other as follows:—

1. This Agreement shall apply in respect of the rates of wages and conditions at the Glenroy Abattoirs, for the 1953 season, and shall operate for a period of twelve (12) months from the date hereof.

2.—Definitions.

In this Agreement, unless the context otherwise indicates, the following terms have the meanings respectively set out against them, that is to say:—

(a) "Week days"—Mondays, Tuesdays, Wednesdays, Thursdays and Fridays.

(b) "A week" shall mean Monday to Friday, inclusive.

(c) "A day's work" shall mean eight hours on week days, Monday to Friday.

(d) "Mutually agreed" or "mutual arrangement" implies agreed between the Management of the works and the Union or its representatives, in writing.

3.—General Conditions.

(a) Clauses under this heading are to be operative except where otherwise provided herein.

(b) Any worker carrying out work classified at a higher rate than the rate pertaining to his recognised task shall be paid for that day at the highest rate of such tasks.

(c) Wages shall be paid in accordance with arrangements arrived at between the Management and the workers, in accordance with subclause (d) of clause 2.

(d) The Management shall give the delegate reasonable notice of workers required to work overtime. The delegate shall be then responsible on behalf of the Union for supplying such workers. Overtime shall be distributed on a roster system, but any employee shall have the right to forego his place on the roster except for work in his own department, if required by the Management for work in that department. In all cases of overtime sufficient men for the job required must be supplied.

(e) Employees shall be provided without charge with accommodation in the quarters erected for that purpose, including stretcher, mattress and pillow.

(f) All delegates shall be officially recognised by the Management.

(g) Notwithstanding that the rates of pay are set forth on a weekly basis, there shall be no obligation on the part of the Management or the employees to give a week's or any other notice to determine the employment, the position being in this respect the same as if the employee was employed at a daily wage.

(h) The duties of the slaughter floor team shall include all operations, i.e., killing and dressing (in the event of knocking operations having to be done by the slaughter floor team they shall be paid an extra amount of 1s. 5d. per beast in excess of the amounts showing in clauses 17 and 19 of this Agreement).

5. A laundry equipped with washing machine shall be provided by the Management.

5.—Preference.

Preference of employment in respect of tasks for which rates of wages are specified in this Agreement shall be given to members of the Union who are parties to this Agreement, provided they are competent workmen for the task for which they are selected and do their work to the satisfaction of the Management.

Subject to preference to members of the Unions who are parties to this Agreement, the Management shall have the right—

(a) to select employees with due regard to their qualifications for their respective tasks;

(b) to allot to employees their respective tasks; to dispense with the services of any employee for incompetence, drunkenness, misconduct;

(d) employees engaged in Perth shall be selected from the lists supplied by the Unions who are parties to this Agreement.

6.—Transfer.

The Management may transfer employees from one department to another. In this case, the rates payable shall be those specified for the tasks performed, subject to clause 4 of the general conditions. In the case of alleged unreasonableness, the local delegates can discuss with the Management.

7.—Hours of Labour.

Unless otherwise specifically mentioned, forty (40) hours shall constitute a week's work, divided into five (5) working days as follows:—

Five (5) week-days each eight (8) hours—40 hours.

Starting time shall be: Chiller hands and others employed in loading operations of plane, 5 a.m.

Provided that employees commencing work at 5 a.m. shall be entitled to a meal break for breakfast of not less than thirty (30) minutes, and all employees shall be entitled to a meal break for the mid-day meal of not less than one (1) hour.

9.—Smokos.

Except as provided in clause 18 or otherwise mutually agreed, smokos of 15 minutes each shall be allowed and paid for as working time, as follows:—9 a.m. to 9.15 a.m.; 2 p.m. to 2.15 p.m.; and one smoko after every two hours' continuous work done outside ordinary working hours.

When reasonably required by the Management owing to exigencies of work, employees shall forego their smoko until a convenient time.

10.—Overtime Rates.

Overtime rates shall be paid in respect of all work done—

(a) after ordinary ceasing time (clause 7) to midnight—time and a half ordinary rates; thereafter double ordinary rates;

- (b) during meal hours and smokos, except as provided in clause 9—double ordinary rates.
- (c) The hideman shall assist in loading operations off the plane and shall be paid at overtime rate for such work.

Subject to any mutual arrangement, employees called back to work after the meal time following ordinary ceasing time shall be provided with a minimum period of two hours' work, or shall be entitled to payment for such. Employees called out on Sundays or holidays shall be provided with a minimum period of two hours' work or shall be entitled to payment for such minimum periods to be at overtime rates as appearing in clauses 10 and 12.

A worker required to work overtime before the usual starting time (clause 7) shall be entitled to a minimum payment for two hours at overtime rates.

12.—Holidays and Holiday Rates.

Except as hereinafter provided, each of the following days or the days observed in lieu thereof, shall be allowed as a holiday to all workers and be paid for, namely, New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Wyndham Cup Day, King's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employees' ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. Work performed on these days and on Sundays shall be paid for at double ordinary rates.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be at the rate pertaining to each employee's task.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty, or is available on the working day immediately following a holiday, as prescribed in this clause.

13.—Annual Leave.

(a) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such day observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause, no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of services, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(e) Annual leave must be granted not later than four (4) weeks after the leave falls due, and at least 14 days' notice shall be given to the worker of the date upon which he is to commence his annual leave.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft, no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated leave or payment therefor.

(g) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them. Provided that nothing herein contained shall deprive the employer of his right to retain such workers at works during the close-down period as may be essential.

(h) Workers regularly working for the Management North of South latitude 26 shall be allowed to accumulate annual leave for two years, subject to the convenience of the Management. Such workers who proceed to Fremantle and Perth during the period of such leave shall be allowed once in each two years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said cities.

(i) "Ordinary wages," for the purpose of sub-clause (a) hereof, shall mean the average rate of wage the worker has received over the period of his employment in respect of his ordinary hours of work.

(j) The provisions of this clause shall not apply to casual workers.

Each employee shall be entitled to—

- (a) passage from place of engagement to Glenroy and travelling time allowance;
- (b) passage (and travelling time allowance) by first available plane at discretion of Management from Glenroy to place of engagement after termination of work in his department; or when his services are not further required by the Management: Provided that his duties have been performed to the satisfaction of the Management.

Travelling time allowance referred to in clause 23 shall be at the task rate applicable.

14.—Waiting Time Allowances.

When no employment is available for an employee at his usual task, such employee shall, if so required by the Management, do any other work available and be paid whichever rate shall be the highest for the task performed, or the recognised usual task.

If for any reason no employment is available to an employee, waiting time allowance of half his recognised task rate shall be paid for such waiting time, in which case the minimum rate shall not apply to the period of such waiting time.
