LAND OPEN FOR SELECTION.

Perth Land Agency.

Department of Lands and Surveys,  
Perth, 17th July, 1953.

It is hereby notified, for general information, that the areas scheduled hereunder are available for selection under Part V. of the Land Act, 1933-1948, and the regulations appertaining thereto, subject to the provisions of the said Act.

Applications must be lodged at the Department of Lands and Surveys, Perth, not later than the date specified, but may be lodged before such date, if so desired.

All applications lodged on or before such date will be treated as having been received on the closing day, and if there are more applicants than one for any block, the application to be granted will be determined by the Land Board. Should any lands remain unselected such will continue available until applied for or otherwise dealt with.

If a Land Board sitting becomes necessary, the applicants for the blocks will be duly notified of the date, time, and place of the meeting of the Board, and there shall be an interval of at least seven days between the closing date and the sitting of the Board.

All marketable timber, including sandalwood and mallet, is reserved to the Crown, subject to the provisions of Clause 14 of the Regulations.

OPEN ON AND AFTER WEDNESDAY, 12TH AUGUST, 1953.

Secretary.

## ROAD DISTRICTS ACT, 1919-1951.

Augusta-Margaret River Road District—Building By-laws.

IN pursuance of the powers in that behalf contained in the Road Districts Act, 1919-1951, the Augusta-Margaret River Road Board makes the following by-laws relating to buildings under regulation 37 of the Second Schedule of the Road Districts Act.

Buildings—Operation and Definitions Application.

1. These by-laws shall apply to the whole of the district.

Commencement.

2. These by-laws shall come into operation immediately upon their confirmation and approval by the Governor and publication in the *Government Gazette*.

Definitions.

3. In these by-laws subject to the context:—

“Act” means the Road Districts Act, 1919-1951, and amendments.

“Alteration” means any work made or done for any purpose in, to or on a building (except that of necessary repairs not affecting the construction of any external, cross, or party wall), or any change in the purpose for which any building or erection or any part thereof shall be used.

“Apartment” means a room or rooms or part of a building intended or adapted for separate occupation as a dwelling, and includes a flat.

“Apartment building” means a building containing two or more apartments or flats.

“Approved” means approved by the Board in writing or (in cases where the surveyor is authorised by the Board to do so) approved by the surveyor in writing.

“Area” applied to a building means the sum of the superficies of the horizontal sections of each storey made at the point of the greatest surface of each floor inclusive of the external walls, and such portions of the party walls as belong to the building.

“Board” means the Augusta-Margaret River Road Board.

“Build” means and includes erect, build, or construct, or cause to be built, erected or constructed.

“Building” means and includes erections, structure, detached room, outbuilding, hoarding, and every structure of whatever kind capable of affording protection or shelter, either roofed or intended or adapted to be roofed, and whether enclosed by roofs or not, and every part of such structure and any addition or alteration thereto.

“Builder” means the master builder or other person employed to execute the work, or, if there is no master builder or other person so employed, then the owner of the building or other person for whom or by whose orders such work is to be done.

“Dwelling house” means a building used or adapted to be used wholly or principally for human habitation.

"District" means the Augusta-Margaret River Road District.

"Fire-resisting" used with reference to any materials includes—

- (a) brickwork constructed of good bricks well burnt, hard and sound, properly put together with good lime or cement mortar;
- (b) any stone suitable for building purposes by reason of its solidity or durability;
- (c) sheet metals or other similar materials which are in the opinion of the Board fire-resisting;
- (d) iron and steel (when used for columns, girders, or wall framing) encased in cement, concrete, or other incombustible or non-conducting external coating;
- (e) slate, tiles, cement, brick and terra cotta, when used for covering, or corbels;
- (f) concrete composed of broken bricks, stone chippings, or ballast and lime cement or calcined gypsum.

"External wall" means an outer wall of a building, not being a party wall even although it adjoin a wall of another building.

"Frontage" means the distance measured at right angles to one of the sides of the land from the terminal point thereof to the opposite side, or a continuation of such opposite side.

"Garage" means any building used for the housing of a motor vehicle (not being a garage carried on as a business undertaking).

"Height" in relation to any building, means measurement taken from the level of the footway (if any) immediately in front of the centre of the building, or, when there is no such footway, from the level of the ground before excavation to the level of the ceiling or tie of the topmost storey.

"Height" in relation to storeys means—

- (a) in the case of the topmost storey the measurement between the floor and the ceiling thereof or between the floor and the under surface of the tie of the roof, or, if there is no tie, then up to the level of half the vertical height of the rafters, or other support of the roof.
- (b) in the case of every storey other than the topmost storey, the measurement between its floor and the floor above.

"Hoarding" includes any erection or structure erected, built, constructed, or used, or that may be used for the purpose of writing, painting, pasting, or posting thereon notices, advertisements, placards, or other printed, painted, or written matter, or any erection or structure being of a height greater than six feet from the level of the adjoining street upon which such notices, advertisements, placards or other printed, painted, or written matter are printed, written, painted, pasted or posted, but shall not apply to a hoarding erected in a street for the purpose of carrying on building operations only, or to any dwelling-house or shop or any fence seven feet, or under in height, or to "To Let" or "For Sale" boards not exceeding 20 square feet in area.

"Main Rooms" mean and include all rooms used or intended to be used as bedrooms, dining rooms, ordinary living rooms, or kitchens.

"New building" includes—

- (a) any building erected or commenced to be erected after the date of these by-laws coming into operation;
- (b) any building which for more than half its cubical contents has been taken down or destroyed by fire, tempest, or otherwise, and is re-erected or commenced to be re-erected wholly or partially on the same site after the date of these by-laws coming into operation;
- (c) any space between walls and/or buildings which is roofed or commenced to be roofed after the date of these by-laws coming into operation;
- (d) any building removed or transported wholly or in sections into the district or from one part of the district to another part after the date of these by-laws coming into operation.

"Outbuilding" means any building on the curtilage of any dwelling, shop, or combined shop and dwelling used as a workshop or storeroom, not being a building for the storage of inflammable materials, nor for the housing of any animal or animals, including birds, and not exceeding 300 feet in area or 15 feet in height.

"Party wall" means a wall intended to be used as a separation of two or more buildings, or a wall forming part of a building built upon the dividing line between adjoining premises for the common use.

"Person" includes corporation.

"Prescribed" means prescribed by these by-laws.

"Public Place" has the same meaning as in the Act.

"Reinforced concrete" means a form of construction in which cement concrete is reinforced with iron or steel, these materials being so combined that the iron or steel will take up and resist substantially the whole of tensional stresses and assist in the resistance to shear, while the concrete will take up and resist the compressional stresses and assist in resistance of shear.

"Right-of-way" means any lane or right-of-way, not a road, over which any person other than the owner thereof has a right of carriage-way.

"Road" has the same meaning as in the Act.

"Surveyor" means a building surveyor or acting building surveyor for the time being of the Board or other officer having for the time being the administration of these by-laws.

"Shop" means a building in which goods are regularly offered or exposed for sale, or in which meals or refreshments are regularly offered or provided for payment, and also includes the saloons or shops of barbers and hairdressers and offices of agents and auctioneers and other businesses or trades. A *bona fide* private boarding house shall not be included in this definition by reason only of the fact that meals or refreshments are occasionally supplied for payment to persons other than boarders.

"Square" applied to the measurement of any area means the space of 100 square feet.

"Surface" or "ground level" means the level of the ground as determined by the surveyor.

"Wood or wooden buildings" means buildings of wood or having wooden frames.

"Building line" means the line in any townsite where the boundary of a building block and the road abuts, or any other line defined by any by-law that has already been gazetted or may be gazetted later, unless permission in writing is first obtained from the Board.

"Brick area" means any area that has been set aside by the Board and gazetted as a brick area, in which area all buildings must be constructed of burnt brick, cement brick, concrete or stone. Brick veneer will not be permitted.

#### Classes of Buildings.

4. For the purpose of these by-laws buildings shall be divided into three classes:—

Class A.—"Domestic class" which includes all buildings subject to a small vibration and light loading of floors, such as dwelling-houses, residential shops, offices, hotels, private schools, club-houses and studios.

Class B.—"Warehouse class" which includes all buildings subject to vibration and heavy loading of floors, such as warehouses, factories, mills, and places for the storage and manufacture of goods.

Class C.—"Public building class" which includes all buildings designed to accommodate an assemblage of people such as theatres, churches, chapels, assembly halls, museums, libraries, public schools, hospitals, lecture rooms, and other like buildings.

In case of doubt the surveyor shall finally determine to which class any particular building belongs.

Notice of Intention to Build or Demolish and Lodging of Plans.

Notice to be Given.

5. (a) Every person intending to erect any building or alter or add to any building within the Augusta-Margaret River Road District shall at least two days before he proposes commencing to erect, alter or add to such building, make application in the form of First Schedule provided at the Board's office, and shall deposit with the building surveyor for a period of at least one week before the commencement of this, duplicate drawings showing the plan, elevation and sections of such proposed building, additions, or alterations together with full and complete duplicated specifications of the work proposed to be done.

Plans and Specifications.

(b) Properly prepared plans and specifications in duplicate of such building, alteration or addition, showing complete details of sizes, quantities of all materials and enumerating any old materials proposed to be used in the construction of same, to be prepared. The drawings shall consist of complete plans of every storey, elevation of external fronts and one or more sections transverse or longitudinal, showing heights of storeys, depths of foundations, level of ground, construction of walls, floors, roof, etc., all clearly figured and dimensions in feet and inches.

Block Plan.

(c) A block plan showing the relation of the building to adjoining building and boundaries.

Purpose.

(d) A statement in writing of the purpose for which the building is intended to be used.

Drainage.

(e) Particulars of the proposed method of drainage.

Further Particulars.

(f) Such further particulars in writing regarding the same as shall be necessary to enable the Board or its surveyor to determine if all the provisions of these by-laws applicable thereto are being complied with.

Tracing Retained.

6. The tracing or copy of the plans and details of materials shall be retained by the surveyor, and the original plans and specifications, when approved, shall be returned to the owner or his agent.

Such approval shall be evidenced by writing endorsed on the plans and specifications and signed by the surveyor.

The Board reserves the right to reject any plan if not properly drawn in ink, or if, in the opinion of the Board, the meaning is not thoroughly clear.

The Board may also reject any plan which in the opinion of the Board or its surveyor, is of such a design or appearance as would be prejudicial to the value, interests, or purposes of property in the vicinity of the site on which it is proposed to erect such building.

Plans, etc., to be Kept at Building.

7. Such plans and specifications shall be kept at the building therein referred to, and shall be available for inspection by the surveyor or the accredited officer of the Board at all reasonable times on demand during the construction or erection or alteration or addition, as the case may be and for 14 days after the completion thereof.

Permits and Fees.

8. No person shall commence any building, or any addition, alteration to any building, or demolish any building without having first obtained from the surveyor a written permit for the commencement of same, and without having first paid to the Board fees, in accordance with the scale set out in the Second Schedule hereto, provided the Board may, if it deems fit, dispense with the payment of fees, or the necessity of furnishing plans with any application for approval to make minor alterations to a building.

Area of New Building.

9. The decision of the Board, or its surveyor, as to the area of a new building, or value of an addition shall be final and conclusive.

Position of Building Site.

10. No building or alteration or addition shall be built or constructed within a distance of three feet clear from any boundary, except that a brick, stone or concrete building may be built on a boundary if provided with a suitable parapet wall. (See section 63.)

Any dwelling-house to be set back at least 20 feet from frontage.

Minimum Area of Open Land.

11. At least one-third of the area of any allotment on which a dwelling-house is erected shall be left open and unbuilt on, and for the exclusive use of the occupiers of the building erected upon such allotment.

Minimum Area of Dwelling-House.

12. Every dwelling-house shall consist of a total area of at least 450 square feet in three main rooms, excluding all verandahs, bathrooms, or passageways.

Currency of Permits.

13. A permit obtained pursuant to these by-laws will remain effective for twelve months, but shall lapse and be of no effect unless the building for which such permit was granted is commenced within six months from date of issue. A further extension of time may be granted if application is made to the Board before date of expiry.

Surveyor may Enter and Inspect.

14. The surveyor at all reasonable times during the progress and after the completion of any building, or addition or alteration to any building affected by these by-laws, may enter such building or addition or alteration.

Any person who hinders or obstructs the surveyor shall be liable to a penalty of not exceeding £10.

Surveyor may stop work if contrary to by-laws.

15. The surveyor may at any time stop the progress of any building and withdraw or suspend any permission given by the Board under these by-laws in the event of his not being satisfied with all the provisions of these by-laws being complied with, and any person who continues or builds or erects or works on the site after notice from the surveyor in writing, to desist, shall be guilty of an offence against these by-laws.

Demolition or Removal of Building.

16. When a building is to be demolished, or removed, the owner or contractor shall give seven days' notice to the surveyor of such intended demolition or removal.

Nuisance to be Avoided.

17. Provision shall be made so as to avoid all nuisance from dust or falling refuse by playing water on same by means of a hose or other approved method, if requested by the Board to do so.

Outbuildings and Garages—Materials.

18. Outbuildings may, subject to the limitation herein, be built and constructed of brick or other materials approved by the Board. Approval must be first obtained from the Board's Surveyor for any materials from which it is intended to build any small out-building, such as wood sheds, fowl houses or the like.

Outbuildings on Corner Blocks.

19. No outbuilding shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20 feet from such road, unless otherwise approved.

Distance of Stables from Boundaries.

20. No stable shall be erected nearer than 50ft. to any dwelling, nor nearer than 10ft. to the boundary of land not in the same occupation.

#### Fowl Houses.

21. Fowl houses of not more than 200 square feet in area and not more than 6ft. in height may be erected at rear of dwelling, provided that the nearest portion of such fowl house is at least 75ft. from any building used as or intended for a dwelling, and at least 3ft. from the boundary of land not in the same occupation.

#### Position of Garage.

22. No garage shall be erected nearer than the dwelling house to which it is appurtenant to any road fronted by such dwelling house. Provided that if there is no means of access for motor vehicles to the rear portion of the allotment on which such dwelling house is erected, a garage may be erected on the front boundary of such allotment subject to a plan showing the exact position in which such garage is proposed to be erected and the approximate position of any building in the allotments adjoining, together with the design of the garage proposed to be erected, and the front elevation thereof being submitted to and approved of by the Board, but so that no part of such garage shall be between the dwelling house and the road.

23. In special cases where the physical configuration or dimensions of the ground preclude the observance of the position prescribed in by-law 22 the Board may permit the erection of a garage in another position.

#### Doors of Garages.

24. The doors of a garage when opened shall not encroach on any road.

#### Materials for Garages.

25. Every garage shall be constructed of fire-resisting materials, approved hardwood timber framing may be allowed if sheeted with approved fire-resisting materials.

#### Garage Incorporated with Dwelling.

26. Where a garage is incorporated as part of the main building it shall in all respects conform thereto, but must have a ceiling of a fire-proof material approved by the surveyor.

#### Garages on Corner Blocks.

27. No garage shall be erected on a corner block at a less distance from the road on the side boundary than the adjoining building is from such road, or if there is no adjoining building, at a less distance than 20ft. from such road.

#### Apartment Buildings.

##### Area of Land to be Occupied.

28. The total floor area of any apartment building, together with the floor area of any other building erected on the same allotment, shall not exceed half the area of such allotment. Each building in a terrace of buildings or in a pair of semi-detached buildings shall be deemed to be a separate building for the purpose of this by-law.

##### Area of Each Apartment.

29. The total floor area of each apartment shall be at least 450 square feet. In addition thereto every apartment shall have for the exclusive use of the occupants thereof at least 100 square feet of verandah space.

##### Area of Main Rooms.

30. Every main room in an apartment shall have a floor area of at least 100 square feet and no wall of any such room shall be less than 9ft. in length and no kitchen shall have any portion of the ceiling lower than 9ft.

##### Apartment to be Self-contained.

31. Every apartment shall be self-contained; it shall contain its own kitchen, bathroom and lavatory. It shall have a separate entrance from the outside of the building, and such entrance shall

be constructed of fire-resisting material as defined in the building by-laws of the Board for the time being in force.

#### Materials.

##### Quality of Materials.

32. All workmanship and materials used in the construction or alteration of any building should be the best of their respective kinds and in accordance with the recognised building practice, and shall be subject to the approval of the surveyor, and the surveyor shall have power to condemn and to order the removal of, or to remove at the expense of the owner, any material which in his opinion is not suitable for use for the purpose for which he considers it is intended to use same, and no person shall use any material so condemned for any building alterations or additions without first obtaining the approval of the surveyor.

##### Inflammable and Dangerous Materials.

No person shall use or incorporate within any dwelling, warehouse, office, shop or public building, in any town or camping area, any of the following materials:—

Any rubberised or bitumen treated materials such as malthoid or sisalcraft, or any such kind of material, hessian, calico or canvas with wall-paper pasted thereon will not be allowed. Wall-paper may be approved by the Board's surveyor if fixed to a suitable base such as flat iron, asbestos sheeting, plasterboard or any other medium approved by the building surveyor. Notwithstanding the foregoing the Board may grant, subject to conditions, the erection of a tent or a temporary structure covered by canvas or calico or other approved material.

##### Second-hand Material.

33. No old or second-hand material may be used unless approved in writing by the surveyor.

##### Bricks.

34. Bricks used in any building must be good, hard and well burnt. When old bricks are used in any wall they shall be thoroughly cleaned before being used, and shall be whole and good, hard, well-burnt bricks.

##### Sand.

35. Sand used for mortar and concrete in any building shall be clean and sharp, free from loam, dirt, salt, and organic matter.

##### Lime Mortar.

36. Lime mortar shall be composed of freshly burnt or hydro lime and sand in the proportion of at least one part of lime to three parts of sand. All lime intended to be used for mortar shall be thoroughly burnt, and of good quality, and be properly slaked before being mixed with sand. Cement mortar, consisting of one part cement to five parts of sand may be substituted for lime mortar.

##### Cement Mortar.

37. Cement mortar shall be composed of good Portland cement or other cement of equal quality approved of by the surveyor, mixed with clean sharp sand, in the proportion of at least one part by measure of cement and not more than four parts by measure of sand, and shall be used before initial setting has commenced.

##### Concrete.

38. Concrete for foundations shall be composed of clean broken stone or other hard material approved by the surveyor, broken to a gauge not exceeding 2in and sand well mixed on a wooden floor or in an approved concrete mixer, with cement in the proportions of one part by measure of cement to not more than six parts of the other materials. Concrete for purposes other than foundations shall be as specified above except that for walls less than 6in. in thickness and for reinforced work the stone used shall be broken to a gauge not exceeding ¾in.

**Timber.**

39. All timbers and wooden beams used in any building shall be good sound material free from rot, large or loose knots, shakes or any other imperfections whereby the strength may be impaired, and in the case of dwellings shall be of such sizes, dimensions and spaces as set forth in by-law 67 of these by-laws, subject, however, to by-law 41 hereof. In other buildings all timbers shall be such as will afford safe loadings and shall be to the satisfaction of the surveyor.

**Lintels or Re-inforced Beams.**

40. All lintels cast in concrete shall have the brand of the manufacturer stamped thereon, such manufacturer to be approved by the surveyor. Builders casting lintels or beams in position shall submit to the surveyor a plan showing position and details of re-inforcements and specifications of materials to be used, such design to be approved at the same time as the plan. Lintels up to 6ft. span shall be three courses in depth. Lintels from 6ft. to 8ft. span shall be four courses in depth. All such lintels shall be re-inforced with at least three half-inch bars and shall have a proper bearing at each end, to the satisfaction of the surveyor. All re-inforced beams to be re-inforced to the standard adopted in the best building practices and to a dimension approved by the Board's surveyor.

**Dimensions of Timber.**

41. The timber used in brick dwelling-houses shall conform to not less than the following minimum sizes:—

Bottom wall plates, 3in. x 2in.

Floor joists, 4in. x 2in. at 2ft. centres.

Bearers, 4in. x 3in., not exceeding 5ft. centres and shall be at least 6in. clear of the ground.

Top plates 3in. x 2in.

Rafters, 4in. x 2in. at 2ft. centres for other than iron roof, or 3ft. centres for iron roof and asbestos cement sheets.

Purlins, 4in x 3in. for the tile roof and 4in. x 2in. for iron or asbestos roof in such positions that no rafter has an unsupported span of more than 7ft.

Struts to under purlins, 4in x 2in. when not exceeding 6ft. in length and 4in x 3in for lengths exceeding 6ft to support under purlins at least every 7ft.

Ceiling joists, 4in. x 2in. at 2ft. centres or 3in. x 2in. at 2ft. centres.

Battens for tiles, 2in. x 1in.

Battens for iron, etc., 3in. x 1½in, not more than 3ft. 6in. apart.

Ceiling hangers, 8in. x 1½in. hung to roof timbers at least every 6ft. and in positions so that no ceiling joist has an unsupported span of more than 7ft.

Collar ties, 4in. x 1½in.

Ridge, 7in x 1½in., for tiles: 7in. x 1in. for iron roof.

Hips and valleys, 8in. x 1½in. for tiles: 7in. x 1in. for iron roof.

**Construction.****Excavations and Inspection of Trenches.**

42. All excavations for footings shall be taken down to a solid foundation, to be approved of by the surveyor, but not less than 12in. below the natural surface of the ground except in cases of special construction of foundations approved by the surveyor. No footing shall be placed in position until at least 24 hours notice shall have been given to the surveyor that the trenches are ready for inspection.

The inspector may, if he thinks fit, require the inclusion of a suitable sand cushion to be placed under any foundation.

**Drainage under Floors.**

43. The surface of the ground between all walls of buildings shall be levelled up higher than the finished surface outside and evenly graded to prevent any accumulation of water or drainage beneath the floors, and such surface shall, if required by the surveyor, be covered with properly mixed tar composition laid to a uniform thickness of not less than 2in. in every part, rolled, rammed and finished so as to be impervious to water and other inhalations. In all wet or bad ground subsoil drainage shall be provided and laid as directed in writing by the surveyor.

**Walls and Footings.**

44. Unless with the consent of the surveyor, every external wall and every party wall not carried on a "bressummer," and every pier and storey post shall have footings.

**Dimensions of Footings.**

45. The width of the bottom of the footing of every wall shall be at least one-half greater than the thickness of the wall at the ground floor level, but in no case less than 16in. wide unless approved by the surveyor, and the height of such footing shall be at least equal to the thickness of the wall at its ground level, but in no case less than 9in.

46. In the case of wooden buildings the foundations thereof for all walls shall be in accordance with by-law 67 of these by-laws.

**External Walls, Brick Etc.**

47. All external walls shall consist of brick, stone, concrete, reinforced concrete, or other hard fire-resisting materials approved by the Board, but the wall of any shop, or building under Class "B" or Class "C" in by-law 4 of these by-laws, which fronts any road, shall be constructed of brick, stone, concrete blocks or reinforced concrete, with a minimum of 10ft. return wall from any such wall in the same material, providing that any building used or intended to be used solely as a dwelling-house may have walls constructed of wood and/or asbestos cement sheets, subject to the conditions set out in these by-laws for buildings wholly or partly of wood.

**Construction of External Walls.**

48. Every wall constructed of brick, stone or other similar materials shall be properly bonded and solidly put together with mortar, and no part of such wall shall overhang any part underneath it to a greater extent than 9in. and as approved by the surveyor, and provided that the projection is well and solidly corbelled out, and that the inside of the wall carrying such corbelling is carried up vertically in continuation of the lower face thereof. All return walls shall be properly bonded together.

All shops, warehouses or any other approved building which is proposed to be built in a town-site, must be built on the building line in front and on one side boundary.

49. Every wall or fireplace of brick, stone or similar material shall have a damp course or courses of asphalt, distilled tar and hot sand or other approved impervious material at least 6in. above the surface of the ground below the lowest floor, and in cases where it is not desirable to place the same throughout the building at the one uniform level, then the said damp course must be laid in horizontal layers connected at the end by a vertical course of the same materials and shall be not less than ½in. thick.

**Hollow Walls.**

50. External walls may be constructed as hollow walls, if constructed in accordance with the following rules:—

(a) The inner and outer parts of the wall shall be separated by a cavity which shall throughout be of a width not exceeding 2in. or less than 1in.

(b) The inner and outer parts of the wall shall be securely tied together with suitable bonding ties of adequate strength formed of galvanised

wire, glazed stone-ware or other approved material. Such ties shall be placed at distances apart not exceeding 3ft. horizontally and at least every fifth course vertically.

(c) The thickness of each part of the wall shall throughout be not less than 4in.

(d) The aggregate thickness of the two parts, excluding the width of the cavity, shall throughout be not less than the minimum thickness prescribed for solid walls of the same height and length.

(e) No hollow wall of not more than 10in. in thickness shall be greater in superficial extent than three squares in any one storey unless strengthened by a partition wall, fireplace or projecting pier to the satisfaction of the surveyor.

#### Special Construction.

51. (a) Notwithstanding the foregoing provisions, the Board may approve the construction of walls of special design, such as monocrete, or reinforced concrete, of dimensions other than as specified above, but subject to limitations and conditions imposed by the Board as a condition of such approval.

(b) Concrete Blocks.—No cement bricks or blocks composed of Portland cement and sand shall contain a lower proportion of cement than as set out below.

(c) For walls not exceeding 10ft. in height, seven parts of clean sharp sand, approved by the Board first, to one part of fresh cement.

(d) For walls exceeding 10ft. in height, the mixture to be in the proportion of six to one.

(e) Bricks for use in piers or any other part of building where extra strength might, in the opinion of the building inspector be necessary, the proportion of cement shall be increased as directed.

(f) All materials to be thoroughly mixed, first twice dry, then twice wet, and well rammed into brick moulds and moisture cured for at least three weeks before being used in any construction work.

(g) Notwithstanding compliance with the foregoing, the Board or its surveyor may condemn any bricks which show faults or do not stand up to a reasonable test carried out by any Government or University laboratory.

#### Thickness of Walls, Domestic Class.

52. No external wall in brick, stone or concrete or cement block shall have less than the thickness prescribed in the following Table A:—

Table A.  
Buildings of Domestic Class.

Length of Wall.	No. of storeys.	Thickness of Walls in inches.	
		Ground floor.	First floor.
Walls built with lime mortar—			
Not exceeding			
30ft. ....	1	9	—
	2	9	9
Exceeding 30ft.			
	1	13½	—
	2	13½	13½
Walls built with cement mortar—			
Not exceeding			
30ft. ....	1	9	—
	2	9	9
Exceeding 30ft.			
	1	9	—
	2	13½	9

53. If any storey exceeds in height 18 times the thickness prescribed for the walls of such storey, the thickness of each external and party wall throughout such storey shall be increased to one-eighth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fourth part of the length of the wall. No increase in thickness of brick walls shall be less than 4in. The height of any storey may be 20 times the thickness of the walls prescribed for such storey if built with cement mortar.

#### Thickness of Walls, Warehouse Class.

54. The external and party walls of buildings of the warehouse class shall be made of not less thickness than that specified in the following Table B:—

Length of Wall.	No. of Storeys.	Thickness of Walls in inches.		
		Ground floor.	First floor.	Second floor.
Buildings of the Warehouse Class.				
Walls built with lime mortar—				
Not exceeding				
75ft. ....	1	13½	—	—

#### Thickness of Walls under Certain Conditions.

55. Walls under 75ft. in length may be constructed 9in. thick, provided they are strengthened with 4½in. piers equally spaced, of which the collective widths amount to one-fifth of the length of the wall. The height shall not exceed 12ft. when built with lime mortar, or 13ft. 6in. when built with cement mortar.

56. The thickness of walls under 20ft. in length may be two-thirds the thickness required for external or party walls as stated in Tables A and B, but in no case less than 9in.

57. If in any storey of a building of the warehouse class the thickness of the wall as determined by the provisions of this part of these by-laws is less than one-sixteenth part of the height of such storey, the thickness of the wall shall be increased to one-sixteenth part of the height of the storey, and the thickness of each external and party wall below that storey shall be increased to that thickness, but any such additional thickness may be confined to piers properly distributed, of which the collective widths amount to one-fifth part of the length of the wall. No increase in thickness of brick walls shall be less than 4in. The height of any storey built in cement mortar may be 18 times the thickness prescribed for such storey.

#### Lengths, How Measured.

58. Walls are deemed to be divided into distinct lengths by return walls, and the length of every wall is measured from the face of one return wall to the face of another, provided that such return walls are external party or cross walls of the thickness required by these by-laws and bonded into the walls so deemed to be divided.

#### Cross Walls.

59. The thickness of a cross wall shall not be less than two-thirds of the thickness hereinbefore required for an external or party wall of the same dimensions and belonging to the same class of building, but never less than 9in. and no wall subdividing shall be deemed to be a cross wall unless it is carried up to the plate level of the top-most storey, and unless in each storey the aggregate extent of the vertical faces or elevation of all the recesses, and that of all the openings therein taken together, does not exceed one-half of the whole extent of the vertical face or elevation of the wall. If a cross wall is carried on a girder across the ground storey and is supported by piers to the satisfaction of the surveyor, it shall be deemed to be a cross wall in accordance with this regulation. But in one-storey buildings of the domestic class 4in. cross walls will be permitted provided the unsupported length of any wall does not exceed 25ft.

60. Wherever a cross wall becomes in any part an external wall, the external portion of such cross wall shall be of the thickness required for an external wall of the same height and length and belonging to the same class of building, but no portion of such cross wall shall be of less thickness than is required for the external portion thereof.

#### Internal and Partition Walls.

61. (1) All external bearing walls and partition walls shall be constructed in such manner as may be approved by the surveyor and shall be of brick, stone, concrete or cement block.

All such walls shall be not less than 4in. thick provided that where such walls form a division between flats then such walls shall be not less than 9in. thick.

(2) Unless with the consent of the surveyor every such wall, unless carried on a bressumer, shall have footings, and such footings shall be of at least twice the thickness of the wall resting upon it.

#### Isolated Piers.

62. No isolated brick or stone piers shall exceed in height eight times the least diameter of same if built of lime mortar, and 12 times if built of cement mortar.

#### Parapet to Walls on Boundary.

63. Where the external wall of any building is erected on the boundary of the land on which the same stands, or where the overhanging eaves or gutter of any building would be within 3ft. of such boundary, then the external wall of such building shall be carried up to form a parapet 15in. at the least in height above the roof or above the highest part of any flat or gutter, as the case may be.

All such parapet walls shall be in brick, stone, concrete or reinforced concrete of an equal thickness of the wall it surmounts.

#### Parapet, Warehouse Class.

64. In buildings of a warehouse class the thickness of such parapet shall be equal to the thickness of such wall in the topmost storey, and in any other building of a thickness of 9in. at least.

#### Party Walls.

65. Every party wall shall be carried up for a height of 18in. above the roof, measured at right angles to the slope thereof, or 18in. above the highest part of any flat or gutter, as the case may be, and of a thickness (in buildings of the warehouse class) equal to the thickness of such wall in the topmost storey and in any other building of a thickness of 9in. if in brick and 6in. if in concrete at the least. Provided, however, that in the case of domestic buildings where not more than two buildings are erected under one roof it shall be sufficient if the party wall is carried up at least 9in. in thickness to the underside of the roof covering and such roof covering of iron, slate or other material must be bedded in good mortar to the satisfaction of the surveyor, and the top of such party wall shall not be hidden from view until it has been approved by the surveyor.

66. Every party wall shall be carried up of the thickness aforesaid above any turret, dormer, lantern light, or other erection of combustible materials fixed upon the roof or flat of any building within 4ft. from such party wall, and shall extend at the least 15in. higher and wider on each side than such erection; and every party wall shall be carried up above any part of any roof opposite thereto, and within 4ft. therefrom.

#### Buildings Wholly or Partly in Wood.

67. The external walls of any wooden building shall not exceed 15ft. in height measured from the floor level to the top of the wall plates.

Every such building shall be wholly in the one occupation or constructed or adapted so to be.

The following shall be the minimum sizes and spacings of timbers. No stud shall be less than 3in. one way and 2in. the other way. Where larger timbers than those specified are used, the spacings may be extended beyond the figures given hereunder, provided the approval of the surveyor is

first obtained. All timber shall be jarrah or other hard wood approved by the Board. Stumps not less than 4in. x 4in., spaced not more than 5ft. centres. They shall be sunk 18in. into the ground and tarred to 6in. above ground surface. All stumps which project 3ft. or more above the ground shall be properly braced to the satisfaction of the surveyor. Any stops of galvanised iron shall be provided, projecting at least 1in. all round.

Sole plates, 12in. x 6in. x 1½in., to be coated with hot tar; these may be dispensed with if thought unnecessary by the building surveyor.

Bearers, 4in. x 3in., at not more than 5ft. centres and kept at least 6in. clear above the ground. A bearer or double joists to be placed underneath all partition walls. Where the bearers have to be joined, they must be halved together and the halving supported by a stump directly underneath.

Floor joists, 4in. x 2in., at not more than 2ft. centres.

Vermin plates, 4in. x 2in.

Studs, 4in. x 2in., at not more than 24in. centres.

Angle and corner studs, not less than 4in. x 4in., but may be comprised of three 4in. x 2in. studs fabricated together.

Where the height of a building does not exceed 10ft. measured from the floor level to the top of the wall plate 3in. x 2in. at 2ft. centres studs and plates may be used with angle and corner studs not less than 3in. x 3in. except where the roof covering is of tiles or slates, in which case 4in. x 2in. studs and plates are to be provided in all external walls.

Rafters 4in. x 2in. at 2ft. centres for tile roofs and 3ft. centres for iron or asbestos roofs.

Under purlins 4in. x 3in. for tile roofs in positions so that no rafter has an unsupported span of more than 7ft.

Struts to under purlins 4in. x 2in. for lengths not exceeding 4ft. to support under purlins at not more than 6ft. intervals.

Battens for iron or asbestos 3in. x 1½in. not more than 3ft. 6in. apart. Battens for tiles 2in. x 1in.

Ceiling joists 4in. x 2in. at not more than 2ft. centres, or 3in. x 2in. at not more than 2ft. centres.

Ceiling hangers 8in. x 1½in. in positions so that no ceiling joist has unsupported span of more than 7ft.

Collar ties 4in. x 1½in.

Ridge 7in. x 1in.

Hips 8in. x 1in.

Valleys 8in. x 1in.

Floorboards 1in. thick before dressing.

Weatherboards, 5½in. weather.

No framing timber in any building shall be notched or checked out so as to decrease the above sizes by more than one-quarter.

W.C.'s shall be constructed not less than 4ft. 8in. x 3ft. internal dimensions and in accordance with any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Vermin Plates.

68. Vermin plates must be used in the construction of all wooden buildings except sheds.

#### Roughcast.

69. Stucco or roughcast work shall be applied only to brickwork or concrete.

#### Interiors of Walls and Ceilings.

70. The interior of all walls and ceilings of every wooden building and the ceiling of every class of building which is intended to be used or shall or may be used as a dwelling-house shall be constructed of plaster sheets or of approved wood, or fire-resisting materials.

#### Roofs.

71. The roof covering of every building shall be of metal, tiles, slates, glass, artificial stone, cement, or other material approved by the Board.

Any roof span of 20ft. or more shall be constructed with principals of a design approved by the Board's surveyor, and such principals to be spaced at not more than 10ft. centres. Approval by the Board may be given under special circumstances for other types of roof to be used. The minimum pitch of any roof will be 28 degrees on the main roof and 20 degrees on a verandah or shed.

#### Flashings and Dampcourses.

71A. All window and door openings which are exposed to the weather shall be properly flashed in accord with the best building practices.

Chimneys must have a complete through flashing of galvanised iron or sheet lead, taken through the stack just above the roof line, turned up  $\frac{1}{2}$  in. inside the flue and turned down over the outside flashings. All foundations for chimneys must have a dampcourse over the whole of the foundation.

#### Re-inforced Concrete Buildings.

72. In all cases where re-inforced concrete is employed, whether in building as a whole or in portions of buildings before the actual carrying out of the work or any portion thereof, complete drawings of such work or portion shall be delivered to the surveyor, showing all details of the construction and the sizes, spacing and arrangement of all the re-inforcing members.

#### Public Buildings.

73. In any case in which the plans of any proposed building are required by law to be approved by the Public Health Department or any other Department such approval shall be obtained before such plans are submitted for the Board's approval.

#### Shops.

74. (1) Every shop shall have a frontage of at least 16ft. to the road.

(2) No shop shall be of less width in any part thereof than 16ft.

#### Access to Rear of Shop.

75. Every shop shall be so erected and built that, without passing through the building there is a reasonable access to the back premises of such shop for the removal of nightsoil and other refuse to a road or lane 10ft. wide at least.

#### Separate Entrance for Shop and Dwelling in different Occupations.

76. If a dwelling attached to a shop is in a different occupation from the shop, a separate entrance from the road shall be provided for the sole use of the occupants of the dwelling.

#### Lighting and Ventilation (Shops).

77. The provisions of this part of these by-laws relating to height of rooms, lighting and ventilating of main rooms in dwellings shall as far as applicable apply to all shops save that the windows need not be constructed to open if other approved provisions for ventilation is made, and the minimum height of ceilings in shops shall be 11ft.

#### Shop Windows.

78. Shop windows intended to be used for the display of goods or business advertisements shall consist of plate or approved glass jointed and fixed in approved metal or approved timber frames, the level of the sill of such frames to be not higher than 30in. nor within 12in. of the level of the footpath immediately adjoining the same.

#### Verandahs over Footpaths, Projections, Signs, Hoardings, Fences.

79. (a) No person shall erect, or cause or permit to be erected, any portico or verandah over the footpath of any road in the district, without first obtaining the consent of the Board in writing, and such portico or verandah shall be of the shape, figure, dimensions, and materials as set out on the plan and specifications for the time being adopted by resolution of the Board, but the lowest part of the frieze or rails of such portico or verandah shall in no case be of less height than 8ft. above the level of the outer edge of the footpath.

(b) No opening shall be made in the roof of such verandah for the purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with a fine mesh wire netting, or armoured glass, to the satisfaction of the Board.

(c) No cantilever verandah shall be erected on a brick, cement, or stone building unless it is securely anchored to both external walls by lin. diameter tie-rods carried from a point within 3ft. 6in. of the front of the verandah to the front wall at a height of not less than 4ft. above the abutment of the verandah, and thence back into the side walls not less than 12ft. and to a depth of not less than 6ft. below the top plate level. Intermediate ties shall be spaced at not more than 10ft. intervals, and shall be tied in a similar manner to the end ties, except that they may be anchored to a truss constructed for the purpose or to the roof timbers to the satisfaction of the Board. All cantilever verandahs parallel to more than one street alignment shall have double stays at each corner or angle between alignments.

(d) The Board may require that any or all awnings or verandahs proposed to be erected over a public place shall be of the cantilever type. No balcony shall be closed for living or sleeping purposes without the Board's written consent.

No verandah shall be erected over any footpath unless it is 8ft. in height from the footpath, and, if supporting posts be used, these shall be placed 9ft. from the building line to the outside of the posts and as close to the kerbing as the Board may direct, to conform with the footpath width of 9ft.

(e) No opening shall be made in the roof of such verandah for purpose of affording light, unless such opening be properly framed and glazed with approved glass protected underneath with a fine mesh wire netting, or armoured glass, to the satisfaction of the Board.

#### United Buildings.

##### Buildings not to be United.

80. Buildings shall not be united except where they are wholly in one occupation, but doorways may be allowed in party structures opening on to staircases, landings, or passages provided they are protected with iron-cased or tin-clad doors. Such doors shall be hung so as not to block the staircase, landing or passages.

81. Buildings shall not be united if, when so united and considered as one building only, they would not be in conformity with the provisions of these by-laws.

##### Buildings deemed to be United.

82. Buildings shall be deemed to be united when any opening is made in the party wall or the external walls dividing such buildings, or when such buildings are so connected that there is access from one building to the other without passing in to the open air, provided that building shall not be deemed to be united when they are connected only by an open gangway.

##### Alterations, Additions, etc.

##### Alterations.

83. Except with the consent of the surveyor, no alteration shall be made in any building in such manner that when so altered it will by reason of such alteration not be in conformity with the provisions of these by-laws relating to new buildings.

##### Re-building Party or External Walls.

84. Unless in any case, the surveyor otherwise allows where a party or external wall not in conformity with these by-laws has been taken down, burnt or destroyed to the extent of one-half thereof (measured in superficial feet) every remaining portion of the old wall not in conformity with these by-laws shall either be made to conform therewith or be taken down before the re-building thereof.

##### Additions or Alterations.

85. Every addition to or alteration of a building and any other work made or done for any purpose in or upon a building (except that of neces-

sary repairs not affecting the construction of any external cross, or party wall) shall, so far as regards such additions or alterations or other work, be subject to the provisions of these by-laws relating to new buildings.

#### Ventilation, Lighting and Drainage. Height of Rooms.

86. The main rooms in all buildings shall be in every part not less than 9ft. from floor to ceiling and the minimum for laundries and bathrooms shall be 7ft.

#### Minimum Area of Rooms.

87. No rooms shall have less floor area than 100 sq. ft. and no wall of such rooms shall be less than 9ft. in length; provided this clause shall not apply to bathrooms, which shall have a minimum area of 36 sq. ft.

#### Laundries and Bathrooms.

88. Where a laundry or a bathroom shall not be part of the main building, but portion of a verandah closed in as such the minimum floor to ceiling height shall be 7ft.

#### Height of Verandahs.

89. The minimum height from the floor to the top of the plate on a verandah shall not be less than 7ft. unless approved.

#### Closed-in Verandahs.

90. Where a verandah is closed in for any purpose other than a bathroom or laundry the minimum height shall be not less than 7ft. The minimum floor area of a verandah closed in for the purpose of sleep-out shall be 80 square feet.

Any verandah shall not be totally enclosed for habitation or sleeping, but may be partially enclosed if of a minimum height of 7ft. as hereunder:—

(1) A brick, concrete, jarrah, or asbestos dado shall be constructed for a maximum height of 4ft. from the floor level of such verandah or sleep-out in accordance with the existing by-laws.

(2) The space above the dado shall be constructed as follows:—

- (a) Of fly wire totally; or
- (b) of fixed clear or white obscure glass louvres, minimum height 4ft.; or
- (c) of mechanically adjustable (to open and partially close) clear or white obscure glass louvres, minimum height 3ft. 6in. sash;
- (d) louvres described in (b) and (c) shall be approved by the Board or building surveyor;
- (e) of sliding windows containing clear or white obscure glass, minimum height 3ft. 6in. sash;
- (f) the total area of the louvres or windows described in (b), (c), (e), shall not be less than 33½ per cent. of the total area of the external walls of the sleep-out or verandah measured along the side and one end, but the end exposed to weather (paragraph g) shall not be included in this measurement;
- (g) subject to the approval of the Board or the building surveyor the end of the verandah or sleep-out most exposed to the wet weather may be totally closed up in brick, concrete, jarrah, or asbestos, but one window, minimum size 3ft. x 2ft. shall be provided in such enclosed end if any existing window is in close proximity or may have its lighting reduced unduly by such total enclosing.

(3) Any sleep-out or partially enclosed verandah shall provide that any existing windows shall not be obscured by any opaque substance which will reduce the existing lighting to existing rooms.

(4) New sleep-outs of minimum height of 7ft. (not being partially enclosed verandahs) shall comply fully with this by-law and existing by-laws.

(5) The rules in this by-law shall not apply to a sleep-out where its height from the floor to ceiling is 9ft. or more, providing the floor area is 100 square feet or more, and providing its total air space is not less than 720 cubic feet but shall comply with the existing by-laws for habitable rooms.

(a) No verandah shall be added to a verandah.

#### Windows and Ventilators.

91. All rooms in a building intended to be used as a dwelling shall have one or more windows opening into the external air, the area of such windows to be equivalent to at least one-tenth of the floor area and shall be ventilated by ventilators communicating directly with the outside air placed near the ceiling of each room and of an area satisfactory to the surveyor and in accordance with any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Ventilation (Other than Dwellings).

92. The ventilation of all buildings, parts of buildings, type of ventilators to be used, arrangement and situation of ventilation openings shall be in accordance with any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Floors.

93. Floors, other than verandah floors, shall be a fixed level and in all buildings the floor immediately above the ground, if of wood, shall have a space of not less than 6in. between the ground and the under side of the bearers.

#### Space under Floors.

94. The space under the ground floor of every building shall have a sufficiency of openings through all walls under the floor thoroughly to ventilate the same in accordance with any provisions of the Health Act or regulations or by-laws made thereunder which may from time to time be applicable.

All builders' rubbish to be cleared from under floors before flooring is finally nailed down.

#### Water not to be Allowed to Drip on any Public Place.

95. Roofs, gutters and flashings of any building and of any projection therefrom, and also balconies, verandahs and shop fronts, shall be so arranged and constructed and supplied with gutters and pipes as to prevent the water therefrom dropping or running over any public way. All such pipes, gutters, and flashings shall be made of metal and shall be maintained in good condition.

#### Permit may be Refused if Drainage not Satisfactory.

96. The Board may refuse to approve the plan of any building or of any addition or alteration to any building until it is satisfied that the proposed building, or addition, or alteration, and the site and curtilage thereof will be properly drained in accordance with any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Low Lying Land.

97. Where land upon which a building is to be erected, is below the level of the crown of the road adjoining the land frontage, no building shall be commenced until a level has been given by the surveyor. When it is considered by the surveyor that having regard to the water level during winter months, filling is required, such filling shall be carried out by the owner or contractor before the commencement of building operations. In the event of there being no made road from which to take a level for any building the surveyor shall determine the level at which any building shall be commenced and if he considers it to be necessary shall require the owner or contractor to fill in to a given level.

#### Septic Tanks.

98. The plans for a new building where a public sewer is not available shall include provision for the proper disposal of sewage by means of the septic tank system, excepting areas and properties where the M.W.S.S. & D. Department mains are not available for service, such septic tank shall be in accordance with any provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Drainage of Waste Water.

99. Every person who shall erect a building shall provide proper drains sufficient for carrying away all waste waters into properly constructed soak wells, or french drains in conformity with the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

100. Waste water pipes from baths, sinks, and wash troughs shall be of wrought iron with trap fittings at all right angles, and shall discharge over a proper earthenware "P" trap with 4in. glazed earthenware drain pipes properly cemented at joints and communicating with a properly constructed soak well or french drain at least 20ft. from any dwelling, in conformity with the provisions of the Health Act or regulations or by-laws made thereunder, which may from time to time be applicable.

#### Roof Water Disposal.

101. All buildings shall be provided with gutters and downpipes of approved sizes sufficient to carry all water from every part of the roof in an efficient manner, such water shall be carried at least 2ft. clear of the foundations of the buildings. In the case of large buildings where the surveyor shall deem it necessary, all stormwater from the roof of such buildings shall be carried by pipes direct to the street drains of gutters in such a manner as directed by the surveyor.

#### Removal of Buildings.

102. If any building is removed from outside the district to within the district, or from a site within the district to another site within the district, whether on the same or another block of land, such building shall be deemed for the purpose of these by-laws to be a new building erected for the first time on the site, whither it is removed. Any building shall be subjected to an inspection by the Board's surveyor and the Board may refuse such application, if, in the opinion of the surveyor, the building is not sufficiently sound.

#### Porch Landings, Etc.

103. Every porch, gangway, outside landing and outside step shall be of fire-resisting material, and shall not project beyond the boundary of any road or public place.

#### Provision of Manhole in Ceiling.

104. Every building shall be provided with one or more manholes in the ceiling to enable access to be gained to the underside of the roof.

#### Signboard, Hanging Lamp, Etc.

105. No signboard, hanging lamp or other fixture shall be erected on or attached to any building or verandah projecting over any road unless the permission in writing of the Board be first obtained. Each such signboard, hanging lamp, or other fixture shall be of material, construction, and design approved by the surveyor, and shall be in no part less than 8ft. 6in. above the level of the footpath or road. No signboard shall exceed in depth 3ft. nor, unless attached to a verandah, project over the footpath or road, except with the approval of the Board.

#### Unightly or Dangerous Fence.

106. When any fence abutting on any road or public place within the district is in a dangerous or unsightly state, the Board may, by notice in writing to be served on the owner of such fence, require such owner within 14 days from the receipt of such notice to take down, or repair, such fence as the case may require, and such owner shall comply with such notice.

#### Fencing and Walls.

107. Every fence to be hereafter erected abutting on any road or public place shall have affixed thereto a plinth at least 9in. high, unless the surveyor shall consent in writing to such plinth being of less height, and every wall of brick, stone, concrete or other similar substance shall be constructed with a base to be approved by the surveyor.

#### Chimneys, Flues, Fireplaces and Heating Apparatus.

##### Foundations, Footings, Etc.

108. In all recognised townships throughout this road board district, all chimneys shall only be constructed of approved brick, cement brick or stone construction. In such other areas set aside by the Board, sheet iron chimneys may be approved.

(2) Chimneys shall be built in solid foundations and with footings similar to the footings of the wall against which they are built, unless they are carried on iron girders with direct bearings upon party, external or cross walls, to the satisfaction of the surveyor, or on corbels of brick, stone or other incombustible material and the work so corbelled out does not project from the wall more than the thickness of the wall, measured immediately below the corbel.

(3) Chimneys may be corbelled out not more than 14in. from walls 9in. thickness, on corbels of stone or other incombustible material not less than 10in. in depth and of the full width of the jambs.

##### Chimneys, etc., with Soot Doors.

109. (1) Chimneys and flues having proper soot doors of not less than 40 square inches may be constructed at such angle as is approved by the surveyor, but in no other case shall any flue be inclined at a less angle than 45 degrees to the horizon, and every angle shall be properly rounded.

(2) All soot doors shall be distant at least 15in. from any woodwork.

##### Arches.

110. An arch of brick or stone of sufficient strength shall be built over the opening of every chimney to support the breast thereof. Every camber arch shall have the abutments tied in by an iron bar, or bars of sufficient strength, turned up or down at the ends, and built into the jamb for at least 4½in. on each side.

##### Cowls over other than Wood Stoves.

111. Every gas, electric or fuel stove other than wood stove used in a dwelling shall be provided with a cowl of fire-resisting material and flues to the satisfaction of the Board.

##### Flues.

112. A flue shall not be adapted to or used for any new oven, furnace, steam boiler or other fire used for any purpose or trade or business, or to or for the range or cooking apparatus of any hotel, tavern or eating-house unless the flue is surrounded with brickwork at least 9in. thick or re-inforced concrete 6in. thick from the floor to the storey on which such oven, furnace, steam boiler or other fire is situated to 12in. above the roof.

##### Flues in Connection with Engines.

113. A flue shall not be used in connection with a steam boiler or hot-air engine, unless the flue is at least 20ft. in height measured from the level of the floor on which the engine is placed.

##### Jambs.

114. The jambs of every fireplace opening shall extend at least 9in. on each side of the opening thereof.

##### Incombustible Material in Certain Cases.

115. The breast of every chimney shall be of incombustible material, at least 4in. in thickness and the brickwork surrounding every smoke flue shall be at least 4in. in thickness: Provided that where a ventilating flue is carried up with a constructed iron wythe of case iron not less than 1in. in thickness.

Approval may be granted by the building surveyor if he thinks fit, to frame up the chimney breast with suitable wooden framing sheathed over with plaster board lining or other approved material.

#### Backs of Fireplaces.

116. The back of every fireplace opening in party or external walls from the hearth up to a height of 12in. above the lintel or arch shall be brickwork at least 9in. thick or shall be re-inforced concrete 6in. thick. No flue shall be within 2in. of the centre line of any party wall.

#### Thickness of Flues.

117. The thickness of the upper side of every flue when its course makes with the horizon an angle of less than 45 degrees, shall be at least 9in.

#### Height.

118. Every chimney, flue, or chimney shaft shall be carried up in brick or stonework at least 4in. thick throughout to a height of not less than 12in. above the roof, flat or gutter adjoining thereto, measured at the highest point in the line of junction with such roof, flat or gutter.

#### Top Courses.

119. The highest six courses of every chimney stack or shaft shall be built in cement mortar.

#### Chimney Shafts.

120. The brickwork or stonework of any chimney shaft, except that of the furnace of any steam engine, brewery, distillery or manufactory shall not be built higher above the roof flat or gutter adjoining thereto, than a height equal to six times the least width of such chimney shaft at the level of such highest point in the line of junction, unless such chimney shaft is built with and bonded to another chimney shaft not in the same line with the first or otherwise rendered secure to the approval of the surveyor.

#### Slabs.

121. There shall be laid level with the floor of every storey, before the opening of every chimney, a slab of stone, slate, or other incombustible substance, at the least 6in. longer on each side than the width of such opening and at least 14in. wide in front of the breast thereof.

#### How to be Laid.

122. On every floor, except the lowest floor, such slab shall be laid wholly on stone or iron bearers or upon brick trimmers, or other incombustible material, but on the lowest floor it may be bedded on concrete covering the site, or on solid materials placed on such concrete.

#### Hearths, etc.

123. The hearth or slab of every chimney shall be bedded wholly on brick, stone, or other incombustible substance and shall, together with such substance, be solid for a thickness of 6in. at least beneath the upper surface of such hearth or slab.

#### Flues in Party Walls.

124. A flue shall not be built in or against any party structure or existing wall, unless it is surrounded with good sound brickwork or other approved material at least 4in. in thickness, properly bonded to the satisfaction of the surveyor.

#### Cutting Away Chimney Breast.

125. A chimney breast or shaft, built with or in any party wall, shall not be cut away, unless the surveyor certifies that it can be done without injuriously affecting the stability of any building.

#### Cutting Away Chimney Shaft.

126. A chimney shaft, jamb, breast or flue shall not be cut into, except for the purpose of repair or doing one or more of the following things:—

(a) Letting in or removing, or altering flues, pipes or funnels for the conveyance of smoke, hot air or steam.

(b) Forming openings for soot doors, each opening to be fitted with a close iron door and frames.

(c) Making openings for the insertion of ventilating valves: Provided that an opening shall not be made nearer than 12in. to any timber or combustible substance.

#### Position of Timber Work.

127. Timber or woodwork shall not be placed—

(a) under any chimney opening within 6in. from the upper surface of the hearth or such chimney opening;

(b) within 2in. from the face of the brickwork or stonework about any chimney or flue, unless the face of such brickwork or stonework is rendered.

#### Position of Wooden Plugs.

128. Wooden plugs shall not be driven nearer than 3in. to the inside of any flue or chimney opening, nor any iron holdfast or other iron fastening nearer than 2in. thereto.

129. No iron or steel joists or other ironwork shall be placed in any flue, except in so far as the same may be required for insuring stability.

#### Floors above Furnace or Oven.

130. The floor or roof over any room or enclosed space in which a furnace is fixed and any floor within 18in. from the crown of an oven shall be constructed of fire-resisting materials.

#### Exempted Buildings.

##### Ferries, Aviaries, Etc.

131. These by-laws shall not apply to any greenhouse, fernery, aviary, or to an outbuilding if such outbuilding is in an area of not less than five acres, used for agricultural purposes.

(a) Temporary and movable offices and sheds used by builders during the construction of any building at or about the site of such building shall be exempt for a period not exceeding 12 months.

#### Sanitary Conveniences for Workmen.

132. Before commencing any building operations upon any building site, the contractor or person responsible for carrying out building operations shall provide sanitary conveniences sufficient for the use of all men working upon the site, such sanitary conveniences shall be in accordance with the requirements of the Health Act.

#### Enforcement of By-laws and Penalties.

No Building may be erected except in Compliance with these By-laws.

133. (a) No person shall erect, build, or construct, remove or make any alteration or addition to, or cause to be erected, built, or constructed, removed, or make any alteration or addition to any building contrary to the provisions of these by-laws.

#### Notice to Make Building Conform to By-laws.

(b) If any building shall be wholly or partly built, or erected, or added to, or altered, contrary to, or not in conformity with the provisions of these by-laws, the Board or any officer thereof may give to the owner, occupier or builder, or leave upon the site of such building notice in writing to bring such building into conformity with the said provisions, or requiring the pulling down or removal of such building within the time as limited in such notice, and such owner, occupier, or builder shall comply with such notice within the time therein limited.

#### Penalty for Breach.

134. Any person who shall be guilty of any breach of any of the provisions of these by-laws, or shall fail to duly comply with any notice hereunder, shall be liable for every offence to a penalty of not less than one pound and not exceeding twenty pounds.

#### Ground Floor Level.

135. No person shall erect a new building with the ground floor level less than 6in. above crown of the road fronting such land unless written permission has first been obtained from the Board.

**No User Infringing By-law.**

136. No person shall occupy or permit to be occupied any building for any purpose for which such building could not have been built under the provisions of these by-laws; provided that this by-law shall not prevent the continued use of any building in existence at the time of coming into operation of these by-laws for any purpose for which it was then being used.

**Licenses for Hoardings.**

137. The Board may grant licenses in accordance with the provisions of Regulation (3) of the Second Schedule of the Road Districts Act for the erection of a hoarding or fence to the satisfaction of the surveyor. Such license shall be in the Form A of the Third Schedule hereto.

**Licenses for Deposit of Materials on Roads, Etc.**

138. The Board may grant license in accordance with the provisions of Regulation (4) of the Second Schedule of the Road Districts Act for the deposit of materials on any road or way or the making of any excavation on any land abutting on or adjoining or contiguous to any road or way. Such deposit or excavation shall be to the approval of the surveyor. The license shall be in the Form B in the Third Schedule hereto.

Before granting a license to deposit the materials or make an excavation, the Board may require from the applicant a sum determined by the surveyor to be held as a deposit to cover the cost of carrying out repairs to the road, footpath, kerb, etc., made necessary by the deposit or excavation concerned.

**Steps or Ramps.**

139. Where it becomes necessary to construct any step or flight of steps or ramp, to gain access to any building, the following minimum timber sizes shall apply for any flight of more than two steps:—

- Stringers 8in. x 1½in. Treads 10in. x 1½in.
- Newal posts 4in. x 4in.
- Hand rails 3in. x 2in.

No step or ramp shall rise more than 8in. on each tread.

No step or ramp shall be less than 3ft. in width. No ramp shall be steeper than 25 degrees.

Stone, brick, or concrete may be used to form up any necessary steps or ramps, providing construction conforms to the best building practices.

### 3.—Definitions.

(a) "Board" shall mean a departmental board comprising the Director of Works, Chief Civil Engineer (Railway Department), the Surveyor General, and the Commissioner of Main Roads or their representative nominees, who shall be responsible professional officers.

(b) "Probationer" shall mean a chainman, axeman or labourer with less than three months' experience of survey work.

(c) "Survey hand" shall mean a chainman, axeman or labourer with not less than three months' experience of survey work.

(d) "Survey hand, 1st class" shall be an employee certificated by the Board as such after the prescribed examination.

(e) "Foreman in charge, under six men" shall mean an employee placed in charge of the other men in the survey party, but it shall not be part of his ordinary duties to use survey instruments, and excludes the duties of instrument hand, or senior hand, Lands Department.

(f) "Foreman in charge of six men or more" shall mean an employee placed in charge of the other men in the survey party, but it shall not be part of his ordinary duties to use survey instruments, and excludes the duties of instrument hand, or senior hand, Lands Department.

(g) "Instrument hand" (other than Lands Department) shall mean an employee who is called upon to use instruments such as the plane table, level, theodolite and prismatic compass. In addition, the instrument hand may also be required to perform the duties of a foreman.

(h) "Senior hand, Lands Department" shall be an employee classed as such by the Surveyor General, and who shall be capable of performing, and who may be called upon to perform, any or all of the field duties in a Lands Department Survey party, including those of a foreman, but who shall not be called upon to use the theodolite, plane table, or dumpy level.

(i) "Motor driver, outside metropolitan area" shall mean an employee who drives and services a motor vehicle and may be required to perform other classes of work as required by the officer in charge.

(j) "Survey party" shall mean a survey party carrying out survey work for the Lands, Mines, Public Works Departments, the Commissioner of Main Roads, or the Western Australian Government Railways Commission, and shall include Government contracts, provided that this Award shall not apply to employees of the Western Australian Government Railways Commission who are covered by Award No. 31 of 1948.

### 4.—Board Functions.

The Board shall be responsible for the *viva voce* examination and classification of survey hands, and shall issue a certificate to survey hands.

Each survey hand at present engaged in any department shall be examined and classified by the Board and a certificate issued.

The certificate shall be a document duly signed by a member of the Board, which shall certify the classification of the survey hand, and contain a record of service. The record of service shall be endorsed on the certificate by the engineer, surveyor, field assistant, or field supervisor in charge of the survey party, and duly signed.

The *viva voce* examination of a survey hand may be carried out by each professional departmental nominee within his particular department, and such nominee will make his recommendation to the Board through the executive chief of his department.

When a survey hand is dissatisfied with the decision of the examining engineer, surveyor, etc., he may appeal firstly to the executive head of the employing department, and secondly, to the Board.

The Board may delegate all or any authority to its nominees to do any of the aforesaid things.

### 5.—Hours.

(a) Except where otherwise stated in this Award, forty (40) hours shall constitute a week's work and ten (10) hours shall be the maximum on any one day without payment of overtime. The systematic working of ten (10) hours per day on successive days is not permitted, except under special circumstances.

(b) (i) The Department may require any worker to work reasonable overtime at overtime rates, and such worker shall work overtime in accordance with such requirement.

(ii) The Union or worker or workers covered by this Award shall not in any way, whether directly or indirectly, be party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

### 6.—Overtime.

(a) Except where otherwise provided, all time in excess of forty (40) hours per week or 10 hours in any one day shall be deemed to be overtime and shall be paid for at the rate of time and a half for the first four hours and double time thereafter.

(b) For all work required to be performed on Sunday, except in the case of employees whose wage covers a seven-day week, double time shall be paid.

### 7.—Wages.

6. Probationer .....	Nil
7. (a) Survey hand-motor driver (metropolitan area) who drives and services a vehicle in addition to field work .....	18 0
(b) Survey hand-motor driver (outside metropolitan area) who drives, services and maintains a vehicle in addition to field work (covers all overtime and Sunday work other than driving on Sunday for departmental requirements) .....	2 5 0
8. Instrument hand, other than Lands Department .....	2 10 0
9. Senior hand, Lands Department .....	2 10 0
10. Survey hand, 1st class .....	1 4 0
11. Casual workers—	
(a) Casual workers shall be paid 10 per cent. over the rates provided by this Award for the particular employee's occupation.	
(b) A casual worker shall mean one for whom work over a period of one week, not counting holidays, is not provided by the Department.	

8.—Camp Allowance.

(a) Workers required to camp at or near the job shall be paid an allowance of 20s. per week where a cook is not provided at the Department's expense. Where a cook is so provided, or in the case of a flying camp when there is a cook in the main camp and cooked food is supplied regularly from the main camp, the allowance shall be reduced to 10s. per week. For broken periods, this particular allowance shall be calculated at one-sixth, viz., 3s. 4d. per day and 1s. 8d. per day, respectively.

(b) The above allowance covers a week of five, six or seven days.

9.—Equipment.

All tents, cooking utensils and tools shall be supplied by the Department.

10.—Fares.

(a) Fares and time during ordinary working hours shall be paid from place of engagement to the camp.

(b) On completion of the work, or if the employee has worked satisfactorily for a period of not less than three months, return fare to place of engagement shall be paid.

(c) Time during ordinary working hours on return journey shall also be paid when returning on completion of job.

(d) Employees shall proceed by the most direct route.

11.—Travelling Allowance.

When travelling on duty, or when away from camp and out of pocket expenses are necessarily incurred, the travelling allowance of 14s. per day shall be paid. Such allowance shall cover any time put in travelling over the ordinary working time.

12.—Minimum Age.

No person under the age of 18 shall be employed under this Award in any camp.

13.—Long Service Leave.

The conditions relating to full-time Government wages employees generally as now in force or as amended during the currency of this Award shall apply.

14.—Walking Time.

(a) The time of working shall start from time of leaving camp or surveyor's office and shall include the time in excess of 40 minutes occupied in return to camp or surveyor's office. The surveyor shall determine the travelling time allowed.

(b) Employees in No. 1 District—not in camp—whose place of work is situated more than one mile from the nearest tram, bus, or railway station shall be paid an allowance of 6d. per day in addition to their ordinary pay, unless travelling in the Department's time.

15.—Union Representative.

The duly appointed representative of the Union shall be recognised by the surveyor in charge as the official of the Union on the job.

16.—Wet Weather.

There shall be no deduction from wages from the ordinary working hours on account of wet weather, provided—

(a) the surveyor or field assistant in charge shall decide whether or not it is too wet to work;

(b) the employees shall hold themselves in readiness to commence work at any time required by the surveyor or field assistant, and shall do work such as making pegs, mending and cleaning chains, etc., which can be carried on under cover, such as that of a tent fly, if the surveyor so requires.

17.—First Aid Outfit.

The Department shall provide and keep a first-aid chest at each camp.

18.—In Water Allowance.

Except in the district as defined in clause 22, employees working in swamps or wet places whereby in either case their feet are continually in water for one hour, shall receive 1s. 4d. per day or part of a day extra.

19.—Preference of Employment.

Preference of employment shall be given to financial members of the Australian Workers' Union.

20.—Annual Leave.

(a) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by the Department after a period of 12 months' continuous service with such Department.

(b) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day, being an ordinary working day, for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause, no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay, unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by the Department for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with the Department.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for pecculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for pecculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them: Provided that nothing herein contained shall deprive the Department of its right to retain such workers at work during the close-down period as may be essential.

(g) Workers regularly working for the Government North of South latitude 26 shall be allowed to accumulate annual leave for two years, subject to the convenience of the Department. Such workers who proceed to Fremantle and Geraldton during the period of such leave shall be allowed once in each two years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said ports.

(h) "Ordinary wages," for the purpose of sub-clause (a) hereof, shall mean the rate of wage the worker has received for the greatest proportion of the calendar month prior to his taking the leave.

(i) The provisions of this clause shall not apply to casual workers.

#### 21.—Public Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all workers, and be paid for, namely, New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, Queen's Birthday, Christmas Day and Boxing Day.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday, he shall be paid for the time worked as if it was an ordinary working day and shall, in addition be allowed a day's leave with pay to be added to the annual leave, or to be taken at some subsequent date if the worker so agrees.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty, or available on the whole of the working day immediately preceding a holiday, or resumes duty, or is available on the whole of the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

#### 22.—Special Allowance (Extreme South-West).

Survey hands employed within the area defined hereunder shall be paid a special allowance, as under:—

June to September, both inclusive—1s. 4d. per day.

October to May, both inclusive—8d. per day.

Area referred to "bounded by lines starting from the most Westerly point on the shore at Port Hughes, and extending North-Westerly to Mt. Lindsay; then to Mt. Roe; thence through the junction of Big Brook and the Donnelly River to Barlee Brook; thence West to a line extending North from Dickson's Trig. Station; thence South-Easterly and Easterly along the sea coast to the starting point."

#### 23.—Contract of Service.

(a) One week's notice shall be given by either side to terminate the engagement, such notice may be given before noon on any day. This shall not apply to a casual worker, when one hour's notice will suffice.

(b) This clause shall not affect the Department's right to summarily dismiss for misconduct, and in such cases wages shall be paid up to time of dismissal only.

(c) Should any work be temporarily closed down at Easter, Christmas or New Year, a worker shall not be entitled to payment in excess of holiday pay which has accrued under clause 20.

#### 24.—Sick Leave.

(a) (i) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week's pay for each completed month of service.

(ii) The liability of the employer shall in no case exceed one (1) week's wages during each calendar year in respect of each worker, but the sick leave herein provided shall be allowed to accumulate and any portion unused in any year may be availed of in the next or any succeeding year.

(iii) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) The clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1952.

(c) Evidence satisfactory to the surveyor shall be produced before payment of any wages under this subclause.

#### 25.—District Allowance.

District allowances calculated on the rates specified below shall be paid in the undermentioned areas.

Boundaries of Districts.	Allowance per Week. £ s. d.
1. The area within a line commencing on coast; thence East along lat. 28 to Tallering Peak; thence South-East to Mt Gibson and Burracoppin; thence to a point South-East at the junction of lat. 32 and long. 119; thence South along long. 119 to coast	Nil
2. The area within a line commencing on the coast at lat. 27; thence East to a point on long. 119; thence South along long. 119 to lat. 28; thence East along lat. 28 to a point North of Mt. Redcliffe; thence due South along to a point on lat. 30; thence East along lat. 30 to long. 123; thence South along long. 123 to the coast; thence along the coast to the boundary of No. 1 District	5 0
3. The area within a line commencing on coast at lat. 26; thence along lat. 26 to long. 123; thence South along long. 123 to the boundary of No. 2 District	9 0
4. The area within a line commencing on the coast at lat. 24; thence East to the South Australian border; thence South to the coast; thence along the coast to long. 123; thence North to the intersection of lat. 26; thence West along lat. 26 to the coast	15 0
5. That area of the State situated between the lat. 24 and a line running East from Carnot Bay to the South Australian border	1 10 0
6. That area of the State North of a line running East from Carnot Bay to the South Australian border	1 18 0

The above allowances cover a week, whether of five, six or seven days. For periods of less than five days, one-seventh of the above shall be payable for each day or part thereof: Provided, however, that employees who have worked at least one-half of a week shall be given the benefit of Sunday in the calculation of district allowances.

## 26.—Allowances—General.

The special, district and camp allowance shall not be treated as "wages" in the computation of overtime, holiday pay, or for other similar purposes, provided, however, that should a worker remain in the district whilst on annual leave the district allowance shall be paid.

## 27.—Term.

This Award shall operate as from the date of issue and shall remain in force for a period of one year from such date.

## 28.—Area and Scope.

This Award shall apply to workers who are eligible for membership in the applicant Union, and who are employed by the respondents in the vocations mentioned herein, and shall operate over the whole of the State.

## 29.—Board of Reference.

(i) For the purpose of this Award, a Board of Reference is hereby appointed, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The said Board shall have assigned to it, in the event of no agreement being arrived at between the parties to the dispute, the functions of—

- (a) adjusting any matters of differences which may arise from time to time, except such as involve interpretation of the provisions of this Award or any of them;
- (b) dealing with any other matter which the Court may refer to the Board from time to time.

(ii) An appeal shall lie from any decision of such Board, in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1952, which for this purpose are embodied in this Award.

## 30.—Medical Examination.

Survey employees engaged or working in districts other than Districts 1 and 2 may be medically examined at the expense of the Department concerned and certified as medically fit before being engaged, provided this shall not apply to casual workers.

I certify, pursuant to section 65 of the Industrial Arbitration Act, 1912-1952, that the foregoing is a copy of the Agreement arrived at between the parties mentioned above.

Dated at Perth this 5th day of June, 1953.

## W.A. COAL INDUSTRY TRIBUNAL.

In the matter of the Mining Act Amendment Act, No. 84 of 1948, Part XIII, Division 1, and in the matter of an Award made in the matter of an industrial dispute wherein the Coal Miners' Industrial Union of Workers, Collie, and Amalgamated Collieries of W.A. Ltd., and others, are parties.

The Union make application to vary Long Service Leave Order by adding to Clause 11, after Subclause IX, Subclauses IX (a) and IX (b).

(Application No. 9/53, W.A.C.I.T.)

THE Tribunal hereby awards, orders and determines (by consent)\*:—

A. That the Coal Mining Industry Long Service Leave (Miners, W.A.) Award made on the 17th day of April, 1951 (C.R.B. 774), as varied, be further varied in manner following, that is to say:—

By inserting after subclause (IX) of clause 11 of the said Award, the following new subclauses:—

(IX) (a) An employee whose services are terminated by his employer after the 4th September, 1952, because of flood, fire or slackness of trade, who at the date of such termination has accumulated a minimum of 65 shifts of entitlement and in respect of whom upon application by him the Coal Industry Tribunal certifies either that suitable employment in the coal mining industry is not available, or that there is reasonable excuse for not accepting such employment, shall be granted payment on the basis of one day's pay at the appropriate rate for his class of work (which in the case of a contract worker shall be at the rate payable to him for annual leave purposes) for each shift of entitlement accumulated by him and in respect of which long service leave has not already been taken.

(b) An employee whose services are terminated by his employer after the 4th September, 1952, because of flood, fire or slackness of trade, who at the date of such termination has accumulated shifts of entitlement in respect of which long service leave has not already been taken or payment made in lieu thereof, and who takes all reasonable steps to obtain employment in the coal mining industry and resumes work therein within three months of such termination or within such longer period as the Coal Industry Tribunal upon application to it considers reasonable, and shall thereupon be given credit for such shifts of entitlement.

B. The foregoing variation is issued subject to provision for reimbursement of respondent employers out of State Long Service Leave Trust Funds and shall otherwise operate on and from the 5th day of December, 1952, and shall remain in force until further order, or varied, or the 19th day of June, 1954.

Dated at Collie this 20th day of May, 1953.

W. J. WALLWORK,  
Chairman, W.A. Coal Industry Tribunal.

Filed in my office this 10th day of June, 1953.

## W.A. COAL INDUSTRY TRIBUNAL.

In the matter of the Mining Act Amendment Act, No. 84 of 1948, Part XIII, Division 1, and in the matter of an Award made in the matter of an industrial dispute wherein The Australasian Society of Engineers Industrial Union of Workers, Collie River Districts Branch, and Amalgamated Collieries of W.A. Ltd, and others, are parties.

The Union make application to vary Long Service Leave Order by adding to Clause 11, after Subclause IX, Subclauses IX (a) and IX (b).

(Application No. 12/53 W.A.C.I.T.)

THE Tribunal hereby awards, orders and determines (by consent)\*:—

A. That the Coal Mining Industry Long Service Leave (A.S.E., W.A.) Award made on the 1st day of February, 1951 (C.R.B. 800), as varied, be further varied in manner following, that is to say:—

By inserting after subclause (IX) of clause 11 of the said Award the following new subclauses:—

(IX) (a) An employee whose services are terminated by his employer after the 4th September, 1952, because of flood, fire or slackness of trade, who at the date of such termination has accumulated a minimum of 65 shifts of entitlement and in respect of whom upon application by him the Coal Industry Tribunal certifies either that suitable employment in the coal mining industry is not available, or that there is reasonable excuse for not accepting such employment, shall be granted payment

on the basis of one day's pay at the appropriate rate for his class of work (which in the case of a contract worker shall be at the rate payable to him for annual leave purposes) for each shift of entitlement accumulated by him and in respect of which long service leave has not already been taken.

(b) An employee whose services are terminated by his employer after the 4th September, 1952, because of flood, fire or slackness of trade, who at the date of such termination has accumulated shifts of entitlement in respect of which long service leave has not already been taken, or payment made in lieu thereof, and who takes all reasonable steps to obtain employment in the coal mining industry, and resumes work therein within three months of such termination, or within such longer period as the Coal Industry Tribunal upon application to it considers reasonable, shall thereupon be given credit for such shifts of entitlement.

B. The foregoing variation is issued subject to provision for reimbursement of respondent employers out of State Long Service Leave Trust Funds and shall otherwise operate on and from the 5th day of December, 1952, and shall remain in force until further order or varied, or the 19th day of June, 1954.

Dated at Collie this 20th day of May, 1953.

W. J. WALLWORK,  
Chairman, W.A. Coal Industry Tribunal.

Filed in my office this 10th day of June, 1953.

IN THE COURT OF ARBITRATION OF  
WESTERN AUSTRALIA.

No. 3 of 1953.

Between Coastal Aerated Water and Cordial Manufacturers Employees' Industrial Union of Workers, Applicant, and Weaver and Lock, Western Bottling Co., Pty. Ltd., MacKay and Co., and W. Letchford, Respondents.

The Conciliation Commissioner in pursuance of the powers and duties conferred upon him by Section 108B of the Industrial Arbitration Act, 1912-1952, and in pursuance of a remission made to him by the Court of Arbitration, doth hereby make the following Award in connection with the industrial dispute between the abovenamed parties:—

Award.

1.—Title.

This Award shall be known as the "Aerated Water Manufacturing Industry (Metropolitan) Award," 1953.

3.—Scope.

This Award shall apply to workers employed in the industry of cordial and aerated water manufacturing.

4.—Area.

This Award shall have effect over the area comprised within a radius of twenty-five (25) miles from the General Post Office in the City of Perth.

5.—Term.

The term of this Award shall be for a period of three (3) years as from and including the 29th day of June, 1953.

6.—Contract of Service.

(a) After being continuously employed for a period of three (3) calendar months, a week's notice on either side shall be required to terminate the employment.

(b) In other cases one (1) day's notice shall be sufficient to terminate the employment, and the employer shall be entitled to retain in hand one (1) day's pay until such notice has expired.

(c) Notwithstanding anything contained in this clause an employer shall be entitled to summarily dismiss a worker for misconduct or dereliction of duty.

(d) Any worker who, having given or been given notice as aforesaid, absents himself from work during such period, without reasonable cause (proof of which shall lie on him) shall be deemed to have abandoned his employment and shall not be entitled to payment for work done by him within that period.

7.—Breakdowns, Etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work from any cause which the employer cannot reasonably prevent.

8.—Hours.

(a) Forty (40) hours (exclusive of the time off for meal time) shall constitute a week's work for all workers.

(b) For workers other than loaders and/or drivers the ordinary hours of duty shall be worked between the hours of 7 a.m. and 6 p.m.

(c) A meal break of a period agreed upon between the majority of the workers and the employer at each factory shall be allowed between the hours of 12 o'clock noon and 2 p.m. on Monday to Friday, inclusive. In default of such agreement the meal break shall be not more than one (1) hour nor less than forty-five (45) minutes to be taken within the aforementioned period.

(d) An employer may work his establishment in shifts, in which case the hours prescribed in sub-clause (b) hereof may be varied.

9.—Overtime.

(a) All time worked in excess of eight (8) hours per day or shift, or on Saturdays where such time is in excess of forty (40) hours per week, shall be deemed overtime and shall be paid for at time and a half for the first four (4) hours and double time thereafter.

(b) All work performed on Sundays or the holidays prescribed in clause 17 (a) (i) hereof shall be paid for at the rate of double time.

(c) When a worker without being notified on the previous day is required to continue working after his usual knock-off time for more than one (1) hour, or after 6 p.m., whichever is the later, he shall be provided with any meal required or shall be paid three shillings (3s.) in lieu thereof. Provided that this subclause shall not apply to a worker living in the same locality as his place of employment, who can reasonably return home for a meal.

(d) Notwithstanding anything contained in this Award—

- (i) an employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement;
- (ii) no organisation, party to this Award, or worker or workers covered by this Award shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

10.—Wages.

The minimum rates of wages payable to workers covered by this Award shall be as follows:—

	Males.	Females.
	Per week.	Per week.
	£ s. d.	£ s. d.
(a) Basic Wage:		
Within a fifteen (15) mile radius of the G.P.O., Perth	12 1 10	7 17 2

16 to 17 years of age	55
17 to 18 years of age	65
18 to 19 years of age	75
19 to 20 years of age	85
20 to 21 years of age	95

11.—Female Employment.

(a) Females shall not be employed on any work which involves the lifting of weights in excess of thirty (30) lb.

(b) If necessary to keep the clothing dry and required by the worker, rubber aprons shall be provided by the employer, and if lost by the worker or not returned to the employer on the termination of the employment, the cost of same may be deducted from the employee's wages.

12.—Shift Work.

For all work performed on any shift other than day shift, payment shall be made at the rate of five per cent. (5%) for afternoon shift and seven and a half per cent. (7½%) for night shift, in addition to the rate prescribed in clause 10 hereof.

13.—Payment of Wages.

All wages shall be paid weekly.

14.—Higher Duties.

A worker who is required to do work which is entitled to a higher rate under this Award than that which he usually performs shall be entitled to payment at the higher rate whilst so employed.

15.—Under-rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board and pending the Board's decision, the worker shall be entitled to work for the employer at the proposed lesser rate.

16.—Absence through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident wherever sustained arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Notwithstanding the provisions of subclause (c) hereof, a worker who has already been allowed paid sick leave on one occasion, may be required by the employer, in the event of any further absence in the same year, to produce a medical certificate stating that he was unable to attend for duty on account of personal ill-health, and until

such certificate is made available to the employer, shall not be entitled to sick pay for the period of such absence.

(e) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay, or time spent on holidays or annual leave as prescribed by this Award, shall not count for the purpose of determining his right to sick leave.

#### 17.—Holidays and Annual Leave.

(a) Holidays.—(i) The following days, or the days observed in lieu, shall be allowed as holidays without deduction of pay, namely, New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(ii) On any public holiday not prescribed as a holiday under this Award, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(b) Annual Leave.—(i) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(ii) If any Award holiday falls within a workers' period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(iii) If after one (1) month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth (1/6th) of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(iv) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award, shall not count for the purpose of determining his right to annual leave.

(v) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (b) (iii) of this clause, to such annual leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers of such employer he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(c) General.—(i) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

(ii) The provisions of this clause shall not apply to workers employed for less than one week.

(iii) (1) Any worker absenting himself without just cause from work on the whole or any portion of the working day preceding, or on the whole or any portion of the working day succeeding a holiday provided for herein, shall not be entitled to payment for such holiday.

(2) "Just cause," for the purpose of this clause, shall mean as approved by the employer or, in default thereof, by a Board of Reference.

#### 18.—Record.

(a) Each employer shall keep at his factory, or at each of his factories if he has more than one, a time and wages record in which shall be entered the name of each worker.

(b) Each worker shall sign such book on commencing and finishing work each day. The book shall show the number of hours worked, the amount of overtime worked and the wages paid.

(c) Each worker shall be required to sign the book on receipt of the amount due to him. The

employer and the worker shall be severally responsible for the proper posting of the book, which shall be open and available for inspection by a duly accredited representative of the employer's or worker's union during working hours.

#### 19.—Proportion of Juniors.

(a) The number of junior workers employed in any factory shall not be such as to exceed the proportion of one (1) junior to each four (4) or fraction of four (4) adult workers (excluding drivers) in receipt of the minimum rates hereinbefore prescribed for workers other than junior workers.

Notwithstanding the provisions of the preceding subclause, it shall be permissible for each driver, if the employer considers it necessary, to have one junior male worker to assist him.

(b) The number of junior drivers shall not be such as to exceed the proportion of one (1) junior driver to each five (5) adult drivers.

#### 20.—Junior Worker's Certificate.

Junior workers, upon being engaged shall, if required, furnish the employer with a certificate containing the following particulars:—

- (i) Name in full.
- (ii) Age and date of birth.
- (iii) Name of each previous employer, and length of service with such employer.
- (iv) Class of work performed for each previous employer.

Such of the foregoing particulars as are within the knowledge of an employer shall be endorsed on the certificate and signed by the employer upon request of the worker.

No worker shall have any claim upon an employer for additional pay in the event of the age of the worker being wrongly stated on the certificate. If any junior worker shall wilfully mis-state his age in the above certificate, he alone shall be guilty of a breach of this Award.

#### 21.—Posting of Award.

The Union, party to this Award, shall be permitted to post a copy of this Award in the lunch room, or in the absence of a lunch room in some other position in the factory where it shall be visible and open to the inspection of the worker.

#### 22.—Board of Reference.

(a) The Court may appoint for the purpose of this Award a Board of Reference, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The said Board shall have assigned to it in the event of no agreement being arrived at between the parties to the dispute, the functions of—

- (i) adjusting any matters of difference which may arise from time to time except such as involve interpretation of the provisions of this Award or any of them;
- (ii) dealing with any other matter which the Court may refer to the Board from time to time.

(b) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1952, which for this purpose are embodied in this Award.

#### 23.—Wet Places.

Workers required to consistently work in places where rubber boots are necessary shall, if they so request, be supplied with same by the employer, and if lost by the worker or not returned to the employer on the termination of the employment, the cost of same may be deducted from the employee's wages.

In witness whereof this Award has been signed by the Conciliation Commissioner this 6th day of July, 1953.

(Sgd.) S. F. SCHNAARS,  
Conciliation Commissioner.

IN THE COURT OF ARBITRATION OF  
WESTERN AUSTRALIA.

No. 19 of 1953.

Between the West Australian Chemical and Allied Trades Industrial Union of Workers, Applicant, and Cuming Smith and Mt. Lyell Farmers' Fertilisers Limited and Cresco (W.A.) Ltd., Respondents.

WHEREAS an industrial dispute existed between the abovenamed parties, and whereas the said dispute was referred into Court for the purpose of hearing and determination, and whereas the said reference of industrial dispute was remitted by the Court to the Conciliation Commissioner, and whereas the parties subsequently met and conferred and have arrived at agreement on all matters in difference, and whereas the parties have this day appeared before the Conciliation Commissioner by their respective representatives and requested the Conciliation Commissioner to make the said Agreement an Award of the Court: Now, therefore, the Conciliation Commissioner, pursuant to section 65 of the Industrial Arbitration Act, 1912-1952, and all other powers therein enabling him, hereby declares the memorandum hereunder written to have the same effect as and be deemed an Award of the Court.

Memorandum of Agreement.

(Note.—Wherever the word "Award" occurs herein, it shall be taken to mean and include "Agreement.")

1.—Title.

This Award shall be known as the "Superphosphate Workers Award" and replaces Award No. 46 of 1951.

2.—Arrangement.

1. Title.
2. Arrangement.
3. Scope.
4. Area.
5. Term.
6. Hours.
7. Shift Work.
8. Overtime.
9. Wages.
10. Extra Rates and General Conditions.
11. Protective Clothing.
12. Mixed Functions.
13. Contract of Hiring.
14. Breakdowns.
15. Under-rate Workers.
16. Time and Wages Record.
17. Holidays and Annual Leave.
18. Sick Pay.
19. Junior Worker's Certificate.
20. Board of Reference.
21. No Discrimination.

3.—Scope.

This Award shall apply to all classes of workers referred to in clause 9 hereof engaged in the manufacture of superphosphate.

4.—Area.

This Award shall operate over the area comprised in the South-West Land Division of the State of Western Australia.

5.—Term.

This Award shall operate for a period of three years commencing as from the beginning of the first pay period after the date hereof.

6.—Hours.

(a) Day Workers: Forty (40) hours shall constitute a week's work, to be worked in five (5) days, Monday to Friday, inclusive.

(b) Shift Workers: The ordinary hours of shift workers, inclusive of 20 minutes crib time (which shall be taken at such a time, when possible, as to avoid a stoppage of work) shall not exceed—

- (i) forty (40) hours in any one (1) week, or
- (ii) eighty (80) hours in two (2) weeks, at the option of the employer, to be worked in rotating shifts not exceeding eight (8) hours each day.

(c) Continuous process may be worked, and shifts shall rotate weekly, so that, as far as practicable, all workers shall have a fair share of day shifts.

(d) Where a worker is called on to work a quick shift, he shall be paid at the rate of time and a quarter for such quick shift. "A quick shift" shall mean shift where a worker is brought on to work a full shift before having had at least eight (8) hours off.

(e) Watchman's Hours: Watchman's hours shall not exceed forty-eight (48) per week, but he shall be allowed one day off for each four (4) weeks without deduction of pay.

7.—Shift Work.

(i) Two shillings and sixpence (2s. 6d.) per shift extra shall be paid to men employed after the first two weeks on afternoon or night shift continuously.

(ii) Except as provided in subclause (i) of this clause, shift workers other than those on day shift shall be paid five per cent. (5%) extra for afternoon shift and ten per cent. (10%) extra for night shift.

(iii) Continuous shift workers shall be paid time and a quarter for Saturday work.

8.—Overtime.

(a) Overtime shall be paid for work done before the recognised time for starting work and after the recognised time for ceasing work in each factory.

Each day shall be reckoned by itself.

This subclause shall not apply to men working on shifts.

Overtime for work done by workers (other than those on continuous shifts) on any day other than specified holidays or Sundays shall be paid for at the rate of time and a half for the first four (4) hours and double time thereafter.

(b) Overtime for work done by men working on continuous shifts shall be paid for at the rate of double time (i.e. time in addition to ordinary time) for all time worked in excess of eight (8) hours in any one day of twenty-four (24) hours or on any rostered day off, except so far as the excess is, owing to arrangements between the workers themselves, or is necessary for effecting periodical rotation of shifts, or is owing to the relieving man not coming on duty and relieving at the appointed time, in which latter case the overtime rate shall be paid when the period exceeds one (1) hour.

(c) Any worker who is required to work on Sunday shall be paid a minimum of two (2) hours at the rate applicable for that day.

(d) Where a worker, without being notified on the previous day, has to continue working after the usual knock-off time for more than one (1) hour, he shall be provided with any meal required, or shall be paid two shillings and sixpence (2s. 6d.) in lieu thereof.

Provided that this subclause shall not apply to a worker residing in the same locality as his place of employment who can reasonably return home for a meal.

(e) Notwithstanding anything contained in this Award—

- (i) an employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement;
- (ii) no organisation party to this Award, or worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause;
- (iii) this subclause shall remain in operation only until otherwise determined by the Court.

Call Back.—When a worker is recalled to work after leaving the job he shall be paid for at least two (2) hours at overtime rates.

(d) For the purpose of convenience the wages prescribed above are expressed in weekly amounts. The provisions of clause 13—Contract of Hiring, shall be read in conjunction with this clause.

No junior worker less than seventeen (17) years of age shall be employed in wheeling bags of superphosphate or other similar material up an inclined ramp or board. No boy of less than eighteen (18) years of age shall be employed on night shift.

(e) Casual Workers.—Any worker employed for less than one (1) week shall be entitled to two shillings (2s.) per day, in addition to the ordinary rates prescribed for the particular class of work in which he is employed.

10.—Extra Rates and General Conditions.

(i) Except where specifically prescribed elsewhere in this clause, the method of calculating the extra rates provided in this clause shall be as follows:—

Any worker carrying out the special duties mentioned in this clause for less than half (½) of one (1) day or shift shall be paid the extra allowance on a pro rata basis for the time actually employed on such work.

Where such worker performs the work for half (½) or more of one (1) day or shift, he shall be paid the extra allowance for the whole of such day or shift.

(ii) Ninepence (9d.) per day over the minimum rates prescribed herein shall be paid to men employed cleaning aerator from outside.

(iii) One shilling (1s.) per day over the minimum rate prescribed herein shall be paid to men employed—

- (a) grinding sand for sulphur burners;
- (b) working on scaffold twelve (12) feet or more from the ground;
- (c) stacking bales of bags two (2) tiers high or over, but where mechanical means are employed for lifting, this allowance shall not apply unless in the opinion of a Board of Reference the extra exertion is still required:

- (d) lifting or carrying bags of nitrate of soda;
- (e) stacking bags of raw materials over twelve (12) bags high and where no mechanical appliances are in use;
- (f) handling ground limestone;
- (g) working with tar or using mexpphalt;
- (h) mixing concrete;
- (i) using explosives;
- (j) under classifications 39 (baggers); 44 (man in charge of bagging plant) and 74 (men bagging super and copper ore or manganese ore) if the superphosphate contains an addition of ground limestone.

(iv) One shilling and ninepence (1s. 9d.) per day over the minimum rates prescribed herein shall be paid to men employed cleaning out aerator from inside.

(v) Two shillings (2s.) per day over the minimum rate prescribed herein shall be paid to men employed—

- (a) as splicers and riggers;
- (b) as hammer and gadmen.

(vi) Five shillings (5s.) over the minimum rate prescribed herein shall be paid per day or part of a day to men employed—

- (a) cleaning out or assisting to clean out the septic tank.

(vii) Work done in the meal time or any portion thereof shall be paid for at the rate of time and a half, but this shall not apply to cases involving completion of work commenced before such meal time, and not occupying more than fifteen (15) minutes from the commencement thereof, in which case the meal time will be extended by such period beyond the ordinary time.

(viii) Four (4) men shall be engaged in acid chambers. The fourth man for the time being may be employed at any other work in the industry at the appropriate rate of wage prescribed herein. Each man shall have one Sunday off in four (4).

(ix) Any worker placed by the employer in charge of three (3) or more other workers shall be paid two shillings (2s.) per day. If placed in charge of less than three (3) other workers, he shall be paid one shilling (1s.) per day, in addition to the margin prescribed for the work being performed. The extra allowance prescribed in this subclause shall not apply to man in charge of bagging plant, bag room foreman or any other worker who is receiving an extra allowance for his particular class of work.

(x) In addition to the rates of wages prescribed in clause 9 hereof, the following special rates shall be paid:—

Farmers' Own Bags.

	Per Day.
	s. d.
(i) Employees sorting, branding, bagging, dumping, sewing or trucking superphosphate or superphosphate mixture in farmers' own bags	1 0
(ii) Employees loading superphosphate or superphosphate mixture in farmers' own bags double handedly into railway or other trucks	2 0
(iii) Employees loading superphosphate or superphosphate mixture in farmers' own bags single handedly into railway or other trucks	2 6

11.—Protective Clothing.

(i) Dust glasses or goggles shall, where necessary, be supplied to workers.

(ii) Rubber gloves and either knee or ankle rubber boots shall, when required, be provided for the use of men who work in or about acid plants.

(iii) Loaders out and baggers shall be provided with leather aprons.

(iv) Workers having completed twelve months' continuous service with an employer shall be entitled to receive free of cost from the employer—

- (a) in the case of acid plant workers, two issues of working clothes per annum, and
- (b) in the case of all other workers, one suit of working clothes per annum.

## 12.—Mixed Functions.

Any worker engaged on duties carrying a higher rate than his ordinary classification for less than half ( $\frac{1}{2}$ ) of one (1) day or shift shall be paid the higher rate for the time actually employed on such work.

Where a worker performs duties carrying a higher rate than his ordinary classification for half ( $\frac{1}{2}$ ) or more of one (1) day or shift he shall be paid the higher rate for the whole of such day or shift.

## 13.—Contract of Hiring.

(a) The contract of hiring of every worker, except juniors, watchmen, despatch clerks, tally clerks and storemen, shall be deemed to be a contract of hiring by the day, terminable by one day's notice on either side given at any time.

Provided that the contract of hiring of any worker with twelve (12) months' service or more shall be deemed to be a contract of hiring by the week, terminable by one week's notice on either side given at any time.

(b) The contract of hiring of juniors, watchmen, despatch clerks, tally clerks and storemen, shall be deemed to be a contract of hiring by the week, terminable by one week's notice on either side given at any time.

(c) The termination of the contract of service of any worker deemed to be on a contract of hiring by the week may take effect by payment or forfeiture (as the case may be) of a week's wages.

(d) Nothing herein shall derogate from the employer's right at common law to dismiss a worker without notice for misconduct or other sufficient cause.

## 14.—Breakdowns, Etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent, except such stoppage is due to shortage of railway trucks.

## 15.—Under-rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

## 16.—Time and Wages Record.

Each employer shall keep or cause to be kept at his usual place of business, or at each of them, if more than one, a book containing a record of the names of all workers employed by him at the particular factory, the class of work performed by each worker, the wages paid to each such worker, the starting and finishing time on each day, and the amount of overtime, if any. Such book shall be open to inspection by the Secretary, or such person as may be appointed by the Union, on any day during working hours.

## 17.—Holidays and Annual Leave.

(a) The following days, or the days observed in lieu shall, subject to subclause (c) hereof, be allowed as holidays without deduction of pay, namely:—New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) On any public holiday not prescribed as a holiday under this Agreement, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(c) All work done on any of the holidays specified in subclause (a) hereof (except Christmas Day, Good Friday, or Labour Day) shall be paid for at the rate of double time. All work done on Christmas Day, Good Friday or Labour Day shall be paid for at the rate of treble time.

(d) All work done on Sundays (except by shiftmen and watchmen) shall be paid for at the rate of double time. All work done on Sundays by shiftmen shall be paid for at the rate of time and a half. All work done on Sundays by watchmen shall be paid for at the rate of ordinary time.

(e) Except as hereinafter provided, a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve months' continuance service with such employer.

(f) In addition to the leave prescribed in subclause (e) hereof, seven-day shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one week's leave. Where a worker with twelve months' continuous service is engaged for part of the qualifying twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of two consecutive weeks' annual leave prescribed in subclause (e) hereof increased by one-twelfth of a week for each month he is continuously engaged as aforesaid.

(g) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(h) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service, or in the case of a worker referred to in subclause (f) hereof, such payment shall be one-quarter of a week's pay at his ordinary rate of wage.

(i) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave, as prescribed by this Award, shall not count for the purpose of determining his right to annual leave.

(j) In the event of a worker being employed by an employer for portion of a year, he shall only be entitled, subject to subclause (h) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(k) A worker who is dismissed for misconduct or who illegally severs his contract of service, shall not be entitled to the benefit of the provisions of this clause.

(l) The provisions of this clause shall not apply to casual workers.

## 18.—Sick Pay.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth ( $\frac{1}{12}$ th) of a week's pay for each completed month of service; Provided that, subject to subclause (g) hereof, payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(b) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(c) This clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(d) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of

his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his wilful default.

(e) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(f) Notwithstanding the provisions of subclause (e) hereof, a worker who has already been allowed paid sick leave on one occasion shall not be entitled to payment for any further absence in the same year, unless he produces to the employer a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

(g) Sick leave shall accumulate from year to year, so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year: Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of one (1) year but no longer from the end of the year in which it accrues.

#### 19.—Junior Worker's Certificate.

(a) Junior workers, upon being engaged, shall furnish the employer with a certificate showing the following particulars:—

(i) Name in full.

(ii) Age and date of birth.

(b) The certificate shall be signed by the worker.

(c) No worker shall have any claim upon the employer for additional wages, in the event of his age being wrongly stated on his certificate, nor shall the employer in such case be deemed guilty of a breach of any of the provisions of the Award founded upon an age limitation, except in the case of collusion.

(d) If any worker shall wilfully misstate his age in the above certificate, he shall be guilty of a breach of this Award.

#### 20.—Board of Reference.

The Court may order, for the purposes of the said Award, the appointment of a Board or Boards of Reference and assign to such Board or Boards the following functions and powers arising under or out of the said Award, namely—

(i) to adjust any matters of difference which may arise between the parties from time to time;

(ii) to decide or report to the Court upon any other matter which the Court may from time to time refer to any such Board.

Separate Boards of Reference may be appointed, where deemed necessary or advisable for different localities.

Each Board shall consist of a chairman and two (2) representatives, one representative to be nominated by each party.

Save as herein provided, the provisions of regulation 92 shall apply.

#### 21.—No Discrimination.

No employer shall, in the employment or dismissal of his workers, discriminate in any way against the members of the Union, nor shall they, in the conduct of their business, do anything with a view to directly or indirectly injuring the Union.

I certify, pursuant to section 65 of the Industrial Arbitration Act, 1912-1952, that the foregoing is a copy of the Agreement arrived at between the parties mentioned above.

Dated at Perth this 6th day of July, 1953.

#### W.A. COAL INDUSTRY TRIBUNAL.

In the matter of the Mining Act Amendment Act No. 84 of 1948, Part XIII, Division 1, and in the matter of an Award made in the matter of an industrial dispute wherein The Federated Engine Drivers' and Firemen's Union of Workers of Western Australia, Collie, and The Amalgamated Collieries of W.A. Ltd., and others, are parties.

The Union make application to vary Long Service Leave Order by adding to Clause 11, after Subclause IX, subclauses IX (a) and IX (b).

(Application No. 5/53 W.A.C.I.T.)

THE Tribunal hereby awards, orders and determines (by consent)\*:—

A. That the Coal Mining Industry Long Service Leave (Engine Drivers, W.A.) Award made on the 1st day of February, 1951 (C.R.B. 797) as varied be further varied in manner following, that is to say:—

By inserting after subclause (IX) of clause 11 of the said Award the following new subclauses:—

(IX) (a) An employee whose services are terminated by his employer after the 4th September, 1952, because of flood, fire or slackness of trade, who at the date of such termination has accumulated a minimum of 65 shifts of entitlement in respect of whom upon application by him the Coal Industry Tribunal certifies either that suitable employment in the coal mining industry is not available, or that there is reasonable excuse for not accepting such employment, shall be granted payment on the basis of one day's pay at the appropriate rate for his class of work (which in the case of a contract worker shall be at the rate payable to him for annual leave purposes for each shift of entitlement accumulated by him and in respect of which long service leave has not already been taken.

(b) An employee whose services are terminated by his employer after the 4th September 1952, because of flood, fire or slackness of trade who at the date of such termination has accumulated shifts of entitlement in respect of which long service leave has not already been taken or payment made in lieu thereof and who takes all reasonable steps to obtain employment in the coal mining industry and resumes work therein within three months of such termination, or within such longer period as the Coal Industry Tribunal upon application to it considers reasonable, shall thereupon be given credit for such shifts of entitlement.

B. The foregoing variation is issued subject to provision for reimbursement of respondent employers out of State Long Service Leave Trust Funds and shall otherwise operate on and from the 5th day of December, 1952, and shall remain in force until further order or varied or the 19th day of June, 1954.

Dated at Collie this 20th day of May, 1953.
