## By-laws.

L.G. 350/53.

IN pursuance of the powers conferred by the Cemeteries Act, 1897, and subsequent amendments thereto, the trustees of the Dardanup Cemetery make the following by-laws which come into force immediately after their publication in the *Government Gazette*.

1. That all applications for interment shall be made to the secretary of the trustees and eight working hours' notice shall be given to the officiating minister of religion, and the sexton prior to the time fixed for the burial, otherwise an extra charge shall be made.

2. The full name, age and other particulars of the deceased as mentioned in Schedule "C" shall be furnished when making application and no burial shall be permitted without an order.

3. Prior to conducting any interment within the Cemetery or making use of the Cemetery for any purpose connected with interments, every undertaker shall pay to the trustees an annual fee of £2 2s. and shall at the time of making such payment give, if required, his assent in writing to such conditions as the trustees deem fit to impose. Upon such assent being given and payment of the fee made, he shall receive a "Permit" to hold good during good behaviour and until the first day of July following, and unless in possession of such permit no undertaker shall be allowed to engage in or carry out any duty or work within the Cemetery.

4. The trustees shall cause all ordinary graves to be dug, but any person desiring to construct a brick grave or vault shall be permitted to construct the same under the direction of the secretary or surveyor on payment of the required fee and every coffin placed therein shall be bricked in, cemented and made and kept airtight.

5. Every coffin shall have upon the lid an approved metal plate bearing the name of the deceased stamped or otherwise indelibly inscribed in legible characters thereon. Any coffin not complying with this by-law shall not be admitted to or be interred in the Cemetery.

6. Every grave shall be at least 6ft. deep, except those used for the burial of infants, which the trustees may allow to be a lesser depth, but no interment shall be allowed in any grave with a less depth than 3ft. from the top of the coffin to the original surface of the ground.

7. No grave shall be permitted to be re-opened for the reception of a body within three years from the preceding burial in the case of persons aged 10 years or upwards, within two years between the ages of five and 10 years, or within one and a half years for younger children, except by special permission of the trustees, unless provision is made in the first instance by sinking the grave 12in. deeper than above prescribed for every contemplated interment. After the lapse of the several periods specified, coffins may be lifted to enable fresh interments to take place by sinking graves to the requisite depth.

8. In the case of an application for interment in any private grave or vault to which the deceased had no claim during life the written and verified consent of the grantee shall be handed in with the application.

9. The hours for burials shall be as follows:—

Week days—9 a.m. to 4.30 p.m.

Saturdays—9 a.m. to 11 a.m.

10. No burial shall be allowed to take place before or after the hours abovementioned, except by special permission of the Board and upon payment of the fee for burials "not in the usual hours," unless waived by the Board.

11. No interment shall be allowed on any Sunday, except when it is certified by a medical officer of health that for hygiene reasons or by the chairman of the trustees of the Cemetery that for religious reasons it is necessary or advisable that an interment shall take place on a Sunday.

12. That the time stated in the order for burial Schedule "C" shall be the time the burial is to arrive at the Cemetery gates and such time shall be rigidly and punctually observed and if not so observed the undertaker responsible shall be liable to a fine of 10s. 6d.

13. Every funeral shall enter by the principal entrance and no vehicle except the hearse and mourning coach shall be permitted to enter the Cemetery or stand opposite the entrance gates. Vehicles shall not be permitted to proceed faster than 10 miles per hour within the Cemetery and shall proceed at and by such roads as directed by the superintendent or other officer of the trustees from time to time. Any driver or any person failing or neglecting to observe such directions may be forthwith expelled from the Cemetery.

14. The approval of the trustees must be obtained to permit the removal of any corpse from any grave for reinterment within the Cemetery. Written application setting out the reasons for the proposed removal of such corpse, verified by a statutory declaration, shall be produced by the nearest available representative of the deceased.

15. The trustees may permit the removal of any corpse from any grave for reinterment in another cemetery upon written application supported by the permission of the Governor in Council. If found necessary, the coffin shall be enclosed in a second and airtight wooden or leaden coffin prior to removal.

16. A grant of exclusive right of burial shall cover a period of 99 years from the date of issue. Any person requiring the exclusive right of burial in any part of the Cemetery shall apply to the trustees in writing specifying the location of the grave. If it is proposed to inter therein the remains of any already deceased person, the name of such person must be shown in the application. If approved, the trustees, on payment of the required fee, shall issue to such person so applying a Certificate of Right of Burial in the form specified in Schedule "B."

17. Any person desiring to place, erect, alter or repair any monument, tombstone, or enclosure in any part of the Cemetery shall, before obtaining permission to do so, submit a detailed description of such monument, tombstone or enclosure, and specify the materials of which it is to be composed to the trustees, and shall obtain such permission in writing before proceeding with the work in the form of Schedule "D."

18. Every person who shall place or erect any monument, tombstone or enclosure upon any grave the exclusive right of which has not been obtained, shall keep the same in repair and, if after one month's notice in writing from the trustees such repairs are not executed, then the trustees may order such monument, tombstone or enclosure to be removed.

19. Every person who has the exclusive right of burial in any grave shall keep such grave and any erection or construction thereon in proper repair, and if after receiving notice in writing from the trustees requiring such repairs to be executed, shall fail so to do, then after the expiration of 28 days the trustees may cause such repairs to be executed and may recover the costs thereof from such person in accordance with the Cemeteries Act, or cause such structure to be removed.

20. A notice sent by registered post to the address of such owner or person last known to the secretary shall be sufficient notice under these by-laws.

21. The placing or erection of any monument, tombstone or enclosure of an estimated value of £10 or over will not be permitted until a Certificate of Right of Burial shall first have been had and obtained.

22. That every monument, tombstone or enclosure shall be placed upon proper and substantial foundations. All refuse, rubbish or material remaining after any work is completed shall be removed from the Cemetery at once by and at the expense of the person causing the same.

23. All materials required in the making, repairing or completion of any work shall, as far as possible, be prepared before being taken into the

Cemetery and shall be subject to the approval of the secretary or surveyor. Any material rejected shall be immediately removed from the Cemetery by the contractor concerned.

24. Monumental masons and other tradesmen may be required before commencing any work in the Cemetery to deposit with the secretary of the trustees the sum of one pound (£1) which shall be forfeited if the provisions of either of the two preceding by-laws are not complied with to the satisfaction of the secretary or surveyor.

25. Any person taking part in dressing or attending to any grave shall comply with the following rules:—

(a) That no rubbish or any other material removed in dressing a grave shall be placed on any adjoining grave or pathway, and if placed on any adjoining ground shall be removed immediately after completion of the work.

(b) That no loam shall be taken from any portion of the Cemetery for the purpose of dressing any grave.

26. Licenses for grave dressing or decorating may be issued to professional operatives by the trustees in the form contained in Schedule "E," such license to be renewed annually in the month of July.

27. No wooden fence, railing, cross or other wooden erection shall be allowed on or around any grave or vault, except by special permission of the trustees.

28. That any workman or other employee, whether employed by the trustees or by any other person shall at all times while in the Cemetery be subject to the supervision, direction and control of the surveyor or officer appointed by the Board and shall obey all such directions and shall be removable from the Cemetery upon any breach of the by-laws or any refusal or neglect to comply with or obey any such direction.

34. That no person shall promote or advertise or carry on within the Cemetery or its approaches any trade, business or calling either by the solicitation, distribution of circulars, or cards, or otherwise, or by any other system of advertisement whatever.

35. That any person committing any breach of any of these by-laws shall thereupon be removable from the Cemetery by order of the trustees or secretary or caretaker and shall be treated as a trespasser and may be proceeded against accordingly in addition to any other proceedings or penalties to which such person may be subject.

Where the employer avails himself of the proviso to this subclause he shall notify the Union in writing within forty-eight (48) hours of the commencement of the job.

Provided further that in the case of emergency work a worker in the plumbing industry may be rostered to work on Saturday morning and such work may be counted as part of his forty-hour week. (d) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft, no claim for annual leave shall be recognised. (iii) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday, he shall be paid for the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the worker so agrees.

(vii) A casual worker shall not be entitled to payment for any holiday referred to in this subclause.

(ii) The liability of the employer shall in no case exceed one (1) week's wages during each calendar year in respect of each worker, but the sick leave herein provided shall be allowed to accumulate and any portion unused in any year may be availed of in the next or any succeeding year.

(iii) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurs.

(b) This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1952.

(c) No worker shall be entitled to the benefit of this clause unless he produces proof satisfactory to his employer or his representative of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) consecutive working days or more.

(d) No payment shall be made for any absence due to the worker's own fault, neglect or misconduct.
