Where a Class figure is not shown, the Group number itself denotes that the office and officer concerned have been placed in a group for which classes have not been provided as increases in salary are automatic according to age or years of service.

16. Class numbers follow the ascending order of importance of positions in their respective groups and grade numbers, where they have been applied to titles, the descending order.

## GROSS ANNUAL SALARY RATE.

17. Gross Annual Salary Rate in respect of an officer consists of :—  
 (a) percentage of the Basic Rate plus, where applicable, Marginal Allowance, or

 (b) *Females.*—(i) Female officers employed in the Metropolitan Area ; seventy-five per cent. (75%) to the nearest £ of the result obtained by multiplying the male basic wage for that area as declared from time to time by the Court of Arbitration of Western Australia, by fifty-two and one-sixth (52 1/6th).
