(g) Where in the course of his duties in any shift a deputy or his clothes becomes exceptionally greasy, he shall be paid an allowance of one shilling (1s.) per shift.

#### 10.—Afternoon and Night Shift.

Where it is necessary to work deputies on day, afternoon and night shift, such day, afternoon and night shift shall be taken in rotation by the deputies engaged at the particular mine, except

in cases where the nature of the work performed renders it impossible for the manager to arrange for the shifts to be taken in rotation.

#### 11.—Reduction of Hands.

(a) In the event of a reduction of hands in a mine, the last deputy employed shall be the first to be dismissed, but this provision shall not apply if it is necessary to discharge a deputy for gross misconduct or refusal to obey lawful orders.

After each four (4) hours of such overtime following a meal break, the worker shall be allowed a further twenty (20) minutes without deduction of pay, and be either supplied with a meal by the employer or be paid 4s. in lieu thereof.

(c) Shifts lost on account of compensatable accidents sustained during the course of employment (not exceeding one month at a time) shall be regarded, for the purpose of calculation of the extent of annual leave, as shifts of actual attendance during those days for which the mine was worked for the production of coal.

#### 16.—Absence Through Sickness.

As from the first day of August, 1947, any worker who is absent from his work with an employer on account of personal illness, or on account of injury sustained without his own default or wilful act, shall be entitled to paid leave of absence subject to the following conditions and limitations:—

(a) Each worker shall be entitled to sick leave on full pay on the basis of one (1) day for each completed month of service.

(b) Where a worker has worked less than the full number of shifts which his mine has worked for the production of coal, he shall be allowed to accumulate sick leave only on the proportion of days worked by him to the number of days worked by the mine for the period over which the sick leave has accumulated.

(c) Leave allowable under this clause which is not availed of by a worker during the time it accrues shall be allowed to accumulate to a period of sixty (60) days.

(d) Any sick leave taken shall be deducted from the sick leave accumulated, the balance if any, remaining to the credit of the worker, and to commence to accumulate again upon his resumption of work.

(g) A worker shall not be entitled to paid sick leave of absence for any period in respect of which he is entitled to Workers' Compensation.

(h) The worker shall be paid for each day of leave allowable under this clause at the appropriate rate for his class of work.

(i) For the purpose of calculation of sick leave any absence from work on account of annual leave as provided in this Award, shall be regarded as shifts of actual attendance.

(j) Provided that any employee who changes his employment and maintains continuity of employment in the coal mining industry shall only be entitled to credit by his new employer of up to five days for leave accumulated but not availed of by him in his former employment.

#### 17.—Pay Saturday.

The general custom of observing Pay Saturday as a holiday shall be the rule under this Award; provided always that the deputy shall if required by the manager work on that day. In the case of a deputy working on Pay Saturday, five (5) hours bank-to-bank shall be equivalent to the full shift and payment shall be made as for seven and a half hours.

#### 18.—Absence from Work on Union Business.

Should it be necessary for an official of the Union to be absent from work on Union business, the manager shall grant him leave of absence, but it shall be incumbent upon such official to give the manager as much notice as possible of his intended absence.

#### 20.—Higher and Lower Duties.

In the event of a deputy being called upon to work temporarily in any one day in a lower grade of work, he shall suffer no reduction in his wages, but if a deputy is permanently transferred from his work as a deputy during the currency of the pay fortnight, he shall be paid the rate for the class of work to which he is transferred from the date of such transference.

#### 21.—Members of Union.

#### 22.—Deputies' Seniority.

Any worker on being appointed by the employer as a deputy, shall retain his seniority within the meaning of the existing Award governing the Coal Miners' Industrial Union of Workers of Western Australia, Collie, in the grade of work in which he was employed at the mine at the time of his appointment as a deputy.

#### 23.—Board of Reference.

In the event of any dispute arising in relation to any matter under this Award failing a settlement between the manager and the Union, either party may refer the dispute to a Board of Reference appointed pursuant to the Mining Act Amendment Act No. 84 of 1948, Division 1 Part XIII. Provided always that the Board of Reference shall not have power to alter or amend any portion of this Award, nor to impose any new conditions, nor shall this provision take away the right of either party to apply to the Tribunal for an interpretation of the Award or part thereof, or to take any enforcement proceedings. There shall be no cessation of work pending a settlement of the dispute.

## 24.—Time Book.

There shall be provided for each deputy a time book, in which he shall enter the actual time at which he started his shift and the actual time he completed his shift. This time book may be entered and completed by the deputy during his working hours and subsequently handed in at the mine office.

## 25.—Attendance Allowance.

(1) (a) Each member of the Collie District Deputies' Union of Workers who works for the eleven ordinary days comprising a pay period shall in respect of that period, if the colliery at which he works has been in production on each of the said days, be entitled (in addition to his ordinary earnings) to payment as for a shift at the appropriate rate for him.
