(b) In making rates a distinction may be made between occupied and vacant land, and in the event of a dispute as to whether or not land shall be regarded as vacant, the decision of the Minister shall be final in every case.

##### Rates—How Payable.

90. Rates shall become due and payable yearly in advance on the first day of July; Provided that in all cases where a rate is made after the first day of July in any year the notice of the order for the making and levying of such rate, published in the *Government Gazette* and a news-

paper, as provided by Section 94 of the said Act, shall specify the minimum sum payable as rate as aforesaid, and the date or dates when the rates shall be due and payable, and such rate shall be and become due and payable in accordance with the terms of such notice.

**Allowance for Rate.**

91. Subject to the provisions of these by-laws, every ratepayer will be entitled to consume on each separately assessed piece of land of which he is the owner or occupier that quantity of water which, if calculated at the price specified in the Schedule I hereto as being that at which water is supplied in return for the rate in the area in which such property is situated would amount to the equivalent of the water rate paid on each property, provided that such water is taken during the period for which the rate is struck.

92. When during the currency of the year in respect of which a water rate has been levied, a meter is attached to a pipe on any land supplied with water, the consumer shall pay for the quantity of water taken, as registered by the meter, from the time when the meter was attached, at the prescribed price per 1,000 gallons, so far as the water supplied is in excess of the quantity to which the consumer is entitled in respect of the proportionate part of the rate paid by him, apportioned to the period from the date when the meter was attached to the end of the then current year in respect of which the rate was paid.

**Payment for Excess Water.**

93. Every consumer taking water in excess of the quantity to which he is entitled in respect of the rate or other charge in lieu of the rate shall pay for the excess in accordance with prices set forth in the Schedule 1 hereto.

**Fees—State or Commonwealth Government Departments.**

94. For each water service for purposes of any State or Commonwealth Department there shall be payable, as a minimum annual fee in lieu of water rate, the sum of not less than one pound (£1) when the service is metered, and of not less than one pound ten shillings (£1 10s.) when the service is non-metered.

It shall be at the discretion of the Minister as to whether or not a meter shall be fixed in each case.

**Fees for Additional Services.**

95. When any place where the owner or occupier of any separately rated piece of land requires more than one service to be installed for supplying water to such land, such additional service or services shall, at the discretion of the Minister, be installed on such occupier or owner paying in advance the cost of installation and a fee of not less than one pound per annum in addition to meter rent, for each additional service. In return for such fee an equivalent quantity of water will be given in each year, in the same way as water is given in return for water rates.

In every case in which the supply of water shall have been cut off by reason of non-payment of rates or other charges, or by reason of a defective service, or by request of the occupier or owner, or when, in the opinion of the Minister or local officer, necessary to prevent waste of water, or for other reasons, a minimum fee of five shillings shall be charged before the service is reconnected provided that where cost of disconnection and reconnection exceeds the minimum fee the actual cost of the disconnection and reconnection, as determined by the Minister, shall be charged, and shall be payable by the owner or occupier for the time being, on demand. The service shall not be restored until such fee has been paid.

**Private Fire Services.**

98. Private fire services will be allowed, but every such service shall be sealed, except in cases where the Minister may decide that sealing is unnecessary. For each such service the owner or occupier shall pay in advance the actual cost of installation and a minimum annual fee and meter rent as determined by the Minister in each case, and such owner or occupier shall also bear the cost of maintaining the boundary service and of having it disconnected when it is no longer required. The owner or occupier for the time being shall in addition at his own risk and expense, and subject to the provisions of these by-laws, keep the internal fire service in good order and repair, so that the same shall at all times be in accordance with the by-laws. No water shall be taken from any sealed portion except for extinction of fire. In the event of the seal having been broken in case of fire or by accident or otherwise, the owner or occupier shall give notice forthwith to the Department and pay the cost of re-sealing.

(c) Applications for water under this by-law shall be in writing, stating the nature of the work to be done and the purpose for which water is required.

Mingenew Road Board.

By-laws governing Long Service Leave to be granted to Employees of the Mingenev Road Board.

L.G. 1883/52.

THE Mingenev Road Board, under and by virtue of the powers conferred on it in that behalf by the Road Districts Act, 1919-1951, and all other powers enabling it, doth hereby make and publish the following by-laws:—

1. In the interpretation of these by-laws the following words shall have the meanings assigned to them hereunder:—

"Board" means the Mingenew Road Board.

"Continuous Service" means service in the employment of this Board during which an employee has not been absent from the service of the Board for a continuous period of more than two days or an aggregate period of more than 10 days without leave of absence being granted by the Board.

2. (a) All present and future employees of the Board shall, after each period of 10 years' continuous service as a permanent full time employee thereof, commencing from the 1st day of January, 1946, be entitled to three months' long service leave. Long service leave to be taken at the convenience of the Board, who will, as far as possible, meet the wishes of the employee, but the Board may require the employee to take leave by giving not less than three months' notice.

(b) Absence on account of sickness shall not be deemed to be a break in continuous service, provided the period of absence shall not exceed three months in any year, unless otherwise decided by the Board.

3. (a) The Board may grant long service leave to an employee of the Board who has been granted long service leave for 10 years' continuous service if, before a further period of 10 years' continuous service is reached such employee retires from the Board's service owing to having reached the retiring age, or of a permanent inability to carry on his employment in which case the long service leave may be adjusted *pro rata*.

(b) The long service leave which may be granted under this by-law shall be for a period not exceeding one and three-tenths weeks for every completed year of service since the conclusion of the period of service which qualified the employee for his previous long service leave, and shall be on full pay.

4. In the event of retirement, resignation or death of an employee the Board may pay to such employee (or in the case of death, to his personal representatives, or if there be none, to his dependants), a sum of money equal to his wages or salary for the period of long service leave which the Board was empowered under these by-laws to grant to such employee at the date of his resignation, retirement, or death, or if the Board, after consideration of all the circumstances, direct that the death of an employee be presumed, the Board may authorise the payment to the dependants of the employee of a sum equivalent to the amount of salary or wages which would under this by-law have been granted the employee immediately prior to the date of his death, such date to be determined by the Board.

5. An employee dismissed by the Board, except in the matter of retrenchment, shall not be paid any sum in pursuance of the preceding by-law.

6. Employees due to take long service leave shall be paid (a) their salary or wage for the period thereof at the rate equivalent to the salary or wage paid in the week immediately preceding the taking of long service leave; (b) the Board may, at its discretion, either (1) pay to an employee his wages or salary periodically during long service leave or (2) pay to the employee his wages or salary in advance, a sum representing the amount of his wages or salary for the period of his long service leave.

7. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave, but any public holidays which may occur during the taking of his long service leave are not to be paid over and above the long service leave, but are to form part of such long service leave.

8. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view to fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward unless by special permission of the Board. Any contravention of this subclause shall entitle the Board to dismiss the employee from its service, and to cease paying or to recover any amounts paid in advance on account of long service leave.

(c) All work performed on any of the holidays provided in sub-clause (a) hereof shall be paid for at the rate of double time with a minimum of two hours.

(d) In the case of workers working a five day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(e) Any employee absent from employment on the working day before or the working day after the holiday without reasonable excuse or without the consent of the employer shall not be entitled to payment for the holiday.

(f) For the purpose of sub-clause (b) the rate of pay for a pieceworker on a public holiday shall be the minimum daily rate as prescribed in Clause 30.

#### 19.—Annual Leave.

(a) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by the Board after a period of twelve (12) months' continuous service with the Board. Providing that such leave shall be granted within three months of such leave accruing due.

(b) If any holiday under this Agreement falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) A worker may be rostered off and granted annual leave with payment of ordinary wages as prescribed prior to his having completed a period of twelve months' continuous service, in which case should the services of such worker terminate or be terminated prior to the completion of twelve (12) months' continuous service, the said worker shall refund to the Board the difference between the amount received by him for wages in respect of the period of his annual leave and the amount which would have accrued to him by reason of the length of his service up to the date of the termination of his services.

(d) When computing the annual leave due under this Clause, no deduction shall be made for such leave in respect of the period that a worker is on annual leave and/or holidays.

(e) In the event of a worker being employed by the Board for a portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with the Board.

(f) Any worker who may resign or be dismissed from the service for any cause, other than for pecculation or theft, shall be entitled to receive pay-

ment for any annual leave which may have been due up to the time of leaving the service; Provided always that if the worker has been dismissed for pecculation or theft, no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(g) The provisions of this Clause shall not apply to casual workers.

(h) The rate of payment for annual leave shall be the employee's normal rate of pay at the time of taking such leave, with the exception of tallyworkers whose rate of payment shall be the rate prescribed in Clause 30. "Normal rate of pay" shall not include cases where employees have been relieving at higher rates of pay immediately prior to taking leave. Provided that such relieving time does not exceed four consecutive weeks.

(i) No deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case the deduction may be made for such excess only.

(j) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six (6) months only of any such period shall count as service for the purpose of computing annual leave.

(k) The Board shall give workers one month's notice of the date on which a worker is to commence his leave.

#### 20.—Sick Leave.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year in respect of each worker, but the sick leave herein provided shall be allowed to accumulate and any portion unused in any year may be availed of in the next or any succeeding year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This Clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this Clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) In the case of tallyworkers payment for sick leave shall be at the minimum daily rate prescribed in Clause 30.

#### 21.—Contract of Service.

(a) Except in the case of casuals, the employment shall be weekly and a week's notice on either side shall be given to terminate engagement or a week's wages paid in lieu.

However, this shall not affect the right to dismiss for misconduct, and in such cases wages shall be paid up to the time of dismissal only.

(b) The employer shall be under no obligation to pay for any day not worked on which the worker is required to present himself for duty except when such absence from work is due to illness and comes within the provisions of the sick leave Clause, or such absence is on account of holidays to which the worker is entitled under the provisions of this Agreement. Provided further that the employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the

Union or Unions affiliated with it, or by any other Association or Union, or through the breakdown of the employer's machinery or any stoppage of work by any cause which the employer cannot reasonably prevent.

#### 22.—First Aid Equipment.

A first aid room with all necessary equipment for same shall be provided, with qualified first aid personnel available to administer same.

#### 23.—Time and Wages Records.

A record or time book shall be kept by the employer in which record or time book shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day and the amount of wages received by him.

The said record or time book shall be open to inspection by the Secretary of the Union or any other person authorised in writing by him at any time during the usual office hours and he shall be allowed to take necessary extracts therefrom.

Any system of automatic recording of times by machine shall be deemed to comply with these provisions to the extent of the information recorded.

(d) No junior shall be required to lift weights in excess of the following:—

Under 16 years of age	40 lb.
Under 17 years of age	60 lb.
Under 18 years of age	80 lb.

#### 25.—Apprentices.

(1) The employment of apprentices shall be governed by the Court's standard apprenticeship regulations.

(2) The maximum number of apprentices allowed to any employer shall be in the proportion of one apprentice to every four or fraction of four journeymen employed.

(3) The period of apprenticeship shall be five years providing, however, in the case of youths who have already had experience in the industry, the period may be reduced with the consent of the Court, or by agreement with the Union as to the allowance to be made out of the set period of five years for the experience already gained in the industry.

(4) Rates of Pay.

	Percentage of Basic Wage.

Second year	45
Third year	60

Provided that where an apprentice is 21 years of age or over at the commencement of his fifth year he shall be paid the full basic wage, but when an apprentice becomes 21 years of age in the course of his fifth year he shall be paid the full basic wage for the period following his 21st birthday. Provided further that the foregoing proviso shall not apply

where the apprenticeship has been revived under the Re-establishment and Employment Act, 1945, and the apprentice is in receipt of the tradesmen's rate through Government supplementation.

#### 26.—Under Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.
