Morning tea may be taken by workers during this interval but the period of seven (7) minutes shall not be exceeded under any circumstances. Upon proof of breach by any worker of any provision hereinbefore expressed or implied, the Court may grant the employer concerned exemption from liability to allow the rest period aforesaid.

(ii) In those establishments where the majority of the workers employed are not subject to this Award, the provisions of this clause shall not apply, but the workers shall be entitled to the rest period, if any, which may be allowed to the majority of workers aforesaid.

(3) By agreement between any employer and his workers, the ordinary hours may be worked on the basis of eighty (80) hours per fortnight.

16.—Overtime.

(b) Overtime on shift work shall be based on the rate payable for shift work.

(c) Except as provided by clause 17 (e), work done on Sundays or the holidays prescribed in clause 19 (a), shall be paid for at double time rates, except in connection with repairs to the employer's machinery, which has broken down and has caused a stoppage of operations, when the rate of time and a half shall apply to the work done on such days. Where a worker (other than a casual worker) is called on to work on a Sunday or a public holiday preceding an ordinary working day, he shall, wherever reasonably practicable, be given eight (8) consecutive hours off duty before his usual starting time on the next day. If this is not practicable, then the provisions of subclause (d) hereof shall apply, mutatis mutandis.

(d) Rest Period after Overtime.—When overtime work is necessary, it shall wherever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.

Where a worker (other than a casual worker) has not had at least eight (8) consecutive hours off duty between his usual finishing time on one day and his usual starting time on the next day, the following provisions shall apply:—

(i) He shall, if he so desires, be entitled to have eight (8) consecutive hours off duty from the completion of his overtime work until he next commences work, but shall not be paid for such time off duty.

(ii) If on the instructions of the employer, he continues or resumes work at his ordinary starting time without having such eight hour break, he shall be paid at overtime rates for the balance of the hours less than eight (8) which he has not had off duty. Hours of overtime actually worked since his last usual finishing time shall be counted in computing the actual rate of overtime under this paragraph.

(iii) If on his own volition, he continues or resumes work at his ordinary starting time without such break, he shall be paid at ordinary rates.

(e) When a worker is recalled to work after leaving the job he shall be paid for at least two (2) hours at overtime rates.

(f) When a worker is required to hold himself in readiness for a call to work after ordinary hours, he shall be paid at ordinary rates for the time he so holds himself in readiness.

(g) When a worker is required for duty during any meal time, whereby his meal time is postponed for more than one (1) hour, he shall be paid at overtime rates until he gets his meal.

(h) A worker shall not be compelled to work for more than six (6) hours without a break for a meal.

(i) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one (1) hour or (in the case of a day-worker) after 6 p.m., whichever is the later, he shall be provided with any meal required or shall be paid two shillings and sixpence (2s. 6d.) in lieu thereof.

(j) (i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Award, or worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

17.—Shift Work.

(a) An employer may, if he so desires, work his establishment on shifts, but before doing so shall give notice of his intention to the union or unions concerned, and of the intended starting and finishing times of ordinary working hours of the respective shifts.

(b) Work other than day shift shall not be recognised as afternoon or night shift unless in either case five (5) consecutive afternoons or nights are worked, but shall be deemed to be overtime. On completion of the fifth (5th) consecutive afternoon's or night's work the worker shall be deemed to have been employed on afternoon or night shift, as the case may be, during the preceding four (4) afternoons or nights, and thereafter during any subsequent consecutive afternoons or nights he is so employed.

(c) The loading on the ordinary rates of pay for shift work shall be five per cent. (5%) for afternoon shift and ten per cent. (10%) for night shift.

(d) The sequence of shift work shall not be deemed to be broken under the preceding paragraph (b) by reason of the fact that the works are closed on a Saturday or Sunday or on any public holiday.

(e) All work performed by seven-day shift workers during ordinary hours on Saturday shall be paid for at the rate of time and one-quarter, and on Sundays and the holidays prescribed in clause 19 (a) at the rate of time and one-half. These rates shall be paid in lieu of the shift allowances prescribed by subclause (c) hereof.

(f) Where a shift commences at or after 11 p.m., then the whole shift shall be paid for at the rate which applies to the major portion of the shift.

18.—Part-time Employment.

The employer shall have the right, after having served written notice upon the union, at the expiration of seven (7) days therefrom, to apply to the Court for an order to vary Clause 15 (Hours) so as to provide for a shorter working week for any or the whole of his workers at the rate of wages specified in this Award or proportionate to the time so to be worked, without payment of casual rates, but before any order is granted the employer shall satisfy the Court that by reason of financial depression existing in the State such an order would be expedient in the interests of all parties concerned.

19.—Holidays.

(a) The following days, or the days observed in lieu shall, subject to clause 16 (c) hereof, be allowed as holidays without deduction of pay, namely, New Year's Day, Australia Day, Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) On any public holiday not prescribed as a holiday under this Award, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(c) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(d) Seven-day shift workers, that is, shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one (1) week's leave in addition to the leave prescribed in subclause (c) hereof. Where a worker with twelve (12) months' continuous service is engaged for part of a qualifying twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of two (2) consecutive weeks' annual leave prescribed in subclause (c) hereof increased by one-twelfth (1/12th) of a week for each completed month he is continuously engaged as aforesaid.

(e) If any award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been and ordinary working day there shall be added to that period one (1) day being an ordinary working day for each such holiday observed as aforesaid.

(f) If after one (1) month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth (1/6th) of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(g) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(h) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (f) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(i) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

(j) The provisions of this clause shall not apply to casual workers.

20.—Absence Through Sickness:

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

21.—Board of Reference:

(a) The Court hereby appoints for the purpose of this Award a Board of Reference.

(b) The Board shall consist of a chairman, to be appointed by the Court and two (2) other representatives, one to be nominated by each of the parties.

For the purpose of this proviso an "approved" shop or factory shall be one to which approval (as regards one or more particular trades) has been given by the Board of Reference appointed under clause 21 hereof.

(b) Notwithstanding anything contained in this Award to the contrary, if through lack of orders or through financial difficulties, the employer is unable at any time to find employment and training for an apprentice, and if a transfer to another employer cannot be arranged, the obligations and duties imposed by the indenture may, with the concurrence of the apprentice and his guardian, be suspended for a period agreed upon or, if no such agreement be arrived at, may be cancelled by the employer. The onus of proof of circumstances justifying such cancellation shall be on the employer. This provision shall be deemed to be included in all contracts of apprenticeship now existing and also in all future contracts entered into.

23.—Junior Workers.

Unapprenticed male juniors may be employed in all occupations for which apprenticeship is not provided, at the rates of wages as set out in the Second Schedule.

24.—Cadets.

6.—Hours and Overtime.

The hours of labour shall be those applying to other workers on the job, provided that:—

- (i) Foremen and assistant foremen shall not be entitled to payment for overtime unless called on to work such overtime with other workers for more than an aggregate of two hours in any one week.
- (ii) When the aggregate overtime exceeds two hours in any week the whole of such overtime shall be paid for at the rate of time and one half for the first four hours and thereafter double time. Sunday time included in time for which overtime is paid shall be paid for at double time. In the calculation of overtime each day shall stand alone.
- (iii) Overtime shall not be construed as meaning the additional time usually and necessarily worked by foremen and assistant foremen as part of their ordinary duties prior to and after the usual starting and finishing hours.
- (iv) Subclauses (i), (ii) and (iii) shall not apply to foremen or assistant foremen who are in receipt of a special allowance to cover systematic overtime and call-outs.

7.—Annual Leave.

(a) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to an employee by the Minister after a period of twelve months' continuous service with the Department.

(b) If an award holiday falls within an employee's period of annual leave and is observed on a day which in the case of that employee would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) An employee may be rostered off and granted annual leave with payment of ordinary wages as prescribed prior to his having completed a period of twelve months' continuous service, in which case should the services of such employee terminate or be terminated prior to the completion of twelve months' continuous service, the said employee shall refund to the Minister the difference between the amount received by him for wages in respect of the period of his annual leave and the amount which would have accrued to him by reason of the length of his service up to the date of the termination of his services.

(d) (i) Subject to paragraph (ii), when computing the annual leave due under this clause no deduction shall be made from such leave in respect of the period that an employee is on annual leave and/or holidays: Provided that no deductions shall be made for any approved period an employee is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six months only of any such period shall count as service for the purpose of computing annual leave.

(e) In the event of an employee being employed by the Minister for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(f) Any employee who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service: Provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(g) When work is closed down for the purpose of allowing annual leave to be taken, employees with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them, provided that nothing herein contained shall deprive the Minister of his right to retain such employees at work during the close down period as may be essential.

(h) "Ordinary wages" for the purpose of sub-clause (a) hereof shall mean the rate of wage the employee has received for the greatest proportion of the calendar month prior to his taking the leave.

8.—Public Holidays.

(a) Except as hereinafter provided, each of the following days, or the day observed in lieu thereof, shall be allowed as a holiday to all employees and be paid for, namely:—New Year's Day, Australia Day (26th January), Good Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, Foundation Day, Christmas Day, Boxing Day, and Union Picnic Day, which shall be the last Monday in November.

(b) Whenever any holiday falls on an employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. If he is required to work on a holiday he shall be paid for

the time worked as if it was an ordinary working day and shall, in addition, be allowed a day's leave with pay to be added to the annual leave or to be taken at some subsequent date if the employee so agrees.

(c) In the case of employees working a five day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be in accordance with the usual hours of work.

(e) When an employee is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the employee is on duty or available on the working day immediately preceding a holiday, or resumes duty, or is available on the working day immediately following a holiday, as prescribed in this clause, the employee shall be entitled to a paid holiday on all such holidays.

9.—Sick Leave.

An employee on production of an adequate medical certificate shall be granted sick leave on the following basis:—

(a) One-sixth of a week's pay for each completed month of service.

(b) The liability of the employer shall in no case exceed two (2) weeks' wages during each calendar year in respect of each worker, but any portion unused up to the period of one (1) week in any calendar year shall be allowed to accumulate and may be availed of in the next or any succeeding year.

(c) The privileges accrued by way of accumulation of sick leave prior to this amendment, or 15 working days whichever is the greater shall be credited to the worker concerned.

(d) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(e) Indisposition not necessitating confinement to the house shall not be regarded as illness in respect of which leave of absence may be granted under this clause except under special circumstances as may be approved by the employer.

(f) Sick leave shall not be granted in respect of any absence due to an employee's own fault, neglect or misconduct.
