Hours of overtime actually worked since his last usual finishing time, shall be counted in computing the actual rate of overtime under this paragraph.

(iii) If a worker of his own volition, continues or resumes work at his ordinary starting time without such break, he shall be paid at ordinary rates.

#### 11.—Annual Leave and Holidays.

(a) Each worker shall be entitled to three (3) weeks' annual leave on full pay or, should the period of continuous employment be less than one year, the worker shall be paid a sum proportionate as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer; provided that where a worker is dismissed for wilful misconduct he will not be entitled to the benefits of this clause.

(b) Continuous process workers shall be granted one (1) week's leave on full pay, in addition to the leave prescribed in subclause (a) hereof. Workers who have worked as continuous process workers for less than two hundred and forty one (241) shifts at ordinary rates of pay shall be granted the proportion of the additional week. The quantum of annual leave to be allowed to a worker shall, for service prior to the 28th day of December, 1955, be calculated in accordance with the provisions of the Award applicable before that date, and for service subsequent to the 28th day of December, 1955, in accordance with the provisions of this subclause.

(c) The amounts to be paid under subclauses (a) and (b) shall be calculated at the rate prevailing at the time the payment is made.

(d) The provisions as to annual leave shall not apply to casual workers.

(e) Subject to clauses 8 (c) and (d) and 9(h), the following shall be paid holidays:—Christmas Day, Good Friday, Easter Monday, Labour Day and one additional day in each calendar year, to be nominated by the employer. Provided that any worker who does not present himself for work (if required) on the working day following any of the abovementioned holidays shall not be entitled to be paid for such holiday unless he produces proof satisfactory to the employer that he was prevented by sickness from presenting himself for work on any such day and that such sickness was not due to intemperance or misconduct.

(f) If any of the holidays prescribed in subclause (e) falls during a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, the worker shall be paid one extra day at ordinary rates for that day or, at his option, have one day on full pay added to that period for each such holiday.

#### 12.—Weekly Hiring.

(a) A week's notice of intention to terminate the employment shall be given on either side, except in the case of casual workers.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of Clause 13, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

#### 13.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-tenth (1/10th) of a week's pay at the Award rate for each 23.7 shifts actually worked at ordinary rates of pay; provided that subject to subclause (d) hereof, payment for absence through such ill-health shall be limited to one week's pay in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. (See also regulation 23.)

35. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the extension of the apprenticeship period, the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary. (See also regulation 23.)

36. Upon completion of the period of training prescribed or any authorised extension thereof, each apprentice shall, if he has passed the final examination to the satisfaction of the examiners, be provided with a certificate to that effect by the Registrar. This certificate shall also be signed by the examiners.

#### Lost Time.

37. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award. Provided—

(a) payment for such sickness shall not exceed a total of two weeks in each year;

(b) where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer.

38. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training (but not exceeding two weeks in any year of service), the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however, that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

39. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

40. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

41. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission—

- (a) to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the Industrial Award or Agreement for the trade, calling, or industry; or
- (b) to suspend the contract for such period and on such terms as the Court thinks fit.

If the Court grants the application, holidays will be reduced pro rata.

Miscellaneous.

42. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the union of workers interested upon request.

43. (1) (a) For the purpose of ascertaining the number of apprentices allowed at any time the average number of journeymen employed on all working days of the 12 months immediately preceding such time shall be deemed to be the number of journeymen employed.

(b) Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. In the case of a partnership each partner shall be deemed a journeyman for the purpose of this subclause.

(c) Where a business is in operation for less than 12 months the method of ascertaining the number shall be as agreed by the union and the employer, or if no agreement is arrived at, as determined by the Court.

(2) Notwithstanding the provisions of subclause (1) hereof the Court may in any particular case—

- (a) In special circumstances permit the taking or employment of an apprentice by an employer notwithstanding that the quota fixed by the Award may be exceeded.
- (b) Refuse the registration of an agreement of apprenticeship or the taking of an apprentice in any case when in the opinion of the Court the circumstances are such that the apprentice is not likely to receive the instruction and training necessary to qualify him as a tradesman.

44. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1941, shall have the power to enter any premises, make such inspection of the premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

45. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

46. In every application under clauses 15, 18, 19, 20, and 41 hereof, the union of workers registered may intervene and make such representations at the hearing as it may deem necessary. Similarly, in the case of an application under clause 22, the employer may intervene and, in an application under clause 23, both the employer and the union may intervene. Where such intervention is made, a representative or agent shall be appointed in the manner laid down by section 65 of the Act.
