(i) When overtime work is necessary, it shall, whenever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.

(ii) Where a worker (other than a casual worker) has not had at least eight (8) consecutive hours off duty between his usual finishing time on one day and his usual starting time on the next day, the following provisions shall apply:—

(a) He shall if he so desires, be entitled to have eight (8) consecutive hours off duty from the completion of his overtime work until he next commences work, but shall not be paid for such time off duty.

(b) If on the instructions of the employer, he continues or resumes work at his ordinary starting time without having such eight (8) hours break, he shall be paid at overtime rates for the balance of the hours less than eight which he has not had off duty. Hours of overtime actually worked since his last usual finishing time, shall be counted in computing the actual rate of overtime under this paragraph.

(c) If a worker of his own volition, continues or resumes work at his ordinary starting time without such break, he shall be paid at ordinary rates.

10.—Annual Leave and Holidays.

(a) Each worker shall be entitled to three (3) weeks' annual leave on full pay or, should the period of continuous employment be less than one year, the worker shall be paid holiday pay in proportion as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer; provided that, where a worker is dismissed for wilful misconduct, he will not be entitled to the benefits of this clause; provided further, that by agreement between the employer and the worker, leave may be allowed to accumulate for two (2) years.

(b) The amounts to be paid under subclause (a) shall be calculated at the rate prevailing at the time the payment is made.

(c) The provisions as to annual leave shall not apply to casual workers.

(d) Subject to Clause 9(d) the following shall be paid holidays: Christmas Day, Good Friday, Easter Monday, Labour Day and one additional day in each calendar year to be nominated by the employer. If Christmas Day falls on a Sunday, the following Monday shall be kept. Provided that any worker who does not present himself for work (if required) on the working day following any of the abovementioned holidays shall not be entitled to be paid for such holiday unless he produces proof satisfactory to the employer that he was prevented by sickness from presenting himself for work on any such day and that such sickness was not due to intemperance, or misconduct.

(e) If any of the holidays prescribed in subclause (d) falls during a worker's period of annual leave and is observed on an ordinary working day, the worker shall be paid one extra day at ordinary rates for that day or at his option have one day on full pay added to that period for each such holiday.

(f) Any worker who has taken part in a strike (including a slow strike) or a general or sectional stoppage of work unauthorised by the employer, during the period of service in respect of which the abovementioned annual holidays are granted, shall forfeit one day of such annual holidays for every day or part of a day during which he takes part in a strike, or in such unauthorised stoppage of work, including a stoppage because of a fatal accident in the mine, except in the case of those workers working in the same shift and the same level as the deceased who desire to attend the funeral and so notify the employer.

11.—Weekly Hiring.

(a) A week's notice of intention to terminate the employment shall be given on either side, except in the case of casual workers.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of Clause 12 or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

12.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-tenth (1/10th) of a week's pay at the Award rate for each 23.7 shifts actually worked

at ordinary rates of pay: Provided that, subject to subclause (d) hereof, payment for absence through such ill-health shall be limited to one week's pay in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(e) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay under the preceding provision, shall not count for the purpose of determining his right to holidays.

13.—Shifts.

Men working shifts not subject to weekly rotation shall be paid for each shift other than day shift at the rate of time and a half.

14.—Payment of Wages.

Pay day shall be in accordance with Section 55 of the Mines Regulation Act. 15.—Record Book.

A time and wages book shall be kept by each employer, in which shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day, and the amount of wages received by him each week. The employer shall be responsible for the proper posting of the book each week; the said book shall be open to the authorised representative of the union at any time during working hours, and he shall be allowed to take necessary extracts therefrom.

Provided that any system of automatic recording by means of machines shall be deemed a compliance with this provision to the extent of the information recorded.

16.—Representative Interviewing Workers.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal hour, or at some other period convenient to the employer, on the business premises of the employer, but this permission shall not be exercised without the consent of the employer more than once in any one week.

17.—No Reduction.

Any worker who has been prior to the date of this Award in receipt of a higher rate of pay for his particular class of work than that prescribed

by the Award heretofore in force, shall not by reason of this Award suffer any reduction in the amount by which such higher rate of pay exceeded the amount formerly prescribed; such excess amount shall not be affected by this Award.

18.—Provision of Appliances.

The employer shall provide the following tools when they are required on the job—dogs and cramps of all descriptions, bars of all descriptions, augers of all sizes, bits not ordinarily used in a brace, hack saws, all hammers, except claw hammers, glue pots and brushes, dowel plates, tram-mels, hand and thumb screws, soldering irons and spanners from three-quarters of an inch upwards. The employer shall provide on all jobs suitable sanitary conveniences and boiling water ready for meal time, where it is necessary.

19.—Under-Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

20.—Piecework.

(a) Subject to the minimum wage rates and other conditions herein prescribed, an employer may remunerate any of his workers under any system of payment by results.

21.—Tool Lock Up.

A secure and weatherproof place shall be provided by the employer where the carpenter's tools may be locked up apart from the employer's plant or material.

22.—Grinding Time.

Employers shall provide sandstone grindstones. Workers shall be allowed to maintain their tools in proper working condition in working hours.

When a worker who has been employed for five (5) consecutive working days is discharged, he shall be allowed two (2) hours for grinding tools or two (2) hours' pay in lieu thereof.

23.—Definitions.

"Casual hand" means any worker who is dismissed through no fault of his own before the expiration of one (1) week of his employment.

24.—University or School of Mines or Technical College Students.

Provision may be made by agreement between an employer and University or School of Mines or Technical College students as to terms and conditions of employment. Any such agreement shall be submitted to the Court for approval within one (1) month after the making thereof. Provided always that this clause shall only apply in the case of a day time student who has not completed his course at the University or School of Mines or Technical College and where such employment is for the purpose of giving him practical experience and/or assisting the student to complete his course of study.

25.—Apprentices.

(a) The provisions of Schedule II hereto marked "Apprenticeship Regulations", subject to any modifications or alterations contained in this clause, are hereby embodied in and form part of this Award.

(b) The maximum number of apprentices allowed to any employer shall be in the proportion of one (1) apprentice to every two (2) or fraction of two (2) journeymen employed by him in that branch: Provided that the fraction of two (2) shall not be less than one (1).

(c) If the apprentice be employed on a mine and the mine ceases any operations in which the apprentice is engaged, the apprenticeship may be terminated, in which case the apprentice shall be given a certificate to show the time he has served, and the employer shall endeavour to find him another employer willing to complete the term. Should the apprentice desire to complete his apprenticeship with another employer, the certificate he has received from the former employer shall be prima facie evidence of the wages he is entitled to receive and the period necessary to complete his apprenticeship.

(d) If the apprentice shall at any time during the said term be wilfully disobedient to the lawful orders of the employer, his managers, foremen, or other servants having authority over the apprentice, or be slothful or negligent or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or should not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer with the consent of the Court to discharge the apprentice from his service.

(e) The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement, abrogate, or cancel the agreement, either unconditionally, or subject to such terms and conditions as it may deem advisable.

For further assurance, and without modification of or prejudice to the foregoing provisions of this subclause, the employer may at any time apply to the Court, upon giving seven (7) days' notice to the Union, for a declaration hereunder and the consequential cancellation of this clause, and the Court, upon cause being shown, shall make a declaration and order accordingly appropriate to the particular case.

(b) At the end of the period of probation of each apprentice, if mutually agreed upon by the employer and the legal guardian of the boy, but not otherwise, he may become an apprentice under an agreement.

5. The employer of every apprentice shall keep him constantly at work and teach such apprentice or cause him to be taught the industry, craft, occupation, or calling in relation to which he is bound apprentice, by competent instruction in a gradual and complete manner, and shall give such apprentice a reasonable opportunity to learn the same, and receive, during the period of his apprenticeship, such technical, trade, and general instruction and training as may be necessary. And every apprentice shall, during the period of his apprenticeship, faithfully serve his employer for the purpose of being taught the industry, craft, occupation, or calling in relation to which he is bound, and shall also conscientiously and regularly accept such technical, trade, and general instruction and training as aforesaid, in addition to the teaching that may be provided by his employer.

6. The employer and the apprentice respectively shall be deemed to undertake the duty which he agrees to perform as a duty enforceable under an award of the Court.

Apprenticeship Board.

7. (1) The Court may on its own motion or on the application of any of the parties, or on the recommendation of an Industrial Board, appoint a Board for the purpose of dealing with all matters affecting apprentices assigned to the determination of the Board by the Court, and in particular to perform and discharge all powers and duties in these regulations and therein to be performed and discharged by the Court, except such powers and duties as are specially assigned to the Court by the Act.

(ii) The Board shall consist of the following:—

(a) A chairman, to be appointed by the Court, and

(b) Representatives of the employers and workers respectively, one or two on each side, as may be decided by the Court.

(iii) The Board shall be invested with the following powers and functions in addition and without prejudice to those mentioned in (i):—

(a) to endeavour to promote apprenticeships under this Award;

(b) to draw up syllabi of training and to arrange for the periodical examination of apprentices;

(c) to permit in any special circumstances the taking or employment of an apprentice by an employer, notwithstanding that the quota fixed by the Award in any particular case may be exceeded;

(d) to enter any factory, workshop, or place where an apprentice is employed or appoint any other person for that purpose and inspect the conditions under which any apprentice is employed;

- (e) to require any employer to furnish the Board with any specified information relating to any trade or industry subject to this Award, or any of the workers engaged therein, with a view to determining whether there is a sufficient number of apprentices being trained to meet future requirements and in the interests of the community;
- (f) to advise the Court as to all matters appertaining to apprentices.
- (iv) A majority of the members of the Board, one of whom must be the chairman, shall constitute a quorum.
- (v) The decision of the Board shall be the decision of the majority of the members and shall be signed by the chairman and forwarded to the Registrar.
- (vi) Either party, with the consent of the Court, may at any time alter its representative.

8. (a) No employer shall refuse employment to any person, or dismiss any worker from his employment, or injure him in his employment or alter his position to his prejudice, by reason merely of the fact that the worker is a member of the Board, or by reason merely of anything said or done or omitted to be done by any such person or worker in the course of his duty as such member.

(b) In any proceeding for any contravention of this subclause it shall lie upon the employer to show that any person proved to have been refused employment, or any worker proved to have been dismissed or injured in his employment or prejudiced whilst acting as such member was refused employment or dismissed or injured in his employment or prejudiced for some reason other than that mentioned in this subclause.

Agreement of Apprenticeship.

9. (a) All agreements of apprenticeship shall be drawn up on a form approved by the Court, and signed by the employer, the legal guardian of the apprentice, the apprentice, and the Registrar. No employer, guardian, or apprentice shall enter into any agreement or undertaking purporting to add to, vary, alter or amend any such agreement without the approval of the Court.

(b) There shall be three copies of each agreement, of which one copy shall be held by the employer, one shall be held by the legal guardian of the apprentice, and one copy shall be retained by the Registrar.

(c) The apprenticeship agreement shall be completed within one month of the termination of the probationary period.

(d) Every agreement of apprenticeship shall be subject to the provisions of the Award in force for the time being applicable to apprenticeship in the industry.

10. Every agreement entered into by the employer and the legal guardian of the apprentice shall be for a period of five years, or such other period as may be prescribed by the Award, but this period may be reduced in special circumstances with the approval of the Court.

11. Every agreement of apprenticeship entered into shall contain—

- (a) The names and addresses of the parties to the agreement.
- (b) The date of birth of the apprentice.
- (c) A description of the industry, craft, occupation or calling or combination thereof to which the apprentice is to be bound.
- (d) The date at which the apprenticeship is to commence and the period of apprenticeship.
- (e) A condition requiring the apprentice to obey all reasonable directions of the employer and requiring the employer and apprentice to comply with the terms of the industrial Award so far as they concern the apprentice.
- (f) A condition that technical instruction of the apprentice, when available, shall be at the employer's expense, and shall be in the employer's time, except in places where such instruction is given after the ordinary working hours.

(g) A condition that in the event of any apprentice, in the opinion of the examiners, not progressing satisfactorily, increased time for technical instruction shall be allowed at the employer's expense to enable such apprentice to reach the necessary standard.

(h) The general conditions of apprenticeship.

Transfer of Apprentices.

12. (a) The Court shall have power to transfer an apprentice from (a) one employer to another and/or (b) from one trade to another, either temporarily or permanently—

(i) if the employer does not provide the necessary facilities for the apprentice to become proficient in his trade; or

(ii) upon the application of the employer or the apprentice for good cause shown.

(b) The transfer of every agreement shall be made out in quadruplicate and shall, unless the Court otherwise directs, be signed by the late employer or his assigns, the legal guardian of the apprentice, the apprentice, the Registrar, and the new employer. The transfer form shall be completed within two months of the date on which the transfer is effected.

(c) One copy of the transfer agreement shall be held by the late employer, one shall be held by the new employer, one shall be held by the legal guardian of the apprentice, and one shall be retained by the Registrar.

13. Should an employer at any time before the determination of the period of apprenticeship desire to dispense with the service of the apprentice he may with the consent of the apprentice and guardian transfer him to another employer carrying on business within a reasonable distance of the original employer's place of business, willing to continue to teach the apprentice and pay the rate of wages prescribed by the Court in its Award or otherwise according to the total length of time served and generally to perform the obligations of the original employer.

14. On the transfer or termination of any apprenticeship, from whatever cause, the employer shall give the apprentice a statement in writing setting forth the time he has served, full particulars of the branches of the trade or industry in which he has received instruction and the proficiency attained (see Form B hereof); and he shall also notify the Registrar stating the cause of such transfer or termination. On any such transfer the original employer shall be relieved from all obligations under the contract.

15. In the event of an employer being unable to provide work for the apprentice or to mutually agree with the legal guardian of the apprentice to cancel the agreement or to arrange a transfer, application may be made to the Court to arrange for such transfer or to have such agreement cancelled.

16. Where a person is apprenticed to partners his agreement of apprenticeship shall upon the retirement or death of any partner be deemed to be assigned to the continuing partner or partners.

Cancellation of Agreement.

17. Every agreement shall include a provision that it may be cancelled by mutual consent, by the employer and the legal guardian of the apprentice giving one month's notice in writing to the Court and to the parties concerned that such apprenticeship shall be terminated.

18. If the apprentice shall at any time be wilfully disobedient to the lawful orders of the employer, his managers, foremen or other servants having authority over the apprentice, or be slothful, negligent, or dishonest, or shall otherwise grossly misbehave himself, or shall not conduct himself as a good and faithful apprentice should do, or shall not faithfully observe and keep his part of his agreement, then it shall be lawful for the employer, with the consent of the Court, to discharge the apprentice from his service.

19. The Court may in its discretion for any cause which it may deem sufficient on the application of any party to an apprenticeship agreement vary or cancel the agreement, either unconditionally or subject to such terms and conditions as it may deem advisable.

20. No apprentice employed under a registered agreement shall be discharged by the employer for alleged misconduct until the registration of the agreement of apprenticeship has been cancelled by order of the Court on the application of the employer.

Provided, however, that an apprentice may be suspended for misconduct by the employer, but in any such case the employer shall forthwith make an application for cancellation of the agreement of apprenticeship, and in the event of the Court refusing same the wages of the apprentice or such portion thereof, if any, as the Court may order shall be paid as from the date of such suspension, and, in the event of the application for cancellation being granted, such order may take effect from the date when the apprentice was suspended.

21. Subject to the provisions of the Acts relating to Bankruptcy and Insolvency and the Winding-up of Companies, the following provisions shall apply:

(a) The Trustee or Liquidator, as the case may be, may give written notice to the apprentice and his parent or guardian of his intention to discontinue the employment of the apprentice from a date to be named in such notice, and thereupon the agreement shall be deemed to be terminated from the said date.

(b) Neither the apprentice, his parent or guardian, shall have any right of action against the employer unless the Court specifically authorises the same after consideration of the circumstances, and in any event, any proceedings for damages hereunder authorised by the Court must be commenced within six weeks after the service on the apprentice of the notice referred to in subclause (a) hereof, otherwise any claim for damages shall be deemed to be waived and forfeited.

(c) If the contract of apprenticeship is transferred on the bankruptcy or insolvency of the employer, to another employer, the apprentice named in such contract shall not be counted in calculating the proportion of apprentices to other labour.

Extension of Term.

22. Subject to regulation 38, time lost by the apprentice through sickness or any other cause whatsoever may, with the consent of the Court on the application of any party, be added to the original term in the apprenticeship agreement at the end of the year of service in which the time has been lost or at the termination of the apprenticeship period.

23. The term of apprenticeship may be extended by the Court on the failure of an apprentice to pass two successive periodical examinations, either by ordering a continuation of any particular year of the apprenticeship, in which case the next year of service shall not commence until after the expiration of the extended period, or by adding the period of extension to the last year of service. It shall be the duty of the examiners to make any recommendation they see fit to the Court for the purpose of such extension. Any extension of the term of apprenticeship shall be subject to all the conditions and stipulations in the original agreement, except as to rates of wages, which shall be such amount as the Court may determine. (See also regulations 34 and 35.)

Technical Education Classes.

24. (a) Every apprentice shall attend regularly and punctually a Government or other approved technical school vocational classes or classes of instruction, for instruction in such subjects as are provided for his trade. This clause shall be deemed to have been complied with if the apprentice takes a course in an approved correspondence school: Provided, however, that attendances shall not be compulsory when the apprentice is resident outside a radius of 12 miles from the place where instruction is given, or in the case of illness of

the apprentice the proof whereof lies on him. Provided also that if technical instruction is not available in the locality in which the apprentice is employed and is available by correspondence, at reasonable cost to be approved by the Court, the Court may prescribe such correspondence course as the technical instruction to be taken by the apprentice and paid for by the employer.

(b) The fees for the classes attended by the apprentice shall be paid by the employer.

(c) The period during which apprentices are to attend such technical school or classes if any shall be four hours per week.

25. Any apprentice who:

(a) fails without reasonable cause, the proof whereof lies on him, to attend any technical school or class punctually when such is available for instruction, at the time appointed for the commencement of the school or class, or leaves school or class, before the time appointed for leaving, without the permission of the teacher; or

(b) fails to be diligent or behaves in an indecorous manner while in such school or class; or

(c) destroys or fails to take care of any material or equipment in such school or class

shall be deemed to commit a breach of the Award and shall be liable for each such breach to a penalty not exceeding two pounds.

26. Where in any case it is shown to the satisfaction of the Court that any apprentice, by reason of his engagement on country work or other good cause, cannot conveniently attend a technical school or other prescribed classes, such of these regulations as relate to attendance at a technical school or other prescribed classes, and to examinations, shall not apply to such apprentice, but he shall be subject to such conditions as the Court may direct.

27. If the examiners or the industrial union or employer concerned make representations to the Court that the facilities provided by the technical school or other place of vocational training for the teaching of apprentices, are inadequate, the Court may make such investigations and such report to the Minister controlling such technical school, or such other place, as it deems necessary.

28. When an apprentice attends a technical school, vocational classes, or other class or classes of instruction during his ordinary working hours, where such is prescribed, the time so occupied shall be regarded as part of the term of his apprenticeship, and the employer shall not be entitled to make any deduction from the wages of the apprentice for such time.

Examinations.

29. (a) Every apprentice shall be bound to submit himself to examination at the places and times appointed by the Registrar after consultation with the examiners.

(b) Every apprentice shall, prior to submitting himself to examination, if required by the examiners, produce to the examiners a certificate that he has made at least 70 per centum of attendances at the technical school or other place of instruction, unless he is exempted from such attendance for good cause.

(c) The Registrar shall notify the examiners of the names and addresses of the apprentices required to submit themselves to examination and the attendances made by them at the technical school should such information be in his possession.

(d) The employer shall place at the disposal of the examiners such material and machinery on his premises as may be required by them, and shall in all ways facilitate the conduct of the examination.

30. (a) The examiners shall be persons skilled in the industry and appointed by the Court. In the event of a disagreement between the examiners, the matter in dispute shall be referred to a third person agreed to by them or nominated by the Court or the President, at the request of any of the examiners, and the decision of such person shall be final and conclusive.

(b) It shall be the duty of the examiners to examine the work, require the production of the certificate of attendance, inquire into the diligence of each apprentice, and as to the opportunities

provided by the employer for each apprentice to learn, and to submit a report to the Court in writing as to the result of the examination within one month from the date of holding the examination, but this period may be extended by the Court.

(c) Such examination shall, where possible, include theory and practice as applied to the trade, industry, craft, occupation, or calling to which the apprentice is indentured.

31. The Registrar shall, after each examination, issue a certificate to each apprentice indicating the results and the term of apprenticeship served. A duplicate of such certificate shall be forwarded by the Registrar to the employer and the secretary of the union, each of whom shall keep the same in safe custody and produce for inspection by the Industrial Inspector whenever demanded by the latter to do so.

32. Whenever it is possible so to do, the examiners, before entering upon the examination, shall draw up a syllabus showing what, in their opinion, is the stage of proficiency which an apprentice should attain at each of the examinations prescribed. The syllabus shall be subject to review by the Court at any time, and shall be kept as a record by the Registrar and a copy handed to the examiners before each examination. The said syllabus may be subject to alteration from time to time by the examiners, who shall forthwith notify the Registrar thereof.

33. In lieu of, or in addition to, examiners above referred to the Court may appoint, wholly or partly, examiners to be recommended by the Superintendent of Technical Education for the whole or any portion of the subjects of instruction.

34. On the failure of an apprentice to pass any of the examinations, the employer may, if the examiners so recommend withhold the increase in wages accruing to the apprentice in accordance with the scale set forth in the Award for such period as may be recommended by the examiners but not exceeding twelve months. (See also regulation 23.)

35. Upon the failure of an apprentice to pass two consecutive examinations, it shall be the duty of the examiners to report same to the Court, with a recommendation as to the extension of the apprenticeship period, the cancellation of the apprenticeship agreement, or such other remedial measures (i.e., increased time for technical instruction) as they may deem advisable. The Court, after notice to all parties concerned, may cancel the agreement or make such other order in the circumstances as it may deem necessary. (See also regulation 23.)

36. Upon completion of the period of training prescribed or any authorised extension thereof, each apprentice shall, if he has passed the final examination to the satisfaction of the examiners, be provided with a certificate to that effect by the Registrar. This certificate shall also be signed by the examiners.

Lost Time.

37. The employer shall pay the apprentice for all time lost through sickness or the holidays prescribed by this Award: Provided—

- (a) payment for such sickness shall not exceed a total of two weeks in each year;
- (b) Where the time lost through sickness exceeds four consecutive working days, the employer may demand from the apprentice the production of a medical certificate, and a further certificate or certificates may be required if any time is lost through sickness within seven days from the date of resumption of duty, the cost if any of such certificate or certificates not exceeding 5s. to be borne by the employer.

38. The employer shall pay the apprentice, in respect of time lost through compulsory military or naval training (but not exceeding two weeks in any year of service), the amount by which the wages prescribed by the industrial award for the trade, calling, craft, occupation, or industry exceeds the amount received by the apprentice from the Department of Defence: Provided, however,

that this clause shall not apply to military or naval training imposed through failure to attend compulsory parades.

All time lost by reason of compulsory military or naval training other than the additional training mentioned in the above proviso shall count as part of the apprenticeship.

39. When an apprentice is absent from work for any cause other than sickness or in pursuance of the provisions of these regulations, the employer shall be entitled to deduct from the wages of the apprentice an amount proportionate to the time so lost.

40. When an apprentice cannot be usefully employed because of a strike the employer shall be relieved of his obligations under the apprenticeship agreement during the period of the strike.

Part-time Employment.

41. Where in any case an employer is temporarily unable to provide work to employ an apprentice for his full time, application may be made by the employer to the Court for permission—

- (a) to employ the apprentice for such lesser time per week or per month and at such remuneration as the Court may determine, being not less than the proportionate amount of the rate of wages prescribed by the industrial Award or Agreement for the trade, calling, or industry; or
- (b) to suspend the contract for such period and on such terms as the Court thinks fit.

If the Court grants the application, holidays will be reduced pro rata.

Miscellaneous.

42. (1) The Registrar shall prepare and keep a roll of apprentices containing—

- (a) a record of all apprentices and probationers placed with employers;
- (b) a record of all employers with whom apprentices are placed;
- (c) a record of the progress of each apprentice, recording the result of the examiners' reports;
- (d) any other particulars the Court may direct.

(2) These records shall be open to inspection by employers and the union of workers interested upon request.

43. (1) (a) For the purpose of ascertaining the number of apprentices allowed at any time the average number of journeymen employed on all working days of the 12 months immediately preceding such time shall be deemed to be the number of journeymen employed.

(b) Where the employer is himself a journeyman regularly and usually working at the trade he shall be counted as a journeyman for the purpose of computing the number of apprentices allowed. In the case of a partnership each partner shall be deemed a journeyman for the purpose of this subclause.

(c) Where a business is in operation for less than 12 months the method of ascertaining the number shall be as agreed by the union and the employer, or if no agreement is arrived at, as determined by the Court.

(2) Notwithstanding the provisions of subclause (1) hereof the Court may in any particular case—

- (a) In special circumstances permit the taking or employment of an apprentice by an employer notwithstanding that the quota fixed by the Award may be exceeded.
- (b) Refuse the registration of an agreement of apprenticeship or the taking of an apprentice in any case when in the opinion of the Court the circumstances are such that the apprentice is not likely to receive the instruction and training necessary to qualify him as a tradesman.

44. Every industrial inspector appointed in pursuance of the provisions of the Industrial Arbitration Act, 1912-1941, shall have the power to enter any premises, make such inspection of the

premises, plant, machinery, or work upon which any apprentice is employed or could be employed, interview any apprentice or employee, examine any books or documents of the business relating to the wages and conditions of apprentices, interrogate the employer in regard to any of the above-mentioned matters.

45. With a view to determining whether the number of apprentices being trained is sufficient to meet the future requirements of the industry in the matter of skilled artisans, the Registrar may require any employer to furnish him with any specified information relating to the said industry, or relating to the workers engaged therein.

46. In every application under clauses 15, 18, 19, 20, and 41 hereof, the union of workers registered may intervene and make such representations at the hearing as it may deem necessary. Similarly, in the case of an application under clause 22, the employer may intervene and, in an application under clause 23, both the employer and the union may intervene. Where such intervention is made, a representative or agent shall be appointed in the manner laid down by section 65 of the Act.

9.—Overtime (other than Continuous Process Workers).

(a) For work done beyond the hours of duty on any ordinary day, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter: Provided that, in the case of the engine crew on the Gwalia Woodline all overtime shall be calculated at time and a half.

(b) Work done on Saturdays and Sundays shall be paid for at the rate of time and a half for the first two (2) hours and double time thereafter, except in the case of the engine crew on the Gwalia Woodline, and except work in connection with repairs to machinery which has broken down and caused a stoppage of operations, when the rate in either case shall be time and a half throughout.

(c) When a worker is recalled to work after leaving the job, he shall be paid for at least two (2) hours at overtime rates.

(d) When computing overtime, the district allowances shall not be computed as an addition to the day's pay.

(e) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for affecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

(f) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one (1) hour or (in the case of a day-worker) after 5.30 p.m., whichever is the later, he shall be provided with any meal required or shall be paid three shillings and sixpence (3s. 6d.) in lieu thereof.

(g) When a worker is required for duty during any meal time, whereby his meal time is postponed for more than one hour, he shall be paid at overtime rates until he gets his meal.

(b) A worker called upon to work a sixth shift in any week shall be paid at the rate of time and a half.

(c) For work done beyond the hours of duty on any day except a holiday, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter.

(d) When computing overtime, the district allowances shall not be computed as an addition to the day's pay.

(e) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime, due to a relieving man not coming on at the proper time, shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

(f) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one (1) hour or (in the case of a day-worker) after 5.30 p.m., whichever is the later, he shall be provided with any meal required or shall be paid three shillings and sixpence (3s. 6d.) in lieu thereof.

(g) All work done on Sundays during the ordinary hours of duty shall be paid for at the rate of time and a half.

11.—Rest Period after Overtime.

(a) When overtime work is necessary, it shall, whenever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.

(b) Where a worker (other than a casual worker) has not had at least eight (8) consecutive hours off duty between his usual finishing time on one day and his usual starting time on the next day, the following provisions shall apply:—

- (i) He shall, if he so desires, be entitled to have eight (8) consecutive hours off duty from the completion of his overtime work until he next commences work, but shall not be paid for such time off duty.
- (ii) If on the instructions of the employer, he continues or resumes work at his ordinary starting time without having such eight (8) hours break, he shall be paid at overtime rates for the balance of the hours less than eight (8) which he has not had off duty. Hours of overtime actually worked since his last usual finishing time, shall be counted in computing the actual rate of overtime under this paragraph.
- (iii) If a worker, of his own volition, continues or resumes work at his ordinary starting time, without such break, he shall be paid at ordinary rates.

12.—Shift Work.

(a) Men working shifts not subject to weekly rotation shall be paid for such shift other than day shift, at the rate of time and a quarter. The roster known as the Great Boulder Roster and other accepted variations thereof, shall be deemed to be subject to weekly rotation.

(b) A worker employed on any shift other than day shift, shall be paid five per cent. (5%) in addition to his ordinary rate.

(c) Work other than day shift shall not be recognised as afternoon or night shift unless in either case five (5) consecutive afternoons or nights are worked; but shall be deemed to be overtime; on completion of the fifth consecutive afternoon's or night's work, the worker shall be deemed to have been employed on afternoon or night shift, as the case may be, during the preceding four (4) afternoons or nights, and thereafter during any subsequent consecutive afternoons or nights he is so employed.

13.—Holidays.

The following shall be paid holidays:—Christmas Day, Good Friday, Easter Monday, Labour Day, and one additional day in each calendar year, to be nominated by the employer.

If Christmas Day falls on a Sunday, the following Monday shall be kept. Provided that any worker who does not present himself for work (if required) on the working day following any of the abovementioned holidays shall not be entitled to be paid for such holiday unless he produces proof satisfactory to the employer that he was prevented by sickness from presenting himself for work on any such day and that such sickness was not due to intemperance or misconduct. All work performed on any of the aforementioned holidays shall be paid for at double time except work in connection with repairs to machinery which has broken down and has caused a stoppage of operations, when the rate shall be time and a half throughout.

14.—Annual Leave.

(a) Annual holidays shall be taken at the convenience of the management of the mine; workers to receive one month's notice of the date on which the holiday is to commence; a committee of three (3) to be appointed on each mine to assist the management in the arrangement of a suitable roster.

(b) Three (3) weeks' holidays, including fifteen (15) working days on full pay, shall be granted once in each year to every worker, provided he has worked two hundred and forty-one (241) shifts

at ordinary rates of pay, and should he have worked less than two hundred and forty-one (241) such shifts when the said holiday is taken, or at the termination of his employment, he shall be paid for a proportionate number of holidays. Payment for the said holidays shall be at the rate of pay the worker is receiving immediately before the holiday is taken or employment terminated. Provided further that, where the worker is dismissed for wilful misconduct, he shall not be entitled to the benefits of the provisions of this clause.

(c) Continuous process workers shall be granted one (1) week's leave on full pay in addition to the leave prescribed in subclause (a) hereof. Workers who have worked as continuous process workers for less than two hundred and forty-one (241) shifts at ordinary rates of pay shall be granted the proportion of the additional week. The quantum of annual leave to be allowed to a worker shall, for service prior to the 28th day of December, 1955, be calculated in accordance with the provisions of the Award applicable before that date, and for service subsequent to the 28th day of December, 1955, in accordance with the provisions of this subclause.

(d) A pieceworker shall be entitled to be paid when on holiday the minimum rate for his grade.

(e) It shall not be lawful for the employer to give or the employee to receive payment in lieu of such annual holidays except where the engagement of the worker is terminated.

(f) This clause shall not apply to casual workers.

(g) If any of the holidays prescribed in clause 13 of this Award falls during a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, the worker shall be paid one extra day at ordinary rates for that day or, at his option, have one day on full pay added to that period for each such holiday.

15.—Mixed Functions.

(i) An engine driver shall be paid for the whole of the shift at the highest rate for any engine classified in this Award on which he has been employed during any portion of the shift.

(ii) A worker, other than an engine driver, engaged for more than half ($\frac{1}{2}$) of one (1) day or shift on duties carrying a higher rate than his ordinary classification, shall be paid the higher rate for such day or shift. If employed for less than half ($\frac{1}{2}$) of one (1) day or shift, he shall be paid the higher rate for the time so worked.

16.—Accident Pay.

In the event of a worker meeting with an accident during the shift, or being required to attend to one who has met with an accident, he shall be deemed to have rendered duty during the whole of the shift, and be paid accordingly.

17.—Full Payment for Shift.

(a) After beginning a shift, workers shall not be paid less than for a full shift, unless they leave of their own accord or are dismissed for misconduct. This shall not apply in matters beyond the control of the management.

(b) If before a worker leaves the works at the end of his shift, and because he is not so informed, he attends at the next shift willing to work it, and there is no suitable work which he is allowed to perform, he shall be paid the wages he would have been entitled to if he had worked the shift he was ready and willing to work. This shall not apply in matters beyond the control of the management.

(c) If a worker, after having attended his place of employment, is sent home and instructed to attend at some subsequent later shift, he shall be paid two (2) hours at ordinary time for his first attendance if he complies with such instruction.

18.—Union Official.

A duly accredited official of the Union shall be allowed to collect Union fees at the offices of the mine on pay days, and shall be allowed to inspect time sheets and pay sheets relating to any worker affected by this Award, and make extracts therefrom.

Any worker dismissed through no fault of his own before the expiration of one week of his employment shall be considered casual and shall receive ten per cent. (10%) above the rates specified for the work performed.

23.—Board of Reference.

(a) The Court hereby appoints for the purposes of the Award a Board of Reference for each mine.

(b) The Board shall consist of a chairman who, failing agreement between the parties, shall be appointed by the Court, and two (2) other representatives, one to be nominated by each of the parties.

(c) There shall be assigned to each such Board the functions of—

- (i) deciding matters specifically referred to in the Award as being the subject-matter of a decision of the Board;
- (ii) adjusting any matters of difference which may arise between the parties from time to time; except such as involve interpretations of the provisions of the Award, or any of them;
- (iii) deciding all matters and questions referred to in the Award as being the subject of mutual agreement, if not agreed upon;
- (iv) deciding any other matter that the Court may refer to such Board from time to time.

(e) There shall be no cessation of work pending the reference to and the settlement of any dispute by the Board.

24.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for 1/10th of a week's pay at the Award rate for each 23.7 shifts actually worked at ordinary rates of pay; provided that, subject to subclause (d) hereof, payment for absence through such ill-health shall be limited to one week's pay in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year, so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer, from the end of the year in which it accrues.

25.—Employment.

(a) Subject to the provisos contained hereunder, preference of employment in the industry to which this Award relates shall be given to members of the Eastern Goldfields Federated Engine Drivers and Firemen's Union of Workers of Western Australia, or to members of any other registered industrial union which is a party to an Award or Industrial Agreement in the gold mining industry, or to persons who give the employer an undertaking in writing to make application to join any such registered union within one month of accepting employment.

Provided that—

- (ii) the rules of such Union shall permit any worker of good character with the requisite qualifications (if any) coming within the scope of this Award, to become a member of the Union upon payment of the subscription and/or entrance fee prescribed by the registered rules.

(b) Where a worker, not having been a member of the relevant Union at the time of his engagement, applies for membership of the Union within one month of his engagement, it shall be deemed that no question of preference has arisen.

(c) If during the continuance of this Award, anything in the nature of a strike occurs in the industry hereby regulated, or if there is any restriction in output by the workers or any section thereof acting in concert, the benefit of this clause shall thereupon cease and determine in so far as the particular Union or Unions involved is, or are, concerned.

For further assurance, and without modification of or prejudice to the foregoing provisions of this subclause, the employer may at any time apply to the Court, upon giving seven (7) days' notice to the Union, for a declaration hereunder and the consequential cancellation of this clause and the Court, upon cause being shown, shall make a declaration and order accordingly, appropriate to the particular case.

(d) The provisions of this clause shall not apply to junior workers, apprentices, or to members of the staff of any mine.

29.—Crib Places.

Each employer shall provide suitable facilities at which the workers may eat their cribs.

- (xi) In the event of a strike at the collieries in Western Australia the operation of the foregoing subclauses of this clause shall be deemed to be suspended in relation to such of the employees covered by this Award who participate in any such strike and shall continue to be suspended until the Coal Industry Tribunal otherwise orders.

3. This Award shall supersede the Long Service Leave (Miners) Award made on 17th April, 1951, as varied, but no right, obligation or liability accrued or incurred thereunder shall be affected hereby.
