(b) Every application for development of the following classes shall be referred by the local authority to the Town Planning Board for decision—

Race Courses, Trotting Tracks, Drive-in Theatres and Motels (within the area to which this order applies).

(d) Every application for development within an area covered by either notation 1 or notation 2 or by both notations 1 and 2 on the Interim Development Map shall be referred by the local authority to the Town Planning Board for decision, except in cases where it is provided in paragraph 6(c) of this order that approval for the development could not in any case be granted.

(g) No approval under this order is required for the carrying out of development within an area covered by notations 5 and 6, excepting development referred to in subparagraph (b) of this paragraph, but the provisions of this subparagraph do not exempt a person from the requirement, if any, to obtain permission or approval for development under any other provision of law.

#### 8.—Development by Public or Local Authority.

(a) Any public authority or local authority intending to carry out development (other than permitted development) within the area covered by this order is required to consult the Town Planning Board in writing and to supply such information as may be necessary to explain the proposal.

(b) The development shall not be commenced until the Town Planning Board, after consultation where necessary with the local authority in whose area the development is proposed, advise the authority either that the development is in conformity with the proposed town planning scheme for the Metropolitan Region or can be co-ordinated with it; but before so advising the Board may require modification to the development.

(c) In the event of the modification not being acceptable to the authority, the development shall not be commenced but the matter shall be referred to the Minister by the Town Planning Board for determination by the Governor as provided by subsection (9) of section 7A of the Act.

- (iv) Within the areas covered by notations 1, 2, 3 and 4 on the Interim Development Map extensions of or alterations, renovations or maintenance to existing buildings within the curtilage of the land on which such buildings stand provided that the floor space of any such building or group of buildings is not increased thereby by more than 50 per cent.

#### 10.—Existing Use.

No provision in this Order shall prevent the continued use of any land or building for the purposes for which the land or building was being lawfully used at the time of the coming into operation of this order or shall prevent the carrying out of any development for which immediately prior to the coming into operation of this order, a permit or permits if any, required under this or any other Act authorising the development to be carried out had been obtained and was current.

#### 11.—Appeals.

(a) In the event of a person being aggrieved by the refusal of approval or by the conditions subject to which approval is granted in respect of an application for permission to carry out development under this order, he may appeal to the Minister against the decision. The appeal must be lodged in accordance with the provisions of subparagraph (c) of this paragraph within sixty days after the refusal or conditional approval is served on him.

(b) Where the Town Planning Board or a local authority exercising the powers of the Town Planning Board under this order fails to grant approval to an application for permission to carry out development within a period of sixty days after receipt of the application by the local authority, the failure shall be regarded as a refusal of approval and a person aggrieved by such refusal may appeal to the Minister against the refusal. The appeal must be lodged in accordance with the provisions of subparagraph (c) of this paragraph within thirty days after the expiration of the period of sixty days from the receipt of the application by the local authority.

(c) Every appeal shall be in the form 5 prescribed in Appendix III to this order and shall state the grounds on which the appeal is made. It must be lodged within the prescribed time at the office of the Town Planning Board, or at the office of the local authority concerned who shall forward it immediately to the Town Planning Board, for submission to the Minister.

#### 12.—Compensation.

(a) Where an application for permission to carry out development on land within an area covered by notation 1 or notation 2 or by both notations 1 and 2 is refused unconditionally or granted subject to conditions, the application shall, for the purposes of paragraph (a) of subsection (12) of section 7A of the Act, be deemed to have been so refused or so conditionally granted on the ground that the proposed town planning scheme for the metropolitan region is to include that land within a reservation for public purposes.

(b) Where, under the provisions of subsection (12) of section 7A of the Act, compensation is claimed by a claimant, the claim for compensation shall be made in writing in the form 6 prescribed in Appendix IV to this order and lodged by the claimant at the office of the Board not later than six months after the date of the decision of the Minister made under the provisions of subsection (6) of that section.
