HIS Excellency the Governor in Executive Council has been pleased to approve of the regulations set out in the Schedule hereunder, made by the Minister for Education pursuant to the powers contained in the Education Act, 1928-1955.

(Sgd.) T. L. ROBERTSON,
Director of Education.

Schedule.

Regulations.

1. In these regulations, the Education Act Regulations, 1949, published in the *Government Gazette* on the 26th July, 1949, as duly amended from time to time thereafter, are referred to as the principal regulations.

2. The principal regulations are amended by substituting for regulation 199 the following regulation:—

199. (1) (a) The Minister may, on the recommendation of the Director, establish within the State such technical colleges and services and, subject to paragraph (b) of this subregulation, such technical schools as are, in the opinion of the Director, necessary for the technical education of persons.

(b) A technical school may be established under the provisions of paragraph (a) of this subregulation where, in the opinion of the Director, there is a reasonable prospect of an average attendance at the school during a school year of 400 student hours per week.

(c) For the purposes of this regulation the attendance for instruction at a technical school of one student for one hour shall be regarded as representing one student hour.

- (2) Technical Schools are classified as follows:—
- (i) Technical Schools (Class II) which have an average weekly attendance of or exceeding 400 student hours but less than 3000 student hours;
 - (ii) Technical Schools (Class I) which have an average weekly attendance of or exceeding 3000 student hours.
- (3) (a) Two units of responsibility are allotted to a Technical School (Class II) to which each of the following conditions applies:—
- (i) if it has an average weekly attendance of or exceeding 1000 student hours;
 - (ii) if it has an average weekly attendance of or exceeding 1800 student hours;
 - (iii) if it has an average weekly attendance of or exceeding 400 student hours in subjects within Group II, III or IV as specified in subregulation (4) of this regulation.
- (b) Two units of responsibility are allotted to a Technical School (Class I) for each of the following conditions:—
- (i) if it has an average weekly attendance of or exceeding 12,000 student hours;
 - (ii) if it has an average weekly attendance of or exceeding 400 student hours in subjects within Group II as specified in subregulation (4) of this regulation;
 - (iii) if it has an average weekly attendance of or exceeding 3000 student hours in subjects within Group II as so specified;
 - (iv) if it has an average weekly attendance of or exceeding 200 student hours in subjects within Group III as so specified;

- (c) Where more than one of the conditions mentioned in paragraph (a) with respect to a Technical School Class II; or
in paragraph (b) with respect to a Technical School Class I, apply to that school, the units of responsibility allotted to that school pursuant to this subregulation are cumulative.
- (d) Where in a Technical School (Class I) there is an attendance of student hours in subjects within two or more groups and the student hours in the subjects within the higher group or groups are not sufficient to render a condition mentioned in paragraph (b) of this subregulation applicable to that school, the student hours relating to the higher group or groups may, with the approval of the Director, be regarded as student hours in subjects within a lower group taught in that school, if the average weekly attendance of the student hours in the subjects within the lower group so taught together with the average weekly attendance of the student hours so regarded are sufficient to render a condition mentioned in paragraph (b) of this subregulation applicable to that school.

(e) Where the Minister, on the recommendation of the Director, is of opinion that a technical school complies with conditions which are equivalent to those set out in paragraph (a) or (b) of this subregulation, he may allot to that school such additional units of responsibility as he thinks fit.

(4) (a) The subjects taught in the Technical Educational Division of the Education Department are grouped as follows:—

Group I—1st, 2nd and 3rd year secondary level subjects and subjects which, in the opinion of the Director, are equivalent to subjects of that level;

- (b) For the purposes of paragraph (a) of this subregulation
- (i) subjects taught in first and second year apprentice classes are to be regarded as subjects in Group I;
 - (ii) subjects taught in third, fourth and fifth year apprentice classes are to be regarded as subjects in Group II.

(a) there are three or more than three full time teachers,
or

(b) the Minister is of the opinion that there are the equivalent of three or more than three full time teachers (having regard also to the work of any part time teachers attached to the school)

engaged in the teaching of one subject or trade or of related subjects or trades, the Minister may appoint to that school a senior lecturer, senior assistant or senior instructor for that subject or trade or those related subjects or trades.
