Provided that by mutual arrangement to suit the particular station, the hours of work may be arranged as nine (9) days of eight (8) hours, or ten (10) days of seven and one-fifth (7-1/5th) hours during week days, and four (4) hours on Saturdays in each respective pay period, exclusive of meal times, when the workers do not remain on the pumping stations.

Provided also that the hours worked per day shall be consecutive, except in the case of a breakdown in the machinery, or interruption in connection with the 30-inch main, or arrangement mutually arrived at to suit the requirements of working at any individual station.

(b) A second engineer required to work four (4) or portion of four (4) of his normal hours of duty after 12 midday on Saturday shall be paid at the rate of time and a quarter for such time worked: Provided that if he has already completed his normal hours of duty by midday on Saturday all time worked after midday shall be at overtime rates.

(c) (i) The Minister may require any worker to work reasonable overtime at overtime rates, and such worker shall work overtime in accordance with such requirements.

(ii) The Union or worker or workers covered by this Award shall not in any way, whether directly or indirectly be party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause. Sleepers will be provided if considered necessary by the machinery superintendent.

(c) No permanent employee shall lose any time by transfer and he shall be paid reasonable out-of-pocket expenses in regard to such transfer, provided that no claim shall be made in this connection under clause 11—Travelling on Duty. 9.—Continuous Process Workers.

(a) Forty (40) hours shall constitute a week's work, to be worked in five (5) shifts of eight (8) hours each inclusive of crib time.

(b) A worker called upon to work a sixth shift in any week shall be paid at the rate of time and a half.

(c) For work done beyond the hours of duty on any day except holidays, payment shall be at the rate of time and a half for the first two (2) hours and double time thereafter.

(d) When computing overtime, the district allowances shall not be computed as an addition to the day's pay.

(e) These overtime rates shall not apply to excess time due to private arrangement between the workers themselves, or which is necessary for effecting periodical rotation of shifts, or which is owing to a relieving man not coming on at the appointed time. The time for which any worker may be paid at ordinary rates instead of overtime due to a relieving man not coming on at the proper time, shall not exceed two (2) hours, after the expiration of which overtime rates shall apply for the whole shift.

(f) When a worker, without being notified on the previous day, is required to continue working after the usual knock-off time for more than one (1) hour, or (in the case of a day-worker) after 5.30 p.m. whichever is the later, he shall be provided with any meal required or shall be paid three shillings and sixpence (3s. 6d.) in lieu thereof.

(g) Work done on Sundays during the ordinary hours of duty shall be paid for at the rate of time and a half.

(h) Work done on holidays shall be paid at double time, except work in connection with repairs to machinery which has broken down and has caused a stoppage of operations. Liberty is reserved to the Union to apply to amend subclause (g) in regard to Saturdays.

10.—Rest Period after Overtime.

(a) When overtime work is necessary, it shall, whenever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.

(b) Where a worker (other than a casual worker) has not had at least eight (8) consecutive hours off duty between his usual finishing time on one day and his usual starting time on the next day, the following provisions shall apply:—

(i) He shall, if he so desires, be entitled to have eight (8) consecutive hours off duty from the completion of his overtime work until he next commences work, but shall not be paid for such time off duty.

(ii) If on the instructions of the employer, he continues or resumes work at his ordinary starting time without having such eight (8) hours break, he shall be paid at overtime rates for the balance of the hours less than eight (8) which he has not had off duty. Hours of overtime actually worked since his last usual finishing time, shall be counted in computing the actual rate of overtime under this paragraph.

(iii) If a worker, of his own volition, continues or resumes work at his ordinary starting time without such break, he shall be paid at ordinary rates.

11.—Annual Leave and Holidays.

(a) Each worker shall be entitled to three (3) weeks' annual leave on full pay or, should the period of continuous employment be less than one year, the worker shall be paid a sum proportionate as his length of service is to the full year's employment. Annual leave shall be taken at a time suitable to the convenience of the employer; provided that, where a worker is dismissed for wilful misconduct, he will not be entitled to the benefits of this clause.

(b) Continuous process workers shall be granted one (1) week's leave on full pay, in addition to the leave prescribed in subclause (a) hereof. Workers who have worked as continuous process workers for less than two hundred and forty-one (241) shifts at ordinary rates of pay shall be granted the proportion of the additional week. The quantum of annual leave to be allowed to a worker shall, for service prior to the 7th day of February, 1958, be calculated in accordance with the provisions of the Award applicable before that date, and for service subsequent to the 7th day of February, 1958, in accordance with the provisions of this subclause.

(c) The amounts to be paid under subclauses (a) and (b) shall be calculated at the rate prevailing at the time the payment is made.

(d) The provisions as to annual leave shall not apply to casual workers.

(e) Subject to clauses 8 (c) and (d) and 9 (h), the following shall be paid holidays:—Christmas Day, Easter Monday, Labour Day and one additional day in each calendar year to be nominated by the employer. If Christmas Day falls on a Sunday the following Monday shall be observed. Provided that any worker who does not present himself for work (if required) on the working day following any of the abovementioned holidays shall not be entitled to be paid for such holiday unless he produces proof satisfactory to the employer that he was prevented by sickness from presenting himself for work on any such day and that such sickness was not due to intemperance or misconduct.

(f) If any of the holidays prescribed in subclause (e) falls during a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, the worker shall be paid one extra day at ordinary rates for that day or, at his option, have one day on full pay added to that period for each such holiday.

(g) Liberty is hereby reserved to the Union to apply to amend this clause in respect of an additional holiday.

12.—Weekly Hiring.

(a) A week's notice of intention to terminate the employment shall be given on either side, except in the case of casual workers.

(b) The employer shall be under no obligation to pay for any day not worked upon which the worker is required to present himself for duty, except such absence from work is due to illness and comes within the provisions of clause 13, or such absence is on account of holidays to which the worker is entitled under the provisions of the Award.

(c) This clause does not affect the right to dismiss for misconduct, and in such case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strikes by the Union or unions affiliated with it or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

13.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for 1/10th of a week's pay at the Award rate for each 23·7 shifts actually worked, at ordinary rates of pay: Provided that, subject to subclause (d) hereof, payment for absence through such ill-health shall be limited to one week's pay in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two years but no longer from the end of the year in which it accrues.

(e) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay under the preceding provision shall not count for the purpose of determining his right to holidays.

14.—Shifts.

(a) Men working shifts not subject to weekly rotation shall be paid for each shift other than day shift at the rate of time and one-quarter. The roster known as the Great Boulder Roster and other accepted variations thereof, shall be deemed to be subject to weekly rotation.

(b) A worker employed on any shift other than day shift shall be paid five per cent. (5%) in addition to his ordinary rate.

(c) Work other than day shift shall not be recognised as afternoon or night shift unless in either case five (5) consecutive afternoons or nights are worked; but shall be deemed to be overtime. On completion of the fifth consecutive afternoon's or night's work, the worker shall be deemed to have been employed on afternoon or night shift, as the case may be, during the preceding four (4) afternoons or nights, and thereafter during any subsequent consecutive afternoons or nights he is so employed.

Liberty is hereby reserved to either party to amend this clause.

15.—Payment of Wages.

Pay day shall be in accordance with Section 55 of the Mines Regulation Act. Any worker leaving or being discharged shall be paid the full amount of wages due to him within one hour of ceasing work, or, within one hour of the opening of the office, if such office was closed at the time of his ceasing work, whenever same is practicable.

16.—Record Book.

A time and wages book shall be kept by each employer in which shall be entered the name of each worker, the nature of the work he is doing, the hours worked each day, and the amount of wages received by him each week. The employer shall be responsible for the proper posting of the book each week; the said book shall be open to the authorised representative of the union at any time during working hours, and he shall be allowed to take necessary extracts therefrom. Provided that any system of automatic recording by means of machines shall be deemed a compliance with this provision to the extent of the information recorded.

17.—Representative Interviewing Workers.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the union shall be permitted to interview the workers during the recognised meal hour, or at some other period convenient to the employer on the business premises of the employer, but this permission shall not be exercised without the consent of the employer more than once in any one week.

18.—No Reduction.

Any worker who has been prior to the date of this Award in receipt of a higher rate of pay for his particular class of work than that prescribed by the award heretofore in force, shall not by reason of this Award suffer any reduction in the amount by which such higher rate of pay exceeded the amount formerly prescribed; such excess amount shall not be affected by this Award.

19.—Higher Duties.

A worker engaged for more than half ($\frac{1}{2}$) of one (1) day or shift on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day or shift. If employed for less than half ($\frac{1}{2}$) of one (1) day or shift, he shall be paid the higher rate for the time so worked.

5.—Definitions.

In this Award, unless the context otherwise indicates, the following terms have the meanings respectively set out against them, that is to say:—

- (a) "Week-days"—Mondays, Tuesdays, Wednesdays, Thursdays and Fridays.
- (b) "A week" shall mean Monday to Friday inclusive.
- (c) "A day's work" shall mean eight (8) hours' work on Monday, Tuesday, Wednesday, Thursday or Friday in any week.
- (d) "Shift work" shall mean work done in time preceding, during, and following ordinary working hours by separate relays of employees.
- (e) "Mutually agreed" or "mutual arrangement" implies agreed between the Management of the Works and the Union or its representatives, in writing.

Part I.—General.

6.—General Conditions.

(a) Clauses under this part are to be operative except where otherwise provided herein.

(b) Any worker carrying out work classified at a higher rate than the rate pertaining to his recognised task shall be paid for that day at the highest rate of such tasks.

(c) Wages shall be paid fortnightly in cash.

(d) Day wage employees shall be paid in the Management's time, and contract and tally men within reasonable time after ceasing work.

(e) The Management shall give the delegate reasonable notice of workers required to work overtime. The delegate shall then be responsible on behalf of the Union for supplying such workers. The Management shall give due regard to distribution of overtime.

(f) The employment and rates of pay of boys shall be a matter for mutual arrangement.

(g) Employees shall be provided, without charge, with accommodation in the quarters erected for that purpose, including stretcher, mattress, and pillow.

(h) Each employee who boards at the Works Canteen shall have an amount equivalent to 27 per cent. of the basic wage for Goldfields Areas and all other portions of the State, exclusive of the South-West Land Division, deducted from his wages fortnightly.

(i) When employees under this Award are temporarily required to work away from the Works (outside of a two-mile radius) they shall be paid a victualling allowance of eight shillings (8s.) per day, provided it be found inconvenient to send a cook out with such employees.

(j) All delegates shall be officially recognised by the Management.

(k) Being responsible for the quality and condition of products, foremen may attend personally to such of the operations as they may consider necessary to ensure satisfactory results. Such operations include the making-up and attention to cold and hot pickles; the pumping and filter-pressing of soups, and the finishing off of extracts; the setting and supervision of tinshop dies; the refining and weighing of tallow and edible fats and other processes of a like nature.

(l) Shifts of eight (8) hours may be worked in departments where operations are continuous or where they require attention for more than 12 hours in the 24.

(m) (i) For the purpose of convenience, the wages in certain sections are set forth on a weekly basis, but subject to the provisions of clauses 15, 19, 21 (a) and 58 (c), if for any reason whatever during any portion of the working hours of any week, no work is available or performed, the employee shall only be paid for the time or tally actually worked at the rates of pay as herein prescribed, apportioned to the time or tally actually worked during the week; and

(ii) Notwithstanding that the rates of pay in certain sections are set forth on a weekly basis, there shall be no obligation on the part of the Management or the employees to give a week's or any other notice to determine the employment, the position being in respect the same as if the employee were employed at a daily wage; but subject to paragraph (iii), subclause (c) of clause 7, nothing in this paragraph shall affect the right of an employee under clause 19 (relating to guaranteed service) or under clause 21 (a) (relating to waiting time).

7.—Preference.

(a) Subject to subclause (b) hereof, preference of employment in respect of tasks for which rates of wages are specified in this Award shall be given to members of the Unions who are parties to this Award, provided they are competent and qualified workmen, and do their work to the satisfaction of the Management. The Management may require a medical certificate of fitness in respect of any applicant for employment. The cost of obtaining such certificate is to be borne by the Management.

(b) With respect to the employment of watch-keeping engineers, the Management reserves the right to employ members of any union or organisation who are qualified to perform the duties of watchkeeping engineers.

9.—Hours of Labour.

(a) Except where otherwise provided in this Award, forty (40) hours shall constitute an ordinary week's work divided into five (5) working days, Mondays to Fridays inclusive, of eight (8) hours each day.

(ii) The union or unions or worker or workers covered by this Award shall not in any way, whether directly or indirectly, be party to or concerned in any ban, limitation or restriction upon the working of overtime in accordance with the requirements of this subclause.

(b) Whenever any holiday falls on a employee's ordinary working day and the employee is not required to work on such day, he shall be paid for the ordinary hours he would have worked on such day if it had not been a holiday. Work performed on these days and on Sundays shall, except as provided in clauses 44 (a), 53 (c) and 61, be paid for at double ordinary rates.

(c) In the case of workers working a five-day week, no payment or a day in lieu shall be granted for any public holiday falling on a Saturday.

(d) Payment for holidays shall be at the rate pertaining to each employee's task.

(e) When a worker is off duty owing to leave without pay or sickness, including accidents on or off duty, except time for which he is entitled to claim sick pay, any holiday falling during such absence shall not be treated as a paid holiday. Where the worker is on duty or available on the working day immediately preceding a holiday, or resumes duty or is available on the working day immediately following a holiday, as prescribed in this clause, the worker shall be entitled to a paid holiday on all such holidays.

(f) A casual worker shall not be entitled to payment for any holiday referred to in this clause.

16.—Annual Leave.

(a) (i) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(ii) Engine drivers and firemen who are seven-day shift workers, i.e., shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed, in addition to the leave to which they are entitled under subclause (a) (i) hereof, seven (7) consecutive days' leave including non-working days.

(iii) Where a worker as defined in (ii) hereof, with 12 months' continuous service, is engaged for part of the (12) twelve-monthly period as seven (7) day shift worker, he shall be entitled to have part of two (2) consecutive weeks' annual leave prescribed in subclause (a) (i) hereof increased by half ($\frac{1}{2}$) a day for each completed month he is continuously engaged as aforesaid.

(b) If any award holiday falls within a worker's period of annual leave and is observed on a day, which in the case of that worker, would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) (i) Subject to paragraph (ii), when computing the annual leave due under this clause, no deduction shall be made from such leave in respect of the period that a worker is on annual leave and/or holidays; provided that no deductions shall be made for any approved period a worker is absent from duty through sickness with or without pay unless the absence exceeds three (3) calendar months, in which case deduction may be made for such excess only.

(ii) Approved periods of absence from work caused through accident sustained in the course of employment shall not be considered breaks in continuity of service, but the first six (6) months only of any such period shall count as service for the purpose of computing annual leave.

(d) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled to such holidays on full pay as are proportionate to his length of service during that period with such employer.

(e) Any worker who may resign or be dismissed from the service for any cause, other than for peculation or theft, shall be entitled to receive payment for any annual leave which may have been due up to the time of leaving the service; provided always that if the worker has been dismissed for peculation or theft no claim for annual leave shall be recognised. Misconduct herein referred to shall not affect accumulated annual leave or payment therefor.

(f) When work is closed down for the purpose of allowing annual leave to be taken, workers with less than a full year's service shall only be entitled to payment during such period for the number of days' leave due to them; provided that nothing herein contained shall deprive the employer of his right to retain such workers at work during the close-down period as may be essential.

(g) Workers regularly working for the Government north of South Latitude 26 shall be allowed to accumulate annual leave for two (2) years, subject to the convenience of the department. Such workers who proceed to Fremantle and Geraldton during the period of such leave shall be allowed once in each two (2) years reasonable travelling time on the forward and return journeys between the place of their employment and either of the said ports.

(h) "Ordinary wages," for the purpose of subclause (a) hereof, shall mean the average rate of wage the worker has received over the period of his employment in respect of his ordinary hours of work.

(i) The provisions of this clause shall not apply to casual workers.

17.—Absence Through Sickness.

(a) (i) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-half ($\frac{1}{2}$) day for each completed month of service.

(ii) The liability of the employer shall in no case exceed one (1) week's wages during each calendar year, viz., 1st January to 31st December each year, in respect of each worker, but in the case of a regular employee the sick leave herein provided shall be allowed to accumulate and any portion unused in any year may be availed of in the next or any succeeding year.

(iii) A "regular employee" shall be deemed to be a worker who is in the regular employment of the Management, i.e., a worker who completes a full guaranteed season and reports for duty for the next ensuing season.

(iv) Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(b) This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act, 1912-1956.

(c) No worker shall be entitled to the benefit of this clause unless he produces proof satisfactory to his employer or his representative of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three consecutive working days or more.

(d) No payment shall be made for any absence due to the worker's own fault, neglect, or misconduct.

18.—Travelling.

(a) Each employee (excepting those engaged at Wyndham) shall be entitled to—

- (i) passage from place of engagement to Wyndham and travelling time allowance;
- (ii) passage (and travelling time allowance) by first available steamer from Wyndham to place of engagement after termination of work in his department, or when his services are not further required by the Management; provided that his duties have been performed to the satisfaction of the Management.

(b) Travelling time allowance referred to in subclause (a) hereof shall be at the rate of seventeen shillings and sixpence (17s. 6d.) per day, and shall accrue from day of embarkation to day of landing, both inclusive.

19.—Guarantee.

(a) Subject to paragraph (iii) of clause 7 (c), a guarantee of sixteen (16) weeks' work from date of commencement of slaughtering is given to each employee brought from Perth or Fremantle. The rates applicable under this guarantee shall be the rates for the respective tasks allotted.

(b) Every employee shall be engaged on the express condition that he will perform at least sixteen (16) weeks' work from such date of commencement, and at the rates for the respective tasks allotted to him, and will continue to work for such additional period as in the opinion of the Management is necessary to fulfil the season's operations.

20.—Waiting Time.

(a) The date of commencement of slaughtering shall be determined by the Management, but one clear day (not including the day of arrival) shall elapse between the date of arrival of seasonal operatives and the date of commencement of slaughtering operations.
