Part 2 — Quarrying.

(2) No person who controls the use of any land shall permit or suffer any other person to quarry thereon in breach of the last preceding subclause.

5. An application for a license under this by-law shall be in writing and shall be accompanied by a plan showing the site of the proposed quarry with contours and levels and the extent of the proposed quarry and its distance from the nearest building, roads and footpaths.

6. 8. The licensee shall keep the quarry enclosed by a fence sufficient to prevent persons and livestock not less in size than sheep from accidentally falling into the quarry and shall keep all gates in such fence locked when work is not actually being carried on in the quarry.

9. The Licensee shall keep the quarry drained so as to prevent the accumulation of any stagnant water therein.

10. A fee of £5 shall be paid to the secretary on application for every license and such fee shall be paid before the license is issued.

(ii) quarrying is discontinued for a period of more than four consecutive weeks

the licensee and the occupier and the owner of the quarry shall each be responsible for causing the floor of the quarry to be levelled to an even surface and the sides thereof to be sloped to a batter adequate to prevent any likely subsidence thereof.

13. The Board may require an applicant as a condition of obtaining a license to undertake that no vehicle of more than a specified gross weight used in connection with the quarry or in the removal of material recovered therefrom shall be used on a road, or alternatively to undertake to pay to the Board a specified sum towards the cost of maintaining specified roads.

14. Before issuing a license the Board may require the applicant to give security to the Board in an amount and in a manner satisfactory to the Board for the due compliance with the provisions of this by-law and of any special conditions attached to the license.

15. A license under this part of this by-law shall be in the form of Schedule A hereto.

16. (1) A license shall remain in force for one year only from the date thereof.

17. The Board may cancel a license by written notice to the licensee in the event of any breach of this by-law or of any condition upon which the license was granted.

Part 3—Blasting.

18. No person shall when blasting any land or thing use a charge which does or is likely to project anything beyond the boundary of land in the occupation of such person.

19. Before blasting any land or thing the person intending to do so shall give such visual and audible warning as is likely to prevent any other person from suffering injury thereby.

THE West Kimberley Road Board, under and by virtue of the powers conferred on it in that behalf by the Road Districts Act, 1919-1956, and all other powers enabling it doth hereby make and publish the following by-laws:—

1. In the interpretation of these by-laws the following words shall have the meaning assigned to them hereunder:—

- (a) "Board" means the West Kimberley Road Board.
- (b) "Continuous service" means service in the employment of the Board during which an employee has not been absent from the service of the Board for a continuous period of more than two days or an aggregate period of more than ten days without leave of absence being granted by the Board.

2. All employees of the Board shall after each period of 10 years' continuous service as permanent full-time employees thereof commencing from the 1st June, 1956, be entitled to three months' long service leave. Long service leave is to be taken at the convenience of the Board, which will, as far as possible, meet with the wishes of the employee, but the Board may require the employee to take his leave by giving not less than three months' notice.

3. Absence on account of sickness shall not be deemed to be a break in the continuity of service, providing the period of absence shall not be longer than three months in any year, unless otherwise decided by the Board.

4. (a) Employees due to take long service leave shall be paid their salary or wage for the period thereof at the rate equivalent to the salary or wage paid in the week immediately preceding the taking of long service leave.

(b) The Board may at its discretion either—

(i) Pay to an employee his salary or wage periodically during long service leave, or

(ii) pay to the employee in advance a sum representing the amount of his salary or wage for the period of his long service leave.

5. Employees shall not be entitled to long service leave until the completion of the first 10 years' service. After completion of the first 10 years employees will be entitled to a pro rata payment if they leave the services of the Board before the next period is completed.

6. The Board may at its discretion in special circumstances, grant long service leave pro rata to an employee who has completed five years' continuous service.

7. In the event of the resignation, retirement, or death of an employee the Board may pay to such employee (or in the case of death, to his personal representative, or if there be none, to his dependants) a sum of money equal to his salary or wage for the period of long service leave which the Board was empowered under these by-laws to grant to such employee at the date of his resignation, retirement, or death, or if the Board, after consideration of all circumstances, direct that the death of an employee be presumed, the Board may authorise the payment to the dependants of the employee a sum equivalent to the amount of salary or wage which would under this by-law have been granted to the employee immediately prior to the date of his death, such date to be determined by the Board.

8. An employee dismissed by the Board except in the matter of retrenchment shall not be paid any sum in pursuance of the preceding by-law.

9. Long service leave shall be considered as a special period of recuperation after a lengthy term of service, with a view to fitting the employee for a further term, and during such leave no employee shall undertake any form of employment for hire or reward, unless by special permission of the Board. Any contravention of this by-law shall entitle the Board to dismiss the employee from its service and to cease paying or recover any amounts paid in advance on account of long service leave.
