MUNICIPAL CORPORATIONS ACT, 1906-1956.

Municipality of Nedlands.

By-law No. 6.

Superannuation Scheme By-law.

L.G. 161/58.

A BY-LAW of the Municipality of Nedlands made under the provisions of the Municipal Corporations Act, 1906-1956, and numbered 6, for the establishment of a superannuation scheme for employees.

1. This scheme shall be supplementary to the Staff Endowment Scheme made under the Superannuation, Sick, Death, Insurance Guarantee and Endowment (Local Governing Bodies' Employees) Funds Act, 1947, and to the provisions of the regulations thereunder gazetted on the 29th day of March, 1956.

2. Except where other provisions are made in this by-law, the terms and conditions in the regulations as gazetted on the 29th day of March, 1956, shall apply and the provisions of those regulations shall have and be given effect as if recited in this by-law.

3. The scheme mentioned in this by-law shall apply to persons now employed by the Municipality of Nedlands, or may hereinafter be employed, who have attained the age of 55 years on the 1st day of November, 1957, or for the reason that they are unable for medical reasons, satisfactory to the Council, to participate in any other scheme.

4. Where an employee of the Council has been employed for a continuous period of three years to 1st day of November, 1957, the Council may include such employee in the scheme under these regulations, provided he or she is qualified under the conditions set out in clause 3 abovementioned.

5. No employee shall receive any amount from this fund upon retirement (apart from any contribution made by himself) unless he has completed ten years' continuous service with this Council.

6. No employee shall receive from the fund an amount (contributed by the Council) exceeding the equivalent of one year's salary calculated on the salary received for the last year of service, upon his retirement.

7. The fund shall be administered by a committee comprising the Mayor, the Town Clerk and a representative of the outside workers.

8. The time fixed for retirement of an officer under this by-law shall be upon attaining the age of 65 years, but an officer may retire any time after attaining the age of 60 years and obtain the benefits of this scheme, provided he has had at least 25 years' continuous service with the Council. If an officer satisfies the Council that for medical reasons he should retire before the age of 60 years, then the Council may agree to such retirement and the payment of retiring allowance in accord with the conditions as set out in this by-law.

9. The amount to be paid to the employee upon retirement shall be based on the following formula:—

(a) Where an employee has completed 25 years' continuous service with the Council—one year's salary, based on the amount of salary paid for the 12 months immediately prior to retirement. This amount will be paid from the Council's contribution to the fund and, in addition, the employee shall receive the amount of his own contribution to the fund, plus interest earned on the said employee's contribution only.

(b) Where an employee has completed less than 25 years' continuous service with the Council, the amount to be paid such employee shall be based on the following formula:—

$$\frac{\text{Number of years of continuous service}}{25} \times \text{salary for 12 months prior to retirement}$$

and, in addition, the employee shall receive the amount of his own contribution to the fund, plus interest on the said employee's contribution only.

10. The Council shall contribute to the fund each month an amount to cover each employee coming under this scheme. Such amount shall be based upon such proportion so that when the employee reaches the age of 65 years, the Council will have paid into such fund, an amount in accordance with the formula as set out in Clause 9 (a) and (b).

11. In the event of an employee retiring from the Council before having completed ten years of continuous service, the committee shall refund to the Council the total amount of its contributions plus interest earned to date, and to the employee the total amount of his contributions to date, plus interest earned.

12. Should an employee retire through physical or mental incapacity, or die before completing ten years' continuous service with the Council, then the committee shall pay to such employee or his executors the amount of the Council's contribution, plus interest to date, together with the said employee's contribution, plus interest to date. The Council shall also pay to the said employee or his executors the extra amount, if any, in accordance with the formula on the basis as set out in Clause 9 (b).

13. This scheme shall not apply to any employee who is over the age of 65 years. Any employee who is over the age of 65 years on the 1st day of November, 1957, and has been continuously employed by the Council for a period of 25 years or more, may be paid a gratuity as provided for under section 155 of the Municipal Corporations Act, 1906-1956.

14. The employee shall contribute an amount equivalent to two and a half per centum (2½%) of his salary or wages. An employee may, however, elect to contribute an amount in excess of two and a half per centum (2½%) of his salary or wages. This amount is to be deducted from his salary or wages and is to be paid to the fund monthly.

15. The committee shall bank all moneys received and may invest same in any investment authorised by the Minister.

16. In the event of an employee retiring, as provided in Clause 8, and the Council having not contributed to the fund the full amount of its contribution as set out in Clause 9, then the Council shall forthwith pay to the fund the balance of its liability.

17. Upon the committee receiving a certificate from the Council that an employee under this scheme has retired, then the committee shall within two months thereof, pay to the said employee the full amount of the retiring allowance as set out in Clause 9 hereof plus interest earned to date, together with the said employee's contributions plus interest to date.

MUNICIPAL CORPORATIONS ACT, 1906-1956.

Municipality of Nedlands.

Long Service Leave By-law.

L.G. 151/58.

A By-law of the Municipality of Nedlands made under Section 180 of the Municipal Corporations Act, 1906-1956, and Numbered 5, for Regulating the Granting of Long Service Leave to Employees.

IN pursuance of the powers conferred by the said Act, the Mayor and Councillors of the Municipality of Nedlands order as follows:—

1. In the interpretation of this by-law the following words shall have the meanings assigned to them hereunder:—

- (a) "Council" means the Municipality of Nedlands.
- (b) "Employee" means and includes all persons employed in any capacity by the Council, who are in the regular and full-time employ of the Council.
- (c) "Continuous service" means service in the employment of the Council during which an employee has not been absent from the service of the Council for a continuous period of more than two days or an aggregate period of more than 10 days without leave of absence being granted by the Council, and has not been absent on leave service leave and has not been absent, without pay, for a period exceeding four weeks: Provided that an employee who was employed by the Council on a permanent basis immediately prior to entering a continuous full-time service with the Armed Forces of the Commonwealth of Australia, or who was directed by the Manpower Directorate to serve elsewhere between the 3rd day of September, 1939, and the 3rd day of March, 1947, shall have such service counted as continuous service with the Council, provided the requisite proof is produced. Continuity of service shall not be broken by any of the following events, whether occurring before or after the coming into operation of this by-law.
 - (a) Absence while an employee is entitled to receive from Council weekly payments of compensation under the Workers' Compensation Act, but only the first six months of such period shall be included in computing the period of service.

- (b) Absence on sick leave to which an employee is entitled under any industrial award or agreement.
- (c) Absence on sick leave granted by resolution of the Council, but the period of such absence shall not be included in computing the period of service.

2. All present and future employees of the Council shall after each period of ten (10) years' continuous service as permanent full-time employees thereof commencing from 1st July, 1946, be entitled to three (3) months' long service leave, and no long service leave will be granted to any employee without a qualifying period of ten (10) years being first completed. Provided that if any employee, having served the Council for a continuous period of five (5) years, is retrenched or retires through ill-health, incapacity, or reaching the retiring age, or, being a female, retires for the purpose of and actually marries, then and in any such case, such employee shall be paid a sum of money equal to his wages or salary for such proportionate part of three (3) months as his completed years of service bear to ten (10) years. All employees who qualify for long service leave on the 1st July, 1956, shall be immediately entitled thereto and all other employees shall qualify for and be entitled to three (3) months' long service leave on completion of ten (10) years' continuous full-time service from the commencing date of their employment with the Council.

3. (a) The Council may grant long service leave to an employee of the Council who has been granted long service leave for ten (10) years' continuous service if before a further period of ten (10) years' continuous service is reached such employee retires from the Council's service owing to having reached the retiring age, or is retired on the grounds of ill-health, or dismissed through staff retrenchments, in which case the long service leave may be adjusted *pro rata*. Provided that no such grant shall be made to an employee of the Council who, prior to completing a further period of ten (10) years' continuous service, resigns his employment with the Council.

(b) The long service leave which may be granted under this by-law shall be for a period not exceeding one and three-tenths weeks for every completed year of service since the conclusion of the period of service which qualified the employee for his previous long service leave and shall be on full pay.

4. An employee dismissed by the Council for neglect of duty or for irregular practices shall not be paid any sum in pursuance of the preceding by-law.

5. Long service leave shall be taken at the convenience of the Council, who will, as far as possible, meet with the wishes of the employee, but the Council may require the employee to take leave by giving not less than three (3) months' notice. Long service leave shall be taken in the first place in accordance with a roster prepared by the Town Clerk and prepared so far as possible to enable the employees to take long service leave in order of the length of their service with the Council. No employee shall accumulate long service leave beyond the term of three months, without the approval of the Council.

6. In the event of the death of an employee who has served a period of at least two (2) years' continuous service, the Council may pay to his personal representatives, or, if there be none, to his dependants, a sum of money equal to his wages or salary for the period of long service leave which the Council would have been empowered under these by-laws to grant to such employee at the date of his death if he had retired after ten (10) years' continuous service, or, if the Council after consideration of all the circumstances, direct that the death of an employee be presumed, the Council may authorise the payment to the dependants of the employee a sum equivalent to the

amount of wages or salary which would under this by-law have been granted to the employee immediately prior to the date of his death, such date to be determined by the Council.

7. (a) Employees taking long service leave shall be paid their salary or wage for the period thereof at the rate equivalent to the permanent rate of pay excluding conditional margins or higher duty payments, equivalent to the salary or wage paid in the week immediately preceding the taking of long service leave.

(b) The Council shall pay to any employee his salary or wages during his period of long service leave weekly, provided that it may, at its discretion, pay to the employee in advance a sum representing the amount of his salary or wages for the period of his long service leave upon written application being made to the Council for payment in such manner.

8. All annual leave to which an employee is entitled or will become entitled before the expiration of his long service leave shall be taken by the employee in conjunction with his long service leave, but any holidays which may occur during the taking of his long service leave are not to be paid for over and above the long service leave but are to form part of such long service leave.

9. Long service leave shall be considered as a special period of recuperation after a lengthy term of service with a view to fitting the employee for a further term, and during such leave, no employee shall undertake any form of employment for hire or reward, unless by special permission of the Council. Any contravention of this sub-clause shall entitle the Council to dismiss the employee from its service and to cease paying or to recover any amounts paid in advance on account of long service leave.
