3. (1) Subject to the direction of the Governor, the nomination may be made—

- (a) by persons enrolled as electors on the electoral roll of the municipality or road district in which the hospital is situated; or
- (b) by the persons registered in the register of subscribers to the hospital;
- (c) by the council of a municipality or the road board of a road district; or by both bodies;
- (d) by the board of management of the hospital; or
- (e) by persons resident in the district and present at the annual general meeting of such persons convened by the board of management of the hospital.

(2) The Governor may direct that nominations may be made either wholly by one of the methods mentioned in paragraph (1) hereof, or partly by one such method and partly by another or others of the said methods.

4. When, in accordance with the direction of the Governor, the nomination is to be made by the persons enrolled as electors on the electoral roll of a municipality or road board, the following provisions shall apply, namey:—

- (a) Upon receipt of a notice from the Under Secretary of the Department of Public Health that a vacancy has occurred or is about to occur in the office of a member of the board of management of the hospital, the chairman of the board shall fix—
 - (i) a day and time on or before which submission of candidates for nomination for appointment may be made; and
 - (ii) the day on which and the times between which a poll shall be taken (if necessary) to determine which of the candidates submitted for nomination shall be nominated.
- (b) The nomination day shall be not less than 14 days after the receipt of the notice aforesaid, and the election day shall not be less than 14 days or more than 30 days after the day fixed as the nomination day.
- (c) Full particulars of the day and time for nominations and the day and time for the election (if any) shall be published throughout the municipal or road district by newspaper advertisement and by such other means of publication as in the opinion of the board of management is reasonably sufficient to bring the said particulars to the knowledge of all persons interested or concerned.
- (d) Only persons who are enrolled as electors on the current electoral roll of the municipality or road board shall be eligible as candidates for submission for nomination for appointment; only persons who are so enrolled shall be qualified to propose or second the nomination of any such candidate; and only persons so enrolled shall be eligible to vote at the election (if any) held to elect the candidate to be nominated for appointment as aforesaid.

- (e) Nominations shall be in writing, signed by the candidate himself and also by a proposer and seconder, and shall be delivered or sent to the secretary of the board of management of the hospital not later than the time specified for the close of nominations on the nomination day.
- (f) A copy of the current electoral roll of the municipality or the road board, as the case may be, certified by the town clerk of the municipality or by the secretary of the road board, as the case may require, shall be used as the evidence of the qualification of candidates and electors and as the roll for the election.
- (g) Where the number of candidates submitted for nomination and appointment does not exceed the number of vacancies on the board to which members are required to be appointed, the secretary of the board of management of the hospital shall, in writing under his hand, certify that fact to the Under Secretary of the Department of Public Health, together with the names, addresses, and occupations of the candidates submitted, and such certificate shall be deemed to be, and shall constitute, the nomination of the persons named therein for appointment by the Governor as members of the board of management of the hospital. Forthwith, after issuing the certificate mentioned in this paragraph, the secretary of the said board shall give notice thereof by public advertisement, either in a newspaper or otherwise, and cancel the date fixed for the election which has become unnecessary.

 - (v) the secretary of the board shall provide such sealed ballot boxes as may be necessary, and all ballot papers with votes recorded thereon, when received from the electors, shall be placed in such ballot boxes and be left therein until the close of the poll;
