Males		10 0
Females		5 0
(b) When placed in charge of five (5) or more other workers—		
Males		19 0
Females		9 6

10.—Mixed Functions.

A worker engaged for more than half ( $\frac{1}{2}$ ) of one (1) day or shift on duties carrying a higher rate than his ordinary classification shall be paid the higher rate for such day or shift. If employed for less than half ( $\frac{1}{2}$ ) of one (1) day or shift he shall be paid the higher rate for the time so worked.

11.—Contract of Service.

(a) The contract of service of every worker shall be a contract of hiring by the week. One week's definite notice shall be given on either side of the termination of the engagement: Provided that a worker may be summarily dismissed for misconduct, in which case he shall be paid up to the time of dismissal only.

(b) All wages shall be paid in cash, on or before Friday, in each week, and shall be paid within ten (10) minutes of the usual time for finishing work.

(c) Except as provided in subclause (d) hereof, when the engagement of a worker is terminated he shall be paid all wages and holiday pay due to him within ten (10) minutes of the expiration of the engagement.

(d) When the engagement of a worker is terminated for misconduct, he shall be paid all wages due to him, within two (2) hours of the termination of his engagement.

12.—Breakdowns, etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the union, or the unions affiliated with it, or by any other association or union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

13.—Holidays.

(a) Subject to subclause (b) hereof the following days or the days observed in lieu, shall be allowed as holidays without deduction of pay, namely:— New Year's Day, Australia Day, Good

Friday, Easter Saturday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Christmas Day and Boxing Day.

(b) All work performed on any of the foregoing days shall be paid for at the rate of double time.

All work performed by pieceworkers on such days shall be paid for at the rate of 100 per cent. in addition to ordinary piecework rates.

(c) On any public holiday not prescribed as a holiday under this Award the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done ordinary rates of pay shall apply.

(d) All work performed by pieceworkers on such days shall be paid for at the rate of 100 per cent. in addition to ordinary piecework rates.

14.—Annual Leave.

(a) Except as hereinafter provided a period of two consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve months' continuous service with such employer.

(b) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(d) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(e) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (c) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(f) A worker who is dismissed for misconduct or who illegally severs his contract of service shall not be entitled to the benefit of the provisions of this clause.

(g) The provisions of this clause shall not apply to casual workers.

15.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(e) Notwithstanding the provision of subclause (c) hereof, a worker who has already been allowed paid sick leave on one occasion shall not be entitled to payment for any further absence in the same year unless during the ordinary working hours that the worker is absent the employer requests in writing the employee to produce on his return to work a medical certificate stating that he was unable to attend for duty on account of personal ill-health.

#### 16.—Time and Wages Record

The employer shall keep or cause to be kept a time and wages book, wherein shall be entered:—

- (a) The name and sex of each worker, including piece workers;
- (b) The nature of his or her employment;
- (c) The time he or she commences and finishes work each day;
- (d) The total hours worked each day and each week;
- (e) The wages and overtime (if any) received therefor;
- (f) The ages and sex of junior workers.

Such book shall be entered up each day in legible English characters and shall be signed weekly only if correct by each worker. Such book shall be open for inspection at the factory office by the Union representative during working hours.

Any system of automatic recording by means of machines shall be deemed to comply with this provision to the extent of the information recorded.

#### 17.—Employment of Females.

Female workers shall not be employed on the following work: Pan work, bottle-brush making (other than baby bottle-brush making), finishing, millet-broom making or on any work other than bench drawing, filling machine, automatic boring and filling machine, semi-automatic boring and filling machine, trimming machine, mixing machine and applying lacquer or duco.

Feather dusters, fiat varnish brushes, mops, millet whisks and baby bottle-brushes may be made by females.

#### 18.—Proportion of Juniors.

(a) Males—Junior workers (male) shall be allowed in the proportion of one (1) junior to every three (3) or fraction of three (3) workers in receipt of the full adult male rate prescribed in this Award.

(b) Females—Junior workers (female) shall be allowed in the proportion of one (1) junior to every two (2) or fraction of two (2) workers in receipt of the full adult female rate prescribed in this Award.

(c) Where no experienced adult male or female worker is available, ready and willing to perform work under this Award, the employer may employ additional male or female junior workers in excess of the proportions prescribed in subclauses (a) and (b) of this clause.

(d) The proportions prescribed in subclause (a) and (b) of this clause shall at all times be strictly maintained; provided that nothing in this clause shall operate to cause the dismissal of any junior worker employed in the industry at the date of this Award. If any junior worker employed in the industry at the date of this award shall cease to be employed in the industry through any cause whatsoever, his or her place may be filled by another junior worker; provided that the engagement of such junior worker shall not operate to cause the dismissal of any adult worker.

(e) In the event of any adult male or female worker being dismissed for any reason other than misconduct, and such adult male or female worker is not replaced by another adult male or female worker as the case may be, the proportion of junior male or female workers, as the case may be, prescribed in subclauses (a) and (b) of this clause shall immediately be effected.

#### 19.—Junior Worker's Certificate.

Junior workers upon being engaged, shall furnish the employer with a certificate containing the following particulars:—

- (i) name in full.
- (ii) age and date of birth.

No worker shall have any claim upon an employer for additional pay in the event of the age of the worker being wrongly stated either on the certificate, or, if no such certificate is furnished, verbally to the employer. If any junior worker shall wilfully misstate his age either verbally to the employer or in the certificate, he alone shall be guilty of a breach of this Award, and in the event of a worker having received a higher rate than that to which he was entitled, he shall make restitution to the employer.

#### 20.—Under-Rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the union and the employer.

(b) In the event of no agreement being arrived at the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker may be employed at the proposed lesser rate.

#### 21.—Right of Entry.

Accredited representatives of the Union shall be permitted to interview the workers on the business premises of the employer during non-working times or meal breaks.

In the case of dispute between the Union and an employer which is likely to lead to a cessation of work or to an application to the Court and which involves the inspection of workers or of machines in the process of production, such union representatives shall have right of entry into the factory at any time during which the workers or machines concerned are working, but this permission shall not be exercised without the consent of the employer, more than once in any one (1) week.

#### 22.—Posting of Award and Union Notices.

(a) A copy of this Award supplied by the Union shall be placed in a suitable place agreed upon by the employer and the union.

(b) The accredited union representative shall not be prevented from posting any notice of the union not exceeding fourteen (14) inches by nine (9) inches, in a suitable place agreed upon between the employer and the union. Failing agreement in this connection the Board of Reference shall decide where the copy of the Award, or the said notices, shall be posted.

#### 23.—Board of Reference.

(a) The Court appoints, for the purposes of the Award a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board in the event of no agreement being arrived at between the parties to the Award the functions of:—

- (i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretation of the provisions of the Award or any of them;
- (ii) deciding any other matter that the Court may refer to such Board from time to time.

(b) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the regulations to the Industrial Arbitration Act, 1912-1952, which for the purpose are embodied in this Award.

#### 24.—Outdoor Work.

No work of any description or class covered by this Award shall be done or performed for any employer, except in the factory workshop of any employer bound by this Award.

#### 25.—Provision of Materials and Tools.

(a) The employer shall provide all materials and tools used by his employees.

(b) No charge shall be made against a worker for the use of bench appliances or tools of trade supplied by the employer.

(c) Clocks—One reliable clock shall be installed in each factory, and the starting and finishing time of workers shall be taken from that clock.

#### 26.—No Reduction.

This Award shall not in itself operate to reduce the wages of any worker who is at present receiving above the minimum rate prescribed for his or her class of work.

#### 27.—Casual Workers.

(a) Any worker dismissed through no fault of his own before the expiration of one (1) week of his employment shall be considered casual and shall receive ten per centum (10%) above the rate specified for the work performed.

(b) Casual workers may be put off or leave at any time without notice.

#### 28.—Piecework.

(a) An employer may make a contract with any worker or group of workers for payment by results by piecework.

(b) The rate of payment shall be fixed on the basis that it shall be sufficient to yield to a worker of average capacity for a full week's work of ordinary hours at least the minimum time rate of pay as prescribed herein for such week's work: Provided that, where a worker works part of a full week at piecework rates and part at time rates, he shall be paid so much as he is entitled to receive under such piecework rates, plus the proportionate amount which he is entitled to receive under this Award at time rates of pay.

(c) A worker working under any system of payment by results shall receive at least the time rate of pay as prescribed herein.

(d) In the event of any dispute regarding piecework rates occurring and remaining unsettled between the employer and workers, the employer or the union may refer such dispute to the Board of Reference.

(e) If any increase or decrease in the basic wage as proclaimed from time to time is not included in the piecework rates, the worker's earnings shall be increased or decreased as the case may be, in accordance with such increase or decrease in the basic wage.

#### 29.—Long Service Leave.

##### (a) Right to Leave.

A worker shall as herein provided be entitled to leave with pay in respect of long service.

##### (b) Long Service.

(1) The long service which shall entitle a worker to such leave shall, subject as herein provided, be continuous service with the one and the same employer.

(2) Such service shall include service prior to the 1st April, 1958, if it continued until such time but only to the extent of the last 20 completed years of continuous service.

(3) (i) Where a business has, whether before or after the coming into operation hereof, been transmitted from an employer (herein called "the transmitter") to another employer (herein called "the transmittee") and a worker who at the time of such transmission was an employee of the transmitter in that business becomes an employee of

the transmittee—the period of the continuous service which the worker has had with the transmitter (including any such service with any prior transmitter) shall be deemed to be the service of the worker with the transmittee.

(ii) In this subclause "transmission" includes transfer, conveyance, assignment or succession whether voluntary or by agreement or by operation of law and "transmitted" has a corresponding meaning.

##### (4) Such service shall include—

(a) Any period of absence from duty on any annual leave or long service leave.

(b) Any period of absence from duty necessitated by sickness of or injury to the worker but only to the extent of fifteen working days in any year of his employment.

(c) Any period following any termination of the employment by the employer if such termination has been made merely with the intention of avoiding obligations hereunder in respect of long service leave or obligations under any award in respect of annual leave.

(d) Any period during which the service of the worker was or is interrupted by service—

(i) As a member of the Naval, Military or Air Forces of the Commonwealth of Australia other than as a member of the British Commonwealth Occupation Forces in Japan and other than as a member of the Permanent Forces of the Commonwealth of Australia except in the circumstances referred to in Section 31 (2) of the Defence Act, 1903-1956, and except in Korea or Malaya after June 26, 1950;

(ii) As a member of the Civil Construction Corps established under the National Security Act, 1939-1946;

(iii) In any of the Armed Forces under the National Service Act, 1951 (as amended).

Provided that the worker as soon as reasonably practicable on the completion of any such service resumed or resumes employment with the employer by whom he was employed immediately before the commencement of such service.

(5) Service shall be deemed to be continuous notwithstanding—

(a) the transmission of a business as referred to in paragraph (3) hereof;

(b) any interruption of a class referred to in paragraph (4) hereof irrespective of the duration thereof;

(c) any absence from duty authorised by the employer;

(d) any standing-down of a worker in accordance with the provisions of an Award, Industrial Agreement, Order or Determination under either Commonwealth or State law;

(e) any absence from duty arising directly or indirectly from an industrial dispute if the worker returns to work in accordance with the terms of settlement of the dispute;

(f) any termination of the employment by the employer on any ground other than slackness of trade if the worker be re-employed by the same employer within a period not exceeding two months from the date of such termination;

(g) any termination of the employment by the employer on the ground of slackness of trade if the worker is re-employed by the same employer within a period not exceeding six months from the date of such termination;

(h) any reasonable absence of the worker on legitimate union business in respect of which he has requested and been refused leave;

- (i) any absence from duty after the coming into operation of this clause by reason of any cause not specified in this clause unless the employer during the absence or within fourteen days of the termination of the absence notifies the worker in writing that such absence will be regarded as having broken the continuity of service, which notice may be given by delivery to the worker personally or by posting it by registered mail to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

(1) The leave to which a worker shall be entitled or deemed to be entitled shall be as provided in this subclause.

(2) Where a worker has completed at least 20 years' service the amount of leave shall be—

- (a) in respect of 20 years' service so completed—13 weeks' leave;
- (b) in respect of each 10 years' service completed after such 20 years—six and a half weeks' leave.

(3) Where a worker has completed at least 15 years' service since its commencement and his employment is terminated—

- (a) by his death;
- (b) in any circumstances otherwise than by the employer for serious misconduct.

the amount of leave shall be—

- (i) if such determination takes place before the worker has become entitled to leave under placitum (a) of paragraph (2) hereof such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years;
- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of 13 weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to 20 years.

(4) Where a worker has completed at least 10 years' service but less than 15 years' service since its commencement and his employment is terminated —

- (i) by his death; or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such a nature as to justify or in the event of a dispute is, in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of leave shall be such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave;

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this Award, but in the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard;

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave;
- (b) shall not include shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like.

(5) In the case of workers employed on piece or bonus work or any other system of payment by results payment shall be at ordinary time rates.

(e) Taking Leave.

(1) In a case to which paragraph (2) of subclause (c) applies:—

(a) Leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances.

(b) Except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give to a worker at least one month's notice of the date from which his leave is to be taken.

(c) Leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three separate periods in respect of the first 13 weeks' entitlement and in not more than two separate periods in respect of any subsequent period of entitlement.

(d) Any leave shall be inclusive of any public holidays specified in this Award occurring during the period when the leave is taken but shall not be inclusive of any annual leave.

(e) Payment shall be made in one of the following ways—

(i) in full before the worker goes on leave;

(ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or

(iii) in any other way agreed between the employer and the worker.

(f) No worker shall, during any period when he is on leave, engage in any employment, for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In the case to which paragraph (3) or paragraph (4) of subclause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death pay to the worker, and upon termination of employment by death pay to the personal representative of the worker upon request by the personal representative, a sum

equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought Into Account.

(1) Any employer may by agreement with a worker allow leave to such worker before the right thereto has accrued due, but where leave is taken in such a case the worker shall not become entitled to any further leave hereunder in respect of any period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of 13 weeks for twenty years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of his employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(4) An employer shall be entitled to offset any payment in respect of leave hereunder against any payment by him to any long service leave scheme, superannuation scheme, pension scheme, retiring allowance scheme, provident fund, or the like or under any combination thereof operative at the first day of April, 1958.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of 12 months thereafter, or in the case of termination by death of the worker a period of three years thereafter, keep a record from which can be readily ascertained the name of each worker and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this Award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of:—

- (a) the settlement of disputes on any matters arising hereunder;
- (b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefore nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of 20 or more years' service or employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for and satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State law with regard to long service leave is exempted from the provisions of that law as at the first day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemptions.

The Special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(k) Liberty to Apply.

Liberty is granted to any party to this award to apply to the Court at any time for an appropriate variation of this clause if any of the terms and conditions operating under the code of Long Service Leave being negotiated between the Australian Council of Trade Unions and Federal Employers' Organisations is varied in any way.

Notwithstanding anything contained in this Award to the contrary, no time of duty whatsoever shall be required to be paid for at more than double time rate.

##### 31.—Guaranteed Week.

This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from the Trust for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to the Trust of sickness, but the Trust shall not be entitled to a medical certificate, unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the periods specified in subclause (a) of this clause which has in any year not been allowed to any worker by the Trust as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by the Trust in any subsequent year without diminution of the sick leave prescribed in respect of that year.

(e) Notwithstanding the provisions of subclause (c) hereof, in the case of a worker who has already been allowed paid sick leave on one occasion the Trust before paying for any further absence in the same year may insist on the worker obtaining a medical certificate stating that he was unable to attend for duty because of personal ill health even although such absence was for less than three (3) days.

Any dispute as to whether a worker has committed a breach of this clause may be referred to a Board of Reference by either the Trust or the Union concerned.

(f) The provisions of this clause shall not apply to any worker who objects on the grounds of conscientious religious belief to being a member of an industrial union of workers, so long as such worker, from time to time, pays to a charitable organisation nominated by the Court an amount equivalent to the subscription and levies prescribed by the rules of the appropriate union to be paid by members of that union.

(g) Should any dispute arise as to the conscientious religious beliefs of any worker or applicant for employment the same shall be referred to a Board of Reference appointed under the award.
