Briefly the scheme area comprises Crown, private and Board-owned land. For this purpose the land in the scheme area not in the property of the board shall be resumed or otherwise acquired, re-surveyed, roads constructed, filled where necessary, and trees planted in the open space area and the new lots re-allocated to the former owners on the following basis:—

the land previously owned by him and as nearly as may be in the same position as the land acquired from him and where possible having the same amenities of view, corner position and the like, subject to the owner releasing the Board from all claims for compensation in respect of the acquisition of his land.

- (b) Any remaining lots will be treated as surplus lots and sold by the Board or retained for its own use. In the event of sufficient lots being available for sale from surplus lots and from land provided by the Crown to pay the costs of the Scheme, the balance of the land made available by the Crown shall be re-transferred to the Crown.

The cost of the scheme including all works to be carried out, administration, survey, compensation (where owners will not accept replacement lots), transfer fees and other expenses incidental to the scheme shall be met from the sale of surplus lots.
