Arrangements have been made for a marine welcome to Her Majesty to take place on Monday, 25th March, 1963, with a prior rehearsal. A special notice giving full details of these arrangements will be issued, but the following outline is published for the information of those concerned.

5.—Area Set Apart for Small Craft.

(a) For Small Craft at Anchor.

(i) Between No. 1 Berth North Wharf and No. 2 Berth North Wharf and within a line parallel to the wharf marked by buoys laid 150 feet from the face of the wharf.

(ii) Between the South Mole and the beacon and buoys marking the southern edge of the shipping channel.

(iii) Between the North Mole and the pylons and buoys marking the northern edge of the shipping channel.

(b) For Craft Under Way.

(i) The area to the eastward of an imaginary line drawn from the light tower to the North Mole to the Hall Bank buoy and thence to a position one mile eastward of the Fairway buoy, and thence to the shore, but excluding the prohibited area in the vicinity of the North Mole saluting battery (see paragraph 3 and (b) above).

(ii) The area to the southward of an imaginary line formed by the transit of the light tower and the South Mole and the war memorial extended to a point 261° (true) one to three miles from the light tower and to the westward of an imaginary line drawn from this point northwards to a position one mile west of Hall Bank buoy and thence to a position one mile westward of Fairway buoy.

Note.—In the event of adverse weather being experienced it may be necessary to close certain of the above areas. Instructions in this regard will be given by the patrol craft to all concerned.

6.—Prohibited Area for Ships and Small Craft.

From 0600 hours on Monday, 25th March, 1963, until the H.M.Y. "Britannia" and the Naval escort are berthed in the Inner Harbour, the area delineated below is prohibited to ships and small craft other than authorised small craft participating in the marine welcome.

The area enclosed by imaginary lines drawn from the light tower on the North Mole to Hall Bank buoy thence in a northerly direction to a position one mile eastward of Fairway buoy; thence in a westerly direction to a position one mile westward of Fairway buoy; thence in a southward direction to a point two miles westward of Hall Bank buoy; thence to a position in distance one mile two and one-half cables westward of the light tower and the North Mole, this line extended, cutting the transit of the South Mole and the war memorial.

7.—Patrol Craft.

Patrol craft (to be distinguished by a white flag with the letter "M" in red in the centre) will patrol the areas allocated to small craft and the prohibition area and instructions issued by the officers in charge of these craft are to be followed by all concerned. The officers in charge are authorised to remove, by force if necessary, any craft failing to carry out instructions.

8.—Craft to be Seaworthy, etc.

All craft taking part in the marine welcome are to be in a seaworthy condition and provided with efficient anchors and ground tackle sufficient for anchoring in 40 feet of water. The officers in charge of patrol craft are authorised to remove any craft considered to be overloaded, or otherwise unseaworthy or without anchors.

9.—Closing of Railway Bridge.

The navigational arches of the Railway Bridge will be closed to all water traffic (other than official craft specially authorised) from 0730 hours until 1115 hours on Monday, 25th March, 1963. All craft from up-river authorised to take part in the marine welcome must clear the navigational arches of the Railway Bridge by 0730 hours.

No other craft will be permitted to pass through the navigational arches of the bridge after 0600 hours.

10.—Dispersal of Small Craft.

At approximately 1100 hours the dispersal signal for small craft (a large black cone from the north yardarm) will be exhibited from the Signal Station.

Small craft will then be required to clear the Inner Harbour and entrance channel as soon as possible.
