3.—Area and Scope.

This Award shall apply throughout the State of Western Australia to workers classified herein who are employed in the class of work engaged in by the respondents.

4.—Term.

This Award shall have effect for three (3) years from the beginning of the first pay period commencing on or after the date hereof.

5.—Hours.

Forty hours shall constitute a week's work and, except in the case of shift workers, shall be worked from Monday to Friday (inclusive) each week between the hours of 7 a.m. and 5 p.m. Provided that by agreement between the union and the employer work may commence earlier than 7 a.m.

6.—Contract of Service.

One (1) week's notice on either side shall be necessary to terminate the contract of service of any worker, other than a casual worker where the notice shall be one (1) hour. If the required notice is not given, one (1) week's (or one (1) hour's, in the case of a casual worker) pay shall be paid or forfeited as the case may be.

7.—Casual Workers.

A worker engaged for less than one (1) week (except a worker who is dismissed for inefficiency or misconduct or who leaves the service of the employer of his own volition) shall be deemed a casual hand and whilst engaged as such shall be entitled to receive ten per cent. (10%) in addition to the minimum rate herein prescribed.

8.—Higher Duties.

Any worker carrying out work classified at a higher minimum than his ordinary work for two (2) hours in any shift shall be paid at the minimum rate for such work for the whole of that shift. Provided that such minimum is not lower than such worker's regular rate of pay. If he be employed for less than two (2) hours at work classified at a higher minimum than his ordinary rate, he shall be paid his ordinary rate for the whole shift.

9.—Breakdowns, etc.

The employer shall be entitled to deduct payment for any day upon which the worker cannot be usefully employed because of any strike by the union or unions affiliated with it or by any other association or union, or through any breakdown of the employer's machinery, or from any other cause for which the employer is not responsible.

10.—Overtime.

(a) (i) All work performed beyond eight (8) hours in any day or on Saturdays shall be deemed overtime and shall be paid for at the rate of one and a half times for the first two (2) hours and double time thereafter.

(ii) All time worked on Sundays or on the holidays referred to in subclause (a) hereof shall be paid for at the rate of double time.

(b) (i) An employer may require any worker to work reasonable overtime at overtime rates and such worker shall work overtime in accordance with such requirement.

(ii) No organisation party to this Award or worker or workers covered by this Award, shall in any way, whether directly or indirectly, be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with the requirements of this subclause.

11.—Meal Money.

When a worker is required for overtime without having been notified on the previous day, he shall be supplied with a meal or be paid six shillings (6s.) for a meal. Provided no such meal or payment is due unless the worker works more than two hours after the usual knock-off time. Provided that a worker who is allowed not less than one hour and a half in which to get a meal before resuming work, and facilities for obtaining a meal are available, shall not be entitled to meal money or a meal under this clause.

12.—Holidays and Annual Leave.

(a) (i) The following days, or the days observed in lieu, shall, subject to subclause (b) hereof, be allowed as holidays without deduction of pay, namely: New Year's Day, Australia Day, Good Friday, Easter Monday, Anzac Day, Labour Day,

Foundation Day, Sovereign's Birthday, Christmas Day and Boxing Day. Provided that another day may be taken as a holiday by arrangement between the parties, in lieu of any of the days named in the subclause.

(ii) Where Christmas Day, Boxing Day or New Year's Day fall on a Sunday and where Christmas Day or New Year's Day fall on a Saturday such holiday or holidays shall be observed on the next succeeding working day or days which shall be deemed a holiday or holidays without deduction of pay in lieu of the days named.

(b) On any public holiday not prescribed as a holiday under this Award the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done ordinary rates of pay shall apply.

(c) Except as hereinafter provided a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(d) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(e) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(f) Any time in respect of which a worker is absent from work except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award shall not count for the purpose of determining his right to annual leave.

(g) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (f) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(h) Seven day shift workers, that is shift workers who are rostered to work regularly on Sundays and holidays, shall be allowed one week's leave in addition to the leave prescribed in subclause (c) hereof. Where a worker with twelve month's continuous service is engaged for part of a qualifying twelve-monthly period as a seven-day shift worker, he shall be entitled to have the period of two consecutive weeks' annual leave prescribed in subclause (c) hereof increased by one-twelfth of a week for each month he is continuously engaged as aforesaid.

(i) (i) A worker who is justifiably dismissed for misconduct shall not be entitled to the benefit of the provisions of this clause.

(ii) In special circumstances and by mutual consent of the employer, the worker and the Union concerned, annual leave may be taken in not more than two periods.

(j) The provisions of this clause shall not apply to casual workers.

13.—Board of Reference.

(1) For the purpose of this Award, a Board of Reference is hereby appointed, which shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. The

said Board shall have assigned to it, in the event of no agreement being arrived at between the parties to the dispute, the functions of—

(a) adjusting any matters of difference which may arise from time to time, except such as involve interpretation of the provisions of this Award, or any of them;

(b) dealing with any other matter which the Court may refer to the Board from time to time.

(2) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Industrial Arbitration Act, 1912-1961, which for this purpose are embodied in this Award.

14.—Record.

(a) Each employer shall keep a time and wages book showing the name of each worker, and the nature of his work, the hours worked each day, and the wages and allowances paid each week. Any system of automatic recording by means of machines shall be deemed to comply with this provision to the extent of the information recorded.

(b) The time and wages record shall be open for inspection by a duly accredited official of the Union during the usual office hours, at the employer's office or other convenient place, and he shall be allowed to take extracts therefrom.

15.—Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth (1/12th) of a week's pay for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(b) Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(c) The clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(d) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of his employment or for any accident wherever sustained arising out of his own wilful default or sickness arising out of his own wilful default.

(e) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(f) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

(g) Where an employee is suffering from illness or injury sustained on the job he shall not be permitted to leave the job unless accompanied or assisted by a sufficient number of employees, except in the case of his removal by ambulance, to his home or the nearest hospital. All expenses incurred in such employee's removal shall be paid by the employer.

16.—Shift Work.

(a) The ordinary working hours of employees on shift work shall not exceed an average of 40 per week spread over a period of two, three or

four weeks to be worked in shifts of eight hours inclusive of a crib time of 20 minutes which shall be counted as time worked.

Definitions.

(b) For the purpose of this clause—

- (i) "day shift" means any shift starting at or after 6 a.m. and before 10 a.m.;
- (ii) "afternoon shift" means any shift starting at or after 10 a.m. and before 8 p.m.;
- (iii) "night shift" means any shift starting at or after 8 p.m. and before 6 a.m.;
- (iv) "rostered shift" means a shift of which the employee concerned has had at least forty-eight hours notice;
- (v) where two shifts are required to be worked wholly within daylight hours day shift shall be from 5 a.m. to 12 noon and afternoon shift shall be from 12 noon to 7 p.m. and in both cases workers engaged on such shifts shall be paid as for a full shift.

(c) There shall be a roster of shifts which shall—

- (i) provide for rotation unless all the employees concerned desire otherwise;
- (ii) provide for not more than eight shifts to be worked in any nine consecutive days.

So far as employees present themselves for work in accordance therewith shifts shall be worked according to the roster.

Overtime.

(d) Work done by shift workers in excess of or outside the ordinary working hours of their shift or on a shift other than a rostered shift shall be paid for at the rate of double time.

But this shall not apply to arrangements between the employees themselves or in cases due to rotation of shift or when the relief does not come on duty at the proper time; for all time of duty after he has finished his ordinary shift such unrelieved employee shall be paid at the rate of time and a half for the first eight hours and double time thereafter.

(e) (i) Shift workers whilst on afternoon or night shifts other than a Saturday or a Sunday shall be paid ten per cent. more than the ordinary rate of such shifts.

(ii) Shift workers who work on any afternoon or night shift which does not continue for at least five successive afternoons or nights shall be paid at the rate of time and a half.

(iii) A worker who (except at his own request pursuant to subclause (c) hereof)—

- (a) during a period of engagement on shift, works night shift only; or
- (b) remains on night shift for a longer period than four consecutive weeks; or
- (c) works on a night shift which does not rotate or alternate with another shift or with day work so as to give him at least one third of his working time off night shift in each shift cycle—

shall during such engagement, period or cycle be paid at the rate of time and a quarter for all time worked during ordinary working hours on such night shifts.

(f) Employees working shifts shall be paid for ordinary hours of work performed between midnight on Friday and midnight on Saturday at the minimum rate of time and a quarter. This extra rate shall be in substitution for and not cumulative upon the shift premiums prescribed in subclause (e) hereof, but the provisions of this subclause shall not prejudice any right of the employee to obtain, alternatively, any higher rate in respect of that work by virtue of any provision of this Award.

Sundays and Holidays.

(g) Subject to this clause the provisions of clause 10 (a) (ii) and clause 12 (a) (i) of this Award shall apply to shift workers. Where shifts commence between 11 p.m. and midnight on a

Sunday or holiday, the time so worked before midnight shall not entitle the employee to the Sunday or holiday rate; provided that the time worked by an employee on a shift commencing before midnight on the day preceding a Sunday or holiday and extending into a Sunday or holiday shall be regarded as time worked on such Sunday or holiday. Where shifts fall partly on a Sunday or holiday, that shift the major portion of which falls on a Sunday or a holiday shall be regarded as the Sunday or holiday shift.

17.—Living Away from Home Allowance.

Food and Accommodation Allowance.

Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of thirteen (13) weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to twenty (20) years.

(4) Where a worker has completed at least ten (10) years' service but less than fifteen (15) years' service since its commencement and his employment is terminated—

- (i) by his death, or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such a nature as to justify or in the event of a dispute is in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of leave shall be such proportion of thirteen (13) weeks' leave as the number of completed years of such service bears to twenty (20) years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave.

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this Award, but in the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard.

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual, or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) Leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances.
- (b) Except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give to a worker at least one (1) month's notice of the date from which his leave is to be taken.
- (c) Leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three (3) separate periods in respect of the first thirteen (13) weeks' entitlement and in not more than two (2) separate periods in respect of any subsequent period of entitlement.
- (d) Any leave shall be inclusive of any public holidays specified in this Award occurring during the period when the leave is taken but shall not be inclusive of any annual leave.
- (e) Payment shall be made in one of the following ways—
 - (i) In full before the worker goes on leave;
 - (ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or
 - (iii) in any other way agreed between the employer and the worker.
- (f) No worker shall, during any period when he is on leave, engage in any employment for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In a case to which paragraph (3) or paragraph (4) of subclause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death pay to the worker, and upon termination of employment by death pay to the personal representative of the worker upon request by the personal representative, a sum equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought into Account.

(1) Any employer may by agreement with a worker allow leave to such a worker before the right thereto has accrued due, but where leave is taken in such case the worker shall not become entitled to any further leave hereunder in respect of any period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of thirteen (13) weeks for twenty (20) years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of the employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of twelve (12) months thereafter, or in the case of termination by death of the worker a period of three (3) years thereafter, keep a record from which can be readily ascertained the name of each worker, and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of—

- (a) the settlement of disputes on any matters arising hereunder;
- (b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefor nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State Law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of twenty (20) or more years' service or employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for any satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State Law with regard to long service leave is exempted from the provisions of that law as at the first day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemptions.

The Special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(iii) If, on the instructions of his employer, such worker resumes or continues work without having had such eight (8) consecutive hours off duty, he shall be paid at double rates until he is released from duty for such period and he shall then be entitled to be absent until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

(ii) Where Christmas Day or New Year's Day falls on a Saturday or a Sunday, such holiday shall be observed on the next succeeding Monday and where Boxing Day falls on a Sunday or a Monday such holiday shall be observed on the next succeeding Tuesday, in each such case the substituted day shall be deemed a holiday without deduction of pay in lieu of the day for which it is substituted.

(b) On any public holiday not prescribed as a holiday under this Award, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(c) Except as hereinafter provided, a period of two (2) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(d) If any Award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one (1) day being an ordinary working day for each such holiday observed as aforesaid.

(e) If after one (1) month's continuous service in any qualifying twelve monthly period, a worker lawfully leaves his employment or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth (1/6th) of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(a) A worker shall be entitled to payment for non-attendance on the grounds of personal ill-health for one-twelfth (1/12th) of a week for each completed month of service. Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in the subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker and, subject to the conditions hereinbefore prescribed, shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that the sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues.

13.—Board of Reference.

(a) The Court hereby appoints for the purpose of this Award, a Board of Reference.

(b) The Board shall consist of a chairman, to be appointed by the Court and two (2) other representatives, one to be nominated jointly by the applicants and the other jointly by the respondents to this Award.

(ii) Deciding any other matter that the Court may refer to the Board from time to time.

(d) The provisions of regulation 106 of the regulations made under the Industrial Arbitration Act, 1912-1961, shall be deemed to apply to any Board of Reference appointed hereunder.

14.—Protective Equipment.

(a) The employer shall have available a sufficient supply of protective equipment (as for example, hand screens, goggles, glasses, gloves, aprons, leggings and gum boots) for use by his workers when engaged on work for which some protective equipment is reasonably necessary. It shall be a defence by an employer charged with a breach of this subclause if he proved that he was unable to obtain either the item of equipment the subject of the charge or a suitable substitute.

(b) Every worker shall sign an acknowledgment on receipt of any article of protective equipment and shall return same to the employer when he has finished using it or on leaving his employment.

(c) No worker shall lend another worker any such article of protective equipment issued to such firstmentioned worker and if the same are lent, both the lender and the borrower shall be deemed guilty of wilful misconduct.

(d) Before goggles, glasses or gloves or any such substitutes which have been used by a worker are re-issued by the employer to another worker, they shall be effectively sterilised.

(e) During the time any article of protective equipment is on issue to the worker he shall be responsible for any loss or damage thereto, fair wear and tear attributable to ordinary use excepted.

15.—Fares and Travelling Time.

The employer shall pay to all workers, in addition to the wages prescribed in clause 23 hereof, an allowance of eight shillings (8s.) per day to compensate for the excess fares and travelling time involved in travelling to and from the site of the work. Provided however that where an employer provides or arranges to be provided, free of cost to the workers, transport provided with suitable seating and weatherproof covering, from Perth to the site of the work and return adequate for the number of men who wish to avail themselves of such transport, the daily allowance payable to all workers, whether or not they do in fact use such transport, shall be four shillings (4s.) in lieu of the allowance of eight shillings (8s.) hereinbefore prescribed.

16.—Representatives Interviewing Workers.

In the case of a disagreement existing or anticipated concerning any of the provisions of this Award, an accredited representative of the Union shall be permitted to interview the workers during the recognised meal hour, on the business premises of the employer, but this permission shall not be exercised without the consent of the employer more than once in any one (1) week.

17.—Union Representatives.

The employer shall allow any job steward appointed by the Union the right to discuss on the site with appropriate representatives of the employer matters affecting the workers whom he represents. Provided however that any such job steward shall not leave his place of work for the purpose of investigating or discussing with the

employer's representative any such matters unless on each occasion he first obtains permission to do so from his foreman or supervisor or unless, in the absence of both the foreman and supervisor, he first notifies the leading hand.

18.—Disputes.

To facilitate the remedying or any grievance or the settlement of any dispute, the following procedure shall apply:—

- (a) The job steward on the site shall discuss any matter affecting the workers concerned with the foreman and failing the matter being then satisfactorily resolved, he shall approach the Industrial Officer or other officer nominated by the employer to deal with such matters on the site, for further discussion.
- (b) If the matter is not resolved at these discussions, the job steward shall notify the secretary of the Union of the matter and discussions will then be carried on by representatives of the employer and the Union.
- (c) Work shall be carried on during any such negotiations or discussions and failing the matter being satisfactorily settled, it shall be referred to a Board of Reference or in cases where a Board of Reference would not have jurisdiction to determine the matter, to the President of the Court or the Conciliation Commissioner if the President delegates authority to him for the purpose of calling a compulsory conference under the Act.

19.—Record.

(a) Each employer shall keep a time and wages book showing the names of each worker and the nature of his work, the hours worked each day and the wages and allowances paid each week.

Any system of automatic recording by means of machines shall be deemed to comply with this provision to the extent of the information recorded.

(b) The time and wages record shall be open for inspection by a duly accredited official of the Union, during the usual office hours, at the employer's office or other convenient place, and he shall be allowed to take extracts therefrom. The employer's works shall be deemed to be a convenient place for the purpose of this paragraph and if for any reason the record be not available at the works when the official calls to inspect it, it shall be made available for inspection within twelve (12) hours, either at the employer's office or at the works.

20.—Preference of Employment.

(a) In this clause, the term "unionist" means a worker who is a financial member of an industrial union of workers party to this award.

(b) In engaging or dismissing labour, preference of employment shall be given to unionists, provided that such unionists are adequately experienced in the class of work to be performed and are otherwise competent to perform the work: Provided further that it shall be a defence on the part of an employer charged with engaging a worker other than a "unionist" when a "unionist" was available for such engagement, that the employer, having made enquiries from the appropriate Union, did not know that any "unionist" competent to perform the class of work involved was available.

(c) Any worker whose application for membership of the Union has been refused shall be so advised by the Union in writing and shall have the right of appeal within seven days of being so advised to the Industrial Registrar whose decision on such matters shall be final. Such worker who has exercised his right of appeal shall, pending the decision of the Industrial Registrar have the same rights under this clause as a "unionist."

(d) Subject to subclause (c) hereof, workers who are not "unionists" shall within seven (7) days of being supplied with the necessary application form for membership and a copy of this clause, by an accredited representative of the applicant Union, apply in the prescribed manner for membership, and if accepted as a member, maintain financial membership whilst employed by an employer bound by this Award. Workers who are unfinancial or financial members of the Industrial Union of Workers parties to this Award shall become and/or maintain financial membership whilst employed by any respondents to this Award.

(e) Exemptions:—

- (i) Any worker may apply in writing to the Industrial Registrar Court of Arbitration, Perth, (whose decision shall be final) for exemption from this clause.
- (ii) An applicant for exemption shall detail in the application to the Industrial Registrar his reasons for desiring exemption, and such application shall only be valid and considered by the Industrial Registrar if it is forwarded by registered post within seven (7) days of the applicant's receipt of the application for membership as prescribed in subclause (d).
- (iii) The Industrial Registrar in the exercise of his discretion may grant exemption with such conditions as he deems desirable—
 - (a) if the applicant is a financial member of any other registered industrial union;
 - (b) if the worker objects on the grounds of conscientious religious belief to becoming a member of any industrial union;
 - (c) for any other reason which the Industrial Registrar deems sufficient.

(iv) A worker refused exemption by the Industrial Registrar shall, within seven (7) days of the decision, make application for membership of an applicant union, and if accepted as a member, maintain financial membership whilst employed by a respondent to this Award.

(f) Subject to subclause (b) hereof, and other things being equal any dismissals, other than for misconduct, shall be based on seniority in that the last worker engaged in the classification affected shall be first to be dismissed.

21.—Liberty to Apply.

A general liberty is reserved to any party to this award to apply to amend this Award by inserting new provisions therein or by varying or rescinding any provision thereof from time to time.

8.—Special Allowances.

"Country travellers", whilst employed as such, shall be entitled to receive an allowance of £1 10s. per week.

9.—Expenses and Accommodation.

(a) The wages paid are to be exclusive of all reasonable expenses actually incurred in the discharge of the travellers' duties and such expenses shall be paid weekly or fortnightly. Where reasonably ascertainable, the expenses payable hereunder are to be in advance.

(b) Expenses for first-class hotel accommodation are to be paid to commercial travellers when in country areas. Where rail travelling is necessarily involved, first-class rail tickets and sleeping car accommodation where available shall be provided by the employer.

10.—Holidays and Annual Leave.

(a) (i) The following days, or the days observed in lieu thereof, shall be allowed as holidays without deduction of pay, namely: New Year's Day, Australia Day, Labour Day, Good Friday, Easter Monday, Anzac Day, State Foundation Day, Sovereign's Birthday, Christmas Day and Boxing Day.

(ii) Where Christmas Day or New Year's Day falls on a Saturday or a Sunday, such holiday shall be observed on the next succeeding Monday, and where Boxing Day falls on a Sunday or Monday such holiday shall be observed on the next succeeding Tuesday. In each such case the substituted day shall be deemed a holiday without deduction of pay in lieu of the day for which it is substituted.

(iii) When work is performed on any of the days referred to in subclause (a) hereof, a worker shall be allowed equivalent time off duty at the convenience of the employer, or by agreement between the employer and the worker, an equivalent period may be added to the worker's period of annual leave.

(b) On any public holiday not prescribed as a holiday under this Award, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done, ordinary rates of pay shall apply.

(c) Except as hereinafter provided, a period of two consecutive week's leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of twelve (12) months' continuous service with such employer.

(d) If any award holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(e) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one-sixth of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(f) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay or time spent on holidays or annual leave as prescribed by this Award, shall not count for the purpose of determining his right to annual leave.

(g) In the event of a worker being employed by an employer for portion only of a year, he shall only be entitled, subject to subclause (e) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer, and if such leave is not equal to the leave given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(h) (i) A worker who is justifiably dismissed for misconduct shall not be entitled to the benefits of the provisions of this clause.

(ii) In special circumstances and by mutual consent of the employer, the worker and the Union concerned, annual leave may be taken in not more than two periods.

(i) For each four (4) weekends a country traveller is absent from his home in the course of his employer's business there shall be added one (1) day to his annual leave: Provided that such additional leave shall not exceed one (1) week per annum.

(j) Liberty is reserved to the Union to apply to amend this clause.

11.—Car Allowance.

(a) Where an employee is required and authorised to use his own motor vehicle in the course of his duties he shall be paid an allowance not less than that provided for in the table set out hereunder. Provided that the rates contained therein shall be increased by one halfpenny per mile where an employee has not at any time received any form of financial assistance from his employer to purchase the motor vehicle used by him on official business. Notwithstanding anything contained in this subclause the employer and the employee may make any other arrangements as to car allowances not less favourable to the employee.

(h) Where an employee in the course of a journey travels through two or more of the separate areas, payment at the rates prescribed herein shall be made at the appropriate rate applicable to each of the separate areas traversed.

(c) A year for the purpose of this clause shall commence on the 1st day of July and end on the 30th day of June next following.

12.—Under-Rate Workers.

(a) Any worker who, by reason of old age, or infirmity is unable to earn the minimum wage, may be paid such lesser wage as may from time to time be agreed upon in writing between the Guild and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

13.—Payment for Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health at the rate of one-twelfth (1/12th) of a week's pay for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week's pay in each calendar year.

(b) Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred.

(c) This clause shall not apply when the worker is entitled to compensation under the Workers' Compensation Act.

(d) A worker shall not be entitled to receive any wages from his employer for any time lost through any accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness arising out of his own wilful default.

(e) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

14.—Board of Reference.

(a) The Court appoints, for the purposes of the Award, a Board or Boards of Reference. Each Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties. There are assigned to each such Board, in the event of no agreement being arrived at between the parties to the Award the functions of—

- (i) adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of the Award or any of them;
- (ii) deciding any other matter that the Court may refer to such Board from time to time.

(b) An appeal shall lie from any decision of such Board in the manner and subject to the conditions prescribed in the Regulations to the Industrial Arbitration Act, 1912-1950, which for this purpose are embodied in the Award.

15.—Contract of Service.

The contract of hiring of every worker covered by this Award shall be a weekly one terminable by one (1) week's notice given on either side: Provided that an employer may at any time summarily dismiss a worker for misconduct.

16.—Record.

The employer shall keep or cause to be kept and entered up, a record containing the following particulars:—

- (a) The name and designation of each worker.
- (b) The class of work performed by him.
- (c) The wages (and allowances if any) paid to him.

Such record shall be open to inspection by an accredited representative of the Guild at any time during ordinary office hours and such representative may take extracts therefrom.

17.—Long Service Leave.

(a) Right to Leave.

A worker shall as herein provided be entitled to leave with pay in respect of long service.

(b) Long Service.

(1) The long service which shall entitle a worker to such leave shall, subject as herein provided, be continuous service with one and the same employer.

(2) Such service shall include service prior to the 1st April, 1958, if it continued until such time but only to the extent of the last 20 completed years of continuous service.

(3) (i) Where a business has, whether before or after the coming into operation hereof, been transmitted from an employer (herein called "the transmitter") to another employer (herein called "the transferee") and a worker who at the time of such transmission was an employee of the transmitter in that business becomes an employee of the transferee—the period of the continuous service which the worker has had with the transmitter (including any such service with any prior transmitter) shall be deemed to be service of the worker with the transferee.

(ii) In this subclause "transmission" includes transfer, conveyance, assignment or succession whether voluntary or by agreement or by operation of law and "transmitted" has a corresponding meaning.

(4) Such service shall include—

- (a) any period of absence from duty on any annual leave or long service leave;
- (b) any period of absence from duty necessitated by sickness or injury to the worker but only to the extent of fifteen working days in any year of his employment;

- (c) any period following any termination of the employment by the employer if such termination has been made merely with the intention of avoiding obligations hereunder in respect of long service leave or obligations under any award in respect of annual leave;
- (d) any period during which the service of the worker was or is interrupted by service—
- (i) as a member of the Naval, Military or Air Forces of the Commonwealth of Australia other than as a member of the British Commonwealth Occupation Forces in Japan and other than as a member of the Permanent Forces of the Commonwealth of Australia except in the circumstances referred to in section 31 (2) of the Defence Act, 1903-1956, and except in Korea or Malaya after 26th June, 1950;
 - (ii) as a member of the Civil Construction Corps established under the National Security Act, 1939-1956;
 - (iii) in any of the Armed Forces under the National Service Act, 1951 (as amended).

Provided that the worker as soon as reasonably practicable on the completion of any such service resumed or resumes employment with the employer by whom he was employed immediately before the commencement of such service.

(5) Service shall be deemed to be continuous notwithstanding—

- (a) the transmission of a business as referred to in paragraph (3) hereof;
- (b) any interruption of a class referred to in paragraph (4) hereof irrespective of the duration thereof;
- (c) any absence from duty authorised by the employer;
- (d) any standing-down of a worker in accordance with the provisions of an Award, Industrial Agreement, Order or Determination under either Commonwealth or State law;
- (e) any absence from duty arising directly or indirectly from an industrial dispute if the worker returns to work in accordance with the terms of settlement of the dispute;
- (f) any termination of the employment by the employer on any ground other than slackness of trade if the worker be re-employed by the same employer within a period not exceeding two months from the date of such termination;
- (g) any termination of the employment by the employer on the ground of slackness of trade if the worker is re-employed by the same employer within a period not exceeding six months from the date of such termination;
- (h) any reasonable absence of the worker on legitimate union business in respect of which he has requested and been refused leave;
- (i) any absence from duty after the coming into operation of this clause by reason of any cause not specified in this clause unless the employer, during the absence or within 14 days of the termination of the absence notifies the worker in writing that such absence will be regarded as having broken the continuity of service, which notice may be given by delivery to the worker personally or by posting it by registered mail to his last recorded address, in which case it shall be deemed to have reached him in due course of post.

Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

(1) The leave to which a worker shall be entitled or deemed to be entitled shall be as provided in this subclause.

(2) Where a worker has completed at least 20 years' service the amount of leave shall be—

- (a) in respect of 20 years' service so completed—13 weeks' leave;
- (b) in respect of each 10 years' service completed after such 20 years—six and a half weeks' leave.

(3) Where a worker has completed at least 15 years' service since its commencement and his employment is terminated—

- (a) by his death;
- (b) in any circumstances otherwise than by the employer for serious misconduct;

the amount of leave shall be—

- (i) if such determination takes place before the worker has become entitled to leave under placitum (a) of paragraph (2) hereof such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years;
- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of 13 weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to 20 years.

(4) Where a worker has completed at least 10 years' service but less than 15 years' service since its commencement and his employment is terminated—

- (i) by his death, or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such nature as to justify or in the event of a dispute is in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of leave shall be such proportion of 13 weeks' leave as the number of completed years of such service bears to 20 years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave.

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this award, but in the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard.

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual, or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave;

(b) shall not include shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like.

(5) In the case of workers employed on piece or bonus work or any other system of payment by results payment shall be at ordinary time rates.

(e) Taking Leave.

(1) In a case to which paragraph (2) of subclause (c) applies—

(a) Leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances.

(b) Except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give a worker at least one month's notice of the date from which his leave is to be taken.

(c) Leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three separate periods in respect of the first 13 week's entitlement and in not more than two separate periods in respect of any subsequent period of entitlement.

(d) Any leave shall be inclusive of any public holidays specified in this award occurring during the period when the leave is taken but shall not be inclusive of any annual leave.

(e) Payment shall be made in one of the following ways—

(i) In full before the worker goes on leave;

(ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or

(iii) in any other way agreed between the employer and the worker.

(f) No worker shall, during any period when he is on leave, engage in any employment for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In a case to which paragraph (3) or paragraph (4) of subclause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death pay to the worker, and upon termination of employment by death pay to the personal representative of the worker upon request by the personal representative, a sum equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought into Account.

(1) Any employer may by agreement with a worker allow leave to such a worker before the right thereto has accrued due, but where leave is taken in such case the worker shall not become entitled to any further leave hereunder in respect of any period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of 13 weeks for twenty years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of his employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of 12 months thereafter, or in the case of termination by death of the worker a period of three years thereafter, keep a record from which can be readily ascertained the name of each worker, and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of—

(a) the settlement of disputes on any matters arising hereunder;

(b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefor nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State Law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of 20 or more years' service or employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for any satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State Law with regard to long service leave is exempted from the provisions of that law as at the first day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemptions.

The Special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(k) Liberty to Apply.

Liberty is granted to any party to this Award to apply to the Court at any time for an appropriate variation of this clause if any of the terms and conditions operating under the code of Long Service Leave being negotiated between the Australian Council of Trade Unions and Federal Employers' Organisations is varied in any way.

18.—Preference.

(a) In this clause, the term "Guild Member" means a worker who is a financial member of the Industrial Union of Workers parties to this Award.

(b) Any commercial traveller whose application for membership of the Guild has been refused, shall have the right of appeal to the Industrial Registrar, whose decision on such matter shall be final. Such commercial traveller who has exercised his right of appeal shall, pending the decision of the Industrial Registrar, have the same rights under this clause as a Guild member.

(c) Subject to subclause (d) hereof, commercial travellers who are not guild members shall within seven (7) days of being supplied with the necessary application form for membership, and a copy of this subclause, by an accredited representative of the applicant Guild, apply in the prescribed manner for membership, and, if accepted as a member, maintain financial membership whilst employed by a respondent to this Award.

(d) Exemptions:—

(i) Any commercial traveller may apply in writing to the Industrial Registrar, Court of Arbitration, Perth (whose decision shall be final) for exemption from this clause.

(ii) An applicant for exemption shall detail in the application to the Industrial Registrar his reasons for desiring exemption, and such application shall only be valid and considered by the Industrial Registrar if it is forwarded by registered post within seven (7) days of the applicant's receipt of the application for membership as prescribed in subclause (c).

(iii) The Industrial Registrar in the exercise of his discretion may grant exemption with such conditions as he deems desirable—

(a) if the applicant is a financial member of any other registered industrial union;

(b) if the commercial traveller objects on the grounds of conscientious religious belief to becoming a member of any industrial union;

(c) for any other reason which the Industrial Registrar deems sufficient.

(iv) A commercial traveller refused exemption by the Industrial Registrar shall, within seven (7) days of the decision, make

application for membership of the applicant Guild, and, if accepted as a member maintain financial membership whilst employed by a respondent to this Award.

In witness whereof this Award has been signed by the President of the Court and the Seal of the Court has been hereto affixed, this 29th day of May, 1963.

(Sgd.) R. V. NEVILLE,

President.

Wages shall be paid at least once weekly.

15.—Time and Wages Record.

A readily intelligible record shall be kept by each employer, in which shall be entered and/or marked the name of each worker under this Award, the age of the worker, the nature of the work performed, the hours worked each day, and the amount of wages received each pay. The said record shall be open to the inspection of an accredited representative of the Union at any time during working hours, who shall be allowed to take necessary extracts therefrom.

The employer and the worker shall be severally responsible for the proper posting of the record each week.

16.—Proportion of Juniors.

Junior workers may be employed in the following proportions:—

- (a) Females—Two (2) juniors to each adult worker.
- (b) Males—One (1) junior to each adult worker.

Provided that, where special circumstances arise in any given business, arrangement for the employment of juniors in greater proportion may be made between the Union and the employer concerned: Provided further, that where no adult worker is employed and where the employer or his manager is himself performing the duties of a worker, one junior worker may be employed.

17.—Breakdowns, Etc.

The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or unions affiliated with it or by any other association or union, or through the breakdown of the employer's machinery or any stoppage of work by any cause which the employer cannot reasonably prevent.

18.—No Reduction.

Nothing herein contained shall in itself operate to reduce the wages of any worker who at the date of this Award was receiving a rate of pay in excess of the provisions of clause 4 hereof.

19.—Meal Times.

The meal interval shall be taken between 12 noon and 2 p.m. and shall be not less than thirty (30) minutes nor more than one (1) hour in duration.

20.—Meal Money.

A worker required to work overtime for more than two (2) hours, without being notified on the previous day or earlier that he will be so required to work, shall be supplied with a meal by the employer or paid six shillings (6s.) for a meal.

If the amount of overtime required to be worked necessitates a second or subsequent meal, the employer shall, unless he has notified the workers concerned on the previous day or earlier that such second or subsequent meal will also be required, provide such meals or pay an amount of three shillings and fourpence (3s. 4d.) for each such second or subsequent meal.

No such payments need be made to workers living in the same locality as their workshops who can reasonably return home for such meals.

If a worker in consequence of receiving such notice has provided himself with a meal or meals and is not required to work overtime, or is required to work less overtime than notified, he shall be paid the amounts above prescribed in respect of the meals not then required.

21.—Under-rate Workers.

(a) Any worker who by reason of old age or infirmity is unable to earn the minimum wage may be paid such lesser wage as may from time to time be agreed upon in writing between the Union and the employer.

(b) In the event of no agreement being arrived at, the matter may be referred to the Board of Reference for determination.

(c) After application has been made to the Board, and pending the Board's decision, the worker shall be entitled to work for and be employed at the proposed lesser rate.

22.—Board of Reference.

(a) The Court hereby appoints for the purpose of this Award a Board of Reference.

(b) The Board shall consist of a chairman, to be appointed by the Court, and two (2) other representatives, one to be nominated by each of the parties.

(c) The Board is hereby assigned the following functions in the event of a disagreement between the parties bound by this Award:—

(i) Adjusting any matters of difference which may arise between the parties from time to time, except such as involve interpretations of the provisions of this Award or any of them.

(ii) Deciding any other matter that the Court may refer to the Board from time to time.

(d) The provisions of regulation 106 of the Industrial Arbitration Act, 1912-1961, shall be deemed to apply to any Board of Reference appointed hereunder.

23.—General Conditions.

(a) Where practicable, some protective coverings shall be placed on cement or steel floors.

(b) When practicable, dining rooms with boiling water available at meal time shall be provided.

(c) Workers engaged on washing machines or in wash-houses shall be provided with rubber boots where required.

(d) No female worker under the age of eighteen (18) years shall be required to lift weights in excess of 25 lb. No other female worker shall be required to lift weights in excess of 35 lb.

(e) The employer shall, if required, supply rubber aprons to male workers in the wash-house.

24.—Part-time Workers.

(a) Notwithstanding anything else contained in this Award, adult females may be employed as part-time workers for less than forty (40) hours in any week.

Such a worker shall have a minimum engagement of sixteen (16) hours or two (2) days per week.

(b) Part-time workers shall receive payment for wages, annual leave, holidays and sick leave on a *pro rata* basis in the same proportion as the number of hours usually worked each week bears to forty (40) hours.

25.—Long Service Leave.

(a) Right to Leave.

A worker shall as herein provided be entitled to leave with pay in respect of long service.

(b) Long Service.

(1) The long service which shall entitle a worker to such leave shall, subject as herein provided, be continuous service with one and the same employer.

(2) Such service shall include service prior to the 1st April, 1958, if it continued until such time, but only to the extent of the last twenty (20) completed years of continuous service.

(3) (i) Where a business has, whether before or after the coming into operation hereof, been transmitted from an employer (herein called "the transmitter") to another employer (herein called "the transferee") and a worker who at the time of such transmission was an employee of the transmitter in that business becomes an employee of the transferee—the period of the continuous service which the worker has had with the transmitter (including any such service with any prior transmitter) shall be deemed to be service of the worker with the transferee.

(ii) In this subclause "transmission" includes transfer, conveyance, assignment or succession, whether voluntary or by agreement or by operation of law, and "transmitted" has a corresponding meaning.

(4) Such service shall include—

(a) any period of absence from duty on any annual leave or long service leave;

(b) any period of absence from duty necessitated by sickness of or injury to the worker, but only to the extent of fifteen (15) working days in any year of his employment;

(c) any period following any termination of the employment by the employer if such termination has been made merely with the intention of avoiding obligations hereunder in respect of long service leave or obligations under any Award in respect of annual leave;

(d) any period during which the service of the worker was or is interrupted by service—

- (i) as a member of the Naval Military or Air Forces of the Commonwealth of Australia other than as a member of the British Commonwealth Occupation Forces in Japan and other than as a member of the Permanent Forces of the Commonwealth of Australia, except in the circumstances referred to in section 31 (2) of the Defence Act, 1903-1956, and except in Korea or Malaya after 26th June, 1950;
- (ii) as a member of the Civil Construction Corps established under the National Security Act, 1939-1946;
- (iii) in any of the Armed Forces under the National Service Act, 1951 (as amended).

Provided that the worker as soon as reasonably practicable on the completion of any such service resumed or resumes employment with the employer by whom he was employed immediately before the commencement of such service.

(5) Service shall be deemed to be continuous notwithstanding—

- (a) the transmission of a business as referred to in paragraph (3) hereof;
- (b) any interruption of a class referred to in paragraph (4) hereof irrespective of the duration thereof;
- (c) any absence from duty authorised by the employer;
- (d) any standing-down of a worker in accordance with the provisions of an Award, Industrial Agreement, Order or Determination under either Commonwealth or State law;
- (e) any absence from duty arising directly or indirectly from an industrial dispute if the worker returns to work in accordance with the terms of settlement of the dispute;
- (f) any termination of the employment by the employer on any ground other than slackness of trade if the worker be re-employed by the same employer within a period not exceeding two (2) months from the date of such termination;
- (g) any termination of the employment by the employer on the ground of slackness of trade if the worker is re-employed by the same employer within a period not exceeding six (6) months from the date of such termination;
- (h) any reasonable absence of the worker on legitimate union business in respect of which he has requested and been refused leave;
- (i) any absence from duty after the coming into operation of this clause by reason of any cause not specified in this clause unless the employer, during the absence or within fourteen (14) days of the termination of the absence notifies the worker in writing that such absence will be regarded as having broken the continuity of service, which notice may be given by delivery to the worker personally or by posting it by registered mail to his last recorded address, in which case it shall be deemed to have reached him in due course of post. Provided that the period of any absence from duty or the period of any interruption referred to in placita (c) to (i) inclusive of this paragraph shall not (except as set out in paragraph (4) hereof) count as service.

(c) Period of Leave.

(1) The leave to which a worker shall be entitled or deemed to be entitled shall be as provided in this subclause.

(2) Where a worker has completed at least 20 years' service the amount of leave shall be—

- (a) in respect of twenty (20) years' service so completed—thirteen (13) weeks' leave;
- (b) in respect of each ten (10) years' service completed after such twenty (20) years—six and a half (6½) weeks' leave.

(3) Where a worker has completed at least fifteen (15) years' service since its commencement and his employment is terminated—

- (a) by his death;
- (b) in any circumstances otherwise than by the employer for serious misconduct;

the amount of leave shall be—

- (i) if such determination takes place before the worker has become entitled to leave under placitum (a) of paragraph (2) hereof such proportion of thirteen (13) weeks' leave as the number of completed years of such service bears to twenty (20) years;
- (ii) if such termination takes place after the worker has become entitled to leave under placitum (a) of paragraph (2) hereof the leave due under such placitum and in addition such proportion of thirteen (13) weeks' leave as the number of completed years of such service after the accrual of such entitlement bears to twenty (20) years.

(4) Where a worker has completed at least ten (10) years' service but less than fifteen (15) years' service since its commencement and his employment is terminated—

- (i) by his death; or
- (ii) by the employer for any reason other than serious misconduct; or
- (iii) by the worker on account of sickness or injury to the worker or domestic or other pressing necessity where such sickness or injury or necessity is of such a nature as to justify or in the event of a dispute is in the opinion of the Special Board of Reference, of such a nature as to justify such termination;

the amount of leave shall be such proportion of thirteen (13) weeks' leave as the number of completed years of such service bears to twenty (20) years.

(5) In the cases to which paragraphs (3) and (4) hereof apply the worker shall be deemed to have been entitled to and to have commenced leave immediately prior to such termination.

(d) Payment for Period of Leave.

(1) A worker shall subject to paragraph (3) hereof, be entitled to be paid for each week of leave to which he has become entitled or is deemed to have become entitled the ordinary time rate of pay applicable to him at the date he commences such leave.

(2) Such ordinary time rate of pay shall be the rate applicable to him for the standard weekly hours which are prescribed by this Award, but in the case of casuals and part-time workers shall be the ordinary time rate for the number of hours usually worked up to but not exceeding the prescribed standard.

(3) Where by agreement between the employer and the worker the commencement of the leave to which the worker is entitled or any portion thereof is postponed to meet the convenience of the worker, the rate of payment for such leave shall be at the ordinary time rate of pay applicable to him at the date of accrual, or, if so agreed, at the ordinary time rate of pay applicable at the date he commences such leave.

(4) The ordinary time rate of pay—

- (a) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave;
- (b) shall not include shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like.

(5) In the case of workers employed on piece or bonus work or any other system of payment by results payment shall be at ordinary time rates.

(e) Taking Leave.

(1) In a case to which paragraph (2) of subclause (c) applies—

- (a) leave shall be granted and taken as soon as reasonably practicable after the right thereto accrues due or at such time or times as may be agreed between the employer and the worker or in the absence of such agreement at such time or times as may be determined by the Special Board of Reference, having regard to the needs of the employer's establishment and the worker's circumstances;
- (b) except where the time for taking leave is agreed to by the employer and the worker or determined by the Special Board of Reference the employer shall give to a worker at least one (1) month's notice of the date from which his leave is to be taken;
- (c) leave may be granted and taken in one continuous period or if the employer and the worker so agree in not more than three (3) separate periods in respect of the first thirteen (13) weeks' entitlement and in not more than two (2) separate periods in respect of any subsequent period of entitlement;
- (d) any leave shall be inclusive of any public holidays specified in this award occurring during the period when the leave is taken but shall not be inclusive of any annual leave;
- (e) payment shall be made in one of the following ways—
 - (i) In full before the worker goes on leave;
 - (ii) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or
 - (iii) in any other way agreed between the employer and the worker;
- (f) no worker shall, during any period when he is on leave, engage in any employment for hire or reward in substitution for the employment from which he is on leave, and if a worker breaches this provision he shall thereupon forfeit his right to leave hereunder in respect of the unexpired period of leave upon which he has entered, and the employer shall be entitled to withhold any further payment in respect of the period and to reclaim any payments already made on account of such period of leave.

(2) In a case to which paragraph (3) or paragraph (4) of subclause (c) applies and in any case in which the employment of the worker who has become entitled to leave hereunder is terminated before such leave is taken or fully taken the employer shall, upon termination of his employment otherwise than by death pay to the worker, and upon termination of employment by death pay to the personal representative of the worker upon request by the personal representative, a sum equivalent to the amount which would have been payable in respect of the period of leave to which he is entitled or deemed to have been entitled and which would have been taken but for such termination. Such payment shall be deemed to have satisfied the obligation of the employer in respect of leave hereunder.

(f) Granting Leave in Advance and Benefits to be Brought into Account.

(1) Any employer may by agreement with a worker allow leave to such a worker before the right thereto has accrued due, but where leave is taken in such case the worker shall not become entitled to any further leave hereunder in respect of any

period until after the expiration of the period in respect of which such leave had been taken before it accrued due.

(2) Where leave has been granted to a worker pursuant to the preceding paragraph before the right thereto has accrued due, and the employment subsequently is terminated, the employer may deduct from whatever remuneration is payable upon the termination of the employment a proportionate amount on the basis of thirteen (13) weeks for twenty (20) years' service in respect of any period for which the worker has been granted long service leave to which he was not at the date of termination of the employment or prior thereto entitled.

(3) Any leave in the nature of long service leave or payment in lieu thereof under a State law or a long service leave scheme not under the provisions hereof granted to a worker by his employer in respect of any period of service with the employer shall be taken into account whether the same is granted before or after the coming into operation hereof and shall be deemed to have been leave taken and granted hereunder in the case of leave with pay to the extent of the period of such leave and in the case of payment in lieu thereof to the extent of a period of leave with pay equivalent to the amount of the payment and to be satisfaction to the extent thereof of the entitlement of the worker hereunder.

(g) Records to be Kept.

(1) Each employer shall during the employment and for a period of twelve (12) months thereafter, or in the case of termination by death of the worker a period of three (3) years thereafter, keep a record from which can be readily ascertained the name of each worker, and his occupation, the date of the commencement of his employment and his entitlement to long service leave and any leave which may have been granted to him or in respect of which payment may have been made hereunder.

(2) Such record shall be open for inspection in the manner and circumstances prescribed by this award with respect to the time and wages record.

(h) Special Board of Reference.

(1) There shall be constituted a Special Board of Reference for the purpose hereof to which all disputes and matters arising hereunder shall be referred and the Board shall determine all such disputes and matters.

(2) There shall be assigned to such Board the functions of—

- (a) the settlement of disputes on any matters arising hereunder;
- (b) the determination of such matters as are specifically assigned to it hereunder.

(3) The Board of Reference shall consist of one representative or substitute therefor nominated from time to time by the Western Australian Employers' Federation (Incorporated) and one representative or substitute nominated from time to time by the West Australian Trade Unions Industrial Council (A.L.P.) together with a chairman to be mutually agreed upon by the organisations named in this paragraph.

(i) State Law.

(1) The provisions of any State Law to the extent to which they have before the coming into operation hereof conferred an accrued right on a worker to be granted a period of long service leave in respect of a completed period of twenty (20) or more years' service or employment or an accrued right on a worker or his personal representative to payment in respect of long service leave shall not be affected hereby and shall not be deemed to be inconsistent with the provisions hereof.

(2) The entitlement of any such worker to leave in respect of a period of service with the employer completed after the period in respect of which the

long service leave referred to in paragraph (1) hereof accrued due shall be in accordance herewith.

(3) Subject to paragraphs (1) and (2) hereof, the entitlement to leave hereunder shall be in substitution for any satisfaction of any long service leave to which the worker may be entitled in respect of employment of the worker by the employer.

(4) An employer who under any State Law with regard to long service leave is exempted from the provisions of that law as at the first day of April, 1958, shall in respect of the workers covered by such exemption be exempt from the provisions hereof.

(j) Exemption.

The Special Board of Reference may subject to such conditions as it thinks fit exempt any employer from the provisions hereof in respect of its employees where there is an existing or prospective long service leave scheme which, in its opinion is, viewed as a whole, more favourable for the whole of the employees of that employer than the provisions hereof.

(k) Liberty to Apply.

Liberty is granted to any party to this Award to apply to the Court at any time for an appropriate variation of this clause if any of the terms and conditions operating under the code of Long Service Leave being negotiated between the Australian Council of Trade Unions and Federal Employers' Organisations is varied in any way.

26.—Preference to Unionists.

(a) In this clause the term "unionist" means a worker who is a financial member of the industrial union of workers party to this Award.

(b) In engaging or dismissing labour, preference of employment shall be given to unionists, provided that such unionists are adequately experienced in the class of work to be performed and are otherwise competent to perform the work: Provided further that it shall be a defence on the part of an employer charged with engaging a worker other than a "unionist" when a "unionist" was available for such engagement, that the employer, having made enquiries from the appropriate union, did not know that any "unionist" competent to perform the class of work involved was available.

(c) Any worker whose application for membership of the union has been refused shall be so advised by the union in writing and shall have the right of appeal within seven (7) days of being so advised to the Industrial Registrar whose decision on such matter shall be final. Such worker who has exercised his right of appeal shall, pending the decision of the Industrial Registrar, have the same rights under this clause as a "unionist."

(d) Subject to subclause (e) hereof, workers who are not "unionists" shall within seven (7) days of being supplied with the necessary application for membership and a copy of this clause by an accredited representative of the applicant union, apply in the prescribed manner for membership and, if accepted as a member, maintain financial membership whilst employed by a respondent to this Award.

(e) Exemption:

(i) Any worker may apply in writing to the Industrial Registrar, Court of Arbitration, Perth, (whose decision shall be final) for exemption from this clause.

(ii) An applicant for exemption shall detail in the application to the Industrial Registrar his reasons for desiring exemption, and such application shall only be valid and considered by the Industrial Registrar if it is forwarded by registered post within seven (7) days of the applicant's receipt of the application for membership as prescribed in subclause (d).

(iii) The Industrial Registrar in the exercise of his discretion may grant exemption with such conditions as he deems desirable—

(a) if the applicant is a financial member of any other registered industrial union;

(b) if the worker objects on the grounds of conscientious religious belief to becoming a member of any industrial union; and

(c) for any other reason which the Industrial Registrar deems sufficient.

(iv) A worker refused exemption by the Industrial Registrar shall, within seven (7) days of the decision, make application for membership of the applicant Union and, if accepted as a member maintain financial membership whilst employed by a respondent to this Award.

(f) No employer shall, while to his knowledge adequately experienced unionists competent to perform the class of work are available, retain in his employment any worker for a period of more than seven (7) days after being advised by the Union concerned that such worker has not complied with either subclause (d) or paragraph (iv) of subclause (e) of this clause, or for a period of more than seven (7) days after a conviction for a breach of this clause in reference to the employment of such worker, or for a period of more than seven (7) days after the employer has been advised by the Union that the worker has not exercised his right of appeal under subclause (c) hereof following the rejection of his application for membership or having exercised such appeal has had such appeal rejected by the Industrial Registrar.

In witness whereof this Award has been signed by the President of the Court and the Seal of the Court has been hereto affixed, this 15th day of June, 1963.

MINING ACT, 1904-1961.

Part XIII, Division 1.

Before the W.A. Coal Industry Tribunal
Held at Collie.

Application No. 12 of 1963.

Between Federated Engine Drivers' and Firemen's Union of Workers of W.A., Collie, Applicants, and Griffin Coal Mining Co. Ltd. and others, Respondents.

Application to amend Award No. 61 of 1954, Clause 6—Hours of Duty.

(Application No. 12 of 1963 of the W.A. Coal Industry Tribunal.)

THE Tribunal hereby awards, orders and prescribes that Award No. 61 of 1954 of the W.A. Coal Industry Tribunal, as amended, be further amended in the following manner:—

1. Add the following new clauses:

6A. Hours of Duty (continued).

(1) Notwithstanding any provisions contained elsewhere in this Award it shall not be necessary for workers to attend for work on a Back Saturday where the base tonnage output for the mine has been produced in the 10 shifts preceding Pay Saturday.

(2) The base tonnage output for each Mine shall be that existing at the date of this amendment.

(3) The number of workers comprising the work force for each Mine as well as the base tonnage output may be varied from time to time by mutual agreement.

(4) In arriving at the amount of coal produced in any fortnightly period, allowances shall be made for holidays and such contingencies as are agreed upon between the parties to this Award.

(5) Where attendance for work on a Back Saturday is excused, pursuant to the provisions of this clause, no penalty or forfeiture shall be incurred by any worker for non-attendance, and such Back Saturday shall be counted as a shift worked for all purposes including long service leave; provided that where, in any fortnightly period, a Mine is not required to work 10 shifts on account of a breakdown of machinery, fire, flood, or slackness of trade, Back Saturday shall not be counted as a shift of entitlement for long service leave.

(6) Where a Saturday shift is worked for the purpose of making up production losses due to any of the causes referred to in sub-clause (4) hereof, or caused by abnormal

breakdowns, fire, flood and like emergencies, or where workers are called back on a Saturday for special duties, the ordinary provisions of the Award relating to work on Saturdays shall apply.

(7) Where a worker fails to make a reasonable effort to maintain production, or is a frequent absentee from work without lawful excuse, he may be reduced by the management to a lower classification at the lower rate of pay, provided that such worker has been previously warned in the presence of the Branch officials that continued default on his part will lead to a reduction in classification, and provided also that the Union may appeal against any such reduction to the W.A. Coal Industry Tribunal, which may make any order it sees fit in relation to such reduction.

(8) The provisions of the extra-award agreements annexed hereto as appendices "A" and "B," as already varied by mutual agreement between the parties, shall prevail where this clause is silent; provided that such agreements may be further varied from time to time by mutual agreement.

(9) Failing agreement between the parties to this Award upon any matter arising out of this clause, the matter in dispute may be determined by the W.A. Coal Industry Tribunal.

(10) If at any time a party to the Award feels aggrieved by the operation of this clause, that party may submit the matter, the subject of the grievance, to the W.A. Coal Industry Tribunal which may make any order it sees fit in relation thereto.

2. This amendment shall be deemed to have taken effect on and from 27th February, 1963.

Dated at Collie this 22nd day of May, 1963.

Chairman, W.A. Coal Industry Tribunal.

Appendix "A."

The Griffin Coal Mining Company Limited.

Back Saturday: Bonus Holiday Scheme.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers at the Hebe Colliery, Open Cut and Centaur Siding shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for the Hebe Colliery and Open Cut, on a company basis. Until such time as separate screening facilities are provided for handling the Hebe Colliery and Open Cut coal, it will be necessary for the screenhands at Centaur Siding to be rostered for duty in the event of either the Hebe Colliery or Open Cut being required to produce coal on a Back Saturday.

4. The Manager will arrange for tally sheets to be posted up on the notice board at the Hebe Colliery and Open Cut each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnages for the Hebe Colliery and Open Cut will be reconciled daily and at the end of each week with the W.A.G.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and surface bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages the company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for the Hebe Colliery and Open Cut into which any excess tonnage in any period will be transferred and held in credit against any future shortages at either the Hebe Colliery or Open Cut. To inaugurate the scheme it is suggested that it would be in the best interests of all concerned to work two normal 11-day fortnights with the object of building up a reasonable reserve tonnage in either pool.

9. The tonnage of the scheme depends on the regular production of the base tonnage set out in Schedule "A" each period, with a minimum of overtime. It is expected that all employees will cooperate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden on the men who are pulling their weight, therefore any such breaches will be viewed most seriously, the Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme the base tonnage for the Hebe Colliery and the Open Cut will be calculated on a two-weeks period ending at 10 p.m. each Pay Friday.

Whenever the stipulated base tonnage has been produced in any such two-weeks period, the Hebe Colliery or the Open Cut will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two-weeks period that the Hebe Colliery or the Open Cut qualifies for the bonus, each employee, excluding pumpmen, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday. If the Mine had been required to produce coal and in this case payment for the Back Saturday will be made in accordance with the following sub-clauses. (Pumpmen to receive half shift additional payment.)

Any employees, other than pumpers, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant awards for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Hebe Colliery or the Open Cut has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' compensation for a portion of the period whose absence extends to the Back Saturday will

have a deduction made from his pay equal to the sum received in workers' compensation for the Back Saturday.

- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any pay period will have his attendance allowance reduced by 1/11 of a shift for each day's absence including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If either the Hebe Colliery or Open Cut has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, the normal Award provisions for an 11-day fortnight will apply to employees.

Hebe Colliery.

1. Due to pressure brought to bear by the State Electricity Commission and Western Australian Government Railways in the month of June regarding coal supplies, our work force at the Hebe Colliery was greatly increased to meet their requirements. Both Departments have now issued instructions to the company to reduce supplies and we now find that a reduction in output is necessary, causing surplus labour.

It is not the intention of the company to dismiss any employees at this stage, but will rely on natural wastage and hope that coal requirements will increase in the future.

2. Qualifying Base Tonnage:—10,000 tons per fortnight of 11 working days, made up of 10 days of 950 tons per day Monday to Friday and 500 tons for Back Saturdays.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 10,000 tons will be reduced by 1,000 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 10,000 tons less 1,000 tons or a total of 9,000 tons.

3. The total number of scraper loader units to be used for this base tonnage is 16.

4. These tonnages have been assessed on the present method of mining at the Hebe Colliery, i.e., using scraper loader units. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

5. In effect the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

Muja Open Cut.

1. Qualifying Base Tonnage:—14,000 tons per fortnight of 11 working days made up of 10 days of 1,320 tons per day Monday to Friday and 800 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 14,000 tons will be reduced by 1,400 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 14,000 tons less 1,400 tons or a total of 12,600 tons.

2. In the preparation of the above for the Open Cut, our base tonnage had been prepared on present day trade requirements. Due to the unused capacity of the equipment operating at present, and as the number of men employed are in excess of our basic trade requirements, the base mentioned in clause 1 will have to fluctuate to cater for fortnightly trade.

3. These tonnages have been assessed on the present method of mining and equipment used at the Open Cut. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Open Cut will be required to produce coal on a Back Saturday or not, as already fixed by clause 2, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect the Open Cut must work for the production of coal on a Back Saturday in any period in which the Open Cut has failed to produce the qualifying base as stated in clause 2 for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Open Cut has any coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Open Cut need not work for the production of coal on the Back Saturday.

(This is the document referred to as Appendix "A" in subclause (8) of new clause 6A, as set out in the order annexed.)

W. J. WALLWORK,

Chairman, W.A. Coal Industry Tribunal.

Appendix "B."

Western Collieries Ltd.

Back Saturday Bonus Holiday Scheme.

Operative as from 16th October, 1961.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers, at each Mine shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for each Mine, on a company basis. Until such time as separate screening facilities are provided for handling Western No. 4 coal, it will be necessary for the screenhands at Western No. 2 to be rostered for duty in the event of either Mine being required to produce coal on a Back Saturday.

4. The Manager will arrange for tally sheets to be posted up on the notice board at each Mine each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnage for each Mine will be reconciled daily and at the end of each week with the W.A.G.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and surface bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages the company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for each Mine, into which any excess tonnage in any period will be transferred, and held in credit against any future shortages at either Mine. To inaugurate the scheme it is suggested that it

would be in the best interests of all concerned to work two normal 11-day fortnights with the object of building up a reasonable reserve tonnage in each Mine pool.

9. The success of the scheme depends on the regular production of the base tonnage set out in Schedule "A" each period, with a minimum of overtime. It is expected that all employees will co-operate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden on the men who are pulling their weight, therefore any such breaches will be viewed most seriously, the Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme the base tonnage for Western Nos. 2 and 4 Mines, will be calculated on a two-week period ending at 10 p.m. each Pay Friday.

When over the stipulated base tonnage has been produced in any such two-weeks period, the Mine will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two-weeks period that the Mine qualifies for the bonus, each employee, excluding pumpmen, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. (Pumpmen to receive half shift additional payment.) Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday if the Mine had been required to produce coal and in this case payment for the Back Saturday will be made in accordance with the following subclauses.

Any employees, other than pumpmen, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant Awards, for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Mine has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence, including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' compensation for a portion of the period whose absence extends to the Back Saturday will have a deduction made from his pay equal to the sum received in workers' compensation for the Back Saturday.
- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any pay period will have his attendance allowance reduced by 1/11th of a shift for each day's absence, including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If a Mine has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, then the normal Award provisions for an 11-day fortnight will apply to all employees.

Western No. 2 Mine.

1. Qualifying Base Tonnage: 12,750 tons per fortnight of 11 working days, made up of 10 days of 1,215 tons per day Monday to Friday and 600 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 12,750 tons will be reduced by 1,275 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 12,750 tons less 1,275 tons or a total of 11,475 tons.

2. The total number of men to be engaged for this base tonnage being 281, of whom 143 will be composite miners, 101 other Miners' Union, eight deputies, 20 Engineering Union, two F.E.D. and F.U. and seven colliery staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or other miners engaged, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

Western No. 4 Mine.

1. Qualifying Base Tonnage: 3,500 tons per fortnight of 11 working days, made up of 10 days of 335 tons per day Monday to Friday and 150 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 3,500 tons will be reduced by 350 tons for each week day, so lost, no allowance will be made for any Back Saturday so lost e.g., if Good Friday and Easter Saturday fell at the end of a period, the base tonnage would become 3,500 tons less 350 tons equals 3,150 tons.

2. The total number of men to be engaged for this base tonnage being 87, of whom 40 will be composite miners, 33 other Miners' Union, two Deputies, seven A.E.U. and A.S.E., two F.E.D. and F.U. and three Colliery staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or more miners engaged, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

5. Due to the fact that a certain amount of exploration work is being carried out at this Mine necessitating the employment at times of composite miners on stone drivage work, it will be

necessary to adjust the base tonnage in each period in relation to the number of places and miners production coal in each period. For instance, in the fortnight ending the 14th October, 1961, four miners will be engaged on stone drivage through a fault and 36 miners employed on coal getting, the base tonnage for such a fortnight would then be reduced on a *pro rata* basis of eight and three-quarter tons per man per shift for each man engaged on stone drive work, the daily output required would then be 350 less 35 equals 315 tons or 3,150 per fortnight. Any such allowance is to be calculated on the average number of men on stone drive work in each week, not on a per day or shift basis.

Clause 16 (j) Sick Leave. Change of Employer and full sick leave credits.

(Application No. 26 of 1963 of the W.A. Coal Industry Tribunal.)

Decision.

BY this application the Union sought the deletion of subclause (j) of Clause 16 of the Deputies' Award, No. 19 of 1954, and the insertion in lieu of the following new subclause:—

Provided that any employee who changes his employment and maintains continuity of employment in the Coal Mining Industry shall be entitled to credit by his new employer for all leave accumulated but not availed of by him in his former employment.

The employers offered to agree to the insertion of the standard clause as in subclause (j) of clause 14 of the Miners' Award, No. 4 of 1953. The Tribunal decided to accept the employers' offer.

The Tribunal hereby awards orders and prescribes that Award No. 19 of 1954 of the W.A. Coal Industry Tribunal, as amended, be further amended in the following manner:—

1. Clause 16.—Absence through Illness, delete subclause (j) and insert in lieu thereof the following new subclause:—

(j) Provided that any employee, who changes his employment within the industry after the coming into operation of this subclause and maintains continuity of employment, shall be entitled to credit by his new employer of all sick leave accumulated but not availed of by him in his former employment.

2. This amendment shall take effect forthwith.

Application No. 11 of 1963.

Between The Australian Collieries Staff Association, W.A. Branch, Collie, Applicants, and Griffin Coal Mining Co. Ltd. and others, Respondents.

Application to amend Award No. 62 of 1955, Clause 8, Hours.

(Application No. 11 of 1963 of the W.A. Coal Industry Tribunal.)

THE Tribunal hereby awards, orders and prescribes that Award No. 62 of 1955 of the W.A. Coal Industry Tribunal, as amended, should be further amended in the following manner:—

1. Add the following new clause:

8A. Hours (continued).

(1) Notwithstanding any provisions contained elsewhere in this Award it shall not be necessary for workers to attend for work on a Back Saturday where the base tonnage output for the mine has been produced in the ten shifts preceding Pay Saturday.

(2) The base tonnage output for each mine shall be that existing at the date of this amendment.

(3) The number of workers comprising the work force for each Mine as well as the base tonnage output may be varied from time to time by mutual agreement.

(4) In arriving at the amount of coal produced in any fortnightly period, allowances shall be made for holidays and such contingencies as are agreed upon between the parties to this Award.

(5) Where attendance for work on a Back Saturday is excused, pursuant to the provisions of this clause, no penalty or forfeiture shall be incurred by any worker for non-attendance, and such Back Saturday shall be counted as a shift worked for all purposes including long service leave; provided that where, in any fortnightly period, a Mine is not required to work 10 shifts on account of a breakdown of machinery, fire, flood, or slackness of trade, Back Saturday shall not be counted as a shift of entitlement for long service leave.

(6) Where a Saturday shift is worked for the purpose of making up production losses due to any of the causes referred to in subclause (4) hereof, or caused by abnormal breakdowns, fire, flood and like emergencies, or where workers are called back on a Saturday for special duties, the ordinary provisions of the Award relating to work on Saturdays shall apply.

(7) The provisions of the extra-award agreements annexed hereto as Appendices "A" and "B," as already varied by mutual agreement between the parties, shall prevail where this clause is silent; provided that such agreements may be further varied from time to time by mutual agreement.

(8) Failing agreement between the parties to this Award upon any matter arising out of this clause, the matter in dispute may be determined by the W.A. Coal Industry Tribunal.

(9) If at any time a party to the Award feels aggrieved by the operation of this clause, that party may submit the matter, the subject of the grievance, to the W.A. Coal Industry Tribunal which may make any order it seems fit in relation thereto.

2. This amendment shall be deemed to have taken effect on and from 27th February, 1963.

Appendix "A."

The Griffin Coal Mining Company Limited.

Back Saturday: Bonus Holiday Scheme.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers at the Hebe Colliery, Open Cut and Centaur Siding shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for the Hebe Colliery and Open Cut, on a company basis. Until such time as separate screening facilities are provided for handling the Hebe Colliery and Open Cut coal, it will be necessary for the screenhands at Centaur Siding to be rostered for duty in the event of either the Hebe Colliery or Open Cut being required to produce coal on a Back Saturday.

4. The Manager will arrange for tally sheets to be posted up on the notice board at the Hebe Colliery and Open Cut each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnages for the Hebe Colliery and Open Cut will be reconciled daily and at the end of each week with the W.A.G.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and Surface Bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages, the company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for the Hebe Colliery and Open Cut into which any excess tonnage in any period will be transferred and held in credit against any future shortages at either the Hebe Colliery or Open Cut. To inaugurate the scheme it is suggested that it would be in the best interests of all concerned to work two normal 11 day fortnights with the object of building up a reasonable reserve tonnage in either pool.

9. The tonnage of the scheme depends on the regular production of the base tonnage set out in Schedule "A" each period, with a minimum of overtime. It is expected that all employees will co-operate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden

on the men who are pulling their weight, therefore any such breaches will be viewed most seriously, the Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme, the base tonnage for the Hebe Colliery and the Open Cut will be calculated on a two-weeks period ending at 10 p.m. each Pay Friday.

Whenever the stipulated base tonnage has been produced in any such two-weeks period, the Hebe Colliery or the Open Cut will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two-weeks period that the Hebe Colliery or the Open Cut qualifies for the bonus, each employee, excluding pumpmen, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday, if the Mine had been required to produce coal and in this case payment for the Back Saturday will be made in accordance with the following subclauses. (Pumpmen to receive half shift additional payment.)

Any employees, other than pumpers, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant Awards for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Hebe Colliery or the Open Cut has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' compensation for a portion of the period whose absence extends to the Back Saturday will have a deduction made from his pay equal to the sum received in workers' compensation for the Back Saturday.
- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any pay period will have his attendance allowance reduced by one-eleventh of a shift for each day's absence including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If either the Hebe Colliery or Open Cut has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, then the normal Award provisions for an 11-day fortnight will apply to employees.

Hebe Colliery.

1. Due to pressure brought to bear by the State Electricity Commission and Western Australian Government Railways in the month of

June regarding coal supplies, our work force at the Hebe Colliery was greatly increased to meet their requirements. Both Departments have now issued instructions to the company to reduce supplies and we now find that a reduction in output is necessary, causing surplus labour.

It is not the intention of the company to dismiss any employee at this stage, but will rely on natural wastage and hope that coal requirements will increase in the future.

2. Qualifying Base Tonnage: 10,000 tons per fortnight of 11 working days, made up of 10 days of 950 tons per day Monday to Friday and 500 tons for Back Saturdays.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 10,000 tons will be reduced by 1,000 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 10,000 tons less 1,000 tons or a total of 9,000 tons.

3. The total number of scraper loader units to be used for this base tonnage is 16.

4. These tonnages have been assessed on the present method of mining at the Hebe Colliery, i.e., using scraper loader units. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

5. In effect the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the mine need not work for the production of coal on the Back Saturday.

Muja Open Cut.

1. Qualifying Base Tonnage: 14,000 tons per fortnight of 11 working days made up of 10 days of 1,320 tons per day Monday to Friday and 800 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 14,000 tons will be reduced by 1,400 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 14,000 tons less 1,400 tons or a total of 12,600 tons.

2. In the preparation of the above for the Open Cut, our base tonnage had been prepared on present day trade requirements. Due to the unused capacity of the equipment operating at present, and as the number of men employed are in excess of our basic trade requirements, the base mentioned in clause 1 will have to fluctuate to cater for fortnightly trade.

3. These tonnages have been assessed on the present method of mining and equipment used at the Open Cut. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Open Cut will be required to produce coal on a Back Saturday or not, as already fixed by clause 2, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect the Open Cut must work for the production of coal on a Back Saturday in any period in which the Open Cut has failed to produce the qualifying base as stated in clause 2 for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Open Cut has any coal in credit sufficient to cover any

shortage of production in the period under review, then such shortage may be made up from this credit pool and the Open Cut need not work for the production of coal on the Back Saturday.

(This is the document referred to as Appendix "A" in subclause (7) of new Clause 8A, as set out in the order annexed.)

Western Collieries Ltd.

Back Saturday Bonus Holiday Scheme.

Operative as from 16th October, 1961.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers, at each Mine shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for each Mine, on a company basis. Until such time as separate screening facilities are provided for handling Western No. 4 coal, it will be necessary for the screenhands at Western No. 2 to be rostered for duty in the event of either Mine being required to produce coal on a Back Saturday.

4. The Manager will arrange for tally sheets to be posted up on the notice board at each Mine each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnage for each Mine will be reconciled daily and at the end of each week with the W.A.C.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and surface bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages, the Company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for each Mine, into which any excess tonnage in any period will be transferred, and held in credit against any future shortages at either Mine. To inaugurate the scheme it is suggested that it would be in the best interests of all concerned to work two normal 11-day fortnights with the object of building up a reasonable reserve tonnage in each Mine pool.

9. The success of the scheme depends on the regular production of the base tonnage set out in Schedule "A" each period, with a minimum of overtime. It is expected that all employees will co-operate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden on the men who are pulling their weight, therefore any such breaches will be viewed most seriously, the Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme, the base tonnage for Western No. 2 and 4 Mines, will be calculated on a two-weeks period ending at 10 p.m. each Pay Friday.

When over the stipulated base tonnage has been produced in any such two-weeks period, the Mine will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two weeks period that the Mine qualifies for the bonus, each employee, excluding pumpmen, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. (Pumpmen to receive half shift additional payment.) Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday if the Mine had been required to produce coal and in this case payment for the Back Saturday will be made in accordance with the following subclauses.

Any employees, other than pumpers, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant Awards, for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Mine has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence, including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' compensation for a portion of the period whose absence extends to the Back Saturday will have a deduction made from his pay equal to the sum received in workers' compensation for the Back Saturday.
- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any pay period will have his attendance allowance reduced by one-eleventh of a shift for each day's absence, including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If a Mine has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, then the normal Award provisions for an 11-day fortnight will apply to all employees.

Western No. 2 Mine.

1. Qualifying Base Tonnage: 12,750 tons per fortnight of 11 working days, made up of 10 days of 1,215 tons per day Monday to Friday and 600 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and or annual leave close downs, the fortnightly base of

12,750 tons will be reduced by 1,275 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 12,750 tons less 1,275 tons or a total of 11,475 tons.

2. The total number of men to be engaged for this base tonnage being 281, of whom 143 will be composite miners, 101 other Miners' Union, eight Deputies, 20 Engineering Union, two F.E.D. and F.U. and seven Colliery Staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or other miners engaged, the basic tonnage for calculation as to whether the mine will be required to produce coal on a Back Saturday or not, as already fixed would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the mine must work for the production of coal on a Back Saturday in any period in which the mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the mine need not work for the production of coal on the Back Saturday.

Western No. 4 Mine.

1. Qualifying Base Tonnage: 3,500 tons per fortnight of 11 working days, made up of 10 days of 335 tons per day Monday to Friday and 150 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and or annual leave close downs, the fortnightly base of 3,500 tons will be reduced by 350 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if Good Friday and Easter Saturday fell at the end of a period, the base tonnage would become 3,500 tons less 350 tons equals 3,150 tons.

2. The total number of men to be engaged for this base tonnage being 87, of whom 40 will be composite miners, 33 other Miners' Union, two Deputies, seven A.E.U. and A.S.E., two F.E.D. and F.U. and three Colliery Staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or more miners engaged, the basic tonnage for calculation as to whether the mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the mine must work for the production of coal on a Back Saturday in any period in which the mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the mine need not work for the production of coal on the Back Saturday.

5. Due to the fact that a certain amount of exploration work is being carried out at this mine necessitating the employment at times of composite miners on stone drivage work, it will be necessary to adjust the base tonnage in each period in relation to the number of places and miners production coal in each period. For instance in the fortnight ending the 14th October, 1961, four miners will be engaged on stone drivage through a fault and 36 miners employed on coal getting, the base tonnage for such a fortnight would then be

reduced on a *pro rata* basis of eight and three-quarter tons per man per shift for each man engaged on stone drive work, the daily output required would then be 350 less 35 equals 315 tons or 3,150 per fortnight. Any such allowance is to be calculated on the average number of men on stone drive work in each week, not on a per day or shift basis.

MINING ACT, 1904-1961.

Part XIII.—Division 1.

Before the W.A. Coal Industry Tribunal held at Collie.

Application No. 56 of 1962.

Between Coal Miners' Industrial Union of Workers of W.A. Collie, Applicants, and Griffin Coal Mining Co. Ltd. and others, Respondents.

Application to extend the three year clause of L. S. L. Award (Miners) No. 104 of 1955 to December 1963.

(Application No. 56 of 1962 of the W.A. Coal Industry Tribunal.)

Decision.

THE object of this application is to extend to 31st December, 1963 the operation of the decision given in application No. 18 of 1961, on 9th March, 1961

(7)—72868.

(amending paragraph (x) (a) of clause 2 of Award No. 104 of 1955) in respect of those employees to whom it related, but who secured re-employment in the industry and did not pursue their claims for *pro rata* long service leave on the basis of three years' continuous employment. The Union foresees the possible further retrenchment of such employees following the next allocation of Government coal orders, in which case it is feared that the retrenched employees would lose their rights to *pro rata* long service under the abovementioned amendment.

Members of the Tribunal being unable to agree and evenly divided the Chairman has decided that the application be granted.

The Tribunal hereby awards, orders and prescribes that Award No. 104 of 1955 of the W.A. Coal Industry Tribunal, as amended, be further amended in the following manner:—

1. Clause 2. Add to the end of the proviso to paragraph (x)(a) the following words:—

This proviso shall have effect until 31st December, 1963, in respect of those employees, referred to in categories 1 and 2, who secured re-employment in the coal mining industry and did not pursue their claims for long service leave hereunder.

2. This amendment shall take effect forthwith.

Dated at Collie this 22nd day of May, 1963.
