METROPOLITAN REGION TOWN PLANNING SCHEME ACT, 1959-1960.

IN accordance with the provisions of section 32 of the Metropolitan Region Town Planning Scheme Act, 1959-1960, the Metropolitan Region Scheme set forth in the schedule hereto, which has been approved by the Lieutenant-Governor without modification, is hereby published in accordance with that section and the Minister for Town Planning has determined that the maps, plans or diagrams that form part of the scheme are open for public inspection at the office of the Town Planning Department, 33 Mount Street, Perth, between the hours of 10 o'clock in the forenoon and 4 o'clock in the afternoon, on Monday to Friday inclusive of each week, except on public holidays.

The Schedule.

METROPOLITAN REGION SCHEME.

Part I.—Preliminary.

1. The Scheme may be cited as the Metropolitan Region Scheme.
2. This Scheme is divided into Parts and Divisions as follows:—

Part I.—Preliminary.

Part II.—Reserved Land.

Division 1.—Reservation of Land and Development Thereof.

Division 2.—Reserved Land Owned by or Vested in a Public Authority.

Division 3.—Reserved Land not Owned by or Vested in a Public Authority.

Part III.—Zones. Development of Land in Zones.

Part IV.—Development.

Division 1.—Approval of Responsible Authority to Commence Development.

Division 2.—Appeals against Decision of Authority or Local Authority.

Division 3.—Non-conforming Use of Land.

Part V.—Finance and Administration.

3. In this Scheme, unless the contrary intention appears—
 “reserved land” means land reserved for a purpose under the Scheme;
 “Scheme Act” means the Metropolitan Region Town Planning Scheme Act, 1959, as amended from time to time.

Expressions used in this Scheme have respectively the same meaning as in the Scheme Act and the Town Planning and Development Act, 1928, as amended from time to time.

Words importing the singular shall be deemed to include the plural and the plural the singular.

4. The Authority shall publish in the *Government Gazette* the day on which this Scheme has effect as though its provisions were enacted by the Scheme Act as provided in section 32 of that Act.

5. The Authority responsible for the carrying out of this Scheme is The Metropolitan Region Planning Authority but in relation to any particular part of the Scheme the responsible authority shall be such other authority as the Authority delegates to be the responsible authority under section 19 of the Scheme Act.

6. This Scheme shall apply to all land within the metropolitan region.

7. This Scheme comprises this text setting out the provisions of the Scheme together with the Scheme map, comprising 28 sheets and the descriptive legend of the map and colourings or markings thereon together with any plans of variations or amendments to reservations, certified by and sealed with the seal of the Authority and signed by the Minister for the purposes of identification, in accordance with the provisions of clause 15 of the Scheme.

8. (1) Claims for compensation for injurious affection to land or property in accordance with the Scheme Act other than claims in respect of land reserved under Part 2 of this Scheme, must be lodged with the Authority not later than six months from the date on which the Scheme has the force of law.

- (2) Claims for compensation shall be in the form set out in Form 4 to this Scheme.

9. (1) (a) Any development carried out between the 7th day of September, 1956, and the date of the Scheme having the force of law, other than development in accordance with the provisions of the Metropolitan Region (Perth and Fremantle) Interim Development Order No. 1, that does not conform with the provisions of this Scheme, shall be deemed to be in contravention of this Scheme.

- (b) The failure or omission to carry out any development in accordance with the conditions subject to which the development was permitted under that Interim Development Order, shall be deemed to be a contravention of the Scheme.

(2) Where any development that is so deemed to be in contravention of this Scheme, has taken place on land and the land is subsequently purchased or otherwise acquired by the Authority that development shall not be taken into account in assessing the purchase price or compensation but the Authority may, if it thinks fit, make an additional payment of purchase moneys or compensation in respect of that development.

10. Except as otherwise provided in this Scheme, no development of any land within the metropolitan region shall be commenced or continued without the written approval of the responsible authority in addition to any other permission or approval that may otherwise be required by law.

11. (1) Objections to the Scheme may be made at any time within three months from the date the notice required to be published under section 31 of the Scheme Act is first published in the *Government Gazette*.

(2) Such objections shall be made in the Form 6 to this Scheme and be addressed to the Secretary, The Metropolitan Region Planning Authority, 33 Mount Street, Perth.

Part II—Reserved Land.

Division 1. Reservation of land and Development Thereof.

12. (1) Land that is coloured and delineated on the Scheme Map in the manner set out in Column 1 of Table 1 to this clause is deemed to be reserved under the Scheme for the purposes set forth opposite thereto in Column 2 of that table.

(2) Table 1:—

Column 1. Legend on Scheme Map.	Column 2. Purpose for Which Land is Reserved.
(a) All land coloured dark green	Parks and recreation area.
(b) All land coloured dark green with red letter "R" superimposed	Parks and recreation area—restricted public access.
(c) All land coloured grey	Railways.
(d) All land coloured grey with black diagonal hatch	Port installations.
(e) All land coloured olive green	State Forests.
(f) All land coloured blue dots	Water catchments.
(g) All land coloured orange	Civic and cultural.
(h) All land coloured pale blue	Waterways.
(i) All land coloured red	Controlled access highways.
(j) All land coloured broken red	Other major highways.
(k) All land coloured dark blue	Important regional roads.
(l) All land coloured yellow	Public purposes.
Superimposed letters indicate the purpose for which land may be used as set out in column 2	Hospital—H. High School—H.S. Technical School—T.S. Car Park—C.P. University—U. Commonwealth Government—C.G. State Electricity Commission—S.E.C. Special Uses—S.U. Metropolitan Water Supply, Sewerage and Drainage Department—W.S.D. Prison—P.

13. Except as provided in Division 2 of this Part no person shall commence or carry out any development on reserved land, other than the erection of a boundary fence, without first applying for and obtaining the written approval of the Authority to do so.

14. No provision of this Part shall prevent the continued use of land for the purpose for which it was being lawfully used immediately before the Scheme has the force of law.

15. (1) Where the Authority relocates or alters the route of a regional highway or road or railway or the boundaries of any other reservation under this Part the Authority shall prepare copies of a plan showing such relocation or alteration and the land to be excluded from or included in the altered reservation, and the plan shall indicate the zone or zones in which any land no longer required for the reservation shall be included.

(2) Such plan shall be certified and sealed with the seal of the Authority and when the plan is approved by the Minister it shall be certified by him and, subject to subclause (3) of this clause, the plan shall become part of the Scheme without any further action being necessary under the Scheme Act.

(3) Notice of any such relocation or alteration shall be published in the *Government Gazette* as soon as practicable after the plan relating thereto is so certified, and the relocation or alteration shall take effect and have the force of law on and from the date of such publication.

Division 2.—Reserved Land Owned by or Vested in a Public Authority.

16. (1) Reserved land owned by or vested in a public authority may, except as provided in subclause (2) of this clause be used without the written approval of the Authority referred to in clause 13 if the land is used—

- (a) for the purpose for which it is reserved under this Scheme;
- (b) for any purpose for which it was lawfully used before the coming into force of this Scheme; or
- (c) for any purpose for which the land may be lawfully used by the public authority.

(2) Reserved land owned by or vested in a public authority may be used for any other purpose approved by the Authority with or without conditions.

17. Where it is desired to develop reserved land within a State Forest or Water Catchment Area for a purpose other than that for which the land is reserved under the Scheme the land shall be subject to the Scheme in the same way as if the land were within a rural zone.

Division 3.—Reserved Land not Owned by or Vested in a Public Authority.

18. Except as provided in clause 13 no person shall commence or carry out any development on reserved land that is not owned by or vested in a public authority without the written approval of the Authority to do so.

19. The approval of the Authority given under this Division may be subject to such conditions as the Authority considers necessary having regard to the purpose for which the land is reserved under the Scheme and may without limiting the generality of the foregoing include conditions limiting the period of the approval and relating to the type of buildings that may be built on the land and the removal of buildings from the land.

20. (1) Where the Authority refuses approval for the development of reserved land on the ground that the land is reserved for public purposes or approves subject to conditions that are unacceptable to the applicant if the land is injuriously affected thereby the owner may claim compensation for such injurious affection in accordance with the Scheme Act.

(2) Claims for such compensation shall be in the Form 4 to this Scheme and shall be lodged at the office of the Authority not later than six months after the date of the decision of the Authority refusing approval or granting it subject to conditions that are unacceptable to the applicant.

(3) In lieu of paying compensation, the Authority may in accordance with the Scheme Act purchase the land affected by such decision of the Authority at a price not exceeding the value of the land at the time of refusal of approval or of the grant of approval subject to conditions that are unacceptable to the applicant.

Part III.—Zones.

Development of Land in Zones.

21. Where any provision of a town planning scheme of a local authority that has been duly made subsequent to this Scheme having the force of law, and which has been approved by the Minister and published in the *Government Gazette*, is at variance with any provision of this Part the provision of the town planning scheme of the local authority shall prevail.

22. Pending approval of the town planning scheme of a local authority as required by section 35 of the Scheme Act, applications for the approval to commence and carry out development on land zoned under Part III of this Scheme shall be determined by the local authority in accordance with its current town planning scheme or its zoning or other by-laws, if any.

23. (1) Land, other than land reserved under Part II of this Scheme, is classified into zones as set out in Column 2 of Table 2 of this clause and shown coloured on the Scheme Map in the manner described in Column 1 of that Table.

(2) Table 2:—

Column 1. Legend on Scheme Map.	Column 2. Zone.
1. All land coloured red brown	Urban.
2. All land coloured light red brown	Urban deferred.
3. All land coloured light blue	Central city area.
4. All land coloured purple	Industrial.
5. All land coloured purple with horizontal and vertical hatching	Special industrial.
6. All land coloured light green	Rural.
7. All land coloured yellow green	Private recreation.

24. (1) Approval of the responsible authority under this Scheme is required for the development of land within areas zoned under this Part except that such approval is not required for the erection of a single dwelling house on a lot within any such area being a lot that is not within any area defined by the Authority under clause 32 of this Scheme.

(2) Approval under this Part does not exempt the person to whom the approval is granted from the requirement, if any, to obtain permission or approval for development on the land under any other law.

25. Subject to section 7 of the Town Planning Act, when making or amending a town planning scheme in accordance with section 35 of the Scheme Act, a local authority shall have regard to the primary use for which the land to which the town planning scheme relates is zoned under the Scheme, as indicated by the descriptive title in column two of table two of the Scheme, but nothing in the Scheme prevents a local authority from making proper provision for that land or portion to be otherwise used or zoned for some other use and, when required by the Minister so to do, the local authority shall make such provision.

26. Except as provided in subclause (3) of clause 28 of this Scheme where a local authority—

- (a) has prepared a town planning scheme in accordance with section 35 of the Scheme Act that has been approved and published in the *Government Gazette*; or
- (b) has amended a town planning scheme in accordance with section 35 of the Scheme Act so that it conforms to the provisions of this Scheme,

an approval given by the local authority to develop land comprised in the Scheme which has been zoned under this Part shall be deemed to be an approval under this Scheme.

27. By resolution of the Authority notified in the *Government Gazette* land may be transferred from the urban deferred zone to the urban zone.

Part IV.—Development.

Division 1.—Approval of Responsible Authority to Commence Development.

28. An application for the approval of the responsible authority to commence and carry out development shall be made in the form set out in Form 1 to this Scheme and shall be submitted in duplicate to the local authority in whose district the land, the subject of the application, is situate together with such plans and other information as the responsible authority may reasonably require.

29. The local authority to which such an application is duly submitted shall—

- (1) where the application is for the development of land reserved under Part II of this Scheme, forward the application together with the local authority's recommendation to the Authority for determination;
- (2) where the application is for the development of land zoned under Part III of this Scheme, determine the application in accordance with the power delegated by the Authority under the Scheme Act;
- (3) where the application is for the development of land zoned under Part III of the Scheme and the subject of a notice under clause 32 of the Scheme, the local authority shall forward the application together with its recommendation to the Authority for determination.

30. (1) The Authority or a local authority exercising the powers of the Authority so delegated to it under the Scheme Act may consult with any authority that in the circumstances it thinks appropriate; and having regard to the purpose for which the land is zoned or reserved under the Scheme, the orderly and proper planning of the locality and the preservation of the amenities of the locality may, in respect of any application for approval to commence development, refuse its approval or may grant its approval subject to such conditions if any as it may deem fit.

(2) Where approval is granted subject to conditions if the conditions are not complied with the approval may be revoked by the Authority or local authority that gave the approval.

(3) The Authority or a local authority may in respect of any such application limit the time for which the approval granted on the application, remains valid.

(4) Where a building or land is used or a proposed building is designed for more than one use it shall be regarded for the purposes of this Scheme as being used or designed partially for each of those uses.

31. (1) The Authority or a local authority shall issue its decision in respect of any application for approval to commence development in the form set out in Form 2 to this Scheme.

(2) Where the Authority or a local authority has not within sixty days of the receipt by it of an application for approval to commence development conveyed its decision to the applicant, the application shall be deemed to have been refused.

32. The Authority may by resolution, a notice of which shall be published in the *Government Gazette* and a copy served on the responsible authority as soon as practicable after the resolution is passed by the Authority—

- (1) define areas in respect of which the proposals contained in this Scheme which relate to the areas are to be reviewed by the Authority and require that applications for all or certain classes of development on land in those areas shall be referred to the Authority for determination;
- (2) require that a local authority forward any such particular application or application in respect of a specified class of development on land in the area, to the Authority for its determination.

Division 2. Appeals Against Decision of the Authority or Local Authority.

33. (1) An applicant for approval to commence development on land zoned under Part III of this Scheme whose application has been refused by the Authority or local authority exercising the power duly delegated to it by the Authority or approved subject to conditions that are unacceptable to the applicant may, except where the refusal or conditional approval is in accordance with the provisions of an operative town planning scheme or a town planning scheme made or amended pursuant to Section 35 of the Scheme Act, appeal to the Minister against such refusal or conditional approval by lodging with the Minister a notice of appeal in the form prescribed within 30 days of the application being so refused or so conditionally approved.

(2) The Minister may hear the appeal or appoint a person or persons to hear the appeal, and report thereon to the Minister and the Minister, after considering the report, if any, shall make his decision thereon and communicate it to the applicant.

34. (1) Where the Authority has notified in the *Government Gazette* the zoning of land that has been released from a reservation in accordance with clause 15 of the Scheme any person may within 30 days of the date of that *Government Gazette* appeal to the Minister against the decision of the Authority zoning the land by lodging with him a notice of appeal in the form prescribed within that period and the provisions of subclause (2) of clause 33 of the Scheme shall apply to the appeal.

(2) Where the Minister varies a decision of the Authority as the result of an appeal in accordance with subclause (1) of this clause, the Authority shall prepare a plan giving effect to the Minister's decision on the appeal and that plan shall become the plan for the purposes of the Scheme and form part of the Scheme without any further action being necessary by the Authority under the Scheme Act.

(3) Notice of a decision of the Minister to vary a plan certified in accordance with clause 15 of the Scheme shall be published in the *Government Gazette* as soon as practicable after the decision is given by the Minister.

35. A person who feels aggrieved by a decision of the Authority not to transfer land from the urban deferred zone to the urban zone, may appeal to the Minister against the decision by lodging with the Minister a notice of appeal in the form prescribed within 30 days of the decision being given and the provisions of subclause (2) of clause 33 of the Scheme shall apply to the appeal.

36. In each case the decision of the Minister on an appeal shall be final.

37. Notice of appeal under this Part shall be in the Form 3 to this Scheme.

Division 3.—Non Conforming Use of Land.

38. No provision of this Scheme shall prevent—

- (a) the continued use of any land or building for the purpose for which it was being lawfully used at the time of coming into force of this Scheme; or
- (b) the carrying out of any development thereon for which, immediately prior to that time a permit or permits required under the Town Planning Act and any other law authorising the development to be carried out had been duly obtained and was current.

39. Where a non conforming use exists or was authorised as mentioned in clause 38 of this Scheme on land—

- (1) reserved under Part II of this Scheme—all or any erection alteration or extension of the buildings thereon or use thereof shall not be carried out or continued unless the approval of the Authority has been obtained in writing;
- (2) zoned under Part III of this Scheme—such use or building thereon or both may be extended to the limits prescribed by the Uniform Building By-laws or such other by-law made under the Local Government Act, 1960, and amendments for the purpose of limiting the size, location and distance from boundaries and any other matter required by law for that class of use within the boundary of the lot or lots on which the use was carried on immediately prior to the coming into force of this Scheme.

Part V.—Finance and Administration.

40. The Authority may at any time after the coming into force of this Scheme purchase, resume or otherwise acquire in accordance with the Scheme Act any land reserved under Part II of this Scheme and such other land as may be required for the carrying out of this scheme.

41. Land so acquired by the Authority may be disposed of or alienated to the public or other Authority responsible for carrying out the development on the land or where the land is not required for the purposes of the Scheme then in accordance with the provisions of subsection (6) of section 37 of the Scheme Act.

42. The Authority may on payment of the sum of ten shillings issue a certificate in the form set out in Form 5 to this Scheme in respect of any land stating the manner in which it is affected by the Scheme and the purpose if any for which the land is reserved under the Scheme.

CITY OF SOUTH PERTH.

Notice of Intention to Borrow.

Proposed Loan (No. 74) of £5,000.

NOTICE is hereby given that the Council of the City of South Perth proposes to borrow the sum of £5,000 to bear interest at a rate not exceeding £5 2s. 6d. per cent. per annum, repayable over a period of 20 years by six-monthly debentures of equal amounts to cover principal and interest payable at the Commonwealth Bank, Angelo Street, South Perth.

The purpose for which the loan is to be applied is as follows:—

Construction of South Perth Community Centre Association Headquarters, Public Hall and Annexes.

Plans, specifications and estimates of cost of such works are open for inspection by ratepayers for a period of thirty-five (35) days after the publication of this notice, at the office of the Council, between the hours of 9 a.m. and 4 p.m., Monday to Friday, excluding public holidays.

Dated this 1st day of August, 1963.

W. C. G. THOMAS, J.P.,
Mayor.

E. J. JOHNSON,
Town Clerk.

LOCAL GOVERNMENT ACT, 1960.

Town of Geraldton.

Notice of Intention to Borrow.

Proposed Loan (No. 65) of £30,000.

PURSUANT to section 610 of the Local Government Act, 1960, the Town of Geraldton gives notice that it proposes to borrow, by the sale of a debenture or debentures, money on the following terms for the following purposes: £30,000, for a period of five (5) years, with interest at the rate of five per cent. per annum, repayable at the Commonwealth Savings Bank of Australia, Perth, by ten (10) equal half-yearly instalments of principal and interest. Purpose: Purchase of road making equipment and road works.

Plans and specifications, together with an estimate of the cost thereof and statement required by section 609, are open for inspection at the office of the Council, during office hours, for a period of 35 days after publication of this notice.

2nd August, 1963.

H. W. CHAMBERS,
Town Clerk.

SHIRE OF WAROONA.

Notice of Intention to Borrow.

Proposed Loan No. 34.

PURSUANT to section 610 of the Local Government Act, 1960, the Shire of Waroona hereby gives notice that it proposes to borrow money, by the sale of debentures, on the following terms for the following purpose: £3,000, for 10 years, at £5 2s. 6d. per cent. per annum, payable at the office of the Superannuation Board, Perth, by 20 half-yearly payments of principal and interest. Purpose: The purchase of one only Allis-Chalmers "Big D" medium tandem grader.

Specifications, estimate, and statement required under section 609 of the Act are open for inspection at the office of the Council, during the usual business hours, for 35 days after publication of this notice in the *Government Gazette*.

Dated this 2nd day of August, 1963.

J. A. BARON HAY,
President.

M. D. GASTON,
Shire Clerk.

SHIRE OF MORAWA.

Notice of Intention to Borrow.

Proposed Loan No. 30.

PURSUANT to section 610 of the Local Government Act, 1960, the Morawa Shire Council hereby gives notice that it proposes to borrow money, by the sale of debentures, on the following terms and for the following purposes: £2,450, for a period of 10 years, at a rate of £5 2s. 6d. per cent. per annum, payable at the Bank of New South Wales, Morawa, by 20 equal half-yearly instalments of principal and interest. Purpose: The installation of septic systems in various residences in the Morawa Town-site.

CITY OF SUBIACO.

To Proprietor, Washing Machine Service Co.,
56 Keightley Road, Subiaco:

THE City of Subiaco, being the local authority for the Municipal District of Subiaco, pursuant to the provisions of the Local Government Act, 1960-1962, being of the opinion that the buildings erected on Lot 5, Suburban Lot 286B, and known as 56 Keightley Road, Subiaco, of which you are the owner, are neglected buildings and hereby gives you notice that you are required immediately to do the following:—

- (1) Take down and remove that portion of the building measuring approximately 35 feet by 29 feet which is on the southern alignment of the abovementioned land excluding that portion which is tenanted and used separately as a builder's joinery shop and measuring approximately 29 feet by 12 feet.
- (2) Take down and remove that portion of the building which is attached to the former portion which is to be demolished and which is on the eastern alignment and measures approximately 24 feet by 18 feet.
- (3) Put all other buildings on the site into such a state of repair and good condition to the satisfaction of the Council.

And take further notice that if you do not comply with the terms of this notice (subject to your right of appeal pursuant to section 408 of the said Act), the Council may apply to a Court of Petty Sessions for an order to make you comply with the requisitions of this notice.

Dated this 9th day of May, 1963.

Issued under the directions of the Mayor and Councillors of the City of Subiaco.

G. O. EDWARDS,
Town Clerk.

SHIRE OF PERTH.

Notice.

To Brian Edwin Joyce, 33 Floyd Street, Trigg Island:

THE Council of the Shire of Perth, being the local authority of the Municipal District of the Shire of Perth, pursuant to the provisions of the Local Government Act, 1960-1961, being of the opinion that the building situated on the land being portion of Swan Location 1030 and being Lot 129, corner of Chrysostom Street and Giles Street, Trigg Island, and situated within the District of the Shire of Perth, of which you are the owner, is a neglected building hereby gives you notice that you are to take down immediately the said building.

And take further notice that if you do not comply with the terms of this notice (subject to your right of appeal pursuant to section 408 of the Local Government Act, 1960-1961), the Shire of Perth may apply to a Court of Petty Sessions for an order to compel you to comply with this notice.

MINING ACT, 1904-1961.

Part XIII, Division 1.

Before the W.A. Coal Industry Tribunal held at Collie.

Application No. 25 of 1963.

Between Collie District Deputies' Union of Workers, Applicants, and Griffin Coal Mining Co. Ltd. and others, Respondents.

Application to amend Award No. 19 of 1954, Clause 8—Hours of Duty.

(Application No. 25 of 1963 of the W.A. Coal Industry Tribunal.)

THE Tribunal hereby awards, orders and prescribes that Award No. 19 of 1954 of the W.A. Coal Industry Tribunal, as amended, be further amended in the following manner:—

1. Add the following new clause:

8A.—Hours of Work (continued).

(1) Notwithstanding any provisions contained elsewhere in this Award it shall not be necessary for workers to attend for work on a Back Saturday where the base tonnage output for the mine has been produced in the 10 shifts preceding Pay Saturday.

(2) The base tonnage output for each Mine shall be that existing at the date of this amendment.

(3) The number of workers comprising the work force for each Mine as well as the base tonnage output may be varied from time to time by mutual agreement.

(4) In arriving at the amount of coal produced in any fortnightly period, allowances shall be made for holidays and such contingencies as are agreed upon between the parties to this Award.

(5) Where attendance for work on a Back Saturday is excused, pursuant to the provisions of this clause, no penalty or forfeiture shall be incurred by any worker for non-attendance, and such Back Saturday shall be counted as a shift worked for all purposes including long service leave; provided that where, in any fortnightly period, a Mine is not required to work 10 shifts on account of a breakdown of machinery, fire, flood, or slackness of trade, Back Saturday shall not be counted as a shift of entitlement for long service leave.

(6) Where a Saturday shift is worked for the purpose of making up production losses due to any of the causes referred to in subclause (4) hereof, or caused by abnormal breakdowns, fire, flood and like emergencies, or where workers are called back on a Saturday for special duties, the ordinary provisions of the Award relating to work on Saturdays shall apply.

(7) Where a worker fails to make a reasonable effort to maintain production, or is a frequent absentee from work without lawful

excuse, he may be reduced by the management to a lower classification at the lower rate of pay, provided that such worker has been previously warned in the presence of the Branch officials that continued default on his part will lead to a reduction in classification, and provided also that the Union may appeal against any such reduction to the W.A. Coal Industry Tribunal, which may make any order it sees fit in relation to such reduction.

(8) The provisions of the extra-award agreements annexed hereto as Appendices "A" and "B", as already varied by mutual agreement between the parties, shall prevail where this clause is silent; provided that such agreements may be further varied from time to time by mutual agreement.

(9) Failing agreement between the parties to this Award upon any matter arising out of this clause, the matter in dispute may be determined by the W.A. Coal Industry Tribunal.

(10) If at any time a party to the Award feels aggrieved by the operation of this clause, that party may submit the matter, the subject of the grievance, to the W.A. Coal Industry Tribunal which may make any order it sees fit in relation thereto.

2. This amendment shall be deemed to have taken effect on and from 27th February, 1963.

Dated at Collie this 22nd day of May, 1963.

Chairman, W.A. Coal Industry Tribunal.

Filed in my office this 20th day of June, 1963.

Appendix "A."

The Griffin Coal Mining Company Limited.

Back Saturday: Bonus Holiday Scheme.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers at the Hebe Colliery, Open Cut and Centaur Siding shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for the Hebe Colliery and Open Cut, on a company basis. Until such time as separate screening facilities are provided for handling the Hebe Colliery and Open Cut coal, it will be necessary for the screenhands at Centaur Siding to be rostered for duty in the event of either the Hebe Colliery or Open Cut being required to produce coal on a Back Saturday.

4. The manager will arrange for tally sheets to be posted up on the notice board at the Hebe Colliery and Open Cut each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnages for the Hebe Colliery and Open Cut will be reconciled daily and at the end of each week with the W.A.G.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and surface bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages, the company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for the Hebe Colliery and Open Cut into which any excess tonnage in any period will be transferred and held in credit against any future shortages at either the Hebe Colliery or Open Cut. To inaugurate the scheme it is suggested that it would be in the best interests of all concerned to work two normal 11-day fortnights with the object of building up a reasonable reserve tonnage in either pool.

9. The tonnage of the scheme depends on the regular production of the base tonnage set out in Schedule "A" each period, with a minimum of overtime. It is expected that all employees will co-operate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden on the men who are pulling their weight, therefore any such breaches will be viewed most seriously, the Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme, the base tonnage for the Hebe Colliery and the Open Cut will be calculated on a two-weeks period ending at 10 p.m. each Pay Friday.

Whenever the stipulated base tonnage has been produced in any such two-weeks period, the Hebe Colliery or the Open Cut will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two-weeks period that the Hebe Colliery or the Open Cut qualifies for the bonus, each employee, excluding pumpment, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday, if the Mine had been required to produce coal, and in this case payment for the Back Saturday will be made in accordance with the following subclauses. (Pumpmen to receive half shift additional payment.)

Any employees, other than pumpers, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant Awards for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Hebe Colliery or the Open Cut has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' Compensation for a portion of the period whose absence extends to the Back Saturday will have a deduction made from his pay equal to the sum received in workers' Compensation for the Back Saturday.
- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any

pay period will have his attendance allowance reduced by one-eleventh of a shift for each day's absence including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If either the Hebe Colliery or Open Cut has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, then the normal Award provisions for an 11-day fortnight will apply to employees.

Hebe Colliery.

1. Due to pressure brought to bear by the State Electricity Commission and Western Australian Government Railways in the month of June regarding coal supplies, our work force at the Hebe Colliery was greatly increased to meet their requirements. Both Departments have now issued instructions to the company to reduce supplies and we now find that a reduction in output is necessary, causing surplus labour.

It is not the intention of the company to dismiss any employees at this stage, but will rely on natural wastage and hope that coal requirements will increase in the future.

2. Qualifying Base Tonnage: Ten thousand tons per fortnight of 11 working days, made up of 10 days of 950 tons per day Monday to Friday and 500 tons for Back Saturdays.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 10,000 tons will be reduced by 1,000 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 10,000 tons less 1,000 tons or a total of 9,000 tons.

3. The total number of scraper loader units to be used for this base tonnage is 16.

4. These tonnages have been assessed on the present method of mining at the Hebe Colliery, i.e., using scraper loader units. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

5. In effect the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

Muja Open Cut.

1. Qualifying Base Tonnage: 14,000 tons per fortnight of 11 working days made up of 10 days of 1,320 tons per day Monday to Friday and 800 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and/or annual leave close downs, the fortnightly base of 14,000 tons will be reduced by 1,400 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if a statutory holiday fell on a Monday in the fortnight, the base would then be 14,000 tons less 1,400 tons or a total of 12,600 tons.

2. In the preparation of the above for the Open Cut, our base tonnage had been prepared on present day trade requirements. Due to the unused

capacity of the equipment operating at present, and as the number of men employed are in excess of our basic trade requirements, the base mentioned in clause 1 will have to fluctuate to cater for fortnightly trade.

3. These tonnages have been assessed on the present method of mining and equipment used at the Open Cut. Should the method be changed, additional equipment installed, the basic tonnage for calculation as to whether the Open Cut will be required to produce coal on a Back Saturday or not, as already fixed by clause 2, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect the Open Cut must work for the production of coal on a Back Saturday in any period in which the Open Cut has failed to produce the qualifying base as stated in clause 2 for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Open Cut has any coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Open Cut need not work for the production of coal on the Back Saturday.

(This is the document referred to as Appendix "A" in subclause (8) of new Clause 8A, as set out in the order annexed.)

APPENDIX "B."

Western Collieries Ltd.

Back Saturday Bonus Holiday Scheme.

Operative as from 16th October, 1961.

1. This proposal is submitted by the management on the strict understanding that it is without prejudice to the future rights of the Company or its employees.

In the event of the proposal being accepted it is not to be construed as forming part of or affecting any Industrial Award in any way.

2. All employees, other than pumpers, at each Mine shall be eligible to participate in this scheme subject to the conditions laid down herein.

3. Workshop, Central Office and Store employees will be eligible to participate in the scheme for each Mine, on a company basis. Until such time as separate screening facilities are provided for handling Western No. 4 coal, it will be necessary for the screenhands at Western No. 2 to be rostered for duty in the event of either Mine being required to produce coal on a Back Saturday.

4. The Manager will arrange for tally sheets to be posted up on the notice board at each Mine each period, showing the daily production, progressive total, balance required for the period and what tonnage, if any, is in credit.

5. The estimated tonnage for each Mine will be reconciled daily and at the end of each week with the W.A.G.R. weighbridge notes, allowances will be made for sundry workers' coal and town sales, coal in part loaded wagons and surface bins at the beginning and end of each period.

6. In assessing the qualifying base tonnages, the Company has taken into account all normal interferences with production, including machinery breakdowns. Provision has been made for lost production days due to statutory holidays and annual leave close downs.

7. Any employee required by the management to work "overtime" on either Saturday, who fails to report for work without good and sufficient reason, will be put at the back of the overtime roster.

8. The company is prepared to create a "pool" for each Mine, into which any excess tonnage in any period will be transferred, and held in credit against any future shortages at either Mine.

To inaugurate the scheme it is suggested that it would be in the best interests of all concerned to work two normal 11-day fortnights with the object of building up a reasonable reserve tonnage in each Mine pool.

9. The success of the scheme depends on the regular production of the base tonnage set out in schedule "A" each period, with a minimum of overtime. It is expected that all employees will co-operate with each other and work as a team. Practices such as unnecessary absenteeism and knocking off early will prejudice the chance of success, as well as imposing an unfair burden on the men who are pulling their weight, therefore any such breaches will be viewed most seriously. The Award conditions must be complied with.

General Application of Bonus for Pay Purposes.

10. For the purpose of this scheme, the base tonnage for Western No. 2 and 4 Mines, will be calculated on a two-weeks period ending at 10 p.m. each Pay Friday.

When over the stipulated base tonnage has been produced in any such two-weeks period, the Mine will not be required to work for the production of coal on the following Back Saturday. Notification to this effect or otherwise will be posted on each notice board not later than 3 p.m. on the Monday after the close of each period.

In any two weeks period that the Mine qualifies for the bonus, each employee, excluding pumpmen, will receive an additional shift at his appropriate rate for the Back Saturday that he is not so required to work. (Pumpmen to receive half shift additional payment). Any employee who is absent on the Back Friday for any reason whatsoever will be treated as if he would have been absent also on the Back Saturday if the Mine had been required to produce coal and in this case payment for the Back Saturday will be made in accordance with the following subclauses.

Any employees, other than pumpers, required to work on a non-productive Back Saturday, will be paid at the rates prescribed in the relevant Awards, for work performed on a Pay Saturday.

The following conditions will apply to men who work less than the time the Mine has worked for the production of coal in any period in which the bonus operates:—

- (a) Any employee absent for the whole of this period, whatever the reason, will be regarded as having been absent for 11 working days.
- (b) Any employee absent for a portion of a period on annual leave and long service leave will have the leave granted and paid for on the normal 11-shift basis.
- (c) Any employee absent for a portion of the period on sick leave will be charged sick leave against his credit at the rate of one shift for each day of absence, including Back Saturday and payment will be made on the same basis.
- (d) Any employee absent on workers' compensation for a portion of the period whose absence extends to the Back Saturday will have a deduction made from his pay equal to the sum received in workers' compensation for the Back Saturday.
- (e) Any employee who works less than the number of shifts that his Mine has worked for the production of coal in any pay period will have his attendance allowance reduced by one-eleventh of a shift for each day's absence, including Back Saturday.

11. Annual leave and long service credits will be assessed on the normal 11-shift basis, any man at work on the second Friday will be credited as if he in fact had worked the eleventh shift, whilst any man absent on the second Friday will be regarded as having also been absent on the Back Saturday.

12. If a Mine has to work on a Back Saturday for the production of coal because it has failed to reach the base tonnage in that period, then the normal Award provisions for an 11-day fortnight will apply to all employees.

Western No. 2 Mine.

1. Qualifying Base Tonnage: 12,750 tons per fortnight of 11 working days, made up of 10 days of 1,215 tons per day Monday to Friday and 600 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and or annual leave close downs, the fortnightly base of 12,750 tons will be reduced by 1,275 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g. If a statutory holiday fell on a Monday in the fortnight, the base would then be 12,750 tons less 1,275 tons or a total of 11,475 tons.

2. The total number of men to be engaged for this base tonnage being 281, of whom 143 will be composite miners, 101 other Miners' Union, eight Deputies, 20 Engineering Union, two F.E.D. and F.U. and seven Colliery staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or other miners engaged, the basic tonnage for calculations as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

Western No. 4. Mine.

1. Qualifying Base Tonnage: 3,500 tons per fortnight of 11 working days, made up of 10 days of 335 tons per day Monday to Friday and 150 tons for Back Saturday.

Where less than 11 days would have been worked in a period because of statutory holidays and or annual leave close downs, the fortnightly base of 3,500 tons will be reduced by 350 tons for each week day so lost, no allowance will be made for any Back Saturday so lost, e.g., if Good Friday and Easter Saturday fell at the end of a period, the base tonnage would become 3,500 tons less 350 tons equals 3,150 tons.

2. The total number of men to be engaged for this base tonnage being 87, of whom 40 will be composite miners, 33 other Miners' Union, two Deputies, seven A.E.U. and A.S.E., two F.E.D. and F.U. and three Colliery staffs.

3. These tonnages have been assessed on the present method of mining at each Colliery, i.e., using composite miners hand filling on to scraper chain conveyors. Should the method be changed, additional equipment installed, or more miners engaged, the basic tonnage for calculation as to whether the Mine will be required to produce coal on a Back Saturday or not, as already fixed, would be reviewed and adjusted in proportion to the new capacity available because of such changes.

4. In effect, the Mine must work for the production of coal on a Back Saturday in any period in which the Mine has failed to produce the qualifying base tonnage for that particular period by 10 p.m. on the Pay Friday of the period. However, if the Mine has coal in credit sufficient to cover any shortage of production in the period under

review, then such shortage may be made up from this credit pool and the Mine need not work for the production of coal on the Back Saturday.

5. Due to the fact that a certain amount of exploration work is being carried out at this Mine necessitating the employment at times of composite miners on stone drivage work, it will be necessary to adjust the base tonnage in each period in relation to the number of places and miners production coal in each period. For instance, in the fortnight ending the 14th October, 1961, four miners will be engaged on stone drivage through a fault and 36 miners employed on coal getting, the base tonnage for such a fortnight would then be reduced on a *pro rata* basis of eight and three-quarter tons per man per shift for each man engaged on stone drive work, the daily output required would then be 350 less 35 equals 315 tons or 3,150 per fortnight. Any such allowance is to be calculated on the average number of men on stone drive work in each week, not on a per day or shift basis.

(This is the document referred to as Appendix "B" in subclause (8) of new clause 8A, as set out in the order annexed.)

(a) Males.	
(1) Machine Compositor	8 12 0
(2) Probationary Machine Compositor:—	

Compositors may be engaged to learn to operate the linotype machine and shall serve a probationary period of 12 months. Such probationer shall be paid:

(a) For the first six months	6 12 6
(b) For the second six months	7 5 6

and must be able at the end of the first three months of probation to set and correct at a speed of at least 4,000 ens per hour; at the end of six months, at least 5,000 ens per hour at the end of nine months, at least 6,000 ens per hour; at the end of 12 months, at least 7,000 ens per hour, which shall be the limit of the probationary period. When a compositor having served the probationary period of 12 months is able to set and correct an average of 7,000 ens per hour based on 7

point matrices, 13 ems measure, the matter to be solid, he shall be deemed a proficient linotype operator and shall receive first year margin for a machine compositor. The test of the operator's proficiency shall be his ability to set in accordance with the foregoing requirements for a full day on fair copy.

Each employer may adopt the usual means of accurately testing the proficiency of a probationer.

The employer may check the output of a linotype operator by calculating the number of ems in the following manner:—

Multiply the length of the line by 12 to give the number of points in the line; divide these by the size of type in use; multiply this by two to give the number of ems per line; multiply the number of set lines by that answer.

IN THE COURT OF ARBITRATION
OF WESTERN AUSTRALIA.

No. 483 of 1963.

Between The Eastern Goldfields Shop Assistants and Warehouse Employees' Industrial Union of Workers, Applicant, and J. & W. Bateman Ltd. and Others, respondents.

HAVING heard Mr. H. Barry on behalf of the applicant and Mr. G. J. Martin on behalf of the respondents, and by consent, I, the undersigned, Conciliation Commissioner of the Court of Arbitration, in pursuance of a remission to me by the said Court and in pursuance of the powers contained in section 92 of the Industrial Arbitration Act, 1912-1961, do hereby order and declare:—

That the Shop Assistants' (Eastern Goldfields) Award No. 81 of 1948, as amended, be and the same is hereby further amended in accordance with the attached schedule.

Dated at Perth this 18th day of July, 1963.

(Sgd.) S. F. SCHNAARS,
Conciliation Commissioner.

Schedule.

1. Add to Clause 2.—Arrangement—the following numerals and words:—

26. Saturday Work.
27. Right of Entry.
28. Liberty to Apply.

2. 22. Absence Through Sickness: Delete this clause and insert in lieu thereof the following:—

22. Absence Through Sickness.

(a) A worker shall be entitled to payment for non-attendance on the ground of personal ill-health for one twelfth (1/12th) of a week for each completed month of service: Provided that payment for absence through such ill-health shall be limited to one (1) week in each calendar year. Payment hereunder may be adjusted at the end of each calendar year, or at the time the worker leaves the service of the employer, in the event of the worker being entitled by subsequent service to the illness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment or for any accident, wherever sustained, arising out of his own wilful default or for sickness arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

(d) Sick leave shall accumulate from year to year so that any balance of the period specified in subclause (a) of this clause which has in any year not been allowed to any worker by his employer as paid sick leave may be claimed by the worker, and subject to the hereinbefore prescribed shall be allowed by his employer in any subsequent year without diminution of the sick leave prescribed in respect of that year. Provided that the sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of two (2) years but no longer from the end of the year in which it accrues and shall commence to accumulate for the purpose of this subclause as from the date of operation of this amendment.

(e) The provisions of this clause shall not apply to casual workers.

3. 24 Wages: Delete this clause and insert in lieu thereof the following:—
