"Casual Worker" except as hereinafter provided means a worker employed for less than one (1) week, with a minimum of two hours in any day. He shall be paid at the rate of ten (10) per cent. in addition to the rate prescribed in this Agreement on an hourly basis.

This shall not apply to a casual worker on raw sugar.

(b) The day's work for workers employed on single shift (i.e. day work only) shall consist of eight (8) hours each day Monday to Friday inclusive.

(c) Workers on shift work may be employed five (5) shifts of eight hours each, inclusive of crib time. Such workers shall be employed on day, afternoon and night shifts on successive weeks.

Provided that these shift hours may be altered at any time by agreement in writing between the Union and the employer, subject always to the provision that the average weekly hours shall not exceed forty (40). Until any such agreement has been arrived at it shall be permissible for the company to continue the system in operation at the date hereof.

(d) Shift workers referred to in subclause (c) of this clause may commence the work of a night shift at 11 p.m. in which case the time worked between 11 p.m. and midnight on any Sunday or public holiday hereinafter specified shall carry ordinary rate and be included as part of their ordinary shift-work hours.

7.—Overtime.

Except as otherwise provided:—

- (c) Any worker required to continue working overtime after ordinary ceasing time shall be paid 6s. 6d. for each meal time occurring during the period he is so working. Such meal times shall be deemed to commence at 8 a.m., 6 p.m. and 12 midnight.

Provided that such payment shall not apply where the worker has been notified the previous day of the requirement to work overtime.

- (d) A worker recalled after leaving the Company's premises to work overtime shall be paid a minimum of three hours at the appropriate rate.
- (e) Where a worker is called on to work a quick shift, he shall be paid at the rate of time and a quarter for that shift.

A "quick shift" shall mean a shift where a worker is brought on to work a full shift before having had at least eight (8) hours off duty.

- (f) (i) Rest Period After Overtime. When overtime work is necessary it shall, wherever reasonably practicable, be so arranged that workers have at least eight (8) consecutive hours off duty between the work of successive days.
- (ii) A worker (other than a casual worker) who works so much overtime between the termination of his ordinary work on one day and the commencement of his ordinary work on the next day that he has not at least eight (8) consecutive hours off duty between those times shall, subject to this subclause, be released after completion of such overtime until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.
- (iii) If, on the instructions of his employer, such a worker resumes or continues work without having had such eight (8) consecutive hours off duty, he shall be paid at double rates until he is released from duty for such period and he shall then be entitled to be absent until he has had eight (8) consecutive hours off duty without loss of pay for ordinary working time occurring during such absence.

- (g) Notwithstanding anything contained in this Agreement—

- (i) an employer may require any worker to work reasonable overtime rates and such worker shall work overtime in accordance with such requirement;
- (ii) no organisation, party to this Agreement or worker or workers covered by this Agreement shall in any way, whether directly or indirectly be a party to or concerned in any ban, limitation, or restriction upon the working of overtime in accordance with requirements of this subclause.

8.—Contract of Service.

(a) Except in the case of a casual worker, whose engagement shall be by the hour for not less than two (2) hours, the contract of hiring of every worker shall be for a weekly engagement, terminable on either side by one week's notice given on any day.

(b) Any worker not attending for duty shall lose his pay for the actual time of such non-attendance, subject to the provisions of clause 19 hereof as to payment for absence on account of illness. Where any absence extends for more than one (1) week, the employment shall be deemed to have terminated upon the expiration of the said week.

(c) This clause does not affect the right to dismiss for misconduct in which case wages shall be paid up to the time of dismissal only.

(d) The employer shall be entitled to deduct payment for any day or portion of a day upon which the worker cannot be usefully employed because of any strike by the Union or Unions affiliated with it or by any other association or Union, or through the breakdown of the employer's machinery, or any stoppage of work by any cause which the employer cannot reasonably prevent.

9.—Holidays.

(a) (i) The following days or the days observed in lieu shall subject to clause 7 (b) hereof, be allowed as holidays without deduction of pay, namely: New Year's Day, Australia Day, Good Friday, Easter Monday, Anzac Day, Labour Day, State Foundation Day, Sovereign's Birthday, Christmas Day and Boxing Day provided that another day may be taken as a holiday by arrangement between the parties in lieu of any of the days named in the subclause.

(ii) Where Christmas Day or New Year's Day falls on a Saturday or a Sunday, such holiday shall be observed on the next succeeding Monday and where Boxing Day falls on a Sunday or a Monday such holiday shall be observed on the next succeeding Tuesday, in each case the substituted day shall be deemed a holiday without deduction of pay in lieu of the day for which it is substituted.

(b) On any public holiday not prescribed as a holiday under this Agreement, the employer's establishment or place of business may be closed, in which case a worker need not present himself for duty and payment may be deducted, but if work be done ordinary rate of pay shall apply.

(c) If watchmen are required to work on any of the paid holidays observed in accordance with subclause (a) of this clause then the employer by arrangement with the worker may allow such watchmen either equivalent time off without loss of pay or an additional day added to the watchman's annual leave in respect of each such holiday worked.

10.—Annual Leave.

(a) Except as hereinafter provided, a period of three (3) consecutive weeks' leave with payment of ordinary wages as prescribed shall be allowed annually to a worker by his employer after a period of 12 months' continuous service with such employer.

(b) If any prescribed holiday falls within a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, there shall be added to that period one day being an ordinary working day for each such holiday observed as aforesaid.

(c) If after one month's continuous service in any qualifying twelve-monthly period a worker lawfully leaves his employment, or his employment is terminated by the employer through no fault of the worker, the worker shall be paid one quarter of a week's pay at his ordinary rate of wage in respect of each completed month of continuous service.

(d) Any time in respect of which a worker is absent from work, except time for which he is entitled to claim sick pay, or time spent on holidays or annual leave as prescribed by this Agreement, shall not count for the purpose of determining his right to annual leave.

(e) Where the employer closes his factory for the purpose of allowing annual leave to his workers in the event of a worker being employed for portion only of a year he shall be entitled, subject to subclause (c) of this clause, to such leave on full pay as is proportionate to his length of service during that period with such employer and if such leave is not equal to the leave given to the other workers, he shall not be entitled to work or pay whilst the other workers of such employer are on leave on full pay.

(f) (i) A worker who is justifiably dismissed for misconduct shall not be entitled to the benefit of the provisions of this clause.

(ii) In special circumstances and by mutual consent of the employer, the worker and the Union concerned, annual leave may be taken in not more than two periods.

(g) The provisions of this clause shall not apply to casual workers.

11.—Time and Wages Record.

The employer shall keep and enter up, or cause to be kept and entered up, a record containing the names of each of his workers to whom this Agreement applies, the class of work performed by and the wages paid to each such worker, and the time during which each such worker has been employed. Such record shall be open for inspection by a representative of the Union of Workers during the usual office hours.

12.—Board of Reference.

(a) The Court hereby appoints for the purpose of the Agreement a Board of Reference.

(b) The Board shall consist of a chairman and two (2) other representatives, one to be nominated by each of the parties.

(c) In the event of a disagreement between the parties bound by this Agreement, in any of the matters hereinafter mentioned, the Board is hereby assigned the following functions:—

Payment hereunder may be adjusted at the end of each calendar year or at the time the worker leaves the service of the employer, in the event of the worker being entitled by service subsequent to the sickness to a greater allowance than that made at the time the sickness occurred. This clause shall not apply where the worker is entitled to compensation under the Workers' Compensation Act.

(b) A worker shall not be entitled to receive any wages from his employer for any time lost through the result of an accident not arising out of or in the course of his employment, or for any accident, wherever sustained, arising out of his own wilful default, or for sickness, arising out of his own wilful default.

(c) No worker shall be entitled to the benefits of this clause unless he produces proof satisfactory to his employer of sickness, but the employer shall not be entitled to a medical certificate unless the absence is for three (3) days or more.

Provided that sick leave which accumulates pursuant to this subclause shall be available to the worker for a period of five (5) years but no longer from the end of the year in which it accrues.

18.—Long Service Leave.

(i) Period of Operation.

This clause shall continue in force for the term of this Agreement, provided that in the event of any State Legislation or State and/or Federal award providing for long service leave imposing any rights, liabilities, or obligations on the parties to this Agreement other than under this Agreement and an exemption is not obtained from the operation of such legislation and/or award by virtue of this Agreement, this clause shall cease to operate as from the date of operation of such legislation and/or award.

(ii) Entitlement to Leave.

Subject to this Agreement every worker, not being a casual worker, shall be entitled to long service leave on ordinary pay in respect of continuous service with the Company.

(iii) Period of Leave.

(iv) *Pro Rata* Entitlement on Termination.

In the case of a worker who has completed at least 10 years' service but less than 20 years' service with the Company and whose services with the Company are terminated by the Company for any cause other than serious misconduct, or by the worker for any reason or by reason of the death of the worker, the worker shall be entitled to a proportionate amount of leave in respect of the period of completed years of such service since the commencement of his continuous service, or since the last accrual of entitlement to leave on the basis of 13 weeks for 20 years' service.

(v) Calculation of Continuous Service.

(a) For the purpose of this subclause the following absences (whether before or after the commencement of this Agreement) shall not break the continuity of service, and shall, subject to any limitation herein, count as service:—

- (i) Absence in respect of any period during which the worker shall have served as a member of the Naval, Military or Air Forces of the Commonwealth of Australia (other than as a member of the permanent forces of the Commonwealth of Australia and other than as a member of the British Commonwealth Occupation Forces in Japan), or as a member of the Civil Construction Corps established under the National Security Act 1939 (as amended) or absence on compulsory service in any of the armed forces under the National Service Act 1951 (as amended): Provided that the worker as soon as reasonably practicable on the completion of any such service resumes employment with the employer by whom he was employed immediately before the commencement of such absence.
 - (ii) Absence on any annual leave or long service leave.
 - (iii) Absence following any termination of the employment by the Company if such termination has been made merely with the intention of avoiding obligations under this Agreement in respect of long service leave or annual leave.
 - (iv) Absence necessitated by personal sickness or injury of which not more than 15 working days a year shall count as service.
- (b) For the purposes of this subclause the following absences (whether before or after the commencement of this Agreement) shall not break the continuity of service, but the period of such absence shall not count as service:—

- (iv) Absence of the worker authorised by the employer at any time.

(6)—76131

- (v) Absence arising directly or indirectly from an industrial dispute but only if the worker returns to work in accordance with the terms of settlement of the dispute.

(c) After the coming into operation of this Agreement absence from work by reason of any cause not being a cause specified in this clause for a period in excess of 14 days shall be deemed to break the continuity of service for the purposes of this clause unless the worker notifies the Company in writing of the reason for his absence.

(vi) Service Before Commencement of Agreement.

For the purpose of calculating the entitlement to leave, continuous service of a worker with the Company immediately prior to the coming into operation of this Agreement, shall be taken into account but only to the extent of the last 20 completed years of such service, provided that any service prior to such 20 years' service will carry such leave if the worker remains in the Company's service until his retirement.

(vii) Time of Taking Leave.

Long service leave shall be granted and taken on the retirement of the worker provided that when a worker has completed 20 years of continuous service he will be entitled to not more than thirteen (13) weeks interim leave which will be taken at such time as may be agreed between the Company and the worker having regard to the needs of the Company's establishment where the worker is working. Additional interim long service leave on the basis of up to six (6) weeks for each additional 10 years' service may be taken at such time as may be agreed between the Company and the worker.

(viii) Payment on Termination for Leave Not Taken.

Where the employment of a worker is terminated otherwise than by his death and he has an entitlement to long service leave the worker shall be deemed to have entered upon and taken the leave from the date of such termination and the Company shall forthwith pay to the worker in full his ordinary pay for the leave less any amount already paid to the worker in respect of that leave.

(ix) Payment on Death.

Where a worker dies during his employment and any long service leave to which he is entitled under this Agreement has not been taken or received in full by the worker, the Company shall upon request by the personal representative of the worker, pay to that representative the amount due in respect of such leave providing that where no personal representative has been appointed within three months of the date of the worker's death the Company may pay to the widow or such of the next of kin as it considers appropriate, the said amount due. The obligation of the Company to such worker or worker's estate in respect of long service leave shall be and shall be deemed to have been satisfied by such payment.

(x) Payment for Period of Leave.

Each worker shall be paid for each week of leave his ordinary time rate of pay applicable at the date he enters upon the period of leave. Such ordinary time rate shall be for the standard hours prescribed by this Agreement but in the case of part-time workers for the number of hours usually worked up to but not exceeding the prescribed standard.

Note:—"Ordinary time rate of pay"—

- (1) shall not include—
 - shift premiums, overtime, penalty rates, commissions, bonuses, allowances or the like;
 - payment in the case of workers employed on piece or bonus work or any other system of payment by result shall be at ordinary time rates;
- (2) shall include any deductions from wages for board and/or lodging or the like which is not provided and taken during the period of leave.

(xi) Method of Payment.

Payment shall be made in one of the following ways:—

- (a) In full before the worker goes on leave; or
- (b) at the same time as his wages would have been paid to him if the worker had remained at work, in which case payment shall, if the worker in writing so requires, be made by cheque posted to an address specified by the worker; or
- (c) in any other way agreed between the Company and the worker.

(xii) Public Holidays and Annual Leave During Period of Leave.

Any long service leave shall be inclusive of any public holidays specified in this Agreement occurring during the period when the leave is taken, but shall not be inclusive of any annual leave.

(xiii) Transmission of Business.

For the purposes of this clause where a business has, whether before or after the coming into operation of this Agreement been transmitted from an employer (in this paragraph called "the transmitter") to another employer (in this paragraph called "the transmittee") and a worker who at the time of such transmission was an employee of the transmitter in that business becomes an employee of the transmittee—

- (a) the continuity of service of such worker shall be deemed not to have been broken by reason only of the transmission; and
- (b) the period of the continuous service which the worker has had with the transmitter (or any prior transmitter) shall be deemed to be continuous service of the worker with the transmittee.

In this subclause "transmission" includes transfer, conveyance, assignment or succession whether by agreement or by operation of law and "transmitted" has a corresponding meaning.

(xiv) Benefits Related to Long Service.

The Company will continue to operate its E.A. Scheme to provide superannuation benefits in accordance with the rules of that scheme in addition to any leave granted under this Agreement.

(xv) Leave to be in Satisfaction of All Rights.

The entitlement to long service leave hereunder shall be in substitution for and satisfaction of any long service leave or benefit in the nature of long service leave, to which the worker may be entitled in respect of the employment by the Company, and any leave taken or in respect of which payment has been made by the Company shall be deducted from any amount of long service leave to which such worker is entitled pursuant to this Agreement.

(xvi) Records.
