2. Delete paragraph (d) of subclause (7) (Definition of "Painter") of Clause 3 (Definitions) and in lieu thereof substitute the following:—

(d) But does not include a worker, not engaged in the building industry proper, who applies only one protective coating where a final finishing or decorative coat is not required, to any type of machine, machinery or structure.

3. In Clause 17 (Distant Work)—

(i) Delete paragraph (e) of subclause (1) (Food and Accommodation Allowance) and re-number the following paragraphs (f), (g) and (h) as (e), (f) and (g) respectively.

(ii) Delete subclause (2) of the clause and substitute therefor the following:—

(2)—Fares and Travelling Allowances to and from Distant Work.

(a) For the purposes of this subclause, the employer and the Union, of which the workers concerned are members, or its representative may, by an agreement in writing signed by or on behalf of the parties, from time to time fix for any particular job to which subclause (1) (a) of this clause refers a minimum period of engagement or a minimum period and a further period of engagement. If in any particular case the Union concerned consents, such an agreement may be made between the employer and the individual worker and in circumstances in which, because of the place at which the worker is engaged or because the requisite time is not available, it is impracticable to obtain such consent from the Union, such an agreement may be made between the employer and the individual worker, without the Union's consent but in that latter case, the agreement so made shall be conditional upon the Union subsequently approving thereof. Should an employer desire such a minimum period of engagement or such a minimum and further period of engagement to be fixed but fail to reach agreement with the Union thereon; or should the Union refuse to approve of a conditional agreement made between the employer and an individual worker as hereinbefore

provided, the matter shall be referred to the Board of Reference, which shall thereupon fix such a minimum period of engagement, or such a minimum and further period of engagement, as the case may be. Any agreement made under the provisions of this paragraph, or any period fixed by the Board of Reference in the circumstances aforesaid shall not be regarded as varying in any way Clause 7 (Contract of Service) of this Award, but shall be merely for the purpose of determining the application of the succeeding paragraphs of this subclause.

(b) Subject to the provisions of this subclause, the employer shall pay all costs incurred by a worker in travelling to and from a job to which subclause (1) (a) of this clause refers, from and to the place of engagement. Such costs shall be limited to fares, which shall include sleeping berth accommodation, where such is reasonably necessary, transport of tools, meal money at the rate of five shillings (5s.) for each ordinary meal actually and reasonably required and paid for by the worker during such travelling and payment for travelling time (which shall include time waiting for transport connections, and also ordinary working hours not worked after the worker has arrived at the job destination and made himself available for work) at ordinary time rates with a maximum of eight (8) hours for any one day. Provided that any worker who is dismissed for misconduct, or who within one week of commencing work is dismissed for incompetence, shall forfeit all rights under this subclause and any costs already incurred under this subclause by the employer in respect of that worker's travel to the job shall, to the extent that the same have not been satisfied by deductions from his wages made by the employer under paragraph (d) of this subclause where that paragraph is applicable, remain a debt due from the worker to the employer and the amount thereof shall be retainable or recoverable by the employer from the worker in the same way as the debt referred to in subclause (d) of this clause.

(c) The worker's fare from the place of engagement to the job shall be paid by the employer and the remainder of the costs incurred in travelling to the job, to which a worker is entitled under paragraph (b) of this subclause, shall be paid to the worker as soon as practicable after commencing work.

(d) In any case in which a minimum period of engagement has been fixed in accordance with the provisions of paragraph (a) of this subclause, the employer may deduct from the worker's wages, by instalments, at a reasonable weekly rate, spread over the minimum period, an amount equal to the sum paid to the worker pursuant to paragraph (c) of this subclause but the aggregate amount of any such deductions shall be repaid by the employer to the worker if and when he completes the minimum period of engagement. If, in any such case, the worker without just cause does not continue in his employment in a proper manner until the completion of the minimum period of engagement, the difference between the amount paid to the worker under paragraph (c) of this subclause, and the aggregate amount of the deductions from his wages for the time being made under this paragraph, shall remain as

a debt owing by the worker to the employer, and to the extent of any such debt any wages due to the worker at the time the employment ends may be retained by the employer in settlement or part settlement, of such debt, and if such wages are insufficient to settle the debt in full, the balance of such debt may be recovered by the employer from the worker in any court of competent jurisdiction.

(e) Subject to the proviso to paragraph (b) of this subclause, a worker shall be entitled to be paid the costs incurred in respect to the return travelling from the job to his place of engagement referred to in paragraph (b) of this subclause—

(i) if no minimum period of engagement has been fixed in accordance with the provisions of paragraph (a) of this subclause, when the employment finishes or so soon thereafter as such costs can be determined;

(ii) if a minimum period of engagement has been fixed in accordance with the provisions of paragraph (a) of this subclause but no further period has been so fixed, only if and when the employment finishes (or so soon thereafter as such costs can be determined) after the worker has completed the minimum period of engagement;

(iii) if both a minimum period and a further period of engagement has been fixed in accordance with the provisions of paragraph (a) of this subclause, only if and when the employment finishes (or so soon thereafter as such costs can be determined) after the worker has completed the minimum and further period of engagement.

(f) Notwithstanding the provisions of paragraphs (d) and (e) of this subclause, in any case in which the worker has failed to complete the minimum period of engagement, or the minimum and further period of engagement but in which there exist special circumstances which, in the opinion of the employer, or in the event of a dispute as to the sufficiency of such special circumstances, in the opinion of the Board of Reference, are sufficient to justify repayment of all or some part of the aggregate amount of deductions made by the employer from the wages of the worker and/or to justify the payment to the worker of all or some part of the costs incurred in returning from the job to his place of engagement, as the case may be, then that amount or those amounts, the repayment or payment of which is so thought to be justified, shall be repaid and/or paid to the worker by the employer, so soon after the employment finishes as such amount or amounts can be determined.

(g) In any case in which a worker is dismissed by the employer before completing the minimum period or the minimum and further period of engagement, unless such dismissal be for misconduct or unless it occurs within one week of the worker commencing work and is because of the worker's incompetency, the worker shall for the purpose of this subclause be deemed to have

completed the minimum period, or the minimum and further period of engagement, as the case may be.

- (iii) After subclause (3) insert a new subclause (4) as follows:—

(4)—Workers Using Own Vehicles.

If it is so agreed between the parties, an amount equal to the fares which would have been reasonably incurred under subclause (2) and/or subclause (3) of this clause may be paid to a worker who travels in any kind of conveyance of his own.

4. Delete the words "the work" in line 1 of paragraph (b) of subclause (3) of Clause 19 (Hours) and substitute therefor the word "any such work on hospitals".

5. After the word "thereafter" in the last line of subclause (1) of Clause 21 (Overtime) add the words "except that all work on Sundays shall be paid for at double time".

6. Delete all the words after the word "notified" in lines 2 and 3 of Clause 31 (Shift Work) and substitute therefor the words:—

Liberty is reserved to either party to apply in respect of rates and conditions to apply to any such shift work.

7. Delete the word "minor" in line 1 of subclause (3) of Clause 33 (Apprentices) and substitute therefor the words "any male person under the age of twenty-one (21) years".

(b) Annual leave shall be taken at a time suitable to the convenience of the employer.

(c) After one month's continuous service in any qualifying twelve-monthly period a worker whose employment terminates or who has worked less than twelve months shall be paid in the proportion that the number of shifts worked by him at ordinary rates in that qualifying period bears to the full number of such shifts in that qualifying twelve-monthly period and calculated as follows:—

(h) If any of the holidays prescribed in subclause (g) falls during a worker's period of annual leave and is observed on a day which in the case of that worker would have been an ordinary working day, the worker shall be paid one extra day at ordinary rates for that day or, at his option, have one day on full pay added to that period for each such holiday.
