Notice to Mariners.

Western Australia—Geraldton Inner Harbour.

OWNERS and operators of small craft are warned to navigate with caution and at moderate speeds in the vicinity of dredging works being carried out in Geraldton Inner Harbour.

A floating pipe line extends from the dredge to slightly north of the two spit posts which mark the eastern end of the channel to the Fishermen's Wharf, and from this point the pipe line is submerged and leads in a south-west direction to the shore near the old beach cottage.

The submerged pipe line is to be crossed **ONLY IN THE CHANNEL TO THE FISHERMEN'S WHARF AND AT NO OTHER PLACE**. A notice will be displayed on the eastern spit posts of the above channel indicating the least water over the submerged pipe line in the channel.

The floating pipe line will be marked at night by fixed red lights and the submerged pipe line by daymarks consisting of yellow floats. Mooring wires will extend for considerable distances from the dredge and pipe line.

Proceedings will be taken against operators not using extreme caution in the area or crossing the submerged pipe line except in the Fishermen's Wharf channel.
