On or before the 25th day of October, 1965, owners or occupiers of land within the Merredin Townsite shall remove all bush and inflammable material from vacant land, but where buildings are erected on the land shall prepare and thereafter maintain until the 31st March, 1965, effective firebreaks around the perimeter of such buildings, and inside and along the whole of the boundary of such land, cleared of all inflammable material to a width of at least three feet, or where the boundary is closer than three feet for that lesser distance.

BUSH FIRES ACT, 1954-1964.

Upper Blackwood Shire Council.

Notice to Owners and Occupiers of Land.

PURSUANT to section 33 of the above Act, all owners and occupiers of land within the Shire of Upper Blackwood, are hereby required on or before 15th November, 1965, to plough, cultivate, scarify or otherwise clear of all inflammable materials, firebreaks at least six feet wide around all cleared and part cleared land, owned or occupied by them, and thereafter to maintain such firebreaks clear of all inflammable material until 15th April, 1966.

Where holdings total more than 500 acres of cleared or part-cleared land, additional firebreaks must be cleared to divide the cleared or part-cleared land into areas of not more than 500 acres, each surrounded by a firebreak. Where land is in crop, the area under crop shall be surrounded by a firebreak not less than 10 feet wide unless a mown strip of at least 10 feet surrounds the crop in which case a six feet firebreak will suffice.

Where part of any cleared or partly-cleared land used for pasture or crops abut on or is intersected by public road, railways, or areas of uncleared land, a firebreak six feet wide shall be cleared within 10 feet and parallel to the common boundary between the land and the road, railway, or uncleared land.

Buildings and Haystacks.

A firebreak six feet wide shall be cleared one chain from the perimeter of all buildings, haystacks and homesteads, by 15th November, 1965, and the area between the firebreaks and the building or haystack shall be cleared of all inflammable material by 15th December, 1965.

Townsites.

On or before 15th December, 1965, all town lots within the Shire are required to be cleared of all debris of inflammable nature and maintained free of such material. A spade break of not less than two feet is to be cleared round the boundaries of all occupied and unoccupied lots.

General.

If it is impracticable for any reason to complete the clearing of firebreaks by the dates required by this notice, application must be made in writing to the Upper Blackwood Shire Council not later than 31st October, 1965, for permission to complete breaks by a later date. If the position of breaks laid down is impracticable and agreement is reached between the landholder and a bush fire control officer on an alternative site, these may be installed in the agreed position and the council notified accordingly by the landholder not later than 31st October, 1965.

Owners or occupiers with land adjacent to Crown land or Forest land may place their firebreaks in that land provided that the Council is notified accordingly by 15th November, 1965.

Penalty for non-compliance, £100.
