HEALTH ACT, 1911-1965.

Department of Public Health,
Perth, 18th May, 1966.

HIS Excellency the Governor in Executive Council, acting under the provisions of section 241D of the Health Act, 1911-1965, and on the advice of the Advisory Committee constituted under section 241C of the Act, has been pleased to make the regulations set forth in the Schedule hereunder.

W. S. DAVIDSON,
Commissioner of Public Health.

Schedule.

Regulations.

1. In these regulations, the Pesticides Regulations published in the *Government Gazette* on 11th April, 1956, as amended by a notice published in the *Government Gazette* on 12th May, 1965, are referred to as the principal regulations. Principal regulations.

2. Part II of the principal regulations is amended by adding after Division 2 the following Division:— Division 3 of Part II added.

Division 3—Use of Certain Fumigants as Pesticides.

32. In this Division unless the contrary intention appears—

- “building” includes vessel, enclosed space, and any part of a building, vessel or enclosed space;
- “fumigant” means methyl bromide and hydrogen cyanide;
- “fumigator” means a person licensed pursuant to Regulation 36 of these regulations;
- “fumigation” means the treatment of a building, foodstuffs, produce or goods with a fumigant;
- “hydrogen cyanide” includes any substance capable of producing or releasing hydrogen cyanide;
- “registered firm” means a body corporate, partnership or person, other than an employee of a registered firm, engaged in the business of undertaking the fumigation of buildings for reward, and registered pursuant to Regulation 33 of these regulations.

33. (1) A body corporate, partnership or person, other than an employee of, or person engaged for the purpose by, a registered firm shall not undertake or carry out any fumigation for reward unless it or he is registered pursuant to subregulation (3) of this regulation.

(2) An application for registration as a registered firm shall be in the form of Form 1 in Schedule D to these regulations, and be accompanied by a fee of five dollars.

(3) Where the Commissioner is satisfied that an applicant for registration under this regulation—

- (a) is properly equipped to undertake fumigations;
- (b) has equipped any fumigation chamber it or he controls with a mechanical system of exhaust ventilation capable of completely and harmlessly removing any fumigant from the chamber, and of providing not less than sixty complete changes of air within the chamber in one hour; and
- (c) will employ for the purposes of carrying out each fumigation for which the applicant will be engaged, persons licensed under these regulations as fumigators, or persons working under the personal supervision of a fumigator,

he shall register the applicant as a registered firm for the purposes of this Division.

(4) Subject to Regulation 53 of these regulations, every registration granted under this regulation is valid for a period of one year from the date on which it is first granted, and may, upon payment of a fee of two dollars, be renewed annually so long as the Commissioner remains satisfied that the registered firm meets with the requirements of subregulation (3) of this regulation.

(5) Upon the granting, and upon the renewal of registration under this regulation, the Commissioner shall issue to the registered firm a certificate of registration in the form of Form 2 in Schedule D to these regulations.

34. Every registered firm shall provide efficient equipment for use by its fumigators and other employees in the carrying out of fumigations, and shall maintain all equipment used for that purpose in efficient working order.

35. (1) Subject to subregulation (2) of this regulation, a registered firm shall not undertake any fumigation unless it has given prior notice to that effect to the Commissioner.

(2) The Commissioner may, either generally or in relation to any class or type of fumigations, exempt a registered firm from the requirements of subregulation (1) of this regulation, and may at any time revoke any exemption so granted.

(3) Each registered firm shall, within two days of the carrying out of any fumigation by the firm, cause an entry to be made in a register to be kept for the purpose setting out—

- (a) the place at which and date on which the fumigation was carried out;
- (b) the fumigant used; and
- (c) the name of every fumigator and other person employed or engaged by the registered firm or any other person for the fumigation.

(4) Each entry made in a register kept pursuant to subregulation (3) of this regulation shall be retained by the registered firm for not less than three years, and any register kept pursuant to that subregulation may be inspected by a person authorised for the purpose by the Commissioner.

36. (1) An application by a person to be licensed as a fumigator shall be in the form of Form 3 in Schedule D to these regulations, and be accompanied by a fee of two dollars.

(2) Where the Commissioner is satisfied that an applicant for a fumigator's license—

- (a) is competent to undertake fumigations using the fumigant specified in his application;
- (b) has a thorough knowledge of the provisions of this Division;
- (c) is medically fit to do so; and
- (d) is not under the age of eighteen years,

he shall license the applicant as a fumigator.

(3) Subject to Regulations 50 and 53 of these regulations, every license issued under this regulation—

- (a) is valid for a period of one year from the date of issue, but may be renewed annually thereafter on payment of a fee of one dollar; and
- (b) authorises the licensee to carry out fumigations with the fumigant specified in the license.

(4) Upon the issue, and upon the renewal, of any license pursuant to this regulation, the Commissioner shall issue to the fumigator a license in the form of Form 4 in Schedule D to these regulations.

37. (1) A person, other than a fumigator or a person working under the personal supervision of a fumigator, shall not use any fumigant for the purposes of fumigation.

(2) A fumigator shall not use, or permit any person not licensed as a fumigator working under his personal supervision to use, any fumigant for fumigation which is not designated in his license.

(3) Unless the Commissioner otherwise approves, a fumigation shall not be carried out by less than two persons, one of whom at least shall be a fumigator in whose license the fumigant intended to be used is designated.

38. A fumigator shall not begin to fumigate any building until—

(a) in the case of the fumigation of a vessel—

- (i) he has, by personal inspection, ascertained that no person is within any part of the vessel to be treated with fumigant;
- (ii) he has been notified by the master or agent of the vessel that there are no persons on board;
- (iii) he has notified the Port Authority of the proposed fumigation; and

(b) in the case of the fumigation of any other building, he has by personal inspection ascertained that—

- (i) no person is within the building or where a portion of a building can be completely sealed off then in that portion of the building;
- (ii) all electric radiators, fires and naked lights within the building or portion of the building have been switched off or extinguished;
- (iii) all windows in the building or portion of the building have been securely fastened;

(iv) the portion of the building to be fumigated has been effectively sealed to prevent the escape of any fumigant, and unless the Commissioner has otherwise directed, the police station and fire station nearest to the place at which the fumigation is to be carried out have been notified of the proposed fumigation.

39. The fumigator in charge of the fumigation of any building shall, at or before the conclusion of the application of the fumigant—

- (a) close and securely fasten every door and other means of access to the fumigated area; and
- (b) affix to each door and other means of access to the fumigated area a notice with a white background on which there shall be printed—
 - (i) the words, "DANGER, KEEP OUT" in red capital letters not less than six inches in height; and
 - (ii) the words, "PREMISES BEING FUMIGATED" or "VESSEL BEING FUMIGATED" as the case may require in black capital letters at least two inches high,

and any notice so affixed shall not be removed until the provisions of Regulations 42 and 43 of these regulations have been complied with.

40. A fumigator or person under the personal supervision of a fumigator shall not cause hydrogen cyanide to be applied so that its solution may be absorbed by any floor, wall, ceiling, furnishing or goods.

41. A fumigator or any other person engaged with a fumigator in the fumigation of a building shall not enter the building before it has been established that the concentration of fumigant present in any part of the building is less than the appropriate concentration referred to in paragraphs (a) or (b) of Regulation 43 of these regulations unless—

- (a) he wears—
 - (i) an efficient mask of a type approved by the Commissioner as being appropriate for the type of fumigant being used; or
 - (ii) a self-contained or air line respirator capable of providing an independent supply of air; and
- (b) he is, unless the Commissioner has otherwise approved, accompanied by at least one person of at least eighteen years of age.

42. As soon as the fumigation of a building is completed, the fumigator who carried out the fumigation shall—

- (a) remove and safely dispose of every substance and material used for the fumigation of the building and the sealing of the openings to the fumigated area;
- (b) ensure that all fabrics, furnishings and goods within the building are free from fumigant;
- (c) cause the building to be thoroughly ventilated with fresh air; and
- (d) when hydrogen cyanide has been used, flush every water closet that may have been exposed to the fumigant, and empty every receptacle containing water or any other liquid capable of absorbing the fumigant.

43. The fumigator by whom the fumigation of a building is carried out shall take all reasonable precautions to prevent any person, other than a person authorised by the Commissioner or a person assisting him under his supervision with the fumigation, from entering, occupying or using any building until he has ascertained, by carrying out a test in the manner approved by the Commissioner in respect of the fumigant used, that the concentration of fumigant present in any part of the building is less than—

- (a) where the fumigant used was methyl bromide—twenty parts per million by weight; or
- (b) where the fumigant used was hydrogen cyanide—ten parts per million by weight.

44. (1) The fumigator in charge of the carrying out of any fumigation shall not cause or permit the release of any fumigant until it has been ascertained, by the carrying out of tests in the manner referred to in subregulation (2) of this regulation, immediately before it is intended to release the fumigant, that every mask to be used by him and every other person taking part in the fumigation is airtight.

(2) A mask shall be tested to ascertain whether it is airtight by the person by whom it is to be used—

- (a) holding the mask to his face;
- (b) closing the inlet to the mask; and
- (c) inhaling deeply.

and if the mask then clings to the face of that person for a period of not less than fifteen seconds, the mask may be regarded as airtight.

45. A fumigator shall not carry out any fumigation involving the use of methyl bromide unless he has with him an efficient halide detector of a type approved by the Commissioner.

46. (1) A registered firm shall ensure that all respiratory apparatus used by its employees or contractors conforms with S.A.A. Code Z. 18 1963 and is regularly checked and maintained in efficient working order.

(2) Any person engaged in the carrying out of fumigations shall not use a canister in his mask that has been in use for a longer period than that for which it is reasonably expected to be efficient, and shall keep a record of the length of time for which each canister has been in use.

47. A registered firm, fumigator or other person having the custody, control or possession of fumigant shall—

- (a) cause the fumigant to be so stored as to prevent any other person gaining access to the fumigant without the knowledge and authority of that firm, fumigator or person; and
- (b) if the fumigant is being transported to any place, cause it to be so packed and placed as to prevent the accidental or deliberate loss or any leakage of the fumigant.

48. A fumigator carrying out a fumigation shall keep immediately available at the place of fumigation such first aid and resuscitation appliances and equipment as the Commissioner from time to time directs.

49. (1) A person acting with the authority of the Commissioner may—

- (a) inspect any building prior to, during or after the fumigation of the building;
- (b) prohibit, or order the discontinuance of, the fumigation of the building if he is of opinion that the carrying out of the fumigation is or

may be prejudicial to the health or safety of any person, or will not be, or is not being, carried out in accordance with these regulations;

- (c) prohibit the entry of any person, including a fumigator, into any area that has been treated by fumigant.
- (2) Any fumigator or other person who—
- (a) fails to obey the direction given pursuant to subregulation (1) of this regulation; or
 - (b) without the authority of the Commissioner or of the fumigator conducting the fumigation of a building, enters the building while the notices referred to in paragraph (b) of Regulation 39 of these regulations are affixed to any door or other means of access to the building,
- commits an offence.

50. (1) The Commissioner may require any fumigator, or any person employed by a registered firm, to submit himself to such medical examinations and tests as the Commissioner considers necessary to ascertain whether the exposure or continued exposure of that fumigator or person to fumigant has endangered or may endanger the health of that fumigator or person.

(2) The Commissioner may suspend for such period as he thinks fit the license of any fumigator whose health, in the opinion of the Commissioner, may be endangered by the further engaging by that fumigator in the fumigation of buildings, but any person whose license has been so suspended may at any time apply for the restoration of his license on the ground that his health will no longer be endangered by his engaging in fumigations.

51. Where an accident resulting in personal injury or death occurs in the course of, or arises out of, the fumigation of any building—

- (a) the fumigator who carried out the fumigation;
- (b) if that fumigator has died or been injured, the next responsible person assisting in the fumigation; or
- (c) if no person engaged upon the fumigation is capable of so reporting, the registered firm that contracted to have the fumigation carried out,

shall forthwith notify the Commissioner of the accident, and answer such questions relating to the accident as are put to him or it by a person authorised for the purpose by the Commissioner.

52. (1) Any registered firm, fumigator or any person who does, or fails to do, any act that by this Division is forbidden, or required to be done, as the case requires, by or in relation to that registered firm, fumigator or person, commits an offence.

(2) In any prosecution for an offence under this Division, an averment in a complaint that any body corporate, partnership or person is or is not registered as a registered firm, or that any person is or is not licensed as a fumigator shall be deemed to be proved in the absence of proof to the contrary.

53. (1) Where the Commissioner is satisfied that—

- (a) a registered firm or a fumigator has committed a breach of these regulations, other than a breach of subregulation (3) or (4) of Regulation 35 or Regulation 51 of these regulations; and

(b) in the circumstances of the breach it is necessary in the interests of public safety so to do, he may, by notice in writing served upon the registered firm or fumigator setting out the facts of the alleged breach, revoke, or suspend for such period as he thinks fit and specifies in the notice, the registration of the registered firm or the license of the fumigator, as the case may be.

(2) The revocation or suspension of a registration or license pursuant to subregulation (1) of this regulation has effect from the time at which service is effected, but—

(a) expires and is of no effect at the end of the period of seven days from the service of the notice unless proceedings in a Court of Petty Sessions have been instituted within that period in respect of the alleged breach that gave rise to the revocation or suspension;

(b) expires and becomes of no effect upon the withdrawal or striking out of, or the acquittal of the registered firm or fumigator in, the proceedings instituted in respect of the alleged breach that gave rise to the revocation or suspension.

(3) The revocation or suspension of the registration of a registered firm or license of a fumigator that has expired pursuant to paragraph (a) of subregulation (2) of this regulation revives where that registered firm or fumigator is subsequently convicted of an offence in respect of the same breach of the regulations for which the revocation or suspension that has expired was first effected.

3. The principal regulations are amended by adding after Schedule C the following Schedule:— Schedule D added.

HEALTH ACT, 1911-1965.

Town of East Fremantle.

WHEREAS under the provisions of the Health Act, 1911, as amended, a local authority may make or adopt by-laws, or may alter, amend or repeal any by-law so made or adopted: Now, therefore, the Town of East Fremantle, being a local authority within the meaning of the Act and having adopted the Model By-laws described as Series "A," as reprinted pursuant to the Reprinting of Regulations Act, 1954, in the *Government Gazette* of 17th July, 1963, doth hereby resolve and determine that the said adopted by-laws shall be amended as follows:—

PART I.—GENERAL SANITARY PROVISIONS.

1. By-law 26 is amended by substituting for paragraph (a) a new paragraph (a) to read as follows:—

(a) It shall be not at any less distance than 40 feet of any dwelling whatsoever, nor less than 60 feet of any shop, factory, bakery or place where food is manufactured, stored or exposed for sale.

2. Substitute for by-law 28 a new by-law 28 to read as follows:—

28. A person being the occupier of any premises of which any paddock, yard or other place forms portion, or being the owner of any paddock, yard or other place, shall not allow any horse, cow, sheep or goat to be kept in that paddock, yard or other place unless and until due provision is made to prevent such horse, cow, sheep or goat from approaching to within 40 feet of any dwelling whatsoever and within 60 feet of any shop, factory, bakery or place where food is manufactured, stored or exposed for sale.

Passed at a meeting of the East Fremantle Town Council held on the 26th day of April, 1966.

HEALTH ACT, 1911-1965.

City of Nedlands.

WHEREAS under the provisions of the Health Act, 1911, as amended, a local authority may make or adopt by-laws and may alter, amend or repeal any by-laws so made or adopted: Now, therefore, the City of Nedlands, being a local authority within the meaning of the Act, and having adopted the Model By-laws described as Series "A," as reprinted pursuant to the Reprinting of Regulations Act, 1954, in the *Government Gazette* on 17th July, 1963, doth hereby resolve and determine that the said adopted by-laws shall be amended as follows:—

PART I.—GENERAL SANITARY PROVISIONS.

Substitute for by-law 11A, a new heading and by-law to read as follows:—

Collection, Removal and Disposal of Nightsoil, Urine, and Refuse.

11A. (1) No person shall carry out or undertake the collection, removal, or disposal of nightsoil, urine, or refuse from any premises unless he has first obtained the approval in writing of the local authority to do so.

(2) The local authority may specify in any approval granted to a person pursuant to this by-law conditions to be observed or performed by such person in the collection, removal or disposal of any matter referred to in sub-by-law (1) and the place where that disposal is to be carried out.

(3) A person who carries out or undertakes the collection, removal or disposal of any matter referred to in sub-by-law (1) without the approval of the local authority or having obtained such approval fails to observe or perform any condition specified therein, or to dispose of the said matter at the place specified for that purpose therein, commits an offence.

(4) Notwithstanding the provisions of sub-by-law (1) of this by-law, where a local authority has undertaken or contracted for the efficient execution within its district or part of its district for the collection, removal, and disposal of nightsoil, urine, or refuse, a person other than the person with whom the local authority has contracted shall not execute or undertake the execution of either the collection, removal, or disposal of nightsoil, urine, or refuse, within such district or part thereof, so long as the local authority or its contractor executes or continues the execution of that work or is prepared and willing to execute or continue the execution of that work.

(5) The term "refuse" when used in these by-laws means liquid refuse, the contents of any apparatus for the bacteriolytic treatment of sewage, or of any soak well, leach drain, french drain, grease trap, petrol and oil waste trap, and any other liquid trade waste.

Passed at a meeting of the Nedlands City Council held on the 3rd day of February, 1966.

R. HOLMES,
Mayor.
T. G. BROWN,
Town Clerk.

Approved by His Excellency the Governor in Executive Council this 18th day of May, 1966.

W. S. LONNIE,
Clerk of the Council.

HEALTH ACT, 1911-1965.

Town of Claremont.

WHEREAS under the provisions of the Health Act, 1911-1965, a local authority may make or adopt by-laws and may later, amend or repeal any by-laws so made or adopted: Now, therefore, the Town of Claremont, being a local authority within the meaning of the Act and having adopted the Model By-laws, described as Series "A", as reprinted in the *Government Gazette* on the 17th July, 1963, and amended from time to time, doth hereby resolve and determine that the said adopted by-laws shall be further amended as follows:—

PART I—GENERAL SANITARY PROVISIONS.

Substitute for by-law 11A a new by-law to read as follows:—

Removal and Disposal of Nightsoil and Liquid Wastes.

11A. (1) No person shall carry out or undertake the collection, removal or disposal of nightsoil, urine or liquid waste or the contents of any apparatus for the bacteriolytic treatment of sewage or of any soak well, leach drain, french drain, grease trap, petrol and oil waste trap, or other liquid trade waste from or on any premises, unless he has first obtained the approval in writing of the local authority to do so.

(2) The local authority may specify in any approval granted to a person pursuant to this by-law conditions to be observed or performed by such person in the collection, removal or disposal of any matter referred to in sub-by-law (1) and the place where that disposal is to be carried out.

(3) A person who carries out or undertakes the collection, removal or disposal of any matter referred to in sub-by-law (1) without the approval of the local authority or having obtained such approval fails to observe or perform any condition specified therein, or to dispose of the said matter at the place specified for that purpose therein, commits an offence.

(4) Notwithstanding the provisions of sub-by-law (1) of this by-law, where a local authority has undertaken or contracted for the efficient execution within its district or part of its district of any work referred to in that sub-by-law, a person shall not execute or undertake the execution of that work undertaken or contracted for within such district or part thereof, so long as the local authority or its contractor executes or continues the execution of that work or is prepared and willing to execute or continue the execution of that work.

After by-law 19 (2) add the following sub-by-law:—

(3) The local authority may by means of signs and notices indicate the types of rubbish or offensive matter which may be deposited on places under the control of the local authority and set aside for the purpose of disposal of rubbish and offensive matter.

A person who—

(a) deposits rubbish or offensive matter at a place on the site for its disposal except in accordance with the directions of the signs or notices erected thereon by the local authority;

(b) deposits rubbish or offensive material of a type other than that specified and in accordance with the signs or notices erected by the local authority,

commits an offence.

Passed at a meeting of the Claremont Town Council this 4th day of April, 1966.

The Common Seal of the Town of Claremont was hereunto affixed on the 7th day of April, 1966, in the presence of—

HEALTH ACT, 1911-1965.

Town of Claremont.

WHEREAS under the provisions of the Health Act, 1911-1965, a local authority may make or adopt by-laws and may later, amend or repeal any by-laws so made or adopted: Now, therefore, the Town of Claremont, being a local authority within the meaning of the Act and having adopted the Model By-laws, described as Series "A", as reprinted in the *Government Gazette* on the 17th July, 1963, and amended from time to time, doth hereby resolve and determine that the said adopted by-laws shall be further amended as follows:—

Section N of Part IX of the by-laws is hereby repealed and a new section, to be numbered N, is hereby inserted in Part IX of the by-laws as follows:—

SECTION N—FISH SHOPS.

1. In these by-laws "fish" shall mean fresh fish, frozen fish, chilled fish and cooked fish, whether cleaned, uncleaned or part-cleaned, but does not include fish which has been cured, preserved hermetically, canned or treated to prevent putrefaction.

"Fish shop" shall mean any building or place where fish is kept or exposed for sale, or where fish is cleaned, scaled, cut up or cooked for the purposes of sale for consumption otherwise than on the premises.

2. Fish shops shall be classified as "A", "B" or "C" class and shall be registered accordingly.

The occupier of an "A" class fish shop shall be permitted to clean, part-clean, scale and cut up fish and expose fish for sale and cook fish for the purpose of sale for consumption otherwise than on the premises.

The occupier of a "B" class fish shop shall be permitted only to expose fish for sale and to cook fish for the purpose of sale for consumption otherwise than on the premises.

The occupier of a "C" class fish shop shall be permitted only to expose fish for sale.

No occupier of a fish shop shall do or permit to be done any of the things set out in this by-law which are not permitted to be done in the class of fish shop occupied by him.

3. In every "A" class fish shop there shall be a room constructed in accordance with the provisions of by-law 14 of Section A of this Part, and all cleaning, scaling and cutting up of fish shall be done in such room and not elsewhere.

4. The occupier of every fish shop shall have an impervious receptacle, which shall be provided with an air-tight covering. Such covering shall at all times be kept closed, except when it is necessary to place something in or remove something from the receptacle.

The occupier of every "A" class fish shop shall cause all offal and wastes to be immediately picked up and placed in such receptacle.

The occupier of every fish shop shall cause all rejected and unsaleable fish to be immediately placed in such receptacle.

The contents of such receptacle shall be removed from the premises once in each working day, or at such times as an inspector may direct. Such receptacle shall, after being emptied, be immediately cleaned with an efficient disinfectant.

5. The occupier of any "B" class or "C" class fish shop shall not allow any box, basket or other container used for the transport of fish to remain in such fish shop longer than is necessary for the emptying of such box, basket or container.

6. In every "A" class and "B" class fish shop where the cooking of fish is carried on there shall be provided—

- (a) a fireplace so constructed that all the vapours and effluvia of such cooking are carried direct into a chimney flue of approved proportion; or
- (b) a hood provided with a ventilating pipe of at least seven inches in diameter and discharging direct into the open air or into a chimney flue of approved proportions.

The chimney or ventilating pipe referred to in paragraphs (a) and (b) hereof shall be carried up at least 10 feet above the roof of the building containing the fish shop, or above the roof of the highest adjoining building, whichever shall be the higher.

No cooking of fish shall be carried on except in a fireplace or under a hood of the above description.

7. The occupier of every fish shop where fish is exposed for sale shall keep all such fish on approved trays, shelves or counters, and all fittings and fixtures of such trays, shelves and counters shall be of impervious material or covered with impervious material.

8. (a) The occupier of every "A" class and "B" class fish shop shall cover and keep covered all doors, window-openings and other aperture on the premises with screens of fine mesh wire gauze, and shall cause all doors to be self-closing.

(b) The occupier of every "C" class fish shop shall comply with the provisions of paragraph (a) of this by-law, or shall keep all fish in enclosures covered by glass or fine mesh gauze.

9. No occupier of a fish shop shall allow any decomposing fish to remain in any part of his shop.

10. Every occupier of a fish shop shall keep all fish in containers separate from every other kind of food, except in hermetically sealed cans or bottles.

11. After having handled fish, every person shall wash his hands before handling any other kind of food intended for sale in a fish shop.

Dated this 14th day of March, 1966.

Passed at a meeting of the Claremont Town Council this 8th day of March, 1966.

The Common Seal of the Town of Claremont
was hereunto affixed in the presence of—
