2. That the Student shall, as soon as the Minister may require, enter the said Teacher Training course for the purposes aforesaid and remain therein for the period aforesaid:

Provided that if after entering the said Teacher Training course the Student marries, the Student shall have the choice of continuing the course without allowances and without the payment of tuition fees or of having her course terminated from the date of her marriage.

3. That if, after the Student commences the course of Teacher Training, that course is terminated either by the Minister or by the Student then, subject to clause 4 of this agreement, the Student and the Guarantor shall immediately forfeit and pay to the Minister, as ascertained damages and not by way of penalty for breach or failure:—

- (a) no claim will be made by the Minister for repayment of the allowances referred to in that clause, or any part of those allowances, in the event of the death of the Student during the term of her course of Teacher Training, or in the event of the Minister terminating that course because of the Student being incapacitated from teaching by reason of disease or injury;

- (d) if the course of Teacher Training of the Student is terminated by reason of the Student marrying, no claim will be made by the Minister for repayment of more than one-half of the allowances received by the Student as a bursar or during her course of Teacher Training;
- (e) from the date that the student becomes the natural mother of a child, no further claim shall be made by the Minister for repayment of the allowances mentioned in paragraph (d) of this clause provided that legal evidence of the birth of the child is submitted to the Minister.

5. That if within six calendar months after the expiration of the time of the Student's training in the said course, the Minister finds employment for her as a teacher, in any school or schools in the State, under the control of the Minister, then the Student shall and will teach in such school or schools under the direction of the Minister for the period of three years, at the remuneration and in the manner for the time being provided in that behalf by the regulations made by the Minister under the Education Act, 1928, and its amendments except that if the student marries during the Teacher Training course and elects to continue and complete the said course after marriage, the student shall and will teach in such school or schools under the direction of the Minister for a period determined in relation to the period for which she received allowances.

6. That if from any cause other than death, disease or injury incapacitating her from teaching, or marriage as referred to in clause 7 of this agreement, the Student, after employment has been found for her by the Minister as mentioned in clause 5 of this agreement, fails to enter upon her duties as teacher, or leaves, or on account of misconduct is required to leave, the service of the Minister before the expiration of the time for which she is liable or required to serve as mentioned in clause 5 hereof, the Student and the Guarantor shall immediately forfeit and pay to the Minister, as ascertained damages and not by

way of penalty for such breach or failure, a sum of money calculated as follows:—

The sum of all allowances received by the Student from the date of entering upon her Teacher Training course shall be divided by the number of weeks excluding school vacations for which the Student was bound to teach. The resultant quotient shall be payable for each week of default.

7. That if the student marries before the expiration of the time for which she is liable or required to serve as mentioned in clause 5, of this agreement—

- (a) the Minister will continue to employ her without interruption to her service until such time as she shall have served the period of time mentioned in clause 5 of this agreement and after the expiration of this time her employment will lapse;
- (b) if the Student after employment has been found for her by the Minister as mentioned in clause 5 of this agreement, fails to enter upon her duties as a teacher or leaves the service of the Minister before the expiration of the time for which she is liable or required to serve as mentioned in clause 5 hereof the Student and the Guarantor shall immediately forfeit and pay to the Minister as ascertained damages and not by way of penalty for such breach or failure a sum of money calculated as follows:—

- (d) from the date that the Student becomes the natural mother of a child no further claims shall be made by the Minister for repayment of the weekly amounts mentioned in paragraph (b) of this clause provided that legal evidence of the birth of the child is submitted to the Minister;
- (e) if the period of service required under clause 5 of this agreement is more than three years and the Student marries, the amount of damages due to the Minister shall be calculated on the basis that the service as stipulated in the said clause 5 was three years;
- (f) if at the expiration of the time the Student is liable or required to serve as mentioned in

clause 5 of this agreement, or at the cancellation of her obligations as mentioned in paragraph (d) of this clause, the Student and her Guarantor have defaulted in any of the monthly payments the total money still owing shall be payable immediately in full.

8. The Student agrees to pay such fees as may be determined by the Director-General of Education for membership of Clubs and Societies associated with Teachers' College.

9. That if at the end of the course, in the opinion of the Director of Teacher Training, the Student is not competent to take up an appointment as a teacher, she may be informed that the Minister does not intend to offer her any appointment, whereupon this agreement shall determine and be of no force and effect and the determination of this agreement shall not give rise to any claim for damages, compensation or expenses or otherwise by or in respect to any of the parties thereto.
